But, I do not want to make this mistake on this first occasion I would certainly like to assure you besides congratulating you on my behalf on behalf of every Member on this side that in the interest of Indian Jeme cracy in the interest of policies that the nation has believed in so far and for which we have worked for the last thirty years after independence, we would give you all cooperation May I again say Very well done before please do better in future

धी जगजीवन राम (सासाराम) भध्यक्ष महोदय, यह बडी प्रसन्नता की बात है कि सदन को भाग जैसा मध्यक्ष उपतन्ध हुमा है। जिन लोगो की इस सदन म पहले रहने का सौभाग्य मिला है, उन्होंने देखा है दि किस खबी भौर खुबसूरती ने साथ भागने सदन का बाम चलाया है। जब कभी निसी सदस्य को भापने समय नहीं भी दिया, तो वह भी इस तरह से किया कि उसको कोई तक रीफ न महसूस हो। जिस विसी सदस्य को शायने चुप भी कराया स्तको भापने इसा कर चुप कराया । ये सब ऐसी खविया हैं, जो सब व्यक्तियों में नहीं पाई जाती है यह धाप की विशेषता है।

उस सदन का स्वरूप बदला है । यह पहला श्रवसर है कि सदन में एक विपक्षी दल रस्मी तरीके से प्रवट हुआ है। लोकतन्त्र भी सपलता ने लिए सत्तारुड दल भीर प्रतिपक्ष का होना बहत ही भावश्यक है। मेकिन यह भी भावश्यक है कि उन दोनों का लक्ष्य होना चाहिए जनता का बस्याण, देश का प्रत्यान और देश की शनितशाली थनाना । मैं मानता ह कि इस मार्व मे सत्तारुद दल और प्रतिपदा दोनों मिल कर बावें करेंगे. क्योंकि दोना का लदय एक ही है।

यह कहना मुझे झनावश्यक प्रतीत होता है वि भाग निराश रूप में इस सदन का बार्स भनायेंगे, बयोंकि प्रापने पहले ही यह सिड कर दिवा है कि भाप की कार्यवाही से सदन के सभी दलों को प्रसन्नता और सन्तोष रहा है। में एक दमा फिर मापको बधाई देता हू।

Obituary Reference

'That the Lok Sabba expresses its profound sorrow at the sudden death of the President of India. Shri Fakhruddin Ali Ahmed and pledges itself to promote the high ideals of patriotism, national unity, secularism and the service of humanity which he upheld"

SHRI YASHVANTRAO CHAVAN (Satara) I rise to pay our humble homage to the great son of India, the late President Fakhruddin Ali Ahmed As I said he was a great son of India who participated in the Indian national Independence struggle. He was one of the few men to whom it was given to serve the country before the Independence and even during the post independence period of reconstruction of modern India. He was educated in England As a lawver while he grat tised in Assam and in Calcutta foo Ye never lost his contact with Delhi He had if I can borrow the word of Prof. Rashudin, the simplicity of Assam, he had the ruggedness of the tribals he had the sophistication of the Urdu culture of Delhi.

Sir I had the privilege of knowing him personally for the last more than 15 years. He was asso, lated with my Party from the days of 1931 and as such, when I came in contact with him he was connected with the very leading policy-making organs of our Party lf sou look at him as a man, as a sportsman as a Minuster end lastly as President what stands out is the man Lebind He was religious by nature but he was secular in his convictions and conduct. As a Minister he had held many offices and he had held them with great distinction. He had functioned in this House as a Member of this House I think mary of the old Members know him with what grace he functioned in this House

He participated in the national strug gle and auffered with millions of other citizens of India and he was thus one of the architects of Independence of India As a man, Sir, h- was simple in his natural behaviour. His disaming smile and his graceful and gentle conduct as a President won the hearts of millions of people

17

It is a great tragedy that he is no more amongst us. He was highly respected as a man and as President in whatever country he visited. Only a few days before he died he had visited. Malaysis Unfortunately he came back and he fell seriously sick and died. We consider him as a great Indian a great Congressman and a great President. We shall always remember him as the ideal person and follow in his foof-sters.

Sir, I pay my humble homage to

he stayed at the house of Fakhrud our Saheb and asked Shr: Bardoloi and Fakhruddın Saheh to move a non-confidence motion against the Saadullah Ministry Saadullah Minist y fell and it was Netaji who was sitting there at that time with the help of Fakhruddin Saheh requested Bardolos to set up a Congress Min.stry in Ascam although at that time the Congress High Comroand did not permit it. But as you know Netaji was daring and dashing he did not wait for any remission from the Congress Iligh Command But with the help of Fakbruddin Saheb the first Congress Ministry was set up in Assam and thus with the help of Fakhruddin S beb Assam was saved from a catastrophe the catastro phe of becoming the victim of parts tion Fakhruddin Saheb when he te came the President in his Radio and TV broadcast mentioned in an expres tion of deep feeling that he was init ated into Indian national politice by Netail

I have had many occasions to meet him as a Minister as also as President and even when I went to see him in connection with some official work. he would introduce each and every time some of the ideals and feelings which he derived from Netalia On 25th June 1975 at about 6 p.m I had a half an hour discussion with Fakhruddin Saheh At a very crucial and critical moment how sensitive his mind was was writnessed by me during the discussion I do not want to convey the controvers al content of that discussion now And then the very night I was arrested under MISA. When I was released I had

occasion to meet him and he was so sensitive and so compassionate towards me that he immediately asked h s personal doctor Dr Caroli to take care of my health. Sir I want to say that Fakhruddin Saheh was not only above communatism but he was much more than that he was a true Indian and he ca ried the spirit of Indian nationalism I do not want to use the word in a negative sense not only washe a true Indian a true Indian nationalist but he carried the great heritage of Indian culture. He was a man of high dignity and n man of fine sensitivity and human feeling and that was the characteristic of a man of high dignity and cultural complexion with a deep commitment to Indian nationalism Sir when we pay homage to him, we should re member his dedication to the spirit of Indian nationalism.

two party system

My Government pledges itself to fulfil in every way the mandate given to it by the p-op! Ind ing so It will not take the people for granted or assume that they know nothing, and that the Government alone knows all answers and solutions The traumstic exper ence of the last two years during which many altroubtes were committed on the people and they had to undergo until distillerings and some have even died has brought home the relevance of this

Honourable Members the new Government has taken charge only three days ago. It has not had the time to work out the details of the vanous measures it inlends to adopt This will be done in due course during the year and placed before you. Nevertheless, there are some urgent tasks to be attended to and the Government will take them in hand immed ately.

The most urgent task is to remove the remaining cube on the founds mental freedoms and civil rights of the people to restore the rule of law and the right of free expression to the right of free expression to the control of the right of free expression to the chained in 1971 has been revoked by ree yesterday. The Government will aske take the following measures

(t) Having regard to the gross abuse to which the Mainte nance of Internal Security Act has been put during the fast two years, a thorough review of the Act will be in dertaken with a view to repealing it and examining whether the existing law meed further strengthening to deal with economic officers and security of the country without denying the right of approach to courts.

- (ii) Legislation will be introduced to ensure that no political or social organisation is banned except on adequate grounds and after an independent judicial enquiry
- (iii) The Prevention of Publication of Objectionable Matters Atwill be repealed. Immunity which the Press enjoyed in reporting the proceedings of legislatures will be restored.
- (it) The amendment to the Re presentation of Peoples At which redefined corruptection to electoral effects by certain individuals by pleaning them beyond the scrutiny of the courts will be repealed

During the course of the year comprehensive measure will be placed before you to amend the Constitution to restore the balance between the people and Parliament, Parliament and the Judiciary the Judiciary and the Executive the States and the Celtre the citizen and the Government that the foun ling fathers of our Consti tution had we sed out This will in clude provisions to amend Article 35 to prevent the abuse of the power to declare emergency and of the relevant Articles to ensure that President's Rule is imposed strictly in accordance with the objectives mentioned in the Constitution and not for extraneous purposes

Address by Vice-President

One of the very seticus developments in the recent past was the erosion of the freedom and impartiality of the media of publicity and information, My Government will take steps to restore to the media their due place in a democracy Steps will also be taken to ensure that All India Radio Doordarshan Films Division and other Government media function in a fair and objective manner

Nothing has roused public anger and resentment so much as the manner in which the family planning programme was implemented last year in several parts of the country This bas caused a major set back to the programme which is vital for the welfare of the nation Family plan ning will be pursued vigorously as a wholly voluntary programme and as an integral part of a comprehensive policy covering education health, maternity and child care family welfare women a rights and nutrition

In the economic sphere the Government is pledged to the removal of destitution within a definite timeframe of 10 years Relative neglect of the rural sector has created a dangerous imbalance in the economy leading to migration of people from tural areas to urban centres. The farmer has been denied reasonable and fair price for his products Allocations for agriculture and related developments have been grossly inadequate and the need to improve conditions in the villages has received scarce attention More than a lakh of villages do not even have the most elementary facilities for dranking water My Government will follow an employment oriented strategy in which primacy will be given to the development of agriculture agroindustries small and cottage industries especially in rural areas. High priority will also be given to the provisions of minimum needs in sural areas and to infegrated rural deselopment. To the extent possible at this

point of time, the Fifth Five Year Plan will be reviewed. The planning process will be revitalised and work on the Sixth Five Year Plan will be taken up without delay My Goverament will announce at the time o' the presentation of the final budget later this year the details of the economic programme that is proposed to be followed

I now come to external relations My Government will honour all the commitments made by the previous Government It stands for friendship with all our neighbours and other nations of the world on the basis of equality and reciprocity and will follow a path of genuine non-alignment I am glad to say that my Government will be hosting a meeting of the Nonoligned Co-ordinating Bureau early next month My Government will also give very special attention the atrengthening of ties and economic and technical co-operation with oll developing nations

Honourable Members your present session will be a short one in which you will have to attend to urgent financial business-the Supplementary Demands of the Union and the States under President a Rule and the Vote on Account regarding the General Budget, the Railway Budget and the budgets of States under President's Rule A heavy and busy schedule lies ahead of you in the coming months. There is today a mood of expectancy in the country and I trust that you will co-operate fully in attending to the business that will be placed before you by Government, with thoroughness and expedition. I commend you to your tasks and wish you all sucesa.

MR SPEAKER Normally, while papers are laid on the Table of the House, we do not allow any discussion After all, these are only being placed on the Table Government may or may not proceed with them Since the hop Member wanted to raise it, I had allowed him Now I will allow only Mr Krishna Kant

SHRI JYOTIRMOY BOSU (Diamond Harbour) Are you allowing a discussion right now?

MR SPEAKER No discussion at all. Normally, when papers are laid on the Table of the House there is absolutely no discussion Perhaps, the same point which Mr Kanwar Lal Gupta has raised, is likely to be raised by Mr Krishan Kant also The point has been made to the Minister concerned. What he might say or do is the Government's concern. I would only say this If we start having a discussion now, there will be no end to it We have a very important business to transact Also if I am to permit all the Members and we are to have a discussion now, then it will be

creating a bad precedent. After all one submission has been made If every hon Member begins making submissions it will take the time of the House and it will also be a bad precedent Laying the papers on the Table of the House is just a normal procedure Later on Government may or may not proceed with those Ordinances it is not compulsory just because they are laving them on the Table that they should proceed with them Therefore let us not prolong this (Interruptions) I have no objection but you will be creating a very bad precedent and once a precedent is created next time when somebody else wants to raise something when papers are laid on the Table I cannot say No you connot raise it After all the point has been made The Minister may lay them on the Table now Later on he may ex plain whether he is going to proceed with them or not Therefore may I request the hon Members not to raise en thing now? "(1) A point of order shall relate to the interpretation or enforcement of these rules or such Articles of the Constitution as regulate the business of the House and shall rame a question which is within the commance of the Speaker

(2) A point of order may be raised in relation to the business be fore the House at the moment.

The business before the House is given in the List of Businesa.

Now I would like to invite your stiention to the fact that the Constitution—'ash' Constitution . . . .

MR, SPEAKER Please tell me what is the Point of Order and on which subject.

SHRI HARI VISINU KANATH There is a universally accepted Constitutional legal maxim that this House or for the matter of that any corporate body cannot transact its business without the provision for a quorum in the House Unfortunately, there is a vacuum now

<sup>3</sup> MR. SPEAKER You can raise a point of order on an issue which is being discussed by the House. But here its absolutely nothing

.,

SHRI HARI VISHNU KAMATH
The business cannot be conducted
without the provision for quorum
before the House There is a vacuum
in regard to quorum Please refer

MR. SPEAKER I know that But there is no point of order at all because there is no subject before you

SHRI HARI VISHNU KAMATH Last of Business before the House is a subject

submit that the provisions relating to quorum which were in force before the 42nd Amendment of the Con-tutution are still in force because those provisions of the 42nd Amend ment relating to quorum have not been brought into force by the neces sary rotification.

# MR. SPEAKER This question therefore does not agree

SHRI JYOTIRMOY BOSU (Dia mond Harbour) There have been extensive printing and serial num bering of duplicate ballot papers by the Government Press, Alinur Cal. eutta under the control of a senior IPS officer Shri Panchoo Gopal Mukheriee with a very unclean past record Thousands of such ballot papers have been seized by the Destrict Magistrate and others That is a very important point. The matter has come out in the press widely and extensively. That was done for the purpose of extensive rigging on the day of polling

## VIR. SPEAKER I do not know

SHP; JYOTIRMOY BOSU 1 would like the hon. Low Minster to enlighten this House as to whether the knows a bouq duplifiest ballot papers having been printed and serial-numbered? #### RAILWAY BUDGET, 1977 78

THE MINISTER OF NALLWAYS (PROF MADHU DANDAVATE) IN Speaker Syr I rise to piece before the House the annual financial statement for the annual financial statement for the statement of the statem

four months of the financial year 1977-78 leaving the supplies for the rest of the year to be voted separately later on

#### Fmancial Results of 1975-76

2 I shall first begin with the operating results of 1975-76 the last completed financial year The Budget for the year visualized a surplus of Rs 23 03 crores in the hope that the traffic revival noticed in the preced ing year would gather momentum during 1975 76 The actual trend of materialisation of traffic in 1975-76 was better than what was expected at the time of the Budget and this was reflected in the Revised Estimates for traffic receipts However increased traffic receipts were more than offset by post-budgetary habilities amounting to Rs 152.36 erores arising mainly out of retroactive sanct on of five additional instalments of dearness allowance net result therefore, for 1975 76 at the Revised Estimate stage was a deficit of Rs. 6281 crores against the original budgeted surplus of Rs 23 03 crores The final accounts for the year 1975-76 indicate a of Rs 61 11 crores or an improvement of Rs 1 70 crores over what was expected at the Revised Estimate stage

#### Revised Estimates 1976 77

3 In the Budget Estimates for the current year 1976-77, a surplus of Rs 8 98 crores was expected after taking into account the effect of proposals for adjustment of freight charges in respect of certain speciyear fied commodities The current has been for many years, the best operating year for the Indian Railways This can be seen from fact that during the period from April 1976 upto the end of January, 1977, 13.3 million tonnes more of originating revenue earning traffic have been loaded as compared to the corresponding period of last year This is also about 7 million tonnes more than the loading proportional

to the original Budget Estimate There was vigorous marketing effort. and all the goods traffic that was offered was carried by the Railways, and the outstanding registrations were very low Power Houses Cements Plants and other coal using industries had adequate stocks coal right through As regards port of iron ore the full demands were met Movement of brick burnmg coal and soft coke which showed a decline in the earlier part of the year for lack of demands has nick ed up substantially from the month of December The total originating loading both for the revenue earning and the non revenue traffic com bined is expected to be an all time record exceeding 230 million tonnes

4 Increase in passenger traffic during the current year has been truly phenomenal Against 1,183 million originating suburban passengers and 915 million originating suburban passengers during April-December 1975 the numbers in the corresponding period this year have been 1300 milhon suburban 1.137 million non-suburban, record ind an increase of more than 10 per cent under the former and 24 per cent in respect of the latter increase is the combined effect of check of tacketless travel and round improvement in passenger train operation During the period April-December 1976 96 new nonsuburban trains were introduced and frequency of 5 trains was increased In addition the run of 50 pairs of non-suburban trains has been exten ded The result of these changes has been an increase of over 25 000 tram kliometres per day are given in the booklet circulated with the hudget papers

## Grass Traffic Receipty

5 On the basis of the trend of traffic, the Revised Estimate of Gross Traffic Receipts for 1976 77 has been placed at Rs. 1987 55 crores or an increase of about Rs 32 crores over the Budget

## Working Expenses

- 6 On the working expenses side, I am glad to say that Inspite of merease in traffic over the Budgeted level the Revised Estimates record a net sating of about Rs 3 erores over the Budget as a result of better efficiency and tighter expenditure control The actual saving could have been more but for the mescapable additional expenditure to meet the increased requirement of fuel, lubricants and other materials neces sitated by higher traffic as compared with the Budget Even though the year is expected to close with a lower net expenditure than the sanctioned Budget under all the Revenue Demands taken together, increased allocations will be required under some Demands I am, therefore, approaching the 1fouse Supplementary Demands for Grants where additional expenditure authorisation has been found to be necessarv
  - 7 It is a matter of great satisfaction that the Railways are now expected to close the current financial year with a net surplus of R 35 67 errors as against Rs 6 88 crores surplus anticipated in the Budget When the accounts for the year are finally closed, it is possible that the actuals might even exceed this level of surplus.

#### Plan Outlay for 1976-77

8 The Railways' developmental programme for 1976-77 envisaged a total outlay of Rs 417 81 crores including Rs 10 crores for the Metropolitan Transport Projects and Rs 5 crores to meet the working capital requirement for financing orders Due to overall financial constraints this allocation was less than what the Railway Ministry had projected as its requirement, but all the same by careful planning of the various developmental projects. cluding line capacity works and renewals it has been possible to maintain the plan targets within this allocation, except in the case of new line constructions in the case of new line constructions the Ministry Finance and the Planning Commission were specially requested for an additional aliotment of Rs 3 crores to keep up the progress on certain project oriented lines This additional allocation has been agreed to and is Included in the Supplementary Demands 1976-77 In respect Rolling Stock due mainly to updating of the prices of rolling stock turned out of the Diesel Loco Works, Varaand the Chittaranjan Loco Works, some financial adjustments involving transfer of value from inventories to rolling stock have been found to be necessary resulting increase in the gross expenditure under Demand 15, the net outlay remaining unaffected I am, therefore, approaching the House for additional expenditure authorisation Demands 14 and 15 The details are given in the Supplementary Demands for Grants

## Resumption of Indo-Pak Rail Traffic

9 An important development during the current year is the resumption of Indo-Pak rall traffic Arising out of the joint statement signed by the Foreign Secretaries of India and Pakistan at Islamabad on 14th May 1976 the details for the restoration of rait communications across the Atari-Wagha border were worked out towards the end of June 1976, Rail communications between India and Pakistan were resumed on 22nd July 1976 with the running of a daily express train from Amritsar to Lahore and back However, interchange of freight traffic started only from the 3rd September 1976 By the end of February 1977, more than 17,150 passengers crossed over from India to Pakistan and over 23 000 passengers from Pakistan to India Nearty 900 wagon loads of freight traffic have also been moved to Pakistan from India Goods traffic from Pakistan to India has, however, to pick up

General Improvement In Railuay
Operation

33

10 Before 1 deal with the 1977-78 Budget Estimates, it would be in order to pause and take stock of the general performance of the Railways in the financial year which will end in a few days Noticeable improvement in railway operation commenced from 1975-76 and has been further consolidated in the current year. There has been general appreciation of the unprecedented improvement in railway working I might mention that in almost all spheres of railway working the Railways have excelled the best norms that they had ever achieved before The menace of unauthorised travel agents and anti-social elements indulging in malpractices in seat reservation has been largeeliminated At large stations booking and reservation counters have been increased and the long queues have now been reduced considerably Additional long distance fast trains have been introduced and overcrowding has been reduced substantially not only as a result of additional trains but also by a continued watch on ticketless travellers Cleanliness in trains and at railway stations has improved, substantial improvement has also been made in the railway catering service Punctuality of trains, which was only in the region of about 65 per cent prior to 1975, has registered spectacular improvement Even as compared to 1975-76 the percentage of trains not losing time has recorded an improvement and the average of trains maintaining punctuality is at present well over 90 per cent.

11 Apart from the welcome improvement in the punctuality of passenger train services, the current year also witnessed introduction of a number of super fast long-distance Mail and Express trains to connect important State Capitals and cities Some of these super fast trains, such as the Tamilinadu Express the Jammin Tawa-Bombup Express the Jammin Tawa-Bombup Express and the Gomb Ex-

press have considerably reduced the journey time and have made travel comfortable it has been possible to introduce these trains without any substantial additions to the facilities existing at the various terminal points and also without affecting the growth of the freight traffic, which is essential to the growth of the economy of the country and for the viable working of the Railways 1t has to be mentioned in this connection that many of our important terminals like Delhi Bombay Calcutta and Madraa are now reaching a saturation limit and that additional facilities will have to be planned and provided to cater for inereased passenger traffic

# Railway Contention Committee

12 Due to dissolution of the Fifth Lok Sabha on 18-1-1977, the Convention Committee's recommendations for 1977-78 are not available to Govern-Consequently, the computam-nt tion of dividend to General Revenues as been made on the basis of the recommendations made by the Railway Convention Committee 1973 for the year 1978 77 as approved by Parlia-The appropriation to Depreciation Reserve Fund has been proposed at Rs 140 crores for the year 1977-78 as against Rs 135 crores made during 1976-77 This increase was fully accepted by the Committee in the course of their discussions with the Ministry Their earlier recommendations for relief in certain specifled areas requiring consultation with the converned Ministers etc., are being pursued so that the Railways may obtain some desired financial relief on account of the various social obligations

13 In their recommendations for 1976-77, the Railway Convention Committee had by and large continued the earlier concessions. Additionally, they had also accepted the suggestion that the cost of staff quarters sanctioned for construction during the Fifth Plan period may be allocated to Capitail Instead of the Development Fund.

#### (Prof Madhu Dandavate)

35

the Ro Iways bring liable for payment of discident to General Revenues on such capital only if they are able to meet their other dividend obligations in full A<sub>3</sub> it is expected that the Railways will carn a net surplus during the two years 1976-77 and 1971-78 the dividend payable to General Revenues includes the dividend hability in respect of the cost of staff quarters chargeable to Capital in terms of the Railway Convention Committees recommendation

#### Budget Estimates 1977 73

14 I shall now deal with the Bud get Estimates for 197-78 The Gross Traffic Receipts for the year at the existing level of rates and fares are estimated at Rs 2014 4 crores recording an increase of about Rs 104 forces over the Revued Estimate for the current year The increase in the traffic receipt is based on a cettral ted 6% growth under 'passengers' and an originating revenue-carning freight traffic target of 217 million inner

15 The ordinary working expenses (net) have been placed at Rs. t635.75 crores involving increase of about Rs 874 crores over the Revised Esti mates for the current year higher provision takes into account the effect of annual increments to the staff and full year's effect in 1977-78 of the implementation of Miabhoy Award upgradation of posts and removal of anomalies etc Increased provision has also been made for maintenance of track rolling stock and other equipment apart from addi tional fuel requirement to meet the demands of the higher traffic expected to be moved during 1977-78 as compared with the current year The details of the additional provisions made under various Demands are given in the Explanatory Notes under each Demand in the Demands for

16 As mentioned earlier increased provis on has been made for appropriation to the Depreciation Reserve Fund Appropriation to Pension Fund has also been increased by Rs 5 crores over the current year to meet the externed withdrawal from the Fond for expansion of the result of the current years of the result of the result

#### Financial Results

17 Taking into account the various provisions made in the Budget for 1977 78 as presented to the House the Ital ways are expected to earn a net surplus of Rs 2645 crores, and this sum is proposed to be transferred fully to the Railway Development Fund Thus we hope to earn for the second year in succession, a net surplus after payment of Dividend to General Revenues Despite the net surplus aggregating over Rs. 62 erores accepted to be realised in the two years the Rallways indebtedness to the General Revenues on account of temporary loans obtained for Deve-Jopment Fund and Revenue Reserve Fund expenditure is expected to be of the order of Rs 477 18 crores at the end of 1977 78 It may be recalled that the Budget for 1976-77 envisaged the Rallway indebtedness as on 31 3-1977 to be Rs 491 50 crores According to the Revised Estimates, this figure is expected to be reduced to Rs 46t 99 crores at the end of the current year The balance of Rs 477 18 crores as on 31 3 1978 in terms of the Budget for 1977 78 is a sizable debt and it would be nur endeavour to see that it is contained within reasonable limits if not reduced.

#### Ti e Railu ay Freight Structure Enquiry Committee

18 In spite of the heavy indebted ness of the Railways I am not bringing forward any proposals for increase of freight rates and fares. The present freight structure is largely based on the recommendations made by a High Power Committee appointed in 1955 The Public Accounts Committee (1974-75) have given a recommendation in their 148th Report that the Railways should undertake rationalisation of the tariff Pursuant

to this recommendation the Govern-

ment have decided to appoint a high

## GENERAL BUDGET, 1977-78

THE MINISTER OF FINANCE AND REVENUE AND BANKING (SHRI H M PATEL), Sur, I rise to present the Budget to this august House

The Budget and the demands for grants that are being made available to Honourable Members were prepared on the basis of the directions given by the previous Government I would like to make it clear at the outset that though these have been circulated, they do not reflect our philosophy, policies, and programmes

- 2 There was no time since we sassumed office to recast these estimates and to print the Budget documents, attest. The annual financial statement and the demands for grants repeared earlier will serve the Imitted purpose of fulfilling the Constitutional requirements for taking a Vote on Account before the 31st March. Thre will enable Government to the Thre will enable Government to the fulfilling the first field expenditure during the first field.
  - 3 The Budget for the current financial year presented in March, 1976

envisaged an overall deficit of Rs 328 corres Due to certain increases in expenditure, partly offset by improvement in receipts, the year is expedied to close with a dificit of Rs 425 crores It is not necessary for me to take you over the various details of the budgetary developments during the current year for which the present Government can obviously assume no responsibility.

- 4 According to the Budget as prepared while total receipts are experted to go up during the year 1977-78
  to Rs 14,910 crores as compared with
  the figure of Rs 13759 crores in the
  Revised Estimates for 1976-77, expenditure for the ensuing year is estimated at Rs 15542 crores as against
  the current year's Revised Estimate
  of Rs 14184 crores. This position
  has resulted from an increase in both
  non-Plan and Plan expenditure
- 5 The Central Sector of the Plan for 1977-78 involves an outlay of Rs 5,053 crores and will make a draft on the Central Budget of Rs 4.096 crores This compares with the preceding year a (1978-77) outlay of Rs 4 090 crores and a budgetary support of Rs 3,347 crores at Budget stage Central assistance to States and Union Territories, and for various programmes concerning the Hill and Tribal areas the North Eastern Council and Rural Electrification Corporation as well as the Andhra Six Point Formula amounts to Rs. 1.692 crores according to these estimates for the year 1977-78 The corresponding figure for the current year is Rs 1,412 crores Taking Centre States and Union Territories together the Budget envisages a total Plan outlay for 1977-78 of Rs 9,953 crores as compared with Rs. 7852 crores in the Budget Estimates of 1976-77

## 13.00 hours

6 The net effect of the proposals made in the Budget would be an overall deficit of Rs 1,432 crores. However, the Budget takes credit for special borrowings of the order

Rs 800 crores against drawal of foreign exchange reserves, the assumption being that such borrowing would be non-inflationary as it is covered by increased imports of goods Accordingly the Budget document shows a net deficit of Rs 632 crores

- 7 In the context of the rise in the whole-sale price index of 125 percent that has occurred since March 1976 any deficit financing has to be viewed with concern In order to re verse the rising trend of prices and to wher in a period of reasonable price stability the Government are of the firm view that financing of public expenditure in a manner which would generate inflationary pressures should be eschewed It is our firm resolve to review the Fifth Plan and to revise the Budget Estimates so that they reflect our thinking and priors ties We propose to complete this exercise in time for the regular Budget which will be presented in May 1977
- 8 Meanwhile I have asked my Ministry to request ali Ministries Departments and Public Sector Undertakings under the control of the Central Government not to take up new schemes and not to enter into fresh major commitments till we have completed our review. The possibility of rephasing and re-scheduling continuing schemes would also be explored All Ministries and Departments of Government and Public Sector Agencies will be asked to observe the utmost economy in expenditure keeping in view the present Government's emphasis on austerity and avoidance of all forms of ostentation
- 9 It is the will of the people of India as expressed unequivocally at the Polls, that there is an urgent

need to redirect our conorde polic e and priorities so as to ensure that
e-conomic growth subscrives the objective of speedy eradication of poverty and unemployment and a progressive reduction in inequalities of
income and wealth The House may
rest assured that we shall keep our
faith with the people The task ahead
is formidable but with the willing
support and goodwill of the people
we are confident that we shall achieve our objective

SHRI SHYAMNANDAN MISHRA My submission was that the imposi

tion of President's Rule on Jammu and Kashmir was announced to the

whole world hut the House was not informed about it. That constituted,

in my view, a quesetion of propriety

if you so please also a question of

ferring to the adjournment motion?

about your view in the matter

MR. SPEAKER We have to pass them today. We will have two hours for the railway hudget We will have ample time to discuss the various	(Begusarai) Sir, yesterday you were pleased to observe that you would consider some of the points that we had made yesterday
points on the discussion on the Press dent's Address on the 1st, 2nd and 3rd Further, the general hudget will be	MR SPEAKER Are you referring to something under rule 377?
there in the month of May For the present I would appeal to the Members on both the sides to pass these De- mands by the evening today so that it	SHRI SHYAMNANDAN MISHRA Yesterday I had drawn your attention to a question of propriety as also a

breach of the privilege of the House. You were pleased to observe that you would give some thought to the matter and come to the Itouse today and give your ruling

MR SPEAKER I would suggest that you raise this issue also along with the other points when we dis cuss this subject. Then the Government would be in a position to give the reply

AN HON MEMBER It is a special issue

MR SPEAKER I know it is a special issue 'The question is whether Gov erument is ready to give a reply It is true I said yesterday that I will give my thought to this matter

SHRI SHYAMNANDAN MISHRA But it must be treated separately

SHRI VASANT SATHE (Abola)
The explanation should be laid on the
Table II should not be confused with
the discussion on the adjournment
motion Government must lay the
Preclamation and the reasons for the
same on the Fable Government have
already announced them to the world
outside and not to the House That is
the complaint

SHRI J RAMESHWARA RAO (Mahabuhagar) There is a conveolion that when the House is in accasion if any important announcements are to be made the House should first be informed of them before they are released to the press. That is what my colleague Shri Shyamandam Mishna, is drawing your attention to it has nothing to do with the adyournment motion.

PROF SHIBBAN LAL SAKSENA (Maharojgan) I have given notice of some cut motions

MR. SPEAKER I was dealing with them But in between came this demand Has the Prime Minister anything to say on this point?

THE PRIME MINISTER (SHRI (SHRI MORARII DESAI) It jou want me to say something on this now, I will say it in any case during discussion on the adjournment motion I will have to say why this was done So, I would not refer to that now This was an earlien taken by the Governor of Jammu and Kashmir I have been advised by the Law Ministry Law Ministry, that it has to be ladd before the Assembly and not in Parliament here I am examining it further (interruptions).

SHRI MOHD SHAFI QURESHI (Ananinag) Where is the Assembly' The Prime Minister should know that the Assembly has been dis olved.

SHRI K LAKKAPPA (Tumeur)
How can the Governor dissolve the
Assembly

SHRI MORARJI DESAI May I say that we have been told that i is rot, necessary to lay it on the Table of the House here and that It need be a laid only in the legislature there? (Interruptions)

SHRI K. LAKKAPPA. It is the prost unconstitutional thing that the Prime -Minister is submitting here

SHRI MORARJI DESAI After President's Rule is declared I' will come here and not go before the Legislature This is what I was advised. If the advice is not proper I, will examine it again. If it is wrong I will next amends for I will make amends for I.

MR SPEAKER The Assembly in more there Therefor it cannot be placed before the Assembly The Prime Minister has agreed to set it examined further and make amend it thank it is a very fine gesture shall now go to the next item

SHRI SHYAMNANDAN MISHF<sup>4</sup>
I may point out for the consideration
of the Prime Minister that the

stitution of Jammu and Kashmir also makes it abundantly clear that the proclamation has to be issued with the concurrence of the President of India

MR SPEAKER He says that he will examine it further and make amerds I think Mr Mishra should leave it there

I would now request hon Merriers to move their cut motions

PROF SHIBBAN LAL SAKSENA
What about the cut motions given
not ce of today?

MR SPEAKER Normally you should give the previous day However I will waive the rule and allow you to move the cut motions

MR SPEAKER Shri Henry Aust n Absent Shri S. Kunda

SHRI S KUNDU (Balacore) I r 5" to support the Dudget presented by the Railway Minister I would parti cularly mention here that afte the spell of black rule tha covered the whole of India this Budget and the reliefs which the Railway Minister has given to the workmen should be applauded by all those who really feel for the workmen who are suffering so that our democracy becomes a living democracy He has gone out o hs way to reinstate all the workers who were dismissed during the rallest strike I would like to point out that during the emergency many of the workers were toriured. Many labora leaders who did not support the tlack rule and the black measures of the Congress Government Indira Gunth's Government were purished directly of ind rectly Many of them have been removed have been demoted and many of their benefits have been taken away from them. I rade un ons only on the rallways but all over India were made to subserve a coterie a family not even the Govern ment in power

I would appeal to the Railwif Minister to consider this point because this is a valid point. The hor-Mmister has said that all thort

workers will be reinstated. The bon Members on the other side fully understand that unless they are treated as on duty, it will create a lot of complications I would request that this should be amended in such a way that all those workers who were on strike and were harassed during the emergency, these 19-20 months, by the dictatornal Government should be treated as if they were on duty

I was a Member in the Fourth Lok Sabha I was also a Member of the Railway Convention Committee at that time I was also a Member of the Select Committee in which this thing was also examined Mr Qureshi was then the Deputy Minister I do not see any former Railway Minister here

## (Interruptions)

MR SPEAKER I do not like this eross-examination It should not happen

SHRI S KUNDU We are bappy that the Railway Minister has got a team of dedicated men who served the poor people all these years It is in the fitness of things that the Railway Minister has been given the charge of one of the biggest public sector undertakings not only in India but the whole world and he should make it workers oriented The whole railways, as I have seen them are resembling or perpetuating the monarchical trend All the top officers have the legacy left over by the Maharuas When I see their behaviour, their approach and attitude, I find that it does not fit in with the current needs of the time I am sure Mr Madhu Dandavate will have the cooperation of all those Members who have been now relegated to some back beaches in the House They must also analyse this matter and see how far they can lend their helping hand to Mr Madhu Dondavate Therefore, Mr Speaker, through you, I would appeal to the Rollway Minister to see

that the workers' participation scheme really becomes meaningful How it becomes meaningful is a question of detail and I am not going into it in detail because the time is short I would request the Railway Minister to see all these things

Most of the important recommendations of the Railway Convention Committee and the other Committees have not been accepted by the Railway Administration or there is some delay in accepting them and they give some excuse here or there I would request him that very important and far reaching recommendations of the Railway Convention Committee must also be accepted

Yesterday when the Rulway Minister was making his speech Members from the Opposition side were praising the achievements made by the Railway Board during the past few years I would like to say here that these achievements are entirely due to the hard work of the working class whom some Members in the Opposition call them anti-nationals These people whom you call anti-national worked hard through terror and fear without submitting to the whims of some individuals in the Railway Administration They worked hard for the prosperity of the nation and they kept the wheels of the progress moving There were certain people who were following the black rule Now, we have to decide whether we should give praise to these people or to the people who have been working very hard and kept the progress of the railways moving

I am happy that the hon, Railway Minister Mr Madhu Dandavate has made the position very clear about the rallwaymen who were dismissed or suspended from service during the 1974 strike

They wanted the trade unions to zerve their interests. They did not serve them even. They served some [Shri S Kundu]

23

individuals They were meant to serve only 1 1/2 people in India

I would like to say that during the last 2 months of black rule during Emergency many committees bipartite tripartite have been set up All of them should be abolished lock stock and barrel Most of them have been the protaganists of Emergency way or the other These protago nists of Emergency should not be allowed to remain in the committees We have to serve the people the able Finance Minister said we have faith in our people and we are determined to serve the people We want to show to the entire nation that the Janta Party the Janta Government will serve the people the toiling masses of the country To achieve this end the proteganists of Emergency those people who are anti people those people who want ed the trade unions to serve the interests of only 1 I/2 people in India should not find eny place in these committees

AN HON MEMBER They are the real fascists

SHIRI S KUNDIU I would not say that I see the here of Swiara sating in front of me When I was in faul for I by months while reading the speeches, I was terrified and shocked I ask Whree was the here of Satare? What was be doun? Why his voice is choked up? I do not mean any disrespect to Mr Chavan. I have got all love end respect for him. You all kept your mouths shut I will not cell you the guilty men of India for what happened in the last 20 months I would only say that you did not open your mouth.

There cannot be a better person have the hon Speaker whom I am addressing I remember how nice he has been to me in the Fourth Lok Sabba. He used to ask me "Why don't you put I questions"

He had so much love and fellowfeeking for the Members of the House I cannot find a better person than him as the hon Speaker

Sir my heart is burning inside me to parrate the horrible tortures committed in jail I was confined in a room for two months till the MISA was amended and they put me behind the bars. All of you are witness to the black period of Emergency We have been slaves to the perpetuation of the family rule of 1 1/2 persons You cannot get out of it You have to get out of it The sooner you get out of it the better it will be You better speak out now in the House and say that you admit your faults so that democracy is atrengthened know most of the friends tell outside that they mede mistakes I like them I embrace them re pect them because they are truth ful because they are noncst could not resist. How could they resist? Even the hero of Satara was keeping silent

Now I come to the other point mere as the hero of the trade unan movement Mr Gee ge Pernandes He is the heeder of the trade of trade of the trade of trade of the trade of the

I hope he will remember and will not forget as the perphery of in fluence grows, round the Minister but will adderack the influence of those who let about not forget that Orisis is a Stefe which has been neglected; I represent the poor people of Orisis are are the original property are are are below the powerful management of the poor poor poor property in a stefe which we have the poor poor poor property in a stefe which we have the poor poor poor property in the property

We have been fooled for years and years together Even during this election some sort of an inaugural

Party

ceremony was conducted for laying a line from Banspani to Jakhapura What mockery is this? Even during the earlier Elections a foundation stone was laid by the Prime Minister but it had to be uprooted because the line had become silted with dust and rain-water Now, during this Election again, they have laid some

of these foundation stones 1 hope this line will be completed within a

period of one year

25

Then, there is the Roopsa-Talabund line which is the lifeline of the backward district of Mayurban where Adivasis live This has not been made broadgauge and it has not been connected to the Khargpur-Bombay line This has to be taken up I would like a Master Plan to be drawn up showing what line will get what priority in this backward State and what will be the allocation of resources

Again, though 90 per cent of the South-Eastern Railway lines pass through Orissa the Headquarters is elsewhere I would like the Headquarters also to come to some place in Orissa If this cannot be done immediately, at least a subsidiary office, next to the General Manager's office, should be there on Orissa march shead.

With these words I again thank the Railway Minister and I hope that with our sustained help and the cooperation of everybody, we will march ahead

MR. SPEAKER There is some mistake here, I called /Dr Henry Austin because his name was here Actually, Shri Mohd Shafi Qure-hi ought to have begun, but because of this mistake. I called the other side

I would appeal to the Members to be brief If each Member takes half an hour, we cannot possibly finish this in a couple of hours. There is the General Discussion to follow for which we will take ample time

Now, if any Member sends me a slip, it will be convenient to me if it comes through the Party If individual Members want to speak, I don't know whom to call and whom not to call as I get slips from the Parties also I would therefore request you to send your slips through the Party so that it will be easier for me Shri Austin had sent his slip individually and therefore 1 did not call Shri Mohd Shafi Qureshi 1 would now call him or Shri Pai or anybody who wants to speak on hehalf of the

MR SPEAKER You must send them to me through the Party cannot call individuals I would request both of you not to waste time

SHRIT A PAI (Udipi) Mr Speaker, Sir I would, at the outset, like to place on record the excellent performance of the Indian railways for the last two years As an Indian, I would not like to minimise whatever achievements we have merely because sometimes our attitude is purely partisan, that would demoralise the people who have worked well in this country. The railway organisation cannot be maintained without discipline I am prepared to agree that thanks to the workers who were dedicated and who have worked very well during the last two years, for the first time we bad discipline and, thereby it was shown how our assets could be better utilised in the interest of the country

I am aware that the railway labour movement is not united Every section has got its own leader and this had ereated considerable problems for

[Shr<sub>1</sub> T A Pal] the country For the first time the Government has now a chance as most of the labour leaders are with ther to have a unified labour move mont in the railways and to maintain disc pline. With discipline alone, the railways can survive. The role of the railways is not restricted to passonger traffic or to the movemen of freight in this country. It is an important serned wing of the defence forces I' you must that there should be div cipline in the Army in the haty and in the Air Force I think, you should also insist that there should be disclpline in the railways. Most of our economy depends on how the rail way, function and it is possible that even in a case of national Emergency if ne o the other ving of the rail ways i paralysed there would be a complete breakdown. As a member coming from the Opposition, I would say we are looking at this problem very constructively and we would not likely to come in the way if dis pline could be obtained by persuasion by agreement we are for it. We are not saying that discipline should be enforced. But what we are saying is that without discipline the railways would not be able to function, and we have got to go very much forward I know that the railway organization has become very un wieldy it requires a second look I would very much wish that the powers are decentralised. The Gene ral Managers in all the sections are very important I do not know why we get into this habit even in the matter of adjusting the time table the matter is decided in Delhi and not at the various headquarters I do believe that the General Managors are equally competent because it is from their rank that the beard Members are drawn, I do not know why after coming here their a titude changes. I would very much request the Mirister of Railways to look into the problem of decentralisation in order to make it a very effective organization. It has become too unwields to be run like a business organization. Apart from that there is the hang over of many traditions that the railways are accustomed As a matter of fact there has always been a cry in this country that technocrats should be entrusted with the responsibility and not the general administrators. All the Mem bers of the Railway Board are tech nocrats I do not know whether they function differently because it is the same rules and regulations which govern them also which prevent that from becoming a business organization which it ought to be- I know that the Railways have very competent electrical engineers and telecommunication engineers, but 1 do not think that, even once any one of them has gone to the rank of Railway Board Membership I would request that all these people may be given equal opportunities to occupy top positions. Somehow it is a hangover; when civil engineers are In charge of this, it is likely that they think that additional traffic can be moved only by doubling the line and more emphasis is laid on civil construction I would appeal to the Rail way Minister to consider some of these problems We ourselves would have been compelled to look into them if we were in the Government The administration should not be carried on like this

As I have been saying, the number of railway wagnin that we have is about five lakhs and these cannot be managed only by sitting here through manual operations. All over the world they have computers that would be movement of wagons. It would be merceasing to know where except or wagons are why they are the movement of the world that would be moved to be a supported by the world of the world

Again we found that in the last two years things improved very considerable. We had a very heavy backlog of maintenance and our inventory of the railways was very heavy A committee had been set un to look into the problem of invento ries and I believe that Committee has already made a recommendation do hope that the inventory management in the railways would be taken care of and we would be able to manage and achieve higher targets in mind with less resources

It is known now that the massenger trains have been running nunctually I would like the hon Minister to look into the freight trains also because if that is at the expense of the freight trains and the freight trains come late it would effect the economy a great deal. The major part of thd income of the railways comes from the fre ght and any effort to increase even by 10 per cent the revenues coming from freight without increas ing the f eight charges would be well come because it is a matter of efficient maragement of the freight also

The railways have introduced quick delivery system on extra payment I do not know how far they have been effective in carrying out this quick delivery Very often, I remember we had to refund the money because we could not deliver in time I would very much like that the rallways introduce quicker trains for movement of fruit, vegetables and parishables on that the prices of these things come down That would be possible by free movement of these commodities

So far at new additional railway lines are concerned there has been heavy capital expenditure over these years I would very much like that the bon Minister who has now given an assurance also to see that the Konhon railway is taken card of should not stop at Ratnagiri the logical conclusion is that it must go right upto to Mangalore The survey is already over and the report must be

in his hands in a few days. I would expect him to take up that work from both ends That is the only missing link of the railways in the man of India I hope it would not be considered parochiat for him to do it

Ultimately with regard to the question of fixing up the freight outlook is necessary In the case of new railways for example, it is not necessary to follow the same method of fixing up the freight or passenger fares It must be slightly less than the alternative that is only available if the railways are not there would also like the Railway Minister to examine whether their standard of opening up rails av stations in various places and the capital expenditure that would be incurred in order to arrive at what it would cost cannot be reviewed and we have ab olutely new standards where aus ents is attempted and though maximum comforts are not assured in the beginn ing you go on adding those to the railway station as and when the traffic develops. I think it would be possible to look into this in this way otherwise it would be impossible to extent railways because you can always prove that a new railway line ls uneconomical. I would tery much like that this is some into also

The entire administration of the railways requires to be looked into to make it a very powerful organization Fun on business principles

I would also like to point out that as a result of some Committee of the Parhament one recommendation Wax made that one could reserve a railway ticket one year in advance I think, it is an absurd proposition 1 would request the hon Minister to look into this and set that right. I am appealing in the interest of the travelling public. Whatever irritations are there those have to beremoved

[Shrl T A Pai]

In the end I would like to say that the truditions of discipline better labour relations having one union etc are attempted now also They are no more leaders now they are all in the Government They would not have unions now for the seke of their leadership. There should be only union Even the leutenests may be asked to jon together and have one union in the interest of the nation and the railweys.

SHRI SAMAR MUKHERAEE (Howrah) Mr Spewker, Sir Though the budget presented here has been prepared by the outlook expressed by the new Minister is welcome I am not Roung into the contents of the budget presented, that I will do in future when the occasium arises.

The declaration of taking back all the victimised workers involved in 1974 All Indie Rallway Strike hes been hailed by ell the Railwaymen outside But I would like to draw the estention of the Minister thet the altuation inside the Railways in regerd to the employees is so bad, is so serious that it requires careful attention of the Minister I may drew his attention to a telegram which has been received by me only last evening from the President Chittranian Locomotive Labour Union. There all the thirteen top labour union leaders are still under detention under MISA even today They have been under detention for the last more than 20 months Repeatedly, I have been representing their case to Shri Mohd. Shafi Quresh former Railway Minister, to the Consultative Committee, to the Railway Board, to the State Government, but because of sheer vengeance based on political motive these leaders have been kept under detention and reign of terror is raging in Chitteanjan. This township is called a prison \*Township

Not only this that the leaders have been kept under delention, but a large number of leaders were also arrested under DIR and a large number of false cases have been instituted against them. All this requires your immediate intervention

These leaders commond respect in their area They are the persons who had been selected in the school committees in the co-operatives and elsewhere They ere the real representatives of the people That is the reson why at the Instance of the local Conferes leaders they have been kept under detention and a reign of terror is raging there.

The victimization has not been limited almply to 1974 General Relivery Strike During emergency more than 2000 Railwaymen have been dismired from service They have been pensised in the form of penal tracters, in the form of pend tracters, in the form of computory relitement etc. Verrous methods heve been papiral to take away the Trade Union rights are the way the right have been taken eway is clear from one of the Circulers which I am reading Circular No Bip 694ip has been received by me

South Central Railway Division Office Personnel Branch Vilayawada 11-76

Sub Unrecognised Unions/Categorical councils conducting of meetings in the Railway Premises

It has come to the notice of this office that unrecognised, categorical councils are conducting meetings, collecting membership and pasting banners within the Reliway premises All India Guards council is one of such unrecognised unions.

Conducting meetings within the Railway premises pasting banners on the Railway Buildings by the unrecognised unions tentamounts to an act of serious misconduct All supervisory officials are hereby instructed not to allow all such things in the Railway premises.

Even for collection of Union Membership Fee in Waltair one leader of the Union has been dismissed from service

Shri T A Pai talking about discipline This is what has been the outlook of discipline of bureaucrats They know only one form of discipline (Interruptions)

MR SPEAKER I request hon. Members not to come to the Chair and disturb me while I am listening to the Member who is speaking I would like to discourage such a thing so that Members may not disturb me when I am following the proceedings of the House If they begin coming here and disturb me that means I will not follow the proceedings at all I would appeal to them-I am not having in my mind anybody particularly but I am speaking generallynot to disturb me when I am following the proceedings of the House They can always send me chits So as a matter of principle I request them that they need not come here and disturb me instead they can send slips to me

SHRI VASANT SATHE From this side you will not base any complaint

MR SPEAKER I am appealing to the whole House

SHRI SAMAR MUKHERJEE Mr Speaker Sir I would appeal to the hon. Minister that all those who had been victimised due to the bureau cratic behaviour by the Administration must get justice All their cases must be reviewed They should be taken back. Mr T A Pai just now told us about discipline. The former 120 18—2

ruling party has only one outlook about discipline They force them to go out of employment They force them to face starvation. They force them to go out of jobs By terrifying them you do all sorts of things This is what is being done by the employers in the factories in the case of the industrial workers. The employees are forced to give out double or treble workload and the employers are coming with the democles sword of discubing banging over the heads these employees If the workers resist something it is said that there is no discipline If the Union leaders organise the workers in protest the cry is that they are creating chaos There are two types of discipline conscious discipline and bureaucratic discipline Conscious discipline is far more superior than the bureaucratic discipline I can give you one example You know the role of the American Army and the People's Liberation Army in South Vietnam It is the superior discipline and the conscious discipline that won ultimately American army had only bureaucratic discipline When the liberation struggle was on the point of success on South Vietnam, you have read in the neuspapers how the American forces behaved, how out of panie they and each other to fice away how they were degenerated All these have been proved So I would emphatically say that it is only conscious dis cloline that will help the Railway Administration to improve its functioning as quickly as possible

That is why an entirely new outlook is necessary in this matter

This new outlook must pervade the entire administration as a whole including the Railway Board. This is very essential. Of course I do agree that it takes time

We are prepared to give full time to the new Railway Minister for a thorough overhaul of the administration of the railways provided of 35

course he seeks the full cooperation of the workers/railway employees for the efficient working of the Railway Administration.

There are one or two cases to which I would like to draw his attention One was regarding the agreement which was arrived at with the All India Loco Running Staff Association by the Railways in the year 1973 There was a categorical assurance given to them that ten hours duty would be introduced throughout the Railways by 31st December, 1976 But that has not yet been implemented This is a grievance which is still there among the Loco Running staff I would urge on the Railway Munister to take up this issue and talk with the leaders of the Loco Running Staff Association and to sea how this agreement can be implemented as early as

Regarding the punishment or victimisation of staff. I hope the new Minister will pay special attention to this and do the needful in the matter

With these few remarks I welcome the Budget speech of the bon. Railway Minister and I support the same.

DR. SUBRAMANIAM SWAMY (Smohay Mort act) in Speaker, Sir I would have preferred to listen to all the offset preferred to the former distribution of the

Now one of the things that has been constantly said about is that the Rallway Budget is a surplus one this is an indication of the efficiency, an Indication of the discipline that has been brought about to Railways

Of course, they also claim that for the first time since the declaration of emergency, the trains were made to run on time, just as the rains were brought on time, the trains were also made to run on time In other words, the trains were not on time earlier on But the fact of the matter is this This surplus was not due to efficiency alone One has also to examine the Ex planatory Memorandum to find out why it has become a clear surplus This bas been achieved because of the steep rise in fares that took place in the year just before the emergency through the Supplementary Budget for Railways which was brought in cidentally because the Government spent Rs 1500 crores as a national loss in order to crush the railway strike In order to deny the workers who had asked for the bonus which would have amounted to only Rs 40 crores.

In other words this Government would rather have a national loss of Rs 1500 crores than give the workers the bonus of Rs 40 crores

The passenger earning which bas been realised through the steep rise in the fares In what direction? If you again look at the statistics you will find that the upper classes have contributed only to a ten per cent it crease in the earnings whereas the second-class\_lower class\_passenge earnings have contributed to a twentyfive per cent increase in the earnings In other words the rate of increase in the earnings has fallen much more in the upper class obviously because in the upper class, people like Shri Sathe and others travel and they do not pay anything at all. (Interruptions)

The second factor is this Lock at the performance of the railways in the matter of freight that has been moved during the last one year They had targeted a figure of 220 million tonnes of freight lost year in the budget whereas they had moved 260 million tonnes of freight Is this something to be proud of? Actually, in 1985-96, the railways had moved the freight of 212 million metric tonnes—this is a glorous decade of these ten years—and all these people did the bhajan songs when Mrs Gandhi was in power I do not know whether they still go to her residence or not The question is at the time when the emergency was there they talked about this glorous decade in the second of the

## 12 00 hrs

Has this glorious decade reflected on the Railways? Obviously not Sir you have to look at the figures In 1965 66 the amount of freight which was moved by the Indian railways was 212 million metric tonnes Now, it has come down to 206 million metric tonnes This itself is a clear Indication of what they have done to the railways Again the freight earnings-where the Government should obtain more earnmes-over the last year have gone down by Rs 33 crores How have the freight earnings gone down! It is because of the concessions that have been given during the Emergency to the chosen few who managed to go and meet the one and a half person at 1 Safdarjang Road

Sir if you again look at the Explanatory Memorandum the wagon production which was 33 000 per year in 1865 has now come down to 1800 I would like to know why has this happened? The production of wagons has gone down tremendously now it is only one-third of the production in 1865 66 Sir I would like to refer to page 23 of the Explanatory Memorandum where you find a table showing 'new works I would like to know have any new works been started during the last year? Sir, you will find from the table that

hardly any new work has been started In fact old works are continuing and that too are incompletely done

Sir I would like to draw the attention of the hon Railway Minister to Chembur Mankhurd line that had to be doubled Big promises had been given for doubling this line In 1971 the estimated amount of expenditure on doubling of this three and a half kilo metre line was Rs 20 crores They kept on delaying this project Now, the estimated expenditure supposed to Rs 50 crores Sir, you will be amused to find that they have only targeted Rs 7 lakhs for this purpose this year I would like to know why the poor people of Chembur-Mankhurd have to move on a single line and suffer long delays

Sir I would also like to add that there has been an increase in corruption in the railways I am sure the present Railways I am sure the present Railways Minister who has got a brilliant reputation in the constituency—people there praise him very affectionately because of the work done by him consistently—will look into the causes of corruption Sir just before the Emergency I had written a letter to Shri Kamlapati Tripath, bringing to his notice that the Minister of State for Railways had tred through extortion to get money from Stall Bolders Association

SHRI K LAKKAPPA Mr Speaker Sir, it is not fair on the part of the hon Member

MR SPEAKER Mr Lakkappa I am on my legs Mr Quresh will have a chance to reply to it He will have a chance to defend himself I think Mr Qureshi is capable enough to defend himself

DR SUBRAMANIAM SWAMY Sur, I was talking about a letter which I had written to Shri Kamlapati Tripathi in May 1975 saying from the Stati Holders Association there was no attempt to obtain money through extortion Sir I have tape-recorded

# [Dr Subramaniam Swamy]

evidence with me and the hon Minister may give me on opportunity to present the same I would like to know from the present Rallway Minister as to whether this letter Is atill on the file If it is not there I will send another copy of the same and again give an opportunity to the Government to bring this matter up

Now Sir, I would request the Rallway Minister

### (Interruptions)

MR SPEAKER No, no, Mr Lakkappa He is capable of defending himself He is here in the House

SHRI K LAKKAPPA He is making unfounded allegations

MR. SPEAKER If it is unfounded, he can answer it how How to you know anything about it, founded or unwounded? You do not know anything

## (Interruptions)

MR. SPEAKER No, Mr Lakkappa, I won't allow this He is here He will reply Why should you be excited?

DR. SUBBAMANIAM SWAMY: 1 would jike to conclude by asking the Railway Munister an assurance that as for as the Chembur-Mankhurd line spect, the amount that has to be speat to immediately get the line doubled, he would do so Secondly, the property of the property of the second that the second was also be supported by the second that the second property of the second property of the second property of the second property of the second property system in Bombay port system in Bombay

SHRIMATI PARVATHI KRISHNAN We have got a convention in this We have got a convention in this House that normally we should not interrupt those who are making maiden speeches So I would request every-body not to interrupt maiden speeches even if they are 'aumaiden'

MR SPEAKER In this particular case there is no allegation at all. He was referring to a letter which he had written and Mr Qureshi is there immediately to reply I would very much appreciate if Mrs Parvathi Krishnans suggestion is taken by the Members But she also must control berself.

मुझे यकीन है कि कुड़ साहन फिर ऐसा नहीं कहेंने क्योंकि यह मकसद था कि जनता को सफर की सुविधा दी जाय।

मुझे धफसोस है कि श्री स्वामी ने मेरे खिलाफ कुछ बाजेंब लगाये । मैं बाजेंब लगाने का भादी नहीं है, जात पर हमला नहीं करता। बाग वह हिन्दस्तान म होते और देखते कि रेलवे ने कैसा काम किया है। मैं वेसलैस एलीगेशन्स नही लगाता, लेकिन जो वात उन्होंने कही है, यहा नये रेल मली जी मौजूद हैं अगर वह एवं केस भी सावित कर दें जहा पर किसी किस्म की गड़बड़ हो तो इस्तीका मैं दे दुगा, भौर भगर नहीं सावित बर पाते तो वह इस्तीका दे दें। भीर धगर नाबित मही कर सकते तो फिर उन पर धखलाकी बात हो जाती है कि वह इस सदन को छोड दें, क्योंकि इस सदन की फूछ मर्यादा है उस की न विगार्डे । हम धापके क्षेत्रिल पर नही धाला चाहते हैं बल्कि एक ऊचा लेविल रखना चाहते हैं। धमी आप की सरकार आयी है, जनता ने भाषको मौका दिया है इसलिये जनता के साय विश्वासधात न कीजिये । जिस तरह से याप बातें करते हैं यह बाप को शोभा

माल की लीड बढ़ गई है, कारखाने बढ़ गए है, खानें दूर दुर तक खुली हुई हैं। तो सीड बडनें र्या वजह से भी भामदनी बड़ी है **!** यह सही वात है कि पहले गडस देंफिक से ज्यादा ग्रामदनी होती थी। लेकिन यह कहना कि सिर्फ़ किराए बहने वी बजह से घामदनी बड़ी है, यह मही नहों है। एक ग्रदाजा है कि पहले 50 लाख लाग बगैर टिक्ट सफर करते थे, चेन प्रतिग श्रीर इंडिमिप्सिन से नाफी नुक्सान होता या । लेकिन ग्राज हम फ"ब ने साथ नह सक्ते हैं वि भारत भी रेलवे दनिया भी सबसे एफीमियेंट रेलवे मानी जानी है क्योंकि टिक्टलैस दैविल नम हो चुना है, गाडिया वन्त पर चलती हैं. ग्रानी हैं. हालावि कोशिश की गई कि बाडियो वा बस्त पर म र लते दिया जाय । मले पत्तीन है दि तमें रेल मबी जी ले उर के हक में काफी बात करते है इसलिए यह इस बात का ध्यान रखेंगे कि हमारे रेलवे सिस्टम से धनशामन कायम रहे। धौर जहा तक बिसिप्लिन का साल्युक है वह उपर से नही थीपा जा सकता है, देश मे रेलवे सिस्टम कभी सर्वेलर या भाईर से नहीं चल सकता है, यह तभी चल सनता है कि जब 17 लाख ब्रादमी मिलजूल कर काम कर, रेलवे बीई से लेकर मजदर तक ।

> स्पीतर साहव मैं यह भी ग्रातं करना भाउता है कि एक ग्राम ब्याल यह पाया जाता है कि हडताल के दिनों में हमारे वक्त में मजहरी में साथ ज्यादती हुई । लेकिन यह हुनीकत है कि हडनाल के बाद जब हमने चाहा कि एक नया माहील पैदाहा तो दुछ चन्द सोगो ना छोड कर औ 200 400 500 होगें जिनके खिलाफ फीजदारी के मृतदमें हैं, बारी सब मुलाजिमों को बापम लिया गया । मुझे तो खुजी है, धगर रेल मत्री समझने है कि तमाम लोगा को बापस लेना चाहिये। लेक्नि में यह जरूर कह सक्छा हू कि ऐसा नभी नहीं हा मनता, ऐसे भी लोग हैं जिन्होंन रेलवे के डिमिप्लिन की तदा, प्रीर दर्वाद

करने की कोशिय की हैं। इसे रेल मत्री जाने कि इसमे वे नगा कुछ करना चाहते हैं।

मैं एक बात ग्रीर जरूर याद दिलाना चाहुगा । जिस समय रेलवे कमैचारियो ने श्रपने मुतालवे हमारे सामने पेश क्रिये, तो 500 करोड स्पय का एनुम्रल वैज दिल था। यह पे-कमीशन के बाद 110 करोड़ रुपये ही गया। हुकूमत ने इसको तसलीम किया। जो ग्रह ग्रे-क्सीशन के नये सिफारिशान थे. उनको दसलीम विया गया । सवसं आफ वर्र जी पहले 19 घटे थे. उसके बारे में मांग हुई कि उनको कम किया जाये । हमारी मरकार ना मिया भाई सवाई था जिसमे 14 घटे का घवाई था, उमने मुताबिक विकास वर्त कम क्यिंगर। 3 लाख के बरी इ में ⊲र ऐंगे हैं ज। कि सभी तक परमा रेन्ट नहीं हुई है, से किन डी-बैरयलाइजेशन की स्क्षीम हमारे वस्त मे बली भीर उस पर 16 करोड रुपये हरूमन ने खर्च तिये । इसी तरह से बुछ वर्गगाप्त मे भीर लोजोगैइस वर्गरह से जो इस्प्रवसेश्स निये गये उसमें 5 करोड़ हरवे खर्च किया गया। जाश-इर्वेल्युएशन पर 15 क्रोड रुपये खर्च विया गया, भाडर रिव्यू पर साई 12 मरीड रपये क्षर्च तिये गद । इस तरह से टोडल 190 करोड रुपये खर्च किया है।

जहा तक नये रेल मन्त्री का तालुक हैं, ये लेकर ने हक में वहत बातें करते रहे हैं भीर मुझे यकीन है कि मन्त्री बनने के बाद भी वे भपनी वही खबान इस्तेमाल करेंगे जो कि भाज से 2 साल पहले करते में ! उन्हीं की जवान में में कहता हूं कि तमाम रेलवे मुली विमों को इन्डिस्टियल दर्कर उसलीम करना चाहिय । इसके नारे म मैं माप जवाब रेलवें मन्त्री से यहा चाहूगा, बराति धाब देश <sup>के</sup> हजारी, करोटों मजदूर उनकी तरफ देख रहे हैं। मैं यहा पाच बार्ने कहना चाहना हू जिनका कि ऐलान इनी हाउस में मन्त्री महोदय की करना हाला। एक तो यह कि काम करने 10 घट के जो घटे ŧ, बह

से घटा नर 8 घटे कर दिया जाउँगा । हक वजानित यह विल्कुल सही माग है, इसकी ससलीम वरना चाहिये।

जाव इवैल्युएशन करना भाहिये भीर उससे नीड-बेस्ड मिनिसले केल हो।

SHRI JYOTIRMOY BOSU (Damond Harbour) On a point of order I should like to know whether he is making use of his former position because this gentleman had been in the Railway Ministry (Interrup troms)

MR SPEAKER. Point of disorder,

you can say

SHRI S KUNDU In this House we should stop shedding crocodile tears.

MR SPEAKER Is that a point of order?

SHRI MOHD SHAFI QURESHI Until job evaluation is done as an interim measure there should be parity in wages for workers in central undertakings like HMT, HAL etc., there should also be dearness allowance revision for every rise of four points in six months, bonus for the year 1971-72 1972-73 and further years, decasualisation of the entire casual labour I have heard very forceful demands when those gentlemen were sitting in the opposition that we must provide subsidised foodgrain shops for railway workers. This is a demand to which they are committed. So they should provide subsidised foodgrains shops at every zonal divisional and other headquarters (Interruptions) ये बाते मैं ने मिनिस्टर साहब की याददाश्त ताजा करने के लिए कही हैं।

SHRI M KALYANASUNDARAM (Tiruchirapalli) Mr Speaker I have a point of order We are not able to listen to the translation of the speech being made hy the hon Member because the sound is so feeble Secondly, when the discussion is going on in Hindi we from the South are not able to follow the translation because hy the time we are able to hear the sentence translated into English, we miss the context of the previous centence Mr Qureshi knows English and I do not know why he does not speak in English so that we, from the South, could follow him

MR SPEAKER. I will ask the Secretariat to look into this matter.

प्रो० शिव्यत्र लाल सम्सेनः (महाराज-गज) अध्यक्ष महोदय, मुझ से सन् 1955 से स्वर्गीय लाला पद्मपत सिहानिया ने यह कहा था कि रेलवे में 1 हजार कराड से अपर इन्बेस्टमेट है, बगर यह चीज प्राइवेट सेक्टर में होती तो हम 25 प्रतिशत मुनाफा इस मे देते और सारी पैसेंजर ए रेनिटीज भी मुहैया करते, लेक्नि रेसवे बोर्ड न यह व्हाइट एली-फैट बाध रखा है जिसकी बजह से इडिसिब्लिन भी है और सरकार को कोई विशेष मुनाफा भी नहीं मिलता 1 मैं भी सरकार से यह बहुगा कि इतना लम्बा इन्वस्टमेट होने पर भी हमारी रेलवेंज का फायदा इतना कम हो यह ठीक नहीं है। मैं चाहुगा कि हमारे नये मली महोदय इस चीज को देखें कि इतने इन्बेस्टमेट पर जितना मुनाका होना चाहिये वह मिल और जनता को ज्यादा सुविधाए भी मिलें। रेलवे में जहा एकोनोमी की जर रत है वहा एकोनोमी की जाय । मत्री महोदय इस चीज को भी देखें जहा सपसर ज्यादा हो वहा उन को घटा है। जो भी वेस्ट है उस को खत्म कर हें भीर एक भास्टरटी नैस्पेन चलाए जिससे रेलवें ने एस्टेटिलशभट में सुधार हो भौर काम ठीव तरह से चले । इतने साल हो गय लेकिन कभी भी ऐसा नहीं हुन्ना कि रेलवे से उतना मुनाफा ही हुआ जिनना कि होना चाहिये ?

दूसरी बाद मैं गोरखपुर की कहना चाहता ह । उन्होंने कहा है कि वैक्वर्ड एरियाज म नई रैलवे लाइनें बनाएगे। गोरखपु का एरिया नेपाल ने बोर्डर पर है और सब से वैकवर्ड है। मैं कई सालो से वह रहा ह कि एक रेलव लाइन गोरखपूर से खटहा महाराज-गज निचलील होते हुए ठुठीवारी तक बनायी जाय जिस से यह एरिया डेवलप हो सके। यह 1200 स्ववायर माइल वा एरिया ऐसा है जिस में कोई रेलवे लाइन नहीं है भीर दूसरे मिलिट्री के स्ट्रेटि क प्लाइट भाफ व्यू से भी इस की बहुत जरूरत है। माज चीन की रेलवे लाइन सब हिमालयन पासेज तक था गई है भौर काठम डूतक जनकी सडक बन गई है। कभी भी उन की फौज हमारे कड़ी पर सीधे था सकती है। भीर हमारी फोर्संस छगर गोरखपुर मे रहती भी हैं तो भी उन के लिये पासिबिल नहीं है कि वे वह बोर्डर तक पट्टच सके। इसलिये इस रेलवे लाइन को खास तौर से लिया जाय और इसे बनाया जाय यह वैकवडे एरिया भी है श्रीर स्ट्रेटेजिक प्वाइट भाफ व्यु से भी इस की जरूरत है। मैं चाहपा कि मली महोदय इस के अपर ध्यान दे भौर इस रेलवे लाइन को बनाने की व्यवस्था वरे। र

धामी न राजन के बारे में नहा गया धीर श्री स्वामी न एक एक भी हम के बारे म पत्र 1 भूक की भी बहुव जिकाशन द्वा बारे में है 1 मैं यह नहीं जानना नि हु रैसी साहब ने ऐसा हुछ क्या है या नहीं लेलिन एक बात में अफन में भागा चाहता है। गाड़ियाबाट जनस्य का एक नाईक्टर है जिस को सीन घीचाई रेसवें स्टेशन भी केटीएंग का ठेसा रे राया है। बीसी साल से पट्टेंग उस के साम चना था रहा है। गहायुरीन जस का नाम है। बहु धम्मरों भी रुपार दे कर मिलाये रहाता है। पुरारे एक माहे क्यों क्यांत्र ना नाम (प्रा० शिव्यन लाल सक्येना)

मिश्रं जिल्लो सहस करना चाहते में । लेलिन वह मर गये भीर उ.के मरने ने बाद श्रक्तारों से मिल कर किर यह सारा ठेका उस ने प्रयंत्र नाम जारी रथा। मैं चाहुगा कि इस कट्टेंबटर की जान की जास भीर मार यह ने तहे के प्रस्तार की मिलाए हुए हैं तो इस बात की भी जान की जान मौर इस के अगर सक्त नामबाही की जाय। इस काड़ेस्ट की श्रद्ध स्कार अप । इस काड़ेस्ट

इन्हीं करते के साथ मैं बचनी बात समाप्त करता हूं। मेरा खास प्वाइट उस रेलवे साइन का या जिस का मैं न टिक दिया। बाकी मेरे कट मोकस स्माट है। उन्हें दृहराकर मैं सइन का समय नहीं सेना चाहता ।

MOHANARANGAM R. Mr Speaker (Chengalpattu) first of all. I thank you for giving me an opportunity to express some of my feelings on the railway hudget for 1977-78 Even though 1 am in a position to express my ideas in Tamil or in Telugu I am speaking in English for the simple reason that what I say must be understood by other hon. members here. Before dealing with the various merits and dements the budget I would like to congratulate the hon. Railway Minister on behalf of the All India ADMK and on behalf of our great leader and unerowned political king of Tamil Nadu Mr MGR, for the bold aten he has taken to remetate all the railway employees who were either suspended or dismissed during the 1974 general strike I also thank our minister on behalf of our party on having taken a very bold step by not increasing the freight rates and passenger fores.

After having gone through the railway budget Sir in certain places still 1 stand unconvinced.

The hon, Railway Minister has said that unauthorised travel agents and

anti-social elements indulging in malpractices in seat reservations have been largely eliminated But if you allow me Mr Speaker, to take the Minister to Madras I can show him the unauthorised ticket agents standing in the queue for purchase of tickets and then giving it to the actual passengers on some premium. He has also said that long queues have been considerably reduced. But if you come to Madras Egmore station, which is the heart of the Madras city, you can find the passengers after getting down from the train it will take at least half an hour for them to come out of the station. The Egmore station was constructed some 35 years back but there is no proper overbridge for the passengers to come out of the station An overhridge should be constructed

56

The Railway employees still continue to he the lowest paid employees as compared to the other public sector employees. The demand of the employees that their wages should be stored that their wages should be considered sympathetically. So many representations have heen made in this regard but no steps have heen taken uptill now.

I would like to draw the attention of the Railway Minuster to a menor-random given by the people of Chen construct a questing the standard great and the standard at Chandlend to construct that overbridge to construct that overbridge to construct that overbridge that particular area is very near to National Highways There is an important road—GST road—which Issaf to the entire important towns of Tamal Nadu wand Kerala States

In advanced countrie the Railways are treafed as public utility service and not as a source of profit. But here the Railways are treated as a source of tax revenue. The railway work is done only in urbun areas and not in rural areas. This lea is to shifting of pepu lation from rural areas to urban areas. Under the 20-Pcint Programme it was said that bonded labour had been completely chimina ed But it you see the Railways vou. will fine that bonded abour 13 still existing these. I can quote certain intrances The Railway officers employ ecrtain rill-way employees as cooks and butters for themselves who work us honded labour

Coming to uniforms once I asked a Ticket Inspector as to why he 's not wearing the uniform. He told me that the uniform supplied to him is of '2' whereas his cheek' is 42 and that is the reason why he s not wearing at A uniform meant 'or cur Rei way Minis ter will not suit our friend. Shri Piloo Mody.

Every Year we purchase stores to the time of Rs 300 crores Some are big items and some are small items and some are in ported. They purchase stores more than the actual requirement. It is my humble request to the Railway lin ser to reduce the a mount from Rs. 500 crores to 100 or 200 crores.

Now about the loading of wagons. The merchants have an understanding with the railway officials and they load the wagons teyond their especial tes. In addition to our not getting additional income we also see that the unscrupulous Officers and merchanis join together and deprive furds due to the Railways.

Finally I would request the hom. Railway Minister through the Speaker to take necessary steps to ensuring proper administration in the Railways Then only ean we have good relations between the railways and its employees

करता हु कि धर्मी उन का दो-तीन दिन ही इस गदी पर गैंडे हुए हैं, रेलवे की जो मन्धिया हैं उनके वे ग्रमी समझ नहीं सके हैं। कल उन्होंने जो रेलवे बजट प्रस्तृत किया है, वह एक तरह से मापीशियन बजट हैं या पहने जो सरकार थी, उस का बनाया हम्रा है, इन की छाप मनी उम पर नहीं पड़ी है। चूकि यह बोट धान-एकाउन्ट है, इसलिये वे मपनी वाता की इस में ठीक में नहीं रख सके हैं, इसलिये इस मीने पर में घरनी रोई डिमाण्ड पेश नहीं करना अब रेलवे बजट पर भविष्य में जनरल डिस्क्शन होगा, तब मैं घरनी वार्ने उन के सामने रखगा, लेकिन कुछ छोटी-छोटी बातें है, जिन की त्तरफ में इस समन उन का ध्यान बार्कावत करना चाहना ह । विशेषकर पैसेन्जर्म वी मुविदामी केबारे में कुछ कहना चाह्या है।

मुने बड़े खेद के साथ कहना पडता है हिं जब भी इस हाउस में रेलवे पर बहुस होती है, तब क्वल दो ही चीवें सामन पाती है-एम्पनावर धीर एम्पनाइव रिलंशन, सेवर रिलंगन, वेक्नि पैसेन्यर-एमेनिटीय का मामना पीछे चना जाता है, उस पर ध्यान कम जाता है। दरअसन रेलवेड का मामला केवल एम्प्रतायर और एम्प्रलाइव से ही सम्बन्ध नहीं रखना है--बिल इस का पैसेन्त्रजं से ज्यादा सम्बन्ध है-पैमेग्बर्म की हम क्या मुविधावें दे सक्ते हैं, वैसे ठीक समय पर उन को उनके मन्त्रस्य स्थान पर पहुंचा सकते हैं, कैसे उन का मान ठीक समय पर पहुच सरता है-यह बात मुख्य होनी चाहिये । लेकिन मुख्य बात गोल हो जानी है और गौग वान मुख्य बन कर ज्यर था जाती है। भाग छोटी छोटी बानों को देखिये जि र में साप का खर्ष नहीं बड़ेगा घोर वजट में कोई वड़ोनरी नहीं होगी नेविन उन बादों को करने से मुनारिसी को बहुत पायदा होगा ।

एमोन रोह्स नो ही भ्राप से सीतिया।
वे बहुत तिमयनेटेट हैं धोर उन की बमी मरफत नहीं होगी है। थोड़ी सी टिजॉरन कर दी जाती है। नहींद्रा यह होता है कि प्रमाद कोर्स मम्बती स्त्री टापे पर या टमटम पर जाती है तो खराव तस्क होने से उस का ममें गिर जाता है। जो सेन्स्र से रेक्स को को प्रमाद पैसादें हैं उन्हों को जादा तकसीफ होगी है। उन की साने जाने को मुख्या नहीं है। य यह नहीं कहात कि भाग दिस्तिय हो के या पीठ बस्तुक डीठ की महकों को टीम करवा दें वेदिन जो भाग नी भागी सहस्ते हैं उन सा

दूसरी बात यह है रि बहुत स्टेशनों पर जो न्देटमामें बने हुए हैं, वे नहीं बहुत नीय है और नहों नहीं वहते हों न हैं। नारत ने वारावर प्लेटसानें हैं और मुमानिता को गाड़ी पर बड़ने में बड़ी दिस्कें होंगी है। इसलिए इन स्टेटमामी को भी विकास करावाना चाहिए जिससे उन को दिना वनरे ने इस्मेगाल से सावा जा सकें।

तीसरी बात जो में माप से नहता पाह मा ह बहू रेलवे इम्पलाईक के ब्याहार के स्वी में है। जनता के प्रामितों के प्रामित वर्ध में उन ना टीम व्यवहार हो, यह भी देवते की बान है। एक प्रक्रमर नी ताह से जनता के साथ उन का ब्यावहार होना चाहिए जिस से उन ने नन म यह विश्वास देश हैं कि यह जो मोलानारी सलार बार्ड है यह सरी है भीर उस ने सला में माने से रिवें है। यह रोस माप नकर को लोगों के मन में सरी बात आएगी कि जैसे सर्वार्स में म पहले कोच भी सी है। इन रेलवें इम्पलाईक के व्यवहार में मार धार हुंठ परिवर्तन ला सके, तो इस से धाप की प्रतिष्टा वहुन अदेशी, धाप का एकमिनिस्ट्रेशन सुदृढ़ होगा घोर लोगों का सहयोग धाप को सिलेगा ।

चीथी बात मैं यह नहना चाहता हू कि रेतने में रिलर्फन बहुत होता है, घोरी बहुव हीती है घोर धास कर चोयने और रेसों ने सामान की घोरी यहत होती हैं। ट्रेन में से लोग तल्व निनाल ले जाते हैं घोर में हेंट घोर चल्दा कि होते से से उठा कर से जारें हैं ऐता क्यों होता

MR SPEAKER May I suggest to the concerned Vinnier that next time be may give chance to the new Mem bers? The Railway Budget is allotted only two hours How many can speak within that time? If he extends it for the whole day I will give chance I have no objection. The Presidents Addre s will be discussed for full three days. Then 30 to 40 Members will be able to speak.

SHRI M KALYANASUNDARAM (Tiruchirapalli) At the outset I wish to convey my heart felt thanks to the bon Minister of Railways for having got Paragraph 22 included in the Bud get Speech relating to the reinstatement of the workers victimised in con nection with the 1974 strike Parti cularly my party the All-India Trade Union Congress and the Indian Rail way Workers Federation will be grateful to him because we have been agitat ing for the past three years sitting in the opposition, in vain Fven when a Minister like Shri L. N Mishra made a sort of sympathetic assurance that assurance could not be got through by the Government

Now he has succeeded and so I must congratulate him on that achieve ment. Neither compliments nor criticism will affect him because all those who were reponsible are not there for accepting compliments or answering contribinal is hall reserve my compliments and the criticism for the subsequent period till they are fully reorganised. Until then my purpose is to make some useful successions.

Regarding reinstatement of those workers who were on strike I want the Minister to consider some more points There were workers who were victimised removed from service or dismisted and so on There were workers in whose case suspension orders had been cancelled in many cares There were workers who were involved in acts of alleged sabotage Some of these have been convicted. All those cases must be withdrawan and the consiction must be set aside it must be commuted and they must be restored upto the position which existed before 3rd May 1974 That is my bumble submission.

There is another estegory of victural sation as 'Mr Samar Mukheryee had mentioned about official transfers. Many workers had been demoted sod their previous service was taken sary. So their break in service must be codoned and demotion must be restord upto the position of the strike

There was another category of loyal workers. They were given concessions because they showed loyalty to the Those casual labourers. Railways. those temporary workers were deprived of their posts because these posts were filled by the sons or the relatives of loyal workers. There was a lot of corruption in giving concessions to the loyal workers This question has to be viewed and all those casual workers who kerr in service on 3rd May 1974 should be restored to the post ion which they occupied on the 3rd May 19" Clear instructions should be given to the Railway Bhavan in this regard otherwise they will bring your assurance to disrepute You can take it from me

### (Interruptions)

They have done it everal times They will bring in all sorts of objections

### (Interruptions)

## This is a piece of friendly warning

On the question of discipline the workers cannot live on sermons about discipline It should be a conscientious discipline Some confidence should be created in them that their interest would be looked after by the Govern ment Today the failure of the previ ous Ministry must be a warning to the present Ministry Then the worlers must realise that every single railway material and every inch of railway line are the property of the nation it is not the property of the Railway Board and the Railway Minister The Government must create confidence in them that their interest will be looked after This is the le con which the new Railway Minister must learn from the past experience

About staff quarters there is a ban on the construction of new quarters. Findly immediately remote this ban. The Railwas Minister may have high hopes about it the Railwas Minister may have good intentions about it but the Minister of Finner is there there will come in yout waw I are only amend on to June 1 third, may appeal and to June 1 third, may present out the Cablent for delay wanterlying for the ameliantism of the conditions of workers.

I have gone through the Baffway Badret Speech I think the present Bailtan Milaster has been in office for hardly three days and he would not have had time to go through every paragraph of the Baffway Budwi Speech He would not have etailed to So I liking he have for resourche for he Gring through the Bailfway Budget Speech about achievements and other things I recall a note which was circulated by the Kailway Board about three months ago in which the same achievements are contained. What is the title of that note? It is Improvements in the Railways after the deela ration of Emergency. So they have made the same points here. I leave it to you to judge.

About the maintenance of rulway colonies the allotment of money for the maintenance of rulway colonies is the first casualty in the name of economy. That should be restored.

There is another urgent matter which I want to string to the notice of the Railway Minister and that is about the ban on promotions. In the case of Class IV and Class III all promotions have been banned. All the vacancies have not been filled in the name of economy. This matter should be respected and all the vacancies chould be filled. The sanctioned st ength in all the loce sheds werkshows and depart ments should be restored. If you full to do it the workers will not have any complemen in the Government.

Another suggestion that I would like to make is about the reorganisation of the Rallway Board I would request the hon Minister to take it up ser ouely The Railway Board has become very much inflated. Formerly there was one Chaleman one Financial Complesioner and three 'lembers We have now got 11 Addi lonal Members permanent Additional Members and temporary Adlitional Members For merly we had 37 Directors. For we have about 90 Directors permanent Di ectors and temporary Directors There are Additional Diretor Joint Directors, Deputy Directors and fempo any Additional Directors. The Pall Bhavan Is bursing like anything

What are their functions? Some hose Members have suggested that powers rust be delegated to the Zonal Mans gers. These questions have to be studied seriously. If necessary you

# [Shri M Kalyanasundaram.]

better appoint a Committee to study the functioning and the size of the Railway Board. The reorganisation of the Railway Board will not brock any delay. The toal expenditure on the Railway Board comes to about Rt 25 covers. That is not the point. Dut as size is increasing. That will demorable the Z-rul. Railways. Therefore it is necessary to reorganise the Railway Board.

Not only the workers were victim sed but some Lnes were closed and some trains were canceled. The Lucs which were closed must be re-opened and the trains which were unnecessarily cancelled nust be restored in the interest of service For instance, in the Southern Railway a length of 9 miles from Needamangalam to 'lanargudi was unneressarily closed It is an essentiat service to the students attending the colleges there. Such grall things can be restored without any additional financial commitment and the grevances of the local people there ean be removed.

Coming to the allotment of tunds for the new times the allotment for the Tirunavelll Cape Comortin Trivandrum times has been very much scaled down. There is a general complaint that the allotment for new constructions has been cut down. Similarly, for electric action of the line between Wadress Central and Vijayawada the allotment has been cut down. Then the Madras Central-Arakonam line has also been the properties of the control of the manual transfer of the Madras Central-Arakonam line has also been to the control of the manual transfer of the manual transfer of the control of the manual transfer of the manual

### 13 00 hrs.

Another thing is the Metropolitan scheme With regard to the Midras City all that was attempted was a study. That study is finished, but what about the scheme as ruch? Will it see the light of the day is the amsons question of the people of Vadras. The suburban railway service in Madras lend edequate and the road trans is not adequate and the road trans.

port service is also not adequate because of the narrow streets.

\*IR. SPEAKER Please conclude, this is only a vote on account.

SHIRT 1. KALLYAYASUNDARAM
There is some more point with regard for
the production units, which is a very
important matter. The three production units are the pitigle of the nation
and a complument to our economic
policy of relictediance. In they are
working only to half their capacity.
The Integral Coach Factory can pro
duce 900 coaches a year, but it is now
reducing less than 500. Our workshops can construct wagons of our
one.

MR SPEAKER As I have said the is only a vole on account please conclude

SHRI M KALYANASUNDARAM As he is going to prepare the Budget I thought I would give some sugges-

MR SPEAKER We now adjourn for Lunch and will meet again at 200 nm.

RAILWAY BUDGET, 1977 78

AND
DEMANDS FOR GRANTS ON ACCOUNT (RAILWAYS), 1977-78Contd

THE MINISTER OF RAILWAYS
(PROF MADHU DANDAVATE) My
Charman, Sir, I am thankful to
the hon, Members on both sides of the
House who have participated and made

some constructive suggestions regarding the functioning of the railways At the very outset let me make it quite clear that there are certain limitations within which we are functioning at the time of presertation of this mini-hidget. This is not a full fledged Railway Budget but is just a Vote on Account and because of the limitations placed on us it is not possible to deal with the problems e a borately in all their comprehensive character Therefore within the fram work of these limitations propositions have to be put forward Some of the policy issues that have been raised cannot be adequately dealt with at this stage for the very simp e reason that while we took over the administration we had to face the hang overs of the past and unless we are able to clear the stables it will not be possible for us to lay down certain firm policies to which we are irrevocably committed

At the very outset I would like to spell out some of the policies which were indicated in my budget speech earlier Both sides of the House have welcomed the categorical statement that all the railway employees who have been either suspended or dismised as a segual to their participation in the 1974 strike will be uncondition ally reinstated I would like to go a step further and say that it has been done not merely in response to the suggestions that have come on the floor of the House from Members like Shri Samar Mukherjee and others I may take the House into confidence and tell the Members of this House that after the presentation of the budget proposals to this House I had immediately a meeting with the Chairman of the Railway Board and tried to spell out the various steps that are to be taken in pursuance of the policies that were enunciated here I would like to spell out some of the details of the policy regarding remstatement of the victimised workers I would like to make it explicitly clear that the entire issue would not

be kept hanging Unfortunately in the past whenever an assurance was given, there was a lacuna in implementation

Therefore after discussing the matter with the Rallway Board we have categorically instructed the authorities concerned that all the aspects of reinstatement are to be completed with in a period of six weeks and after that I would not like to see a single lettimised worker in the railways. This is a categorical assurance that I would like to sive

SHRI VASANT SATHE (Akola) They must be reinstated with back wages

PPOF MADHU DANDAVATE After your having put them behind the bars and having victimised them we do not want erocodile tears from you

SHRI K GOPAL (Karur) The hon Minister must ensure that what he says will be implemented

SHRI SOMNATH CHATTERJEE (Jadavpur) No action has been taken in the ease of those railway employees who have won their cases in the court

PROF MADHU DANDAVATE I had asked for all the details and within twenty-four hours all these details have been collected and I would like to tell the House the break-up of the staff removed as a segual to the May 1974 strike.

Permanent staff removed-16893

The number of persons taken back as a sequal to the constant pressures from within the House and outside the House—16 271

The number yet to be put back-

The number where employees have gone to the court 310

### [Prof Madhu Dandavate]

After my assurance that all these workers will be reinstated I am sure that these workers and their representative organizations will withdraw the e cases, rather than relying on the courts let them rely on the strength of the working class and the assurance of the Railway Minister

The number of staff still under suspension is 53 The most important is the number of casual labourers discharged from service 24 570 The number yet to be taken back is 5 161 I assure you that not only the perma nent staff members, not on y the temporary staff members but also the casual staff members will be taken back. It is being further clarified that in the case of all the registated railway workers, the semonty will be retained and the entire break in service will be condoned. These are the categorical decisions that have been taken and will be implemented

In the course of the discussion, a number of friends have made concrete and constructive suggestions I would like to mention that problems like opening of new railway lines in the under developed areas have been actually engaging the attention of our Ministry right from the moment we have taken charge. I want to make it clear that we have said that we will function vithin the framework of Gandhias ideals and one of the basic concepts of Gandhya's ideology is that there must not be imbalance between urban India and rural India Therefore all the necessary infrastructure for the development of backward areas will have to be developed This infrastructure is going to be provided by the railways Therefore in all the backward areas where the construction of lines is pending we will expedite the matter

If there are financial difficulties, we will discuss the matter with the authorities and the institutions concerned I do no want to spell out the problem. But we have aready applied our mind on how to mop up the resources, if the resources are lacking

I was very sorry to listen to the stray remark made by Shri Quresh while participating in the debate on the Budget. He probably indirectly made a reference to the Konkan Railways and he threw a hint that the Railway Minister is not a Minister for Maharashira, and therefore the must not take a parochial futfude but he must think in terms of the country as a whole he must think of Jismin and Kashmir as much as he thindo in terms of Maharashira.

Firstly I may make it very clear as far as the West Coast Konken Railway is concerned it does not affect Moharashtra State from which I come I ar not over proud of being a Maharashtran I am ato a Maharashtran C occurse I am proud of brind an Indian Therefore there is no question of entering into a certain amount of berochialism

I would like to explain to Shr Qureshi the geography of country If he is not prepared to understand or follow politics from me. at least he should understand geography Geography Indicates West Coast Konkan Railway may start from Maharashtra It will touch Goa State It will touch Mireore State It will fouch Kerala State It will touch part of Tamil Nadu State and, therefore naturally integration can be brought about Konkan Railway is constructed That is the aspect which has to be bemt haim ni

Those who have applied their m of to the West Coast Railway from the point of view of national integration will appreciate that if we are also integrate and inter-connect these regions of Maharashira, Tami

hadu herala Mysore that will probably be the living link of integration in this country and in the same spirit I can "ssure the former Blinis ter for Railways that as far as Jammu and Kashmir is concerned we cons der that also as one of the backward regions of this country. We will therefore give our adequate attention to the development of these lines.

73

Yesterday I made a reference to parts of Madhya Pradesh parts of Orissa and North Eastern Frontier If I had referred to them these were illustrative and not exhaustive. If you read the speech very correctly I said backward regions like these regions and therefore thew will be attended to When I talk in terms of backward areas of Maharashtra whether it is Konkan Marathwada or Vidhardha I need not spell it out It is implied.

I wish to make it explicitly clear though I come from one particular State even if I do not become a Minister when I am elected to the Lok Sabha I will not become representative of my constituency only but I will represent the whole of the country I it is only in that splet! I will apply my mind to alt the problems

In some cases there is no question of allocating new resources. My friend Prof. Swanu had already nedicated chambur-Mankhurt line: That was on the anvil, but due to certain deficiency that was set asade. Such instances we there due to delay and imel' concy that had not been started All the projects will be undertaken without delay And where there are financial difficulties we will try to get over them.

SHRI VASANT SATHE I hope you do the same thing about Amra yati PROF MADHU DANDAVATE
When I am quoting certain things
these are only illustrative

SHIR DHIENDRANATH BASU (Katwa) Metroplitan Transport Project Calcutta is a project for Rs 250 crores Only a sum of Re 10 crores has been provided for in the Budget It will take 25 years in this way for it to be completed if the fund is proyided at this rate Calcutta has 8 million peope and as such completion of this project requires priority I would request the hom Minister to provide adequate amount—at least Rs 100 crores—for complicion of the project of the project

MR CHAIRMAN He has taken note of your point

PROF MADHU DANDAVATE am not all disturbed by the intervention made by the hon Member because what the hon Member has said represents the pangs of his anger That is born out by his legitimate complaint I have made the position very clear As an illustration I have referred to Jammu and Kashmir the case which was put forward by one of the hon. Members from the other s de of the House I can assure hon Members that as far as various projects are concerned whether they are sponsored by members on that side or on this side of the House these will be considered on merita and these will be judged on merits and su table action will be taken

Many things have been said about the Rallway Board I cannot forced what I myself said while I was sitting on that side of the House I can assure hon Members that we will go linto the full details about the functioning of the Rellway Board. I have got here the Manual which tries to explain as to what exactly the cockion of the Rallway Board is The Rallway Board as The Rallway Board is the state of 1055 for controlling the administration of Rallways In India, It

functions as the Ministry of the Government of India and exercises all the powers of the Central Government in respect of regulation, construction maintenance and operation of Railways By virtue of the inclusion of the Financial Commissioner for Railways in its constitution, the Rai way Board also exercises the full powers of the Government of India in regard to Railway expenditure. I wish to assure members on both sides of the House that considering the persistent comp'amis which have been voiced by members on both sides of the House about the functioning of the Railway Board. we will go into the functioning of the Railway Board in detail and if we find that some sort of restructuring of the Railway Board is necessary we shall certainly come forward with the necessary changes which may be required

PROF PG MAVALANKAR (Gandhinagar) Will the hon, Minister give an assurance about changing the Railway Code also, which is out-of-date? This is a point which has been agitated by hon. Members earlier also Will the hon Minister kurdly look into it?

PROF MADIIU DANDAVATE Please allow me to complete what I wanted to say I may tell you comething about it In his speech the former Railway Minister had put forward a distorted version of what had happened in the past He this regarding the demand, that were put forward by the All India Railwaymen's Federation and NCCR There were references to national wage there were references to bonus to minimum wage and job evaluation. Having rejected all these demands the former Railway Minister says things in this manner Let me put the facts correctly I wish to put the record straight Before the railway workers went on strike here are some of the important incidents that

took place There was a six-point charter which was submitted to the former Railway Minister on 8-11-73 postcard acknowledgment g ven There was no reply to the memorandum sent on behalf of NCCR It came into existence on 2nd March, 1974. On March 5, 1974, 'he NCCR submitted a detailed memoran dum of demands which was in line with the demands made by the AIRF

There was no reply to that 27th April, 1974-this is very in portant-when negotiations started with the representatives of the Railwaymen, these negotiations were attended to by Shri S A Dange and Shrimati Parvati Krishnan honograple Member of this House

Then the next meeting was fixed I am deliberately indicating that so that all the Members of this House specially, the new Members of the House would know the method of functioning of the Members who are now sitting in the opposite side The next meeting was fixed on the 2nd May The Minister told Shri George Fernandes that on 2nd May we would t together when most of the usue, would be thrashed out It nimo" appeared that some gort of a via riedia was being found out. It was made Very clear by the NCCR that toey would put forward certain assurances they also know the economy situation in the country and financial resources of this country The cfore. even i hundred per cent conceding of this demand is not possible let us sit round the table and let suggest that what type of an interun relief could be given to the workers and then let us see about the long-term fulfilment of their cemands. That was the assurance given-The late Shri L. N Mishra was also in that particular mental attitude of sitting together so as to avert this strike Let us consider as far as their immediate demands were concerned and then we will consider about what their long-term postico The former Ministry felt

will be

cord

that if the late Shri Mishra come to a certain limited compromise with the railway employees in that case what would happen to their prestige I personally feet that almost efforts were made by Government to avert the strike by the railwaymen, That is indicated by fact that the next meeting was fixeded on 2nd May 1974 in consultation with the former Rallway Minister Shri L. N Mishra On 1st May Shri George Fernandes was addressing a May Day public rally at Lucknowthis is a very interesting aspect-and Mr Mishra had told him that on the day when he would be addressing the rally at Lucknow he would send a special plane there to bring him at the negotiating table No doubt he kept that part of his promise he did send a special plane-not to bring Shri George Fernandes at the negotiating table but to take him to the Tihar Jail! (Interruptions) As a result of that I wish to make it clear here that the NCCR and the AIRF were formulating their de mands which were negotiable but that an interim relief could be granted In that case we could think about cent per cent implementation at a later stage But in the Ministry some members felt that if these demands were even partially granted in that case probably the leadership of the All-India Railwaymen's Federation NCCR and other organisations which were participating in go up their that meeting could prestige could go up On the more prestige they precipitated the matter and arrested Shri George Fernandes After all they were willing to go on strike because of that right from the very next day but still some scope was left or till 8th of May when further cottlement could be about Doors were not closed 8th of May 1974 when the rankaymon went on strike This is the percpective that I want to give The Railway Minister intervened in that drbate and distorted the facts There fore to end those distortions I have to refer to all that

Incidentally, Shri Qureshi that they stood for discipline of workers whereas I say that they stood for the disruption of workers Shri Samar Mukherjee has rightly pointed out that there could be two types of discipline-there could be two types of peace-peace of the satisfied men and the peace of the yard-both of them are not There is an element of difference between the two Similarly I wish to telt you very clearly that these people had precipitated this matter and all sorts of allegations were made some allegations had also been re peated by the former Railway Minister on the floor of the House He said that the economic situation in the country was bad and that some men were starving when actually the leadership of the railwaymen's struggle wanted to bring about a chaos by causing further starvation to the workers and peasants On the contrary so many were thrown out And that ted to the railway strike 1974 After that the very first election took place when Shri Fernandes had been returned to this House with a big majority of three lakh votes This I would like the House to re-

And therefore people have not accepted the fact that those who were resorting to legitimate trade umon action were trying to bring snarchy in the country links or plunge the country links darkness. That was not the perspective of the people otherwise miny hon Members who led the railway strike would not have been here and as such I would like to Carify this usure which had been raised in the course of this debate.

Sir we have been asked v brither we will accept the demand of bonus or the demand for subsidised food system for the railway employees I wish to make it clear that as far as bonus taue is concerned this issue has been complicated by the former Government. They have not stood by

### (Prof Madhu Dandava e)

their po cy When many of us were behind the bars during the Emergency they changed the old policy and while they were changing the bonus policy they have changed the entire bonus policy A new legislation has been brought and they want us to say here and now whether we will concede the demand for bonus for railway workers We wish to make it quite clear that since they have evolved a national bonus poincy for the country first we will have to bring legislation to reverse that We will examine the entire assue in depth We will also gauge the re cources of the country I wish also to remind the hon Members on the other side of the House that when we had made a demand for borus we had said that if you are not able to concede the demand, please accept it in principle and let us see how it will be implemented. On behalf of our Organization and Janata Party at has been made clear by the Labour Minister for Janata Sarkar that we accept the bonus not as an ex grates payment but as 'delerred wage' That has already been announced.

SHRI VASANT SATHE In the light of what you are saying will you give some interim relief?

PROF MADHU DANDAVATE Sir what these people have not been able to do in the course of last 30 years they expect us to do in three years Give us adequate time and then you will see We will examine all the issues as far as bonus is concerned We are committed to exarune the entire question of bonus and reverse the earlier policy

The bon Member Shri Par has made a rumber of constructive sug gestions As far as the construction of new lines and as far as decentraheation of railway administration is concerned he has made a number of

constructive suggestions The Railway Vinis'ry will examine all those ours rue ive suggestions in depth and try to implement them

Shrl Mohanarangam has made a very significant and radical suggestion. He has pointed out that even in railways we have the existence of what we call bended tabour' wants . at the bonded labour should be liberard We stand committed to the liberation of every form of bondage that exists in the field of industry and it will be our constant endeasour that bonded jabour system is completely ended.

There is one more aspect to which I want to make a reference In the course of the rollway strike certain developments had taken place We have already clarified as to what will happen as far as retrenehed workers are concerned There is another problem of what we generally call black legs in the trade-union par lance and what they call as floyal They were given a num workers ber of advance increments We do not want to take a revengeful attitude Those who have got jobs we will not throw them out because they came in place of atrikers.

We will see to it that those who have been removed on account of participation in the strike will be brought back I checked the statistics with the Railway Board authorities and I found that without disturbing those who have been appointed in the railway industry without disturbing them and distressing them it will be possible for us to get the retrenched workers back to work but at the same time we would sound a warn ing to all the workers that they must stand solidly and unstedly with the working class In the country We do not want to take a revengeful att. tude. For instance as far as advance increments are concerned, five lakh

of industrial workers from the railways have been given advance incre ments We do not want to take a revengeful attitude and only because we have come into power we will try to smash all those things We will only say that in the future we will not have the substitution of black legs in place of the strikers and We will not give increment to those who are the so-called loyal workers but who can be described as black legs and to them in the future also we will never be prepared to pay the wages of betrayal of the working class That is the attitude that we have to take

81

Sir there is only one more point and have done Sir it is a matter of common experience that as far as the railway industry is concerned there is a lot of corruption Of course corruption is there in every sphere of human activity in India But as far as the railways are concerned there is a lot of corruption Sir probably you may recell that under the Chairmanship of Acharya Kripleni an Enquiry Committee to enquire into the corrup. tion in railways had already been set up That Enquiry Committee has brought out a number of findings They were devastating findings and they tried to reveal the dimensions of corruption in the country We wilt try our best to see that some of those important recommendations Acharya Kriplani Committee which exposed the corruption from top to the bottom will be effectively im plemented and we will tackle corruption in railway industry

In conclusion I would like to point out to the Hembers of the Opposition that when I was speaking out here and when I tred to not forward the performance of the industry in the course of the veer you were very much enthusiastic and some of my colleagues foil the embarras-went But I wish to make it clear that this is not cometting new I may rec"lit by

letter that George Fernandes exchanged with L N Mishra from the jail in 1974 That was not the time of Emergency It has nothing to do with the Emergency situation nothing to do with Anusashan parve a new phrase that has been coined by Shri Vinoba Bhave and has been sent to us through Shri Sathe I am not referring to it But I want to point out to you that in that letter sent by Shri George Fernandes to Shri L N Mishraji he has given all the deta is and giving the facts and figures Shri George Fernandes has tried to convince the Government how the railway workers have contributed in building up the resources for the country They have built up not only the resources of the rail ways but they have also contributed to the general running of the railways in the country and to that extent they helped in stabilising the economy of the country These are the facts and figures which were put forward before the Government by George Fernandes when he was in sail and he said that the credit of all these achievements goes not to the Radway Ministry but to the railway workers who poured their sweat and toil into the industry and were able to mop up the industry It is only in that spirit Sir I have mentioned a number of things and in conclusion I may say that if some lacunae are left out and if there are certain disputes we will fully explore the assistance and the cooperation of the trade unton machinery We will not try to arrive at a settlements with the help of an iron rod but we will try to establish the settlement with the workers by willing cooperation of the trade unions in the country That is the only way in which one who is committed to radical policies in the country will function in the House and to that manner the Railway Ministry will function

SHRI T A PAI (Udipl) On behalf of my Party Sr I would like to assure the Railway Minister that we

## (Shri T A. Parl

would not accuse him of any partchalaum if he completes the Manga lore-Bomba, West coast rathaya hae for the very reasons which he has gwen out. We, on our part, had ordered the Railway Board for up dating this information, and I hope that it will be implemented if at all there has been any reference, only partly to any railway the I hope you won't accuse anybody of any parochalatin in this matter.

MR CHAIRMAN Mr Subramamiam.

SHRI C. SUBRAMANIAM (Palana) Mr Chairman Sir, in my parliamentary career, for the last quarter of a century this is my malden per ormance as an Opposition Member May I congratulate the Prime Minister and his colleagues for having assumed the responsibility of governing the country at this very entical time. There were apprehensions that we would not have smooth elections, that we would not have smooth transfer of power all sorts of ghosts were being raised, all sorts of rumours were being spread. But even though I belong to the defeated party-the Congress Party-I would like to congratulate the country as a whole on the way in which the election has been conducted and the way in which democracy has functioned in thus country I am sure the people would also appreciate how gracefully the former Prime Minister accepted the verdict of the people (Interrupfamul

MR SPEAKER SII, I would plead with you that after all they are in the Government and they are the ruling party. We are entitled to have our say and I am the first speaker on the Budget I hope you will be interested to know what I have got to say in view of the fact that I have been the custodian of the economy of this country during this critical period. But if they think that because of arrogance of victory, they should not allow me to seak?

should not allow me to speak (Interrugtions) Sir, at the same time I would like to point out, particularly to the Prime Minister and his colleagues that there is a particular pattern of the people's verdict which will have to be taken note of The who e of the South has given a particular pattern of verdict. Are you going to say that it is of no consequence what the South thinks about the political situation? Are you going to say that the non-Hindiepeaking people are a matter of no concern for us? Therefore when I said that the verdict of the people has been gracefully accepted by the former Prime Minister, I want to point out to the present Prime Minister that there has been a perticular pattern in the verdict particularly in the southern States by 17 crores of people and this will have to be kept in mind

I am sorry I have some more unpleasant things to say Even the
three me thers who adorn the Janata
Party fr m Tamii Nadu today did
not come as Janata Party people
They cane in the disguse of Cong
(O) They came not by boisting the
Janata flay or by adopting the Janata
symbol but by adopting the old Congress (Organisation) flag and symbol,
Trading in the name of Kamarsi
three three escaped the verdet of
Tamii Nadu It they had dared to
stand on the Janata symbol, they

would have learnt what would have been their fate. In does not stop there Take all the mighty Janata heroes-Shri George Fernandes Shri Madhu Lamaye, Shri Ravindra Varma, Shri H V Kamath-all of them sought political asylum in the enlightened State of Bihar, instead of facing people in their own home State (Interruptions) I am sure there will be greater opportunities to deal with these aspects when the President's Address is discussed, but I thought taking advantage of debate on the General Budget, I could make some observations on the political estuation also

I would like to congratulate the hon Finance Minister on the presentation of his first budget, even though I am sorry I have nothing to corgratulate him upon so far as the contents of the budget speech are concerned There is nothing much stated there and obviously he could not But at the same time he is an old hand so far as the Finance Ministry is concerned. He has been in charge of Finance Ministry and he has experience of the functioning of the Government of India in all its aspects My only hope is while it is an old hand it will not be an old mind. The Government also have the advantage of having Shri Morarji Desai who had played a notable role in shaping the economic structure of the country first as Minister of Commerce and Industry and later on as Minister of Finance

The Government do hove the definite advantage of the experience of Morambha abo What I want to place before the House is that there is a qualitative change in the economic situation of our country, not only of our country but of the whole world today As Members are sware, there has been an unprecedented economic ervis in the whole world due to inflation and due to the collages of the unternational monetary system and this has not been solved to any considerable extent We are

when the Railway Minister was reching off performance after performance and achievements after achievements of the Railway Ministry-and the railway "Jstern as such Some Members felt extremely unhappy Some Members felt even irritated at the Railway M n Why should he recount all these achievements? These are not achieve. ments of a particular "linistry or lin ister but they are achievements of the nation about which we should be proud There is nothing to feel un happy about If I put forward the cconomic achievements of India it is not for the purpose of claiming kudos for myself It should be a matter of satisfaction that this nation is capable of achieving things in the midst of an unprecedented economie crisis is what we have not to realize (Interruptions)

105

SHRI VASANT SATHE (Akola) He is talking of something higher

SHRI C SUBRAMANIAM It is in this context that we have to consider whatever achievements have been there during the last few years. And therefore I would like to submit for the consideration of the House that this should have been done by the Finance Minister himself even though he might not have been in a position to give the new approaches and the new solutions which he wants to put I forward. He should have at least given t an account of the state of the economy on the country so that the new Members particularly may be aware of what is the state of the economy to day He probably took a lesson from the treatment which the Railway Min ister received at the hands of his party and adopted a judicious attitude of not saying anything about the achievements of the country during the last 2 or 3 years. This is probably what made | tions) made him completely silent (Interrup-

As the House is aware India has a most successful record in curbing the

grupped most of the countries of the world in 1974. The most notable feature of recent economic management in India as the success'ul anti-inflationary measures, went hand in hand with substantial increase in output. The natinal increase in output. The natinal increase for self-py 8.8 per cent in 175.76. The estimates of national income for 1976.77 are still not available. However, it is worth nothing that the index of industrial production which went up by 5 per cent in 1975.76 is expected to show a further increase of 10 per cent in 1976.77.

Thanks to the vigorous export promotion and import substitution measures the country's balance of payments position has greatly improved. The country a foreign exchange reserves have rached an all time record The current level of food stocks with the public sector agencies amounting to 18.7 milion tonnes also represents another all time record

The highly favourable developments on the food and fore m exchange fronts I want the hon Finance Minister to take note of this provides the Government with wider options than at any other time in the history of in dependent India It is up to the Government to choose the options (Interruptions) Unfortunately It is job of the new government to look after the employment and unemployment problem not much

MR SPEAKER I would request the hon Members not to make too many interruptions Otherwise you will lose time and to that extent lose two more speakers If hon. Members speak without being interrupted then it will be possible for a large number of members to speak from both sides. Once in a way an interruption is all right but not like this It doe, not helo any. body I am making this appeal to both sides not to one side alone. He was the Finance Minister fill the other day he is now speaking to the present day Finance Minister When he is falking if you interrupt him in this manner is

#### [Mr Speaker]

will not be helpful to you You are losiog time. As the Speaker I am wormed about losing time Otherwise I can give chance to two more speakers So I would appeal to the hon. Members to allow him to speak. Once in a way an interruption can be made but not continuous interruption which is not going to help anybody

श्री मनोहर सात(कानगुर) हिन्दुस्तान की 62 मरोड जनता ने थीमती इन्दिस गाधी की बात नहीं सूनी है तो हम इनकी बात क्या मुनेगें।

MR SPEAKER That is all over now

SHRI C SUBRAMANIAM I was on this point that in view of these developments that have taken place we have options now not just one option but very many options are ava 1 able and it is up to the Government to choose the options try to find out the various afternatives available and choose the best alternative according to their judgment which would meet the needs of the country and will be in accordance with the priorities which they have indicated in the President's Address. That is what I am saving I do not know why people should feet uncomfortable when I say that we have got the economic strength to deal with the national situation

I will not go into the performance in the agricultural sector

An hon Members Why?

SHRI C SUBRAMANIAN B cause It is very well known and it is a process which I had the honour to e art the green revolution, and therefore it might be thought that I am boasting or feeling a little proud about it

Now that Bahuji is on that side I am sure they would be happy to con cede that agriculture has d ne very well and that it has a wright futore

If he had not been on their side agn culture also would have teen shouted down This is the unfortunate state of affairs

108

In agriculture also we have built up the capability to produce more and there is also greater potential for deve lopment so that we may not be the victims of the vagaries of nature There is no difference of o inlon with regard to the priorities either of the Government or of the Opposition We have given the highest priority to agri culture and I am sure the same prior r ty if not a higher priority will be given by the present Government also to agriculture

But what does agriculture mean First of all agriculture would require irrigation for the purpose of greeter In the Budget which I production had the honour to precare for the cor sideration of this House if we were returned to power we had provided the maximum amount necessary to the purpose of major medium and minor irrigation. I had given clear instructions to the Planning Counti sion that as far as agr culture as concerned whether it was major medium or minor irrigation projects finance should not stand in the will but only the capacity to implement to the various State Governme is various levels If there can be further improvement with regard to the alloca tion for irrigation I would be the first person to welcome it but before in crease the allocation I am sure the hon Finance Minister would see how far further moneys could be allocated infru-tuow expenditure Subject to that I would subscribe to any amount being pro vided for irrigation.

The next important input with it gard to agriculture—I am glad the Agriculture Minister is here is quili ty seeds Coming from Punjab as be does I am sure he understands the sit miscance of quality seeds If there was some stagnation in agricultural production before 1974 for a few years that was mainly due to the fat that the quality of seeds began to deferio rate because there was no agency responsible for the production and distribution of quality seeds. When I was in temporary charge of agriculture for three months soon after Fakhruddin Saheb assumed the Presidenship of this country I looked into this and made some structural change, with re gard to the National Seeds Corpora tion I brought together the National Seeds Corporation and the State Farms Corporations and formulated a scheme costing Rs 120 crores of which Rs 60 crores was to be provided by the World Bank I am gled to find that this has delivered the goods and today we are in a position to say that we have quality seeds in sufficient quanti ties to be distributed not only with reference to cereals but, it is covering to other areas also like cotton citseeds and pulses I am glad to inform the House and I am sure the Agricutture Minister is aware of it that we have already started export of quality seeds but I am told that recently that organi sation has got into certain difficulties I would request the Agriculture Minis ter to look into it quick y and see that there are no obstacles placed in the Way of the functioning of the Seeds Corporation because that is the surest way to allow the quality of the seeds to deteriorate which would affect production ultimately I need not go into details but from the records he will be able to find out the difficulties that have emerged there-purely personal, I am told

Apart from irrigation and seeds, the other input is fertilisers Fortunately production of fertilisers has con siderably improved in our country as also its consumption In 1976-77 the consumption of fertilisers is estimated to have gone up by 27 per cent In creased consumption has been made possible by a series of price reductions effected in the last two years In order to enable farmers to purchase modero inputs, commercial bank lending to agriculture has gone up oy 36 per cent in 1976 77

In addition, 45 rural banks with 477 branches have been set up to promote savings and investments in areas Today there is a lacuna that ts, a gap with regard to the credit availability particularly in the rural areas No doubt this moratorium and writing off of debt of the poor farmers and the poor agricultural labour have been beneficient measures but un fortunately alternative systems have not come tnto existence to provide small credit which is required by the small farmers. This could be provided by the rural hanks That is why started this idea of the rural pank As I said we have already set up 45 rural banks and the idea was to have banks I think they will now be increased I am sure the Finance Minister will go into it It was contemplated that every rural bank would have hundred branches That is how the whole country would be covered by the rural banking system We have to increase them if sufficient credit will have to be made available to the farmers I am sure the hon Finance Minister will go into this aspect

As far as industrial production is concerned I have already stated that this year it is likely to reach an in crease of 10 per cent Then I am glad to find that the public sector undertak ings have done much better than the pravate sector undertakings thanks to the stewardship of my respected colleague Shri T A Pai a former Minister of Industry and particularty incharge of heavy injustries He has given a new orientation with regard to the management of these public sector projects. In the past there was always some criticism with regard to the functioning of the pubac sector projects and as a philosophy to which my hon friend (Swatantra Member) subscribed to that public sector pro fects can never thrive in this country and for that matter in any other coun try except to a rommunist system but fortunately it has been demonstrated that public sector projects could achieve results and better results than the private sector projects. That is what we

### [Shri C Subramanlam]

have got to take note of. As a matter of fact, private sector units are comp taken over by the public sector management for the purpose of exacng them we'l and giving them better help I hope the ron. Finance Minister will not carry his old Swatantra prejudges when he mentions about the role of the public sector which has got to p ay a significant part particular ly in the economy of our country It is not so easy to forget the past.

### (Interruptions)

The other area in which we have achie.ed s gnificant progres is in the area of export. Thanks to the energe. tie export promotion measures. O.L. exports displayed a healthy rising trend. In this connection I am glad to find that my erstwhile colleague Shri Mohan Dharia in the Planning Ministry, has been put incharge of this very important Ministry He s a ver) dynamie person. I am sure he will make a success of the responsible charge he has been entrusted with I hope and trust that this trend in export will be kept up in 1975, it increased by 18 per cent. In the first nine months of 1976-77, it amounted to R. 3546 crores showing an increase of 31 per cent over the corresponding period of 1975-76

नीयरी बतबीर सिंह (होनियाग्पर) मैरा एक व्यवस्था ना प्रक्त है। एक मान नाय मदस्य बाल रहा है और उस अवस्था

में उसके दिस्यान से बोई धादसी गुजर सकता है 1

MR SPEAKER I know that. He is a new Member Therefore, I rept quist. He ought not to cross the floor between the Chair and the member speaking.

SHRI C SUBRAMANIAM I was saying in the first nine months of 1976-77 exports arrounted to Rs 3,546 cro-es, showing an increase of 31 per cent over the corresponding period of 1975-76. At the current rate there is little doubt that they will exceed or perhaps, they have already exceeded

the target of Rs 4500 crores for the year Unfortunately. I do not have the current figures with me now What is equally important is hat on a volume has a also exports will exceed the tar get of 8 per cent laid down in the Fifth Plan. I hope he will not tenise it for the sake of revising it

The commodity pattern and the geographical destination of Irdia's CX ports is now fairly divers fied so as to permit a steady growth in export earn inge Award of turn key jobs to Indian firms in countries such as Kutait, Lihya and Saudi Arabia in face of stny international competition shows that Indian industry has a quired rev resil ence and strength, the fac. toat eng neering goods now fop the list of export products is a measure of the vast structural transformation of he same the India's economy At because of the import substitution and because of the various products being produced within the country, the imports in 1975-76 were 14 per cent higher than in the previous year at Rs. 5 158 crores and food, fuel and fertilizers accounted for 60 per cent of the total In 1976-77, data for the first nine months show that imports have deck ned by over 8 per cent at Rs 3916 crores. This is due mainly to a decline In the imports of foodgrains and ferti Liser

Another miracle which has happened and about which we should be proud is with regard to exploration and exploitation of oil. This transformed the economy of the country Therefore this is another area about which we have got to be vigilant. But I was sorry to find that till now I do rot find any Minister (Interruptions) in charge of Oil

एक माननीय सदस्य • ग्राध्यक्ष महोदय ब्यवस्था का प्रक्त है। मालूम हो रहा है कि माननीय सदस्य ने चुनाव से पहले जो बजट स्पीच सदन में देने के लिए वैयार की यो उसी में से बोल रहे हैं चौर हमारा समय बरवाद कर रहे हैं। (ब्यवधान)

MR SPEAKER You had your say Now, allow him to speak

113

SHRI C SUBRAMANIAM I do not know why this has happened I am sure the hon Prime Minister will take note of it Till now I do not find any Minister in-charge of Oil except the Prime Minister himself being in-charge of everything that has been left out This is an important area which requires immediate attention because I know some of the problems which have arisen there I hope, Minister with capacity to deal with these problems will be put in charge of it immediately so that there is not a gap with regard to the performance in the field of oil which is one of the most encouraging developments that has taken place in the Indian economy today

The strength of our balance of payments is also due to increased inward remittances Gross inward remittances increased from a level of Rs crores in 1974-75 to Rs 1185 erores in 1975-76 and Rs 1303 crores in the first ten months of 1976-77 This seems to be the combined result of the rosponse to schemes for attracting funds from Indians abroad and checking leakages in the inflow of foreign exchange through a crack down on antisocial activities and smuggling xv. figures of remittances above give a fairly good measure of the harm the anti-social elements were causing to the economy and the benefit that has secrued to the community from the firm handling of such elements New f all these gentlemen are at large now

भीपरी बनवीर सिंह शापने प्रयने बवाव के निए गृद घरन की है।

SHRI C SUBRAMANIAM Now Government should give serious coasideration as to how they are going to deal with these smuggling element, because once they are given an opportunity to build themselve sup it would require another great effort to put them out of action. Therefore, immediate attention will have to be paid with regard to the action to be taken to see that the smuggling activities do not get revived in any way whatsoever.

The successful performance in different sectors has created certain pio-Unfortunately success itself brings new problems. This is the law of progress. What is progress after all? I am sorry to philosophise a little bit you will pardon me for that What is progress after all? You find solutions to old problems and those very solutions create many new problems A society which is tackling those new problems is progressive and a society which goes on tackling and struggling with, the old problems is a stagnant backward society Therefore what we consider to be a success in one area creates new problems in another area I was saying what we have built up by way of foreign exchange and what we have built up by way of foodstocks But these have created a situation now where the money supply has increased beyond the tolerance limit Therefore. unless we take sufficient measures this is likely to lead to upsurge of inflation I thought I should make a mention about it because this requires immediate attention while the hon Himster may take his own time for the purpose of formulating his priori-

As for as controlling prices is concerned particularly the prices of the essential commodates it can brook no delay for in 1976 77 the increase has been 158 per cert in the first eleven months. And what is the state of our country today as compared to Sephember, 1974 when the price level reached its peak. At that time because of the various measures that we had taken, it fell down by 15 per cent. And thas 15 per cent has been made

ties and finalising the budget

up now Our situation now it that the price level is as it was in 1974 want to point out that no other country in the world can boast itself of this situation where they have, in 1977, the same price level which existed in 1974 This is the state of affairs But this should not lead us to complacency The only relieving feature in this is that this 158 per cent is not an all-round increase. As a matter of fact, it is two or three commodities which have contributed to the major portion of this rise, and those are edible oil and cotton Fortunately, we are in a position to import as much as we want of this edible oil and cotton. as a matter of fact, the previous Government have already taken sufficient measures to import quate edible oil and I find from the newspapers that it is already shaving an effect on the edible oil price situation In the same way, we have taken steps for the purpose of importing

Till now, particularly during the last two years we were concerned with demand management. Now we bave to take up the supply position also Fortunately, today we have the economic strength the resources to improve the supply position also There should be a two-pronged attack on both demand management as well as improvement of the supply position of the various essential commodities Particularly in this area, I would like to pass on my thoughts to the Finance Minister for what he thinks they are worth and whatever, he thinks is worthwhile he should take them into consideration

enough fibre bouth man-made fibre

and natural fibre These are the two

areas where we have to be eautious

What is now unportant is to see that the prices of essential commodities do not run away Those essential com-modities will have to be necessarily foodgrains edible olls, sugar, cloth through cotton and domestic fuel. These are the main commodities which will have to be taken care of Fortunately, we have the economic strength to-day. We have the resources to deal with these commodi ties Therefore if these are taken care of, automatically, I have no doubt in my mind that the price situation can be controlled to a great extent and this should be one of the highest priorities which the Government should adopt for this purpose

In this respect, we have also to take care to see that the money supply does not increase to an intolerance There are tolerance limits and already, particularly during the list two months, I find that there has been a little bit of relaxation with regard to financial discipline I am sure the Finance Minister will look into it and whatever steps are necessary for the parrose of controlling the money supply, they should be undertaken s' an urgent measure

The third area of concern relates to the question of unemployment about which the hon Members are very much agitated. Such statistics as there are of employment in the organized sector increased by 15 lakhs or 23 per cent in 1975 Th Vacancies notified and placement effected during January-October 1976 were higher by 264 per cent and 24.1 per cent respectively compared to the figures of the corresponding period of the previous year Admittedly these statustics do not give an adequate pit ture of employment in the organized sector, let alone the unorganized and agricultural sector Here, I would like to place for the consideration of the Government. How are we going to tackle this problem of unemploy ment which leads to poverty? After all, eradication of poverty depends upon first of all providing employ ment to the people, so that they may have enough purchasing power and production of all commodities of misconsumption. Therefore how do we

In all humility I want to submit having gone through the experient of various Ministries, perticularity

achieve it?

when I was dealing with the Department of Science and Technology, we have evolved a new pattern of integrated development for the rural areas It is, nothing but the application of science and technology for the purpose of uplifting the rural areas I need not go into the details of it As a matter of fact I submitted a detail. of document when I submitted the Budget last year and this has beer considered not only in various seminars and forums inade India but it has been discussed in the intermitural forume size and it we received.

117

it has been discussed in the international forums also and it is accepted that perhaps there is no other alternative except the integrated rural development for the purpose of solving the rural problem the rural unemployment and eradication poverty I am glad to find that a mention has been made in the President's Address with regard to integrated development But some of us are under the impression that when we have to deal with the rural problems we do not require high science and high technology I differ from it As a matter of fact it is for the purpose of solving the rural problems and for tackling poverty that we require the most sophisticated technology Take for Instance one basic thing which has got to be done for the purpose of introducing and implementing the integrated rural development. That is the need of an inventory of all the natural resources available in any particular area. If we start surveying in the traditional way, it will take a generation perhaps to find out what we have by way of natural resources To-day we have the advantage of the satellite the earth satellite circling around the earth. Then we have the advantage And, based on of acrial surveys that. It is possible to identify areas of natural wealth

For the purpose of rural development you have to use the latest technology available so as to find out the natural resources available

I can go on riving number of Ins-

technology would be necessary But for the purpose of exploiting natural resources what is important is if you go in for sophisticated technology, it would be at the cost of the local manpower Therefore, that is where appropriate technology comes in for the purpose of exploiting and giving employment to the large man-power available in the rural area.

One area in which we can be proud of our achievement is with regard to our scientific competence and technological eapability I am sure the hon members would be glad to hear that we have the third largest scientific and technological amapower in the world With regard to quality the stand in comparison to quality of manpower in any part of the world and they are manning most sophisticated areas in the various parts of the world world

To-day we are in a position lo tackle poverty We have the technical manpower We have bullt up scientific completence and technological capabillty in the country and this science and technology will have to be made available not merely for the purpose of sophisticated technology for various purposes for urban Improvement it has to be applied to the ruarl areas also This is the new turn which we have given and fortunately this rural blessed by integration has been Vinobhail He requested the Prime Minister that in addition to the 19 districts taken up for the purpose of pilot project during the current year. Wardha District may also be included We added Wardha District as the 20th district

With all humbly I want to cabmit filt—If we want to eradicate poverty, it is not by more and more industrict. Those are necessary for backing up the rural efforts. But it is only by upgrading rural espablity, by providing more employment opportunities for the exploitation of the Iceal recourset, natural resource. That is the only way to solve the problem of poverty and also given a new life.

### [Shri C Suhramaniam]

to the rural masses As far as that is concerned I would like to place concerned I would like to place before the Government that fortunately we have the technical ranapear willing to go the ulligas for the purpose of providing new loader lip a d appropriate technology to the rural masses We had planned on that bass I hope there would not be not heastleful or the rural distribution with regard to adoption of this integrated rural development.

I am not saying that the last word has been said on it As a matter of fact it is only the begining of the process I am sure there could be further refinements further moduli cations with regard to the approaches with regard to the integrated rural development But the direction is quite clear The philosophy is quite clear and as particularly all of you are professing non many of them who had no faith in Gandhiji have become advocates of Gandhian philosophy to day I would like to point but this programme is quite in accordance with Gandhin's thought He was not against science But he was against science becoming a master over men. He wanted science to be our slave and servant. We should use science and technology for the upliftment and for the promotion of the rural masses Therefore to-day We are in that position. The solid gains registered by the economy in the last three years provide us a unique opportunity to launch a more effective attack on poverty unemployment ignorance and disease in years to come This is the unanimous view of all impartial observers of Indian economic science What has been achieved under most unfavourable national and international circums tances is a matter of pride for all patriotic Indians Nothing is gained by partisan propaganda designed to weaken the nation's self confidence However there is no cause for complacency In essence what has been achieved is just the beginning of a

new forward vate white could hereld rapid strides being made it Indian agriculture and irdustry. We could be on the threshold of a new era of adventure and excitemer in Indias quest for modernisation. This is a mightly national endeaseur in which all of us will have to port ripute two on our part as party are prepared to give our vholeheasted support to the Government in these efforts in building a great to jaist Society.

PROF R. K. AMIN (Surendranagar) Sir, I would like to congraulate the Finance Minister for giving us a very short, brief and wellbalanced apeech but I don't know what words I should use for the very long speech given by the shadow Finance Minister Mr Subramaniam. I can only pardon him because, in the hope if becoming the Finance Minister, he nust have prepared his speech and where can he utilise it except speaking in this House? Any way I would ike to bring to your notice Sir, the Subramaniam trap which has been presented by the shadow Finance Minister What is it that he relerred to by referring to national ichtevements in his speech? He wunttd to show that he rises above parothial considerations. But here is a trap By saying "national achievements" he has pointed out to us to india's achievements and therefrom hat to India's achievements Especially he referred to one of the achievenents during the years 1975-76 as the nerease of eight per cent in the naional income But Sir, we should terrember that that was because of & very prosperous agricultural year R was because of the grace of weathertods not because of any emergency ir not because of any Indim's efforts, but it was due to the efforts of the

ram gods Further he talks about prosperity of India Let me ask one pertment question to him. Our Finance Minister also can reply to this matter In a very prosperous year why had you to import 75 million tonnes of foodgrains from abroad and thereby wasting our slender foreign exchange resources? Despite the fact that there was prosperity in the country and you were selling foodgrains at very cheap prices in the fair-price shops why the issued quote by the Government, has not been taken by the fair price shops? Why in fair price shops, the stocks were getting accumulated and not sold out? That was because real purchasing power was not there with the masses, there was severe unemployment They were unable to buy them despite the fact that they were available in fairprice shops This indicats very poor conditions in which the masses were living And set Mr Subramaniam talks about the achievements of the Indira Government

There are two or three specific things which I would like to bring to the notice of the hon Finance Minister. He is very much concerned about the preceries The price rise during the last year was of the order of 125 per cent in respect of the whole-sale price index. But the real issue is this. We are very much concerned with the purchasing power of the common masses.

The wholesale price index does not reflect the purchasing power of the commonman. Therefore, what should evolve is the new index number giving guldarce to the common prople like us That is he should give the index number of the mort essential commodities which the poorman or commonman requires. What hapoens to the rive or fall in price of those commodities in terms of this index is most important. If that is given one can find out what has hanproed to the purchasing power of the commonman I hope that when he comes next time with his budget, he

1977-78

# [Prof R K. Amin]

127

will come with that sort of the price inday in which the comtaon man is interested

The deficit financing estimated last year was of the order of Rs 2328 crores but actually it had come to be of Re 425 crores now I hope he will throw some light on this How is it that despite the fact that our revenue has increased there is deficit financing to this extent? Time and again the Firance Minister on the floor of the House had as used the people that there would not be any increase in the deficit financing and still there is an increase in the deficit financing

I would now refer to another thing The hon Finance Minister said that rext year there might be a deficit financing to the extent of Rs 1432 crores and when we draw upon from our foreign exchange reserves a sum of Rs 800 erores still there will rerrain a deficit upto the extent of Re 632 crores next year I would now request the Finance Minister to te'l us one thing Of course in these three days be mught have been help less for making changes in the estimate, which the earlier Govt has prepared but at least he could have changed the proposals of incurring expenditure and making un investmert next year, se some of his proposals of expenditure could have been curtailed and by so curtailing he could have reduced the deficit from Re 1423 erores to a very very low figure Having said this I would like to suggest to him it is wrong to think that Rs 2000 crores proposed to be drawn upon from the foreign exchange a serves will not lead to in fation I would draw the attention of the House to the fact that the supply of money has already increas ed considerably in this country during the last two year. Money is at present sitting and not on wing The licity of circulation is low at present But this condition which is frevalling in the country shows that probably the relocity of circulation will increase So, the money will be on the wing instead of sitting Al though you may draw upon from the foreign exchange reserves, the in flationary pressure which is existing at present may affect the price rise. Therefore he should find out what is the inflationary potential at present and then decide about the extent of deficit financing

Some of the part of the last year's expenditure was of a political nature I want to know especially after 18th of January when Parliament was dissolved, when there was a caretaker Government, how many promises have been made which had involved an additional expenditure for this Govt because the previous Govt. wanted to satisfy the electorate That must be clearly shown to us by our Finance Minister

SHRE SOMNATH CHATTERJEE (Jadavpur) Mr Speaker, Sir, Mr Subramaniam spoke about the democratic spirit of the people which was expressed in the last election and he also congratulated the people of this country who in no uncertain manner have expressed their faith and belief in democracy In spite of the repression that was let loose by the previous Government for the last nineteen or twenty months by deny ing the people their fundamental and human rights they have by means of a silent revolution brought about these political changes in this country and have rejected this discredited party which has brought the country to this position

Mr Subramaniam was speaking about the genuine achievements Having been rejected by the audience outside the House we have been subjected here to a catalogue of the socalled achievements prepared by the DAVP, it seems a la V C. Shuklas style

Sir he was speaking of Smith India Having been rejected by the wast majority of the people in this

country he is now trying to create duvision amongst the Indians by referring especially to South India as if people in North India do not represent a large "egment of the Indian masses I am sure our friends, brothers and s sters in South India have realised the mistake they have committed and they will soon rectify it in the elections that are bound to come soon.

Sir he was speaking of Mr George Fernandes and Shri Madhu Limave taking so-called shelter in Bihar But it is bester that leaders like them should adopted by any and every part of the country But what about their own leader who has been rejected by her own people inspite of the loaded development projects which had been carried out in Rac Barels as if Rac Bareli is whole of India And what about their Yuvaraj and our hon, friends there paying obeisance with their conscience mortgaged. These to-called leaders of the people had surrendered their conscience even to that youngman who had no accountrability to the people of this country and today they are shouting about democratic institutions! Their politireal credibility depended on the blessings of that youngster who had no credentials Therefore the lesser they talk about demorracy the better it will be

Sir whatever progress this country has made, has been made inspite of that party and inspite of these profile it is the achievement of the people and not of the Congress party. That is why we are supporting the govern, mint because we are respecting the perdict of the people inspite of the resp. of terror that has been carried on in this country people have express, themselves in favour of democracy and we are all for this

So far as the budget speech of our present Finance Minister is concerned I do not envy him because he has to hald a de-formed baby of a diseased progenitor. The new government has

taken charge with the unequivocal support of the people not only against autocratic rule but also against the economic policies which have been followed in this country for the last thirty years which have made the poor poorer and the rich richer and have also widened the disparities between the people of this country and allowed strangichold of monopolists and foreign capitalists over the vast masses This is the achievement of the last thirty years During this emergency we were given the mantra of 20-point programme as if by chanting this mantra we can get rid of poverty The more they chanted this mantra the greater was the poverty In this country

Sir we witnessed an unusual spectacle during the emergency. When the prices were actually ring with a manipulation of some sort of agency in Simla we saw the price level going down statiscally, and taking advantage of that they reduced the amount of DA and brought compulsory deposit schema. And so far as the big monopolists and capitalists are concerned they were allowed to retain the money in their hands by way of reduced payment of DA and they were making more and more profit at the expense of the common people

Sit the people of this country are overpared to give sufficient time to this Government because we have to undo the misdeeds of 30 years so that the Government can evolve prover policies which will eardicate poverty and actives economic growth consistent with our social objectives and which will generate embolyment opportunities and reduce disparities. And we are committed to support this Government so long as it keeps its pledges to the people of this country.

car 30 years of Congress misrule has resulted in 70 per cent of the neople of this country living below the poverty line They don't feel ashamed They talk of potentials and

Leading office bearers of government service associations and unions were dismissed for no fault except that they were leading cadres of different service organisations Large numbers of employees were dismissed under art 311(2) (c) without inquiry When this was challenged in the courts and the courts directed them to show the reasons why they had been dismissed they did not wish to disclose reasons they claimed privilege It was because they had no reasons disclose Only those people hide reasons who have no reasons to dis close This is the position. I have already written to the Finance Minister in this connection. In the incometax department in the audit and accounts department and in commercial intelligence department people have been singled out for dis missal by taking recourse to draconian measures like the extraordinary provision in art 311(2)(c) of the Constitution

133

What has happened to the ordinary normal functioning of all trade unions and service associations? Take, the Reserve Bank of India Taking advantage of the emergency all their activities have been stopped Even doubtains to the Manager are not allowed. There was a circular issued which says.

No employee of the bank shall participate in or lead any mass desutation including mass deputation to the Manager or the head of the department or any other officer of the Bank whether during or outside office hours within any premises for the time being occupied by the Bank?

I cannot ventilate my grievances even to the head of my department. This is the sort of difficulties created for the employees taking advantage of the co-called emergency for the control of an internal situation all bogus it was all utilised for the purpose of taking away the minimum

rights of the citizens of the country and of the government employees

The circular I referred to is dated 23 March 1978 This concerns in Reserve Bank There are similar circulars concerning other deportments I am sure the hor Finance Minister will follow the same principle as enunciated by the hon Railway Minister with regard to the dismissed and suspended employees I am sure he will do justice to these employees

# 16 03 hrs

# [Sant Tribis Chaudhuri in the Chair]

As for the other aspects of builddozing measures adopted by laking
advantage of the emergency getting
only 47 per cent of the vote for parliament but having 75 per cent of the
seats they misused their majority to
pass certain laws You will recall the
measure concerning separation of
aurit from accounts. The real object
of the measure was to prevent proper
scrutinv of wasteful expenditure presernd discovery of the same. That was
why audit was reparated from
accounts.

I am sure during the next session the Finance Minister will come up with the main budget proposals I are sure at that time he will bring forward proposals for doing good to the people for reducing the rigours of unemployment and the disparity between rich and poor These are proposals to which the people of the country are certainly looking forward Meanwhile there are certain things which require immediate attention like the restoration of bonus DA and scrapping of CDS as also the withdrawal of dismissal and suspension orders on Central Government employees There has been large scale victimisation of State Government employees also but we are not concerned with this at the moment But so far as the Central Government

## [Shr: Somnath Chatterjee]

133

employees are concerned, I have already written to him. I am suce he will look into the matter and take necessary steps to withdraw the circulars which are inhibitive of the normal lawful constitutional func t oning of the employees organisations and associations. If this is done healthy atmosphere will be created and there will develop a spirit of co operation between the departments concerned and the employees I am sure nobody can blame the workers and employees organisations for having stood in the way of progress Those were the ideas of a discredited discarded party I am sure we shall not be following that.

I do not wish to take more time I sall mention only about one thing Shri C Subramanuam referred to smuggling Certainly, we are totally against smuggling But now that the requirement for contribution to the Congress fund is not there now that that source has dried up the incidence of emuggling will be reduced. They were the beneficiaries of this natural ly they had to ray black money to finance them. The ordinary laws of the country I am sure would be able to help you stop smuggling but if they are used in a lackadassical manner they would help the smug glers If they are implemented properly, you can stop emuggling have to associate people in this matter you have to have faith in the department and activise the department in a manner that they are also inculcat ed with the spirit of patriotism and love of the country That will be the best thing for the purpose of stopping smuggling and also stopping the drain of foreign exchange in an illegal manner Given the will of the people of the country it can be done With all his exterience Mr Patel with the support of competent colleagues would be able to achive this by formulating proper policies and implementing them. They should remove the long standing grievances of the people and raise the standard of living of the people at least to the minimum necessary With these words I support the budget proposals of Mr Pate and I am sure that the main budget when it comes will belo the people

1977-78

SHRI A C GEORGE (Musanda puram) Mr Chairman at the outset may I congratulate the new govern ment the new Prime Minister and the new Finance Minister Mr Patel I have the unique privilege of convey ing the greetings to this new govern ment the Prime Minister and the Finance Minister from Kerala a small state in the extreme south of Ind.2 It so happens that they did no' send anybody to Parliament who would support the present govern ment or its allies. Out of 20 Lok Sabha seats the enlightened and highly literate people of Kerala just refused to send one member of the Janta Party or its close cous is and relatives from the CPM. interesting to hear from Shri Som noth Chatterjee what he says he was congratulating and aligning himself with the new government.

CHATTERIEE SHRI SOMMATH You are making a mistake if you thing that you can make us deviate as from our path we know what we stand for

SHRI A C GEORGE If you kind? wait half a minute I shall explain to you what the mistake is Even Palghat which used to be represented by that revered leader A K Gops 1" was lost to the CPM because of the new relative the Janata Party The there is the rost progressive state of Andhra Pradesh I am sorry that to hon Speaker is not here That state sent only one person Mr N Saning Reddy surply because they assured that he would be elected Soeaker and he would immediately res gn from that Party and 10 the happened to elect him.

1975-76 to the tune of Rs I200 crores But in spite of this we had a favour able foreign exchange situation Why? Ir 1974 the remittances from our pat notic Irdians abroad was Rs 46 crores on an average In 1975 because of the rigorous enforcement measures and alert adminis rative measures because of the various other attractive mea sures taken by the Finance and Com merce Ministries in 1975 the everage went up to Rs 86 crores In 1976 at stood at Rs 126 crores per month se about Rs 1500 erores per year It is this phenomenon which in spite of the biggest adverse balance of pay ment gave us a favourable foreign ex change s tustion The Finance Minister must remember that this was be cause of the rigorous enforcement measures taken 350 Somnath Chatterjee is not he e at the moment He was giving a very constructive advice to the Firence Minister to stop smuggling saying You must appeal to the patriotic sense of the smugg ers It is on record The great revolutionary Mr Somnath Chatterjee who was advocating that smuggers must be hanged hand cuffed abandoned and sent out of the country now asks the Finance Minister to appeal to the potriotic sense of the smuggers. This Tev advice is really interesting I do not know whether this is due to the new relations with Janata Party! The advice is that the Finance Aims er mus spare some time go to the smag lers of Bombay and on the western coast and the eastern coast sit with them and say Friends 1 approl to your patriotic sense"

The is an important point This cour ry has a strong currency now It is v dely known that the power and influence of sny conry is directly preportional to the erenath of its currency There is no question of mincing words about that In international relations there is rothing like absolute friendship If a country is strong and powerful it means its currency is strong and powerful Please do not think that just by appointing Shri Atal Behari Vajpayre as External Affairs Minister, we are going to get new friends in the inter national sphere

Do rot think that by just appealing to the pa riotic sense of the smugglers you will be in a position to achieve enything We will have to adopt very rigorous measures. Of late-I never que son the bonafide of Mr H M Parel-for the past ten days there is an atmosphere in the country that you can get away with anything The in lustrial sis the traders the wholecellers somehow feel that here is a Gov rament where we may be com paratively safe I am happy Mr Scmnath Chatterjee has come I was cor rectly advising them what you have said

SHRI SOMNATH CHATTERJEE I said that if there is a proper implementation the normal course of law Is enough You terrorised them and you took money for election purposes (Interruptions)

SHRI A C GEORGE In the new circumstances I am sure Mr Somns h Chatterjee will be more interested in the normal course of the law especially in the matter of smagglers

As I said I will never attribute rrotives or mala fides to them but s muly because of your party and some al tes somehow a feeling is going on tha any economic criminal can e-cape This is a dangerous trend With all humility with all the best intentions I am giving this suggestion to the Finance Minister that if you will allow this feeling to strengthen you will never be able to check and con rel economic offerders. Alea by they have go a feeling in Bombay in the coast of Gujarat and other places hat bere is a Government which is at least a different one than the earler ore (Interruptions) I am telling a few things in their own interest. Here it a Finance Minister who has been given a state of economy which is ters bealth; compared to any o fe-

been controlled to a great extent The wholesale and consumer price index has been brought down. It is their duty to see that this tempo is not slowed down. It is their duty to see that it is preserved and at least the part of progress is not retarded

SUBRAMANIAM SWAMY DR (Bombay North East) Mr Chairman it is very interesting to hear Congressmen speaking from the Opposition benches and trying to hide the fact as to why they were not voted back to power I am even more surprised that a distinguished former Minister like Mr Subramaniam should under take a digression into an area about which he hardly knows anything

Mr Subramaniam proposed a new doctrine that those who are from particular region must fight from that region. He quoted the example George Fernandes He quoted the example of people like Madhu Limaye, but he forgot to mention me

SHRI C SUBRAMANIAM I am sorry I did not mention the modern Netai

DR SUBRAMANIAM SWAMY would like to take this opportunity to saw that all of us in this country regard every other part as much or as equally as any other part I am surprised that Mr Subramaniam would go to the extent of saying 'their own people What does that mean? How far should we push or apply this doctrine? May I ask Mr Subramaniam what about your former distinguished colleague Mr Krishna Menon or Mr Aut Prasad Jain? What about Mrs Irona Gandhi herself? She is from Kashmir By his doctrine she should fight from Kashmir By her own admission she should 1 gat from Gujarat because she said that she was the daughter-in law of Gujarat Or, because Her husband was a Pars! maybe Mr Subramamam's suggestion would be that she should fight from Iran and not from India And considering the

form of government being practised there, I am sure she would feel very comfortable there I thing the kind of logic cannot be utilized. He must have spoken this when he was in hot moment He is known to speak a lot of illogical things when he angry He easily gets angry Constitution says that a man may be registered as a voter anywhere, but he can fight from anywhere else This constitutional principle he abides by and respects

THE MINISTER OF PINANCE AND REVENUE AND BANKINK (SHRI H M PATE) When did he respect the Constitution?

DR SUBRAMANIAM SWAMY Yes, maybe he has not read amended Constitution That part is still there I would urge Mr Subramaniam that in order to get rid of the petty mind and narrow vision. should fight from somewhere else during the next election which would teach him that actually India is one and that all of us can go outside our own villages and get some affection Maybe he can come to Bombay in the next election, and fight against me. And maybe because of the name-confusion, he may get my votes also I am willing to come just now

Now I would like also to take very strong exception to Mr Subramaniam e statement that government very gracefully handed over power What does that mean? Government is expected to hand over power Gracefully of course We did not expect anything elso This is a surprising statement to make as if the parlier povernment had any option I would have dared them to do anything else Let them try and not hand over power and see what would have happened. would have tried because even when the election-results were coming out, people who were in high offices, instead of immediately resigning-being an government-asked for re count and for repoll, and perhaps some of them sought police inspectors, and some of them acted in a disgraceful way; and

### (Dr Subramaniam Swamy)

113

some of them even had billet shots at them. This is the kind of drama that they enacted (Interruptions) I would say that if this is the kind of logic that would be applied we can say that we were equally graceful in that we have not arrested Mr Subra maniam and put him under MISA He is a free man and he can say what he likes As long as the Janata Party government is there I am sure he can sp' ak with full freedom, he need not WOLLA

We shall certainly prosecute people under the normal laws. One of his colleagues talked about smugglers. We are a little apprehensive that if we caught all the smugglers the Congress party would get decimated because most of their workers would be in jail having the profession that they

The other thing that I must take exception to is the talk of economic achievement I can understand that under the Emergency all of them w . afraid that if they d d not come ou with the sings song about econo mic progress they would lose there m nisterships

But after the whole thin is over when the facts have all come out they should at least have the honesty to come out and put the whole m tter in perspective Ti . Economic Survey which should have been published by now has not been still published Perhaps the election would have been an embarrassment perhaps they were occup ed do ng other things in the election when they should be doing off cial work and that is why perhaps it has got delayed

I myself prepared a booklet in 1975 where I po n'ed out the economic progress since emergency All the facts in this booklet were taken form newspapers, censored Indian news papers and put them together What happened. I sent it openly for print

ing It was during the emergency and before the elections were nounced What happened? The Got ernment impounded all the 5000 copies of the booklet and still I am yet to get possess on of it Of course Government was in a very difficult position. They could not catch me. So they eaught my book instead.

Kindly take facts step by step ask Shri Subramaniam which these can be questioned? He says the prices have been brought down. Since when were they brought down' The prices were brought down from Sep tember 1974 to March 1976 which really consisted of nine mints be fore the emergency and nine months after the emergency and they were brought down for a variety of other factors Which of the prices were brought down? If you consider the retail level, it is the price of food and the price of ed ble of The rrice of food came down because there was a very good harvest Con idering that 75 per cent of our erop is rain fed crop the production is based on the fact that rain, come on time price of crop came down because of the rams It is said that the trains run on time because of the declaration of emergancy I hope it would not be and the Gods were terrorised and so the rains came on time I lope they would not claim that

Even at that time if the prices of n hoor the ed.ble ol came d ye credit should go? Much of the edible oil is coming from groundnut and a large portion of it is produced Gujarat which at that time was 1-der the Janata Morcha Government the credit should go to the Januts Morcha Government, But w do rot Ve For cl m cred t or it rains came on time and that is the reason why the commodity prices have come down why the prices of other commodities have come down

The Government d d reduce the prices for air-cond tioners and terevision sets But these, of course do

not concorn really the poor man at all You cannot consider them as poor man's requirements Therefore you really study the position since Harch 1978 the prices have been continuously going up and today even by these spurious fake wholesale price index which is drawn up by God knows whom under what circumstances and under whose directions the wholesale price index shows within one year an increase of 12 per cent. And if we consider the retail price as published by the Economic T mee which is one of the les are not s which does publish the ret il prices for Bombas city the retail prices are 35 per cent higher than they were a seer ago

145

These are facts which Shri Subramaniem crunnot contest When did the prices come down, during the emergency? The prices come down and rose during the emergency. When during the period of 19 months of the emergency the prices come down for 9 months and rose for 10 months how can he say that the prices were controlled during the emergency? Obviously he cannot say that at all.

Similarly in all the speeches while they bring out everything the word unemployment does not appear at all For example take the 20 Point Programme Even a learned man like Shri Subramaniam go- on talking about the 20-Point Programme I arked several Congres neg what is this 20 Point Programme. They all sa d it is a revolutionary programme When I asked them what is the re volutionary part in the 40 Point Prog mme they said we have not studied if h if the programme is revoluted any But this 20 Point Programme says nothing about unemployment there is not a word about unemployment in it The 20 Point Programme talks about text-books, all kinds of prelevant non sense but tt does not say a word about themplayment Why are you wormed about the 20 Point Programme? The

Government had decided that they shall never as long as they were nut there publish the estimates of unemployment They never d d it The Planning Commission also refused to do it Non we shall certainly attempt to publish the estimates of unemployment But the fa t of the matter is even according to the statistics of the employment exchange registers in the 19 months during the emergency unemployment has gone up by 35 per cent These are all figures put out by the Labour Ministry and this is comething which can be tested. In this 35 per cent increase there are 12 lakh industrial workers who have teen retrenched

SHRI JYOTIRMOY BOSU (Diamond Harbour) 15 million

DR SUBRAMA'MA I SWA IY And if you include all the Ministers who have been unseated you will have an even higher figure

Then ther talk of industrial growth but they do not mention anything about the small industries It is a significant thing that more small industries have closed down in the last 20 months than in the lat 20 years According to their own figures 16 000 smalt industrial units had closed down largely because they were not getting any raw materials They did not have any lobby Previously they could lobby with the whole Cabinet or with some Ministers or MPs but now they had to lobby with only one person or half a person whichever you like and it is always very difficult to lobby with one person

Even Mr Subramannam said that the growth rate was 8 pc cent for 1975 76 but that the figure was not available for 1975 77. They are avail able The growth rate for 1976 77 is some to be only 2 per cent compared to 8 per cent for the earlier year rain the eather year rains came on time and everything was all right. Your

### (Dr Subramaniam Swamy)

147

growth rate went up because agricultural production want up but in 1976-77 rains were not on time there were cyclones and floods This Congress Government had never done anything to meet them. Therefore the growth rate has dropped to 2 per cent They talk of their stewardship of the eco nomy and its strong position but I am sure the Finance Ministry will soon be re e s ng these figures for the berefit of all

Similarly they talk of industrial output and say that this year's industrial output is going to be 0 per cent ue you increase industrial output for nt a in which sector? It has been no c e-sed in the public secto. What is the use of increasing coal production when the rest of the c unit, is no in a position to buy that coal? There is a huge stockpile of coal at the pitheads also of steel, fertilisers and every other commodity Mr Subramaniam will romember that in July 1974 this Congress Government totally bank rupt of ideas did not have any clue how to control inflation At that time some independent economists got together and came up with the idea of credit squeeze as a short-term strategy That is what he adopted, but he continued it for a long period. Prices are like temperature and credit squeeze is like aspirin Mr Subramaniam being a poor doctor kept on giving the asprin Tre patient was about to die but luckily we have been brought in and we shall bring some I fe back into the economy If he had been there the patient would have been dead,

Then they talk of the foreign exchange that they have accumulated but they do not mention what the trends are. Certainly in the first few re rihs foreign exchang reserves went up but that was largely due to larger remittances by Indians abroad those in England and Canada due to the fact that in those countries there was racial violence and tension. In the begining they were giving monthly figures, but what about the period after September 1976? Is it not a fact, I would ask the Finance Minister also, that remittances from abroad, especially since August 1976 have been eteadily coming down because the ranic of Indians abroad is going down?

1977-78

SHRI A. C GEORGE The remittance in February was Rs 124 ero-cs and on 18th March, 1977 the foreign exchange figure was Rs. 1419 crores

DR. SUBRAMANIAM SWAMY But are you going to keep it in a museum or transfer it to a Swiss bank? What are you going to do with it' Why have you as umulated this foreign exchange? In fact it is a criminal act that this foreign exchange was not utilised for proper imports Instead of that they just kept it in the Pererse Bank and issued rupees to the Indian Public

SHRI JYOTIRMOY BOSU you losing sight of the fact that Mr Subramaniam was the author of Devaluation of 1966 ?

#### (Interruptions)

DR SUBRAMANIAM SWAMI YOU will come to know very soon what we are going to import They talked about that the value of the ruper had gone up I want to know against shich currency at has gone up? I know what they have done about it. This is all tall talk this is publicity and total folsehood is total falsehood to say that the value of the Indian rupee has gone up. It went up some time back as inst the because india had mysterious concept of linking its value to a basket of currency in which the dollar happened to play the biggest role It went up automatically like gadha and its poonch (donkey and its tail) that is, wherever the gadha

goes its poonch also goes. The same way, the value of the rupee went up accenst the pound If you consider the value of the rupee vis-a-vis dollar, you will find that it has gone down This is the present position of the rupee vis-a-vis dollar Therefore. the has no merit at all. That is what the Congress Party had been doing In the first place, none of them had the courage to stand up Secondly, their leader came up with a proger me which had no basis came out with the 20-point programme for getting some people released from the pails That is what all about it What is the 20 point programme? (Interruptions)

I am one of the few persons who have actually read the 20-point programme Mr Vasant Sathe went to Paunar and came back with lovely messages and all that What is the 20-point programme It says that we must mcrease production Some people came and told me, 'Are you against increasing production?" Even my grand mpther told me that production should be increased, but she never became the Prime Minister The duty of the Prime Minister is to specify where we have to increase our production because this country has got certain priorities There are limitations on our resources Every body car say that production should be increased It is the duty of the Prime Minister to specify exactly what are the priorities and which are the areas here production has to be mereased

#### (Interruptions)

Let us look at the intellectuals of the 20-point programme

SHRI VASANT SAT'IE (Akola) You tell us what is important according to you

He himself does not know what he is talking about

(Interruptions)

DR SUBRAMANIAM SWAMY
This House must know what a fraud of 20-point programme is The question is that there are certain statistics in the 20-point programme I want
Mr Subramaniam to answer my question He says, "In one year in the 20point programme, we shall increase
irrigation potential by 50 lakh hectaress"

But the Five Year Plan says that in one year we can increase only by 9 lakh hectares And the achievement is only 8 lakh hectares The Prime Minister's 20-point programme says, 50 lakh hectares whereas the Planning Commission says, 9 lakh hectares, The achievement is only 8 lakh hectares What was going on in the Government? Did you have guts to tell Mrs Indira Gandhi that the 20. point programme figures were differers from those of the Planning Commission? No Because Mrs Gandhi happened to be the Minister of Planning, the Chairman of the Planning Commission and the author of the 20-point programme How can you say, in one breath, 50 lakh hectares and in another breath 9 lakh hectares? And the achievement is only 8 lakh hectares

Regarding the power development, it was said that the p war generality wilt increase by 2 600 MW, that is, that would be the capacity created or the potential created But the Energy Ministry says, it is only 1700 MW and the achievement is only 1440 MW That is what was going on Did you expect that anybody will ever confront you with actual figures and find out what Iroud you were perpetrating on the people of India? All this minke-believe economic progress in the last 20-months must be fully exposed I would urge upon the Finance Minister to come out with actual facts and figures and let the people of India know what actually happened in the last 20 months, how much the poor people suffered in the last 20 months

### [Dr Sub amaniam Swamy]

and how the Emergency benefited only a handful of people They did not have guts to epeak out and allow anybody to have his say They did not allow even the speeches made by the Members of Parliament to be reported in the newspapers With all this purdah the 20 point programme m ght look very big But it is not so This is what a poor man told me in my constituency where 40 per cent of the people live in slums. He said Mrs Indira Gandhi promised to reno the poverty 7 1971 he are going to Delhi to tell her to return the poverty of 1971 to us because the poverty of 19 t is my a cetter than the riches of 1977

SHRI APAVINDA BALA PAIA NOR (Pondicherry) Mr Chairman Sir I rise to participate on the General Budget d cuesion I will be fail ing in my duty if I do not congratu late the Ministry headed by Shri Morarji Desai and also the Finance "In ster Shri H M Pavl who has to his credit varied experience of civil aervice and also as a Member of Parliament But as a Member of the All India Anna DMK. I have to say certain things to both the sides

I am really proud to see many of the o'd Miristers the Foreign Minis ter the Finance Min ster the Commerce Minister and other Ministers sitting as a shadow Cabinet on this \*ide At the same time I welcome the new Ministers on the other side the persons like Shri Moban Dhama Shri Madhu Dandavate and others This is the first time that the country has got such an opportunity to streng then purhamentary demo racy and let u. not waste it.

At I sad last time the people con rot be fooled for long by showing progress mainly on paper They should feel that there is real progress in the daily life I gave that warning last time and the verdict has now come.

I am not sorry for it We have to res pect the verdict of the people We have been supporting the Government whenever progressive measures w ere undertaken and at the same criticieing. time the Government whenever the mistakes were committed by them. Now the verdict has come and it has to be respected by cota the sides. I mean the people on the opposition side also have the verdict of the people to sit and oppose the government as and when required for dissent is the essence of the democracy

This is the first time that we are having a large number of Opposition Members on this side to balance the parliamentary system of Government There is another group like us to tilt the balance whenever required in the interest of the people of this country If the ruling party goes on the wrong track we will not be cowards and we will point it out with all the might at our command and, at the same time we will not be failing in compliment ing them whenever good things are done for the people

When I came for the first time to this House I could not even utter a word because several Members used to get up at the same time and rone could be heard and the poor Speaker bad the hectic time I hope that is ever row And I hambly reques the members on both the sides to adhere to a peaceful and dignified parlia mentary sy era in our country

This is the best Parliament that we bave this time in all these 20 years D Subramanlam Syamy was very eloquent in pointing out the 20 months so called achievements balance et- But this is not the time for us to criticise the past Governe ment It is alright we had all gone before the people and the people have given their verdict. This is the tume for us to act, and if we do not act people will punish us in the same

way as they had punished the previous Government It is constructive orposition and work that is expected of us at this time I was expecting Dr Subramaniam Swamy a great rising economist with whom I used to discuss matters in the Central Hall to give us a positive and clear pro gramme I was pleased to see Mr II M Patel sitting there as the Fin ance Minister But I have not seen any positive programme in h s \*peech I know that the time at their disposal was very short but considering his eminence his vast experience and his capability I was expecting him to spell out the main lines of the post tive programme Every one of us talks of unemployment but what is the policy and programme to solve the unemployment problem? That has not been given. Let us not talk of the past Please tell us what you are going to do for the future I know economics it is commonsense more complicated So 1st us come to the common mans economics This coun try is a giant and f it has to be lifted from its economic «'umber it needs a bull dover injection not small peni cillin and terramycin injections In the past thirty years-I do not blame that Government entirely failed-they also tried their best but they failed in man sphere also. But what is your ros tive programme and policy? What is the bull dozer injection that you are going to give to this courtry? You should tell us now I do agree with you that civil liberties are to be restored but I cannot agree with you when you are that complife economic 1 berty is to to giv a at the cost of the poor You cannot make the people richer by using economic jargons and s ogans. You have to give constructive and positive programmes so that people can believe and cooperate with you in your task

153

SHRI K GOPAL (Karur) On a point of order Can a Min ster sleep in the House? The hon Minister of Health and Family Planning is sleeping in the House SHRI ARAVINDA BALA PAJA-NOR I can understand this Let him take some rest You can see the effect of elections in me also my threat is

affected The people of this country watching how the Janata Govern ment is going to help them how the All India Anna DMK Party is going to give constructive opposition sup port and how the Congress Party is going to give constructive criticism I do agree with Mr C Subramaniam when he came out with certain facts which cannot be denied. Of course there was misuse of Emergency but we cannot also deny that there were gains of Emergency There was dis cipline in the country as far as the economy as concerned. I was able to send my son and daughter to school peacefully. But at the same t me I do not agree that they done everything in a proper manner and when I raised it in the House at that time many Members said that I would be sent to Ahrore Jail if I did that and my reply was that I would prefer to go to Alipore Jail rather than being sentenced by the people of this country I said that that was the last chance for them to survive and many of them never listened to m- and they paid the price for it Non in the very first step I am af raid the same old mood of brushing aside constructive suggestions is being revived I do not warn you but I recall to your memory what happened in the past This is not the way you are supposed to function While I congratulate the Prime Minister I would remind him of this let it be a real Janata Government not a hy poer te or unreal Janata Government I know you blamed the previous Government that they never wert to the people to understand their problems. And when we all went to the neople for votes it was not all post tive soles many negative soles were e'so there for people are not very much concerned only about the civil libertles such as the writ of Manda pus Quo Warranto and Certiorari

The people of this country expect brend the people of this country expert shelter the people of this country expect food and not only food but also clothes What is the programme you have suggested for that in this Budget? Will it take such a long time for the Finance Minister to spell out the simple philosophy as to how vou are going to help the Januta' by the Janata rule"? I just want to know in clear terms

I appeal to you to tell the people first that we are going to give you employment by these methods Not only that I know from my hitle experlence of my own constituency of Pondicherry and also other places in Tamal Nadu what people expect of (Interruptions) I can understand our young men s unxiety People said that the old generation is going to rule But when I saw Hr Schiaman'am Swamy getting up I though here is a young brain in the Government and there will be a compromise the compromise of mixed economy come to the economy part later on If you are going to disturb the peace of the Ifouse and say that this is a different House I am not prepared for that and at the outset I may say that I cannot be a party to that kind of things being perpetrated in the House I want sincere work I want sincere and constructive work in the House We have to rise to the occasion and this is the time for us If you do not rise to the occasion not only people will condemn us but also other forces will lead to a revolution in the country That is the warming of the recent elections

to give bonus to the labour? What is your policy with regard to rural indebtedness? When this matter of bonus was represented to the Finance Minister, I am vorry, I could not say that he was positive but he was neither negative but he was highly evasive You must tell enterorically that bonus will be given to them When Mr Amin was speaking about the economic philosophy I tried to understand his thinking on our economy Unless you give mones to them they will have no pu chasing power You take away 'v the left hand what you give by the right and I want to know from the Finance Minister what sort of balanced economy he is going to have in this country then? In this context I tell you about the people in the rural ereas I know many of us got the votes from the common man always go and talk about the poo man in India for the sake of slogans. But when you go to the rural people, what is their position. He is indebted upto his neck I tell you The previou government protected the roof only from the private money-lenders. But the poor is not protected from the harassment of the Govt cred to Even today I have received telegrams from my people that they are hara-sed and put to lot of difficulties in te-overing the dues from them. The coopers tive and bank officials harassed and tortured the poor common man In Pondicherry I saw for a petty loan of Rs 50 o- Rs 60 the poor man in heirs harassed by the cooperative bank. I expected Mr Swamy to give some suggestion What has he got to help the man in the rural areas in tiding over this indebtedness? I have ore suggestion We have the post offices throughout our country Why not make them as a lending institution Mr Subramaniam said that the Rural Bank has come up to help May be it is very good for theoretical purposes but we have seen in the past that all this does not help the common man But why don't you make the postoffice as a lending institution, Why don t you suggest such a kind of constructive programme? That 13 what is expected of Mr Patel. I know Mr

I agree that this government cannot be blamed for the present state of affairs. But also remember that we were not a party to the previous government's misdeads, we lent them selective support Similarly we assure you that we will also support you. But may I tell you? People want to know what is your policy so that we can select and support? Are you going

Patel He ie very busy there When he used to sit here he used to advise us also Perhaps he thinks from the opposition I cannot give him any suggestion But please remember that all of us are elected as representatives of our people who require considered attention Your statement I admire is well-written and in good English I know pretty well that the Finance Minister has varried experience as Finance Secretary member of this House in the past You are a very clever man My humble request to you is let us not be escapists I my that the previous government were escapists in certain matters and they were punished But I do not blame all of them Many of them were sincere people and they tried their best to help the country. When the achievements were there I heard Mr Chatteriee saying They are people s arhievements' You do not want to give any credit to them It is not proper

be The slogan was that within a short span of time it cannot be done in economics in the long run everybody will die and nobody will survive to Judge the results

The other day the Prime Minister was saying that he had plan for 10 vears We have five years, seven years or ten years plans We should give a good-bye to all this What is your programme Janata Party has approached the people with the programme Where is it in your budget;

MR SPEAKER Please conclude

SHRI ARAVINDA BALA PAJA-NER I request the Members to take it seriously I request the hon finance Minister (Interruptions)

MR SPEAKER He is concluding Could you not conclude in a minute or two?

[MR SPEAKER in the Chair]

I agree with them that there was progress in the country and cyclain economic discipline was there. But at the same time the Reserve Bank of India had given a verdict inflation is going on As far us educated unemployment is concerned 1's more than 60 lakis. The position in reward to uneducated its still worse Purchasing power is going down the is the measure and what is the policy which the Government is going to adopt?

You are taking Vole me Account for four months We will be wasting four precious months of the vear What are the programmes which you are taking after four months? We were used to such kind of things in the past whater Government may

MOTION FOR ADJOURNMENT

DISSOLUTION OF JAMMU & KASHMIR

STATE LEGISLATIVE ASSEMBLY

MR SPEAKER We will now take up the Adjournment Motion

DR LARAN SINGH (Uddampur) 1 move

That the House do now adjourn."

The nation has just emerged from the worlds greatest and largest general election and the maturity of the Indian people and the capacity for smoth transit on has e ownd wo ld wid admiration

Announcing the elections the former Prime Minister had called that an act of faith I would subm t th t plthough our party has lost its majority our faith in the inherent good sense of the Indian people is absolutely just fied Parties and individuals may come and go but if the unity and strength of India is immintained and its secular and democratic foundations streng thened the future of people 15 assured It is therefore in this context that I consider it nothing short of tragic that witin 48 hours of the installation o' the rew Government in the Centre in the crucial border State o' Jammu and Kashmir all democratic norms were thrown to the wind A sharreful and shocking political affair took place where on the advice of a person with three other Members in the Housea total of four Members in the Hou e of 75-the Ascsembly was dissolved I would like to say that this has been not only a question of any one party or the other party this has been the national disgrace I think it is some thing which I am sure when the ton members opposite have heard us out I am wure they will also agree that what has happened in Jammu and kashmir has not brought any credit to this country

May I briefly recount the political events in the State over the last four or five years In 1972 in the gen ral election the congress party got a clearcut majority and the government under Syed Mir Qasim was formed and if was functioning smoothly that time Shri Sheikh Abdullan annur ce t his desire to return to the printical mainstream and said that he was going to wind up the plebicite front and treat the accession as final and would like to come back to the poli tical mainstream So in keeping with the political traditions of the country ne ctuations were opened with him. U timately a political agreement was arrived at It was indeed a very rare and unique act of political self abness t on on the part of the congress ic/ e ament with a clear cut majoritysupport to make way for Sherk's Sahib Not only that Two Corgrest LA resigned their scale so that Sheikh Abdullah and Minze Afzal Beg can be elected to the Assembly I would submit that the situation in Jamma and Asshmir has always been very delicate It is not a question of one porty or another party but the broad national interest and in that the Con gress willingly and happily gave its por e and Sheikh Sahib was inducted into the Government

For two years thereafter the Con gress extended full support to Sheikh Abdulish Government despite the fact th t there were numerous provoca tons despite the fact that the Con gress was often enough abu ed and ill treated by Sheikh Abdullah and bis colleagues The Congress caid the as it is in the national interest even if we suffer some humiliation we should not mind we should support i But Sir what happened, I are pained to ay this -had belied the high hope, that had been generated by the accord-The Congress was not represented a the Cabinet level We left tt entirely to Sheikh Abdullah But unfortura felv the Government displayed in difference to the people's welfare and displayed utter insensitivity to the needs of the common people

As you know, Jammu and Kashmir is a very far flung rountainous and backward area What was require I to be done was that there should be rapid economic development and that the needs and the aspirations of the people should be met But unfortunately what happend was that the developmental process slowed down unemployment increased to our great dismay The basic feature of the accord was that all the secular democratic and patriotic forces should get togther But what happened was that the National Conference which had come into being when the Plebicite Front was wound up was rot ever able to overcome its despressied ellergy and antipaths to the Congress The situation deteriorated and matters came to a head in the recent general elections that were held. It became very clear that the accord was not functioning at the ground-level at all. In fact tensions increased. We would have been hoodwinking the people if we had continued to support Sheih Abdullah And therefore after due consideration, the Congress parliamen tary party decided to withraw support to the Shein Abdullah Government and on the 25th of March, the Leader of the Party wrete to the Governor that they have withdrawn the support. er elesing a list of Congress members an I saying that they would be grepar ed to form a new stable Government They did not act irresponsibly They realised that Jammu and Kashmir is a sensitive State and we should ensure a stable Government in Jummu and Kashmir We new very well that we had a very clear-cut majority in the House This has not been disputed by anybody so far

Therefore the party wrote to the Governor Now this is where an extraordinary development starts happening. She kh Abdullah, for man, years has been proclaiming the agreed democrat Was it not be duty, at that time when he enjoyed power, as a

result of two years Congress Members support—was it not o simple, straightforward und clearcut political responsibility—to have immediately resigned and ask the Governor to call upon the Congress to form the Government?

He had only three people in the house It is unprecedented, I think, in the history of the constitutional functioning throughout the world, that one person with three muskefeers should have the affrontry to advise the Governor to dissolve the House when there was a clearcut majority there First of all I would like to make this point. Where was political morality or propriety of Sheikh Abdullah in recommending the dissolution of the House when he knew fully well that the Congress Party had a elegrout majority? As a result of this undemocratic action, he would stand condemned it the eyes of the people I think this is the first important point that this honourable House should realise

Then Sir, what happened? What has the Governor done' Sheikh Abdullah should have resigned and asked the Governor to call upon the Congress to form the government there He did not do that Despite his professions he threw them to the winds and said 'dissolve it' Then comes in the Governor What has the Governor done? The Governor should have clearly pointed our that he had only three Members in the House and here was a party which had a clearcut majority. Be fore I dissolve the Pouse, I must call upon this Party to form the Government. What has the trove n nor done? The Governor was here in Dolbi On the 25th letter to the Gavernor goes. And on 25th 1'e Governor fires back to Jarunu and without waiting without a en mee's ing the members of the Congress Leguis ure Party-it to had any doubts

[Dr Karan Singh]

about our claim, he should have called us- but he goes back and the decision to dissolve the House is taken within three hours of his going back to Jammu and he dissolves the House

SHRI BALBIR SINGH Sir. I rise on a point of order

MR SPEAKER What is your point of order?

SHRI BALBIR SINGH This point cannot be agitated before the House

MR. SPEAKER No please have admitted it now When the Assembly is not in session and when there is President's rule there this I cuse has full power to disues that Please sit down

DR. KARAN SINGH Sir I would submit that Sheikh Abdullah had not acted in a proper manner in recommending to the Governor for the dissolution of the Assembly This was nothing short of outrage Sir I am not a constitutional lawyer but I do have some knowledge of political science and of the Constitut on fact it will be interes ing to note that s mmu and Kashmir Con titution 1ecame law when I s good it That is a h storical fact. We are now being told that under Article a3 it ves obligatory on the part of the governor to disolve the House Article 33 is only an era bling provision

Art 53 of the Jamma and Kash mir Constitution says that the Gov ernor may from time to time, prorogue the House or either House or dissolve the Legislative Assembly But Sir under no Article has it been said that a Chief Minister who has got three people with him in the House has got the power? The Governor on the advice of the Council of Ministers could dissolve the House Where Is the advice of the Council of Munisiers to the Governor? It has not been taken

I would submit another point Here there are many eminent lawyers Under Art 36 the appoint ment is made of the Chief Minister under the State Constitution But the Governor is not bound by the advice of the Council of Ministers when he knew that Sheikh Abdullah had only got three perle in the House and the Congress Parliamen tary Party had a clearcut majority Under Art 36 he should have called upon the Leader of the Congress Parts to form a Government Why did he not do that Unless he had some specific instructions to dissolve the House in this undemocratic man ner

Then again under Art 92 he has assumed the power because of the breal down of the constitutional ma chinery Where has the constitutional machinery broken down? I do not think it has broken down In fact he has broken down the con titutional machinery by recommending to the Governor to dissolve the House in this undemocratic manner Art 92 says that if the constitutional machinery is broken down, then the Governor takes over the power Can you find a parallel anywhere in the way the Constitution has been de torted in this manner? Even if he was able to do this, why did he not act under 356? I would submit to . you-this is a very important pointthat under Art, 355 at least the power of this Sovereign Parl ament would have been operative in James and Kashmir At least there are democratically elected representa tives of Jammu and Kashmir sitting here and also in the Raiva Sabha What did he do? What has he dore? The whole State has been handed over to a civil servant There is no Assembly there There is no demo-cratic functioning There is no way by which the will of the people can be expressed Sir I would like to atress that not only has constitutional

propriety and political morality been

thrown to the wind but also the sovereignity of this House has been eroded in Jammu and Kashmir Are the people of Jammu and Kashmir not an ir tegral part of India? 1), the peo ple of Jammu and Kashmir not have the democratic rights and privileges in the same way as people of other parts of Irdia? What is the meaning of this extraordinary attitude that was adopted' Surely Sir, a very eminert person has become the new Law Minister and the hon Home Minister is here

I find it unpleasant to have-so soon after the formation of the Government-to say this Sir I remember the Prime Minister said soon after he took office. If we go wrong people should pull our ears of course, it would be hypothetical and most imprudent for me to do that but I have to point out that you have slipped up within 48 hours of the formation of your government You have not given this mafter the correct cors ceration that it deserved hose not realised the delicate situa tion-political and constitutional-of Junmu and Kashmir You bave thrown democracy to the winds within 48 hours. You have wron't a lyised the President to accept the proclama tion-just now the proclamation has been laid on the Table of the House I neer this proclamatten the covereten ty of this Parliament is curtailed The budget will not come before the Parks ment Where is the democratic repre sentation in the budget? The budget is going to be passed by the civil sers ints Is this the way that the new government is going to maintain and streng then democratic traditions? I would like to submit Sir that what his happered is morally indefersible legally untenable and constitutionally question able

Sir let me make one thing very cieor that we are not lamenting the fact that Congress was not asked to form the government. This very Congress legislature party volustarily gave up power two years ago

What we are lamenting is that the people of Jammu and Kashmir have been treated in a shabby manner The people of Jammu and Kashmir who are integral part of the nation descried better treatment at the hands of the

AN HON MEMBER Be ready face them

DR KARAN SINGH We are prepared We have just faced the people of the State We will happily face them. That is not the point Tie point I am making is that I am very sorry to have to's y that in a critical matter like Jammu and Lash mar the government have slipped up and therefore, it has become-wittingly or unwittingly-partner to a sording act of political Letraval And as wetch dogs of the welfare of the people it has become our duty to bring the matter before the House in the form of an adjournment motion and as such I commend this adjournment motion before this hon ble House

about our claim, he should have called us—but he goes back and the decision to dissolve the House is taken, within three hours of his going back to Jarimu and he dissolves the House.

SHRI BALBIR SINGH Sit, I rise on a point of order

MR SPEAKER What is your point of order?

SHRI HALBIR SINGH This point cannot be agrizted before the House.

MR. SPEAKER No please I have admitted it now When the As embly is not in session and when there is Presidents rule there this I rus has full power to discuss that Please et down

DR. KARAN SINGH Sir I would submit that Sheikh Abdullah had not acted in a proper manner in recommending to the Governor for the dissolution of the Assembly This was nothing short of outrage Sir I am not a constitutional lawyer but I d, have some knowledge of colitical science and of the Constitut on fact it will be interesting to note that dermu and Kashmir Constitution tecame law when I s good it That s a h stoneal fact. We are now being told that under Article 33 ft v sobl gatory on the part of the sovernor to disone the House Article of is only an enahing provision

Art 33 of the Jamins and Krishman on Constitution as 15 that the Governor may from time to time, prorouge the House or active House or d coolve the Lexislative Assembly But Sr. under who has for three pools of the House or a full think of the House has got the present the Council of Ministers could those of the Council of Ministers could do to the House White 15 the active of the Council of Ministers to the Governor in the active of the Council of Ministers to the Governor' it has got been taken.

I would submit another point Here there are many emment lawyers Under Art 36, the appoint ment is made of the Chief Minister under the State Constitution. But the Governor is not bound by the advice of the Council of Ministers when he knew that Sheikh Abdullah had only got three perle in the House and the Congress Parliamer tary Party had a clearcut majori') Under Art 36 he should have called upon the Leader of the Congress Party to form a Government Why did he not do that. Unless he had some «pecific instructions to disso've the House in this undemocratic man

Then again under Art 92 he has assumed the power because of the brea form of the constitut onal ma chirery Where has the contitu nal machine", broken down\* I do no think it has broken down. In fact he has broken down the end . titutional machinery by recommerding to the Governor to dissolve the House in this undemocratic marner Art 92 says that if the constitutional michinery is broken down, they the Governor takes over the power Car you find a parallel anywhere in the way the Constitution has been deto-ted in this manner? Even if he was able to do this why did he noact under 3567 I would submit to . you-this is a very important po.n'that under Art. 356 at least, the power of this Sovereign Parlant would have be n operative in James and Kashmir At least there democratically elected represendtives of Jammu and Kashmir s. 11.75 here and also in the Rayya Sab's. What did he do? What has he done The whole State has been handed Wer to a civil servant There is 40 Assembly there There is no democrate functioning There is no wolf by which the will of the people car be expressed Sr I would 1 ke etress that not only has constitut to it propriety and political merality be-7

thrown to the wind, but also the sovereignity of this House has been eroded in Jammu and Kashmir Are the people of Jammu and Kashmir not an ir tegral part of India? 133 the people of Jammu and Kashmir not have the democratic rights and privileges in the same way as people of other parts of Irdia? What is the meaning of this extraordinary attitude that was adopted? Surely, Sir, a very eminent person has become the new I aw Minister and the hon Home Minister is here

I find it unpleasant to have-so soon after the formation of the Government-to say this Sir, I remember the Prime Minister said soon after he took office If we go wrong people should pull ou- ears of course, it would be hypothetical and most imprudent for me to do that but I have to point out that you have slipped up within 43 hours of the formation of your government You have not given this matter the correct consideration that it deserted You hine not realised the delicate situation-political and constitutional-of Jan'mu and Kashmi-You have thrown democracy to the vints within 48 hours. You have wrongly advised the President to accept the preciamation-just now the proclamation has teen laid on the Table of the House Uniter this proclamation the sovereign.t. of this Parliament is curtofled. The budget will not come before the Parliawent. Where is the demo-ratic representation in the budget? The budget is grand to be presed by the civil servants Is this the way that the new government is some to maintain and stoomsthen democratic traditions' I would like to submit Sir that what his hapresed is morally in it of site, levally urtinable and constitutionally question-2) [2

S.r. let me make one thing very cient that we are not lamenting the fart that Congress was not asked to form the government. This very Congress legislature ports waterfily gave up power two years ago.

What we are lamenting is that the people of Jammu and Kashmir have been treated in a shabby manner The people of Jammu and Kashinir who are integral part of the nation deserted better treatment at the hands of the

AN HON MEMBER Be ready to face them.

DR. KARAN SINGH We are prepared We have just faced tho people of the State We will happily face them. That is not the point The point I am making is that I am very sorry to have to say that in & critical matter like fammu and Kashmir, the government bave slipped up and, therefore, it has become-wittingly or unwittingly-partner to a sordier act of political betraval. as writeh dogs of the welling of the people it has become our duty bring the matter before the House in the form of an adjournment motion and as such I commer! this adjournment motion before this hunble House

मैं इस बात का विल्यूल नवसन्दात नहीं नर रहा हूँ कि हमारे दल में मीर विरोर्ध पक्ष में बुनियादी मतभेद हैं लेक्नि इन बुनियारी मतमेरी के बावजूद में उम्मीद करता हू कि राष्ट्रीय हिनी ना हम लीय मदौंपरि च्छुँगे। मैं यह मानना हूँ कि अब हम प्रतिपक्ष में ये तो हम स भी कुछ भूतें हुई होगा। में यह नही नहता कि हमारे सार काम ठीक ही थे मेकिन इस बात से इकार नहीं किया जा सकता कि जब देश के उत्तर धाकमण हमा बादेश के उपर भन्यराष्ट्रीय सहट प्राए, तब प्रतिपक्ष ने प्रपने क्यर जिम्मेदारी नी ग्रीर सत्तास्त्र दल के साथ रह कर देश के हिता की मौर जनना के हितों की रक्षा की। उदाहरण ने तौर पर में नहना पाहता हू ति जब 1965 की लड़ाई हुई, इस समय प्रतिपक्ष नं दलीय मावना में उत्तर उठ कर जनता स्रोर सरकार का साथ दिया । अद बगना दन का सामना सामने प्राया, तो प्रध्यक्ष महोदय, थाप जानन हैं कि प्रतिपक्ष ने महयाय की भूमिका निमाई धीर अब कभी इस सदन में कब्सीर का सवाल उठाया गया भीर उस व पर्चीहुई तो। भारमीर के मदाल के महत्व की, उस की घट्नियन का स<sup>म्</sup>तबर रखन हुए, हम सोगा ने हमना राष्ट्रीय दृष्टिकीण धपनाया

था। मकट काल की घोषणा से पहले मेख प्रवृत्सा साहव घौर प्रधान मती जी ने बीच में जो ममझौता हुआ या नारगीर **दें** मामले को लेक्ट झौर उस पर जो इस सदन में चर्चाहुई थी, उस की ग्राज हमें याद ग्रास्ती है। मैंने उस चर्चा में भाग नहीं लिया था लेकिन मेरे मित्र शी मधुदब्दते ने, जो धव रेल विभाग के मजी हैं, हमारी तरफ से मापण किया था भीर मध्यक्ष महोदय, यदि प्राप भीर हमारे दूसरे मित्र उस भाषण को पहुँगे तो पता चनेगा कि शैख बब्दल्ला भौर प्रधान मही जी के बीच जो समझौता हुमा **था,** उन वा हम लोगों ने खुल कर समयैन विया था। क्यो क्याबा। क्योंकि हमारी मान्यना थी कि क्षात्रमीरका सवाप दलीय राजनीति ना सदाल मही है। काश्मीर के माथ भगर भाग दमीय राजनीति की बार्ने करेगे तो मरी घपनी भान्यता है कि न देवल सत्तारह दल की घोट पहुचेगी, न केवल प्रतिपक्ष की घोट पट्टेबेगी वन्ति समने राष्ट्र ही स्वाधीनता खतरे में पड जाएगी। इसलिए हम सोगी ने राष्ट्रीय दृष्टिशीण की अपना कर नाम्मीर समझौते का समर्थन क्या था।

मेरे जिन लावर दोस्त ने पाज पह नार्य रोको प्रस्ताव रख्या है, वह मेरे निव हैं। वन्तर में बहुत ग्राहन करता हूं भीर जित तरह से ग्रेह प्रह्माता ना स्थान मत्त्रमा है, उसी तरह से में प्रमाना है जित कर्या है क्या प्रमान है। जावे में रहा ना प्रजा हमाने हैं। जावे में रहा नहीं करता ह तिया में प्रमान कर्य तिह ना प्रजा हमाने हैं। जमीद कर रहा या हि नेरे मित स्थान प्रमान कर रहा या हि नेरे मित स्थान पर, प्रमुख हित के साधार पर प्रमान कर मेर सिंहान मेरे का ग्राह है, उन के शाधार पर में

धाष्ट्रमक्ष महोदय, इस मे को बाते हैं, उन के ऊपर हम सोगा को बिल्कुस निष्पक्ष भौर तटस्थ बन वर सोचना चाहिए।

मुझे बढा भानग्द हुमा कि इतना महत्व का सवाल कर्ण सिंह जी ने चठाया और भापने चर्चा ने लिए उसनी लिया । मैं भपनी सरकार से और हमारे सदस्यों से विनम्प्रतापूर्वन' यह कहुना चाहता ह कि जब कभी देश के महत्व का सवाल यहाँ भाए हो यह देश की बड़ी पंचायत है, इसमें उसकी पर्वा जरूरी होनी चाहिए । मैं भपनी थार्टी की घोर से घापका भाग्वस्त करना चाहना हू कि जिस प्रकार कावेस पार्टी इससे भागती थी, हम नभी भी इस प्रकार ने विवाद स भागेंगे नहीं। सगर हम से यस-विया होती हैं तो मैं भपने मती महोदय मौर प्रधान मधी जी में कहुगा कि वे विनग्र हो कर इस सदन के गामने बाए मौर प्रपनी संसतियों को कबूल करें। यतित्या कबूल बरने पर धौर विनम्नता में पेश माने पर

मेरे स्वर्गीय नेता ने मुझ को सिखाया था कि जो दण्डघारी होता है, सता म रहता है, उसको हमेशा विनम्नता स बान र स्ती चाहिए और विरोध पक्ष के जा लोग होते हैं वे प्रगर गुस्से मे भी बात करते हैं वो उसको बर्दास्त करना चाहिए । मैं माशा करता हू कि हमारे दल म इस भादर्श का पालत होगा । मैं धपने स्वर्गीय नेता की अब बात करता ह तो मेरा तालमं डा॰ राम मनोहर सोहिया से है और बा॰ राममनोहर सोहिया ने हमेशा नहा है कि जो दण्डधारी है, जो मत्ता में है, उसकी बहुत कुछ पीना बाहिए, बदरित करना चाहिए । इसक लिए हमारी सदा कोशिश रहेगी । भगर हम मलती करते हैं सो भाप हमको ठीक रास्ते पर लाने का बाम बीजिए, हम धापकी बात को मानेंगे।

करना चाहिए ? ग्राप कहते हैं कि मुख्य मन्नो वे अनावा और नोगा का वहा ब्रूमत था। ठों है जिन स्तर पर इसकी चर्चा होती चाहिए उमी स्म्तर पर इसकी चर्चा करमा ।

भाषा 1972 व चुनाव का उप्तेख तिया है । माफ नीजिए मैं यह बान थात नहीं वह रहा द्वािक मैं इसर बैठा ह। 1972 मंजबंतर चुनाव के नती दे नहीं भाव व, मैं बिहार भीर पश्चिम क्यान ना दौरा करहे माना मा मोर कश्मीर क बारे म मेरे पान मनाचार धावे थे, तभी मैंने एक पत्रकार सम्मेलन म नहां या कि काश्मोर मीर पश्चिम बगान म जो पुताव हो रहे हैं ये न तो तिपत है चौर न स्तरत वातावरण में हो रहे हैं। में तो इसते भी धारी जाकर कहुगा कि स्वनवना प्राप्ति क थाद से कबनीर में बितने चुनाव हुए वे सभी स्वनत्र चुनाव नहीं हुए हैं। वहां स्वनत्रता ने वातावरण में चुनाद नहीं कराये गये । पह मेरी राय है । साप मृत से मतभेद रव सकते हैं। इवनिए 1972 के चुनावी का जो माधार माप बता रहे हैं, मैं बहुता ह कि यह दिल्द्रुन निराधार बाउ है । 1972 क चुनावा में जम्मू भीर काश्मीर की जनता का जो सही मत है वह प्रमिव्यक्त नहीं हुआ था। यह मेरी राय है।

मध्यक्ष महोदय, दूसरी एक बात इस सदन की ब्यान में रखनी चाहिए। 1972 में जो विधान समा चुनी गयी भी वह पाच माल के लिए चुनी सभी भी। आपने मनमाने हम से, एक व्यक्ति की गरी की बचाने के लिए, इस देश में सकटकाल की धोपना की भौर सरिधान की धाराओं का दुरुपयीग करत स्रतेम्बनियों की मियाद की बढाया, इस सदन भी मियाद का बटाया । धापनै " भौविय भौर नैतिकता की बात की । मैं भारमे एक बात पूछना चाहता हू कि 25

जुन, 1975 को किसी ने इस देश में सधस्त्र विति को बात की भी ? क्या बोई विद्रोह की स्थिति घी ? क्या सोननायक जय प्रशास नारायण स न्तिपूर्ण तरीको को मन से स्वीकार नहीं करने थे ? यह बात भी नहीं गई कि लोजनायन अयबकार्य नारायण संना भीर पुनित को उत्तमा रहे ने लेकिन उन्होंने सिर्फ इतना ही यहा था सेना ने सिफहियों को, भ्रम्मणे को पुलिस दल के सदस्यों को कि, गैर कानूनी भीर 'सबैधानिक हुनम को नहीं मा ना पाहिए । ग्रगर तेवन हुनम को ही पाघार लिया जाएगा तो हिटलर रे मादेव पर जो भत्याचार विष् गए मुख्योगी हे बारेंग पर जो बन्याच र निर् गर्भे धम्य मानने पडेंगे। इसलिए मैं भाष से वहना चाहना हू कि लोड नायक अय प्रशास नारायण ने सेना धौर पुलिस में विद्रोह फैलाने का कोई प्रयास नहीं किया । मगर सकटकाल का लगाना ही या तो गुजरात मान्दोलन जब चरम सीमा पर था तद सगाया होता चीर दस प्रतिवत भापनी बात सही है " ऐसा जनता कहती । विहार धादीसन जब चरम सीमा पर था सीन चार, पार्च मन्त्रवर को धौर दिहार बन्द का धाहवान...

MR. SPEAKER The tune is limited and we can discuss it when we are discussing Bihar and other States later on That is a bigger issue. Please come to Kashmir

थी मपु निमये • मैं यह इसलिए कह रहा हूं कि संकटकाल में ही इस विधान सभा वी निवाद को बहाया गया । नहीं तो कर्ण सिंह जो नो नाम रोनो प्रस्ताव रखने नी ष्ट्र ही याप नहीं देने । मैं याप से नमना-पूर्वक कहना चाहना ह रि जहा ता नैति-क्वा ना सवान है जस्म नास्मीरकी विभान, समाना कोई नैतिक द्याधार नहीं बेबा या। वह टूट गई थी। उसको तो बैसे ही धन्म विया जाता मृत्य मंत्री की सलाह के दिना वो भी यह उचित होता, नैतिक होना । नेतिन उसकी बात में नहीं पर रहा हूं।

स्वय कर्णसिंह जी ने कहा है कि कारमीर का प्रपन सविधान है । क्या है सविधान की धारा ? यह 35 (2) है जा मदेज भे है और इसको मैं धीरे धीरे पद देता

'All functions of the Governor except those under sections 35 38 and 92 shall be exercised by him only on the advice of the Council of Ministers"

DR. KARAN SINGH Council of Ministers, not the Chief Minister

श्री मधुलिमये में इसलिए कहता ह कि ग्रापकी उम्र तब छोटी थी, धापने उस समय सविधान को नहीं पदा था। घव द्वारा भापको इसको पढना चाहिये । मापने जिस पर हस्ताक्षर किया उस में घापने सिर्फ कहा है। प्रापने हस्तालर विष् हैं भैंने नहीं किए हैं। मैं तो प्रतिपक्ष की राजनीति चन दिनो किया करता था। भापने हस्तादार किए हैं। इस में लिखा हुमा है कि जिस मुख्य मती के पीछे तीन लोग हैं, चार लोग हैं, पाच लोग हैं, सी लोग है, दो सी लोग हैं, षहा तक डिसोल्यूशन का सवाल है, विषटन का सवाल है वह तो मुख्य मती की सलाह पर या प्रधान मती भी सलाह पर ही होता है । भाप भगर मुझे बहुस में ले जाना चाहुते हैं तो मैं सिफारिश करता ह कि यह भाइकर जैनिग्ज की किताब है, कैबिनेट गवर्नमेट इसको ग्राप पढिये। मैं सदन का समय बरवाद नही बरना चाहता बयाकि यह कोई डिवेटिंग यनियन नहीं है। हम जनता के प्रतिनिधि हैं भीर जनता की बात हम सीम योलेंगे । यह कोई यनिवसिटी की छात धूनियन नहीं है । मैं बहुना चाहता हू कि सदन को विषटित करो वा अधिरार इन्बैंड में हमेगा प्रधान मजी नाही रहता है । उसके बारे में घगर प्राप चाहते हैं तो मैं एक याक्य पढ़े देता है। मैं कोई तोडमसीड कर बातों को कहने का भादी नहीं है।

was laid on the Tuble of the House shows that the proclamation was assumed under Article 20 of the Jammu and Kashmir Constitution. Now this 22 correspond; to Article 336 of our Censtitution. Our Constitution was made applicable to Jymmu and Kashmir by the 1834 Order of the President issued under Article 370. The Constitution (Application to Jammu and Kashmir Order 1944 is

"The provisions of the Constitution (as in force on the 20th day of June 1964), and as amended by the Constitution shall apply in relation to the State of Jammu and Kashmur and the exceptions and modifications subject to which ther shall so apply shall be as follows shall so apply shall be as follows

The point I am making is, of course for Jammu and Kashmir there is a Constitution. That was the ease upto 1954. In 1954 under Artiele 370 of the Indian Constitution the present order was promulgated on Jammu and Kashmir Therefore subject to the narration in this order, the entire Constitution of India applies to Jammu and Kashmir And Article 13 of that Application Order makes Article 356 applicable to Jammu and Kashmir There are certain articles which are exempted. Article 356 is made applicable to Jammu and Kashmir This is what it says

"In clause (1) of article 256
"The clause (1) of article 256
references to provisions or provision of this Constitution shall, in relation to the State of Jammu and Kashum; be construed as including references to provision or provision of the Constitution of Jammu und Kashum;"

Under Article 22, sub article 2 it is stated that certain modifications may be made under the Jammu and Kashmur Constitution That power as also taken Constitution That power as also taken Farticle 355 of the idiatan Constitution and Article 25 of the Indian Constitution and Article 25 of the Jammu and Kashmir Constitution, Whereas Article 355 of the

Indian Constitution, sub-clause (b) of clause 1 says 'declare that the powers of the Legislature of the State shall be exercisable by or under the authority of Parliament.", this is ornited under Article 92 of the Jammu & Kashmir Constitution The result is that under the Jammu & Kashmir Constitution the legislative power, the budgetary power all powers are vested in the officer who takes over the administration whereas under our Constitution the power is sested in the Parliament of India By applying this Article 356 to Jammu and Kashmir, this Parliament has taken over power under the emergency provisions to legislate even in the same manner as In the case of Tamil Nadu Pondieherry and other States which are under President's Rule My first question is this. When Article 356 is applicable to Jammu and Kashmir this Parliament has got the power to legislate for the people of Jammu and Kashmir, grant budgetary grants and everything for the people of Jammu and Kashmir, why is it that the Government of India advised the President to sanction proclamation of Order under Article 92°

That is a very grave and important question, on which I would ask for elucidation, because we want Kashmir to be part of the entire India Kashmir is a part of the entire India. Kashmit has come into the national main stream of India In order to make it so this promulgation order was passed. We could take the entire power was Article 92 preserved, when article 356 is available? Why is the officer or the bureaucrats given all the powers when you have got the power to take over legislative functions and everything? This is important, particularly with respect to a State like Kashmir on this a clarification is called for I submit that whereas under the Presidential Order, Article 356 is applicable nullifying thereby Article 92 ie making it inoperative the order passed under Article 92 by passing an order to be passed under Article SS6 as per the application order of the President this order passed by the Governor with

the consent of the President of India is absolutely null and void. This is my first point.

My second point is that the Govern ment of India have got to explain to this House why they preferred Article 92 to Article 356 and why they pre ferred Mr Jha to legislate ms-a 1.12 the Parliament of India doing it Again Mr Madhu Lamaye said that when an advice is given it has got to be accepted Let us look at Article 35 it says that all the functions of the Governor except certain things shall be exercised by him only on the advice of the Court cil of Ministers May I submit that the law with respect to the dissolution of Parliament has now been spelt out? I will read out an authority where it is spelt out as to what exactly is meant by convention and what exactly the rules are I do not want to read all the rules I would read only thus

The Crown may under certain circumstances, refuse a dissolution to a minority government whether defeated or undefeated provided an alternative government is possible and able to carry on with the exist ing House

This is a Cambridge University publi eation and accepted as an authority in the constitutional law It sums up the law on the matter in these terms "most constitutional lawyers acem to support the idea that in a divided House particularly with a multi party system a minority government whether defeated or undefeated is not entitled to a dissolution if an alternative government is possible and furthermore it is capable of carrying on with the existing House" Therefore I submit that the law with respect to the constitutional conventions are there The Crown has got the asthory to dissilve. This is number one. Second. ily the Crown can display on the a lake of the Prime "tinierar Thin'ly the Crown can dissilve en the adree of the Council of !tirist as Fourthly the Crown can refuse the clistch tion if an alternative government is portible

What the Jammu and Kashmir con stitution has done is that it has vetoed the proposition that the Prime Minister can advise and that a dissolution can be on the basis of the Prime Min ister's advice. This has been a contended proposition and the settled law is that the Prime Minister as distinct from the Council of Minis ers car advise But the Jammu and Kashmir constitution says not the Prime Minister but the Council of Ministers." Secondly at as stated that the arbitrary power of the Crown to dissolve with out the advice of the Prime Minister or the Council of Ministers is taken away Thirdly the point is that by the use of the word may in the subsequent clause the power to refuse Is preserved That is the tion by giving the authority refuse if an alternative government is possible. That is preserved by the constitution of Jammu and Kashmir If so the first question I would like to raise is this Did you apply your mind as to whether this advice was given by Mr Sheikh Abdullah or by the Council of Ministers? The news is that Mr Sheikh Abdullah arrived here on the 24th and he was here on the 25th and 26th. Six of the Council of Ministere had restaned Their resigna tion was not accepted

Adjournment

Therefore they were the Council of Ministers So the question has to be gone into whether the Council of Ministers met, whether the Council of Min isters have recommended or whether this recommendation was by the Chief Plinister Even going by articl- 35 of the Jamma and Kashmir constitution a recommendation by the Chief Minister shall not be accepted it is only a recommendation by the Council of Ministers that shall be accepted I would like to get the report to see as to what exactly the post on is If the advice is enly by Shel She'kh Abdullah, it is absolutely without legal basis

Then ever if it is by the Council of Miristers It is undisp ted that an al ternalise Government is norsile When an all emption Government to [Shri C 1 Stephen]

183

possible I do not know how this wetion 92 or article 356 applies Section 92 applies only when the government o' the State cannot be carried on in a cordance with the provisions of the Constitution only when the Governor is satisfied that the government of the State cannot be carried on in accordance with the Constitution it is only then he has got the Jurisdiction to dia solve the Legislative Assembly the factual position is that the govern ment could be eatried on because it is not disputed that there was an al ternative party which was prepared to take over and run the adminis ration Therefore even if section 92 would apply even if article 356 would apply the basic question is whether the government could or could not be carried on. There was no break down of the Constitution Therefore there was no justification for an officer to take over the powers which remain sested in the Legislative Assembly

One more quotation from the same book. It says

Dissolution of Parliament is in this country one of the prerogatives of the Crown It is not a mere feudal survival, but it is a part, and I think a useful part of our constitutional system It does not mean that the Crown should act arbitrarily and without the advice of responsi ble Ministers, but it does not mean that the Crown is not bound to take the advice of a particular minister to put its subjects to the turnult and turmoil of a series of General Elections so long as it can find other Ministers who are prepared to give con trary advice The notion that a Ministry which cannot command a majority in the House of Commons Ministry in a minority of 31 per cent in these excumstances is invested with the right to demand a dissolution is as subversive of consti tutional usage as it would in my opinion be permicious to the general and paramount interest of the Nation at usage '

My submission therefore is this is a dangerous constitutional precedent that you have set up An afternative goternment is possible the advice has been given not by the proper person. article 156 was by-passed Parliamer! kept away from the whole thing Par liament is not given the power to legislate for the people of the country and an officer was given all the powers as if Jaminu and Kashmir forms a serorate country all ogether, which has nothing to do with us, as if it is not a part of the national mainstream. This speaks ill of a government which is headed by Shri Moraril Desal That if all what I have got in say

I do not want to confrovert all the allegations made by Shri Limage, That can be done in a different forum altogether But it was un fortunate that Shri Limaye made the observation that elections in Jammu and Kashmir were rigged Let him remember that the top persons who now guide the administration on the other side they were part of the Government of India they were the guiding fathers in the Government of India, when the elections in James and Kashmir were taking place I' is absolutely against the national interest that on the floor of the Par liament of India we should make a statement that whatever elections were held in Jammu and Kashri' from 1947 onwards were all rigged By this statement we are giving grid to the mill or international anti-Indian propaganda, which will give a good handle to Pakistan I are sorry this statement was made firmly repudiate this statement That is all what I have to say

Coming to the imposition of Governor's rule in Jammu and Kashmir the Congress Party will remember what it did in Tamil Nadu I am not here to consider whether the Tamil Nadu Government was a good or a bad government but it was not for the Central Government to decide whether it was good or a bad govern ment it was for the people of the State to decide whether it was good or bad

SOME HON MEMBERS And they have decided

SHRI K. S HEDGE The Members of the Congress Party say that they have decided. If they have decided, the people of India have also decided that the Congress Party was a cor rupt party

HENRY AUSTIN (Ernaku lam) Was the election in Tamil Nadu also rigged?

SHRIK S HEDGE I do not konw you are in a better position to sneak about it

SHRI M. KALYANASUNDARAM (Thruchirappalla) On a point of order We are now discussing the Kashmur situation and not Tamil Nadu Is it in order for the hon Member to compare Tamil Nadu with Kashmir?

MR. SPEAKER There is no point of order Both are parts of India and they can be compared

SHRI K. S HEGDE He seems to be very touchy when I refer to the democracy of the Congress Party supported by the CPI earlier

Let us now consider the question from the political as well as constitutional points of view So far as the first is concerned, there was a political agreement between Sheikh Abdullah and the Prime Minister of India Under that agreement Congress Party agreed to hand over the reins of power to Sheikh Abdul lah It was an agreement entered into, though not permanently but at least for the duration of the Assemb ly's life Sheikh Abdullah appears to have made several attempts hold local board elections but the Congress Party persistently stood in his way because they were ufraid of facing the people. They did not want an election at all

I am not going into the question whether the elections in 1972 were rigged or not but there is no doubt that there were complaints. They may have been true or not but the fact remains that there were complaints and therefore the genumeness of the elections was an open issue.

Let us examine it from the constitutional point of view What was the basis on which the Congress Party made over the power to Sheikk Abdullah and his Party? Congress members were the elected representatives It was their duty to carry on the Government if they were the real representatives of the people Under the Constitution of India as well as under the Constitution of Jammu and Kashmir it is the representatives of the people who must govern the State not anybody and everybody If the Congress Party really represented the people if the Congress Party believed that they represented the people, they could not have handed over power to Sheikh Abdullah It was not a property right or a transferable right What is the necessary implication arising from their handing over the reins of government to Sheikh Abdullah and his party? It is that they

have recognised Shelkh Abdullah es

[Shri K S Hegde]

the real leader of Kashmir and his party as the real representatives of the people of Kashmir Having done that they have no right now to say that they will again take over the government.

Can you show me one constitutional provision or legal provision under which an elected party can hand over the power to any other party?

(Interruptions)

SHRI C M STEPHEN rose-

(Interruptions)

MR SPEAKER I do not allow like this. You are a senior Member of the House Anjbody can do it We will be helpless

(Interruptions)

SHRI K. S HEGDE It shows that that party is the real party of the repre sentatives of the people of Kashmir What happened? The term of the Legislature was for five years. The Congress government at the Centre declared emergency imprisoned people extended the life of the Legisla tures and thereafter the Congress porty in Kashmir withdrew its support extended to Sheikh Abdullah The real question to decide is whether Sheikh Abdullah when he demanded the dissolution of the House was vo cing the opinions of the people or not? There is one established consention about it When the Prime Minister asks the Head of the State to dissolve the Legislature and if the Head of the State comes to the conclus on that the demand is supported by public opinion then it is the duty of the Head of the State to dissolve the Legislature

Mr Speaker you will remember what has handened recently in Australia The Governor Ceneral of Australia d solve the Legislature in Australia d solve the Legislature in Australia d solve the Legislature in Australia d solve the Labour Party was in realisting in the Labour Party was in realisting in the Lower House The Governor Central on and that the majority in the Legislature did not represent the mujority is the coursely

Sami'arly, the Government of Kash mir has evidently come to the con clusion that the Congress majority in the Legislature does not represent the majority of the people in the state It was open to him to come to that conclusion. I do not know why the Congress Members are very touchy in facing the elections. I know they probably know, what the result will be and that is why, they are not willing to face elections I am quite con fident that elections will be held there very soon and the democratic process will again be restored Then you will find the free representatives of the people there governing the State Under these circumstances, I support the action of the Governor and oppose the adjournment motion as it has no substance

VAKIL SHRI ABDUL AHED (Baramulla) Mr Speaker Sir controversy raised by the Congress Members about the imposition President's Rule in Kashmir is to be looked in the background of Artice 317 of the Constitution of wherein the special constitutional position has been given to Kashmir According to the Constitution of Ka shmir it is the Chief Minister con cerned who advises the Governor of the functioning of the Government and whether it functions according to the law of the Constitution of rot

Now the whole episode is to be looked into from the background which is totally political Sheikh Abdullah was installed power that was the consequence of an agreement between the Congress party and the National Conference consequence of which the then Chat Minister of Kashmir stepped dear and Sheikh Abdul ah was restored to Chief Minustership of Kashmir would like to know first, whether I'm suppression of the rights of the porple of Kashmir is murder of (are) cracy or restoration of dimocrate Our friends here have said that it is murder of democracy I say to be I'm toration of democracy in Kashup?

After a very long time, the people of Kashmir have been given an opportunity to send their real representatives to the Assembly The Congress has also got an open field to field their candidates to fight elections and measure the strength if any they have

189

I am very confident and I repeat with full confidence that the reverses in the whole of India alerted the Congress people in Kashmir to take event from Sheikh Abdullah by say ing that they withdraw the support or they do not want to give any further support to him What do they say to the statement of their own Congress General Secretary who says 'Most of the Members side with me and we do not want to withdraw the support to Sheikh Abdullah"? The Congress in Kashmir is itself a div ded house In the circumstances when the Congress party having a majority in the Legislat ve Assembly was divided against itself when the machinery of the Government. could not be run Sheikh Abduilah who according to them is the accredited leader of the people of Kashmir advised rightly to the Governor that, under these circumstances it was not possible for the Government to function in accordance with the Constitution in accordance with the law and the political atmosphere that had developed through the misda-ds of the other side that the Assembly <hould be dissolved and therefore. the elections be held so that the people of Kashmir get a chance, after a very long time to elect their own real representatives to the Assemble

I do not want to spell out that stifling atmosphere created in the tast 20 months in Kashmir I do not want this opportunity to be taken for parriting the atmosphere which was built deliberately for the suppression of the rights of the people of Jammu and Kashmir State The action taken by the Governor and supported by the Central Government

is absolutely constitutional and right and the people of Kashmir, as the information goes are solidly behind it They have hailed the decision of the Government. Therefore, I say that the President's Rule imposed in Kashmir is a right decision and it has come at a right time

SHRI JYOTIRMOY BOSU (Dia mond Harbour) Mr Speaker Sr it is good to see that you have readily admitted this adjournment riction because as I gather from 25th June 1975 all the windows and ventilators even were closed. Previously we had seen the ruling party trying to seek shetter under the table of the Sie ker Well that has not happened in this case

The adjournment motion betray i Congress fear to face the people 'Vhat is sauce for the gander is not sauce for the goose That is revealed very ctearly What does the Constitution say? It was signed by the mover of the adjournment motion himself Whether he was mature or not is a matter for me to question II the peo ple wanted to amend the Constitution they could change it That a different But according to the Constitution the procedure followed by the Governor was the only course left to lin I want to be enlightend by the nonmover Dr Karan Singh the crytwhile Minister of Nasbandi Hou does the question of censoring the present Government arise? I would like to be educated on that According to the Constitution which he had a cned-I do not know whether he has read it. Mr. Madhu I imase has correctly pointed mst-in article 35(2), it clearly says

Mark the word only

". only on the advice of the (.. n ell of Ministers,"

[Shrı Jyotirmoy Bosul

Coming to 53(2)(b), it says clearly

"The Sadar-i-Riyasat may from time to time dissolve the Legislative Assembly

I would like to be educated as to where the lapse is, how you propose to censure the Government and for what lapse This Adjournment Metion is a censure motion Therefore, we would like to be enlightened where you have discovered the lapse on the part of the present Government sitting opposite to you

Of course if you look into the recent past or even the past, you would see that the Congress Party sitting on my right where the eushion hurts them 1. know, has been the topple masters and mistresses This bas come in their mouth in 1959 'Samara Vimochanam' in Kelrala. We know how it was done We know who was the President of the Indian National Congress at that time, now gone into oblivion in 1, Safdariang Road We know what they did in 1967 In West Bengsi, Mr Dharma Vira did a wonderful job of toppling But we went back to the people in 1969 and as against 44 seats, got 88 seats. Again in 1971, there was a total of 135 seats and our Party alone if I remember correctly, had 117 seats. In spite of that the Leader of the Party was not called to form the Government. Therefore I would say, Doctor, heal thyself. What did they do in Tamil Nadu I would like to know

MR. SPEAKER Tamil Nadu con be taken up on some other day

SHRI JYOTIRMOY BOSU Let us see how plous are they in their minds Take the Anti Defection Bill, 1973 The Chairman of that Committee is sitting here From 1973 to 1976, there have been seven extensions. If defection is in their favour, it is very good, but if it is against them then it is very bad Mrs Indira Candhi the erstwhile Prime Miniser, thrown into the waste paper basket by the people

of this country, has said that it is very bad because in Kashmir, the Congressmen had defected to the Opposition But when it happened elsewhere, defec tion to the Congress Party, it was very good I want to find out from my friends in the Congress Party why they are frightened to face the people It is because there are two things Firstly, they know that the people would throw them into the Bay of Bengal or the Indian Ocean, and secondly, I know, it is certain that the money bags are not coming forward this time to help them

Mr Dogra, the Congress leader in Jammu and Kashmir, ;ame out say ing that the decision 'is politically wrong'. I understond, it is politically inconvenient It is not 'wrong', it is politically inconvenient'. What did they do? Even local body electors, they were frightened to face Tool is why they went and caught the feet of Sheikh Saheb and said, Please save us from this debacle, otherwise the whole country will be influenced by them' So, even the local body elections had to be postponed. The fact of the case here is that the Congress Party statted withdrawing the support when they came to know that Sheikh Saheb had decided to go to the polls to seek the people's mandate I will unote from Mr K. K Birla, a great friend of the Congress Party, from the Hindustan Times, dated the 25th March, 1977, it

"According to reliable sources, the Congress Party decided to withdraw support to Sheikh Abdullah gfet coming to know that the Chief Minister was thinking of dissolving the Assembly and ordering fresh elections\*

alarm, and the That was the fire moment it came, they tried to run away through the fire escape That is simple I know it very well. The whole trouble was there To Mr Ab dullah our friend, Syed Mir Qasin, who must be hearing us, always gave a good certificate I am quoting from

paper owned and controlled by the Congress Party. 'National Herald. February 25 1977 It save

"In a statement Mr Qas ir assured Mr Sheikh Abdullah of full recipro cation The understanding let ween the two parties was basel on certain fundamental and shaled ideals "

Suddendly Mr Abdullah when he refused to oblige them when he refus ed to become a stooge and when he refused to become their henchman-he is too blg for the Congressmen to be swallowed-became a bad man and at is for the House to decide. There was no no-confidence motion against Sheikh Abdullah on the floor of the House We do not go by the pep talks and the bazar gossip Was there any no-confidence motion tabled on the floor of the House? It is because he decided to go to the polls immediately they thought that the fire was coming the plague was coming and we have to run away and quickly withdraw the sup port and topple it' But that dd not work Mr Abdullah is a seasoned politician and suffered long imprison ment at the hands of these people

' I say people's demand has been to do away with the Congress govern ment and they wanted fresh polls I would say the Kashmir University, the Regional Engineering College and even many many Youth Congress eleaders had sought the dissolution of the present Assembly and seeking a fresh mandate from the people Therefore under the circumstances 'these crocodile tears that they are have seen saving democracy-we enough of it and in the whole world we had a tarnished image in the last 20 months So Sir, I oppose in s at journ ment motion which should be thrown into the waste paper basket

ग्रध्यक्ष महोदय. 3 मार्च. 1975 को जब इस सदन म शेख साहब क साथ हुए समझौते मी चर्चाहर्द्द थी तो तत्मालीन प्रधान मबी ने क्या कहा या, उसका थोडा सा मैं उल्लेख करना चाहता ह -

'This new political understanding is worthy of a person of Shaikh Abdullah's long record of service to the people and our cherished values About 40 years ago Sheikh Abdullah became the foremost leader of the Kashmir people's fight against feudalism and he made his struggle a part of the larger national struggle for freedom and secularism"

भौर भी उन्हान शेख साहव नी बहुत तारीफ की थी। उस समय किभी को यह ध्यान नहीं रहा कि शेख ग्रन्टस्ता क साथ कितन व्यक्ति हैं । तब शेख श्रद्धुल्ला का व्यक्तित्व सारे जम्म काश्मीर पर छाया हथा था। जब शेख धब्दल्ला नाग्रेस पार्टी ने लिये यन्कल थे तो वे बड़े थे, तब उनका कद ऊचा था, तब वै सब को माथ लेकर चलते का दायित्व निर्वाह कर सकते थे। जब नाग्रेस पार्टी ने दखा कि शैक्ष प्रव्यस्ता उनके इशारेषर बलने वे लिये तैयार नहीं है तो जम्मू का मीर के स्थायित्व को खतरे में डालकर शेख बब्दल्सा के प्रति खविश्वास प्रकट करने की गलती की गई 1

मैं पूछना चाहता हू कि जब देश में चुनाव हो रहे थे, नई सरकार बनने वाली थी, जब देश सक्रमण काल से गुजर रहा या शेख ग्रम्द्रल्ला पर से विश्वास कापिन लेने का निर्णय क्या हुआ। ? इस**हे पीछे** भी एक चाल है। शेख ग्रव्दल्ला के साथ विश्वासघात विया गया. वह बात घलन है लेविन जनता ने समर्थन से जा नई सरवार वनी है उसके मार्ग म स्वावर्टे पैदा करने व निये क भीर में गडवड़ी की स्विति उपन करने

की नोशिश नी जा रही है। शेख प्रब्दल्ला पर अगर विश्वास इसने दिन या तो बया वह विक्वास कुछ ग्रोर दिन नहीं रह सकता था ? (व्यवधान)

जम्म काश्मीर हे सविधान में विशेष स्थिति है उसका मैं उल्लेख नही करना चाहता नेक्ति आप स्वीकार करेंगे कि जम्म काश्मीर के एक विहाई भाग पर पाकिस्तान ना कब्जा है और जन्म भाग्मीर में सभी सक सयका राष्ट्र सध न पर्यवेक्षक मौजूद हैं । सभी इस बात नो स्वीनार करेंगे कि जम्मू कश्मीर का प्रश्न दलगत भाषार परनही देखा जाना चाहिये । यह एक राप्टीय प्रश्न है। मैं पूछना चाहता है कि जब मयी सरकार था वाती उस सरकार ने नेतायों से परामर्श करने जम्म नशमीर ने बारे में कोई फैसला विया जाता तो क्या मासमान टूट जाता ? मगर इतना धैर्य नही दिखाया गया । चनाव मे परास्त हो गए तो एक कुचत्र शरू कर दिया। एक ऐसी स्थिति पैदा कर थी गई है जो सारे देश को किटनाई म डाल सक्ती है। मैं कांग्रेस पार्टी न प्रयुक्त नेतामी से धपील करना चाहता हु, परमारमा ने लिए. बाप तो हममें धनभवी हैं, धाप तो हमसे अधिक असम्प्रदायवादी होने का दावा करते हैं. बाप तो इसने बधिक राष्ट्रवादी होने पर बल देते हैं, आप जम्मू काश्मीर में कोई ऐसा काम मत करिये जो हमारे लिये सिरदर्द बन जाये । वह सिरदर्द मेवल सरनार के सि प पर नहीं होगा, वह सारे देश का सिरदर्द होगा धीर बनता वची धी काग्रेस पार्टी की माप नहीं करेगी।

SHRI VASANT SATHE (Akola) Sir at the outset I would like to reciprocate the sentiments expressed b) Shri Madhu Limaye when he said that now in this country we must turn a new leaf in democratic system and parliamentary system if democracy is to be consolidated in this country It is a good augury that a new party has emerged as an alternathe party which can take the reus of Government and which is so very essential for democracy in a country and therefore we would be very hapry if this Government under the new Party, the Janata Party, consolidates and gives a stable government to this country and all our leaders have assured that we on our would like to do nothing to disturb the working of this government Therefore, Sir, I expected that the Government of the Janata Party under the teadership of Morarphan would maintain the tradition of which you just now quoted Ram Manchar Lohis and the first thing Moraribhai him, elf at the press conference had said was that he would do nothing and his government would do nothing to topple the State legislatures when a direct question was asked He said If they do it on their own, what can I do" That was perfectly fair But the apprehension in our mind-I must

be very clear let us discuss it as friends-is this The election to the office of the President has to be held before August that is within six months of the vacancy arising louare also aware that in most of the States in this country the Congress has a majority. In the Raiya Sabha, also we have the majority It has been publicly stated that they have advised the Governors to dissolve all the State Assemblies and hold immediate elections before the presidential election is held When Morarubhai stated at his first press conference that his Government would do nothing to dis turn or play the role of destabilisers to unseat the State Governments and legislatures we believed him But even before the breath was out of it we were taken aback by this action of the Government of India

I am not going into the question of the role of the Governor because in terms of art 92 of the Constitution of Jammu and Kashmir to which Shri Atel Bihan Vajpayee referred there is this provision in sub-section (5)

No proclamation under subsection (1) shall be issued except with the concurrence of the Press dent of India"

This is not referred to in other sec fions

The Proclamation says

Now therefore in exercise of the powers conferred under sec 92 of the State Constitution and all other powers in that behalf and with the concurrence of the President of India I hereby

If this 15 with the concurrence of the President obviously it is with the consent of the Council of Ministers that is the Prime Minister under our Constitution as it was before and as it is now There is no difference in that

Therefore I would beg of you to c arify this We honestly believed you when you said that you were determined to lay down and stand by certain excellent democratic practices and you would do nothing to unseat the State legislatures unless they top pled themselves-which is a different matter I would like to ask you this did the Governor approach you? If so what was his report? Did he tell you that the majority party cannot run the Government? On what basis did you give your concurrence? Under what circumstances did you agree to have the State Assembly dissolved? Of course you can say We will go to the polls at the earliest I do not want to go into the question whether the poll that was held there all these years from 1950 onwards till 1969 when you were yourself in a high position in the Government in Nehrus time was throughout rigged

MR SPFAKER It will help if he addressed me I am not a party to cither this or that

SHRI VASANT SATHE We always address you When I say 'you it is addressed through you

Therefore I would beg of the Prime Minister to explain under what

circumstances this was done. There

Here 356 was available to you you did not resort to 356. Then there is article 92 Do you know what the Governor saya? On page 2 he says In exercise of the powers of the legis lature to make laws under or by virtue of this Proclamation I shall prepare such Bills as I deem reces sary and declare as respects any Bill so prepared the assent thereof. What kind of democracy is this? Under 356 you have in terms protec tion and it says that it is this Parlia ment The representatives of the people of Jammu and Kashmir are here to gafeguard their interests both here and in the Rajya Sabha 356(b) says that the powers of the legislature of the State shall be exerciseable by or under the authority of Parliament Would it not have been better to have the Budget passed in this Parliament? Or is it better and mor- democratic to let the Governor say I prepare the Bill and I also give assent to it What kind of democratic norms are being followed I want to say this to the Prime Minister We have faith in his ord We know that he wants

, to stabilise That cannot done unless there is cohon both sides. A new

slage has emerged in the country And if right in the beginning you start shaking our faith it does not augur well. What do you really mean when you say that you have faith in democracy? How can we have faith in you? Therefore I submit that the entire action of this government the very first act in giving concurrence through the President to such an act of the Government was most undemo eratic and unconstitutional contrary to ail the excellent demoeratic norms that exist and also your proclamations Therefore we feel shocked

Adjournment

THE PRIME MINISTER (SHR) MORARJI DESAI) He was referring to me May I refer my hon friend to the Leader of the Opposition and Dr Karan Singh to whom I have said that I had no other option left in this matter and I have explained to them the facts and I believe they are satis fied I do not want to speak further because the Home Minister deals with the problem and he will say whatever he has to say

### 19 00 hrs

SHRI SHYAMNANDAN MISHRA (Begusarat) Mr Chalrman Sir we find ourselves confronted with a peculiar predicament and the predica ment is that while we try to agree with them they do not seem to agree with themselves That is a peculiar situation which this House faces at the moment This would be clear from my recital of the facts that have been obtaining in the State of Jammu and Kashmir But let me state in the very beginning that there is no diffi cutty so far as agreeing with the general proposition that the party which commands decisive majority in a State must be asked to form the Government is concerned Generally I would emphasise that if we depart from this principle that would be the end of democracy And that is precisely what our Flection manifesto

says in its political chapter I would like to quote it here

'Move to amend Article 358 to ensure that the power to impose President's rule in the State is not misused to benefit the ruling party or any favoured faction within it"

And I must state with all emphasis at my command that our party would adhere to it so far as the general proposition to concerned in all areas except the one in which following their illustrious lead we want to go in a special way. This is precisely my contention. They want this area to be treated in a special way only they but the entire country wanted that this area should be handled in a special way. They had also asked us to treat this area as a sensitive area I would certainly like to agree with them wholeheartedly But what exactly does it mean? The sensitivity of that area means that there should be a strecal sensitivity on our part to deal with it and that requires that some special features of the situation Jammu and Kashmir must be taken into account. In fact Mr. Chairman, you will kindly recall that they had evolved a new arithmetic in the State of Jammu and Kashmir They had asked the country and the whole world to believe that 45 was equivalent to 1 and 1 was more than 45 That is precisely the proposition which they had adumberated in the year 1975, two years back when Sheikh Abdullah was enthroned as the Chief Minister of Jammu and Kashmir Was it not a strange arithmetic on the face of it? But it was a real arithmetic to which all of us in this House subscribed

Sir, I would not like to take my stand on the assumption that the elections in Jammu and Kashmir in 1972 were not free and fair or that they were rigged I do not want to take my stand on this But what exactly they had come to believe themselves? I would like to agree

with their belief. There was a State Assembly, they were in a predomipent position there and yet they come to realise that the Assembly did not reflect the will of the people exactly did it mean? They brought in a person who became the Chief Minister of the State who was not a Member of the Assembly then And not only that Did you ask Sheikh Abdullah to 1012 your party and to defect from the National Conference? It had been your way to seduce necple to join your party but Sheikh Abdullah was not seduced by you to ion your party. He continued to be the Member of the National Conference and he continued to represent and lead the National Conference Why my hon Members do not recornise this position? Otherwise if Sheikh Abdullah had been offered the office of Chief Minister he would have toined your party and he would have become the leader of Your party There would have been absolutely no difficulty about it

But Sheikh Abdullah was not e member of the party nor was he a member of of he Assembly This House does not seem to bear in mind that Sheikh Abdullah was allowed to form a government not a single member of which belonged to the Legislative Assembly of that State Is that not the paramount fact to be taken nito account? That is exactly what I am trying to emphasise on my friend, Dr. Karan Singh.

I had taken part in the debate which took place at that time and I am really proud of the contribution that I had made then I said.

'Sheikh Abdullah has gone there as a partyless leader, as a partyless Chief Minister, as a Janata Chief Minister"

Now Sheikh Abdullah will become the Janata Chief Minister, but I predicted it in 1975 I further said

"I ask my hon friend Shri Swaran Singh who is a student of Constitutional Affairs, unlike the Prime

(Shri Shyamnandan Mishra)

Minister-Does not the Jammu and Kashmir Legislative Assembly stand as good as dissolved? What is the meaning of the Jammu and Kachmir Leg slative Assembly in the present context? None of the Ministers of Sheikh Abdullah happens to belong to the Legislative Assembly \*

If the Legislative Assembly were that important at least one member of the Cabinet could have been contributed by that celebrated State Assembly But not a single member of the Cabinet was contributed by that Assemby let, you are laying all stress on the Legislative Assembly!

What then was the new factor brought into the situation to reflect the will of the people? That is precisaly the point with which the House must grapple The new element brought into the situation was the pact between the then Prime Minis ter and Sheikh Abdullah, because the then government realised that the Assembly did not reflect the reality of the situation there. It is the pact between the then Prime Minister and Sheikh Abdullah which provided the real br ath to the Legislative Assembly It is this pact which had been governing the State and not the Legis'ative Assembly there. So you had come to the conclusion that a new part was required with a per son who had been in exile for 22 years That reminds me of a very desirable development which has taken place in this House, namely a man whom you had hand-up and used to bring to the court in hand cuff is now a minister governing this country! That has been precisely the tradition of a Gandhian country like this. So, at that time a part was brought about to reflect the reality of the situation. Now my lon, friend should again come to the view that a new relationship between the new Prima Minister and Sheikh Abdullah is required to reflect the restity of the situation I am only stating the ficts

which you have created there and I would like you to adhere to those facte I would also like this hon. House to bear this in mind.

The one problem to which I do not find an easy solution is this. The State is now under Governors rule which has been imposed with the con currence of the President of India Concurrence of the President of India means that it was done with the aid and advice of the Central Cabiret. Yet in the Constitution of Jammu and Kashmir the provision as that the budget would be passed by the Governor

#### 19 IO hrs

[MR SPEAKER in the Chair]

That creates problem which I am not eas is able to solve We have to go by the situation as it obtains at cording to the Constitution of Jammu & Kashmir (Interruptions)

Now they have been subscribing all the time to the special Constitu tion of the State of Jammy & Kath mir Although the provision in that Constitut on is that the proclamation will issue only with the concurrence of the President of India, yet my honfriends on the other side have been subscribing to the view that it is a wholly desirable provision in the Con stitution of Jammu & Kashmir that there shall be a Governor's rule and that the Governor should rass the budget Why had you been subscribthe to this view? So far as the rul rag party is concerned and I am proud to belone to the ruling partythe hon Prime Minister has always been saying that we must not do any th ug which will impair the unity of the country But here are gentlemen who have been talking in terms of the south or some States and en on Please do not tell us that in thes States you have got the major rity The country is represented by the party which reflects the predomi nant op man of the people of the country But you are pointing to State A or Sia e B or State C and all these States happen to be in a parti-

cular area-and therefore you suggest that there has been a polarisation between the north and the south We do not subscribe to these sinister assumptions and inferences and I must say that you are not true to your leader when you are talking in terms of the south and the north

My final submission is this has to be solved in some amicable manner It is a matter of gratification that the new Prime Minister always bring, a constructive spirit to bear upon the problems of the country He has shown during the last two or three days that he can accommodating to an extent to which the Prime Minister after Nehru Laj Bahadur Shastri has not been Your leader was not so accommodating otherwise she would not have to face this catastrophe. If there is a kind of some dialogue between the new Prime Minister and the opposition on this point they should evolve a practice that the House should take command of in some way the Budget proposals because it is in substance President's Rule but because of the special Constitution of the Jammu & Kashmir it is known as Governors Rule With this constructive suggestion I would like to accord support to the new Prime Minister's policy in this matter And I think the new Prime Minister will inaugurate a new era in Kashmir I would ask my hon friends from the opposition to come forward and extend their hands of cooperation in this matter They should rise above party barriers treat Kashmir in a special way and apply the delicate touch that it requires.

o Nos 1000 numbers

The total number of ballot papers with duplicate numbers was 16506

The serial numbering of ballot papers in West Bengal was done by means of hand numbering machines The work was done by cutsiders on contract basis within the premises of the Government Press under strict supervision of the Press authorities and police The method of work this time has been that 9 squads, with 30 persons each squad, were in operation in respect of each Parliamentary Constituency In all there are 42 Parliamentary Constituencies in West Bengal They worked under the overall supervision of employees of the Press earmarked for the purpose-Numbering was done in bundles of one thousand each and the serial numbers to be printed on each but the was assigned to each squad by employees of the Press The dupactie rumber of a few thousand lallot papers ans due to the wrong assignment of the same sets of serial numbers to more than one squad engaged for the serial numbering of the bollot papers of one Parliamentary Constituency As a result, a few bundles of thousand ballot papers each had the same serial rumbers The mistage was detected by the Returning Officers in the course of the verification of balls' papers rece ved by them before issue to the Preside ing Officers of the polling stations As soon as the mistake was detected all the ballot papers with identical serial numbers were returned to the Press for safe custody and substitute builot papers with correct serial mura bers were printed afresh by the Press and supplied to the Returning Officers.

The persons employed in the Press
who were responsible for the mistake
have already been placed under subpension and inquiries have been infiuted for fixing the responsibility for
the mistakes

From the experience of previous elections the Election Commission had realised that the mistake of printing identical serial numbers on balot papers was possible due to error in the operation of numbering of ballet papers. In parsgraph 4 of Chapter IV of the Handbook for Returning Officers, 1977 Edition, the Commission had issued detailed instructions for the verification of ballot papers by the Returning Officers before they are issued to the Presiding Officers of pooling stations. The Instructions provide that whenever the Returning Officer detects ballot papers having identical serial numbers, the particulars of the serial numbers should be noted in register and published on the potice board A copy of the notice should also be sent to each of the contesting

candidates. The ballot papers with duplicate numbers will then be sealed with the seal of the Retuning Officer and the seal of the Supdt of the Government Press where the ballot papers were punited and kept in anse custody in the Government Press itself pending directions from the Commission for their destruction These instructions were carried out carefully by the Returning Officers in all cases in which ballot papers with identical serial numbers were detected for the last general election to the Lok Sabha.

5

It may also be mentioned that rule 38 1) of the Conduct of Elections Rules 1961 provides that every ballot paper before it is issued to an elector shall be signed in full on its back by the Pressing Officer This provision ensures that every ballot paper used at the poil is genume and that the mistake of printing a few ballot papers with identical serial numbers will not in

PROF4 DILIP CHAKRAVARTY (Calcutta South) Is there any parallel to these things in the past?

any way vitiate the poll.

SHRI JYOTIRMOY BOSU Sir, the hon Minister, I apprehend, has given the statement on the basis of the facts provided by the West Bengal Government! The Chief Electoral Officer is an officer of the West Bengal Government These facts are not correct it proves from the big bundle that I am having that hundreds of more such bundles were recovered and I would like your direction on the matter whether I shall say it on the Table of the House or hand it over to the Munister

MR. SPEAKER Hand it over to the Minister

SHRI JYOTIRMOY BOSU Sir, from the statement, I would like to say that the instructions provided that whenever the Returning Officer de-

tected the ballot papers having identical serial numbers, the particulars of the serial numbers should be noted in the register and displayed on the notice board A copy of the notice should also be sent to each of the contesting candidates I can assure you, Mr Shanti Bhusnan, that this was not done as far as I know What has happened in the Government Press Alipore Calcu'ta the tip of the sceberg and I apprecate the role play. ed by newspapers, particularly Tre Statesman in Calcutta and Anand Bazar Patrika I appreciate also the role of Jugantar as they had published these things and brought these things to light, but we have got these things earlier because we have come to know the day it had been done

Sur, it was a part of the Master Plan Ior undespread rigging in selected areas by the ruling party then in power. That is part of the master plan. Sur, fortunately the anti-Indira and anti-Congress wave was so terrisc that it flooded away everything. This was not loday—from Himschal to West Bengal you cannot find a single MP coming from one State Nothing short of a parliamentary enquiry or a Commission of enquiry will satisfy the people and unearth the micheth behind it.

Sir, 'Statesman dated 11th of March says

"50 000 to 70 000 hallot papers of Burdwan and Alipore were missing Duplicate ballot papers were printed in Iakhs."

Anand Bazar Patrika dated 12th March Jalpasguri where Mrs Maya Rsy, the spouse of the sitting Chief Minister of West Bengal is giornously contesting—and I am glad that Mr. Kagan Dasgupta I don't know it he is bere, defeated her a substantial margin—duplicate build papers with same serial numbers defected in that particular place where the Chief Minister's apouts, was contesting comes to about 70000 The Deputy 7

7

admitted that duplicate of several thousand ballot papers came and those were being sent to Calcutta He admitted this himself Sur The Chief Electoral Officer corroborated that 3500 duplicate ballot papers were detected at Jalpaiguri. This is far from correct. Demonstrations were taken out by the people of Jalpaiguri in protest. The Jugantar which is a paper owned by a Congressman, Tarun Kenti Ghosh till the other day, a sitting member of the West Bengal Government cays on 13th of March that at four places-Contai Purul . Jadaypur Tufangunj-duplicate ballot papers were received. At Contai it was 3000 at Purulia it was over 7500, for Tufanguni we have not got the number but it runs to 10000 The presiding officer detected this and the Ch ef Electoral Officer confirmed it. Ananda Bazar Patrika daled 13-3-77 says that the Chief Electoral Officer confirmed it Duplicate ballot papers of Jadavpur Burdwan, Howrah and Durgapur were received

Mr Krishna Chandra Halder is eltting behind me The Roturning Officer and the Assistant Returning Officer confirmed this to me

Sir I quite from 'The Statesman' dated 13th March

"The delection of a large number of "dupleate hallot papers" in several districts of West Bengal—only two days after such discovery in Japanjan-used a flutter in political real case of the confirmed their suspicion such that confirmed their suspicion to the confirmed their suspicion of a certain political party it is—were engaged in party—well we know that the political party it is—were engaged in grags the election to ensure Congress victory at the polity.

Therefore Sir Mr Bijoy Singh now sitting MP claims that dupheate ballot paper at the rate of 20000 per constituercy were printed at Alipore, West Bengal Government Press Sir

auch duplicates went to local Congress offices. At Tamluk the number went us high as \$6 000 ride Anarla Breat Patrika dated 16th March, page 1 The same thing happened at Besirhat and Mathurapur Sir, mind you at the counting time the printed serial numbers are not chected S at is an cary task Belng not satisfied in Midnapur they went to the extent of stealing ballot boxes. The Congress Shri Arun Moitre bas President admitted this ride Ananda Bazor Patrika issue of 13th March, page 10 The CPI also sent telegrams demanding an immediate inquiry into this. Shri P C Sen sald one Central Cabi net Minister-I am told he is Mr Chattopadhyaya but I do not want it to go on record-and two senior most officials-one of them get extension after retirement-conspired in Writers Building to do this In some condituencies even 50 000 to 60 000 dupli cate and forced voting was done

Sir, the erstwhile Prime Minister and West Bengal Chief Ministers arrangements were well-planned. For Government Press Alipore Calcutts they imported a senior police officer to be incharge of 1 rinting about one half year's ago Perhaps and a Gandhi thought the reeded Mcs 1976 to hold election in Controller of Printing has a very shady past. The CBI raided his house He is a drug addict During the raid-I regret to say-bunch of photographs of nude tribal girls was found in his bouse. When he was S.P Burdwan there, were 225 politi cal murders and not a single prosecu tion took place The then Prime Minister recommended Presidents Police medal for him for rehabilitat ing the Congress in Burdwan.

Ballot papers far in excess for each constituency were there Outside private individuals brough 300 persons called private datries for serial numbering. They were forced to all duplicate serial numbering on threst. They were paid abnormally high remuneration When this thing leaked out the innocent employees were suspended I would like the hup Law Minister to tell us as to how many such persons have been suspended from service. Why the big shots were not suspended Shri Mukherjee is still holding that post. Why is it 507

Sir, in Barrackpur out of 743 booths as many as 500 booths were captured by Congress hooligans in Katwa many booths were captured We demanded a re-poll there. Because of this the margin in Dum Dum and Diamond Harbour got substantially reduced Prof Chakravarty was hurt so seriously that he had to go to hospital. Mr Swaminathan was kept informed about all this through telegrams cables and telephones I am sorry to say that Mr Swaminathan when he went to Calcutta and held a press conference there did not hear the grievances of the opposition parties before organising the press conference He said सब कुछ ठीक है।

Sir, inspite of all this there has been massive defeat of the Congress Under the present circumstances, how can the present West Bengal Govcriment remain in power when it is established that the West Bengal ruling party, the Chief Minister, other Ministers and ome senior officials en tered into a conspiracy to commit the most hemou, and shameful fraud which has damaged the image of this country in the whole tor'l In the face of this how can they remain in power and remain revetted to their chairs I resterate that there should ba immediate suspension this is ab solutely necessary

MR SPEAKER You have said that, please resume your seat and let the hon Minister reply

SHRI SHANTI BHUSHAN Sir. I may submit that the facts about which I have made a statement have been

obtained from the Tlection Commission The hon Member Mr Jyotirmoy Bosu has promised to supply more ballot papers and we shall make further enquiries about them in due course and make further statements He has also made an allegation that copies of the register were not sent to the candidates about duplicate papers as required by the manage, we shall make enquiries about that So far as the query as to which officers had been suspended, and what action had been taken, and other allegations about the capture of the booths etc are concerned, we shall ascertain facts and if necessary make a further statement about it terraptions)

AN HON MEMBER How so many ballot papers came into his hand?

MR SPEAKER Order, order It is not a question hour There are many new Members and they may not know the procedure On call attention notices only those people who give notice will be allowed to ask a question after the hon, Minister has replied If there are a number of members, the names will be balloted and only 4 or 5 names will be allowed to come and they alone will be allowed to ask questions No other name is allowed

We have to go to the next subject and I want to take the opinion of the House as to how many hours they would like to have for the discussion of the Finance Bill Because already we have spent about two hours and fifteen minutes The Tamil Nadu Budget, the Pondicherry Budget and the Nagaland Budget are also to be completed today and they will have to be sent to the Rajya Sabha I think we can devote one hour for each that means three hours and two hours for our budget which means five hours Even that will be too much today Still I suggest for the consideration of the House five hours would be more than enough. I cannot help It because It

[Mr Speaker]

has to go to the Rajya Sabha and there is no other alternative left to

PROF DILIP CHAKRAVARTTY We should like to have a parliamentary probe as demanded by him

MR. SPEAKER You can give notice of that, you are entitled to do

MR SEPAKER It was brought to my notice by the Minister Are the gates still closed? The gates are all opeo, whatever position was obtaining before 26th June 1975 is being re-established The position is being reverted. I am told some gates are closed because otherwise they are thand as a thoroughtare by peop who want to use this as a shortent, I have already issued instructions that the gates should be opened. But we should not allow others to use this as a thoroughfare or as a shortcut. Otherwise all gates are open, If they are not open, they will be opened immediately

MR. SPEAKER I have takeo pains to explain the position I have already taken steps. The Minister has told me. Instead of taking the time of the House for these things, he could have talked to me terruptions) I cannot allow this.

MR. SPEAKER The Minister of Parliamentary Affairs has brought it to my notice I have already discussed this matter with him. If you want to waste the time of the House on all issues, everyone can speak, I have no objection. We can just dis-

cuss all these problems one day Other wise we can go on spending time on these issues He has fold me about the matter and he has brought it to my notice. I have already discussed these things. What is the point then? We all can discuss in this House all matters, about all parliamentary matters not in this way but in a quiet way You being it to the notice of the Minister of Parliamentary Affairs and he will bring it to my notice If you are not satisfed, then you can directly come to me I am available. That is the way of doing things If the time of the House is taken on these matters, there will be no end to it As I said we have to pass so many budgets

GENERAL BUDGET, 1977-78— GENERAL DISCUSSION AND DEMANDS FOR GRANTS ON ACCOUNT. 1977-78—contd

SHRI ARAVINDA BALA PAJANOR (Fonducherry) Mr Speaker Sr before I continue my discussion on this budget I do not know whether the Finance Minister is present here Moreover there is no Minister of State to note down the points. I do not know whether the Finance Minister is hearing my speech from his room so that he may reply to the points raised by me in this House I do not want to waste the time of the House unless somebody takes note of the points made by me (Interruptions)

Mr Speaker, Sir, yesterday, I said that we were all eloquent in saying about the unemployment problem in this country and there is no difference of opinion on this from both the aides of this House that the number of educated unemployed is 80 lakhs, some have said that it is 90 lakhs. But according to the fig ures available it is about 65 lakhs or 75 lakhs so far as the educated unemployed is concerned I would like to know from the Finance Minisa ter what is his plan of solving the unemployment problem in 10 years Even if he has a plan for four months I would like to know how many thousands or how many lakhs of people he is going to employ in this period. 1 do not find anything concrete in this speech or in the budget proposals. So I would request the Finance Minister to give a categorical reply and by that the people can understand, especially the unemployed who voted for many of us, as to x how many unemployed people are going to be employed and in what manner In connection with progress made so far Mr Subramaniam Swamy Yesterday said that it was nature that helped this country very much and

the previous Government cannot take credit for it I do not agree with him entirely Of course nature us to a great extent But it is also a question of executing the policies of the previous Government and the Government prior to that mooted the way for progress It may also be responsible for their failures due to their mode of execution But I would like to know what is the policy that you are suggesting to avoid future setbacks In so far as the rivers of this country is concerned I would request the Prime Minister to have life time policy as far as water is concerned I am coming from the extreme South namely, Pondicherry We cannot get water if we have a different Government in Tamil Nadu The same thing may happen to Tamil Nadu if the Government of Karnataka is not prepared to give water to Something happened last year and there was a drought and many parts of that State had to go fallow because of water scarcity Last time we suggested that the nation's water should be the wealth of the whole country I expect the Finance Minister to come forward with a sugges tion that this Government's policy is to nationalise the river waters so that the integrity and the unity of the nation could be maintained at least in the matter of river waters But that was not there Yesterday, Mr Subramantum said-I do not know in what context he said it-a portion of the country is on trial. You cannot forget that most of the members sitting on the opposition side in this House today are from the south this connection I would remind the House that from time immemorial the Ganga-Cauvery Project has been talked about in this country I do not see any mention of it in your programme You have mentioned about certain other river projects on which a lot of money is going to be spent Who should not the Janata Government come forward with a bold scheme to unify the country by connecting Ganga and Cauvery, so that the water problem can be solved and the kisans may say happily,

# [Shri Aravinda Bala Pajanor]

"This is really a Janata Government' But I do not see it in your programme

I now come to the workers in various industries and offices. The people have voted for the Janata Party with the hope that you will give bonus to them Not only that. We were very eloquent in criticising the previous government for freezing bonus and unnecessarily introducing the compulsory deposit cheme Non-I want to know what is going to be your policy Are you going to give bonus to the workers? Why not spell it out clearly and categorically Let us not be escapist once again I request the Prime Minister and the Finance Minister to spell out the policy regarding bonus and compulsory deposit scheme On behalf of my party, I demand that the workers must get back their bonus. These are the people who worked for the betterment of the country I do not agree with Shri Subramaniam Swamy that nature alone has helped the country to unprove The workers in the factories offices and various other places have also contributed to the development of the country and they must be benefited One-third of the total number of workers are in-dustrial workers. They must get back their bonus and this compulsory deposit scheme must be abolished. You cannot delay it any more because the poor men want their money back, I request the government to make a categorial statement about it

Mr Subramanum was pleading yesterday that the composition of this House must be unstricted of properly I say with great centered on the paying his service—that country runt be untiled and here the country runt be untiled and here do not that one of the paying his person of the property of the property

create an impression that the north and south cannot co-exist and they say, "You have been thrown out by the people in the elections" The architect of this is Shri Karunanidhi, the discredited former Chief Minister of Tamil Nadu In his newspaper Murasols he has already started criticising the previous Prime Minister The theory of north and south 13 sought to be revived and it is a very serious matter. I do not say it just because I am sitting on this side of the House I am happy that the people have voted for the Janata Party in a big way, but as I said, the opposition members also have been elected by the people Taking advantage of the emergence of the Janata Party Goveenment into power they are spreading this virus in the south saying, "You are not the people who can dictate to us" I want to remind this Government that if you do not take proper action in proper time we will have to pay a very heavy price for it later I say it from the bottom of my heart that our party has this great conviction that this country must live as a united nation It is not possible unless you unify it economically. That is why I said, there must be a national policy for the waters of the country Unless you put down the fissiparous tendencies in the south it will assume dangerous proportions. It may be a gainful thing politically to survive but the Prime Minister, with all his experience I am sure, is attached to principles and policies. I do not think he will encourage these unwan'ed e'ersents in the country who are trying to divide the country and des tro- it I like to conclude by saying that we will work with you so long 25 300" measures are progressive and are good for the people But I must tell you that there are dark days ahead and we have miles to go In this House, there are so many ex-Ministers and learned Members both on this side and on the other side So I think it is the best opportunity that has been given to us and we must utilise this opportunity; other-

wise we will be condemned by the people On behalf of my Party, I extend my cooperation and tell you that we will go hand and hand with you so long as your programmes and policies are constructive

17

I hope the Finance Minister will come out with clear-cut policies about financial matters at the time of next Budget

श्री कवर हान गुन्ता (सदर-दिल्ली) • ग्रध्यक्ष महोदय, मैंने कल भतपूर्व पाइनेंस मिनिस्टर का भाषण एक घटे तक शान्तिपूर्वक सुना । मुखे दुख के साथ कहना पडता है कि उनका भाषण निराशाजनक भाषण था। खास तौर से प्रारम्भ में उन्होंने जो भारतर-बेंगन विया और कई सवाल उठाए । उन्होंने वहा कि थी मधु लिमये और जार्ज पर्नान्डीज प्रपने रास्ते को छोड़ कर दूसरे रास्ते से चन कर झाये हैं। वे यहापर नहीं हैं। मैं उनसे पूछना चाहता हू नि नया यह केंडिट की बात है या डिसकेडिट की बात है ? जनता पार्टी ने भन्सार यह बहुत बड़े केडिट की बात है। देश वा कोई भी व्यक्ति देश के किसी भी हिस्से से चना जाए इससे बड़ी केंद्रिट की बात बचा हो सकती है। मैं भाषको माद दिलाना बाहना ह नि भी मजित प्रसाद जैन जो नि यव पी० ने रहन वारे थे, बाप लोगा ने उन्हें साउथ से चुनवाया था भीर ग्रखवारा में इस बात नी वापणा भी यी ति य० पी० का एक व्यक्ति साउथ में चुना गया है। जब तो वह देडिट नी बात थी, ग्राज हिमन्नेडिट की बात कैसे हो गयी। नपा भाग लोग इसको श्रेडिट की बात मानते हैं वि धाप देश ने विमिन्न हिस्सी से प्रपनी रिश्तेदारी जनाए<sup>?</sup> यह कहें वि गुजरात की मैं बहु हु, पजाब की मैं सास हू मोर दूसरी जगह भी में यह हूं। जनता पार्टी की सारे देश में एक ही रिक्तेदारी है कि देश के सभी बासी हमारे चाई बहन हैं। एक दिन वह भी सारे बाला है जब तमिलनाडु वे लोग दिल्ली में चुन कर यहां झायेंने और दिल्ली के भीव तमिलनाड ने यहां चन नर आयेंने ।

प्रध्यक्ष महोतय, देश ने एक नयी वर्तवट स्रो है। भूतपूर्व वित्त मन्नी ने बहुत सारी बातें बताई नींचन में उननी सेवा में मह कहता पाहता हूं कि उन्होंने प्रपने पिछले बजट भाषण में क्या बातें कहीं थो भीर जिनना उन्होंने बहुत डिडोरा पीटा या। उन्होंने बहा पा—

"With the resolute and dynamic leadership the new programm" has generated an unprecedented sense of discipline and dedication inevery field of economic life."

यह बात कह बार उन्होंने स्रम्भात की बी। उन्होंने कहा कि एक बहुत बोल्ड बार्यंत्रम उन्होंने लिया है । लेकिन स्थिति वया है यह हमारे वित्त मनी जी नै बतादी है। उन्हाने बताया है वि डिफिसिट पहले से ज्यादा बढ गया है। बजट वा डिफिसिट जी 328 नरोड होना या उसनी जगह मब यह 425 करोड वा होगा इस साल । इसके द्मतिरिक्त इ.इ.साल में जो स्थिति द्माने वाल है वह यह है कि प्रगर यह जो भारेन एक्सवेंज । ग्या आठ सी परोड के कर व आने वाला है इनको प्रगर रोत कर रख दिया जाए, यह न भाए तो 632 वरोड का डिपिनिट होगा । यह है यह स्थिति जो इनकी सरकारी हमारे भामने खडी की है। जनना पार्टा के जो नए बित्त मन्नी है उनको यह जो घेनेंज है इसको स्वीकार करता है और इस चेलेंज को जनता पार्डी स्वीकार करती है। हमारी इक्रोनामित हानत को शैलहुम्ब म शर दिया गया है, बच्चतीट मेरा में गढ़ा कर दिया गवा है, मात्र लीगों के पाम परवेजिय पावर नहीं है. कपड़े चादि का स्टाक मिलो में पहा हचा है, मिलें बाम नहीं कर रही हैं। सेविन वडी बडी बार्ने हमारे इन माइपों ने की है. बड़ी कोडी पिक्यर मेंट की है और कहा है कि हमने बट्टत बार्चित प्रयति व है। मैं समझता

ढाल दिया गया । बहुत सारी सस्थान्नो पर पाबन्दी लगायी गई। यहा तक हुम्रा कि दिल्ली के मन्दर इमरजेंसी को जब एक साल पूरा हुमा तो दि ली के काग्रेस मध्यक्ष ने यह घोष जा की कि दि~ली वे अन्दर लोग अपने घरो भीर दुवानो पर झडे लगायेंगे। जो प्रदेश काग्रेस के मती वे उन्होने कहा कि एक एक शडा कांग्रेस का 50, 50 ६० में विदेशा भीर झडेबाहर से मगाए गए। तो हमने लोगो से प्रष्ठा कि 50 ६० का झडा कहा से मिला तो लोकाने कहा कि झडा 2 रु० का और 43 र० वा इडा था। इसलिये इस 50 र० के उड़े की वजह से हमें भी कांग्रेस को इडा लगाना पडा । इस तरह से सारे देश में काग्रेस भारों । आतक जमा कर के इस देश को इतना बदनाम निया जैसा कि इतिहास में इस देश मे कमी नहीं हुया।

मैं जस्टिस करना चहता हु नापेस पार्टी वे साथ भी भीर हमारी पहली प्रधान मती वे साथ भी। उन को रंदो बातों के लिये नघाई देना चाहता हू । पहली बात तो यह कि हमारी जो छोटी छोटी पार्टिया थी, दो, तान साल से एक होने का प्रयास कर रहे में लेक्नि हम एक नहीं हो पाते थे, प्रधान मती ने सब पार्टियों के ल गो को पकड़ कर जैल में कर दिया श्रीर कहा कि जब तक श्राप एक नहीं होंगे तत्र तक नहीं छोटा जायेगा। हम एक हो गये भीर जनता ने काग्रेस ने माल्टरनेटिव वे रूप म एक जनता पार्टी ला कर सामने खडी कर दी। इस के लिये मैं इन्दिरा जी को बधाई देना चाहना हू ।

दूसरी वधाई इस बात ने लिये देना चाह १ हूँ रि पहच हम लोग हिन्दू, मूसलमान, सिख ईसाई, मजदूर झीर वकील के रूप में झलग भनग दिशा में सोचा करने थे। इन्द्रिश जो ने हिना रुक रेक्नन बा नहीं छोडा, मजरूरों का बानम ने लिया गया, कर ससरी रिटायर-में कर दिया, टेड्स को बहुत तम किया भीर भेग प्रकार सब को एक जगह एवज होने क निए बाध्य किया । उन्होंने कहा कि तुम बेनेश पार्टी के साथ जामी वही हह भाष

का सहारा है। हिन्दू, मुसलमान, सिख ईसाई म जो भेदभाव समाप्त नहीं हो सका दर वह इन्दिस जी ने शपने कामो से 19 महीनी में कर दिया। मैं इस के लिये उन को बधाई देना चहता हू।

मध्यक्ष महोदय मैं पहले जनसध क टिकट पर कई बार चुनाव में खड़ा हुआ ग्रीर मसलमानो के बोट मुझे कम मिलते थे, मुश्तिल से 2 प्रतिशत ही मिलते । लेकिन सब की बार मुझे को 99 प्रतिशत मुसलमानों के बोट मिले, ग्रीर इन सब का श्रेय शीमती इन्दिरा जो को है कि उन्होंने जनता पार्टी व शहे के नीचे सब सोगा को काग्रेस पार्टी वे<sup>.</sup> शाल्टरनेटिव दे<sup>.</sup> रूप में खड़ा कर दिया । धाज कुछ लोग बातें करने होगे कि हम हट जायेंगे। लेकिन यह भी उन्होंने देख लिया कि जनता पार्टी एक है और एक रहेगी भीर हमने जो बायदे किये हैं चुनाव के सन्दर जन को भी हम पूरा करेंगे।

धध्यक्ष महोदय, मैं धपने वित्त मली से कहना चाह ता है कि एक वहत बडा चैलेंज है इनोनामिक इगुज के उपर । जा बीनस पिछली सरकार ने बाटा है बाप को उस पर विचार करना चाहिये और मगहरो नी जो परवेजिय नेपेसिटी खत्म हो गई है उस नी पुन मजदूरी नो बोनस देकर सरकार नो रेस्टोर बरना चाहिये । जो पिछली सरकार ने सरकारी वर्मनारियों वा डी॰ ए॰ मी। रिया है उस पर भी विचार होना चाहिये मीर वह कें ज न हो बल्ति उन को दिया जाय इस बात की भी व्यवस्था होनी चाहिये।

भापने कहा कि देविसिट पाइनेंसिय नहीं करेंगे। यह बहुत घच्छी बात है। लेकिन मैं चाह्या कि वित्त महो जी ऐसा भी न हो कि 600 करोड़ से उत्पर का जो देफिनिट बाइनेंसिंग हथा है जसको नये टैक्स समा कर पुरा करें। बन्ति जो बेकार है खर्चे छित्र. सरवार ने बड़ा रख है उनको कम विया जाय धीर देशिसिट प्राइनेंसिंग भो कम किया जाय इस के असावा रेवेन्य

हू कि नारेबाजी का जमाना चला गया है भीर जनता ने बता दिया है कि माप कहा वहें हैं जनता की राय धापने बारे में क्या है इसको भी जनता ने घापनो बद्धत स्पन्ट वता दिया है।

इम साल एक्टिनस्चरल प्रोडक्वन 11 6 मिलियन इन होगी ऐसा धन्दाज लगाया गया है भीर यह पिछन्दे साला से नेवल दो प्रतिशत ज्यादा है जब कि 1975~ 76 में यह पैदादार दस परसेंद्र ज्यादा हुई थी । नमा यह प्रमति है ? उन्हाने एक घटा भाषण किया है भीर वहां है कि हालत बहुत सुधर गई है। क्या यही मुधार है ? जनता की मालुम है कि क्तिना सुधार हुन्ना है।

जो बातें उन्हाने कही हैं वे सध्या से परे हैं। कांग्रेस वाल को चाहिये कि सम्बी लम्बी बातें कहना वे छोड दें। प्रपने घर को टटोनें ग्रौर पता लगाए कि उनकी हार भया हुई। नेवल नारेवाजी से देश भागे नहीं जा सकता। देश की माने ने जाने व लिए कोई न वोई काम करना पडेगा ।

उन्हाने साडय भीर नार्च की बात कही। यह उचित नहीं था। हमारे मैनिपैस्टी म साफ लिखा है कि एम्प्लायमेंट मीरिवेटिंग भीर स्माल इडस्ट्रीज को हम बढावा देंग, बडी बडी मशीनरी नहीं लगाएंगे, जहां भावस्वर होगा वही लगाएंगे, लेकिन मधिकाश म हम छोटी छोटी मशीनरी लगा वर, छोटी छोटी स्माल स्नेल इहस्ट्रीज लगा कर ताकि ज्यादा सोगा को नौकरी मिल सके लोगी के लिए प्रवसर उपलब्ध करेंगे भीर में गांधा में सर्पेंगी । साथ ही उन्होंने वह बहा है कि बडी इडस्ट्री बाले सोग वहा पर न सगा पाण इस बात की भी व्यवस्था की जावेगी ।

भृतपूर्व वित्त मन्नी ने स्वीकार किया है कि पहले से 15 प्रतिशत दाम वह गए हैं भीर 1974 में दामों का जो नेवल या उस पर वे भा गए हैं ! इसका मतलब यह हुगा जो इमरजेंसी लगाई गई, जो ग्रापने डिसिप्सिन की बात कही प्रोप्रेस की बात कही प्रोडक्यन में बढोतरी नी बात कही वह सब बेकार थी। 1974 की स्थिति और प्राज की स्थिति में नोई अन्तर नही है।

जो कुछ मी कहा गया है वह राजनीति<sup>इ</sup> दुग्टिको स से कहा गया है। देश में प्राप्तक पैदा क्या गया । लाखो लोगों को जैलों मे

SHRI SOUGATA ROY (Barrackpore) In my maiden sprech let me congratulate the Members of the new Government and particularly the Prime Minister, Shri Morany, Desai, and the Finance Minister Shri H. M. Patel. I understand that our party his been defeated in the Lok Sabh elections This point has been relierated by many Members of the rolles benches We admit that our party has been defeated, but let them also remember that we are more than 150 Members sitting on this use of the House

The main point is that the France Minister, in presenting the Budget has said that he has not had the ture to formulate the policies and philosophles of the new Government It is quite understandable that the party which has been voted to power cannot withinsuch a short time, formulate its policies and we, as a constructive Opposition, will offer our suggestions to the Government to help them formulate their policies The Prime Minister has invited our constructive eo-operation and our leader, Shri Y B Chavan bas offered the same So, we will help them formulate their new policies, but I want to say that that I expected something more from this Budget This is a drab and dull Budget this le an Accountant's Budget, this is a bureaucrat's Budget, this is not a Finance Minister's Budget, This is a statement of accounts. It could at least have given some sense of direction to the country, his own vision of the future of the country but it holds out no commit-As ment for the future voung from of this country I would like to know from the Finance Unister what direction he would like the country to take in future

MR SPEAKER This is only a vote on account.

SHRI SOUGATA ROY At less the proorlies should have been fixed, but nothing has been done I can under stand the reasons for the delay I show that there are those philosophy in Jarty who believe in the philosophy of lidisez four that there are those in

the ruling party who believe in capitalism that there are those in the ruling party who believe in the cow and cowdung economy that in the ruling party there are fire eating socialists who would like the maximum income to be reduced to Rs 1 1000 that there are those who want an immediate socialist revolution and that is why he has not come out with any pro posals today

But I would like to emphasize that though the Janta Party has been soted to nower it should be kept up mind that it has been a negative vote a vote given in anger an emotional vote that it is not a vote against the economic policies of the Congress Government against the public sector against self reliance against socialism against the policies which were bring pursue 1 so long We would like to know from the ruling benches whether all the good work that has been done in the last few years will be reversed whether the nationalisation of banks which was such a revolutionary step 11 0 tr coun try is going to be reversed what priorities have been fixed for the public sector by this Government what is being done for the poor ignicultural labourers by this Government What ever you may say of the 20 point programme at least it lad down the provides in this country

These are parliamentary eliquettes The maiden speech of an hon Member should not be interrupted Let them learn parliamentary etiquette It is all right that people bave voted in anger against the Government It is ulli mately their economic problems which need to be solved. If their economic problems are not solved then the pea ple will rise up as ore man against this Government If this Government gives a leeway to smueglers black marketeers profiteers and hoarders in the name of freedom and democracy. people are going to stand up against this Government. It is all right that smugglers like Sukur Bakhia Yusuf Patel have been released, (Interruptions)

1 want to say a few things about the new pol cies Mr Kanwar Lal Gupta has pointed out that the Janta Party in its manifes's has said that they will introduce an unemployment msurance scheme I come from a State where the number of educated un employed is the largest in this coun-I will be the first person to con gratulate the Minister if he declares this scheme for all the unemployed in the country I want to hear in his reply where they are going to intro duce this scheme Mr Madhu Danda vate in spite of all hagglings from some colleagues did not declare bonus for the railway men yesterday. It is all right to talk about one uployment insurance scheme but I want to hear from him where he is going to introduce at I come from a State where the number of unemployed is growing

The last Government had introduced a special employment programme and an additional employment programme for the employees and the t programme was initiated by Mr Moban Dharia who fortunately has become a Minister of Commerce in the new Govern ment I want to know whe her any such employment special programme or additional employment programme is going to be introduced under this Government so that we can have some hope for the future? I want to ex press my happiness that very responsi ble people have taken charge of this Government.

Our economy is on a sound f oting and the foreign exchange reserves stand at Rs 2800 crores We do not want these foreign exchange reserves to be frittered away not do we want cosmetics lipsticks and other things to be friffered away We want them to be used for the purpose of taking India towards self reliance I mis submit that India is on the threshold of self reliance as far as economy is concern ed As far as fertilisers and food are concerned we are on the verge of selfrelience Now, a little ophistication on our part of lechnology, modern

I submit that to solve the basic problems of Indian economy these three industries, jute textile a i sugar which are connected with agricultural produce should be nationalised. If you want to save the farriers who are producing these cash crops and if you want to save the workers who are working in these fields these and istries, jute textile and sugar, must be nationalised We have seen how at the time of the Bang'sdesh cris s the magnates of jute industry enmed pro fits to the tune of crores of supees by under invoicing and over invoicing and they minted money like anything

But when there is a little alump in the jute market, they retrench the jute workers and throw them out of em ployment. Unless we natioialve jute textile and sugar injustries these people can get no remedy 55 It would urge upon the new Government to nationalise these three dustries.

The new Government has got the goodwill of the people. It has got all the goodwill of the Opposition For the first time a constructive Opposition in the Holsons has some into being We hope with the heap of the constructive Opposition the Government will take steps which will take us towards self retainers and anclive the objective of socialism which have good clothing and a belief to find the constitution which mans good clothing and a belief for all the people of India.

philosophy has proved wrong Because things like cutting of the earnings of the workers, enforcing CDS, nullifying the Bonus Act and freezing the wages would not work in the Indian economy The Indian economy has proved that this will not counter the inflation would, therefore, appeal to the hon Minister for Finance to restore the cut in the wages scrap CDS, nullify the Bonus Act and do away with the freezing of the wages The workers should be given their fair wages, and the Government employees their arrears of D.A. Let the workers have their share in the production and let us save our land from a disastrous situa-

tion

Some hon. Memoers from both sides have said that 'inflation is the order of the day and it is provalent all the world over I say that it is a distor ton There is no price rise, there is no lone ploom and there is no glot, there is no gloom and there is no recession in many countries of the world But unfortuntely, or country is tagged to the capital st market mechan ism, where we cannot survive without inflation. That is why, we are in a vicious circle.

I would once again submit that in order to check price rise, an efficient public distribution system is very es sential. I would request the hon Minister for Finance to be categorical and not to play a hide and seek same, and say that they would scrap the CDS, mullify the B nus Act and there would be no wage freeze.

I also strike a role of warning regarding a vital sector of our economy namely, the ports and dorks. There you know the siluation is very tense because retrenhenent is in the offing on the report of the Chatterjec Committee and also a major sector Like the port and dork workers are being denied their due ways rovision. So, negotiations have to be started in this sector and unless our workers are fully

satisfied and kept content, I feel our economy will be in shumbles.

I thank you, Sir, for giving me this opportunity

\*\*SHRI GOVINDA MUNDA (Keonjhar). Mr Speaker, Sir, I heartily congratulate the hon Minister and support the hudget, which has been in trodured in the House today by Janta Party Government. Sir, you might be knowing that 1975 was a very bad period for Orissa Because, due to tack of rain for nine months continuously, there was drought in the State In Orissa, out of 13 districts, there is severe drought in 9 districts result of this Adivasis and Harijans of these nine districts do not get food to eat During this critical period, Indira Government announced that etections would be held in the country tmmediately Sir, it is a matter of surprise that the announcement regarding election came at such a critical moment, when there was no organisation neither of the entire opposition party nor of the Janta Party. People were starving The Congress wanted to exploit the situation During election time, Congress Party went to Adivasi and Harijan villages with lakhs of rupees and distributed the money and that was their efficacious weapon during election time. In other words, they wanted to hay votes in

Sit, you might be knowing that I belong to an Adivas area of Keonjher district, which is full of mixed by sources. There our brothers and the sources are the sources and the sources are the sources of the sources of

Orissa is pre-eminently an agricul tural state but there are no facilities for agriculture There is no ivriga tion and drinking water facility especi ally in hilly and forest ereas of the State As a result prople are facing e lot of trouble which cannot be described in words. The Indira Govern ment could not provide water at any place for 30 years of our independence What right they have got to rule over the country? And now people are giving reply to that question Sir with all humility I would like to request you that if we are .o mm the adm his tretion of the country then we have got to give up their principles and policies end we will have to act eccording to our own rianifests. Because Janta Government has come to power, people are now happy and they defi nitely have faith in the Government, People had assured that they would oring a total change and they did lt. SHRI CHARAN NARZARY (Kolta thar) Mr Speaker, Sir, I am speaking in support of the financial statement of the hon'ble Finance Mirister general budget covers a wide range of varied subjects and at the moment I am not concerned with any statistical figures. I only want to make a few observations. The facts and sugges tions advanced by the hop Members in this august House will surely help the Finance Minister in preparing the general Budget in a realistic rianner so as to serve the purpose of the na tion

Sir, the Budget of the Government is expected to be a people oriented Budget for that can enrich each and every one in the country Since the present Government stands for the downtrodden people of the country. the voice of the downtrodden people has to be heard by the Government

I am from the State of Assam and to a certain extent my voice will be the voice from the east because we have to look into the reality and by taking into consideration the different aspects of each nook and corner of the country, the Government's policy has to be formulated

Of the downtrodder people, I feel, there are two class's-the downfrodden people whose voices are heard and the downtrodden people whose voices remain ever unheard Even among the downtrodden people there is a difference and now I stand for those downtrodden people whose voices have never been heard by the Government I belong to the plains tribal group of Assam The previous Government was binking upon the Scheduled Castes and the Scheduled Tribes of the country by giving high hopes and assur ances to those people and for the last 35 years of Independence these law aliding and loyal citizens of the coun-

(on Account) 1977-78 try expected much of the Congress Government But their hopes and as pirations have been belied totally Now since these people want a change in the Government, particularly in the State of Assam, my people supported the Janata Party I have come here as an independent with the support of the Janata Party and it is to our credit that the Janata Party candidates could come out successful in those constituencies where my people could help That is why the hopes and aspirations of the Scheduled Castes and 'Tribes and other weaker sections of the prople have to be taken into consideration while preparing the general budget. The time has come for the downtrodde's people to be united so that they could in a concerted way help the present Government in solving the basic problems of the downtrodden people. What is the basic need of the common people\* I believe the basic need of the common people is security. When there is no security, there is no use having particular system of .dministration Security romes first and we have to ensure security for all the people. The downtrodden people in the last 30 years of independence were frustrated totally and it should be the duty of the present government to infuse a new sense of security in them Much in fustice has been done to those people in the last thirty years of independence In the east people do not get even drinking water If you travel in the interior, in the sub mountain aress in the northern tracts of the Brohmaputra valley along the Bhutan and Arunachal hills, you will see thousands of people going without drinking water The spice of the people in those re gions has remained unfeard and their fate is unknown to the public world Trose areas can be converted into surplus aceas if there is a green revoluton The main problem in that region is the problem of trrigation Several thousands of people have to remain balf fed and ill-clad in spite of fremendone postibility of developing the agrieultural system for better production of paddy and other cross People have

[Shri Charan Narzary] been faring innumerable problems for want of irrigation fac lites. This Gos ernment while preparing the general budget for the year 1977 "8, should definitely take into account that aspect

# 12.38 hrs

of the problem in that region. [KUMARI ARRA MAITI in the Chair ]

The previous government assured that the Scheduled Castes and the Scheduled Tribes people and other weaker sections would be given proper rehabilitation and fillest se-unity But just on the eve of the proclamation of the Emergency by the Congres, Gov. ernment, thousands of landless tribals were ruthlessly exicted from different reserved forest areas and those people had gone astray for want of rehabili tation. Those people have to be reha bilitated. They do not know what would be their fate They have become the worst refugees in their own coun try and the Congress Government in spile of their repeated assurances, could not help those people. We sen ously took it up with the State Gos erument and also with the Central Government. Many people ded of starvation, many of them have become totally destitute. The Central and the State Governments fully know all these things. Till today the Assam Government is a Congress Government. Those people have been feeling helpless. They were denied of shelter There is no way out for them. Are they not call zens of the country? I say that these people are as patrioti- as any other Indian and in the North Eastern region these people are the defenders of the country Their region is a sensitive region. We have been playing a vital role to the defence of the country Whenever a national crisis took place we always played a vital role That is why I would invist that the present Government should look 'nto all these various arperts of the problems of the North Eastern region of the country Then only the maxim that the national integration is the basis of our national H'e will come true We are the nationaling in the North-Eastern region of tedia. We are as nationalist as any other Indians, Whenever any national issues cropped up we totally for ourselves and mingle with the main stream of the nation Our leaders say that it the first and the foremos' duty of any Indian to miggle up with the main stream of the national life We have not dened this but for this a favour able enodition should be created so that they can mingle up with the main stream of our national Lie I believe that since we have come here with a ray of hope, definitely the precent Government will do something con crete for the liberation of the down trodden people and through you, Madam, at this moment, I would like to make a clamon cell to the hon-Members of this House belonging to the Scheduled Casies and the Schedul ed Tribes to make a concerted effort so as to help the present Government in taking bold and effective steps for the welfare of those down-trod-en people with this appeal I resume my ceat.

SHRI GEV MANCHARSHA AWARI (Nagpur) Sir much water has flowed down the Yamuna after our Finance Minister laid on the Table his burget for vote on account. The firs' and fort most thing to be understood is, there was definitely a very grave economic crisis in the whole world in the form of suffation. Even asfluent countries bke America Germany and Jopan have reeled under its pressure 2.4 there have been spiralling rices in prices and unemployment also Naturally this economic crisis affected developing country like India which was trying to become an affluent coun try In 1974 we saw a spiralling ree in prices in India. It must be agreed by everyone that in the last two years the previous government has been sale to contain the inflation and arest the rase in prices. This is definitely one of the best achievements of the previous government, which has peers admitted even by the foreign press which has been critical of the previous govern ment earlier The figures say if I do not have to say it. The Fusice Minisfer should take this thio account. I would plead that the new Government should rise to the occasion When a new government takes over it is not the government of a prileular party alone it is the governmen of the whote country So the good achievements of the previous government should rot be simply thrown down the dram because they were achieved by the previous government I feel that all good achievements of the previous government will have to be taken into account

45

The Finance Minister has been rather evasive in his budget speech and he has not betrayed even the trend of the main budget which is to follow I understand there was very little time to make a whole reappraisal but he could have indicated something about the trend of the new 1 idget A person of his eminence can indicate even in impromptu words as to what the new budget would be There is a huge deficit in the hudget and there are to my mind only the ways out The first way is to have a heavy dose of taxation which would be very bad for the poor people The second was is to cut down the development activities which have been going on in the country That also would not be in the interests of the nation because many parts of the country are still backward Therefore It seems the new Finance Minister has to be very careful in re appraising the whole thing He has clearly stated that the new government wants to remove megualities, unemployment and poverty Looking to att factors one fact remains namely the poor man in this country has to be given some sort of re-assurance and some relief from the heavy burden he has been shouldering I know the new government believes in Gandhian con cepts. One basic Gandhian concept is the idea of "trusteeship" Mahatma Gandhi said that the rich must use their wealth for the welfare of the poor I would plead with the new government that in the new hudget to should be ensured that the common people of the country are as tax free as possible You may ase if you make the common people tax free how is the deficit to be bridged? I suggest that

(on Account) 1977-78 the people who are progressively richer should be taxed heavily to cover the deficit which would arise by leav ing the common man tax-free Essential commodities like foodgrains edible oil etc have to be provided at cheaper rates For that the means of production of the essential commodities will have to be nationalised or some sort of arrangement mad- whereby trade in these commodities will not be given to the common traders It has been the practice in this country that when ever there is a laisser faire economy and freedom the common tra ders have always tried to cash on the troubtes like natural calamities and made huge profits. This has been the experience of this country all these years So the new government will have to take steps to see that the means of production in the country especially of essential commodities like foodgrains edible oils, etc are either nationalised or some of arrangement will to be made to protect the poor people This assurance I definitely want from the new Finance Minister

46

Another point which was made in the Budget speech by the new Finance Minister was about unemployment I know employment has been a major factor in this country But taking into account all the things, there has been a definite improvement in the us employment situation in this country but much remains to be done That has been agreed by everyone You cannot say that the previous Government did not do anything in this regard. Much has been done but still a lot more has to be done But we want that this unemployment problem should be solved in a way where all the youth of the country would have their participation. I recollect the speeca made by an hon Member from the treasury benches saying that the 20-Point Programme did not include unemployment at atl. Yes, it was not included in that Programme as one word but It was said in the Programme that the Apprenticeship Act will be enforced so that all the educated unemployed youth could be given some employment. This was a whole point in the

(Shri Ger Mancharsha Awaril 20-Point Programme And very good schemes were taken up in some of the States

I warn this Government that if in the name of freedom, absolute freedom is allowed in the commercial field, if absolute freedom is allowed to traders of all classes and of all types of people, then I am sure, the trading community might perhaps-some among them who are black sheep-take the opportunity of the freedom and try to indulge in hoarding, black-marketing and all the ills which go with capitalist system

In our system of economy, complete freedom will not work sure, we will have to nationalise the production of essential commodities or we will have to do some socialization or some such arrangement.

I think you for allowing me tomake my maiden speech in our Parliament today I also thank the Members for not interrupting me during the course of my speech

MAVALANKAR PROF P G (Gandhinagar) Madam Chairman, I rise to support the Vote on Account statement presented by the new Finance Minister, my esteemed friend Shri H M. Patel. The Vote on Account Statement which he has presented very rightly states that It only an interim and tentative statement almost an arithmetical exercise entered into and that the country will have to wait until he is able to produce a first-rate, full-length budget not only outlining the Janata Government's policies and programmes but Gandhi's incorporating Mahatama attitude towards the economic upliff and betterment of the teeming millions of our great motherland. I want to say that the Finance Minister, and earlier also his colleague and my good friend the Railway Minister Dandavate, have both shown a certain sense of purpose and determination and have expressed themselves in clear and unmistakable terms. While

congratulating both of them for their very brief but prompt presentations to this new Hon House, may I also sound a word of caution that now the people's expectations have been raised tremendously and that time is running rapidly, and so my colleagues members of the new Government and, indeed, the whole House will have to devote themselves to their new tasks with a lot of rethinking and bold thinking in a comparatively short time I am sure, Madam Chairman, that Mr H M Patel will be able to look after the implementation aspects also, of the economic policies and programmes for this vast country when he produces the Budget, perhaps next month

Now the people's verdict has come and it has come as a tremendous revolution. In no other country of the democratic world-not even in Britain in the last 750 years and in America in 200 years or more-have they shown the kind of robust commonsense and political wisdom that our teeming millions described as illiterate, but in reality, politically very astute and wise, have shown this time have changed a rotten, corrupt discredited Government and brought into the forefront a new Government with new expectations. This has been a unique revolution in the entire democratic world-unique in the sense that this has raised the prestige of our whole nation among all democratic countries, and even the United States and Britain are looking at us with a sense of awe, respict and admiration [and, admiration, because of what they could not do during the last several decades or centuries] for what the teeming millions of this country, illiterate but cultured, sensible and sensitive good souls, have done in terms of a revolution. I therefore want to salute first of all my motherland and the teeming millons whom I know directly and indirectly. I want to salute them and to convey my 'abhinandan' to them and offer 'vandanam' to them for what they have done in regard to this great

revolution It was an English Historian Sir John Seeley who had said that a General Election is a kind of a pecaful revolution, but this last, sixth General Election in India has been the first extraordinary one which has shown that the Indian people can replace a rotten Government by a good Government through the ballothox and non-volence and not through bullets and violence. That was the path of Mahatma Gandhi and we are grateful that that path has been followed by the people

Further, I want to say that the people's aspirations have been aroused and people's expectations have been aroused in fact it has been an explosion of people's expectations universally in the whole country. Let us not make a mistake, let us make a distinction between people's aspirations and politicians' ambitions Each one of us in this House is to a greater or smaller degree, a politician. Politicians of late have been discredited in our country because of rbuse of power by several politicians of the Congress Party who converted the government for the people, of the people, by the people into the rovernment for the Congress politicians of the Congress politicians, by the Congress politicians'! As a result, the entire tribe of politicians has been discredited. But let us remember that we politicians must heed words of caution which History and time give us, and rise above our levels and see that we act as one whole team, both individually and collectively, in this House and outside-and that we do not behave as self-seeking politicians but act as statesmen looking towards a new generation Therefore, let us make this distinction between people's aspirations and politicians' ambitions and let us hope that the politicians will rise to the occasion and each one of us will see that we attune ourselves 100 per cent with the aspirations of the common man

My friend from Assam has sold in the debate carber that the teeming millions of commoners in this country

# [Shri P G Mavalankar]

were so far silent and dimb but thank God their voice is now being gradusif, ly heard Let us hope that the com moners voice will be heard and that their dem..nds will also be met as early as possible

Therefore I am trusting with con f dence that the Janata force and not only the Jana's Party fire (because after all, however great a Party may be the Janata force is greater than any Party) will assert itself pre ent Opposition ured to say India is Indira and Indira is India word 'Party' has come from the word part' and you cannot equate a part with the whole and the whole is the nation Not only the people of sester day and today but the Indian people of tomorrow are also there Let us see that the Janata force acts as a eonstant clear and conscious wa chdog on all our sayings and doing here and outside

I am sorry that Shri C Subramaniam, the Finance Minister of the critivals Government is not present here and that the Leader of the Oppoution is also not present I am surprused that Shri Subramaniam and has colleague Shri Georg- tried to create a division between the north and the south. But this country is individually and no Minister or ex-Minister can talk in terms of this part of India and that part of India india is ultimately one indivisuable nation.

Then, again, Shri Subramanum; speech was amazing and equally amusing His narration of the proparently illusory achievements during the Emergency to say the feast is an exercise in futulity Even assuming that the argument of Shri Subramaniam was right and that intere were some schievements or some gains achievements or some gains and the strength of the strength of

but with all the force at my command, at what cost these so-called achievements were made? They were at the coar of human dignity at the cost of human freedom The Congress Gov ernment had during the Emergency kept 200,000 and more people in jail they had put two erores and more of people and their families in distress The entire nation was enslaved and brought into conditions of deeper possible slavery and bondage while even the British days of India never san I say this with great disguit Bith all these ugly events, the present opporition Members had the gutts and the face to say that they had achieve ments to their credit! They should be ashamed of these things At least they should have kept quiet and silent But the tragedy is I am sorry to say so that the Congress Party which is now on the Opposition berehet is in no mood to unlearn their pas' deeds and in no mood to learn afresh. If they cannot know how to unlearn their past deed, and how to learn afresh the new requirements the new challenges, the new compulsions of political and spiritual democracy of this country then I am sorry for that Opposition. Even if it is numerically strong even if that Opposition has come for the first time, as an official Opposition in this House that Opposi tion connot be strong merely in terms of number they will have to be humble That is why I am equally distressed when Mr George erstwhile Minister of the Congres Government says that people gove votes on emotions and that they were unthinking people Mr George for gets that the same people gave the the majority in 1971 At that time the people were not unthinking but now that that Party has been dismised from power, he calls the People unthinking! I am glad that peop have dismissed them from power and that the people did not dismiss then or eliminate them completely from this House It is good to see come of them back in the Floure But to say that people had voted on emotion and not on reason is to insult the people of this country The electorsis

60

of this country, though it may be illiterate, is not politically immature or politically unwise. It has been fed by Mahatma Gandhi, it has been fed by Lokamanya Tılak, it has been fed by Lala Lappat Rat, it has been fed by Deshbandhu Chittaranjan Das, it has been fed by Motilal Nehru and Jawaharlal Nehru, and this electorate has shown in no unmistakable terms that people can act, and react both intellectually and emotionally But I would say one more point to Mr Geor\_ ge and his colleagues on the Opposition benches Even if people have voted as a matter of reaction in terms of emotion, I want to ask them whether the people were not justified in showing that emotion That emotion was justified in every single way because the manner in which the Indian people were humiliated and scores of excesses and atrocities perpetrated on them during the Emergency has no precedent, whatsoever, in any part of the civilized world-at any time in this country's history or in the history of any other country in the world The deepest possible humiliation was in flicted on the Indian people the deepest possible humiliation was inflicted on the Indian nation, the deepest possible humiliative was inflicted on the Indian culture, the deepest possible humiliation was inflicted on the Indian hentage Are they to stand and tell us now that they are a responsible Opposition? I hope, they become at least a humble Opposition an Opposition which will learn from the verdict of the people Mrs Indira Ghandhi and her Party said that Parliament was supreme and they amended the Constitution and crushed the people Really speaking, on the top of Parliament of Indra is the Constitution and on the top of the Constitution, are the people. Mrs Indira Gandhi did the other way round She crushed the people, twisted the Constitution and made Parliament a subservient body

61

I was telling last year in this very House that God would not pardon these people for the sins they had committed, and God, through the voters of this country, has not pardoned them for the sins they have committed during the Emergency

I want to conclude by saying this We know that the Finance Minister had no time to go into the economic policies and programmes. But I hope that he will be pragmatic and that the will be pragmatic and that ideological and doctrinnaire considerations alone will not themat the path of the new Janata Government in bringing economic progress.

Finally the acute problems of rising prices, of inflation and of deepening poverty will have to be solved in a spirit of dedication, and with intelligence, understanding humility and trutbfulness Mahatma Gandhi s eternal message is as fresh and meanangful as ever Governments functioning and style will have to be full of simplicity, economy integrity Before taking the oath here, we had gone to Rajghat, Mabatma Gandhi's Samadhi, on 24th March morning and taken a pledge, I was one of those who had gone there I told the spirit and Soul of Mahatma Gandhi 'As elected representatives, we want to learn and practise from you an ounce of truthfulness and integrity in public life' At the time of Mrs Indira Gandhi's Prime Ministership, the standards of public life and the values of public life were debased We have to lift them up now, we have to lift the entire nation Let us not forget that pledge

I am very glad, Mr H M Patel, ended his very finely worded short speech by saying

"The House may rest assured that we shall keep our faith with the people"

There cannot be a better sentence than thus The Finance Minister easy that the House may rest assured. The Finance Minister has given this solemn assurance on behalf of the entire House, not only on behalf of the majority Party, but on behalf of the majority Party, but on behalf of the whole House, that they will keep their faith with the people Therefore, if we are true to the people, if we are telless, if we are principled and if we are full of ideas and idealism as shown to us by Mahshana Gandhi, as shown to us by Mahshana Gandhi, as shown to us by Mahshana Gandhi, and the same shown to us by Mahshana Gandhi.

thirty years Previously, Shrimati Indira Gandhi used to say that the Opposition was not responsible, and probably that is why, Lord has so ordained that we are in power today and they are in Opposition We would see now how responsible they are

65

I would like to congratulate the Minister of Finance for his hudget and would request him that while they get time they must look at Orissa and see that there is no regional imbalance which had been the order of the day during the Congress Government in Orissa we do not have much railway We also want a fertilizer factory, a ship building industry and a second steel Plant I would be enumerating the demands of the people gradually when occasions will arise.

as shown to us by God I am quite sure that the path will be well lighted we will have no difficulties or obstacles come what may we shall survive all the problems and make this a good and deserving Government and I am sure propie will shower praue and admiration on this Government for the poliness which I hope they will give in the next couple of months and years.

SHRI SARAT KUMAR KAR (Cuttack) Madam Chairman I rise to support the on account budget presented by the hon Minister for Finance When I was listening to the ex Finance Minister Shri C Subra maniam. I was reminded as if I was listening to the All Indra Radio or All Indira Radio during emergency He was praising sky high the past performances of Congress government but in actual practice, it was just the reverse We were repeatedly told during emergency that there should be more work and less talk but the rice perso was done that is less work and more talk.

During the short time at my dis posal, I would like to draw Government's attention to the regional imhalances in respect of certain States like Orissa Hundreds and hundreds of foundation stones had been laid but no project had been completed and the people of Orissa, according to the then government's statements have remained as a poor State Seventy five per cent of the population is below poverty line So far nothing has been done in spite of the fact that Orises is full of natural resources. Compared to other States, Orisia has a sea coastline almost one-fourth of the entire country it has one-third of the forest wealth and one fourth of the mineral resources Its population is, however one thirtieth This shows how rich the State is. If we exploit the natural resources of Orista in a systemati way we can build up this State like Japan and West Germany I am reminded of the ancient history of Orissa where it was recorded that the Oriyas were the pioneer mariners and traders of India Ancient Sanskritt purans stated that the Kalingas Sahasika" is the people of Kalinga were courageous. But the present Orisas has remained poor due to utter melligence Unfortunately nothing has been done in this State only the foundation stones have been laid and the project left uncomplete.

1977-78

Shri Sanjay Gandhi was all the time saying grow more trees but the fact remained that in order to welcome him, lakhs and lakhs of sal and teakwood trees were cut, to make welcome gates and barricades for him, So these are all sheer contradictions of their utterances. I have no time to enumerate them here today I would only like to remind the hon. Minister of Finance of the expectations of our people which should not be betrayed as it happened during 1967 to 1977 the Indira decade We cannot unmake within a few years what has been done during the last thirty years We cannot make up thirty years of unpreparedness within a short period, but we must assure our people of only two points, not the so called twentyfive points or the pointless clogans. First there would be a job for every individual and secondly at least two stomach full meals for everybody To begin with that should be our approach for the time being For this job and bread we will not surrender nor ex change our freedom.

During the last twenty months of energency we have been repeatedly told that the rathway trans have been running in time and that the Indiaties are running efficiently but that does not mean that for that a nation should be made glave I am reminded of Hittler who said that a lie told a bundred times can become truth That has been the line of approach of the Congress Government.

AN HOY MEMBER It is not Hatter but his Minuster Goebbels.

SHRI SARAT KUMAR KAR All right, but Hitler was following that

श्री सारम साथ (सरवुना) सभापति महोदया, में मध्य प्रदेश के पूर्वी किनारे से एक सुरक्षित सीट से भाषा ह । जैसा भभी हमारे झासाम के एक भाई ने भारत के पूर्वी विनारे में रहने वाले जगरो में नि "स काने नाले भाडयों के बारे में कहा. मैं भी मध्य प्रदेश का होने के नाते या या पह कि भारत वे बीच के हिस्से या उसके श्रासपास रहने नाले भादिवासियो और हरिजना के बारे में कहना चाहता हू । माज उन लोगा के सम्बन्ध में हमारे देश ने शासन को चिन दग से सोचना होगा । पिछली कांग्रेस सरकार ने रेडियो और ग्रखनारा से उनको नाना प्रकार की सुविधायेँ प्रदान की, लेकिन ये सुविधार्ये जन तक इस तरह से पहचती यी, जैमे किसी ने अपने खेत म गेंह बोया और नहर वे द्वारा उसवी सिचाई भी जा रही है, लेकिन उम महर में इतने छेद हो कि नहर का पानी खेत तक पहुच ही नहीं सका, मब उस खेत हैं गेह का क्या हाल हुआ होगा, भाष उसकी समझ सकते हैं। उसी तरह से इस देश के श्रादिवासी धौर हरिजनी ने लिये चाहे जिन्ती भी गुविधाय दी गई हो या अभी तरु दी दा

मैं भाप सब बन्धग्रो भीर इस माननीय सदन को यह भी अवगत कराना चाहता ह कि हमारे मध्य प्रदेश में घाज भी कोई ऐसा जिला नहीं हैं जहां हमारे स्नादिवासी नगे न रहते हो । मुझे बडे दुख के साथ कहना पडता है कि इन तीस सालों के अन्दर हम उनको एक चिथडा भी नहीं दे पाये हैं। हमारे प्रदेश में 17 ऐसे जिले हैं जिन में हरिजन भौर बादिवासी लोग प्रधिक सख्या में निवास करते हैं। जहा मेरी जानकारी है-में मध्य प्रदेश ने सरगजा क्षेत्र से श्राया ह भीर स्वय भी एक भादिवासी ह-काग्रेस सरकार की भीर से जी सुविधावें हम को दी गई वे हम तक नहीं पहुची । हमारे जितने खिते हैं वे सब भाज भी पिछडे हुए हैं। श्रावागमन भीर यातायात भी दृष्टि से भाज भी इन 17 जिलों की 95 प्रतिशत से अधिक जनता ने रेल तक नहीं देखी है, रेल में सवारी करने की बात तो घलग है। हमारे सरगजा क्षेत्र में एक छोटी-सी रेल लाइन गई है, उस-से हमारे दिले का मुख्यालय-प्रमिवकापुर-नेवल 14 मील है, लेकिन वहा सक भी वह नही पहच पाई है, शायद इस लिये कि यदि बहु मुख्यालय तक पट्टच जायगी तो कुछ ज्यादा सोगो को उस की जानकारी हो जायेगी। उस दिने वे विधामपुर से विहार को जोडने ने लिये एक लाइन की योजना बनी थी. सस का धर्य-वर्क भी पूरा हो चुना या, लेविन उस को परा नहीं किया गया । हमारे ग्रादि-वासियों की एक खंबी है-वे लोग जिल्लाना नहीं जानते, वे गडवड नहीं करना चाहते, बे जिस का साथ देना चाहते हैं दिल से देते हैं भौर उस पर विश्वास रखने हैं। इसीलिये मुझ से पहले जो भाई यहा सदस्य थे उन्होंने इस बारे म कभी मावाज नहीं उठाई, इसी लिये कांग्रेस

बहा तक परिवार नियोशन का सदाल है. धगरसारे बावडे निवास कर देखे जाए. ओ य प क पना करेगा कि भी नमयन्त्री हुई है, उस में अधिक मध्या में नमबन्दी धादिवासियों और हरियमो भी हुई है। हमारे मध्य प्रदेश म नही उन मोनो के लिए दवाईयों की कीई व्यवस्था ची और बहा पर वर्ड जिलों में जी धापनेशक. हुए हैं. चन के कारण बहत से लीवों की मत्य हो ग है। उन लोगों नी देखरेख ग्रन्छी नरह से मही हुई है। वहा पर मादियासिय को ग्रनेक कठिनाइयो ना मामना करना पड़ा है । मैं इस नई जनना सरकार से यह सम्मीद रखता ह कि जिस प्रकार से 30 वर्षों तक काग्रैम मरनार ने भादिवासियों को भशकार भ रख कर रायदा उठाया है और हम से बोट लिश रही है, उसी प्रकार से यह नई सरकार नहीं करेगी घोट उन की मनाई ने काम करेगी।

इस के साथ साथ में यह भी निवेदन करना वाहना हूँ कि भादिनामियोः भीर इरिज़नों को जो भी मुविधाए दो जाए, उस में देवता यह होगा दि वे मुविधाए दो जाए, उस कम उन तक पहुंच रही हैं या गही। उहा तक सहयोग देने की बाग है हुम सरकार को पूरा सहयोग देने हैं। सभी वन भाविवासी समाज भीर इरिज़्न समाज भीरित होता एग है भीर वार्षेस सरकार , जिस कमार उन का चौरण हिमा है, उस को बताने की स्थिति में में इस समय नहीं हू क्योंकि उस में बहुत प्रिक्त समस्य नहीं हूं क्योंकि उस में बहुत प्रिक्त समस्य नहीं भीर दक्ष सोण को जेनता ने बता है जिसा है भीर दिखा भी दिया है। में भाग से कहना चाहता हूं कि भी स्था के भोरण होता दहां है, उस में समस्य किया होता दहां

एक तरफ तो कार्येस सरकार हरित कान्ति का नारा लगा नर नहती थी कि अधिक भन्न उपजामा भीर दूसरी तरफ भादिवासिया की धक्ती जमीन, जिस की उन्होंने मेहनत करके धरहा बनाया था. नेतर उन की जगली म जाने की मजबर कर देती थी। लगान का मामला धाप ले लीजिए । जिल्ला सही लगान बनता या. उस से नही ज्यादा उन से बसूल निया आता या भीर कर्जे का यह ताल या कि जिल सोवों को कर्जा दिया जाता था उन से तो बसल हमा ही लेकिन जिन्होंने नर्ज नही लिया था, उन से भी बसल कर लिया जाता था। धादिवासिया से कागजी पर दस्तवत करा लिये जाते ये जबकि कर्न नहीं दिया जाता या धीर बाद में बह वसल कर लिया जाता था। धगर यहाँ दिल्ली में बैठ कर बाप यह सोचने लगेंगे कि फार्दिवासी भीर हरिजन समाज इस तरह की बातों से बागे वड जाएगा, तो यह नाममनिन हाया । इसलिए मैं शासन में निवेदन करना चाहता ह कि भादिवासी और हरिजन समाज के प्रति सहानुमृतिपूर्वक विचार करने हुए, उन को भागे बढाने के लिए झाए को प्रयास

इन शब्दो क साथ म धपनी बात समाप्त करता है।

SHRI BASHIR AHMAD (Fafehour) Madam Chairman I will place before you certain facts in regard to what the Government had done during the last 30 years especially during the period of emergency The Opposition has been boasting of the spealled achievements made during the last 36 years 1 will respectfully say that the post 30 years have given only thod and tears to the people of this country

I will narrate a few events showing what the Government has done during the period of emergency-

Palse cases were lodged against our leaders. They were put lebind the bars on false pretext up fer DIR and MISA The Haintenance of Internal Security Act was applied without gly ing opportunity to the people to plead their case It was the former Prime Minister who wanted to enddle herself in power after violating the provisions of the Constitution and the ventict of the High Court

During this period of to.3-rule of 30 years they wanted to divide the two major communities of this country the Hindus and the Muslims, by creating communal disturbance in this country The rights and liberty of the people were done away with.

During these last 20 months of this emergency on the basis o' compulsory sterilization firings were resorted to ut Turkman Gate 'n Muzalia- Nagar, Sultanpur and various other places Human beings lost their lives and Blood was flowing like water and there was no opportunity granted to anybody to defend himself Lives of the innocent people were taken

The whole present financial position of this country is due to the misrule of the Congress Government especially during the 20 months of emergency I dare say that the atrocities committed in the garb of compulsory sterllization Defence of India Rule and the Main tenance of Internal Security Act are un paralleled in the history of the world Even the vorst dictators like Hill Mussolini and others have not dared to commit the sins which have been committed by the Ex Prime Minister and her son

Ball dozers were used to demolish the buildings without any authority of law Bullets were fred ffe 1 vere freated just like anim is and were Lordinate virtualummos

The farmers had to leave their felds for fear of sterilization and MISA. There was eco tomic stagnation of the poor Teachers had to les e their service Government officers had to proceed on leave. The entire financial position of these poor people was lost There was robody to inquire into these thing

The House is aware of the episode of Turkman Gate The blood on the walls remired us of the tyranny com milted by the Government The tyranny committed by the Government in the last 20 months reminds us of the tyrannies committed by Chengh's Khan and Halaku, innocent terrons were confined to jall Fren respectable persons were not spared.

[Shri Bashır Ahmed]

71

I can narrate the events showing that the lives of young and selented menvere taken. Children were turned erphans Woman were turned widows. They are still living like destitutes and refugees. Lakhs and lakhs of persons have turned refugees. Fater houses have been demolished—having been buildozed.

I will respectfully say that our Finance Minister chould take a note of this situation The Opposition has no courage to deny all these facts

Lakhs of rupees were spent on the visit of Sanjay Gandhi to various pleces specially in UP Bihar Punjab and Haryana. From what source has that money come? He was a private individual. I know under the Constitu tion there is no provision of money for urofficial visits The taxpayers money should not have been spent on the visits of Mr Saniay Gandhi Crores of rupees heve been spent on his visits.I will request my Covernment and the hon Finence Minister to institute an independent inquiry Rather a com mission of inquiry should be instituted and the Chief Ministers who have spent moneys in this manner should be personally held responsible for these things A proper inquiry should be instituted against the forner Prime Minister and her son and all those moneys which have been illegally spent should be got refunded from their per sonal property

Sir the way the Congress go emment ruled during the past 30 years reminds us of the way in which Englishmen were ruling this country, namely the policy of divids, nd rule between the two major commaint es that is, Illindus and Muslimus Now Sir an attempt is being mad 1: the for mer Finance Minuster, Shirl Subramaniam to create division between North and South This to a matter of a streat shame.

SHRI C. SUBRAMANIAM (Palani) Madam Chairman, it was not my

point to create any difference between North and South The pattern of voting is a fact. This should not lead to polarisation between North and South Since this is being harped upon member after member I want to clear this point The France Minister should take note of it

SHRI BASHIR AHMAD Madam Chairman I want to respectfully submut that when the Congress was in power it restored to dubious and mean factics During the thirty years they resorted to one tactic after another for creating communal differences so as to 1eep themselves saddled in power They created the bogey of RSS and Jan Sangh agamst Muslims Now, they want to again create dissension in the country I want to remind the House that the speech of Mr Qureshi has created the boges of Kashmir I warn the House that they should tactics of the beware of the Congress party They want to create confusion by these tactics and speeches People have already re sected them and they can never recover their position by these tactics They faced their Waterloo at every place The author of this doctrine has also failed. Her son has also failed

Madam Chairman, they tak about smuggiers. I wart to know who are the creators of these smugglers It is the Congress party which took funds from these people They gave shetters to these smugglers So they are responsible for smuggling in this country When they wanted to bring about deflation in the country they took the step to arrest them but the House should remember that they did not bring them before the courts Had they been beought before the courts they would have exptained as to how money they had given to the Congress party Therefore they were restrained from making any statement in courts. This is 73

the manner in which the smuggling was encouraged by them. They were authors of corruption and sin I come from a constituency of Uttar Pradesh Fatehpur and Banda which are one of the backward areas of Uttar Pradesh I know to whichever villages I went I found that even in March the wells had dried up the canals were dried up the people were craving for drinking water. This is the position in this country of which they are proud People were not getting any drinking water There were no roads there were no outlets in the villages People were starying farmers were starving chidwere weeping and there ren were tears in the eyes of the people wherever I visited The neighbouring constituency of mine immediately adjoining it is Rae Barels district A large number of industrial projects were taken up in Rae Bareli district but no project was taken up in Fatchpur district. Why these various industrial projects were undertaken in Rae Bareli? I ask this question from these Congressmen It was merely to corrupt the people of Rae Bareli And they wanted to corrupt and bribe the people and the toters but the voters were extremely wise And no improvement was made in my constituency which is hardly a furlong from Rae Bareli district from which Indira Gandht contested. I will ask one question Is there any tradition with them that there were so many projects in Rae Barell which was backward area Fatchour was also an equally backward area and both are adjoining each other but not a single project was taken up to create any employment opportunity to the people of Fotehpur This was really with a view to corrupt the voters. that principle of corruption also failed and the people rejected ber Now one thing I want to mention

before the hon Finance Minister is that a large number of people had been detained under the MISA, Now, it is extremely important that all

those detenues should be rehabilitated The victims are those persons who have given their lives They are all national heroes I dare say that we have got freedom only after 30 years The real freedom is with its We have been delivered of a misrule and a corrupt rule and we are really free Adequate provision should be made in the Budget for these persons who are such vic-Rehabilitation grants maintenance grants should be immediately allocated to these MISA detenues and to the nears of the deceased victims I know the plight of these persons All those persona are poor economically backward and those persons should be immediately habilitated Maintenance allowance should be granted to 1 m

I have also moved a token motion on that ground that immediate provision should be made to rehabilitate them and that will be the only one succour to them and they should also be provided compensation for the loss of their lives in the pails I know how people were detained and how people's lives were lost Thousands of people have died and their heirs are starving and there is no one to look after them should be given all adequate facilitles of education employment and everything and a provision should be made to the Budget accordingly They should also be freed from the ancome-tax and other liabilities during the period they were under detention That is also my submission An adequate provision should also be made to amend the Finance Bill Now these are all various steps which should be taken to provide relief and succour to these people. Amonest them directives should also be issued to reinstate the victimised people on count of compulsory steril, sarlon Hany deaths have occured on account of comparancy sterilisation Compensation should also be provided to those persons. They are also national teros. The increments and promotions of many Government

#### [Shri Bashir Ahmad]

servants have been stopped and they should also be provided with their jobs their increments should be revived and they should also be reinstated. That sort of provision should also be reade in the Budget for those persons.

We have to remove these ills which have been done during these past 20 months of these atrocious and tyranical rule of the former Government

THE MINISTER OF FINANCE AND REVENUE AND BANKING (SHRI H. M PATEL Madam Chairman, I have listened with great interest to the speeches made during the budget debate on both sides of the House and I shall give full consideration to the various suggestions made in these speeches. But before I proceed to offer my observations on some of the important points and the suggestions made here I would like to deal with some general remarks made by Shri Subra manlam Shri Subramaniam in his maiden speech as an Opposition leader undoubtedly acquitted himself well as was only to be expected But he is clearly not very certain of himself in his new role. I have no doubt that he will soon reconcile himself to the new situation and brould regain the clarity of thinking which we usually associate with I say this because he does appear to have displayed some extraordinary confus on in his thinking in some of his mitial ob- restrans He drew pointed attention of the House to what he called a part curar pattern in the verdict of the people I would read his actual words

The whole of the South las given a particular puttern of verdict. Are you going to say that this is of no consequence what the South thinks about the political situation? Are you going to say that the non-Hindi-speaking people are a matter of no concern for way? Therefore, when I said that the verdict of the people has been graeduly accepted by the former Prime Minuter, I want to point out to the present Prime Minister that there has been a particular pattern in the verdict particularly in the southern States by 17 croses of people and this will have to be kept in mind.

(Interruptions)

SHRI C. SUBRAMANIAN I do not believe in North or South

SHRI H M PATEL, I am quoting your own speech

SHRI VASANT SATHE (Akola) You also take into consideration the personal explanation given by him

SIIRI H M PATEL I am quoting Mr Subramaniam's observations. Please listen to me

(Interruptions)

Madam Chairman I had expected that the Opposition would behave with some dignity and grace I am quoting Mr Subromaniam's observations. Let me continue

SHRI VASANT SATHE That is

SHRI H M PATEL I am reading his observations word by word. This is what has been said and I am mere'y asking for an explanation, He drew pointed attention to this Then what does it mean exactly? He has said that the whole of the South has given a particular pattern of verd ct and then he links it up with his earlier observations. That is why he has said that the verdict of the people has been gracefully accepted by the former Prume Minister Then what else could she have done-whatever the pattern of the verdict-so far as the graceful acceptance is concerned? Is Mr Subramaniam suggesting that the Prime Minister had some idea of saying "I will continue in the Government for the South and this Government may be for the North" Is it the idea to divide this country into two? What is the graceful acceptance about? Then the pattern of verdict has no meaning whatsover And then he goes on to say ..

ing is don't gloat over it SHRI H M PATEL Who 15 gloating over it? There is no question of gloating over it. I am merely quoting very quietly from the observations of Mr Subramaniam himself I am expressing my surprise that like Mr Subramaniam should have let fall remarks of this nature which clearly car only mean that some-how he wishes to show that the south and the north are different The only reasonable inference from this should be for the Congress Party to make enquiries as to why is it that the north has so completely and thoroughly repudiated the Congress Party That is the real matter for his consideration

You can go on to say that the Janta Party may equally go into the question as to why the south has voted as it has done Certainly you can say that but there is no question of making remarks such as Mr Subramaniam has chosen to make

# Mr Subramaniam goes on to say

"I am sorry I have some more unpleasant things to say Even the three members who adom the Janta Party from Tamil Nadu today did not come as Janta Party people They came in the disguise of Cong(O)

What is the disguise? They are Janta Party members. They subscribed to the Janta Party programmes and policies Then he goes on to say

"Take all the might, Janta heroes-Shri George Fernandes Shri Madhu Limye, Shri Ravindra Varma, Shri H V Kamath—all of them sought political asylum bysee the sneering term-"the enlightened State of Bihar instead of facing their own people in their own home States"

Is Mr Subramaniam so completely unaware of the Constitution of this country? Does he not know that the Constitution makes express provision that any person who is an Indian citizens has only to have the voting right to be able to stand as a candidate in any part of the country? The Constitution was in this way emphasising the fact that India is one Why is Mr Subramaniam suddenly so desirous of trying to say that this is not the case? I hope that it is not Mr Subra maniams intention or that of the opposition to encourage divisive tendencies

appreciate Shri Subramaniam's kind words about myself but even here he has allowed some confusion to cloud his thinking when he went on to express the hope that I would not allow my Swatantra background to influence my thinking in regard to the budget that I would be presenting to this House I would like to remind him that I now belong to the Janta Party and that those who have joined the Janta Party whatever their earlier background have accepted the policies and programmes which the Janta Party has laid before the public. It is that policy and programme which every member of the Janta Party whatever his or her background has accepted as the definite policy and programme for which he or she will strive

As the House knows this Government came into power only a few days ago As such we have had no time to formulate a coherent economie programme However this process has already started and I shall outline our thinking and priorit es at the time of the presentation of the regular budget some time in May At this stage I am requesting the House merely to pass n Vote on Account in order to enable the essential busmess of Government to be carried on in the early months of 1977-78

## [Shri II M Patel]

Shri Subramaniam has criticized me for not having touched on the state of the economy in my budget speech. This is not because I have no views on the state of the economy I refrained from doing to because I intended to give a bolanced assessment of the state of the economy its problems, praspects and policy options at the ilme of the presentation of the regular budget In May However since Shri Subramaniam has raised this issue I shall utuse this opportunity to say a few words on this subject.

Let me say at the very outset that I do not agree that the economy we have inherited is as rosy as painted by Shri Subramaniam and Shri A C George Shri Subromaniam referred to the growth of national income of 8.5 per cent in 1975-76 but he forgot to mention that this came in the wake of a growth of 0.2 per cent of national income in 1974-75 I need not tell the House that the merease in national income in 1975-76 was largely a consequence of favourable whether conditions. That the state of the Indian economy is far from healthy will be borne out by the fact that in the current year national income is at best expected to increase only by about 2 per cent Shri C Subramaniam conveniently forgot to mention this Agricultural production is expected to show a substantial decline in the current year The production trends in respect of coarse grains, pulses and ollseeds are highly discouraging Even in a commodity like cotton offering an undoubted potential for growth wrong pricing and procurement policies of the previous Government have led to a steep fall in production in the last two years Overall one can hardly derive any comfort from the fact that in the least four or five years there has been little increase in per capita income. This is hardly a record to feel proud of The fact that the long term growth rate of nitional income after nearly. 25 years of planning has not exceeded 3.5 per cent per annum is an cloquent testimony to the efficacy of planning priorities and techniques followed by the previous Government. As brought out in the document of the Fifth Five Year Plan prepared by the previous Government in hearty 38 per cent of districts in India, the growth rate during the ten year period 1992-63 to 1812-73 was either negative or less than 1 per cent per annum.

80

The proportion of people below the pool "">
pool "" | n > 3 | (10.44) do n | 1" olderable level The problem of unemployment appears more menacing than ever before I is a great pily that the Fifth Five Year Flan approved last year by the previous Government does not offer any tangible solutions to this grave problem

Shri Subramaniam referred to the primacy of agriculture to which ha says his Government had been dedicated. However, the actual policies pursued by the previous Government do not convey this impression. He bas stated that in allocating resources for irrigation, finance has not been a constrain and that whatever money could be utilized efficiently has been provided for If this indeed is the case then it is a sad commentary on the administrative efficiency bequeathed to us by the previous Government. In a rountry where 75 per cent of the area is atill unirrigated there must be vast potential for a rapid expansion of the irrigation facilities Why is irrigation potential not expanding fast enough? Why is it that utilisation of the irriestion potential that has actually been created continues to be unsatisfactory? If I may say so the previous Government deliberately stood in the way of optimum utilisation of the water resources of the country Inter-State water disputes were allowed to drag on despite the pressing need for more irrigation The House perhaps knows

ht is the case of the Narbada project, the former Prime Minister refused to provide the decisive lead even when all the four concerned States had agreed to adide by her award There has been no systematic planning of the vast ground water resources, parti-

cularly in Eastern India

Shri Subramaniam has talked about the improved performance of India's industrial economy However, one cannot get away from the fact that despite a 9 per cent increase in industrial production in 1976-77, the rate of growth of industrial production in the last decade was no higher than 4 per cent Even to day, a 'arge number of industries such as coal, steel, textiles and engineeing are faced with lack of adequate demand which has greatly affected the growth of employment opportunities Large number of industries show growing signs of sickness This is a state of affairs which cannot but cause alarm

On the import side, despite mounting foreign exchange reserves, the
previous Government falled to take
previous Government falled to take

foreign exchange reserves if they cannot be used to promote the countrie's growth

82

Shri Subramaniam and Shri A. C. George have drawn the House's attention to the increase in inward remittances and they have argued that this was made possible by the crack-down on smuggling under the Emergency Throughout their speeches they have sought to create an impression that they would like the Emergency to be brought back and that this country needs a perpetual state of Emergency to realise its economic potential. We, on this side, completely repudiate that sort of assumption We sincerely believe that it is possible to realize the fruits of economic growth without sacrificing fundamental rights, human liberty and the rule of law

What surprises me is that with such deep concern about smugglers and smugglers, the previous Government should, after having allowed the emergency to continue throughout the period of the election process, have inted it with such unseemly haste on the 21st of March, with the full knowledge that the Prime Minister would be resigning within the next few days Surely, the previous Government, had they been wise and responsible should have taken after so to ensure that smugglers and foreign exchange racketers do not, upon release, run smuck and do not, upon release, run smuck and

are rendered incapable of mischief We are determined nevertheless to see thet smuggling is firmly curbed in a very real sense and I would assure this House that smugglers would not be allowed to indulge in anti-social action without let or hindrance They will be given no quarter But while saying this, I should make it clear that we do not consider that the proclamation of emergency is the only method of keeping smugglers and foreign exchange manipulators in check It is our firm belief that this could be done by making effective use tof the ordinary laws of the land. We also believe that wherever necessary

# [Shri H M. Patel]

ordinary legal processes ought to be strengthened in order to plug loopholes We certainly do not regard a prolonged preventive detention without trial as the only effective means for smuggling As gaidtuo knows, the fact that smuggling had assumed such great proportions was largely a consequence of the faulty policies pursued by the previous Government and the laxity of its administrative machinery. After all, why did they not take action against smugglers earlier than 1974' Clearly, they did not want to do so because of a lack of will for reasons which are well known.

I should like to tell the House that in the current year in which national Income growth is not likely to exceed 2 per cent money supply has been allowed by ithe previous Government to expand by se much as 17 per cent. Shri Subramaniam himself referred to credit relaxation brought about in the last two months If he was so concerned with the growth of money supply, may I ask why did he allow come about? this relaxation to On our part, we do not believe that eredit squeeze is good in itself it is our view that credit policies must be so formulated that they are flexible enough to provide adequate incentive to mcreased production without renerating inflationary pressures in the economy

As a result of taulty economic management of the economy, prices have twen y 12 per cent in the course have twen y 12 per cent in the course of the price of the period of the can derive no comfort from the fact that the influid, rate in Indua is less than elsewhere. In a country of sizemant real incomes, even a mile and prices brings about a price of the prices brings about a price of the section of is octely Certainly an increase of 12 per cent in prices in a shalle year enanch to considered a

mild one. In spite of this staggering increase, Shri Subramaniam seems to be under the delusion that he had successfully contained inflationary pressures

Shrl Sonnath Chatterjee has referred to the need to scrap the Compulcory Deposit Scheme and to restore bonus to workers. I am sure he would not expect me to provide as immediate response to such pleas, I can, however, assure him that these issues still be carefully examined before the presentation of the regular budget.

Shri Chatterice also mentioned that "a large number of employees were dismissed under article 311(2) (e) without enquiry" The matter is being gone into and a ritament will be made on this subject shortly

Shri Charan referred to the problems of the eastern region. I shall go into the various points made by him and take action in due course

The economy is today faced with problems of inadequate growth, both in agriculture and industry growing sickness in industry and increasing unemployment. In solving these formidable problems, we shall need the goodwill and cooperation of all sections of this House. In the budget that I shall be precenting in May 1977, I hope to outline our thinking for the solution of these problems. In the meanwhile this interim budget which is before you has been prepared under the direction of Shri Subramanian Therefore, it deserves his support. He can reserve his ammunition for the regular budget to be presented in May

SHRI C SUBRAMANIAM Sir on a point of clarification. India has gained a new image in the international world in regard to the strength of our economy It is not my statement it is borne out by reports of international experts and pronouncements in international enderences and committee

As a matter of fact, in the Commonwealth Finance Ministers' Conference at Hongkong, one of the leading dailles came out with an editorial in which a suggestion was made to the Chancel. lor of the Exchequer of the British Government that he should not look to the London economists for guidance with regard to the management of the British economy, he should rather go to New Delhi for guidance I am not boasting about it, this is what he said Then, our performance on the food front, our performance on the foreign exchange reserve front .... (interruptions) all these have been hailed, (interruptions)

MR. CHAIRMAN: Order, order. You have already made your speech, which is before the House. You have made the opening speech Now, after the Finance Minister's speech, by rising on a point of order, if you go on making a speech.

SHRI C SUBRAMANIAM; Yesterday Dr Subramaniam Swamy referred to me and said so many things (interruptions).

MR CHAIRMAN. It he had mentioned anything in his speech, you should have raised it at that time But now, after the Finance Minister has replied to the debate, you cannot make a speech So, please sit down. You may mention that on another occasion There is no time for putting any question now

SHRI C SUBRAMANIAM. I am not going to waste the time of the House I am a responsible Member of the House

MR. CHAIRMAN: I am not allowing anything to be raised now. I now put all the cut motions together to the vote of the House

All the cut motions were put and negatived

MR. CHAIRMAN: The question is:

That the respective sums not exceeding the amounts on Revenue Account and Capital Account shown in the third column of the order paper, be granted to the President out of the Consolidated Fund of India on account, for or towards defraying the charges during the year ending on the 31st day of March, 1976, in respect of the heads of demands entered in the second column thereof against Demands Nos I to 100."

SHRT R. VENKATARAMAN (Madras Madam Chairman I rise to lend my support to the vote on account In the hope and I am sure that it will be shared by all sections of the House that the regular Budget of the Tamil Nadu Government will be presented to the appropriate Legislature and that Finance Minister will be spared of the tedium of presenting it to this House The Ruling Party is full of hopes and the Congress Party in Tamil Nadu is full of elation There fore b th of us are now in a mood to go to the polls and have a proper leg s lature constituted to discuss appropriate measures for the State

A lot of dust was raised by the recent elections to the Lok Sabha and 3 number of things which happened in the course of the year under review got somewhat dimmed from our perspective During the year under \*\* view. Tamil Nadu went under a tery severe strain and distress in the form of drought on the one side and floods on the other. In fact, the southern distrie's of Tamil Nadu i.e., Madurat. Ramnadapuram Tirunelvell. Kanyakumarı were afflicted with such a severe drought that the people had to stand in queue for miles together in order to get a pot of water I had gone roung and seen the conditions there at that time. It was a most heart rending and a pitiable sight. The people had to stand in queue even for getting drinking water. As it nature mocks at all of us on the other side we had floods in the city of Madras liuindating all the low lying areas and slum areas again a lot of damage was done to the weaker and poorer sections of the society in the area. I am happy that the Union Government gave about 27 crores for drought retter for the areas affected by drought in the southern districts and spent about four crores for

rupees for the purpose of relie ing

distress on account of floods

This is not a casual phenomenon This is a recurring thing I take this opportunity to press on the Union Government the need to solve the problem of drought in the southern dis tricts of Tamil Nadu in a permanent way There are no easy methods by which this problem can be solved look forward to my friends and neighbours and also to the good offices of the Government of India to see that avail able water resources of the southern region are reasonably distributed in order to maximise the use and benefit to atl the people in this area. I would also recall in this connection the fam ous scheme which was initiated by the former Minister of Irrigation namely that of linking Ganga with Couvery so that floods in one part of the country may be harnested for feeding hungry arving and thirsty millions of people In other Parts of the country

In spite of these natural calamites Tamil Nadu has mede some progress luting the year under review. The first and the foremost schievement is in the field of controlling food prices. The price of bottled rice, which is a sizpe food of the people there and which was 1.5.250 per Fig. a year before wis brought down to Rs. 140 and Rs. 173 during the year under review. Again on account of litting of some of the retirelizions on the movement of food-grains it has been possible to enable free movement of grain from one part

of the State to another thereby ensuring easy and read; availability of foodgrains

The Hon Member from the State of Bombay was cutting a number of Jokes y-sterday about the 20 point programme Life without humour is certainly dult and Partament without wit is dreary and so to the extent to which he referred to the 20 point programme in humour we all enjoyed it But it was meant to cloud the real progress that has been achieved I would only make one or two references to 'he excellent progress made during the year under review I am not going to deal with the whole of the problem but will just manifion one or two facts only

So far as distribution of agricultural land to landless labourers is concerned 13380 acres were assigned to the landless poor in the State in this one year to over 7000 people

The second figure I would like to stive 1s that I 7000 hou e sites have been distributed during the year to the people who were houseless. Of these 3000 were Scheduled Castes people and 2000 Scheduled Tribes people because we have very few Scheduled Tribes people in our State.

Now accualture and handloom industry provide the largest employment. In Tamiliandy, In Feet more than about a third of the population of Tamiliands. But the handloom industry and is abred services. They were given assistance at the rate of Its 500 per loom and Government improved the production centres to provide new emploment 'so a large number of people. Over and above that, 22000 handlown weavers have been knowled into the compensation of the production of the production centres to provide and the production.

Therefore I would like to mention that whatever might have been the performance of the 20 point programme in other parts of the country, the excellent performance of the 20 point pro-

gramme in Tamil Nadu is at least one of the reasons for the magnificent elections results that it has shown for the Congress

Unfortunately though Tarnil Nadu was in the toretront in regard to indus trial development and power development about a decade ago it became very backward in both these items and started trailing behind other Sates. In 1965-66 Tamul Nadu was the third among the industrialised States in the whole of India Next to Maharashtra and West Bengal Tamilnadu had the largest number of factories and the largest number of workers employed the greatest volume of industrial production and also the highest value added trade But unfortunately now after a decade particularly after the misrule of the Karunanidhi DMK Government we have sunk from the third position to third from the bottom. We were about ten years ago third from the top and now we are third from the One of the reasons for bottom this backwardness or deterioration is that no Central project of any given to importance has been Torrilnadu during this period During the ten years preceding that rule ve were able to get the Bharat Heavy Electricals at Turuchi-apails the Tank Factory at Avadt and the Small Arms Tiruchirapalli, Nelveli Factory at is one of the project, which has given us assistance both in the matter of employment and in supplying the infrastructure for power

I want the Firance Minister to make a rote that if the major project which is now on the anvil, namely the Salem Steel Project is not included in the dget and given he highest prior by twill not only cause a deep disappor it will not only cause a deep disappor in rent in Tamil Nadu but dreng the in dustrial dee elopment further Lackward may lead to intuite delivoration. The Salem Project was initiated dur ng my period as the industries Minister in that Slate It hay had a chequered that the lime we have been

promised that it is being pursued. I find that now there is a rethinwing on this after the Januala Government has taken charge. I wish to caution them the tany attempt to either postopie or delay or abandon this project will be fraught with very serious convequences.

Regarding power generation, it is a matter within the personal knowledge of the Finance Minister Shri H M Patel that Tamil Nadu was in the forefront in power generation a decade ago As a member of the Committee which went into the working of the State Electricity Boards Mr Patel visited the electricity undertakings in South India he came to Tamil Nadu and saw them for himself From the position of the State which was able to supply the surplus power to the neighbouring States a decade ago it has now deteriorased to a position that in the last few years we have introduced 70 per cent power cut which is unheard of in any civilized society. How can any industry thrive or how can any new industry prosper or come into existen ce if the prospect of power a so bleak? Now I am told that we have only 30 pe cent cut And as I was enler ng the House I was told that there is a suggestion with the new Janata Gov erurent-Mr Ramachandran is ny esteemed friend we have worked toge ther for 30 years we have differed only in the last 13 months-to Incresce the power cut to 50 per cent I would very earnestly and very humbly request him not to sign his first order cutting down power to Tamil Nadu If he does it will go against not only the interests of Party but also the interests of the people of the State In order that the power situation may be retrieved have been anxious that the second Mire Cut in Neiveli should be expedi ted We want that the power s uply should be augmented by the establish ment of a giant the mal station the scuthern grid should be strengthened so that we may have adequate supply for our power needs. This is a mot te which should receive the highest priority and I am quite sure that the Finance Minister himself having been the Chalirman of the Flectricity Board Gujarat knows the problems connect, ed with power supply and distribution and the vital role that power plays in industrial and economic growth and wire give his utimost priority to this prot lem.

As a result of the m srule of the DAK Government 1 amil Nadu been reduced to a poor State rumber of people below the poverty line at the end of their rule grown from 46 per cent to 60 per cent Somebody this morning was saving that Orissa is the poorest State am sorry to tell num that we peaten him in the race Tamil Nadu 18 poorer than Orissa I have with me a ne'o prepared by the Research Depart mert of the Parliament Library and I am grateful to them People do not recognise the good work that the others do I am very grateful for what the Research Department of the Parlia ment Library has done Tamil Nadu is the poorest Siste in the country with Eb 23 per cent of its pecole hwng be low the poverty line Orissa comes next with 56 53 per cent according to the National Sample Survey In fact the per capita Plan expenditure was the lowest in 1973 74 it was Rs 25 the lowest in the whole of Thank God that during the Pres cent s rul' they have been at le to increrec it to Rs 60 per capita I am also thankful to the Finance Minister that for the 1977 78 budget the affocation has been increased from Rs 143 crores to Rs 260 crores

The final picture is I h we present of before you is that this State his suffered as a result of a corrup mis ruse that has prevailed there for e gibt Jears. Not only has if been cordem ned a corrupt by the people but the Co-mission appointed by the Government on which a Supremi Court lud ge presided has given its findings. I know have mouth not to trinserses the limit and therefore I will real what le permissible under the ruse. The Sukaria Commission in its first report says

The following charges have been e tablished by cogent convincing and rei able evidence o all documentary and circumstantial

311

I w li not read the charges becaule these are pending But this is the finaing of the Supreme Court Judge that prima facie a case has been established There is a great apprehension in the mands of the people of Tamui Naiu that in spite of the prima facie findings by a Supreme Court Judge the cases are sought to be witndrawn by prc ent interested persons great faith in the intercity of Prime Minister Shri Morarji Desai, He is not new to us we have worked shoulder to shoulder for several years but I only wish to caution that under no p essure should the Prune Minister eld t withdrawing the charges 1 et the law take its course. After all in the Address of the President you your self have said that there will be no in erference with the judiciary We welcome it and we do hope that this will be adhered to

# [MR SPEAKER in the Chair]

I would like to result or another thing It is a well known convention as lawyers know it very well when members of the bor are elevated to the Bench they to not sit and decide cases which they have handled tremselves Stting on the other sile the Law Minister has handled the case and therefore it would be appropriate that this norm, this standard should be observed by him I have no doubt that the Prime Minister who is n over all charge of these proceed azs will see to it that the law takes its course and that the law is not interfered with and that justice is done. Whether it In favour of the accused or the other side it does not matter, but justice should be done.

## MR. SPEAKER I have done

SHRI V DHANDAYUTHAFANI (Vedore) Mr Speaker first of all I contratulate the Prime Minister and

# (Shr) V Dhandayuthapani

his codeagues for has ny provided an independent democratic government

Mr Speaker one pot annt appeal I wart to make is regarding the inemorial erected for our late limented lead. er Shri Kamaraj at Guind/ next to the As or girally Gr dh Mandapam p ared by the previous Tamil Nadu Co ernment, there was a bol ! Charkha accorning the top of the memo sal View Mrs Gandhi the then Prime I rister came to open the remotial h lding the Charkha was demolished and thrown down What a strange kind of reverence to Sri Kamaraji One side they demolish the Charling and on the other may lip service to the glory of Sri Kamarai I request the Government to restore the Charkha on the top of the memorial which is orl a fitting tribute to our great lea The Charkha symbol sas ( andhi in philosophy and the inspiration of the entire freedom movement

Mr Speaker and the hon Members I will be failing in my daty if I co not mention the activities of the Tamil N du Governor At the outset I want to recall the attention of the people that vesterday the former Finance No. nie Sn Subramaniam mentioned ebout the pattern of voting in Tamili Ned. I would only recall he atten en to what has happened in the Din call bye-election. Mr Vent staraman has said that due to the 20 point precramme they have won in Tamil Na du I want to say .nlv one thing I do not know whether he will accept it or deny it. Hon, Mr Subramamam 13 soon as he became the Finance Mi rister in the last government having been elected from the Krishnagiri con st tuency said that it was the victory of the DMK. Now he can say that his victory will be that of ALADMA. I rould say that it was because of their alliance with AIADVK the Congress has got some seats in the Perhament. Otherwise he would have lost even his ceposit as their candidate lost in the Dirdigul byte-election You cannot deny It.

Then Sir duning the election time and before the Governor of Tamil Nadu was touring the districts for Congress election work I say this from m) own personal experience. There is a specific instance. He has also toured my constituency and others One day when I was sitting in a hotel, the opponent candidate was also staying in the same hotel There was a call from the Rai Bhavan, I took the telephone Ther they said that the call was for my opponent I was simply shocked Sn the Rai Bhavan was converted into Ceneress Parts Office There are two Bhavans in Madras One is the Satya merthy Bhavan which houses Cong (O) office Now the Raj Bhavan Is looking after the Congress Go ernor has misused his powers in th's vay

The other point I wa t to emphy "" is that the agriculturiets in Tamil Nadu are suffering. As far as paddy and sugarcane are concerned I know personally that sugareans price as such is at a lower percentage as compared to other States. The recovery is equi alert to that of Maharushtra and Bihar I request the tovernment to raise the sugarcane price to Tamil Madu farmers

Credit facility has been closed both in the private source as well as in the Covernment source Therefore many email industries are closed for the past two years The Government was talking always about the industrial sation especially regarding Steel Re-rolling I request the Government to give more cred t facilities to the small industries like steel re rolling mills and mach industry

Fver since S/Shri Subram nan and Mohan Kumaramangalam became the Steel M nisters the Government has always been talking about the Salem Strei Plant But even now t has not been completed. The Ministry deman ded Rs. 16 crores but the former Goverament allotted only Rs 3 e ores I request the Finance and Industry Ministers to silot more funds for the Salem Steel Plant.

Since there is no hydro-electric potential left unused in Tamil Nadu, the Neyve | Thermal Power Plan has to be expanded Thermal Power Plants t Enrore and Tuticorin should be imnroved

During the election time the fermer Government gave many assirances about the Kalpakkam Atomic Plant Much expectation vas aroused should have been completed long back If Kalnakkam Atomic Plant is completed it will help whole of the Southern Region

The former Government announced so many programmes about the weav ers But it was all drama. It has not helped the neavers. To help the wea vers the Government must take more teps for exporting the handlooms.

A year back the former Prime Min ster and the former Finance Minister promised that drinking water would be provided to the city of Madras by bringing Krishna water That was just a melodrama on Marine Beach Their promises have been written on the water of Krishna The people of Ma drag have not tasted Krishna water but they tasted only coours water I request the Government to take Imme diate steps to bring Krishna water to the city of Madras to solve the drink ing water problem,

The proposal to increase the bed ca pacity of T.B Samtorium Vellore has been pending for a long time The beds should be increased Early action should be taken in this regard

Pending irrigation scheme in Nerth Arco+ Moorthana Dam foundation has Len laid near Gudivattavi An assurence was given in the Parl amen iary Consultative Committee that Le cessary sanction will be given Now the Government could give top pricrity to the scheme.

With these few words I conclude

SHRI V ARUNACHAI AM (Tirune) veli) On behalf of All India Anna D MK. I say a few words about the budget It was thought that the Minister will seek remedy by impos no new tax. es or increase old faxes But our hon Finance Minister has assured this House that he would o ercome the de fic t by better collection of overdues to the Government and by improving he performance and results of Public Sec tor Corporations

If the Budget had been placed in the As arrbly of Tamit Nadu there would have been chances of detailed oise isa lons and deliberation. But here we are rushing through without adequate debate and discussion Thereby we fail to represent the feelings of the people concerned I fore request the hon Prime Ministe- through the cour to conduct the State Assembly elect on as early as pid sent

Our beloved leader Parachthala var arres the previous Government to con duct the State Assembly elections al one with the Parliamentary elections Unfortunately the prevous Govern ment refused to conduct the elections At least this Government in order to respect their democratic sent ments may conduct the electro is without fur ther delay

Yesterday our Home M nister assur ed the people of Jammu and Kashm " that they will conduct elections a ithin three months I think such an assur ance should he given to our Tamil Na. 4; people also

Sir our Finance Minister in allotting the amounts under various heads has adopted the salient principles with care There is remarkable increase in the allotment of State outlay It was Rs 201 crores in the last year Now it has increased to Rs 260 12 crores It has increased the allotment for education from Hs 125 erores to Rs 141 crores for medical care from Rs 42 crores to Rs 47

124

Tamil Nadu-Budget.

crores for power projects from Rs 20 crores to Rs 31 crores. Similarly the assistance from the Centre to the Sta e Plan in the last year had been assumed at Rs 72 26 erores Now ti is assumed at Rs 91 65 crores It will be unfair on my part if I fail to men tion that the government has falled to allot adequate amount for small egalo industries. The allotment for small scale industries has decreased year after year in 1975 76 the allotment was 98 lakhs. Then it was reduced to 83 lakhs Now it has fallen to the level of 845 lakhs Saml larly allotment for research training on the industrial aide been decreased wi hout any valid reasons The people of Tamil Nadu expect from this government that the lap es and arrors committed hitherto sall be rectified by the present government

S.r the ex-Finance Minister posed a tax on cash crops It against the Interests of agriculture All the farmers of Tamil Nadu are against it but they were not able to register their protest against it due Then Sir the preto emergency vious government enhanced the electrie charges by 4 palsa per unit. It is highly unjustifiable It is an addltional burden on the expenses of our farmers. In order to measure the ecriousness of the problem I will give an example When the State Government was under the control of Mr Karunanidhi he enhanced the electric charges for pump sets by one paisa The entire State agitated against it and in that agitation 10 persons were shot dead I hope the Finance Minister will look into this with all seriousness

Si it is unfortunate that the government falled to allot adequate am ount for bringing drinking water to the city of Madras The water dispute between Tamil Nadu and Karnataka is still pending The previous

government failed to use its good offices to settle this dispute. It is pending for a long time. I therefore, request the Prime Hinister to use his good offices to actile this dispute. as tarly, as possible.

Sir free and fair elections are the essence of democracy. We are much grateful to the previous government for baying conducted the elections in Tamil Nadu freely and fairly "fadural the election was peaceful but after the formation of the Janata Ministry at the Centre the law and order altuation in Madras is highly disturbed by anti-social elements with instigation of DMK people. They are taking advantage of the altuation and are trying to take the upper hand among the officials In North Madras some of our workers have been attacked who have sustained injuries No oction has been faken by the police against those who are responsible for this trouble.

Sir, therefore I ask the Home Ministry to look into the matter and take action against those who responsible for these disturbances The House is aware that Karunanidhi Ministry was dismissed by the previous Government due to corruption malpractices and misuse of power To examire the corruption charges Commission was ordered under the Central Act Sir Justice Sarkaria has submitted his interim report on aeven charges. Now I understand some of the lieutenants of DMK are loltering on the lobby of the Central halt for pressurising the Government to withdraw the cases.

Sir the actions of the previous government have been approved by the mandate of the people in the poil. You must keep this in mind because if you favour them I duly remind you that it is not only against the interest, of the people it is against the will of the people

In the Presidential Address you have mentioned about the indepen-

dence of judiciary You are against non-interference If so, you please allow the law to take its own course

I conclude my speech with these words

SHRIO V ALAGESAN (Arkonam) Sir, may I congratulate you on your alevation to the high office of Speaker? Your good humour is already having its impact on all sections of the House You have started disciplining the House without appearing to disciplining it I with you well

May I also congratulate the new well. I wish them a full tenure in office so that they will treated their shadows. programmes of action

Sir, if I am given an opportunity to speak on the Motion of Thanks to the President's Address I propose to say something about the election results as a whole Now, I would like to interpret the verdict of the people of Tamil Nadu The verdict of the people of Tamil Nadu was against and for It was against the oppressive black rule of Karunanidhi s DMK Government for the past seven long years The verdict also demanded that Government should take action and prosecute Shri Karunanidhi and his colleagues on the findings of the Sarkaria Commission Then, Sir, the verdict was also for a stable Government at the Centre under Shramati Indira Gandhi Let us not mistake it It is true that this latter verdict has been cancelled by people elsewhere in the country pect the verdict of the Indian people as a whole Similarly, let us hope others will also understand, appreciate and respect the verdict of the people in Tamil Nadu Otherwise, imbalences in governmental action are bound to develop causing injury to national interests as a whole

Sir, I am sorry that allegations should be made against the Governor of Tamil Nadu It was voiced on the floor of this House also It is very level such allegations unfair to against the Governor who did serve Tamil Nadu interests well The office of a Governor is a political one and it is not a very enviable one The Governor is liable to suspicion that he always sides the Party that runs the government either at the Centre or the State As I said. I hope such accusations will not be made and the Governor has made the unusual gesture of resigning his post I hope that will be appreciated that having servea the people of Tamil Nadu when he found a different government at the Centre he chose to resign his high office That resignation may be accepted and a new incumbent may be put in his place but I hope ailegations against the Governor will not hereafter be made. As the hope was expressed earlier I expect that elections to the Tamul Nadu Assembly will be held as early as possible in fact, this assurance was given by the Prime Minister himself in his first News Conference In the meanwhile, I would plead that the MPs Committee on Tamil Nadu be constituted so that it is enabled to tackle the problems of Tamil Nadu as a whole I hope the regular budget will be prepared by the new Government and will be passed by the new Assembly Now, we are only concerned with Vote on Account Here I wish to make a few remarks

Sir, a mention was made about the Electricity Department as to how it has deteriorated over the years under the DMK rule Now, I am sorry to eay that the Advisers' regime has not had enough time to completely overhaul the Department It has been saddled with too much personnel It is sufficiency under gross inefficiency and the cost of the mefficiency has been passed on to the poor farmers. That is the most tragic aspect of the whole case

125

#### [Shri O V Alageson]

New revenue schem-s were introduced by the Electricity Board One was the additional deposit scheme and the other was surcharge on pump sets This is a highly unnecessary impost which has been levied by the Electricity Department I am told that they hope to collect Rs 75 erores from the people. I am told that the coll-ction of these two imposts was suspended before the elections and I hope that they will be given up altogether Similarly they hope to mcrease their revenue collections by about Rs 371 crores by charging an additional wet cess of Rs 20 per acre This is also a heavy burden on the farmers and I hope the new budget will see that this is scrapped Yester day some people in a lighter way were making fun of the 20 point programme My friend Mr Venkataraman recited some of the benefits that have flowed to the poorer and weaker sections of the society from the 20 point programme especially in the matter of house sites and hous ing for Harlians For providing house. s les about 500 ucres have been ae quired at a cost of Rs. 23.0 lakhs and they were allotted to the weaker sec tions of society Similarly a huge sum has been spent on housing for Harljans Much more is yet to be done in this direction. When some hon Members make fun of 20 point programme it means that they want to make fun of the former Prime Minister Shrimati Indira Gandhi, This 20 point pragramme neals with the life problem of the poorer sections of the society. When they make fun of the 20 point programme they forget that they do not make fun of the author of the programme but the beneficiaries of the programme I hope good sense will prevail and they will desist from making fun of the 20-point programme because it has benefited weaker sections of society

Yow in the handloom sector we find some problems. They are more or less common The ounimum

wager have electrified the landlers Harijan apricultural labour. That is one reason why they voted massively for the alliance eandidates. from the fact that they belonged to AIADMK or Congress So minimum wages should be enforced uniformly throughout the State There is \$ machinery that has been brought ab out for this I hope it will be madto function effectively and before long minimum wages will be operative in all the villages of Tamil Nadu

There are more than 30 000 families of handloom weavers in my consti tuency alone. They have been suffering from high prices of yarn Trls hardship should be removed Cont mercial banks were asked to grant toans to individual weavers the limit was Rs 500 for admission to existing societies or forming new cocleties A large number of applications for loan are pending with commercial banks I lope the Finance ?finister will give instructions to the banks to grant these loans at expeditionsly as possible

Mention was made about drought rellef and flood-relief works. A sum of Re 27 52 erores was given by the Centre for drought relief and Rs 41 erores for floed relief I pay a tribute to the Governor and the other offects including the Advisers who worked day and night to relieve the distress caused by the food. They have also carried out a very effective programme of drought relief. As many as 6000 bore wells have been sunk to provide drinking water I hope they will be properly maintained so that the capital expenditure incurred on them will not go waste All thees Rs 31 crores and odd have been well spent. In contrast most of the am ount of Rs 17 crores which the DML Government got at the time of the previous drought went into pockets of the ministers and mem bers of the DMK. That is the qualltative change brought about in the satuation in Tarnil Nadu under Presideats rule

Another instance can be given to show how the old cobwebs were cleaned and that is in the matter of admissions to the engineering and medical colleges. You ask any parent whether he was able to admit his son or daughter into a medical or engineering college without bribing somebody and he answer will be no' After the Presidents rule was introduced ask any parent whether he has given any money for the admission of his son or daughter to any medical or engineering college The answer will be no That is the difference between the DMK retime and the President's efur

A committee was appointed to go into the question of avoiding damage by floods to the Madras city This committee has made several useful proposals which may be examined But they have made one proposal which as not commendable. They have made a currous suggestion that the Chambarampakkam tank which irrigates a large area in Chingleput district should be converted into a source of water supply to the Madras city It is based on the fallacy that if an irrigation source is converted into a drinking water supply source the flood problem will be automatically solved. That is not the case I hope they will not do anything of this type which will harm the ryots of Chingleput district

There is a proposal to convert the general hospital at Madras into post-graduate institute. My suggestion as that this will be not in the best institute in the theory of the state of the State. If a post-graduate medical institute is to be started in the South a new one can be started and set up slowly so that it attains the status of a real research organisation.

With these words I support the Vote on Account on Tamil Nadu

SHRI K MAYATHEVAR (Dindigul) Regarding Tamii Nadu Budget, I welcome the vote on Account proposed by the new Finance Minister But, I demand more and more money to be given to Tamil Nadu because the people of Tamil Nadu had been facing untold hardship under the terrible regime most corrupt regime led by the then Chief Minister of Tamil Nadu Shri Karunandhi

Shri Karunanidhi has raised two slogans One slogan is autonomy of the State He had said that on 9th May 1975 at Marina Beach that they would knock out Tamil Nadu work for a separate Tamil Nadu State from the Indian territory. He made open speeches Shri Karunanidhi Shri Nedunchazian Education Minis ter Shri Ambazagan Health Minister these three Ministers had made this statement on a public plaiform in Marina Beach So far no action has been taken Now the Janata Government is invited by the Anna DMK representing 5 crores of people We want national intetake action gration and not disintegration We want only to be Indian Now after the election the people dealt him an irrecoverable blow and voted in favour of Congress and Anna DMK parties. He is again raising ill feeling between the north and the south

His another slogan is sons of the 2nd He has 801 two theories, one and the has 801 two theories, one another of the 10 the 2nd He man Tamil people must work in Tamil Nadu Kerala people should work in Kerala Delhi Bengalis should go to Bengal Where can we go? We are all Indians (Interruptions,

MR SPEAKER Please come to the point. You told me that, you wanted to mention comething about transport (Interruptions)

SHRI K MAYATHEVAR There is a black law passed by then DMK Goverument The hon Speaker slocknows Jaw I am also a lawyer MR. SPEAKER I am not a lawyer

SHRI K MAYATHEVAR There sie so many lawyers here. There are so rany educated people here Mr Ramach adran also knows law There it a law enacted by tnem called Public Men & Conduct Act Under this law public can make complaint if they have any allegations of corruption against MLAs MPs. Ministers and public men In this law wonderful law I have never come across any legal jurispru dence whether IPC Cr PC or any law of the land in india or international law that the complainant should 20 to the court against alleged corruption enuirst Ministers or public men and if the complainant iall, to establish a case he is convicted automatically by the same court for se en years impri sorment which I have never heard of in jur sprudence as a criminal lawser for 15 years in the Madra, High Courf It is a black law. This is a bad law This is not at all law but this as 'Abdula law Therefore in the legal sense in tle sense of conscience to the sense of morality i pray that Government must withdraw and repeal this black Lw inhuman law illegal law unlawfui taw unconstitutional law It should be repealed immediately (Interruptions)

There is a transport sir ke going on in the Madras city It has a lected nearle 40 lakhs of people in Madras city. The strike has been withdrawn partially, and not totally It is going on partially More than 50 per cent of the workers are on strike Lakhs of students are unable to go to their examinations Government is spend ing Re 50 000 for transporting students and officials to their destinations There ore the main enance of transport facilities and the role of the Gov ernor should be tooked into The Ch ef Secretary of the Tamil Nadu Government should be asked to bring the strike to an end and make buses tur normally

Ii is said in the papers circulated to ne that Rs 1382 crores will be the figure for deficit financing This deficit financing as the result of the relief works implemented by the then government in Tamil Nadu. Even now, relief work has to he done throughout the State of Tamil Nadu, or at least in 4 districts Madurai district did not get any rain during this 1976-77 as also ın Salem and nathapuram. Madurai Dharmapuri are affected by drought conditions I request the government to instruct the Tamil Nadu government not collect land revenue in these 4 districts to postpone the collection of the agricultural loans given by government and to start drought renef work once again, i am told that no machinery from the Central Government has gone to Tamul Nadu The State Goternment should be given a green sig nal to recommence the relief work in some more districts in addition to the 4 districts I have mentioned

Earlier there was political corrup tion in Tamij Nadu Now political cornuption has been put an end to by the operation of the demorrance process of elections However official currention is there on a large scale in Tamil Na du especially in the Tamil Nadu Pubhe Service Commission For group I posts a sum of Rs 45 500 was previ ously pald to the ministers Now i do not know who is receiving it. The Home Ministry should look into this For posta in group i te for pos's like deputy superintendents Rs. 45 000 are charged for group II posts Rs 25 000 for group iII posts Rs 15 000 and for group IV Rs. 10 000 are charged sons of the poor agricultural farmers are unable to get into any job (Interruptions) This is happening even under the President's rule. What does it mean\*

MR SPEAKER Please conclude now We are losing time Nagaland and Pondicherry are yet to be taken shing in 2 minutes Now shout the price rise in Tamil Nadu

MR SPEAKER Your party man has already spoken on it You are now repeating it I will row call the hon Minister Mr Alagesan said that there was no corruption I ou say that there is corruption

SHRI K MAYATHEVAR There is another thing I would like to mention The Janata Government has been formed at the Centre But the panata meal which was being supplied in Tamil Nadu at the rate of one rupee per meal has been suspended Hotel ers are not supplying janata meals after the lift ing of the Emergency What is the reasons? Kindly take note of this and ask the Governor to ask the hotehers to supply janata meal to the public People should not as what the janata government is doing Janata should be supplied by the Janata government.

With these words I conclude my speech

\*SHRI S G MURUGAIYAN (Na gapattinam) Hon, Mr Speaker Sir on behalf of the Communist Party of India I rise to express my views on the Hudget of Tamil Nadu

At the very outset I would like to demand that Elections to the Legislative Assembly in Tamil Nadu should be held immediately vithout any further delay Today s newspapers gate an ln dication that the Flection might be held in June 1977 I do not know how far it is true The Parliamentary Elec tions so far as Tamil Nadu is con cerned have proved beyond any sha dow of doubt that the Central Covernment's dismissal of the corrupt Karun nidhi Government in Tamii Nadu was proper and correct On behalf of the Communist Party of India I wish to stress that the Elections to the Aseem bly must be held as early as possible so that the people of Tamil Nadu can have the Government which they like

The Sarkaria Commission has given its verdict on seven charges out of so many allegations made against Karımanıdhi Governme it The Central Government should take action on these proved 7 charges against the Karunanidhi Government The Government should also pursue vigorously their inquiry against the other allega tions too Many allegations of mal practices of the D.MK Government in Tamil Nadu, particularly with reference to the Department of Cooperation and the Department of Religious En dowments should be investigated with greater senousness. I understand that some henchmen of Karunan dhi Government are hovering around Parlia ment House to get some relief from the rigours of persistent inquiry in scandals I would like to sound a word of caution to the Central Government that they should not show any signs of encouragement to these hangers on Those whose misuse of power and indulgenre in corrupt practices have teen proved should not be pardoned. The people of Tamil Nadu have expressed thier wish through the recen' parlia mentary elections and I am sure that the Central Government would not take any action against the wish of the 5 crore people of Tamil Nadu

I would like to resterate that the people of Tamil Nadu should be given the earliest opportunity o have a Gov enument of their own choice by the conduct of elections without delay Before the elections are ordered the electoral rolls should be completed I stress this point because in the recent parliamentary elections hundreds and thousands of voters of many years stanading and new entran s bave not found their names in the electoral rolls This should not be allowed to happen again in the Assembly Elections

Sir I would like to take this opportunity that unfortunately stay orders have been obtained in from the Supre me Court by the money lenders in regard to the implementation of rertain provisions of the law for the abolition of rural indebtedness with particular

<sup>\*</sup>The original speech was delivered in Tamil.

#### tShri S G Murugaiyani

reference to those pe ple having at income of less than Rs 2400 per abnum in who a cases their indebtedness was to be repealed. The Central Government should get vacation of these stay orders as these people are poor agriculturists and they have been afflicted seriously by the drough in Tamil Nadu I do rot know the reseons for the tardiness in the implementation of the Recovery of The small agriculturists Loans Act should be exempted from the recovery of such loans at least during the period of acute drought Similarly the Land Ceiling Act which has been prepared according to the Central guidelines-12.5 acres per family-saculd be implemented vicorously I ar unable to appreciate the delay in its implementanon Similarly the Act regard og tottowing ownership righ a on the tillers of the soil has not seen the I ant of the day If should be implemented forth with.

In Tamet Nadu during the past three years there has been recurring drought which is so acute that there is severe scarcily of drinking water both for human beings and cattle The agricultural labour has deserted the hearth and home Besides taking drought re lief measures like de-silting of tanks deepening of wells laving of roads etc. the people must be given drinking water tacilities The Central Government should allot more turds for this pur pose The drought is so acute that it is teared that even the Kwerl Della area may become an and zone. When the natural causes have created havor on the people of Tamil Nadu the D M.K. Government in Tamil Nadu multiplied their misery by unnecessarity an, tagonisme the Karnataka Government in regard to Kaverl Water dispute Instead of seeking meaningful compromise in the implementation of the Ag reement about the sharing of waters. they confronted the Karnataka Government with extraneous issues in con, sequence of which the problem of sharing of Kaveri water cruld not be solv. ed amicably The Lavers Delta has suffered immeasurably and it is feared that only one-third of the irrigated area will get enough water. The Grapary of Tamil Nadu te the Innicre District is dependent on Mettur Reservoir for cultivation. Unless the river water dispute between the two States is solved quickly, there is no hope for the revival of agricultural activities in this area. I do not know the Commission constituted this purpose is doing. Report of this Commission should be expedited. The agreements in regard to the sharing of waters between the two States should be implemented without any delay. The agricult ital aclustics in Ramanathapuram Trivelvels Coimbatore Se em and Madural Districts to Tamil Nadu have come to a standstill on account of drought addition to this, if hovert delta is also denied adequate uniters then the en tire Tamil hadu will become an hid That is why I emphasise the need for early settlement of the river water disputes between Tamul Nadu and Karnataka. At east in the districis afflicted by drought, the collection of land revenue and loans from Cooperative Banks and Societies and tenants' dues should be surpen'ai forthwith which will be a great relief to the poor agriculturists.

SHINDE requires support, appreciation (Ahmednagar): Mr. Speaker, Sir, I sympathy of all the sides of the would not have normally taken the House. It is not Nagaland alone but valuable time of the House for speakthe whole of north-eastern region ing on the Nagaland Budget. But as which has been known as the proball the hon. Members know, Nagalem area in our country. I think, land is a far away area from the when we discuss these problems, they capital. It is, a border area. It is a have to be taken out of the party very susceptible area from a number

certain concensua in regard to the development of these areas

Now, as far as the Nagaland Budget is concerned I can concede the point that the hon Finance Minister has not got adequate time to apply his mind to the details. But when he brings forward the Budget for the year as a whole, perhaps he may be in a position to take into consideration some of the suggestions which I propose to meke in my brief apeech. If you take Negaland and the northeastern region consisting of Arunachal Pradesh Mizoram etc. they are larger than Punjab end Haryana put Fortunately these together also heppen to be very fertile They are one of the best fertile soils evallebie in the north-eastern region end, particularly Nagaland.

[Kuman Aana Marti in the Chair] Then, enother importent aspect of Nagaiand is that, just ea lend erosion has teken place to a considerable extent in other parts of the country it has taken place here also but, fortunately the Negsland soil cover still continues to be very good end if it is protected, it could be e rich source for the development of agriculture and other production If we look into the economy of Negaland today. 93 per cent of the people of Nagaland depend on agriculture but the productivity is the lowest in the country It is hardly 550 kilograms per hectare and is much lower than the adjoining areas of Meghalaya and others. We have to find out the reasons for this lowest productivity of Nagaland, (Interruption)

As I submitted in the beginning, let us try to take this problem out of the Party purview. This is a succeptible area and we have to evolve a general concensus. I am not discussing this from a Party angle. How Members will be kind enough to

listen to me end even if you don't agree with me, you should not at least interrupt me.

Now, in the Nagaland erea there was a lew and order problem for quite e-period. Fortunately, this lew and order problem is settling down now though it has not settled down fully We all should make endeevourable to see the settled conditions come about end we ere in e-position to concentrate on developmental actistics in Nagaland

In Nageland, for instance, the average ennual rainfell le 60 to 100° or even more That meens that from the point of view of rainfell it is a good erea but the efforts made so far have been inadequate As the Acting President has mentioned in his speech, perhaps we now propose to pay more attention to this. I hope concentrate ed ettention will be given first mobding water resources in Nagaland From the Budget I find that the allocation made for the development of water resources is not adequate Perhaps the Finance Minister may be in e position, when he ettends to these matters later on, to make an additional allocation for the development of water resources because, only if we develop the water resources can the basic problem of shifting cultivation be tackled Settled cultivation has not been possible in this area because the efforts made during the last 25 years more or less remained on paper as they were not related to development of water resources in the area So the highest priority has to be given to this aspect. While there tias to be en all-India approach there may be a different approach for different States also depending upon local situations In so far as Nagaland is concerned we should be clear that the first priority will be given to agriculture and even in regard to agriculture, we should be clear that the highest priority will be given to the development of water resources

Secondly, in the Nagaland area, there are some plains which, if irritation facilities are made available, would be suitable for the cultimost of rice. We should therefore, concentrate on rice. The requirement of Nagaland is modest, just about a labt lons, and it should not be difficult to make Nagaland self-sufficient.

Now, the main problem is how to develop the resources of the area First of all, let us take the case of forests Nagaland has hardly 15 per cent reserved forests According to the national forest policy resolution, the hilly areas must have 60 per cent of forest area But even in Nagaland forests are being indiscriminately destroyed But as I said earlier, the soil cover is still very fine-it is the best in the country-and even now would be possible for us to preserve the echological conditions and good environmental conditions by creating forests Some allocation has been made in the budget for forests, but my general experience has been that there is a lot of waste involved Even if we plant trees, there is no attention given to their survival Trees are planted and reports are made thereon but no attention is paid to how the trees survive I think we have to evolve a different set up in this area. Fortunately, in this area, the people have a much better community awareness as far as social problems are concerned We should take ad vantage of that and see how the community awareness of Nagas can be used to protect the forest areas and to have additional plantation areas But the provisions which have been made are not adequate to meet what I am suggesting We are against time and the provisions which have been made in the Budget are low compared to the other sectors. Forests have received more amount, but taking into consideration the total requirement or the neers of the situation in Nagaland, the amount is totally inadequate.

Fortunately, some technical survers have been made in these areas and it has been found hat these areas are very suitable for development of coffee and tea plantations Therefore. these areas can be profitably used for earning foreign exchange for the country as well as for improving the standard of living of the Naga peo The Tea Board and the Coffee Board may be asked to take up some experimental planting and if that succeeds plantation on a larger scale can be taken up The land ownership pattern need not be disturbed own feeling is that, without disturbing the prevailing system of land ownership, this can be prought about

The Nagaland areas are extremely suitable for horticulture but main difficulty is that we shall have to set up a technical department We are trying to copy tre all India agricultural administrative pat tern there But the social conditions here are different, the bistorical and different. cultural conditions are Therefore, the type of department that we have to set up there will have to be different. More attention can be given to this, when there is an opportunity to discuss the details, we will be in a position to give some suggestions Of course, it is for you to consider the suggestions and come to certain conclusions

Then I come to survey and settlement Though there is a provision in the Budget for this, for four months no expenditure is contemplated to be made on this account My whole understanding and honest assessment is that no planning of agriculture in these areas is possible without survey and settlement Why do you want to keep in abeyance the survey and settlement for four months? In fact more amount needs to be made available for survey and settlement this area. The survey and settlement have to be brought about in a year or two Otherwise, the whole exerc.se is going to be a futile exercise. You have only made some provision

(Shir Annasaheb P Shinde) for land records. That Is not aucquate in the whole of north eastern region what is required for agrard uran planning is to bring about survey and settlement as carry as possible so that we are in a position to have a thorough planning for agriculture in this area.

SHRI SONU SINGH PATIL (Eran dol) Why did you not do it in the last 30 years?

SHRI ANNASAHEB LHIVDE Be cause there were unsettled conditions. The hon Member knows that, even in Birar and Orusa these are the pending problems I do not want to rate any controversal issue I are not blaming anybody for this. When the hon Member makes bis submissions he may raise this issues.

SHRI SONU SINGH PATIL Tiss is a legacy from you

SHRI ANNASAHEB SHINDE Many be You were with us for many years

There is a provision made for clacation Of course, I am not opposed to general education. But here for the education relevant to the needs of the hagas, there is absolutely roprovision. Intrastructure s also being raised from that angle. This needs to be attended to.

As far as community development projects are concerned this House is well aware that, in these areas, they amount to a waste. Our national experience has shown this. I am not Suggesting that any provision for community development which relates to agriculture or other things should be cut down. It can be augmented. But the point is that it should be brought under normal programmes for agricultural development and arm gation development and not under community development because the resources then get thinly spread cut apart from that there is also the was tage involved which we cannot avoid.

We have to encourage agricultural production Similarly marketing also needs our attention. The weakest link un this area is marketing. The pattern of marketing in this area will have to be different from the all India pattern The Naza community or, as a matter of fact the whole North Eastern community, have the traditional cooperative spirit In Nagaland, if somebody a house is to be constructed the entire village community goes and helps him in constructing the gouse There is a natural cooperative sorrit in them. I think this is the best area in the country as far as I know lor the development of cooperatives and very healthy cooperative movement therefore much more help is necessary For that, the National Cooperative Development Corporation, which is known as NCDC, will be a very powerful instrument. But I find that though last year there was some pro vision for helping Vagaland for development of cooperatives, this year there is no provision in so far as hCDC is concerned for helping the coopera tive movement. The marketing has to be strengthened even by going out of the way and I would request the Fin ance Minister to look tolo this. A substantial grant should be made available to hCDC which is an instrument of the Government of India it self and they should be entrusted with the responsibility for developmeni of cooperatives. As far as far flung areas are converned the amounts should be made available to them for development of cooperative movement particularly marketing and processing of agricultural produce in these areas

These are the few suggestions that I want to make. I would submit around that my observations may not be taken from partisson attitude I am only trying to make suggestions for the development of these areas and perhaps hon Members may give some thought for it.

SHRIMATI RANO M. SHAIZA (Na galand) Madam Chaliman while supporting the Nagaland budget, I would like to draw the attention of the bon Members to the undemocratic manner in which the State is being run foday I shall be brief in what I have to say about the state of affairs in Nagaland Whether one belongs to the ruling party or the Opposition all are subject to the hurts and heels of the same treatment. This is not a complaint for revenge but an appeal to the hum Members to right the wrong where urjustice has been so blatantly committed.

ted by officials during the emergency My people in Nagaland have not known peace for the past twenty years It is understandable when Government nuts down lawlessness with a firm hand but when there is peace in Naga land since November 1975 we do not see any reason why a party like the Congress wedded to the efficacy of non violence should become an instru ment of ruthless repression of beir fellow countrymen Many puolic lea dera of integrity and high esteem in Nagaland were harassed and put in sail at the whims of one or two top officials in collaboration with the Congress party just because they do not agree with the Congress. I want to tell you of a specific case in Tuensone district where on Thrinimong an iutending UDF candidate for the As sembly was arrested just a day before the poll His only fault was that he as an educated person had drafted an application for a man who could not write. The administrator was dis pleased and had him arrested on the 15th. On the intervention of our Raiya Sabha member Thriumong was released on 16th on FR Bond. On 17th, however after the departure of the M.P he was re arrested, summs rily tried and convicted on 18th March to three months imprisonment. All this are done with a view to intimi date non Congressmen to join the Party and to show to innocent Nagas that Congress alone in the country wields power The Congress Party which stands for secularism and democracy fully indulged itself in spread ing propagands that UDF is an ally of the Janata Party Janata Party is

Account), 1977-78 Hindu religion and therefore if the come to power they would abolish Christianity and English language Theretore you should vote for the Congress During the election cam paign they revived the slogan of com munalism and sow the seed of hatred among the people belonging to differ ent communities During the Emer gency the heavy hand of repression feli upon the UDF Party The Chief Agent of the Congress is one retired Officer who was re employed in Naga land as Adviser to the Governor of Nagaland This gentleman has been given extension 4 times and it is learnt that another extension is being recommended for after March 31 the election this officer travelled in helicopier and Government vehicles campaigning for the Congress Party A copy of taped recorded speech taken by our party workers at Rukhroma vil lage on February 15 where he address ed a public meeting has alreads been given to the Government of Nagaland and also the SIB Besides this off ence there are serious other allega tions of misusing rehabilitation Fund allocated for the underground who come overground. After promulgation of President's rule this Officer has moved into the Office Chamber of the State Chief Minister's and goes about in imported car in a grand style This gentleman also interferes in every de pariment from Secretary down to the Chaprasi Will the honourable Mem bers of this august house permit this arrogance and abuse of State Power\* Our new Parliament and the Govern ment must create a new image would I ke an Enquiry Committee headed by a Member of Parliament to go to Nagaiand to enquire into the charges of corruption and also ex cesses committed during the emer gency This much we owe to the peo ple of Vagaland. I would also like you to know that the State of Naga land is the largest parliamentary constatuency in the country having 60 Assembly constituencies, It is diffi cult for a member alone to look after such a vast area. I would like the honourable members to give a serious

[Shrimati Rano M Shaiza] thought over this question and lend their support at the appropriate time

Now that the situation is peaceful early restoration of a popular Govern ment is a must to end the bureau.ra tic rule which has so much retarded development programmes. I hope that the new Government will announce for the Assembly election before the monsoor-before the end of May (with to May 1977)

SURI N TOMBI SINGH (Incer Man nur) Madam Chairman supporting the \agaland Budget I want to say a few words. I would like to associate myself with the views of my hon friend Shri A P Shinde who said that Nagaland belon-s to the North Lastern Area which is a venal tive area in the country and the problems associated with this area have to be taken not from party angles but from the general national angle Ma dam Nazsland bs: been unfortunate ly in the wind of instability for the last several months. The north east ern areas which comprise five small States and two Union territories have been working under special circumstances Of all these small States Na galand happened to be one of the most stable States politically in the pegin ning Representing as I do a pelch bouring State-the State of Man pur-I have been closely watching the progress to Nagaland and taking interest in the development works there fortunately after a period of stability the wind of instability has gone into the Naga politics and Nagaland had to accept President's rule which exists there today It has been rightly nome ed out by Mrs. Shaza that during the President's rule the role of the bureau cratic elements is to be closely seen. Madam, I had the opportunity of serv ing as a member of the Nagaland con sultative committee during the Fifth Lok Sabha. Quite a number of irregularities and excesses were pointed out during the sittings of that com m ties and it was brought to the notice of the Covernment of India that the officers must be made to behave other wist in such sensitive areas where people are set to come into the main stream of our politics and social life whatever wrong is done-may be ore or two-this will go a long way in cut ating the condition of this censu tiva zone

Madam, I would like to draw the attention of the hon Finance Minister to one or two things that come o our notice immediately Firstly those of us in the north eastern zone have of own apprehensions about the policy of the new government concerning small States because when we were strugg! ing for our political identities and as sertion of individualities in the name of State bood and unton territories etc the present Prime Minister Morarii Desai was not favourably in clined lowerds the formation of small States although it was quite clear that the north eastern areas deserve special consideration If you go by the nor mal yardstick how could States like Manipur Nagaland could become States? They are much smeller than even your normal dis tricts in UP population wise s ze-wise and resources wise But then here were special circumstances | remem ber when we sent delegations from all these States for formation of union territories and States Shri Moranit who was a leader of the und vided Congress was not in layour of small States

So far as details of the Nagaland budget are concerned it was made clear by the Finance Mintster himself that he was not able to devote much time Now I as a representative of the small States, as one who feels about the small States to the North Eastern areas, would like the hon. Froance Mi nister to spell out clearly in his reply what is the policy of the new govern ment towards the small States and we cannot take it for granted unless clear statement is given on the floor of this House that the small States which are now economically backward will confine to receive special

162

consideration Although they are poor now, agriculturally they are very fertile, but then as it is the resources and fertility of the North Eastern Areas. the small States have not been taken advantage of Naturally, they are not viable We have to run the adminis tration and other development planfrom the Central resources So on this occasion I would request the Fin ance Minister to spell out the polley of his Government towards the North Eastern areas and the small States Why I have to do this is the earlier bitter experience of the attitude some leaders who are now heading the Janata Government towards the small States They were not at all favour able, but we have to say also with similar vehemence and sincerity that we are grateful to the Congress leadership because they have been able to show sympathetic interest and they tried to understand the problems of the North Eastern areas, smalt States, and they helped the small States in all possible ways and hence the small States were possible. I hope we will continue to receive similar sympathy from the new Government-I am not speaking as a member of the Congress Party now when I speak on the subject. (An hon, Member, You come this side ) That will not happen Things are yet to be seen and we are very much acclimatised and we shall see what happens, but then as I am speaking on a subject very delicate and sensitive, I am, not speaking as I told you, Madam, as a partyman, I am speaking as a citizen of the country who feels for the backward areas, particularly the North-Eastern areas. the small States which require special attention Politically, economically and socially, the Government of India have to sympathise and patronise the small States by ignoring the normal yardsticks You have to apply special yardsticks es the Congress government has been doing The Congress government, the Congress hadership emoved our full trust and eppreciation for the attention they have given

to far to the small States.

Coming to the Nagaland Budget, Mr Shinde was right when he pointed out that the land of the Nagaland is fertile, there are many prospects for de velopment agriculturally and in other respects One thing I would like to mention here is the development of handlooms in Nagaland Handloom in Nagaland and the adjoining areas of Manipur survive more for sentimental values than as a business proposition because the role played by handloom in the tribel life of the bitl areas is such that a tribe is symbolised by its cloth Every tribe has its own cloth design pattern, colour etc. So when you see a tribal, he or she is known by the clotb 'That means handloom and waist foom clothes are existing for sentimental values and I think this question was taken up in the Consut tative Committees also The attention of the then government was drawn to the fact that a special Handloom Di rectorate should be established in Nagaland as in other adjoining States so that handloom will prosper not only as sentimental value but as business proposition because Nag i cloth is very popular and it will have o world mar-Let So, in this respect we would like to bring to the notice of the hon. Fin ance Minister that he should direct the officials now in charge of the Na galand Administration to pay special attention to handloom industry

One thing which Mr Shinde also said is about shifting cultivation in the hill areas. There we are concerned with two thlnes One is the preservation of forests and the other is the in ercasing of production in agriculture In agriculture the fertility of the land does not help much when there is seer cits of water and we have to do all the cultivation on the strep slopes of the Therefore, the Agricultural Re search Council has to apply its mind for two things. One is the preserva tion of forests and the other is the de velopment of agriculture and provision of sufficient irrigation and other facilities so that the people, with their usual working habit, will be able constantly to use the hill slopes, at least

IShri N Tembi Singhi

for 10 or 20 years. They can also avoid shifting from one place to an other for temporary agricultural pur poses. Otherwise they would destroy the forests wantonly. I do not want to take the precious time of the House any more in conclusion, I would like to draw the attention of the Finance Minister to the fact that he should spell out the new Government a policy lowards the North-Eastern region and the small States about which we have our own apprehension. This apprehension is not the apprehension of the Congress party alone but it is the anprehension of the people to the North Eastern recion and the small States

THE MINISTER OF FINANCE AND REVENUE AND BANKING (SHRI H M. PATEL) Madam Chairman, I have listened to the various speeches made with great enthusiasm. I sympathise with the various points that have been made, particularly by Mr Shinde and the speaker who spoke last When he wanted the preservation of forest. we should take special interest and see that it is balanced with the develop ment of agriculture I think both these are very desirable objectives and they must be pursued and the Govern ment will see to it that attention in given to both these matters. These are highly desirable objectives. As to the provision of funds, if they are not adequate, we should certainly go into it. But I wish to tell you that all these budgets have been prenared under the regime that existed before this Government came into power I do not wish to enter into any contro versy

SHRI ANNASAHEB P SHINDE 1 would like you to make it clear whether you will make any positive departure

SHRI H M PATEL I consider this is so desirable an objective that I will see that these are given the highest bossible attention because it is consistent with our policy of giving primacy

to agriculture, and when you say that the majority of the population is dependent upon agriculture, it clearly becomes our duly to see that whatever can be done should be done in order that agriculture is developed and becomes prosperous. So, I think on all those points, there is really no difference of opinion and it is in line with the general policy of our party. We shall certainly see that it is given full attention. In regard to particular point that was made, that is, about atrocities that certain excesses and were committed during the Emergency in Nagatand I can only assure you that we will go into these. Where specific instances are mentioned, they will be examined and appropriate action will be taken. A reference was made to an instance. We will ge into that. Then I think there is really nothing more that I am entire upon to say at this slave about the general policy of this Government in regard to small States, I do not think that the question orises at all. Unless there is any contrary policy statement. what do you expect me to say? There is a certain a tuation that exists today I do not think we are culled upon at this stage to make any pronouncement on this subject If you with to cly upon rumours and gossip, there is nothing to say about it I hope with these words the House will pass the Demands.

(Pondicherry) Actually I wanted to raise a point of order on this but since this Budget is coming at the fag-end of the year and there is no time left and I do not want the administration of Pondicherry to come to a standstill. I will cooperate at this occasion But I am pointing out certain anomalies. According to me, as per the Constitution under Article 356, the President's Rule cannot be extended in any territory for more than three years The Assembly was dissolved on 28th March, 1974 and as per the Constitution you eannot extend it for more than three years But the President's Rule was first extended for one year, then it was extended to second and then to third year Unfortunately, the Emergency was there and under Emergency you can extend this President's Rule for any number of years Now it is a very good feature that the Emergency both internal and external, has been withdrawn Since there is no Emergency, you cannot go on extending the President's Rule there According to me, there is an anomaly and there cannot be any President's Rule after 28th March, 1977 The maximum period of three years is over but you have not declared elections there and now you have again come with the

SHRI ARVINDA BALA PAJANOR

1

in the speech about the elections there I want to know how to get over this anomaly I think they may take shelter under the Union Territories Act But the Union Territories to Institution. If somehody takes up the matter to the High Court or the Supreme Court, then there will be a hindrance So, I request the Finance Minister or the Law Minister or the Home Minister to immediately declare elections there Article 356 says

Budget of Pondicherry in this House

The Finance Minister has said nothing

Provided that if and so often as a resolution approving the continuance in force or such a Proclamation is passed by both Houses of Drianner, the Proclamation is passed by both Houses of Princes webel, continue in order to the proclamation of the proclamation in the state of wither period of as months from the date on which under this cause it would otherwise have caused to operate, but no such Proclamation thall in any case remain in force for more than three years."

I bring to your notice that on the 28th March, '77 the three year period has come to the point of limit and I do not thork you can continue this

# [Shri Arvind Bala Pajanor]

Proclamation any more You say that under Article 251 of the Union Territories Act, you can go on increasing it for a number of years this Act cannot be an independent Act outside the Constitution. must consider the spirit behind this enactment There should not be any discrimination between people in one State and other in a Union Territory

Now, Madam Chairman, if government takes sheller under section 51 of this Act, it should give reasons why it is not able to proceed with an elected government. There is no Emergency external or internal according to the government This information is welcome I want to know under what Article it has been done. If it has been done by the previous government, the present government has not come up with a new proclamation. I think it is not fair for the present Prime Minister and Ilome Minister to take shelter under certain things which had taken place prior to the 21st March. I want a clarification on this

Leaving this aside, I do not want to raise any technical point. I used to oppose the technical points which Mr Sezhiyan used to raise in this ito ise earlier I am one with you that the spirit of the matter should be taken into consideration.

I want my government to run in Pondicherry I am the solitary representative There are so many people to speak for Nagaland You have dissolved the Pondicherry Assembly for so many years now No Municipal elections have been held there I appeal to you to declare elections for Pondicherry as early as possible Elections to Parliament were there only two weeks back You can hold at least municipal elections. They have not been held for ten years now I do not understand why there is any mention about elections in this bill. I do

not want my administration in Pondicharry to suffer There are no doubt good officers there They are doing their best, with the ilmited funds that are available Pondicherry is a backward area. It is also a very peculiar one Mizoram, Andamans and Lakshadweep have contiguous areas, whereas in Pondicherry, I have to traval a minimum of 1000 miles. Between Karaikal and Pondicherry, the distance is 100 miles Between Pondicherry and Mahe, it is 450 miles. For going to Yenam, I have to travel 750 miles. (Interruption) If I become the Prime Minister, I can use the helicopter It is a peculiar territory My single constituency is spread over 3 States. There is only one representative While allotting funds for Pondicherry, please don't equate it with It is a any other Union territory peculiar territory which was ruled by the French for 300 years. I would request the present Finance Minister to allot adequate funds. Even though I used to receive congratulations wherever I spoke earlier nothing was substantially done for Pondicherry My request have been met to the extent of 20 per cent. I have become a gramaphone record. I am bound to repeat things, because you are the new Finance Manuster I would like to see whether your actions go along with your words and prom ses Pondicherry comes up India will be Pondicherry is spread over the entire Dakshin Bharat, Le over 3 States. I am happy to see that on this occasion, the Finance Minister was concentrating very much. I do hope that he will listen to my speech also carefully These are very important matters for Pondicherry First I would appeal to you that there must be elections as early as possible, because you believe in the verdict of the people and you bow down to the wishes of the people I am sure you will declare the elections as early as possible.

n 1. . . .

It has been pending for the past seven years It should be done early I want a categorical answer from the Minister of Finance whether they are going to give us the University in the coming financial year

177

So far as deep sea fishing is concerned the project has been sanction ed Though it has not been mention ed here I hope serious attention is being paid to the development of deep sea fishing by the present Finance Minister so that the food problem can be solved. There should be centres one each at Pondicherry Karaik kal and Mabe

Then I will refer to the Ariyanganam river project Another point is a thermal project which has not been sanctioned As a matter of fact they are going in only for a medium ther mal project The present Ministry can reconsider the question Unless there is a thermal project, the power problem cannot be solved You have started small scale and medium scale industries because it is a backward area. In that context the supply of power is very important and serious consideration should be given to that So I would suggest that a thermal plant should be established there as early as possible

Then in order to relieve the congestion and port facilities at Madras and Cuddalore small ports should be established at Karaikkal and Mahe

Coming to heavy industries since there is a heavy industry plant at Trichy there should be a subs dizry plant at Karukkal It will solve the unemployment problem which is very acute in Pondicherry It is a very big problem there You will be sur prised to know that people who have registered their names in the employment exchanges as early as 1969 are yet to got their first call for interview for appointment. Young boys of the

age of 19 registered their names with the exchanges in 1969 and now in 1977 they cannot get employment because they are over-aged and so disqualified. This is the pitiable position in Pondicherry so far as employment is concerned. Now that you have given so many hopes to the people I hope you will fulfil those promises at least in the matter f employment.

Lastly the Government had promis ed aerodromes for all State capitals Yet when I asked for an aerodrome for Pondicherry they asked why" When you have some guidelines for the construction of aerodromes why do you not 'ollow them? Pondicherry is a State capital. Every now and then you have to summon here your Governor and the Secretaries There fore there should be a small airport so that they can come here in a short time

So far as the Ashram is concerned the management has been superseded I would request them to reconsider the matter and grant the Ashram the bare facilities and their reasonable requests. I have sent a petition in the matter after consulting the Adn Inlatrator I know how the Ashram has been functioning It is a very good institution promoting international understanding. It creates a feeling of oneness amongst the people so that they can understand one another for a better and peaceful life. My name is Aravinda Bala Pajanor because int father was a devotee of the Ashram.

As far as Auroville as concerned the Tamil Nadu Government was g ving some trouble. Now that problem has been solved because both Tamil Nadu and Pondicherry have come under President's Rule Now you can not say that something has been done by the Tamil Nadu Government.

Karaikkal is in the delta of Cauveri This year I cannot take my man to

[Shri Arvind Bala Pajanor] harvest in my own field because the water supply was cut to Pondicherry Of course, Pondicherry is represented in the Cauveri Board. We want to appeal to you to allot more funds so that we can have underground water for development of agriculture in that area. At present the situation there 13 not happy Karatkkal is the granary of Pondicherry State Yet, there the price of rice is going up day by day The administration there with a young and efficient officer is trying to solve the problem. At the top level it is very beautiful and nice, but the upper and lower division cierks took active interest in the elections and tried their best to rig them. to indulge in malpractices I know many of them personally, and I put an end to it So, it is high time that the Government of Indra, hecause they are directly ruling Pondicherry. teke interest in the matter and warn those elements

Pondicherry Budget.

Both Karaikkal and Pondicherry ere religious centres. You have mede "he people there contribute to the compulsory deposit scheme The poor government servants are in a mess. I know the Fmance Minister personally. he is a reasonable man. If he thinks that it is right, he will agree to it So, I request him to resonsider the question of including Pondicherry in B 2 and Kuraikkal in C category, so that the people in my constituency may be happy Unless you keep Government servants contended, you cannot lift the country up

I am not raising the constitutional issue because it is the spirit of the law that has to be considered and not the letter, but there is a fear that somebody may take up the matter in the High Court and so-I mentioned it

I request that at least a Judicial Commission a Court may be catablished at Pondicherry if not a High Court.

Account), 1977-78 I hope Government will give serious consideration to it

I invite the hon. Ministers of the Government to visit Pondicherry It is a beautiful place. The invitation includes you, Madam Chairman, also

THE MINISTER OF FINANCE AND REVENUE AND BANKING (SHRI H M PATEL) I appreciate the spirit in which the hon, Member decided to drop the constitutional assue which he intended to raise, but I would like to assure him that there is a good answer to it A notification had been assued by the President on 3th February, 1977 and the order says that 'for three years' occurring in clause (a) of the first-mentioned order as subsequently amended, the words 'four years' shall be substituted" So, that has been taken care of and he need not be apprehensive that it might he taken up by somebody in any court

The hon, Member has raised a number of points Some of them are of such vital importance that I am sorry to find that no attention has been pend to them for such e long period

I can only assure you that we will see to it that every single point mentioned by you will be gone into and attempt will be made to do some justice in regard to as many of them au possible

MR CHAIRMAN The question is 'That the respective sums not ex creding the amounts on Revenue Account and Capital Account shown in the third column of the Order Paper he granted to the President out of the Consolidated Fund of the Union territory of Pondicherry, on account, for or towards defraying the charges during the year ending on the 31st day of March, 1978, in respect of the heads of demands entered in the second column thereof against Demanda Nos. 1 to 33

SHRI IYOTIRMOY BOSU (Diamond Harbour) This is a very big CIA case But I would like to make st clear that, if foreign intelligence agencies are involved, they should also be firmly dealt with. In our country's internal affairs, we would not tolerate such an espionage activity from any quarter It to an outcome of the erstwhile Prime Minister Shrimatı İndira Gandhi s and her Government's attitude I quo e from a chipping of 1972

"A demand by Opposition leaders that the Government should set up a Parliamentary Committee to inquire into CIA activities in depth or publish a white paper on the subject was today rejected by the Prime Minister Shrimata Indura Gandhı"

This is the position Thanks to the press they have revealed it, and it is good that these things are prevealed, so that people come to know and Government also could be brought to the position where they can take

This was a question but by me on the 13th December, 1972

Columnus "whether American Jack Anderson had revealed in one of its articles the links between ITT and the CIA in some cloak and dagger exploits allegedly carried out in Latin America, and if so the Government's reaction thereto" The reply is

"(d) and (e) Government are aware of the recent disclosures in the American Press of the links between CIA and the ITT and due note has been taken thereof.

ITT has a big ramification in this country They were in collaboration with the erstubile Government

Here is a very big case and which is the firm involved? I would not say anything involving the security of the country I assure you, Sir, and the people in power The firm is LURGI India Ltd., it is one of the largest importing firms of civil engineering equipment and their office is in a building owned by Birlay in Delha. The Managing Director of German origin but a Swiss citizen. I would like to know from the Home Minister whether it is a fact that he is wanted in Germany for war crimes and that he is a doclared fugitive. Is it also a fact that he is friendly and pally with our ex-Prime Minister's son, Sanjay Gandhi? Is it al o a fact that he had some connection with Piper plane business in this country?

Some twelve or thirteen persons Were arrested in connection with the case One is Shra R. P Varshnoi, Director, Metala, Planning Commission, formerly of Defence Ministry, a sensative Ministry as far as the security of the country is concerned There was a raid in his house and a number of microfilms of documents, apart from rash were found. It is a very serious matter Foreigners visited him quite frequently and he was

very often out for lunch etc. in luxury hotels Who paid for this? This has to be found out by Intelligence

Another person arrested was Shri Mahavir Prasad former Additional Private Secretary of the erstwhile Foreign Minister Shri Chavan, Is it also a fact that because of this action some pressure was put on him before the elections? I am not blaming or involving Shri Chavan at all but I would like to know if it is a fact that somebody in his party tried to put pressure using this as a handle

Shri Varshnoi was teaching in ITT Kharagpur, which received huge aid from USA. Another accused is Shri K. K Sarra, Director of Perspective Planning. What are thes seizure when the raid was carried out in his house? The other arrested persons are Shri Pannikar, Senior Research Officer in the Health Unit, Shri Eknath Choudhur, Senior Officer (Metals), STC, and some officers of MMTC and Steel and Mines Ministry

A Canadian-USA firm Metchew, had been given contract for Kudremuch along with Bechtal (of the pipeline scandal) which was revealed by the Takhru Commission, The. operation is controlled by a CIA man with an assumed name, Tedler, if I am right Let the Home Minister confirm or deny this. Besides other things, they wanted to know the details of special metals used for MIG and other important defence equipment. I would like to tell the House how they operate The gerapping of the factors that was producing aircraft in a particular country was sold to an outsider Those were melted and used for making coat hargers. These coat hangers were u ed in an aircraft They bribed the sweeper, the coat hangers was thrown in the waste paper basket. They picked it up, analysed the metal to see whether that metal could cause vibration and whether that metal

could stand the metal fatigue that any arcraft would develop That is the way they work

10

I would also like to know if some officers of the United States Wing of the External Affairs Ministry are also involved. Let this be confirmed or denied Is it also a fact that Shri Jagat Mehta, Secretary-General of the External Affairs Ministry, tried to stop publication of this? Did he make such a request in the name of national interest? I would also like to know the names and details of the US diplomats declared person nongrata in recent months. Some time ago under some pressure, the erst while Government had ordered probe into the conduct of the foreigners working for foreign firms in India I would like to know the outcome from the Home Minister and the External Affairs Minister May I know who are the lisison men who work for the Government of India undertakings and big firms and who got special photo passes from the Home Ministry? I would like to know dow many passes have been issued and how many withdrawn during the last three months

I would like to come to one or two things more

MR SPEAKER You want to evpected to ask only one question Now, please conclude

SHRI JYOTIRMOY BOSU The New York Times, in its issue dated 10th May, 1975 has clearly indicated that the multi-national corporations m India vit the Union Carbule, Hindustan Levers Liptons, Firestone, ete are on the pay-roll of CIA and they do get paid in dollars and that mores goes straight into their pockets Let the Home Minister inquire and find out

I would like to know about the Boeing deal-the commission taken by certain big persons and certain parties. What were the conditie and the consideration?

[Shri Jyotirmoy Bosul

Burmah-Shells also have admitted that they have paid commission to Indian officials etc.

Bechtel, that notorious firm, has been given contracts in Kudremuch within the country

MR SPEAKER Now please allow the Minister to say something.

SHRI JYOTIRMOY BOSU I wi

The previous Government has entered into a contract with the American firm, international Dynamics For what? For providing electronic surveillance of the Indo-China border...

MR SPEAKER. How does it arise?

SHRI JYOTIRMOY BOSU: The involvement of foreign esponage at every level of our life—at the official level, at the political level, at the commercial level and at every level.

MR. SPEAKER It is only calling attention to a particular subject How is it connected? Please now conclude

#### MATTER UNDER RULE 377

REPORTS THAT JUNE, 1975 PROCLA-MATION OF EMERCENCY WAS ISSUED WITHOUT COUNCIL OF MINISTERS ADVICE.

SHRI SHYAMANANDAN MISHRA (Begusarai) Mr Speaker Sir under Rule 377 I rise to draw the attention of the House to a matter of great constitutional and political importance

The internal Emergency which was imposed on the country in June 2975 ended a few days back after the Election. During this Emergency the country went through the darkest night of repression after independent

dence Earlier, it was reported in the papers that the Presidential Proclamation on Emergency came without the aid and advice of the Council of Ministers and if at all there was any reference to it in the Cabinet, it was ex-post facto. This matter was also agitated in the courts The present Defence Minister after his resignation from the Cabinet of Mrs. Gandhi confirmed this substantially in his Press statement when he said that the Cabinet was merely informed of after the decision to impose emergency was taken. I quote from The Deccan Herald' dated the 4th February 1977

Cabinet wasn't consulted on Emergency Ram"

Mr Jaguwan Rum, who restigned from the Union Calaunet and the Congress Parly yesterday, told newstawn today that Calaunet was not consulted about the declaration of Emergeny In June 1975, or the dessolution of the Lok Sabha and the holding of elections this year but was merely informed of the decisions the year but was merely informed of the decisions they find professed the Minister, Mrs. Indirez Gandle.

If this was so it was a clear violation of Article 74(1) of the Constitution which says

There shall be a Council of Ministers with the Prime Minister of the head to aid and advice the President, who shall in the exercise of his functions, act in accordance with such advice."

As the present Government, 13 committed through its Election Manifesto to taking such steps as would prevent the repetition of such a tragedy in future it is necessary and appropriate that the Government place full facts in this regard before the House in its very first sitting

Finally it should also take stene to ensure that Article 74(1) is fully observed whether it is in respect of imposition of emergency or dissolution of the House or any other matter in which according to this Article, the ard and advice of the Cabinet is the very basis of presidential action."

THE MINISTER OF HOME AR-CHAIDHIBI CHARAN PAIDS SINGH) Sir. toe factual position in respect of the promulgation of emergency on 25th June 1975 is that the Proclamation was signed by the President on that date, that is, while the Cabinet approved the Proclamation on 26th June 1975 (Interruntions)

MR SPEAKER I understand this cry is not simed at me!

The approval of the Cabinet, therefore was ex-post-facto As the Vice President acting as the President of India has stated in his Address to both the House, on 28th March 1977, the Government are already seized of the matter and examining the question of providing adequate safeguards to prevent possibility of declaration of gency in similar circumstances future This is a matter which quires careful consideration and Government would be taking appropriate measures in due course

चीवरी बलबीर सिंह (होशियारपूर) : ग्रगर साबिका प्रधान मनी ने कोई गलत क्दम उठावे हैं, तो उनके विलाफ कानूनी बायंवाही क्यां नहीं होनी चाहिये ?

Under the provisions of the Finance Act, 1976, the net agricultural income of individuals. Hindu undivided famihes, unregistered firms etc. Is taken into account for determining to e rates of income-tax applicable to their non-agricultural income These provisions are proposed to be continued for the financial year 1977-78. A consequential modification is, however proposed to be made in the provisions relating to the set off of unabsorbed loss in agriculture amendment seeks to secure that besides the unabsorbed loss for certain years, the loss for the previous ac-

counting year relevant to the assessment year 1976-77 3s also set off against the agricultural moome for the accounting year relevant to the assessment year 1977-78 The proposed amendment further seeks to provide that the unabsorbed loss in agriculture for the accounting year relevant to the assessment year 1977-78 may also be set off in determining the net agricultural income for purposes of payment of advance tax etc. during the financial year 1977-78

Clauses, 3, 4 and 5 of the Bill deal with indirect taxes while clauses 3 and 4 seek to levy up to the 31st day of March 1978 the existing rates of auxiliary duties of customs on all imported goods and auxiliary duties of excise on all excasable goods. Clause 5 provides that sali shall be duty free for another yet.

Clause 5 provides that salt shall be duty fees for another year. Hon Members will notice that so far as indirect taxes are concerned, the Finance Bill does not contain any new tax proposals and all taxes continue in the same form as in the year 1976-7? I trust that this short and semple Bill will receive the unanimous approval of his House

# MR. SPEAKER. Motion moved

"That the Bill to continue for the financial year 1977-78 the existing rates of income-tax with certain modifications and to provide for the continuance of the provisions relating to auxiliary duties of customs and excuse and the discontinuance of the duty on sail for the sail year, be taken into consideration."

## I find that nobody wants to speak from this side.

SHRI BASHIR AHMED (Fatehpur) Sur, I have moved an amendment, shall I read it out?

MR. SPEAKER But it is for clause 2 Anyway you may say what you want to say You need not read out that amendment.

SHRI BASHIR AHMED. the period of emergency several persons were detained under the Main-Security tenance of Internal and the Defence of India Rules Several excesses were committed Some businessmen were also arrestalk about ted. I do not want to persons who had been arrested for I am economic offences. about persons who had been arrested for political reasons reason, arrested for no rhyme or the only reason was to settle former Prime Minister in power It is in the fitness of things that efforts should now be made to grant some income-tax rehef to those persons who had been released only recent-They have not been able to carry on their business, their operations were brought to a standstill There are a jurge number of professors, teachers, lawyers doctors etc. and their nouses were searched and all this was for political reasons You are also aware that a large number of raids were carried on under the garb of meome tax raids, their properties were raided and searched Big business houses were spared, only the poor persons were affected. Those income-tax raids were carried on by income-tax authorities without any rhyme or reason to terrorise demoralise the public Certain persons were put behind the bars. have moved an amendment those persons who suffered due to such politically motivated actions should be granted income-tax relief because they had been converted into virtual refugees and they are in Finance great distress So the hon. Minister should accept the amendment proposed by me, which should include a provision like this, namely, excluding those who had been arres-Economic Offences ted under the Act The rest of the amendment should remain the same

MR. SPEAKER I find there are no other speakers. The question is

"That the Bill to continue for the financial year 1977 78 the existing rates of incomestax with certain modifications and to provide the continuance of the provisions relating to auxiliary duties of custome and excise and the discontinuance of the duty on salt the said year, be taken into considonation

SHRI DINEN BHATTACHARYYA (Scrampore)' Sir, I would like to take this opportunity to make some observations which to my mind are very important an durgent Some impression was sought to be created here by the opposition, that is, the Congress Party, specially by Mr Subramaniam, that the picture of the Indian economy was very rosy I find from today's newspapers that the West Bengal Finance Minister also has tried to paint a rosy picture of the economy of West Bengal the fact is that there is a mess everywhere-in industry, in agriculture and in everything. Already ten jute mills are closed for a long time. So man assurances were given on the floor of the House by the previous government that they would be reopened, but still they are closed and more mills are facing crisis. They may also be closed at any time. gather this information from the

newspapers today So, the new Finance Minister must make a positive statement as to what will happen to the sick mills which have been deliberately made sick by the big industrialists. The then Central Government were responsible for all this sickness

I heard big talk here about rural unemployment and rural industries but nothing had been done by Mrs Gandhi's Government. The condition of handloom weavers it beyond snaguation They are starving A whole of family of 8 members work hard for the whole day, but still they cannot earn two square meals a day. All the cottage industries are also facing the same crisis. Some positive action must be taken immediately know the present government did not get much time and this Bill does not reflect the policy of the Janata Goternment This budget was prepared by the Congress Government whom the people have thrown out into the Govern-Japata dust bin The ment must come forward positive statements and sctions to soil these issues. Apart from the crea tion of additional employment potential, I want to know the condition of the existing sick mills and the lakhs of workers who have been thrown on the street This must be looked into zeriously.

In the budget papers I saw come item about increase in the expenditure on police and Jails. Why? Corgres Government depended only on police and jails and they had no face to go before the public and announce their policies? This is why in every election meeting the tnen discredited Preme Minister herself had no guts to explain to the public what was her policy regarding the development of our country I heard that in her first election meeting lakhs of people were gathered to hear her but afterwards, nobody came to listen to her speech and she had to come frustrated from wherever she went.

My humble submission to the Finance Minister is that he must take care to see that the increase in the prices of essential commodities must be checked You will wonder to know that in eastern India we have to purchase mustard oil at Rs 14/to 15/- a kilo You could not dream of it in any time So, this increase in the prices of essential commodities must be checked I know that you do not have any magic as Mrs Gandhi had Very often she used to point out that she would eradicate poverty What she had done was that she had eradicated the poor people from Delhi lakhs and lakhs of thuggi shopriwalas had been driven out of Delhi.

AN HON MEMBER Now, you will bring them back,

SHRI DINEN BHATTACHARYYA Inspite of your obstacles those people will be brought back. The Government must try for that But is it not a fact, I ask you gentlemen, sit ting on the Congress side that you driven out washermen. have

One more point and I will end my speech, positive steps must be taken to bring down the prices of essential commodities. There should not any increase in the expenditure police or jails. They are saying that Janata Party have pleaded for the release of smugglers You, Congressmen, should be ashamed of the fact that you fought the elect on with their money Is it a fact or not?-I ask you Congressmen You fought the election with their black money Smugglers are always with you, And even now, they are making a conspiracy to topple the Janata Government along with you You must know the feeling of the Janata Masses have voted the present government to power There is a slogan common among the people, which I hear when I go from place to place in West Bengal, They say khatam ho gay, hai, Indira fund ko wapas karo Not only do they want the CDS to be stopped, but they want the money to be returned to them That is the cry of the masses The Finance Minister should consider it No pious wish and promise will do People want to hear you say that you will not only stop taking CDS money-you were withholding 50 per cent from the ordinary workers -but you must also return the money that has been accumulated and lying with the government That is the cry all over the land In our place they say 'Indira ko khatam kardiya, ab Immara Indira fund wapas karo

I am grateful to the Railway Minister who has made a bold statement To day Mr Fernandes also has made a statement that all the dismissed employees will be taken back, and also all the suspended employees Will be taken back. The same thing should be done with regard to other who are not directly in government service, but are serving in the private sector That point must be looked into I know that it is not within the purview of the Finance Linuster Government as a whole must take a policy decision to the effect that those who were dismissed in a vindictive manner should be taken back

Another point My friends know that some textile mills were taken over by government and then nationalised They are run by the so called National Textile Corporation It is nothing but the looting people They used it as a postical for goondas who worked for them in the election. I can cite hundreds of examples before this House to indicate how the factories run by the NTC are being used to employ the goondas who worked for them purposes of election propaganda An enquiry is necessary in this mat-

ter The ex Commerce Minister said on this very floor that the 14 mills run by the NTC in West Bengal are incurring a loss of between Rs 50 lakhs and Rs 60 lakhs every month. The present Finance Min ster a guld look in o this matter and set up an inquiry so that all this corruption may be brought to light

Now the last point. It has been published in all the newspapers of West Bengal that during the last elections riggings and corrupt practices were organized by no less a person than the Chief Minister, Mr Ray Why should not an enquiry be set up against such a person who has no moral right to continue in office? This point is being raised by people That is why I am raising this issue With these words, I conclude.

SHRI SHAMBHU NATH CHATUR-Sir, on a VEDI (Agra) order I think there is some confusion about the list of names. Because, the names of Members have given for speaking on the President's Address But that discussion has not yet started. श्री बंटेस्बर हेमरम: मैं वहुना चाहता हूं कि उस दलाई से सोग इसने विदास हैं कि काम भी घोज के लिए उन्हें दूर दूर जाना पढ़ता है धीर वे सोग स्वतद्वतापूर्वक कोई भी काम नहीं कर पाते । इसलिए उस इलाई में मदि नारखाने कोले जाए सो मजदूरी से उनका जीवन सफ्स हो मबता है।

दूसरे उन कोगों के पास जमीन बहुत घधिक है किन्तु उस जमीन म सिचाई का बोई साधन नहीं है थीर न जमीन ही उपयुक्त है । धधिकतर जमीन बजर पड़ी हुई है। सरकार की बोर से जमीन की खदाई रे लिए पैसे खर्च किए जाते है विकिन वह पैसा इतना अपूर्ण होता है कि उससे जैवल मेढ बना दी जाती हैं और जमीन ग्रसमतल पड़ी रहती है। जमीन पर नेवस मेड बना देने से खेती नहीं हो सवती है अब तक जमीन को उपजाऊ नहीं बनाया जाता तब तक उसम उपज वैसे हो सकती है ? जो मेव बनाई जाती है यह भी एक-दो वर्ष म समाप्त हो जाती है और फिर असमतल जमीन ज्यों की स्यो पडी रहती है। इसलिए सरकार नी श्रीर से उन यादि-वासियों के लिए ऐसी योजना बनाई जाए कि जो पैसा जमीन ने लिए खर्च विया जाता है वह धादिवासियों भी मिल चाए भीर वे धपने से जमीन को खेती ने लायक बनावे। भभी यह होता है कि उन स्थानी पर देशेदारी को इस काम के लिए जमीन दे दी जाती है भीर जो पैसाइस काम के लिए खर्च विद्या जाता है उसका आधा पैसा देवेदार था जाते हैं भीर मुख पैसे से डेकेदार खेत की मेड़ बनाकर छोड देते हैं। सरकार की भीर से यदि योजना बना नर जमीन के लिए पैसा उन लोगो को दे दिया जाए तो उतन ही पैसे से उनका खेत भी बन जाएगा धौर मेढ भी वन जाएगी।

अभीन की सिचाई बहा हुयों ने डारा हो हो एस तो है । क्यों कि बहा इस तरह भी जमीन नहीं है कि नोई उम बना कर या जाध बना कर उस जमीन ने लिए सिचाई का प्रवध किया जाए । वहा की जमीन उन्हें उपावड है, उभी नोची जमीन है । उस जमीन पर नोचे से उमर पानी नहीं जा एकता है । धम को तो नीचे ही बनाया जा सकता है । धम को तो नीचे ही बनाया जा सकता है । धम बच विष्या जाए तो इससे भी वहा ने लोगों को नाम दिया जा समें अप वहा ने लोगों को नाम दिया जा समें ता है। ने लोगों को नाम दिया जा समता है । धम बच के लागों की नाम दिया जा समता है।

वहा के लोगों को काम करने के लिए दूर दूर की जगहापर जाना पडता है। इस तरह दूर दूर थे' स्थानी पर जाते हए वही बही मजदूरी को रास्ते में अछ ने कारण द्यपना जीवन भी रुमान्त करना पटला है धीर गर्भवती रिक्ष्यों का रास्ते में गर्भवात भी हो जाता है । इस सब का कारण है कि वहा यातायात का बहुत भ्रभाव है। रेलवे लाइन एक भी मही है। रामपुर से दमका होते हुए बैधनाध्याम तक श्रीर कीमी से हसडिया होते हुए अधीडीह तक रेल लाइन विछाने ना प्रवेध निया गया था लियन वह काम भभी तक पूरा मही हैमा है । इसका क्या हमा यह नहीं कहा जा सकता । इसलिए अध्यक्ष महोदय से म निवेदन करना चाहता ह कि वहा के आदि-थासियों के विकास के लिए एक ऐसी योजना बनाई जाए जिससे उनकी रोजी-रोटी नी व्यवस्था हो सके । बहा कारयाने खाले जाए, रेसचे की लाइन विछाई जाए, सहने बना कर वहा के लोगों के लिए मातायात के साधन जुटाए जाए । इसी तरह से उन सोमों को बुख राहत मिल सनती है।

इस चनाव ने यह साबित कर दिया है कि एमजेंसी के बारे में जो धोषणाएं होती भी कि एमजेंसी अनुशासन, कठिन परिध्रम, श्रविक उत्पादन, एकता श्रीर सवंडता के लियं है, सोकतन्त्र की रक्षा के लिये है, यह सब गनत साबित हमा । साबित यह हथा है कि थे लोग जो एमजैंमी देग में चला रहे ने वह लूट, झूठ घीर छूट के लिये थी घीर पत्रीपतियों नेय इजारेदारों में भवंतर कट के लिए थी । जितना वडा शुरु इस एमजेंसी में फैनाया गया, शायद धगर मान हिटलर जिन्दा होता तो वह भी ईप्या करता भारत के शुद्र वर जो कि एमजेंसी काल में राव-दिन, नुबह शाम फैलाया गया ।

पहा गया कि लोकनायक जनप्रकास भारायण फासिस्ट है, प्रतिशियावादी है। में मानी तरफ से नहीं कहना चाहना, एक किताव "बी नेहरूव" लिपी हुई है जिसे स्वर्गीय श्रीमती कृष्णा हटीसिंह ने विचा है । उन्होंने उसमे लिखा है कि हमारे भाई साहब बड़ें समाजवादी हैं, वह देशमनत हैं और बढ़े भारी प्रयतिशील हैं लेकिन साथ ही उस किताब मैं यह भी तिखा है कि मेरा भी विचार है धौर हिन्दुस्तान के धाम लोगो ना भी विचार है कि नेरे भाई नेहरू जी से ज्यादा अधिक समाज बादी, प्रधिक प्रगतिगील जयप्रकाश नारायण ं हैं। भृतपूर्व प्रधान मन्नी जी भी बुधाओं। ने जो बुळ लिया था, प्रधान मंत्री ने उसको ज्ञान को कोणिश की । यही नहीं, बड़े पैमाने पर नूट हुई, करोड़ों की लूट हुई, हर शहर थीर बाजार में लीग लुटे, मय दिखलाकर, योनंकित करके लोगों को लुटा गया । मीना र्धार याग्टना भय दिखलाकर लोगों की नृटा गया । हर जगह हा-हाकार मना हमाया। इस तरह को लूट हमारे देश म चल की भी भीर जेलों में लायों सोग बन्द किए गर्ने । बाहर साठियां जिस तरह मे बरमाते रहे उमी तरह सैकड़ों की संख्या में जेना के पन्दर भी माहियां, गोलियां पत्तती न्हीं। यह भी पता लगता है कि लुट की मुमजेंसी थी, लोकतंत्र की एम बेंसी नहीं थी।

में समझता हूं कि 30 वर्षों के स्वराज्य है बाल में इननी बड़ी-बड़ी छुटें, इतनी बड़ी बड़ी रियायतें हिन्दानान के पंजीपतियां की नहीं दी गई भी जितनी कि इस एमजेंसी के काल में इन सोगों को दी गई। कहा यह नाता है कि हिन्दुस्तान में समाजवाद चल रहा पा धीर समाजवाद चल रहा है। इस धुनाव ने यह निद्ध कर दिया है कि-

बुडा यंश कवीर का, उपजा पुत कमाल। इस एमजें ते ने यह भी सावित र दिया है कि ईमानदारी को गृहारी, तानाभाठी को लोकणाठी, घीर धांतक की मनुशासन कहा गया । इसी प्रकार इडिया की दन्दिस धौर इन्द्रिश को इन्डिया बहुने का जमाना हमेशा के लिये धव लद गया।

हयारे राष्ट्रपति जी ने धानने प्रशिमापण में बतनाया है कि यह एमजेंसी व्यक्ति की सत्ता भी वृद्धि के लिये थी, इसमें गैर-गंबैधानिक प्रधिनार का केन्द्र बन रहा था। हिम राष्ट्र<sup>4</sup> पति जी को घन्यबाद देते हैं कि उन्होंने सच्चाई धौर सत्य का उदघाटन प्रपन श्रीभाषण में किया है। दनिया और देश की जनता के सामने तथ्यों को सही सही दन से एखा है।

जहां भीता कानन के बारे में भी उल्लेख है, ची उसे भी रह किया जायेगा । मीसा कानून वाला कानून है, यह निरंपराध और निष्य तक लोगों को जेलों में ठमने का कानून है। यह उसी वरह का कानून है जैमा रौलेट कानून या। श्रीमती विजय लक्ष्मी पंडित ने भपने भापन मे पटना में कहा था कि जिस सर्द. रोलेट एक्ट में न बकील की, न दलील की भीर

न प्रपील की गुजाइम भी उसी तरह का मीसा कानून भूतपूर्व प्रधान मन्नी ने कानून के रूप में बनाया। इस कानून के धन्तर्गत जो बधेर हुष्पा है, उस के हुबार नहीं, पचासी हुबार उदाहरण दियें जा सकते हैं। लेकिन में केवल एक उदा रूण बगा।

विहार में एक साध महाराज मीसा में पकड कर जैल में लाये गये। विद्यार्थियो नौजवानो, सर्वादय के कार्यकर्ताओं और विरोधी दलों के नेतायों घोर कार्यकर्ताधों ने उन से पछा कि हम सोगो पर तो श्रीमती इन्दिरा गाधी भी विशेष शुपा है, इस लिए हम जैल में हैं, लेकिन आप ने क्या क्सूर किया, जो आप जेल मे पहच गए । साधु महाराज ने जवाब दिया कि मैं नहीं जानता है कि मेरा क्या रुसूर है, भेरा नियम है कि मैं रोज गडक म स्नान करने जाता हु, वहां जात और लीटते हए मैं भगवान का नाम जपात है, बाज स्वह भी मे जब नारायण, जय नारायण "कहना हुआ जा रहा था, बंधल में ए । दरीगाजी खडे थे; उन्हाने यह पह कर मुने निएक्तार कर लिया कि यह व्यक्ति जयप्रकाश नारायण की जय बोल एका था।

दुनिया के इतिहास में दतना बड़ा सपेर धोर सन्याम बहा हुमा होना, जो हिन्दुस्तान में हुमा है ? इसलिये राज्यति जो ने ठीक हो धनने प्रिमाणिया में बहा हि मीसा कानून को समाय कर दिया जायेगा।

जिन्देन बाफ परिन नेता, भार प्रांत-जेन्द्रनेता भेटर एकट ने वायास में पोने के नाद लगता है कि धून दिल दुग्तिम में गुट्ट गये थे। हम सोमने ने कि पास्त्री में लगाई तनहे दूर भीर स्वयास के नाद भी नित्र दिलुत्तान का सम्मा हम देवते में, कम यह वही हिलुत्तान है, या काई दूतरा हिलुत्तान है, या काई दूतरा हिलुत्तान है। ऐमा प्रमेर करने नाना मानुन भीर मांजमारियों को भागेन मांजमारिया है सीस करने नाना कानुन ! निसी भी तेया, बसान, प्रारण या दुस्तक-पुनिता के माधार पर जिस को चाहे गिरफ्तार कर के जेल में बन्द कर दिया! राष्ट्रपति जी ने कहा है कि इस कानन को भी रह किया जायेगा।

धीमती इन्दिरा गाधी ने फिरोड गाधी एक्ट को भी समाप्त कर दिया था। मधेर हैं। ऐसा निर्दोष धीर ऐसा निष्पाप कातृत। इंदिया के इस लोकार्तिक देश में पारिवामिट में सदस्य धीर मजी जो भाषण करने हैं उन के प्रकाशन घीर मजी जो भाषण करने हैं उन के प्रकाशन घीर मजारण की पूरी स्वतव्रता होती है। इस धावय का कानृत यहा भी वना था। मयर कायेत सरकार ने उस को भी रह कर दिया था। जैसा कि राष्ट्रपति जो ने वहां है यह कानृत भी किर वापस साथा जमेंगा है

राष्ट्रपति जी ने कहा है कि सीर भी कई कानून बनाये जायेंगे भीर कई काम किये जायेंगे। इस के लिए हम लोग राष्ट्रपति जी के सुकनुजार हैं।

भभी तक प्रतिपक्ष के नेता की सुनने का बवलर हम पा व नहीं हबा है। प्राशा है कि धार्य चल कर उन के विचार जानने का मनसर हमे मिलेगा। उस दिन भाषण देते हुए भतपूर्व वित्त मती, श्री सूत्र उप्यम ने एमजन्सी के बारे में एक शब्द भी नहीं कहा । घगर वह यह बहते कि इमर्जेन्सी का वाहना हमारी प्रधान मती श्रीमती इस्टिस गाधी ने किया, तो मैं यह बात मान लेशा । लेकिन प्रशा बद्ध है कि कब किया। 3 ब बे भीर की साम्मेरी का बनाव-परिणाम देश घोर दुनिया का मानुस हमा धौर 5 बजे भोर को रेडिया ने उहा कि चनाव में श्रीमती इन्दिस गाधी की पराजय हुई भौर एमजेंथी की भी पराजय हुई, एमर्नेती धारम हुई । उन्होंने एमजेंसी का धारमा तब क्या जब एमजेसी ने उन का भीर कावेस राज का भी वाल्या कर दिया। तम उन्हाने एय बैंधी का था ना किया। इन का कोई श्रेय उन की नहीं दिया जा सरवा है। मगर जब हमारे भनाई बिल मंत्री बोल रहे य तो उन बार्ता का

मैं सब से पहले यम के उत्पादन के बारे में भाप से दो घटद बहना चाहता है। मेरे पास यह पाचवी योजना की पस्तिका है जो ग्रन्तिम रूप से प्रकासित हुई है और साथ साथ मेरे पास पानवीं योजना ना मसविदा भी है जो माज से नई वर्ष पहुने प्रनाशित हुआ। या । मैं इन दोना पुस्तका की उद्ध नहीं कहवा, मरा समय चला जायना । मैं सक्षेप में ही दोलगा । इन दोनो दितायो मं पहा गया है प्रलग प्रलग कि 1973-74 में जो सध्य निर्धारित विया गया था इस पत्रम योजना ना धन उत्पादन ना वह था 12 वरीब 90 लाख टन। यह इस म लिखा हुआ है, प्रतिपक्ष के नेता देख सकत है वि 12 वरोड 90 लाख टन वा निर्धारित सध्य है इस ड्रापट के मुताबिक 73-74 म, बाज 76--77 म नहीं, 73--74 में घीर 75-76 म उत्पादन हुया 11 वरीड 80 साध टन । जब तक यह पाइनल प्लान नहीं थना या तब तक यही दापट प्लान इन का माधार 1975-76 म उत्पादन हथा 11 न रोड 80 साख टन । सध्य या निर्धारित 73-74 में 12 नरोड़ 90 साथ टन, यानी लगभग 13 क्यांड टन मगर 75-76 मं पैदा हुमा 11 वरोड , 0 लाख टन भौर वव ये लाग् युशी से नाच रहे हैं कि हम ने 11 ब दोड़ 80 लाख टन धनाज पैदा कर दिया । भीर इस म लिखा हुमा है कि 78-79 म यानी जा धभी कल स वित्तीय वर्ष शुरू होगा इस के बाद जो विसीय वर्ष झाएगा उस के श्रदर भद के उरपादन का सत्य इस द्वापट के मुताबिक 14 करोड़ टन है। मगर जब फाइनल प्लान

जहा तक कपड़े का सवाल, है, उसकी स्थित भी कुछ इसी प्रकार है। मैं धाकडो मे जाना नहीं चाहुगा । आज दुनिया की मालुम है कि हमारे देश में कपड़े का उत्पादन लगातार घट रहा है। कपड़े की 40-45 मिलें वन्द थी। दुनिया के इतिहास में कभी ऐसा नही हम्रा कि करोड़ो हिन्दुस्तानी जो नगे है उनको ध्रपनी लाज दकने के लिए कपना नसीय न हो भीर कपडे का उत्पादन उत्तरीत्तर घटता चला जाये । इसका मतलब यह है कि प्रति हिन्दस्तानी के पीछे जितना कपडा पहले उपलब्ध या उतना कपटान कल उपलब्ध था और न प्राज उपलब्ध है। यव नयी जनता सरकार धा गई है तो इस स्थिति में सुधार होगा । मगर नामेस सरकार ही रहती तो इस स्थिति में सुधार नहीं हो सकता या ।

दनिया को भालम है कि जमीन के यटवारे का नारा जब इन लोगा ने शक किया तब जमीन बटन क लिये बची नहीं भी और ग्रगर बची भी थी तो बरत यम बची थी। इस न जमीन याटने के लिये सर् 1948 म 1949 मे 1950 में 1951 में, प्रीर 1952 म बड़े बड़े प्रदशन निये थे. सम्मेलन निये से सौर प्रस्ताव पारित निये थे। जमीन उटवाने वे निये हमने सत्याग्रह विधा या **धीर** जेल गये थे। इन्हान जमीन वाटने की बात तब सोबी जबनि जमीन बाटने न नियेनहीयचा। इस तरह स लोगो को जमीन नहीं मिती और न मिली वाली ही थी बचाि नाग्रेस पाट जैसी है. माप्रेम पार्टी या जैसा द मा है, इस के नता जैसे लोग है, उन स जमीन गरीब लोगा म बाटन की भागा नहीं की जा सबती थी। जमीन बाटने व नाम पर लागो की घोषा दिया नया था।

भ्राप की घटी वज गई है, इसलिये में भीर प्रधिक समय नहीं लेना वाहता सेकिन इतना कहना चाहता है कि इन लोगा से समाजवाद नहीं लाया जा सकता था। हमारे दल ने जो घोषणायव प्रकाणित किया है उसम हम ने कहा है कि हम गाधीशद पर चलेगें. महातमा गाधी जी हमारे प्ररणाश्रीत है भौर हम लोकतन्त्र भौर समाजवाद का निर्माण करेग भीर माग माने वाले दिना म यह साबित करेगे कि जहा इनका समाजवाद नकली था, वहा हमारा समाजवाद ग्रसली समाजवाद होगा यह सावित करेंगे कि जहा इन का समाज बाद रेडियो बाला, श्राकाशवाणी बाना था. बासमानो था. वहा हमारा समाजवाद धरती वाला होगा जमीन वाला होगा ग्रीर जहा इन ना समाजनाद का जी या वहा हमारा समाजवाद वास्तविक होगा। यह हम गाँँ माने वाले दिनी म दिखा देगें।

SHRI K. S. HEGDE (Bangalore South) Mr. Speaker, Snr. I have great pleasure in seconding the motion moved so admirably by my esteemed friend, Shri Karpoori Thakur The last election was unlike the earlier elections. It was a second freedom struggle. It was a struggle to establish the freedom lost during the twenty months prior to the elections.

Sir everyone of us knows that everyone of our freedom was taken away by the then government and the then ruling party. On the 25th June, 1975 without any reason whatsoever an emergency was declared by the then government.

Vice-Pre ident [Shri K. S. Hegde]

Mr. Speaker, Sir we have now been told that the emergency when it was dec ared had not been approved by the Council of Ministers as required by the Constitution An emergercy can be declared only when there is a threat to the security of the country either by external aggression or internal disturbance It is for all of us to consider whether there was any threat to the security of the country on the 25th June 1975 If there was any threat that threat was to the office of an individual There was absolutely no threat to the security of the country Small questions law and order are now being considered as threat to the recurity of the country On 25th June-you remember Mr Speaker-what had happened was that the Supreme Court of India refused to grant an uncondition al stay to the then Prime Minister in her election uppeal. There was a demand that she should step down at least for the time being till case was decided by the Supreme Court it was at that point of time that Mrs Gandhi and Mr Sidhartha Shanker Rey-who was not a member of the Central Cabinet thenthe Chief Minister of West went at midnight to the Pres dent and asked the President to declare emergency It was a strange phenamenon You know Mr Speakeras you have been a member of the Central cabinet- that no important decision can be taken by the Prime Minister alone. But more than that no outsider could take part in taking a decision which ought to be taken by the Council of Ministers Such an important decision as to declare an internal emergency was taken the Prime Minister in consultation with an authority which has nothing to do with the discharge of constitutional responsibility. The Minister of West Bengal was not member of the Council of Ministers It was he who appeares to have advised the Prime Minister to declare emergency to save herself. Now this declaration of emergency appear to have been placed before the Council of Ministers on the next morning It is very strange that very eninent members who are members of Council of Ministers nodded heads in approval I did not expect an experienced administrator Mr Chavan to support such a move (Interrupt ons) The Council of Ministers did not raise even a little firser when the freedom of the country was destroped by one stroke What after the did they do? Immediately declaration of internal emergeny an order was passed by the President under Article 350 of the Constitution saying that no one shall move court for any relief either under Article 14 or under Article 21 the rights under Article 19 had ready stood suspended in view of the external emergency declared in 1971 The external emergency declared in 1971 when Pakistan declared war on this country and the Pakistan was over in the course of a few days. One expected that that doclaration of emergency will be revoked very soon Repeated demands were made by the Opposit on to revoke emergency but Mrs. Gandhi and her Government were not willing to re-Repeatedly toke the emergency they went on saying material before us which we are not prepared to disclose to any body to show that there was threat of exter-This was an nal aggression. tire'y incorrect statement, and don't think that there was any matenal before the Government to show that there was threat of external as gression But they wanted this power to curb the liberty of the people so that once the declaration of emergency was made under Article 352 under automatically all the rights Article 19 stood suspended what they wanted They never wanted the people to enjoy the seven freedoms embodied under Article 19 of being the Constitution Now not satisfied with that they did much more. A Notification was sought for from the President suspending rights under Articles 14 and 21 Mr Speaker you remember what Article 21 is. Article 21 protects our life

and liberty It is the most important Article in the Constitution It tects our life it protects our liberty Now one such a declaration was made we lost all right to life and liberty The effect was summarised the Attorney General in Supreme Court He said Once a right under Article 21 was suspended one can be shot down nd killed, one can be starved and kıl ed nobody can question ' This is what the Attorney-General said on behalf of the Government of India That is what has happened Thousands of people were arrested detained Today's paper reports that even the Home Ministry does not know how many people were and detained A strange arrested phenomenon Then the Home Minister who probably enjoyed very little power in the Home Ministry at that time because the junior Minister was ruling went on saying "Oh a small percentage of people we have detained Nobody knows how many detained people were Thousands of people were detained. According to our information over a lakh and fifty thousand people were detained during the course of emergency Not a single finger was raised in protest Members of Parliament were arrested and detained Why? Merely because thev would not agree with the ruling Party or with the Minister That is the only crime that the Members have committed What crime Mr Chandrasekhar committed A member of the Congress Party a Working Committee member crime Mr Ram Dhan committed. He was the elected Secretary of the Congress Party? why was he detained? Did he do anything at all? Why was Dharia detained No explanation was coming forth They were detained mere ly because they did not agree with the policies of Mrs Gandhi Whoever did not agree with Mrs Gandhi was dubbed as a traitor Whoever helped her or said yes' for everything she said was considered as the greatest patriot in this country

is the most strange phenomenon that every single Minister of our Cabinet bowed down his head. I think history will record that the attitude of those Ministers had been a shameful one

In no other country were Ministers so submissive to the Prime Minister as in this country during the Emergency Obviously they were afraid that they would themselves be arrested and put in detention. I know one Member of Parliament He appears to have told a friend of mine when asked how do you happen to support such a legislation? the only alternative before him was either to vote in favour of the legis lation or to go to jail and he prefer red to vote with the government This is what has happened

MOTION OF THANKS ON THE AD-RESS BY THE VICE PRESIDENT ACTING AS PRESIDENT-Contd. SHRIK S HEGDE Mr Chaurman.

prior to the lunch break I had referred to the manner in which the Council of Ministers were functioning dur ing the Emergency I had mentioned the fact that instead of functions as independent and competent representatives of the people they functioned as yes men of Mrs Gandhi Even a major decision like the declaration of Emergency was made without even consulting them. That is not all. Many more things have been done Many atrocities were committed and yet the Council of Ministers closed their eyes plugged their ears and shut their mouths. They did not take any action whatsoever to protect the interests of the people of this country

he judiciary and force it to obey the rders of the Government They pro ounded the theory of committed udges. Have you ever heard that in democratic country the judges of it e country should be committed to the pulosophy of the Government? They are undoubtedly committed to the philosophy of the Constitution. They are bound by the philosophy of the Constitution and not by the philosophy of the Government of the day The late Mr Kumaramangalam while propounding the theory on the floor of the House said We want judges who are forward looking and who will accept our point of view is the theory propounded by Mr Kumaramangalam and obediently followed by Mr Gokhale What did they do' Every judge who decided any important case against the got ernment was transferred In State of Karnataka, 2 very impartial and eminent judges against whom no complaints had ever been made, were transferred What had they dore? They intertaind the writ petition of hir Advant and others Thry came to the conclusion that they could entertain the petition Those 2 judges were transferred to UP and Assam The second gentleman who was transferred had married late (Interruptons) For Mr Lakkappa's beneft I will tell him what the provision of the Constitution is. When the provision was enacted in the Log Sabha Mr A. K. Sen gave a solenn assur ance on the floor of this House that no judge would be transferred without his consent. Let us find this out from the records. Mr Lakkappa may not know it Mr Lakkappa cave that there is a provision in the Constitution. There are many provisions in the Constitution. They are to be implemented in a proper manner The judge concerned had two small children he had to go to Assam where Assamese is the regional language I have made a proposal to the Law Minister that all those judges who had been transfer red on political or extraneous con a derations must be given a chance

to go back to their frome States they had been transferred on o her or proper grounds it is matter But if they had been transferred solely on political or extraneous grounds, they must be given a chance to go back, so that the independence of the judiclary may be maintained The independence of the judic ary is sought to be established not for the benefit of the judges. They eannot benefit from this inde-Members of the pendence can increase their own salary or perquisites as we have been repeat edly doing but the judges cannot do Independence was given to them, so that the rights of the people may be protected. It is for that reason that their independence was provid ed for A few judges have succumb ed to the threats of the Governmert. Mr Jethmalani has given notice of an amendment providing for the screening of the judges. I for one with all respect to Mr Jethmalani an totally against it I agree with h m that some of the judges have tried to play politics during the Emergency It is a different matter But once you begin to screen judges for the take of just a few of it em, we will be repeating the same thing which Mrs. Indira Gandhi's govern ment did That will be demoraliz ing the judiciary The independence of the judiciary is extremely impor-

What about the rights of the people! All her tights have been completely taken away. The rights of the people are embodied in Articles 14, 19 and 21. We will leave other Articles to themselves. They are not that important Article 14 provides for equality of opportunity and equality before law Article 19 embodies the 7 well known freedoms and Article 21 provides for protecting life and liberty. These Articles were embodied in the Constitution after a great deal of deliberation. Back in 1928, the Congress party at 18 session in Madras, apparty at 18 session in Madras, apparent and the complete of the constitution of the

pointed a committee under the chair manship of Pandit Motifal Nehru That committee went into the matter and nade several recommendations Thereafter another committee pointed by all parties conference under the chairmanship of Mr Ter Bahadur Sapru went into the matter agan and that committee endorsed the recommendations of the Motifal Nehru Committee Thereafter the Second World War during which the human rights were destroyed all over the world the United Nations appoin ed a Human Rights Commis sion under the chairmanship of Mrs Roosevelt This Commission sat in Paris for a long time and human rights were all lis ed and canbodied in a Charter India was a party to that Charter We were one of the first subs ribers to the charter All the right, mentioned in Part III of the Constitution are taken from the U N Charter Everyone of i em each one of them has been taken from the United Nations Charter Each one of them has be n completely annihilated. We have no guaranteed right of equality before the law it can be completely taken away So allo the seven freedoms under article 19 and also the free doma rder article 21 Our Constitulion, as one author said has been damaged detaced and disfigured And when did they do it that is mot unport at Th y were elected for a term of five years. After the term et fred, they gave anto them elves an other one year, and thereafter yet another one year. And during that period of grace, what did they do? Trey and the people had given a randate to them back in 1971 to mend the Con titution If there was a mandate in 1971, thy did they forget it till 19 67 V h) were they sleeping over it? Ills is a question that has to be answered on the floor of the House It is in 1976 during the period of emergency, that they arrended in Co. stilution Strimate Gundi and plain in snying we are arend in the Constitution so as to consolidate the gains of emergency The mide it a' soute's e car

what is it that they have done? They have enacted article 31C which enpowers all legislatures both Central as well as State Leg slatures to enact any law abrogating all the rugits under articles 14 19 and 31 They can make any law and all that the Legisl ture ha to do is to nake a decla at that it is to impleme t the Direc ve Prin ples

It seems they are giv fond of im plementing the Directiv Principles Let me rum d the leader of the Opposition and the o h r members of the opposition that ore of the Directite Principles was to give free and computatory education to all children between the ages of 6 and 14 by 1960 Did they do it? Did the courts con a in the way? Did the Funda nental Rights come in the way? Another very important Directive Principle was to devolve progressively more and more powers to the local selfgoverning unit But local elf Lovernments have been annihilated over the last ten years to elections ha e been held for the local elf go e nments When Shri Sleikh Abdullali anted to hold elections they most threatened him with satuagral a because they never believed in ele tons at all

In my State the elections to co of cratice so leties late beer made a var ville Nov they have filled up all those posts with the non nees of the Government Not only that, the is all immals have also been filed Is with nomine s of the 40 or rent and they were the most importing election a cals of the north then in PAYOR

B t what is the worst feature of to P use disputes have to be settled y whom? By your henchmen, and they are man ably decided in favour of the Congresoren and her northrees. That is the worst feature Why 'n tym hate irdependent people to ier de the deputes. I hope you will not dispute it when I say that most of them worked for the Congress Candidates during the last elections. There is no doubt about it. The tribunal members were doing election work and then going to the tribunal and deciding cases and then again doir g election work I am sure Shri Pal, will not deny it. I know in his constituency the tribural members did election work.

SHRIT A. PAI (Udipi) I know that some of them worked for you also. Then they

SHRUK, S. HEGDE would not have continued to be members at all. SHRIT A PAI You have to be

impartial when you make statements.

SHRIK, S BEGDE I would say that the who's madanery has been persected, the judicial machinery has been completely percerted Many of them, including my ex-

termed friend, Mr Pal, for whom I have great regard -- we have worked together for a number of years told the electorate, look, all your property rights will be taken away if Janata comes to power They were going on saying withe we want to protect your property right, the Janua Party wants to take away the property right. They were taying it because in our manifesto we have said that the property right will be a statutory right and not a constitutional right, not a fundamental right. The reason is obvious In the guise of taking away the property right, they were thostly concerned with taking away the liberties of the people. What the Janata Party has said that property right will be a statutory and not a fundamental right. I hope the hon

Members realize its legal in plications. Today we have absolutely no property right at all because articlo 31(2) provides that any property can be taken away by Government for public purpose by paying a nominal amount. A property worth Rs. 10 laki s or Rs. 10 crores can be taken away by the Government for public purpose for Rs. 10

SHRE P REJACOPAL KAIDU (Chitter) Within the cling, a market value is to be paid.

SOME HOW MEMBERS No. no SHRIK S HEGDE, The information is not correct at all. Let him not dare dispute what I say them first study the law and then dispute it

Under article 31(1) you can take away any property, there is no diffeculty or doubt, but the Janata Party has said let there be no excuso for taking away the other liberties of the people. We do not care for property rights, but we do eare for freedo's of speech, freedom of movement, freedom to practise and profession, freedom to form associations and equality before the law. This is exactly what we have said. All these rights had been taken away during the last twenty months

Now it is our programme to reamend the Constitution to restore it to its original position. We have 2 mandate from the people to restore to them the rights that they have been robbed of by a Parliament which had no power at all, which outlived its existence, which had put people, including Members of

Parliament, in prison which had frightered Members of Parhament It was under duress that the law was massed. It is the mandate of the people now to re-amerd the Constitution and restore the balance In this we seek, co-on-ration of the Opposition I hope they will respect the mandate of the People If they do not they are accountable to the people. If they work against it, we will go back to the poonie and tell them what has been done by them It is up to them now to decide This is a Crucial time in the history of this country. They have done a lot of damage to our Constitut on they have destroyed the rights of the people. We want to give back to the people their rights. I hope the Opposition will have the good sense to see the writing on the wall and support the move of the Government

So far as the economic condition is concerred, our aim to not merely to profess to do something but to really do something Back in 1971 the Congress Party under the leadership of Mrs Indira Gandhi, said that they would wife out poverty in this country The people voted for the slogan of gambs hatao They did not vote for the Congress Party Let us see what tras happened during the last six years how much of noverty has been removed and how much mains Mrs Indira Gandhi had the courage to say the other day that she , had implemented all the promises that she had given, but may I know how much of poverty has been removed? The number of neople under the poverty line has substantially increased as everybody knows Prices have gone up enormously between 1971 and 1977 The conditions of the people are miserable I come from a constituency which has no less than 101 slums. Everybody thinks that Bangalore is a very beautiful city, a city of gardens , fought the elections, I was also under the impression that it was a city of educated people and that I should not have any difficulty in getting their confidence

Once I went to that area and found that a large area was full of slums

# (Interruntione)

It is true that I have retired love my retired life I give credit to my friends who drow me back to nolities

### (Interruptions)

Look at the slum conditions in Bangalore. In other places at may be worse People are living there in sub-human conditions Even cattle cannot live in such places. The poor people, the weaker sections of the socusty are terribly suffering Something has to be immediately done to alleviate the suffering they have cone through in this country They believed in the promises of the Congress Party they blindly voted for them

The men who have been living there do not think of tomorrow because they have no education Congress had deliberately kept them illiterate, uneducated. They merely think of the day

During elections, sarces were disterbuted, liquor flowed like water Their workers were going in trucks carrying sarees money and weapons My workers seized four trucks containing these things

#### (Interruptions)

f don't think my constituency was an exception Even in other places, hundreds of cars were running dayir-day-out and spending lakhs of rupees It had been made possible for them to do so because of the amendment to the electoral law Now the party could spend any amount The electoral law had not been reformed at all in spite of the repeated demands, that there should be free and fair elections Laws, instead of being changed to make them good so that we might have proper and just elections, were amended in such a

SHRI K. S HEGDE Hold an inquiry I am not against any incury If there are charges against me or Me Lakkappa let an inquiry be held em prepared to face it I am not saying that inquiries should be held only against one person or the ouner What I am saying is that

SHRI K. LAKKAPPA Such people are in the Janta Party

SHRI K, S HEGDE Most of those people who have been held to be corrupt or are known , Le corrupt have been sent back to the Congress Party they are not in the Janta Party at al, and they will have no place in the Janta Party

It is necessary that the present (.cvernment should soon enact a Law to control political corruption, to see that there is no not cart corruption. I know, corruption is not only at the political level, but it is there at other evels also But it is not po quit to tackle all of them is the same time What is most important is to tackle the political corruption because that is the fountain source of all corruption We are told that Emergency was proclaimed to put down smuggling Mr K R Gaie h 178 the first to start proteedings against smugglers and Mr Ganesh soon lost his Finance portfolio At any rate, we know, one smuggler made a press

statement in Delhi that for the UP elections he gave Rs 4 erores to the Congress Part / It is well known that it is the Congre a Party which sponsored the smugglers they ercouraged den they su tained them It was only when the pub c opinion went against them that they tried to go against the smugglers We would them also to join us in enacting a law to put down smuggi ne effective But t a uld not be by preventive detention because he may be a anugg er or may not be a smuggler Who knows? Who judges that? Somebody roust independently go into the ma ci and de ide Then only will there be value for human liberty What the Congress Government was doing was, whichever smuggler was with them he was not detained and whichever smuggler refused to be with them was detained It is also well known that many smugglers were leading a luxumous life in the jail they were given radios, they were allowed to remain in hospitals they could enjoy life in full

That an Address be presented to the Nuc President acting as President in the following terms—

That the Members of Lok Subha as ambled in this Section are deeply grateful to the Vice President acting as President for the Address which he has been pleased to deliver to both Houses of Parliament assembled together on the 28th March 1977

I may remited hon Members that some amendments to the Motion have been circulated if the hon Members dearre to move their amendments, they may send slips to the Table within 15 influites indicating the serial numbers of the amendments to be moved

SHRI YASHWANTRAO CHAVAN (Satara) Mr Speaker, Eur. I am rising to praticipate in this debate for a brief time to explain our views on the Presidents address, which is under discussion Before I start liscussing the document itself, I would like to give my best wither and congratulations to the party in power particularly the Prime Minister, who happens to be an old Congressman and also a very elderly state-men of India. We are happy to see him there. When I said, I wish well to the ruling party-because they claim to be a party-I have my own doubts about this proposition, but I would come to that point a little later But certainly I think I must give them my best wishes They claim to be a party I wish they were a party, but as they are claiming it, it is better to wish them well.

Now coming to the document itself, it is a very brief document and looks a light weight document, not in the physical sense but looking to the contests of the document. Certainly I do understand the argument that here was a very little time for the Government to prepare a well-rea somed document in three, days time

but even then there are many expersenced people in political life and admin stratise life zitting on the Treasury Benches and we expected a little better document, a little weighty document with a little more content This ob ervation, I most make as a representative of my party. They have core to take over the admiris ration with triumphal beating of druns and I think, it was recessary for the country to know exactly what they want to do while in power in different fields. There are of course, certain indications of a few things, about which I will certainly say very briely what we think about these

Sir. many members discussed the signifiance of the election results and the pat ern of the elections Well, we have conceded that we have lost the election and the mandate has gone agains, the emergency As the Mandate has gone against the emerseacy, we have withdrawn the emer sency and I think, our country has said good-bye to the emergency for good But at the same time I think the significance of the election was that it rejected the emergency, but it did not accept the Janta party This is a matter of interpretation. The Janta Party, I am told has yet to come into existence on the Ist of May a very revolutionary day to take birth and I am sure, the members of the CPM would take a great Dride in that and sing songs about it. L of course do not know about the feelings of the Swatantra party

Thus vote according to me. Is repection of the rigiums of emergency
and the emergency itself. We as
that it was accepted it as we
shall We have also accepted the les
son that delegation of powers when
alequate checks and controls, either
of the executive or to the burser. This
is up to be musused and abuser that
is a lesson that one needs to keep in
mind and I think, that one had to be

SHRI YASHWANTRAO CHAVAN
I do not mind interruptions It is all
part of the parliamentary life I am
quite used to it and we should be prepared for it.

I was saying that I have my own doubts about accepting Janata Parly, as one party Though there is a wishful thinking going on both inside the House and outside the House that a two-party system is emerging. If it emerges I will be very happy about it-but, as I know the Members can tell that for the last 3-4 days when the regular business of the House started, since then I have attended the House for a major part of the day, and I tried to discern and absorb the speeches made on the other side because I was trying to understand what the Janata Party has got for the people I know the Members and I know who is a Socialist, who is a Marxist, who is a Swatantra and who is a Jan Sanghi and who is a Cong (O) man We know them We know their respected leaders and their views and their presentation and we anticipated what they would try to do But I was trying to know what this strange animal Janata Party is like

SHRI SHEO NARAIN (Bastı) It will take time

SHRI YASHWANTRAO CHAVAN I really wanted to know what exactly they are trying to forget about their past because, ultimately

AN HON MEMBER. There will be no DIR.

SHRI YASHWANTRAO CHAVAN When I am trying to give your description, please don't get angry about it Certainly you have exagerated many things You have showered abuses on my Party and the prevous Government Naturally you should be prepared to listen something from this side as well As a ruling Party I would advise that you should learn to abuse home of this type of things because you have to stay there is it not? If you want to stay there then better leave it there and accept such things.

I was trying to say that we know their respected Jeaders We Lnow them all Now, what exactly the Jamah B. Norm prof. What exactly as Janaha Parry S. H. Kannar D. Janaha Parry D.

AN HON MEMBER Now he has learnt a lot. Why should you feel sorry for that?

SHRI YASHWANTRAO CHAVAN I am not sorry, because he has not forgotten that he is a Jans Sangh man. Not only that, he has now found that Janata Party was a good yole-catching device

SHRI MADHU LIMAYE (Banka) He was, but he is Janata now

SHRI YASHWANTRAO CHAYAN
This is the line of argument, I wish
it were true I was saying that this
Bratly is nothing more than a votocatching device I can say that in
politics there is nothing wrong in
adopting vote catching devices. Let
me make, it very clear It is a cry
legitimate thing to do. But then say
that it is so

Hon Member Shri Karpoor, Thakur this morning gave statistics as to what percentage of votes his Party got and (Shr: Yashwantrao Chavan)

wha the Congress got I would certan ly like to tell him that his type of percentage co lection of different types of parties to ether without any common approach excepting the op post on to the Congress and explor tation of unfortunate stuation of the emergency wi'l not help them The en ergency was an unfortunate situ ation They have expressed their views and I have expressed my views about emergency and I would like to tell my countrymen and my Party members that emergency s not a part of the tradition or ideology of the Congress Congress las stood to democrac, for individual liberty and individual freedom. At the same time congress has stood for social just ce economic equality and socialism

SHRI MADHU LIMAYE I take it it was an eberration of yours

SHRI YASHWANTRAO CHAVAN If you call it aberration, well, I will not take objection

SHRI MADHU LIMAYE Thank YOU.

SHRI YASHWANTRAO CHAVAN But this is not part of our congress tradition this is not part of our con gress ideology It arose because of certain unusual events which prevailed before the introduction of emergency some of the parties have made their contribution to it also Let me ask you to take note of that also We drifted into that situation of emervency It is good that it is over We have said good bye to it and goodbye for good, good bye to it for ever So I would like to make this point perfectly clear As I said, we have learnt a le son. You also have learnt a lesson don't take people for granted comforting oneself and thro ving election results at our faces in the manner in which it is being done is taking people too much for granted

SHRI JYOTIRMOY BOSU (Diamond Hurbour, It is a dying declaration

on Address b. acting as Pres de t

SHRI YASHWANTRAO CHAVAN That is the only thing you about I never disturb d you The point which I am making a this hat our party has go, its committen' 10 deology its programme, it lus got its coordinated policies, en they ha e basis of which ths country funct or ed in These effo is the last thirty years have nade a major contribution in making ut at modern India is today These facts cannot be denied surply by tera ing congress. You can all avs ruse a gumen , about emer, enty Yesterlay the Finance Minister was refusing to accept certain realities. We don't say that we have done everything good But we have dore certain things to improve the economy of the country Look at the foreign exchange position We have proved that we have got the capacity to stop the trend of inflation which the world bodes have accepted

THE PRIME MINISTER (SHRI MORARJI DESAI) The World Bank has wrongly accepted the manipulat ed claim of buoyancy of the economy which was bogus

SUBRAMANIAM (Bombay North East) Government statistics are what they are We have expressed our doubts about the flor ernment statistics.

SHRI YASHWANTRAO CHAVAN You will be regresenting India in many international conferences ples se don't do injustice to India in order to spite the Congress Only because you do not like us don't say world bank was bogus

SHRI MORARJI DESAL I bave not said that the World Bank is bogus, I have never said that

SHRI YASHWANTRAO CHAVAN The World Bank has produced der tan documents which you consider bogus That means, World Bank bogus. What else does it mean?

the nation. Our foreign policy is not a Party policy, it is a national policy and I hope we continue with that without any break I am sure a responsible person like Shra Atali Bihari. Vajpayee is in charge of the policy and because he was a member of this House and he was in politics for a longer time, I am sure he will provide that leadership and see that the foreign policy of India succeeds and makes India a stronger loads in the world.

I would certainly like to say one word about the e-onomic aspert hecause vesterday I found the Finance Minister and many other Members were trying to say that India has lost economically this way or that way This is not going to help India as a nation and I would therefore request you to forget the Congress as now you have defeated at Why the Congress is constantly on your mind Forget about it and think about yourself first I am giving this word of advice on the basis of experience See to your responsibility because India's problems are complex problems. difficult problems Merely abusing the Congress is not going to help you Therefore, concentrate on what you can do Merely under-estimating Congress or under-estimating the policy of the Congress is not road. You have to take India from where it is to the forward positions If you are to do that, you must see the strength of India, you must see the weakness of India You cannot say that all is vague, everything is lost, Then you don't know index Certainly there are many basic stands in the foreign policy area, in the eco-nomic policy area, in the educational policy area, Regarding Science and technology, for example we have certainly got many assets to our credit. Are you going to underest mate them? Are you going to errate an image of India as if it is nothing Please therefore furnet us for the time being and think about at least In the if at all you want to rule this country

I will express some Views on one naragraph that the Government have included in the Address. That was about the Constitution-making where they have advocated the theory of halance. This is the very old theory of balance, balance between meonle and Parliament and Judiciary and individuals and people—all sorts of balance of power theory I will certainly like to make my Porty's nosetion very clear on some of the aspects Though we have accepted the results of the elections in a certain way which I have explained already, we have not accented the election results as a rejection of the Forty second Constitutional Amendment Bill 1 would like to make that clear We basically stand for the paramounter of Parliament If you want to underestima'e it you do that But we stand by that principle of Parliament's paramountcy But at the same time I would like to say that if there are any other aspects and if you come with any specific formulations. we will certainly consider them.

हम प्रापके सामने सदन में श्राए। श्रव सदन का ग्रमला जो ग्रधिवेशन होगा, उससे पहले हम एक हो कर आपके सामन आएगें। इस वात की हमारे महामत्री ने घोषणा की है। ग्रगले सदन की बैठव होने तक हम विधिवत एक हो जाएग। ग्रापके कारण ही प्रजातन का स्वस्थ विकास नहीं हो सका। इसके दोषी ग्राप ही है। निस तरह सं ग्राप लोगा ने पाछे हम लोगों के खिलाफ धारोप लगाए लेकिन उन सब सारोपो के बावजद माज हम एक है। ग्रापने जो ग्रारोप संगाए, उनका उत्तर मैं नहीं दुगा, उनका उत्तर जनता ने ग्रापको देदिया है।

हमारे प्रधान भिन्नी जी जी कि बाज देश का नेतृत्व कर रहे हैं वे इस देश के ग्रन्दर एमर्जेन्सी के दौरान जो कुछ भी हथा और वहत सारी शिकायतें सामने आई जिनकी चर्चा इस सदन म भी हुई, उन सब को देखेंगे । ग्रभी कल रेलवे मती जी ने घोषणा को कि जो कमचारी हडताक्ष के धन्दर हटायें गए ये उन्हें वापस लिया जाएगा । वेक्नि इनके धनावा बहत से ऐसे वर्मचारी हैं जो वि एमर्जेंसी के दौरान गवन मट के विभिन्न डिपार्ट मेंट्स से कम्पलसरेली रिटायर कर दियें गए । उनमं से वहत ऐसे वें जिनकी सेवाए पूरी नहीं हुई थी। किसी का दस बच का सेवा काल रह गया था किसी मा पद्रह वर्ष का सेवा वाल रह गया था। इन कर्मचारिया नो एमर्जेसी के दौरान एन्टी गवनमट लीनिंग का चाच लगा नर सेवामो स हटा दिया गया । ऐस हजारा कर्मचारी हैं जिनको सवाम्रो से मक्त विया गया । प्रध्यक्ष महादय, मैं घापके माध्यम से धन करना चाहता हूं कि इन वमचारिया भामला पर भी सरकार विचार करे। जिन नमचारिया को कम्पलसरेली रिटायर निमा गया है उन को विना शर्त काम पर वापस लिया जाना चाहिए ।

इस एमजेंसी के दौरान एक ग्रीर भी वर्ग बहुत प्रभावित हमा। वह वर्ष है किसान का।

इसके कारण हमारे देश के धन्दर जितना कृषि का उत्पादन होना चाहिए था उतना नहीं हम्रा। मेरी ऐसी मान्यता है कि अगर यह वर्ग प्रभावित न हुन्ना हो त तो हमारा कृषि का उत्पादन बहुत प्रधिक हुमा होता । मैं इस श्रभिभाषण स किसानी के लिए कोई बात नहीं देखता ह । घष्यक्ष महोदय, में ग्रापके माध्यम से प्रार्थना करता ह कि माने वाले वजट सें इस वर्ग की समस्यात्री का परा ध्यान रख कर किसानो के लिए नुष्ठ व्यवस्था की जाए। यह नहा जा सरता है कि चुकि कृपि विभिन्न राज्य सरकारा वा विषय है इसलिए इसे हम डायरेक्टली डील नहीं कर सकत । मैं मापके ध्यान म यह लाना चाहता ह कि धाज किसान बिजली के ननेवशन महाने के लिए दैयार है क्योकि उनको प्रोफिट नही हो रहा है। एमजेंसी के दौरान बिजली न रेट 13 पैसे से बढ़ा कर 30 पैसे कर दियें गयें। उन पर 17 पैसे का भार डाना गया । यह सब एमजेंसी के बौरान हुमा भीर इस बारे में किसान प्रष्ठ नहीं बोल सक। हम कृषि को श्राथमिकता देनी है भीर कृषि ना उत्पादन बढाना है। इसके लिए हम विसानो की समस्यात्रा पर ध्यान दना होया । एमजेंसी के दौरान किसानो पर जितना भार डाला गया है उसके बारे मे हम सोचें कि किस प्रकार से इम विभिन्न प्रातीय सरकारी से विसाना को रिलीफ दिना सकत है। विस प्रकार से विसान की उसकी उपज ना पूरा भाग मिल सके यह मापको देखना चाहिये । एपिनलचन्त प्राइत कमिशन भीमतो के बारे म कुछ सिमारिशें हर साव करता है । पिछले साना स किसानो की 105 रूपये का रेट गेंह का मिता है भीर 136 इपये में सरवार ने उनको येचा है। इस म सरनार को गुछ फायदा नहीं होता है। विशेष तौर से एमजेंसी म खाद के दाम केन्द्रीय सरनार न बुछ घटा दिए थे। वेकिन नेवन उसस काम नहीं चल सकता है। आपर। विसान नो रिलीफ देना पडेगा। ग्रग्र ग्रापने ऐसा क्या तो जो सध्य प्रगते वर्षों के प्रन्दर कृषि

के उत्पादन के माप प्राप्त करना चाहरी है वे

लक्ष्य प्राप्त हो सकते हैं। नया बजट बनने वाला है। उस में यह एक जो मुख्य समस्या है इसकी और आपको झ्यान देना चाहिये ग्रीर इसका कोई निदान दूदना चाहियें।

वैरोजगारी के बारे में ग्रव मैं कुछ वहना चाहता हू । इस धन्यवाद प्रस्ताव के प्रस्तावक महोदय ने इस समस्या पर काफी प्रकाश डाला है। पिछली कांग्रेस सरकार ने एक नया तरीका निकाला था। उसन पिछने कुछ वर्षों स बेरोजगारा के आकडे देना बन्द नर दिया या । शायद यह अपनी कमजोरी को छिपाने के लिए उसने किया था। मैं नाहता ह कि जो बस्तु स्थिति है उसकी भाप स्पष्ट कर । यह सरकार केवल एम्पलायमेंट एक्सचें-जिज म जो लोग चपने नाम लिखात ये उन्हीं के झानडे देती है। विकित देश म बहत से ऐसे लोग भी है शिक्षित और प्रशिक्षित जो नाम नहीं लिखात । गाबी में बहुत बढ़ी सख्या में वेरोजगार लोग हैं। उनका कोई बाकडा नहीं मिल रहा है। मैं निवेदन करना चाहता ह कि यो वास्तविक चित्र है, वास्तविक स्थिति है बाहे वह पिछली सरवार की कमजोरी के नारण हो या तिसी दूस रे कारण से वह सामने मानी चाहिये। जिस चीच को पिछली नापेस सरकार ने देश से छिपाया है हमारी सरकार की-चाहिये कि वह उसकी प्रकाम म साए। यह पता नगना चाहिये कि हम नो निवना वैक राम मिला है, कितने बैराबमार लोग हैं जिन की हमने खपाना, है जितने वेरोडगारों ने लिए रोजगार नी व्यवस्था करनी है।

माप विद्याने सवात को लें। हमेशा माग की जाती रही है कि शिक्षा प्रणानी मं भाम्लव्ल परिवर्तन हाना चाहिये । नई सरनार से मय निवेदन है गाव के स्तर से यह परिवर्तन हाना चाहिये भीर शिक्षा प्रणाली को जाब भारिएटिड बनाया जाना चाहिये. इस प्रकार की हमारी शिक्षा प्रणाली होना पाहिये जो सैल्फ एम्पलायमंट के सबसर प्रदान करे। हर गाव का खादमी शहर की स्रोर भागता हुन्ना न चला ग्राए । क्लकं हमारी शिक्षा प्रणाली न बनाए। हम धग्रेजो की वराई निया करते थे कि वे क्लकें ही शिक्षा प्रणाली से बनान का काम किया करते थे। हमारे काप्रेस के नेताओं ने अग्रेजों को ही नकल वी ग्रीर जभी शिक्षा प्रणाली को देश में जारी रखा धौर सिवाय क्लकं पैदा करने के घौर कछ नहीं किया। यह शिक्षा प्रणाली जो केयन क्लक गौर चमचे पैदा करती है हम म ग्रापकी श्रामुलचुल परिवर्तन करने चाहियें। इस प्रकार की शिक्षा प्रणाली याप लाग करें ताकि सोगों को स्वय रोजगार क धनसर मिल सकें। यावो मही में भारतर उनको उपलब्ध हा सकें, भीर गावों मं जो वेकारी व्याप्त है वह दूर हो सके भीर हुमारी प्रामीण भयं व्यवस्था मधार सके।

जिस दिन हमारे नेतामी ने पद महण किया था, पद ग्रहण से पूर्व शप्य ली थी उस दिन हम लाग गाधी जो की समाधि पर गए थें घीर वह जा कर हमने उनके सिद्धान्ती पर चलने की शपथ ली थी। गाधी जो विकेदित श्रर्यं व्यवस्था के पक्षपाती थे। में चाहता हू कि विनेन्द्रित धर्य व्यवस्था के आधार पर हम गानो के भन्दर रोजगार उपन्यस कर सकें, इस प्रकार की शिक्षा प्रणाली हमारी होती भाहिए । ग्राप जो योजना को नवा रूप देने जा रहे हैं मैं समझता ह कि उसकी यही घाधार होना चाहिये । नया वजट भी प्राप बनाने बाले हैं। उस मैं मेरी भाप से माग है कि इस श्राधार पर ग्राप शिक्षा नीति को पून निर्धारित नरे वाकि जो कुछ पिछल साला में घौर पिछन दिना में देश में हुआ है यह उस प्रकार से न हो सके।

हैगड़े साहब न पूछ मामलों की जान करवान की माग की है। देश में जो बाता वरण पिछन दिना रहा है जिस प्रकार की व्यवस्था देश में पिछ र दिना म चली है उसकी मापनो देखना पहेगा और उसका जो रिकाइ

है वह भाषको ठीक करना पडेगा। म हैगडे साहब की इस बात ना विशेष तौर पर समर्थन करता ह कि जिन लागो के बिरुद्ध ब्रारोक्पन हैं जैसे हरियाणा के भृतपूर्व मध्य मुद्री थी बसी लाल उनकी जाच की व्यवस्थाको जानी चाहिय। वेवल प्रधान मनी ने कोई चीज तक तथ कर दी ग्रीर कह दिया कि उनके खिलाफ जाच नही होनी चाहिये तो यह उचित नहीं है इसी प्रकार के राजस्थान के मध्य मती क विलाफ भी धारापपल है मौर पहले जो मक्य मनी रह चके हैं जिन का नाम में लेना नही चाहता ह पयोकि सदन की परम्परा ऐसी है, उनहे जिलाफ भी जो घारोपपत हैं. उनकी जान की व्यवस्था होती चाहिये। चार्ट कोई किसी पद पर हो मगर उसके खिलाफ धारीप हैं तो उनकी जाच करवाई जानी चाहिये जो काड देश में चर्चा के विषय है जिन की पिछले दिनों काफी चर्चा चली है जैसे मादति काह उसकी भी जान की विशेष व्यवस्था होनी चाडिय । जो दोषी है. जिन्हाने धर्म पत्री का दूरनयोग किया है उन को जाच होनी चाहिय । चव्हाण साहब जो गृह मती रह चुन हैं कभी उन्होंने कोई कमाशन विठा दिया ग्रवने विपक्षियां के खिलाफ वही काफी नहीं है । चन्याण साहब स्वय धा कहें कि माज गगर कही कोई जिकायत है किसी के खिलाफ तो जान होनी चाहिये। कुछ बातो के बारे म तो जनता ने भपना फैसला देविया है और कुछ नातें और हैं जिन क बारे म हमें फैसला करना होगा। मेरी पार्टी का कोई हो या उनकी पार्टी का, किसी भी पार्टी का सदस्य हो प्रगर उसके खिलाफ शिकायत है तो उसकी जाच होनी चाहिये और देश की तथा इतिहास की हमें नए सिरे से चरना करनी चाहिये। तो इस मामले म हम सब को पहल करनी चाहिये भीर लोकायुक्त तथा लोकपाल का विधेयक गृह मनी जी सदन में ला कर पास करवायें ताकि लोगो द्वारा की जाने वाली शिक्तयती

श्रीमती फ्रहिल्या वी॰ रावनेकर (बम्बई नार्थ सैटल) ' धान्यक्ष महादय, मैंन माननीय थी यमवन्तराव चन्हाण का भाषण बहुत गौर में सना। उन्हाने मार्चसिस्ट कम्यनिस्ट पार्टी के बारे म बहुत नुष्ठ बताया भीर सवाल भी पूछे । उन्होंने सवाल पूछा कि मार्केसिस्ट कम्युनिस्ट पार्टी जनता पार्टी के साथ कैसे जा सकती हैं ? उन्हाने जनता पार्टी क बार म भी मताल प्रष्टा कि यह प्रजीव जानवर कैसा है, भीर क्या वे मार्कसिस्त्रम को भूल गय है ?

मैं नगता संश्री चन्हाण से पूछना भाइती हूं कि प्रापने केंदल म 5 साल तक सी पी माई। क साथ राज्य किया, हो। नया सी॰ पो॰ धाई॰ न घपना मार्चसिस्त्रम छोड दियाचा ? घपने जमाने में आपने चनाव के दौरान ए० ग्राई० ए० डी० एम० के के साब एलावस किया था. क्या उन्होंने द्यपना भार्केसिस्जम होह दिया था? भाषका उनके साथ एलायस चल सकता है। बम्बई में भापने शिव सेना के साथ एसायस किया । एक जगह कांग्रेस ना प्लैट था भौर दूसरे बाजू म शिव सेना का पर्लंट या । दोनो मिलकर बोटों के लिये दौहते थे। भाषको दूसरों से सवाल पूछने की क्या बहरत है ? इन्होन प्रपते चुनाव में बो कुछ किया, उसे जनता जानती है वह जनता के सामने है । मैं जाना चाहनी ह कि शिव सेना कीन से इक्नामिक इम्यू पर आएके साथ माई थी ? हमे यह सब मालूम है । इस चनाव के बाद भी क्या सापनी भाजूम है कि अब बम्बई में बनता पार्टी के लाखी सोगों की मीटिंग हो गई, उसके बाद निव सना इ लोगों ने स्टैबिंग विया है ? 15 लोग माज भी घरपताल में मौजूद हैं। यव जनता पार्टी और इसरो में असायस हुआ हैं तो क्या बात है ? भाप सलायस कर सकते हैं, दूसरे नहीं ? इस पर बापकी खुद विचार करना चाहिय, ऐसी मेरी विगती Ř.

थी यशवन्तराव बन्ताण रहमने एतायत नहीं किया ।

घीमती घहिल्या पी० रागनेकर ' मैं जानना बाहती हूं कि भापने क्या किया I ऐमा हो सकता है कि जिब सेना प्रापनी ही विस्तरत होगी, इनतिये माप बासानी से नहीं मानत हैं, बछड़ा ही साय लेकर चलना बाहते 1 5

प्रापने ऐसा भी नहां है कि जनवा ने यो बाट दिये हैं वह 42वें सविधान सर्वीधन ने धिलाफ नहीं है। लेकिन में भाषने वहना चाहती हूं कि इस पुनाव में हर वयह बनता ने इसके विसाफ बोट दिवा है।

धाप वहते हैं कि हम संसद को सार्वभौम मानते हैं. लेकिन गये एक साल 7 महीने में यह स सद कहा रही और इसकी सार्वभौमिकता कहां रही जब कि एमजेंसी का डिसीजन लेते हुए के बिनेट को भी नहीं पूछा गया ? कहा इसकी

सार्वभौभिकता रही ? इतना ही नहीं, यहा लोक समा की प्रोसीडिस्स को पेपर्स में छापने के जो अधिकार थे, उनको भी छीन लिया गया । यह लोक सभा उस समय रवड स्टैम्प बन गई थी. उसकी कछ भी सार्वभीमिकता नहीं रही थी। इसे जनता जानती थी, इसीलिये जनता ने इसके खिलाफ बोट दिया है। इसे द्यापको सानना चाहिये, धगर घाप यभी मी नहीं मानते हैं तो बापकी जो डिफीट हुई है. उसको भाप सचाई से नहीं मानते हैं. ऐसा समलना चाहिय । भाप ममी तक हैजिटशन कर रहे हैं। धाप मानते हैं कि यह एमर्जेसी के विलाफ मैंगेटिव बोट है. यह मैंगटिव वोट नहीं है।

मापने देखा कि हमारी भूतपूर्व प्रधान मती जब सीलोन गई उन्होंने वहां पर रहा कि देश में सब बात ठीक है, एक भी पालिय में ट का मेम्बर जेल में नही है। उस समय हमारे 22 मेम्बर पालियामेंट जेल मे थे । सर्वथी मधुलिमय, मधुदंडवते, घटल विहारी वाजपेयी मादि 22 मेम्बर जल में थे। दूसरे देश सें जाकर वह एलान करती हैं कि हमारे देश में एक भी मेम्बर जैल में नहीं है।

इनने प्रधिक लोगों को गिरफ्तारी के बारे में पूरी जाच होनी चाहिए, और जो लोग इस के लिए जिस्मेदार हैं, उनका सजा दनी चाहिए। हम इन बातों को भूस नहीं सकत है। लातूर के 3 साल के बच्चे, योगेश भरतेकर, भीर 5 महीने के बच्चे, जमीर ग्रन्तेकर, पर डिटेंशन ग्राइंर लगाये गर्थे । इसी तरह नागपुर नी ढाई साल की लडकी. प्राजनिः पर डिटेंशन ग्राहर लगाया यया । वहा गया कि उम के बाहर रहने से दवजेंन्मी के लिए शतरा है। ये मालली एक्सेविड नहीं हैं, बल्कि यह सब कुछ एक मुनिध्चित गालिसी के घलनेत किया गया है।

बाप यह देखें कि गरीबी हटाने कर नारा दिया था। उससे पहले नास दिया था--नई रोशनी लाई है। अन्न नई रोशनी ना नारा दिया या तभी भाषको मालन है कि हमारे महाराष्ट्र के देहात की झापडियों में यासलेट का दिया भी नहीं जल पा रहा था। घानुसेट नहीं मिलता या । कीमतें बढ़ती या रही थी। यह सब जो किया है उसकी रास्ते पर लाने के लिए तो कोशिय करनी पहेंगी । उसको रास्त पर लाने के लिए पहले इया किया है उसकी तो सामने साना पडेगा । प्राप कहते हैं कि उसकी सामने नहीं लाना चाहिए। हम काप्रेस की गाली नहीं देते हैं। लेकिन जो कछ किया है उसके बारे में तो सोचना चाहिए, उसकी जनता के सामने, हाउस के सामने साना चाहिए कुछ सोचना चाहिए । भभी हमारे एक सदस्य ने रहा कि दरित्रता को रेखा के नीने 40 प्रति-शत से मंबिक 70 प्रतिशत हैं।

ग्रधिकार रहता है। मुझे मातूम है, चव्हाण साहब को भी मात्रम होगा कि ब्रिटिश गवर्नभट ने जमाने म हम जैल म या नहरू गवर्नमट के जमान मधी जेल मधे लविन हम बोर्टेम श्वियस कार्पंस के लिए जान ना मधिकार था नेकिन चभी हमारा वह ग्रविकार भी छीन निया गया था। विसी को भी बोई प्रधिकार नहीं या हेवियस कार्पस करने का या कोट म जाने ना । एसी बात ता इस देश म कभी भी नहीं हुई थी। इस र बारे म भी प्रापको सोबना होगा । जाप सोनगाही के प्रधिकार छ न लेंच तो क्या माप समझत है कि उसक बारे में जनवा सोधती नहीं है। जनवा न इसको सोचा है। भगर माप समझते हैं कि आगे बान वाल दिना म बाप पिर बान वान हैं तो भाप साथ समस लीजिए कि अगर इसी वरह से माप राज करेंगे तो कभी भी नहीं या पार्वेगे । जनता पार्टी व' जो सदस्य यहा पर चनकर घाय हैं, मैं ऐसा मानवी ह कि उन पर वहत बडी जिम्मेदारी भाई है। उनको इस बात को घपने ध्यान म रखना चाहिए कि सीकशाही को कवल ला देन से पूछ नहीं होता. धाने बान दिनो म लोनशाही नी रक्षा करने नी जिम्मेदारी भी तेनी चाहिए ।

इस सम्बद्ध म वछ बाउँ जा कि एटेस म नहीं हैं वह मैं यहा पर बताना चाहती है। दो तीन ऐसे ध्रधिकार है जो नि वास्टियनन म धाने चाहिए । पहली बात सा यह है कि जो कास्टीटयूशन एम'ड किया गया है उसके स्थान पर फिर से पुराना नास्टी-टयशन भाना चाहिए। दो तीन मोर भविनार हैं जितनो कास्टीट्यूशन म रखना चाहिए । एक प्रधिकार है शहर र वक, काम का प्रधिकार जो कि जनना पार्टी ने अपन मैनिपेस्टो म रथा है । इसका समावेश कास्टीट्यशन मं होना चाहिए । दूसरा प्रधिकार है सहट ट् बाप हो मालभ है उस दर्श म बायाराम गयाराम बहुत हो गए हैं। इस बात व खिलाफ कानून बनाने को कोशिश करे। सहट टु रिकाल की ग्रविकार कास्टीट्युशन में होना चाहिए। जो सदस्य चन कर भाता है, वह जिस पर्पर्व गौर जिस कारण स चन कर माता है उसकी धगर वह प्रानहीं नरता है तो जो लोग उसको चुन कर भेजते हैं उन्हें उस सदस्य को वापिस बुलाने का धविकार भी होना चाहिए। लोक्नाही में यह स्रीयवार होना चाहिए भीर बास्टीटम्बन में इसकी रखना पाहिए । इसी प्रकार से बाप लोकशाही की रक्षा वार सबँगे । तीसरे प्रपोशनत स्प्रिजेन्टेशन का संधिकार भी कास्टीटयूगन में होना चाहिए **।** ऐसा नरने सही भागे भाने बाद दिनों म लोक्याही की रक्षा ही सक्ती और लोक्याही भीर भी मजबूत होगी-यह बात में वहना चाहती है।

श्रव भ्राप माथिक समस्यामा की भार दिखय-कीमतें बद्र रही हैं-इस बार मे भवस्य कुछ नायबाही होनी चाहिये 1 मजदूरी r बानस का मामला है----उसकी रेस्टोर किया जाना चाहिए । मिनिमम लिविग-वेज मियना ही चाहिय-इसके बारे म जी भी प्रवास माप कर सकते हैं, जल्द स जल्द होना चाहिये। गरीवी भीर दरिदता हटाने की बात भी बहुत जरूरी है-अविन जी चीज माप मौरन कर सकत हैं उसको करन की कोशिश होनी चाहिये।

लोकशाही की रक्षा क लिय हमारे प्रेसिडट महोदय ने नहा है कि इस चुनाव क बाद एक नया दुव्य हम देखत हैं, एव नई लोकशाही का माज प्रभ्युदय हमा है, जो दो पार्टियों की लाकशाही है। लेकिन मैं यह भी ऐकान करनी चाहती हू कि यहा पर बुछ दूसरी पार्टियां भी हैं, जिहान मजहूरा म समाज क प्रति जागृति मैदा भी है देश की जनता का इन समाजबाद क प्रति जाति निया है। इन पार्टियों की सहकार भी सरकार चलाने में, शाम-कार्ज चत्राने म तना चाहिये और वह धापको अना पडेगा । इन पाटियो को घलन रखते से, उनको उजित मान न देने से नारोबार ठीक से नही चनेगा, नवाकि वे भी जनता की रिपोर्डेटिव हैं, जनता का प्रतिनिधित्व करने वाली हैं। इसलिये मेरा कहना है कि इस बारे म भी ध्यान रखा जाना चाहिये।

117

धव मैं कुछ योडा सा कापेस दैश्विस को नहना चाहती हू ग्राप को यह ध्यान **म** रखना चाहिये कि इस बार जनता ने काग्रेस को डिफीट दिया है। यह डिफीट धाप को बोटो के द्वारा दी है लैकिन जनता नासताप भ्राप ने सभी सक नहीं देखा है। सचमच अनता म माप के प्रति वहत गुसाँथा। नोई भी ऐसा नहा समझता था कि जनता इस तरह से अपने गुस्से की प्रदर्शित बरेगी। इस से काग्रेस बाला को शिक्षा लेनी चाहिये। यशका राव जी ने इस बात की मान लिया है इस लिये जब झाप इस बात को मानते हैं तो भाप का फन है कि दूसरों की वालो को धैय के साथ मुने, क्योंकि इस जुनाव के बाद भव बहुत लोगा नी की जुवान खुल गई है, इस से पहड़े धगर नोई कुछ बहुने की हिम्मत करता या तो भाप उस की जुबान जरूर धीवने वाने थे। नुछ लोग नहते हैं- मगर बानू जगजीवन राम पहुने पुछ चीनती ता हमारे साथ जेल मजरूर घाते। धाप का मालुम है प्रेस पर पादी लगी हुई थी, जनता को कुछ भी पता नहीं चलता था वि धाप न किस किस को बन्द शिया है। हम लोग जब पनडे यये था प्रेस म बुछ नहीं धाया, लेकिन एटन के बाद प्रेस म भागा कि इन सब लागा को छोड़ा गरा है। वा यह जो ब्रेस की पाबन्दी थी, पिछन 30 मान म हिद्यतान म ऐसारधी नहा हुमा। मुले यही बहुना है कि जिस तरह से प्रेश बानून सरवार ने वापस सिया है इसी तरह से भोसा का कानून भी जल्द ने जल्द बापस लेना भाहिये।

याप न यहा पर एक बहुत प्रच्छी बात नहीं है कि रेडिया दुरस्तेन प्रार्टि के निये प्राप कुछ इच्छीपनेट व्यवस्था करते जा रहे हैं। पिछले दिना से इस मास मीडिया ना उपयोग केनन एक पक्ष के निये, केनल एक व्यक्ति ने निये हाना रहा है।

साधिर म मुने यही निवेदन करता है यहा पर प्रनको सदस्या ने जिन व्यक्तिया के प्रति प्रत्याचार किये गये है उन से जाव की माग की है उस म उन सो मार्ट वा वित्ता हिस्सा था, मुने मानून नही है, विक्त जिन व्यक्तिया के विये किया रूप से माग की गई है, पैमे मारुति किया रूप से माग की गई है, पैमे मारुति करा हा मामलत है, दन की प्रदेश जाव सी जानी चाहिये। जैदिन एक बात बहुत जहसी है —बहुत से मामला म मधिकारिया वा उतना दोश नहीं था, उसरे से पाईट दिया गया था, इस निवे यहाँन बैसा नाम किया, इस निवे यहाँन बैसा नाम किया, इस निवे ने से महना है है उत्तर कर जाव करके धिवाण वार्षवाही सी जारे।

राप्टपति जी के ग्रमिभाषण मे बहत यच्छी यच्छी बाते हैं धीर उस का मैं स्वागत करता है। इस में पहने पहल यह दिया दिया हमा है

'The people have given a clear verdict in favour of individual freedom, democracy and the rule of law and against executive arbitrainess, the emergence of a person ality cult and extra-constitutional centres of power"

यह धच्छी बात है। इस के बाद इस में यह बहा गया है "

"My Government pledges itself to fulfil in every way the mandate given to it by the people In doings so, it will not take the people for granted or assume that they know nothing and that the Government alone knows all answers and solutions."

भाज भी लोग विरोधी पक्ष म है वे समझते ये कि ग्राम जनता जो है वह कुछ समझती नहीं लेकिन पाज उन की राव के परिये से उन को मालूम हो गया हाना कि उनकी क्षमता क्या है। वे समझते हैं या नहां ? मैं यह बहुगा कि वे सब कुछ समझत हैं। जब हम इलेक्सन के नाते भएनी कास्टी ट्येन्सी में या दूसरी कास्टीट्येन्सी म जाते ये तो वे नहते में कि 30 सान तक हम धाखे म रखा है चौर सब हम जनता पार्टी को बोट हेंगे और दखेंगे कि पाच साल मध्या हाता है। वे बहते ये कि ओ गुनाह पहले हा जुके हैं उस म ज्यादा गुनाह पाच साल म क्या हाने । जा कुछ हाना था वह तो हो चुना है भीर हम लागा को जिसकी सपरित्म हानी थी, वे हो गई हैं। यद भीर पांच सात म उस से ज्यादा सर्पार्य क्या बढ़ेंगी । इसिनवे चन्हान बहा कि इस बार हम बना। पार्टी का बोट रेंसे 1 जती साह्य ने क्वीकार किया है कि यह जनता का

राय है और उन्होंने अपने श्रमिभाषण में वह भी कहा कि जनता पर तानाशाही जाये हुई थो। जनता के उत्पर और देश के ऊपर जो धत्याचार हुआ उस की पूरी पूरी स्वीकृति इस अभिभाषण म दी गई है। जिस समय जत्ती साहत्र भाषण दे रहे थे उस समय एक तस्वीर हमारे मन ग्राई थीर वह तस्वीर कैंद में बैठ कर हम ने देखो थी जोकि स्टेटसमैन पतिका में निक्ती थी । जत्र प्रधानमती श्रीमती इन्दिरा <sup>गाडी</sup> विदेशो का सफर कर के लौटी थी, तो पालम हवाई बड्डे पर जब वे उनरीं तो जत्ती साहब उन का स्वागत करने के लिये गये थे। जरूर जाएगे। क्या नही जाएगे ? लेकिन जती साहव की जो तस्वीर स्टेंर्स<sup>मैंन</sup> म निकली, उस को देखकर अफसीस हुआ। जती साहव अपने हाथ जाड कर और सिर को जमीन के बहुत नजदीक से कर उन को नमस्त्रार कर रहेथे। उस तस्वीर नो दखकर मन संब<u>ट</u>त दुख हुआ था। बहादुख हुमा था कि जो सज्जन हमारे देश के सब स कवे पर पर बैठे है वे हमारी तानाशाही प्रधानमती के सामने प्रपनी गदन शुना लेते हैं। घरेल असी साहर ही यह नहीं करते में उनके साथ <sup>साथ</sup> पहाण साहब जो कि मधी बैठे नहीं हैं वे मौर बहुत सारे बड़े बड़े भादमी, बड़े बड़े नेता लाग भी वानाबाह श्रीमती इदिए याधी के सामन अपना सिर शुकाते में । यह अक्सोत की बात है। प्रव अब हम उनके इस मायण को देखते हैं तो ऐसा सगता है कि जत्ती माहब भगने मन से ऐसा भाषण दिया है। यह उनके हृदय से निकली भाराब है, उनकी भनुभूति से माई बात है भीर उन्हाने भपने हृदय से ये सारी बार्वे हमारे सामने रखी हैं। वे जानते में कि लोकता चना गया भौर श्रीमनी इदिरा गाधी <sup>ही</sup> तानाशाही जारी हा गई। उसमें धीमती इदिरा गांधी न जो काम विमा वह हिन्दुम्नान के लिये निन्दा की बात थी। माज अब हर्न

उनके भाषण को देखते हैं तो वह बात मालुम हो जाती है। वे कहते हैं---

"The traumatic experience of the last two years during which many atrocities were committed on the people and they had to undergo untold sufferings and some have even died, has brought home relevance of this?

यह कडीशन उस समय थी। विरोधी पक्ष के जो लोग है वे सब इस बात को मान लें चौर हम उनसे नर्मतापूर्वक बोलते है कि वे इसके विरोध में एक बात भी न दोले।

जत्ती साहव उस समय भी थे आज भी उसी जगह पर हैं। लेकिन हमारे नेतर लोग जो पहले इघर बैठते थे वे घव उधर चले गये हैं। भापकी कुछ उपलब्धिया है यह हम मान लेते हैं। लेकिन लोकनायक जयप्रकाश नारायण ने ब्रापसे यही तो यहा या कि बाप भगना सुधार वर । यह सो भागने किया नही भौर जयप्रकाश जी को गिरफतार कर दिया । जब लोबनायच गिरफ्तार हुए तो उन्होने वहा नि विनाशकाले निपरीत वृद्धि को नि ठीक साबित हमा। माज श्रीमती इदिसा गाधी का विनाध ही गय, उनकी पार्टी का विनाश हो चना है, जितनी वानामाहा हमारे हिन्दस्तान के ऊपर बल छा गयी थी उसका विनाम हो गया है। जनता की राय से यह सब हुमा । मह सब बाते लाह नामक श्रीक बोले। सभी जिएस वर महिमडल शहम हमा। थी बस्माजी ने भी बसीलान, श्री भीम मेहना भीर नारायणदत्त तिशारी को खारिज कर दिया प्र ए० पाई० सी० सी० म नौज-वाना के दल का क्या हथा यह सब ने मामन है। इसके सनावा थी गायने जी काउने नुत्रीम कोर्टमी कार एमानियेशन ने एक प्रस्ताव क्या । प्रभी हमार शामा एक

सूचना छाई कि अनाज का भाव गिर गया तेल का भाव गिर गया।

इसके ग्रतिरिक्त विरोधी पक्ष के जो नेता सोग हैं वे विनयता पूजक हमारी जनता की राव की मान लें भीर भान कर अगले आने वाले दिनों ने लिये ग्रपने को तैयार कहें।

एमरजेंसी जब लाग थी उस समय श्रीमती इदिस गाधी और उनके सहयोगी कितनी झुठी बात सारे हिन्दुस्तान को धौर दुनिया को बताते थे इसका एक उदाहरण में ग्रापको देना चाहता हु। वे महा करते थे कि कोई पोलिटिकल परसन केंद्र म नहीं रखा गया है जबकि वास्तविकता यह थी कि हजारी लोगो को कैंदचानों मंडाल दिया गया था। यह कहा करते ये कि पोलिटिक्ल कारणा से किसी को कैद नहीं विया गया है। हर बार यही नहां करते थे कि एटी सोशज एजीमदूत का धीर इकोनोमिक धारुइज को ही केंद्र दिया मया है। हम सब लोग जो बैंद हुए से इकी नोमिक धार्फेडर थे या एटी सास र एलीमदस में ? तब य सीम बहते थे कि हम लोग पीलि-टिवल नहीं हैं । हम कैंद में घे लेशिन पीरिं टिकल परसञ्ज नही थे । मैं मापकी जानवारी के लिये बताना चाहता हु कि लाखो पादमी भव भी भैद भ है। उन म बेनारा रिक्शा बाला है, ठेले बाला है, बोडी बाला है । लाया नामा को बिना कारण केंद्र म डाल रखा है। चनको क्या परिस्थिति होगी ? मैं प्रपनी बरनार सं प्रजे नग्ता ह कि उनहां भी कुछ बन्द्रभारत होता चाहिये। उनकी फैमिसीब यत्म हान बाली है और नई ता यन्म हो भी चनी है। एक पैसाभी उत्तरों नहीं दिया गया है। जम जब बैंद म ये तो उन म हमारी बातभीत हुई थी। व वेभारे रोने समते थे। किनने ही पादनी इस तरह ने हैं मारे हिन्द म्यान म । उनके बार में इस भाषण मेंने कुछ नहीं दशा जिल कारण मर मन सं दश हुमा ।

SHRI J RAMESHWARA RAO (Mahabubnagar) Mr Chairman, Sir, may I congratulate the Prime Minister and his colleagues on their assum ing office? We have withessed a great change in the political scene in India The elections that have just been hed have been remarkable People all over the world appear to have been in a sense emotionally in volved in our election experience and have been deeply affected by the whole process, the results and the the consequences The electoral process which we have gone should convince anyone, including Mr Hegde if coovincing is still necessary, about the deep and abiding commitment of the people of India and the Indian National Coogress to democratic values and democratic processes.

In the last few days, many have a accused our party of being undemocratic and toclined to authoritarianism. They have even objected to some of us saying that Indirari should complimented On accepting verdict of the people with humanity and grace and helping in the smooth transition from Congress Party rule to Janata Party rule, Surely, Mr Chairman if we tyere not committed to democracy, democratic values and democratic processes, the Janata Party would not be sitting on Government beches today

I suppose these facts will come to be appreciated in time and in their correct perspective when the sound and fury of the elections subside and the dust of controversy settles.

Though I have bad two very brief and insignificant spells on the opposition benches, this is really the first time that I am functioning us a member of the Opposition, 1 had thought that I could make the transition from the Government benches to the Opposition benches with ease, but as I stand up to speak, I do feel slightly embarrassed.

12b

Who are the hon, Members sittings on the Government Benches? Elders, teachers, colleagues, friends, comrades-in-arms, and I recall shared ideals joint effort and endeavour of over 35 years in the cause of a common objective of achieving freedom and strengthening democracy Looking back, one finds there has been really so little that we basically dis ugreed upon and yet today face each other with, I hope, what can really be only different approaches to the common goal, that is the welfare of the million of people of this ancient land. The removal of bunger of poverty, of want, of disease and the creation of opportunities for a better and fuller life for everyone This has to be achieved without individual pettiness selfishness, greed or self-aggrandicement.

The President's Address refers to the verdict of the people and the need for consequential action. We accept the verdict of the people in all humphty

We shall not only function as a responsible and constructive Opposition but, I hope, as an effective Opposition. We shall also extend all our help in the implementation of the real verdict of the people. We wish the new government well The country's requirements do not change with a change in government. The need of the hour is a just, and stable government which can bring about rapid socio-economic growth. shall, of course, do nothing that may lead to destabilisation and I hope, Mr Chairman, my friends Opposite will not object, if I were to say I hope that the new government and the party power will not act in their enphoria of victory in a manner which may lead to de-stabilisation as that would only delay progress and the implementation of our programmes of economic development

With a person like Shri Morarubhai as the Prime Minister the new government cannot but create confidence in the people of this country Why only Morarubhai? Everyone in the new government is a person of ability and distinction With such a galaxy of talent we shall all feel confident and yet one can commit mistakes. Our party made mistakes There is no shame in accepting that we did make mistakes. If we had not made mistakes we will not be sitting in the Opposition today

The new government and the new party can also meke mustakes will be our duty and endeavour to point out these mistakes and suggest correctives We shell naturally feel free within the rules of constitutional propriety to draw the attention to the lapses and shortcomings of the functioning of the new government When we find that policies are being initiated which in our opinion are not conducive to the welfare of the people or for achieving the common Objective that we have all put before Ourselves that is, of a better life for the million of our countrymen then we shall disagree with the policies, that the new government wishes to embark upon and will put before this Parliament and the people -alternative policies which we may consider more suitable for the echievement of the common objective

Yesterday my colleagues Sarvashri Shyamnandan Mishra and Purushottam Mavalankar found fault with one of our colleagues for referring to the voting pattern in the recent elections I am sorry both Shyambabu and Purushottam are not here I would like to assure both of them and our other friends Opposite that there never was any intention to create regional differences. We are all Indrane first and Indians last and the

region from which we come from is not important What one of my colleagues was trying to point out was-and if they only had the patience to listen-they would have understood him.

What one of my colleagues was trying to point out was that while the majority of the people have given their verdicts against us the voting pattern did reveal a certain peculia rity We find it difficult to believe that this was en accident must have been political sociological or economic reasons for this kind of a voting pattern The voting in the middle belt was divided. At one end it was totally against us, at the other end it was totally with us Could it be that the emergency and the socalled excesses of the emergency did not touch some parts of the country or could it be that femily plenning was differently understood or im-plemented in these areas? I know that in the years to come, scholers would write learned doctoral theses on this subject and yet let us not overlook this fact in the immediate present. It will require great tolerance end sympathetic understanding between the Government end the opposition to ensure that the different voting patterns in different regions are not exploited to the country's disadvantage

Would you not, Mr Chairman, agree that this can easily be exploited by unscrupulous persons? Is it not the duty of the opposition to caution the Government against possible dangers? Speaking to some of my own colleagues. I have expresed the hope that the Congress Working Committee will go into this question and take appropriate action to study and analyse, have an analysts conducted on how and why this voting pattern occurred. It would help our functioning To say that the overwhelming respectly of the respected leaders of the Janata Party came from a particular region

(Shr: J Rameshwara Raol

and hence they had a greater impact in that region is a very superficial reading of the situation Shri Javapralash harayan is nor a regional leader- he is an all-India leader who is greatly respected all over the country The Chairman of the Janata Party now the Prime Minister is not a regional leader. He has been one of our colleague, and yet in his own State the vedict was divided It was a mixed verdict. All these indicate the need for a cereful study but I do hope that in this process of study and analysis there will be no mudslinging or recrimination.

The President's Address Mr Chairman, lists a series of Arts that have to be ennulled or amended. There is a reference to proposed constitutional emendments including the repeal of the 42nd Amendment We shall wait to see the Bills in their final form and shape before we give our reactions There may be arees in which we would support the Government because we are sensitives enough to the verdict of the people but there may be other areas which do not steam from the verdict of the people and there we may have to disagree with Government proposals Each Bill and each clause will have to be evaluated and considered on its merits. While there will certainly be no blanket opposition to the Government s proposals there can be no assurance of blanket support. I hope this will be understood as a fair and construc ive approach.

I shall not at this juncture go into details except to say that after 30 years of independence we seem to be moving towards a healthy two-party system for the first time. This nurur, well for stability, democracy and progress. But the very emergence of a two party system imposes its own limitations and logic on the functioning of both Government and the Opposition. Neither the Government nor the Opposition can go even a little outside the realm of practical responsible functioning Wa cannot vie with each other in the promises we make to the electorate which on the face of it may be unrealistic and may lead to economic, financial or social disorder I was amazed that Sesterday the hon Finance Minister spoke of cutting back on investment. How can one cut back on investment and eradicate poverty in ten years? But I agree that the investment should be judicious Fresh investment should not lead to inflationary pressures Fresh investment should be such that the returns from it ere quick. That is the gestation period on capital projects has to be short. Projects chosen have to yield results quickly I will give you one example -oil exploration The investment in oil exploration is high and set you will be interested to know that the amount inscated in oil explorat on comes back to us in 12-18 months. The gestation period is short. I em only citing this as an example At the same time Mr Chairman, we cannot and should not initiate of advocate policies that may lead to either e wage-push or cost push in-

on Address bu

fiation. This country cennot afford it There would have to be some areas where we would here to evolve a bi partisan policy by mutual discussion and consultation between the Hon'ble Ministers of the Government and if I may use the British phraceology the Members of the Opposition's shadow cabinet. Obviously foreign affairs 15 one such field I em happy to see that there is a reference in the President's address wherein non-elignment is accepted as the policy of the new Government, That is what I mean by a bi-partisan policy The other field that readily comes to my mind is education, especially campus discipline and student behaviour These are fields where there can be, in India's present stage of development very little difference of oplnion. There may be other areas too. but this will be possible only if there is mutual trust and confidence and, as I said earlier shared ideals and objectives With these comments, and subject to the qualifications I have made, I support the Motion of Thanks to the President

नयानि वह जाग गया है । इस ने वायदा विया है कि अन्एकोनामिक हाल्डिम पर खवान समाप्त हागा । भून, प्राशा थी कि उस के बारे में सरकार की श्रीर स कुछ थाना चाहिए या। यह नहा आएगा कि यह प्रान्तीय विषय है लेकिन जो स्टर्स भेसीडेंट रूल ने धन्तर्गत हैं, उन ने लिए तो यह किया ही जा सकता है । जो आप के मधिकार में है, उस के लिए भाप कदम चठाए ताकि देश के बाकी जोगों में विश्वास पैदा ही ।

एक दूसरी चीज जिस की तरफ मैं सरकार का ध्यान भाइन्ट करना चाहती हू वह यह है कि ग्राज तक विसामी की उस के प्रोडक्शन की अनएकोनामिक प्राइस दी गई है । उदाहरण देता हूं। जब गेह सौ रुपये और सवा सौ रुपये निवन्दल यातव खाद 52 स्पये वैग था। किसान से गेंह मीसा के बल पर 95 रूपये क्विटल बसूल किया गया तो खाद का दास 105 रुपये वैंग है । यह है समाजवादी सरकार की समाजवादी कार्यवाही नमना । प्रधिष्ठाता महोदय, जगह जगह पर साइन बोर्ड पाएगे । ग्राप भोटर से देवल करने के लिए निकल जाए । भाप जयह पर नगरपालिकाओ ग्रार यहा-नगरपालिकायों के बोर्ड संगे पाएंगे जिन घर लिखा होगा कि नगरपालिका प्रापका स्वागत करती है । स्वागत कैसे होना चाहिए ! स्वागत में कोई जलपान हो, पान खिलाया जाए, खाली यह न हो साइन बोर्ड लगा दिये जाए । इसी तरह बधिष्ठाता महोदय, जगह जगह पर सम्ने गल्जे की दकानी के साइन बोर्ड लगे हुए है। वहा गेह विकक्षा है 135 रुपये, 140 रुपये स्विटल । तीन-चार भहीने पहले 95 रुपये विवदल में जो गेह ग्रारीदा गया उसी पर यह समाजवादी सरनार, गरीनो की मनीडा सरकार 40 रुपये न्विटल का मनाफा मार रही थी। क्या समाजवाद में श्रोकिट मोटिय होता है ? समाजवाद का तो पहला सिदात यह है कि रोटी के ऊपर कोई मुनाफा नहीं होना चाहिए, नो प्रोफिट, नो लोस, विकिन यह गरकार उस पर इतना मुनाका कमा रही भी। बनिया धगर दो एपचे क्विटल मुनाफा मार ले तो डी० धाई० घार० भीर भीता में बद कर दिया जाए । समाज-यांत्री सरनार 40 रुपये स्थिटन पुनाका

तिसात को का मून्य मिलता शाहिए, यह पहुत बजा प्रस्त है । दुर्तियों में हुर देश में पेत कोई है । यरोददार शाहुजा है कि उसे इस से कम मून्य में माल मिले,

कमार्व तो हमारे विश्व मजी द्वोत पीटें कि हमारी ये घणांबयेट्य हैं।

सरकार चाहती है कि उसे भी कम से कम दाम देना पडे भीर उत्पादन करने वाला चाहता है कि उसे उस के उत्पादन का अधिक से अधिक मृत्य मिले । अगर एक ग्रेन बोर्ड ही जाए तो ये सारी समस्याए सुलझ सकती है। समाजवादी मरकारों में वड़ी मादत है कि वे हर जगह कुदती हैं। हमारे यहा एक देमी वहावत है कि "विच्छुका मत न जाने साप के विल में हाथ छोड़ दें" हमारे यहा ग्रेन बोर्डहो । उस बोर्डमें इकोनोभिस्ट्स, एपीकल्वरिस्ट्स, सदस्य हो । गवनं नेट का भी एक नोमिनो हो। उसका चेयरमैन एक इडीपेंडेट जज हो । कृषि में जिनने इन्यूट लगते है, जिनना लेवर लगता है, यह सारा केलबूलेट करके, सारा हिसाब लगा कर, वह बोर्ड येंह का धार्थिक मूल्य, गेह का सही प्राइस डिक्लेग्रर करे ग्रार सरकार को बाध्य हो कर उस दाम पर गेह धरीदना पढ़े। सरकार हमेगा परचेवर रही है और स्वभावन: वह माल कम दाम पर खरीदना चाहती है। इसने किसान की रोड़ की हड़ी लोड़ दी है।

यधिष्ठाता महादय, मैं पूर्वी उत्तर प्रदेश से भाता है। यहां किसानी की रात को 12 सजे विजली दी जाती है। मैं हाथ जोड कर एक ही निषेदन मस्या कि ये जितने भी भूतपूर्व मधी है ये मेरे साथ चलें घोर प्रति पौप घोर माथ में एक लगोटी सगा कर, धनियान पहिल कर जरा पानी फोड़ हैं। हो दिन में धगर विनाये मरे हुए लीट भाए हो मैं राजनीति से इस्तीफा देने वे लिए तैयार हा निष्यय ही इनको निमोनिया होगा । वहां पर तो घाप रात बारह वने विजली देते हैं लेकिन दिन मे विजली आप किस को देते हैं ? सिनेमा हाउसिस को देते हैं। प्रगर दिन में काई सिनेमा नही देखता है तो उसकी वजह से देख मर नहीं जाएगा । लेकिन रोटी धगर देश को नहीं मिलती है, लोगा को नहीं मिलती है तो देश बदश्य मर जाएगा, लाग प्रदश्य मर जाएगे। इस वास्ते मेरी ग्राप से प्रार्थना है कि प्राप विजली दें, समय से दें, दिन में वें और इवानोमिक रेट पर दें। रेट अन-रकोनामिक नहीं होना चाहिये, धधायय रेट प्रापनी उन मे पान नहीं करना चाहिया।

भाप ने मूमि पर सीतिय सगाई। यह मापन बहुत घण्डा विया । भठाउट एवड की भाषने लगाई। यह मैक्सिमम सीलिय है। लेकिन बाप दखें कि टैक्टर का क्या कीमत है। मात्र हुजा में वह मिलता है। साथ अब बतायें कि समुद कोई क्सिन दुक्टर से कर घेती करना चाहवा है दर्शेसन फार्मिक नरना चाहुना है। स्तो क्या यह कर सकता है क्या वह महगा टैक्टर पारीद सकता है। धगर वह कम्बाइड हारवैस्टर लेना पाहता है तो उस की कीमत तीन लाख है। कहा से वह पैसा लायेगा। आप कहते हैं कि घाप ग्रम बना देते हैं श्रीर उन के विय एक दैक्टर हो सकता है। लेकिन भाष की पता होना चाहिये कि एग्रीकलचर हज एन इडिपेंडेंट इडिविजयस सम्बन्ध किस तरह से उन का काम इस तरह से चल सकता है और क्रिक्त लोग इस तरई से लाभ उठा सकते हैं। माप देखें कि एक ही समय पर किसान को इसनी मावस्थनता पडती है । इस नास्त को चाहिये- कि एप्रिकलचरल इम्प्लोमेंन्टस के दाम धाप सबसिशाइन कर, इन की धाप घटायें।

मैं यह भी माग करता है कि काप एड केटल इनश्योरेंस हाना चाहिये प्रावमी का धाप करत है, शक्दी बात है, मुझे के क्पड़े का भी धाप करते हैं लेकिन देश को जिस पर गर्ब होना चाहिने, जो देश को खिलाता है उस की उपज का भाष इनस्योरेस नहीं करते हैं, जीवन के लिये जिस धल की भावश्यकता है भौर जो उस को पैदा करता है, उस की उपज ना माप इनस्योरेस नहीं करते हैं उस की खेती पर भापति भाती है। पत्यर धोर पासा गिर जाता है, उस की सारी पसल नष्ट हो जाती है उस ना धाप इनक्योरेस नहीं करते हैं। यह समार्ज वादी सरकार उस को कर्ज देती थी, तकाबी देवी है। जिसका सर्वनात ही गया उस का कर्ज दे कर भाप उस ही चीड़ को बना रहे है या उस को तोड रहे हैं? अर्थ से उस की श्रतिपूर्ति नहीं हो सकती है। इस कर्ज को ग्रमली फसल पर देते देने वह मिट जायेगा। इस प्रकार से बधीनी नहीं हटाई जा सकती है। गरीबी हटाओं वा नारा तो दिया गया था लेकिन

SHRI O V ALAGESAN (Arkonami I congratulate the framers of the Address for its brevity and also for its tone of restraint I feel that it could have contained louder denunciation but has shown restraint and has not indulg ed in any denunciation. After seeing

the verdict of the people and hearing the representatives of the Januta Party here who have told us the tales of wee during the emergency one feels really repentant and sorry The stors of the genileman who cried "Jal Narayan and was put in fail because he was auspected to be sympathetic to Shri Jai Prakush Narayan 12 an extreme case. Many such cases might have happened It has to be conceded that excesses were committed during the emergency and that they hurt the people very much it it means anything I would bke to ten der sincere apologies for what has happened during the emergency,

When it was corceived, it was like dieting prescribed for a patient overtaken by disorder but as it proceeded it began to eat the very patient whom it sought to save, ramely demoeracy. It was like the revolution eating its own children In fact. people who ran the emercency became its first victims rather than those who suffered from it for this reason that they were not kept fully informed of what was going on and the nature of the emergency in the country

We have to explate for it do prayaschitta for it. Babu Jagiwan Ram baz explated in a particular way, thore who were defeated at the hustings have explated in a different way, and those who have been elected will also have to perform prayaschitta, I have it will be parliamentary tepus charya

I commended the restraint shown in the Address of the President, but I am sorry to say that the speeches of the Members from the Janual Party did not show much of restraint. Perhaps this is the initial period and they will get over this feeling soon. The Januar Party has certainly made history by Party has certainly made history by the commendation of the Congress which has a made by forming a viable Government at the Centre for the first time but I would like to submit that the

Confress Party also, in its hour of defeat, has made history because it has provided for the first time in 30 years a viable official Oppulation You will agree that both the Government party and a viab e Opposition party are needed to work our democracy.

In their cupheria of victory, many Membera seem to have lost-I near ch the other side-their perspective and balance They have condemned the entire Congress rule apread over the past 30 years What does this mean! Does it mean the condemnation of all that hoppened under Pandit Jaw-havlal Nehru Lal Bahadur Shasiri and Indira Gandhi before the emergency was ushered in? Do they condemn everything? It means much more than that. It means you condemn the ver diet of the people which has been delivered five times, that is, in 1952 1957 1962, 1967 and 1971, You con demn the five successive vertices of the people and are to prepared to approve only the sixth verdict. Please do not muck at people who have returned you to take over the reas of Government in good faith.

Democracy is vindicated not culf when it acts in a negative way that is when it unseats a government which it has itself put in power but also when it acts in a positive wav that is, when it confirms a government In the seat of power for a second time How a peaceful change has occurred in the Government without shedding any blood anywhere, without any violence! So, when democracy change the Government that it has put in power, it must be appreciated. I would plead that it has to be appreciated even when it confirms the party in power for a second time

The Congress Government had not been in power for the past 30 year typ means of false credentials we are helfs to a non-violent residution under Mahatma Gandhi who won freedom from foreign domination for has ancient country. There are some Members on the other side who also are heirs

to the non-violent revolution policy got freedom for the country do not forget the present Prime Minister was part of the Congress and had contributed to the Congress history as my leader mentloned some time are until the year 1969. Please do not forget that Bahu Jagulyan Ram was part of the Congress and whatever had been done before independ ence and after independence until the emicial day of 2nd February 1922 Co also several others in Government who are sitting in the Government benches were part of the Congress and they contributed to the arbiquements of Congress and the service that was rendered by the Congress Government to this country So. would humbly appeal to the Members on the Government side please do not stand self-condemned by condemning indiscriminately all that has happened in the past

Now I am coming to a subsect which is rather delicate that is the subject of interpreting the recent verdict of the people My friend Mr C Subramaniam, said something and he was almost mauled by the House My friend Mr. Rameshwara Rao, was much more fortunate He couched his speech in a very diplomatic language and he was listened to with attention So I should say something and I shall crave your induigence so that you need not mistake me I am not saying this out of parochial consideration. Our background has not been parochial, it has been national. So please do not musunderstand me when I say this. The Address speakes of the democratic process. The wind that blew it was not one wind, there were two winds. Perhaps I can compare it to the south east monsoon and the north-east monsoon country They blew a contrary directions, about which my friend Shri Rameswara Rao has spoken, and the dividing line has been the old dividing line of the Vindbya mountains There are many periods in Indian history when, due to stressee and strains the basic Indian culture has had to cross the Vindbya mountains and take refuse in the southern part of India I am reminded of a similar thing happening to the nationalist culture of this country and I am tempted to say that it was forced to crose the Vindhya mountains and take refuges in the southern part of To dea

But one thing is clear and let us not run away from that fact. The Government of the day I am sorry to say is not representative of the entire country and the Opposition of the day is also not representative of the entire country This is very serious situation a situation which I would almost call a vicious situation. It is a situation which is pregnant with mischief and it is in the national interest that all of us should put our heads together and try to find a solution for this mischier oue situation

The Address speaks of extra-constitutional centres of power I believe the reference is quite obvious. I would like to ask the Government side to place their hands on their hearts and tell me whether there are DO extra constitutional centres power operating now What about the election of the Leader of the Covern ment itself? Was it arranged or was it arrived at by the Party on its own? There were certain extra-constitutional centres of power which advised the Government Party to choose a particular person as its Leader I don't decry it and I don't disapprove of it What fe Jayaprakashit, what is Acharya Kriplaniji ahat is Vinobhaji and what was Gandhul earlier? It has been a part of Indian history that extra-constitutional centres of power have been operation But I would like ask these extra-constitutional centres of power not to be selfish but to be selfless and to operate solely in the interests of the nation What I am pointing out is that this idiom has been picked up from somewhere else and copied Evidently it was in your mind to say that political upstartism should not be encouraged that it

ernmental authority without Constitutional sanction. You would have been more definite had you said that but you used a loose idiom and called it extra constitutional centres of powerwhich I wanted to clarify may be m sleading

Now the Address says that President's Rule is intended to be imposed strictly in accordance with the obicctives mentioned in the Constitution and not for extraneous purposes. This sentence is found in the Address but, 1 am sorry to say even before the ink has dried you have done something contrary to what you have sa'ed in the President's Address. Can the introduction of President's Rule in Kashmir substantlate your contention?

MR CHAIRMAN The Adjournment Motlon has been withdrawn

SHRIO V ALAGESAN speaking on the President's Address where this is mentioned. I can refer to it I do not think there is anything wrong in that.

I beg to submit that the Heavens would not have fallen if you had allowed the Congress Party to form the Government and if it had collapsed under the weight of its own dissensions, then you would have had every right to introduce President a rule there But you did not have the patience to wast because I em afraid you had the same advisers who advised us to do many things or who are at present advising you. you have succumbed to their advice as we had succumbed to it, at what cost the whole world knows. The moment you had written it even before the ink was dry you did something which was quite contrary to that, your first exercise of authority has been contrary to your own de claration and your own conviction I am sorry this has happened Please guard yourselves against such slips in future

Steps will also be taken to ensure that All India Radio, Doordarshan, Films Division and other Government media function in a fair and objective tranner."

Afready a very important member of your Party has pointed out an instance where this has not been to I do not want to rub it in. We all know the way in which the All India Anna D'IK's assurance to the Prime Minister was put on the radio and in a section of the press. Please guard yourselves against such violations, in future, of your own very clearly stated policy I would not like to put the entira blame on the Government because I feel that some overzealous officials might have been responsible for such distorted infor-

mation Now I come to the subject matter of an amendment which I have given rotice of, and that is with reference to the Sarkaria Inquiry Commission in Tamil \adu My friend sitting on my left, Shrl Hegde, pleaded very cloquently that all misdeeds should be inquired into and that those who had committed those misdeeds should be brought to book. Here is a case where already an inquiry has been going on into the mideeds of the erst while DUK Chief Minister, Shri Karunanidhi, and his colleagues, and this has been going on for the last one year The Commission was appointed in February 1976 and its term ended on 1st February 1977 They are seized of as many as 27 or 28 allegations of which the Commission was able to inquire into only seven, 21 more allegations still remain to be inquired into On the inquiry so far conducted the Com mission has submitted its conclusions in a report. This report has been placed on the Table of the other House I would request the Government to place this report on the Take of this House also. This is a very big report, I would not go into the whole thing I would give you only one or two

153 Motion of Thanks CHAITRA 10, 1899 (SAKA) on Address by 154 Vice President

samples from the conclusions of the report This is against Shri M. Karunanidhi, the then Chief Minister, this is one of the conclusions of the Sarkaria Commission

"That on 22 9 1971 in pursuance of the aforesaid demand, and imposed arrangement, Shri Karunanidhi, abusing his official position as Chief Minister received through his Private Secretary Vaithialingam, a total sum of Rs 117 273/from the seven operators including Cambata Captain Krishnan and others, as a motive or reward for doing acts connected with his official functions such as releasing payment of their pending bills in respect of the work done upto 19-9-1971 and for allocating further work at the contractual rate of Rs 11/- per acre etc'

This is an interesting report and the Members will understand it if they go through it what atrocities were committed and corruption was indulged in and that unheard of misuse of official power did take place in Tamil Nadu

# I would read another charge

That Shri Anbil Dharmalingam, acting in pursuance of a prearranged plan conceived by him in concert with Shri Karunandihi, the then Chief Minister and by abusing his official position as Minister of Agriculture directly received from the operators illegal gratifications in amounts and on date noted below, as a motive or reward for doing acts connected with his official functions

- (a) Rs. 141650/- in cash on 11-10-1971
  - (b) Rs. 41714/- in cash on 25-10-1971
- (c) Rs 52,676/- m cash on 6-11-1971.

(d) Rs 53,359/- in cash on 25-11-1971

(e) Rs 64 502/- in cash on

23-12-1971 (f) Rs 17 603/- from H P Rao after 25-11-1971

(g) Rs. 16 242/- from P G Dastoor after 20-11-1971

Total Rs 387745/ '

The Commission has given its findings on seven of the allegations that were referred to it There are 21 more allegations. Now Sir I have reasons to believe that Shir Karunanidhis lobbyists are already in Delhi and are haunting the corndors both of Perliament House and the Secretariat so that they can semehow wringle out of this inquiry and consequences of such an inquiry

Yesterday, we wanted to get an assurance from the Finance Minister that he would continue the Commission of Inquiry and that he would allow the Commission to do its work and complete it What he said was neither discouraging nor encouraging, he has become such an adept in using the language. He said If we do something and stop the inquiry, you will have time to agitate about it I would like to pead with the Prime Minister who is presiding over the destiny of this country, known for his rectitude and abbliorence of corruption in public life that this inquiry should be continued and completed It will be highly ur for tunate if this Commission is given the go-by I hope and I seek an assurance whosoever will be speaking on behalf of the Government n reply to this debate to this effect. I seek an assurance from the Government spokesman that they will continue this inquiry and allow the Commission to complete its work. Not only that, they should also takeaction as a consequence of the report of this Commission

### (Shr. O V Alagesan)

Sir. I would like to bring to your notice another matter with regard to a errous lapse that has occurred during the elections in my constituency The Speaker occupies a very special position. Though in Tamil Nadu the Assembly was dissolved and the Government was dismissed. because of the constitutional requiremer; the Speaker is still there holding his high office. I am sorry to say that this Speaker was is paid by the Government and who uses Government car and who has paid government personnel to assist him, went about very actively canvassing for the DAK candidate in my constituency I brought this to the notice of the authorities, firstly to the Chief Election Cummissioner and others but I did not get any remedy, and it went on until the election was over It is highly improper on his part to have done so In this connection, I would like to quote from the report of the Committee of Presiding Officers. It says

"The Committee felt that impartiality of the Speaker being an mdispensable condition for the successful working of parliamentary democracy, it is essential that the Speaker should sever all connections with the Party to which he might have belonged"

Also the Committee notes the following observation of Dr. N. Sanuva Reddy, Speaker of the Lok Sabha, on his election as Speaker on 17th March 1967.

"My office requires of me to be impartial and judicious in the conduct of my work. I can assure you with all the force at my command that I will try to live upto this requirement and maintain highest tradition set by my predecessors. As a recessary corollary to this resolve, I resign my membership of the Party to which I had the honour to belong for 34 years. So lorg as I occupy this Chair, it shall be my endeavour to

on Address by acting as President see that all sections of this House get an honest impression that I do not belong to any Party at all."

This is what Dr. Saniiva Reddy in said. The Committee agreed αÍ principle with the Speaker Lok Sabba that the 257 Speaker should not belong to Party

Now, when this is the opinion of the Committee of Presiding Officers. it is very unfortunate that a Speaker - let gione his not belonging to any Party or severing his connection with any Party-the Speaker of Tamil Nadu has gone to this extent canvassing actively for a candidate in the elections. Of course, he belongs to the same Party to which the Speaker once belonged. The Speaker belonged to the DMK but, as Speaker whether it was within his propriety to have done it, is a matter I leave to you to judge.

With these few words and subject to my amendment, I support the motion of thanks to the President for his Address

भी पनुना प्रसाद शास्त्री (रोवा): माननीय मध्यदा महोदय, सब से पहने में कार्य वाहक राष्ट्रपनि महोदय का .हार्दिक धन्यवाद दुगा कि उन्हान जनता की सही नरह भी पहचाना । हमारे देश में बाज जो एक समृतपूर्व जनकाति हुई है उसकी मोर न केवल हुमारे देखवासियों ने बल्कि दुनिया के उन सभी लोगों ने जो लाकतल म विस्वास करते हैं, केवल ध्यान भर ही नहीं दिया विन उमे बहुत विस्मित हो कर देखा है कि हिन्दुस्तान की जनता ने सही मायना में लोकतज के प्रति भवनी हार्रिक भारता व्यक्त की है । उसकी हमारे कार्यवाहक राष्ट्रपति महोदम ने, वडे मुन्दर ग्रीर सुन्पष्ट शब्दों में लोक समा भीर राज्य सभा के संयुक्त मधिवेशन के सामने रखा है। उन्होंने जनता की उन सभी धाकाशायों पौर अपेक्षाओं को भी अभिव्यक्ति दी है जो कि धाज समूचे देश में, समूचे देश के जनमानस में व्याप्त है।

र्मने कुछ देर पहने प्रतिपक्ष के माननीय नेता थी यद्यवतराव जी चव्हाण का भाषण यहुत ध्यानपूर्वक सुना। मुझे दुख है कि अभी भी उतनी बडी जन अस्ति के बाद भी इन्होंने कोई सबक नहीं सीखा है । उन्होंने इस बात की बहुत चर्चा की है कि उन्हें मुख मुम ठित नीतियो, पर विचाराधारायो,पर मीर दर्भन पर पूरा विश्वास है । मुझे वडा ग्राश्चर्य है और मैं यह जानने में ग्रसमर्थं हु कि वह कीन सी नोतिया हैं, कौन सा दर्शन है, कौन सी निचारधारा है जिसमें उनको बहुत वडा विश्वास है।

इसरी घोर वह यह कहते हैं कि जनता पार्दी सब धोर दिखाई दे रही है इसके पास कोई एक दर्मन नहीं है। उनका कहना था कि धनेक दर्शन उनको यहा मालूम देते हैं। पता नहीं वह कौन सी दृष्टि है जिससे उन्हें वहा एक वर्षन दिखाई नहीं देता है और भगनी उनकी पड़ी मुसगठित विचाराधारा मालूम होती है। मापकी इस विचारधारा के चलते इस देण म 45 करोड लोग प्राप्त भी गरीबी नी रेखा के नीचे हैं। ग्राप हे दर्शन ग्रीर विचार-धारा का ही यह फल है कि जिस विषता के पास बाज से तीस साल पहले रेवल 25 करोड नी पूजी थी माज उसके पास 1100 करोड की पूजी है। दूसरी तरफ इस देश के 45 करीड भीय गरीबी की रेखा के भीचे जीवन ब्यटीठ करन पर विवश हैं। भगर यही विचारधारा भीर नीति भीर दर्शन है तो मैं समझता ह कि इगमें इस देन की जनता ने हमेगा के लिए छुटकारा पा निया है, जनता ने इस विचारधारा. इस दर्भन थो, इस नीति को रही की टाइसी में फॅक दिया है। मापको इस पर अभी भी गर्व है तो मैं समलता हूं कि जायद धभी धौर बुछ होना बाकी है। यापने स्वय बहा है कि मभो बोहे दिन पहले प्राप्त सदस्यों की संस्था

मरे पूबवबता न सभी एक बहुत सती स्रोर प्रापत्तिजनक बात कही है । उन्हार्य कहा है कि बहु सरकार हिंदुत्तान की जनती का प्रतिनिधित्व नहीं करती है । यह बात कहने की उन की हिम्मत कैसे हुई? न्या उन को याद है कि 1952 में घोध के एक वड़े हिस्से, केरल ग्रीर तामिलनाडू से कम्यतिस्ट पार्टी के काफी लोग जीते थे। उस बन्त नया यह कहा जा सकता या कि पडित जवाहरलाल नेहरू ग्रीर उन की पार्टी हिन्दुस्तान का प्रतिनिधित्व नहीं कर रही थी । पगर वह देश की एक मानने हैं, तो उनको मानना चाहिए कि देश के बहुमत और देश के बहुत बड़े हिस्से ने जनता पार्टी को स्वीकार किया है । इस लिए यह कहुना कि जनता पार्टी इस देश का प्रति-निधित्व नहीं बरती है, जनता का घोर घपमान करना है । जनता इस को कभी बदौरत नहीं करेगी । जनता ने प्रपनी किस्मत जनता पार्टी की सौंपी है।

चन्द्वाण साहब ने विदेश नीति के सवध में भी पूछ बाते कही है कि प्राप ने नुट निएपेक्षता की नीति की स्वीकार किया है, यह बाप ने बहुत प्रच्छा किया है। यह बात उन्होंने कही इस के लिए मैं उनको धम्बवाद दुगा। किसी एक बात के लिए ही उन्होंने स्वीकारा कि हमने सही कदम उठाया । लेकिन चन्हाण साहब इस बात को सपम लें कि प्राप की जैसी गुट निरपेसता की नीति जनता पार्टी नहीं स्वीकार करती । भाग की गट निरपेक्षता क्या थी ? प्राप की गट निरपेक्षता यह यी कि चिली में मगर मनरिका ने परीक्ष रूप से भर्नेदी की हत्या करवायी तो उस की हो भाग है निन्दा की वेकिन जब रूस ने जेकोस्लोबाकिया पर हमला कर के दुवचेक की सरकार को निराया. उस की निन्दा माप ने नहीं की माप म,न रहे। बया यही सटस्थता की नीति है ? यह मूट निरपेक्षता है ? जिस्र समय हत्री में काफी पहले रूस ने जा कर इत्रे नैसी को मिटाबा उस समय भाग की उस समय की सरकार ने भी उस की निन्दानडी की । भगद धमेरिक व पनामा पर वा मेनिसकी

पर कोई घपना ग्रिधिकार जताए या उस समय पूर्वगाल की सालाजार की सरकार के अपर मोजिन्दन और घगोला पर अपना पधिकार जमाये रही तो वे साम्र ज्यवादी थे सेकिन चीन ने जब तिब्बत पर हमला किया तो भाप की सरकार ने तिब्बत पर चीन की सूजरेनटी की, उस की सार्वभौम सत्ता को स्वीकार कर लिया, यही घ्राप की गृट निरपेक्षताधी? इस को गृट निरपेक्षता कहते हैं ? यही कारण या कि जब श्रीलका में इस बार गट निरपेक्ष देशों का शिखर सम्मेलन हुया उस समय जब श्रीमती इदिरा गाधी वहां गई तो वहां प्रनेक देशो के प्रमुखी ने इस बात की नहा कि हिन्दुस्तान को हम गृह निएपेश देश नहीं मानते । यह इन के मृह पर बहुत बड़ा तमाचा था। जो देश कभी इस बात का ज़ुना कर सकता था कि वह गुट निरपेक्ष देशों का अनुवा है, पिछले कुछ दिनों में सौर पिछले कुछ वर्षों में चन्हाण साहब, माप की सरकार ने उस गृट निरपेक्षता को तिलाजनि दे दी भी। जनता पार्टी की सरकार गुट निरपेक्षता की मानती है वह सही माने में गृट निर्पेक्षता की भीति को स्वीकार करती है । मगर जिम्बाब्वे में, नामीविया में घौर दक्षिण मकीका में जन-प्रधिकारों का हुनन होता है या यहा जनता के प्रधिकारों की निर्मेग हत्या की जाती है तो भाप की परानी मरकार ने उस की निन्दा की। यह ठीक किया, बहुत ठीक किया । लेकिन जेकी-स्तोवाकिया, रूमानिया भीर रूस में जब वहां के बढ़िजीनियों के मानवीय अधिकारी का इनव किया जाता है तो उस के लिए भाप की अमती इदिरा गाधी कभी नहीं बोली ? क्या कभी उन्होंने उस स्स व वेकोस्तावाकिया के उन लोगों का समर्थन किया जो मानव मधिकारो के लिए सबसे कर रहे हैं ? चेकोस्लोबाकिया के कुछ क्षोगा ने जो चाटर-1977 तैयार किया जिस पर वहा के भनेक बुद्धिजीपिरे के हस्ताक्षर हैं उस के लिए उन घोगों को देश से बाहर '

निकाला गया क्या इस के लिए चेक सरकार की निन्दा श्रीमती गाधी ने कभी की ? रूम में वैज्ञानिकों को बाहर निकासा गया. वहा के यहदी भगर अपने धाचार व्यवजार के लिए धार्मिक सम्मेलन करना चाहते थे तो उन को रोका गया. निकाला गया क्या दम की नि दा ग्राय की श्रीमती इंदिस गांधी ने कभी की ? इस को इस गट निर्पेक्षता की नीति नहीं मानते । हम तो जनता पार्टी की सरकार से यह निवेदन करेंगे धीर हम पुण विश्वास है कि भेरी पार्टी की सरकार ..(ध्यवधान).. . .

Re opening of Juie Mills in West Bengal

SAU 1 SHRI FUHENDRANAFU BASU Will the Minister of COM-ITRGE AND CIVIL SUPPLIES AND COPERATION to pleased to state

- (a) whether the closed jute mills of West Bengal will be reopened or taken over by Government, and
- (b) whether Government are considering to provide or make arrangement for adequate compensation for the unemployed workmen of the closed jute mills?

THE MINISTER OF COMMERCE AND CIVIL SUPPLIES AND CO-OPERATION (SHRI MOHAN DHARIA) (a) and (b) A State-105 L.S.—1

ment is laid on the Table of the House

#### Statement

The Jute Industry is one of the major organised industries of the country and occupies a significant position in the national economy Although its share in the country's export trade has of late declined for various reasons, it still holds a preeminent position and accounts for a sizable portion of the country's dollar earnings With about 43 000 looms installed in 74 units the industry accounted for about 32 per cent of world production and about 45 per cent of world export of jute goods in 1974 The total capital employed in the industry is of the order of Rs. 300 crores approximately generating employment to approxumately two and half lakh workers Moreover cultivation of rute provides a living to nearly forty lakh form families

To a large extent, the just industry depends for its health on the external market Of late our foreign just market that shrunk to a disturbing extent Besside, recession competition from synthetics and other just exporting countries added to the distiputly of the industry. The lack of investment for modernisation research and development and cut-dated family based management system are same of the well known causes of the present situation of the juste midustry. Due to various reasons, the fute and sixty has been paramy through a secrous guitation.

As on the 30t; December, 1978 the following jute mills by affected by work stoppage

- 1 Khardah Jute 1931.
- 2 Union Jute Co

Short horte diestion water i' in proce de

- [Shri Mohan Uharia] Bharat Jute Will. 4 Waverly
  - 5 Naffar Chandra.
  - 6 Alexandra
  - Kelvin
  - 3 Rai Bahadur Hardutrai Mosilol Jute Mill having resumed production on 13-10-1976 again was affected by work stoppage with effect from the 25th December, 1976

On the 30th December, 1976, a Committee under the Chairmanhip of Shir P K. Kail, Additional Secretary, Ministry of Commerce was formed for ensuring that closed jute mills, capable of being reopened, would start functioning. The Committee has gone into the cases of work scoppage and has been risking a care by case study of the problems of the affected jute mills.

Kelvin Jute 'lill and Waverly Jute Mill resumed production with effect from 1-2-1977 and 31-1977 respectively Moreover, Kinmson Jute Mill, which was almost on the verge of closure, he also been revived

The Committee has been holding serie, of meetings and is trying to tie up all financial arrangements reoured for 1copen ng the affected .ute mills The work of the Committee has been further actioned. Dialogues have been held by the Committee with the Banks concerend is ulso with the Indu trial Re-construction Corporation of India, Industrial Finance Corporation of India, Industrial Development Bank of India and the Reserve Bank of India It has been generally ugrand, in principle, that in viable cases, "tart up capenses and additional margin requirements would be provided by the Industrial Reconstruction Corporation of India 11 has further been agreed, in principle, that working capital requirements would be provided by the concerned commercial banks and that capital requirements for modernisation, senovation, balancing etc will be provided by the Indistrial Finance Corporation of India The cases of reopening Khardah Jute Mill, Union Jute Company and Alexandra Jute Mill are in odvanced stage of consideration.

The State Government of Bhar has been requested to examine the viability of Ran Bahadur Hurdutral Mottal Jute 1111 so that they may obtain institutional innance for reopening the same jute mill, in case it is found viable.

Negotiations have been initiated for arranging some concessional finance for restarting Naffarchandra Jute Mill

The question relating to grant of admissible reliefs to the industrial workers affected by work stoppege falls within the jurisdiction of the respective State Governments

SHR1 DHIRENDRANATH BASU May I know whether the Government is considering giving any compensation to unemployed workmen, who remain unemployed due to closure of jute mills in West Bengal\*

SHRI MOHAN DHARIA I have said in the statement that five jute milis are closed in West Bengal and one jute mill in Bihar All efforts are being made by the government to see that the mills which are now closed resume work. It is in this connection that I referred to the committee which has been appointed under the chairmanship of Shri Kaul House will be happy to know Waverly Mill had started working on 3I January 1977 and Kelvin Mill on 1 February 1977 Besides Khardah Jute Company, Alexandra and Union Jule Company are in an advanced stage of negotiations because the public financial institutions have agreed to come forward in respect of those mills and we are trying our hest so that employees would not suffer and

production of jute also would suffer

SHRI DHIRENDRANATH BASU Will the Minister be pleased to probe into the causes of closure of jute mills in West Bengal?

SHRI MOHAN DHARIA Sir, I said in my reply that lack of investment for modernisation, research and development and out-dated family based management system are some of the well-known causes for the present situation of the jute industry and it shall he the endeavour of my Ministry to go into the whole thing

SHRI CHITTA BASU Are the Government aware of the fact that the jute industry in West Bengal is in severe crisis and would the Govern ment make any assurance that they trould make an in-depth study of the crisis of the jute industry? Of course the previous Government had appointed a committee of this nature and it did not bring in any fruitful results, Would the hon Minister be pleased to state whether there is another Committee going to be appointed which will go into crisis in this industry and suggest remedial measures? second question is whether the Government proposes to nationalise the industry as a whole in the interests of the workers, in the interests of the jute growers and in the interest of the country's economy? Whether it is also a fact that about 80,000 workers in the jute industry have lost their jobs during the tast few months? What relief the Government proposes to give to these people who have lost their jobs? Whether it is also a fact that a large number of Rad'i workers are working in the industry? s'eps the Government proposes to take to employ them on a permanent bas a in the industry?

SHRI MOHAY DHARIA Sir, to far as the working of the Committee is concerred it will be a great inputice to the Committee to say that they

have not done any job I am thoronghly satisfied with their work and since I took charge of the Munistry, I activised the working of the Committee itself and in this connection, we have contacted some public financial institutions This is the first time that the public financial institutions have come together to help this industry, particularly the jute mil.s Regarding the nationalisation of jule mills there is no such proposal before the Government My friend would agree with me that by nationausing rute mills, all these problems cannot necessarily be solved because assues and the reasons are quite different. Regarding rehef to workers, I do have all my sympathies so far as the workers are concerned I wish that early steps had been taken by the previous Government when the apprehensions regarding the closure of the nutis were there Unfortunately it was not done However this House will apprenate that labour matters of this industry is under the jurisdiction of the State Governments and not under the Central Government. Recarding 'badh' workers it is for the State Governments to take into consideration how many badli workers are working there. However, I can assure the House that I shall take up this issue with the State Governments so that these workers do not suffer

SHRI SAMAR GUHA Sir. both my bon tricads are considering that the jute industry problems are the problems of West Bengal only But it is the prob an of whole of India because it is a large foreign exchange camin, industry and it is also maketuring thousands of labourers in Liber, Oriesa and West Bergal And 1) ylew of the crust there seems to be a belof that there had been at ue un entar I des nes la jure m la 15 the ental le Cor erest Min stora. This had created a kind of susticing there. It is also b "tred that certain artificial crisis had been created in the jute mills and also in the functioning of the jute Corporation I would like to know whether the government would institute enquiries at two levels The first enquiry should to be to see whether there has been any underhand dealings with the jute magnates for the collection of funds for the election as well as party funds and also whether in dealing with the Jute Corporation a similar thing happened That is one cycle The second cycle is that the committee which has been appointed should be reoriented or reorganised with mostly experts to go into the details about the nature of the crisis and suggest solutions not only to save the industry but also to enhance the production as well as into cultivation in West Bengal

SHRI MOHAN DHARIA As I said this is one of the major industries of our country Unfortunately the countries which used to import jute from us have started using synthetic matemais instead of jute That is one basic reason for the demand going down There is also a tendency in the world today to handle in bulk and naturally articles like foodgrains and others are carried through holds. In retail packaging lot of plastics used That is why the demand has gone down About internal consumption, we are trying our best to see that the rute undustry does not suffer for lack of demand. The other problem is about per-acre yield. There were not much efforts made to have better yield. The yield is about 1100 You per acre 'It we can increase the yield, it may be possible to take care of the prices and also ensure that the mills get adequate raw material We are aware of the problems of the industry About underband dealings and collection of funds, we shall have to go into it I cannot say ofthand anything today I shall certainly go into this aspect. About the committee, I can assure the House

that the Kaul Committee has been doing an extremely) good job shall certainly take the help of oxpertise that may be needed so we can modernise the industry and take it out of the crisis that it been facing

**भौ युक्ताज .** द्या वाणिज्य मती जी यह बढाएएँ कि विहार राज्य नी सरकार ने इस सम्बन्ध से धार० बी० एव० एम० जट मिल्स, कटिहार को घीघ्र सपने सधीन लेने की सिफारिश की है ?

SHRI JYOTIRMOY BOSU You are no doubt aware of the fact that 40 lakhs of farmers from Andhra Bil af, Assam, Orissa and West Bengal are engaged in the jute industry There are 21 lakh workers, majority of nhom are from Bihar, UP and Orissa, 16 to 17 lakhs are engaged in the trade of jute 60 to "0 thousand work kers have been laid off or retrenched As of today I want to know how many mills are really lying closed. On 8th February, 1977 after my release from the black era of emergency 1 spuke to Prof D P Chattopadl yaya then Commerce Minister and he had promised that he was ensuring opening of at least two mills in the Budge Budge area What has been done about at?

The IDBI is also boing to sive soft loan to jute, engineering and textile industry Is it not a fact that the Indian Jute Mills Association have paid Rs 2 crores through one of your predecessors during UP elections and Rs. 5 crores in the current elections

The trouble had been the greed for maximum profit Rs 100 erores have been given for modernisation. What is modernisation. Modernisation means shrinkage of 100 opportunities. Will this be suitable in our conditions?

Export duty is virtually abolished. They have purchased it under pressure. Jule is one of the highest foreign exchange earning commodity. Therefore, regarding reinstatement of those who have been lad off you cannot shrink the responsibility because you reap the harvest. The money that is earned through foreign exchange comes through the central exchequer. You cannot pass on the liability to the State Government. You have to inference in the matter.

About compensation to the workers to cover debt for survival, what are you going to do about it? They are living in semi starvation conditions Many have become destitutes and they are on the streets. The only remedy is nationalisation of jute mills. There is a very interest ing report from Dedbhuh laboratory in the United States which has said that jute could be processed to make it fit for human garments. Why that report has been shelved? And why that report has not been implementate.

SIRII MOIAN DHARIA Regarding information about the present jute milis, the production, number of workers employed and all that, it the hon. Member refers to the statement which has been laid on the Toble of the House by me in its first para, it contain, lot of information. Anyway, I cannot prevent Mr Besu from making the statement while he is ask, any a supplementary

I have already said that nationalisation of jute industry is not the solution to the present crisis. The issues are quite deep Presently while facing the marketing problem particularly in the foreign areas because of the use of synthetics instead of jute, I do agree with Mr. Bosu that all pos
h's efforts shall have to be made so that allong with the use of new science and technology jute is converted for some other purposes so that the demand and the markets could be propped up

Regarding relief to workers I have said that we are sympathetic and I entirely agree that this problem shall have to be resolved as early as possible It shall be my endeavour and I can assure the House that out of these 3 mills while er 1 30 12 76 at least six mills will be opera ting within the next three or four months That shall be my endeavour But the problem will be regarding the raw material My friend Mr Bosu is very well aware that the raw material chall be available from July on wards particularly from September/ October onwards Till that time we have no buffer stock and no imports are possible I have examined that possibility also. Let us be realistic to the problem Anyway, I assure that I have all my sympathics so far as workers are concerned If we resume the working of the mills, we can solve the problem to a great extent Regarding interim relief, I shall request the Labour Minister of the Central Government to take up this matter with the State Government.

SHRI MOHD SHAFI QURESHI have a keep to the minis or whether, as a result of the closure of jute mills, our exports of jute and jute goods have declined? If so what is the amount of loss suffered so fart

SHRI MOILAN DHARIA Our exports have not declined because of the mile. They have declined because there is no demand in the foreign market.

SHRI JAOTIRMOY BOSU It is to because it is being manipulated.

ध्यम्यसमहोदय यह दय सवा इसे नहा उटता है। प्राप गवाल को पर धौर उसके बाद मुखें। The Minister will answer you, but it has no bearing on this question.

(Intermetion)

The question is MR. SPEAKER about West Bengal.

SHRI DINEN BHATTACHARYA My quertion is sery sample Mohan Dharia is a knowledgeanle person, I know His predecessor Mr Devi Prased Chattopadhyaya, made a categorical statement on the floor of this House just before dissolution of Log Sabha that hhardah ju'e mill will be re-opened. A question was put to him and he gave a reply May 1 ask the Plinis' r predecessor has whether h s unay with the fier if the files are available with the new Minister, be may consult them and take steps I know that he immediately already committed to this that within 4 months 6 mills will be re-opened. May I appeal to him kindly to see that the Ishardah mill is re-opened within a month, and not 6 months? The new Minister should not follow in the footsteps of his predecessor of simply expressing plous wish and thereby tood-wink the people

SHRI MOHAN DHARIA. From my little experience I can say that even though Mr Chattopadhyaya is no more in the Ministry, the files are available in the Pfinistry I would be glad to start the mills as early as possible But there are several inherent difficulties I can tell them. The matter regarding one mill has gone to the High Court

SHRI DINEN BHATTACHARYA Regaring Khardah mill 1 can tell you that the case is no longer in the High Court

DHARIA I am MOHAN SHRI quoting several difficulties that there and in one case the liquidation proceedings are there. We are telling the States that they should not liquidated. So naturally, now shalf have to go to the High Court. In the case of other mills, it is not a question of finance so much mids require repairs. They are od mills. There should be rep accment of everything, right from the management. There are several questions Wathout applying my mind to all those problems, I am not really going to pump the money of the people into these jute mills. But I can assure my hon friends that all possible care will be taken to see that the jute mills

14

which are closed, start as expeditious. ly and early as possible But we should not do anything in haste because of which we will again be the sufferers

SHRI M. RAM GOPAL REDDY The Minister has correctly stated that one of the causes for the closure of the mills is that there is no demand for jute goods in foreign countries I want to know what sort of arrangements he is making so that there will be a good market for rute goods abroad Secondly, Shri Samar Guha has said that we have got suspicion about some people making some money I want to know whether he has got any definite information about it which he can supply to the House

SHRI MOHAN DHARIA I mentioned in my statement

"That lack of investment modernisation research and development and out-dated family-based management system are some of the well known causes of the present situation of the jute industry '

I have not stated that the jute mills have closed because the foreign markets have gone down I have not made any such statement Secondly, regarding the malpractices, it shall be my endeavour to go into them. But, as the hon Member is well aware, all these under-hand dealings are carried out without any evidence. So, it is very difficult to find them out because of want of evidence. What we can do is to take care of them for the

SHRI DINEN BHATTACHARYA What can the Minister here do when the Minister in the State is hand in g'ove with the Jute Mill Owners Association?

MR. SPEAKER No. Mr. Bhattachange, this is not the way to ask a question.

SHRI DINEN BHATTACHARYA-It is a fact If you will kindly permit me. I will prove that it is a fact

MR SPEAKER Will he kindly sit down? Even if it is a fact it cannot be raised like this between the two Members There is a procedure for that in the House

श्री उपसेन : मानतीय शब्यक्ष महोदय, इस बात को देखते हुए कि पश्चिम बगाल की जुट मिलो का उत्पादन टीक से नहीं हो रहा है क्या मुद्री जी धपनी सरकार की नीति की स्पष्ट घोषणा करेंगे कि इन तमाम मिली का जो पश्चिर बगाल तथा दूसरे प्रान्तों में हैं उनना तत्काल राष्ट्रीयकरण किया जायगा ?

भी मोहन धारिया: मैं ने तो बता दिया है कि केवल राष्ट्रीयकरण करने से यह मसला हल नहीं होगा और जो कारण में न प्रपने स्टेटमेट में बताये हैं उन के प्राधार पर इस बात का ब्यान रखते हर कि जुट इडस्टी हमारे देश की बड़ी इबस्टी है हमारी पूरी कोशिय रहेगी वि यह इ इस्ट्री धारो बढे ।

I am not going into the question whether previously one Minister was hand in glove with the Jute Mill Owners' Association But this House can rest assured that, so far as this Government is concerned, there will not be any sort of under-hand dealing as in the past. In fact, I have already started operations to clean the Commerce Ministry, which has got some notorious name outside. I can assure this House further-more that not only in the case of the officers but also the industrialists or the exporters, if they try to play any unfair practice all possible care will be taken to see that they do not have any place in the Commerce Ministry, they do not get any co-operation from the Commerce Ministry The House can rest assured of that,

So, I would certain responsibility like to know the attitude of the Government towards the financial assistance required by the States from the Centre for easing the situation there

SHRI MOHAN DHARIA already stated that this question is related to the sick jute mills We have already discussed the with the public finance institutions It is the first time perhaps that they have come forward, as they have done in the case of the textile industry or the engineering industry to give proper assistance to these sick sute mills. To that extent all nossible co-operation will be given to these mills and the State Governments. and no party politics will come between the State and the Centre as in the past

धी सदान साल कपुर । विहार में 30 धीमदी जट पैदा होता है. मैं जानना चाहता ष्ट कि नटिहार के राय बहादुर हरदत अमरिया बट मिल को सरकार अपने हाय मे तेने के लिये क्या कोई समय निर्धारित करेते ?

SHRI T A. PAI In view of the fact that jute is one of the most important industries of the country employing lakhs of people and that the future of the industry depends upon our international markets, apart from short-term measures that the Government would like to take, I would request them to look into the long-term prospects within months and prepare a comprehensive plan because so far we have been attending to it in a piece-meal manner to meet expediencies from time to time it is a question of not only the international markets but also bow the internal market can be stimulated and how the industry, which has failed to take advantage of researc's and development in the course of these years, can meet foreign competition. Would the Government therefore consider not only substitution of old machinery by new machinery but, if necessary, the restructuring of the industry?

I entirely SHRI MOHAN DHARIA agree with the hon, Member and I can assure him that with the co-operation of the bon. Member and other Members of the House we would very much like to take care of this industry and take measures in a proper perspective My Ministry will endeayour to see how we can have that sort of planning

थी हुरुमदेव नारायण यादव - मैं मत्री महोदय से जानना चाहता ह कि बीमार कृट बिनों के लिये क्या उन्होंने किसी दवा का धर तक श्राविष्कार किया है जिससे उननो अल्ड से जस्द तन्द्रस्त बनायां जा सके ? जुट मिलो के बन्द होने स, किसान जो उत्पादन करता है उससे उसकी खेती पर भी बसर पहना है। **मगर** जूट मिल बन्द होगी सो किसान की हालत मी बदत्तर होगी और उसके परिवार पर भी मसर पडेगा। बीमार मिल जल्द तन्दुस्स हो सके मौर किसान को खेती भी सुघर सके, इसके लिये जल्द कदम उठाये जाने चाहिये ।

श्री मोहन धारिया - माननीय पदस्य ने जो सवाल उठाया, मैंने उनका ही जबाब दिया था। मैं फिर नहना चाहता हूं कि इम बारे म हमारी पूरी कोशिश होगी।

SHRI S KUNDU Mr Speaker Sir. I read the statement of the hon, Minister with great care and attention. I would like to know from the hon Minister whether the crisis in Jute Industry would be accounted for to the gains of emergency? The jute industry started facing erisis after June 25th soon after the second emergency was declared and more than 50 jute mills were closed down with the result that about 80 000 workers direct and indirect thrown out of employment ions amounting to about Rs 16 crores are given to them I would like to know from the hon Minister whether he would make a statement regarding this so that we could know what are the gains of emergency? Day before yesterday, there was a report in the Economic Times According to that report, some more jute mills are going to be closed. I would like to know what is the real state of affairs in this industry? Thirdly, in the statement, in the second paragraph, it is mentioned, "Of late, our foreign jute market has shrunk to a disturbing extent.' I think this is a story of about one year back. This story was given by the Ministry of Commerce which administered the department during the emergency I think the hon Minister would throw some light on this I think as usual some officers must have prepared this statement The facts are not upto date I would like to know what is the actual position of the entire market?

SHIM MOHAN DHARIA So for as this industry and the emergency is concerned perhaps the present state of affairs of the jute industry likelf is enough to reflect over the so-called gains of emergency. This industry lad suffered badly during the emergency it has never happened in the

past So far as the next point regarding some additional mills falling sick is concerned I have taken note of it If the reference of the hon. Member is towards those jute mills Andhra where there is a strike I may say that I am equally ignorant because I have read about it this morning I have called for the report, of the State Governments I may further add that I am as ignorant as the hon. Member 15. As far as your third point regarding the entire position of the market is concerned I have already replied to that point.

SHRI KRISHNA CHANDRA HAL-DER Mr Speaker Sir about 00000 workers have been retrenched due to the elecute of these pute mills I want to know from the hom Munster whether any measures well be taken against the owners of these mills for illegally closing these mills I also want to know from the hom Minister whether Government will advise the Jute Corporation of India to supply raw jute to the flour mills for reopening of the jute mills?

SHRI MOHAN DHARIA That the reason why the word stoppage' of the jute mills has been used in my statement. I have not used the word 'closure' I do not know whether it is legal or illegal. It is for the State Governments to find out whether the management has closed these mills legally or illegally, whether there was any lay off or not and whether they would pay compensation for it or not. I know nothing about it I am very much concerned about the stoppage of work which amounts to retrench ment immediately Regarding the other aspect, I have already explained

## QUESTION OF PRIVILEGE

Certal, Rimarks by Shelt T N Kaul, on television nethods in U.S.A in July, 1975

SHRI JYOTIRMOY BOSU (Diamond Harbour) Mr Spearer, Sir Under Rule 222/223, I have already given notice seeking your content to raise an issue of privilege. The facts of the case are as follows—

On 11-7-75, after the proclamation of Emergency, Shri T N Kaul, the then Indian Ambassador in U.S. presently Chaurman, Indian Council for Cultural Relations—I am told he

has resigned today or yesterday—in an interview telecast by the B.B.C, one of the national television network of the USA said

> \*Political leaders had not been jailed but detained in houses\*\*

This is a gross distortion of truth and it wholly contradicts publications altrady made in Part II Bullclins of Lok Sabha under your orders and authority notifying arcets and detentions of a number of political leaders in the Opposition. By this action, he has committed a serious breach of priviter of the House as well as of the Mombers detained in juils.

I, therefore, request that the matter be referred to the Privileges Committee for proceeding further into it.

'That Shri Godey Murahari, a member of this House be chosen as the Deputy Speaker o' this House"

THE MINISTER OF PARLIAMEN
TARY AFFAIRS AND LABOUR
(SHRI RAVINDRA VARMA) 1
second it.

MR. SPEAKER. There are no other names before the House

Anyway I will put the motion to the House. The question is

That Shri Godey Murahari, a member of this House be chosen as the Deputy Speaker of this House."

The motion was adopted

THE PRIME MINISTER (SHRI MORARJI DESAI) I offer my con-

gratulations to Shri Godey Murahan on his election as Deputy Speaker I hope and trust that he will conduct the proceedings of this House with fairness and in true democratic parlia mentary traditions

I assure him of the full co-operation from all members of this House

SHRI YASHVANTRAO CHAVAN May I Join in offering my congratula tions to the Deputy Speaker Shri Murahari

Shri Godey Murahari is rot new to the parliamentary life. Though be is sutting in this House for the first time, he has been a Member of the other House where he has functioned a the Presiding Officer and that too very fairly and effectively and to the satus faction of all sections of the House is have no doubt that the same tradilions he will continue to maintain and I can assure him, as the Prima Minater did, of our full coope ation.

SHRI SAMAR MUKHERJEE (Howrah) On behalf of my Party the CPI(M) I congrutulate Mr Murahari On his being elected unanimously as the Deputy Speaker

I will request Mr Murahart to keep in v ew the conditions under which he has been elected, the new background of the national s tuation and the hopes raised in the people. I 'loope he will prove, himself worthy of the expectation, raised in the minds of the people. I offer him the full co-operation of our Party in discharging his responsibility.

MR SPEAKER Anybody from AIADMK?

All right Shrimati Parvathi Krishnan

SHRIMATI PARVATHI KRISHNAN (Combatore) On behalf of CPI I would like to extend our warmest felicitations to Mr Murahari and assure him of our fullest co-operation.

bim outside the House and we are aware of his very affable and equable temperament and I am sure he wall bring great dignity to the office he is about to enter upon

SHRI ERRAHIM SULAIMAH SAIT (Manjeri) On behalf of the Muslim League I would like to extend my greetings and feliciations to Mr Godev Murahari on his election as Deputy Speaker

Shri Muranari is a person of very charming habits and he has discharged his duties as Deputy Chairman of the Rajya Sabha previously I hope he will do justice to all sections and Parties in this House and I convey my greetings to him and wish bim alí success

MR SPEAKER I am happy to join hon Members in felicitating Shri Godey Murahari on his election as the Deputy Speaker of this august House My congratulations to him. Shrl Murahari comes to this House with a rich experience of parliamentary life in the other House

To me personally, it is a matter of satisfaction to have an experienced colleague like Shri Murshari to share the responsibilities of the Chair In parliamentary democracy Presid ing officers are naturally expected to maintain high standards of im partiality and Integrity in the performance of their duties so as to inspire confidence among all sections of the House and among all members irrespective of their party affileations. While ensuring the orderly conduct of the business and its timely completion we have to take particular care to see that all sections of the House have adequate opportunity to put forward their view-points and have no legitimate cause for grievance on that count

I again heartily congratulate Shri Murahari and wish him well.

SHRI GODEY MURAHARI (V1jaywada) Mr Speaker, Sir, I am deeply grateful to all the colleagues who have just spoken as well to you

I know that as the Deputy Speaker of this House I will have to exercise the utmost impartiality that is expected of a Presiding Officer and I shall endeavour to do s., a., I did in the other House Let me assure everybody in this House-whether they are sitting on the other side or this side-that as far as I am concerned henceforward I belong to all sections of the House and not to any particular section

As far as you are concerned, I have had some association with you while being in Parliamentary delegations or otherwise and all my experiences has been very pleasant. I know that in the conduct of my duties here as Deputy Speaker you will be guiding me as an elder brother and giving me the utmost affection that I can get from anybody, especially in view of the earlier association that we have had while you were Speaker of this House

We have just passed through one of the greatest experiments in democracy and come out as one of the biggest democracies that have experimental in the general election in o free and fair manner I am sure the will of the people as reflected in this House will be respected by all sections of political opinion. I am sure in the conduct of business in this House we as Presiding Officers have a very onerous task because we have to Leep a very delicate balance between what goes on in the House and the aspirations of the people outside. I am very concious that even while serving as Presiding Officer I must be conscious of the people's aspirations and try to see that this House reflects the aspirations of the people outside therefore I can assure you with whatever little capacity I may be

# IShri Godey Murahari)

serving here I shall endeavour to keep these ideals in view and try to make the experiment of parliamen tary democracy in this country as successful as it should be and I expect all sections of the House would give me their co operation became I know many people sitting on the other side are friends and colleagues with whom I have worked even outside this House As a matter of fact with many of them I had started my politics and therefore I am very confident that in the conduct of my duties as Deputy Speaker I shall not only get the so operation from the Treasury Benches but also the side to which I belong now At the same time I am conscious of the fact that it is not always the Opposition that needs protection from the Chair sometimes it is the Treasury Benches -I think many times it is the Treasury Benches that require protection from the Char because when the Opposition forms the Ministry at is often times the Chair which has to protect the Treasury Benches I am conscious of all these factors while I take up the duties of the Deputy Speaker

I once again thank everyone of those who have spoken as also you for felicitations

MR. SPEAKER Now we will take up further discussion on the President's Address. We have taken 4 hours 45 minutes Hitherto the leaders of the parties were speaking Naturally I gave them enough time I did not want to disturb them. इस देश के सार्वजनिक क्षेत्र बार निजी क्षेत्र के मजदरो तथा सरकारी कर्मनारिया श्रादि छोटे से छोटे भादिमयों की ग्रामदनी का एक हिस्सा प्रतिवार्य जमा योजना में जमा कर दिया गया है । जहां तक कीमतो का सम्बन्ध है। रिवर्व वैन की रिपोर्ट और वित्त मती महादय के भाषण से स्वय्ट है कि बाक मत्या म 12ई प्रतिशत भीर फुटकर मूल्यो में 35 प्रतिशत की वृद्धि हुई है। कीमतें बड़ी हैं, सेविन लीगी की भाषी मामदनी की कम्पलसरी डिपाबिट स्कीम में जमा कर दिया या है। इस प्रकार पिछली सरकार ने करोड़ो लागो की भूखों मरने पर विवस किया है भीर उन के परिवारी नी दशा दयनीय हो गई है । क्या मदास्पीति को नम करने का यही तरीका है ?

SHRI K. LAKKAPPA (Tumkur) Mr Speaker, Sir, I watched with rapt attention the participation of new Members and also listened to the speeches of Sarvashri Karpoori Thakur and Hegde

My leader Mr Chavan, has put it very rightly that some of the new Members on the opposite side are our old socialist friends. Some of them are, of course, new friends

Mr Speaker Sir, most of the speakers in their speeches have only blown out the air and dust of the elections and it was a rather pale picture that they have depicted about the policies and programmes of the Janual Party They have made mostly statements of their election experiences and at the same time they have castigated the good things done by the previous government as according to them, they were bad.

Of course, I appreciate that the new government during its short existence of seven days cannot do much. I can also see that the new Prime Minister has made a categorical statement while assuming office that the verdict of the people will be repected and in accordance with the verdict of the recope, that there is no mallec, there is

no vindictiveness and there is no prerudice and there is no realousy. But in most of the speeches. I think most of the members criticised the defects of the previous government and sometimes even accused, in choicest words, the previous government and is set up Sir most of our friends on this side are also representatives of the people and the Janata Party has been in existence only since 3-4 months here is the Congress Party which has been saddled for the existence and for the freedom of this country and most of the stalwart leaders like Shri Jagiivan Ram and our present Prime Minister were part and parcel of this Congress Party and most of the new members may not he knowing it, but we respect the leader of this House, the Prime Minister

SHRI SURATH BAHADUR SHAH (Kheri) You Congress was born ooly in 1969

SHRI K LAKKAPPA With all respect, our Prime Minister, while assuming office has categorically stated that he will not run the Government with the projudice of the pravious government Sir, most of the Members of that Party have categorically castigated personally the previous Prime Minister and various speakers including the sharp speaker. Shri Hegde have made certain speeches discrediting the accountability and the respectability and whatever the things done by the previous government I never expected this attitude I do not know the mind of the Prime Minister, but most of the Members must know what the assurance given by the hon Prime Minister to this House is. Sir, they have charged that the Congress Party has ruined this country, the Congress Party is responsible for mutilation of the Constitution and all these things.

MR. SPEAKER Mr Lakkappa, there is a clarification.

THE PRIME MINISTER (SHRI MORARJI DESAD I have not given any blanket assurance of any kind I only said that there will be no witch hunting there will be no vendeance and we are not coing to do anything deliberately against anybody But if any complaints come, we will have to go into them More than that when the hon Members and even the Leader of the Opposition calls the Janata Party an animal how do they expect my colleagues here not to take ne ice of it?

MR SPEAKYR Mr Laksappa, I don't think anybody has anything to say personally against the ex-Prime Minister Certainly not They will have to entiries the policies and they have criticised There is nothing wrong in that I have heard the speeches. Personal attack was not at all there About the policy that was followed and all that. they said it But there was was a wrong policy no personal attack We shall not allow that Mr Lakkappa, go ahead with your speech

SHRY SURATH BAHADUR SHAH On a point of information. Sir

SPEAKER How can the Chair give you information\*

SHR1 K. LAKKAPPA. Sir. the President's Address has given or painted a very gloomy picture about it and it could not spell out what is the policy, the programme and the ideology of the Janata Party because I know the inner contradictions of the Janta Party consisting of these people They have got a lot of contradictions themselves Of course Mr Patel has also stated that this is not the policy and philosophy of their party, but they have presented a Budget which was prepared by the previous Government and have done so only us a constitutional requirement. Therefore, Sir, 1 do not want to comment on it.

Sir, regarding the President's Address, should it not reflect the real picture and the programme which is envisaged or likely to be envisaged Ly the present Government? It should bring out all that they had inspired and pictured in their manifesto. Even that has not been made clear in the President a Address. Why? friend flegde said that nothing had been done, I should like to quote the figures to show the achievements of the twenty point economic programme (Interruptions) You must give credit to the rold thinks that were done by the previous govern-As Mr Subramaniam pointed out yesterday, if you want to demolish the entire image of the country, you may do so. The hon Minister said that the attitude of the present government would not be a vindictive one or prejudicial to the nation. I sm glad about that Our Leader had elso assured hun that wherever possible there will be cooperation and constructive opposition. You cannot say that there was no discipline, no production or no achievenient during the Emergency, and that the 20 point programme was a farce The index of production for hasie industries rose from 91.5 to 102.7 in 1973-76 There was a point rise in coal production, point rue in fertifisers. So, you cannot say that there were no economic achievements and there were only Emergency and black laws. In your opinion there may have been black laws, But a verdict in our favour has been given in the south Do you think the votes in the South are not angels and all the voters in the north are all angles. Emot onal considerations might have been there in the north and they might have upset the elections

[MR DEPUTY-SPEAKER in the Charl-

We believe in democracy, socialism and secularism and there will be further elections also, this is not

the first time that I am here, I am here and this is the third time Steel production increased by 179 cement production by 17 points power generation by 132 crude oil hy 98 and aluminium by 55 8 points, and vanaspati by 40 They were referring to black laws What are the black laws? There was coiling on agricultural land and surplus land was distributed in the country I know my friend Karpur, Thakur, he represents the minorities in Bihar, he was in my party earlier. He is a very respectable leader and he says that no land was distributed. Here is a report which says that the total number of returns filed under the ceiling laws was about 1321 lalhs, seven lakhs of cases have been disposed leading to the declaration of 1785 lakh acres of land as surplus land

Let the total number be 5 lakhs or 10 lakhs or 17 lakhs But you will agree that land reforms have taken a deep root in this county Are they not progressive measures? There is no use discrediting the previous Government and the previous leader for bringing forward social legislations like these Many hon Members would agree with me that social legislation like land reforms etc is a great achievement 57 per cent of the total population in this country are living Lelow the poverty line and they are rural based. They have been for the first time given house sites and other fecilities during the Congress Government rule under the leadership of Shrimati Indira Gandhi You are aware that there is no problem of house sites in Manipur Narsland Arunachal Pradesh, Goa, Dau and Daman, Lakshada rep and Mizoram In the remaining States, about 68 lakh house sites have been affotted to the landless and weaker sections. In States like Gujarat, Harrans, Himachel Pradesh, Maharashire, Punjab. Rajasthan, UP and the Union Territories of Chandigurn and Delhi, allotment of house sites has just been

completed For the construction of houses on the sites allotted to them, most of the States have taken up the question of providing either free or at subsidised cost building materials and other things But you cannot say that this work has to be completed in full within a short period of time You know that ours is a big country where the Government machinery has to be geared up to dothis job Of course, there may bemustakes and faults on the part of the bureaucracy But do not make such remarks against the previous Government which had brought forward progressive measures for instance, abolition of bonded labour Which Government had abolished the Londed labour? Bonded labour could not be abolished for the last 30 years or so At that time nur present hon, Prime Minister was the Finance Minister and the Deputy Prime Minister At that time I was on the Opposition side The socialist friends who are now sitting on the other side were demanding social legislation like abolition of bonded labour This was done by the Congress Government But if we had failed to abolish the bonded labour, then there would have been a lot of criticisms both inside and outside the House.

Then other social measures likeliquidation of rural indebtedness moratorium on the recovery of loans taken by landless and small farmers were also brought forwerd. Do you want to do away with these legislations? Is it the policy of the present Government to do away with these legislations? Is it the reflection of the will of the people of this country? I do not think it is so I think in the northern belt, certain emotional issues were being involved and that is why the election results in these areas were upset. But it is not so in southern States. It is a credit for the Congress Party that their programmes heve reeched the pearls of the common people there My experience in the recent elections is

STATEMENT RE FIXATION OF INTERIM RATES OF WAGES FOR WORKING JOURNALISTS AND NON-JOURNALIST NEWSPAPER S.MPLOVERS

DEPLTY-SPEAKER Shri Ravindra Varma to make a statement.

THE MINISTER OF PARLIAMENT-ARY AFFAIRS AND LABOUR (SHRI RAVINDRA VARMA) Sir, a statutory Wage Board for non journalist newspaper employees was constituted by the Central Government on the 11th June, 1975, under section 13C of the Working Journalists and Other News paper Employees (Conditions of Ser vice) and Miscellaneous Provisions Act. 1955

A similar Wage Board for working iournalists was also constituted under section 9 of the Act, on the 6th February, 1976 The Central Govern ment, being of the opinion that it was necessary to fix intenm rates of wages both in respect of non journalist em ployees and working journalists, sought the advice of the two wage boards in the matter. The advice of the Wage Board for non-sournalists as well as that of the Wage Board for Working Journalists was made available to the Government in June and October, 1976 respectively Both the Wage Boards were of the view that nonnournalists and working rournalists should be given relief from the 1st June, 1975 The Wage Boards also proposed further enhancement in the quantum of relief from 1st January, 1976 An immediate decision should have been taken in view of the urgency of providing relief to the employees. Unfortunately, the then Government took no decision in the matter and kept the question pending

60

Government have now taken a decision to fix immediately the interim rates of wages under sections 13A and 13D of the Act on the basis of tha advice tendered by the Wage Board for the Non journalists and the Wage Board for Working Journalists. Government have also considered carefully and sympathetically the question of grant of rehet from the 1st of June, 1975 as proposed by the two Wage Boards While the Government can well understand the case for retrospec. tive fixation of interim wage rates, they have to consider the matter within the framework of the law Whereas sub section (3) of section 12 of the Act. enables final recommendations of Wage Board being brought into operation retrospectively, there is no such provision in the existing Section 13A relating to the fixation of interim wage rates The law as it stands, therefore does not clearly empower the Government to fix interim wage rates re trospectively. Government, therefore, propose to take early action to ex amine in detail whether Section 13A of the Act needs to be changed to give clear power to Government to fix interm rates of wages with retrospective effect.

I am glad to announce that without delaying the matter further, Government have decided to take action to

I am also glad to inform the House that as a result of the fixation of the interim wage rates there will be in crease in the existing emoluments of non journalist employees ranging from Rs 23 to Rs 85 p.m. depending upon the class of newspapers, weekhes, periodicals etc to which they belong In the case of working journalists the increase will similarly range from Rs. 85 pm to Rs 131 p.m Rehef is also being given to part time correspondente

पूर्ण बात है-इस देश में धाज तक महिलामी को सही रूप में देश के कार्य में नहीं आहा गया, न सामान्य स्तर पर भीर न दलित समाज में दूस प्रकार का धारम विश्वाम पैदा हथा कि हम भी इर देश के निये रूछ कर सकते हैं। इस तरह का प्रात्म विश्वाम जगाने का बाम धाज तक नहीं हमा। हरिजनों पर भी भत्याचार बदते गये। इस म सन्देह नहीं कि पिछले सालों में हमने बुछ बाबून प्रवश्य बनाबे. लेकिन फिर भी धत्याचार कम नही हा सह । मैं ऐसा समझती हूं कि इस के लिये देश म एक प्रकार की भावना पैदा होती चाहिये कि हुमको भी इस देश म बुछ स्थान मिलेगा, इस देग की सामाजिक प्रक्रिया में हम भी कुछ कर नकते हैं। इस प्रकार की भावना जगाना बहुत जरूरी है। पिछली सरकार भी 30 सालों की यामिया का यह नतीजा है कि ऐसी भावता फैली है-मब उस भावता को दूर करना

बहुत जरूरी है।

बरतीय संस्कृति का भी नाम लेना शरू कर दिया था। गाबी जी का नाम नो लेना भूरू कर दिया मा, कहनामुरू कर दियामा कि में पश्चिमी जनतज्ञ की पद्धति को विल्क्स पालो नहीं करूगी, हमारी जनतबीय **पद**ित ग्रपनी है, हम भारतीय संस्कृति के धनुसार जनततीय पद्धति को चला रहे हैं। इस पर मझे विचार भाषा कि मुझे भारतीय सस्कृति को फिर से पढ़ना चाहिए । उन्हाने हमको बाध्य कर दिया कि मैं किर एक मर्तव वेद, उपनिषद, पुराण गास्त्र, महाभारत रामायण सादि पढ डालु । पड़ कर मैंने उनको पूरा पूरा लिख दिया कि मुझे घभिमान है कि मैं भारत में पदा हथा और आप भी मानती हैं कि मारत एक ऐसा राष्ट्र है जिसने दुनिय को जनतन दिया है, यह भारत की ही दनिय को समानता भीर और स्वतवता की देन हैं। में उदाहरण देता हू । महाभारत की सबाई समाप्त हो गई। मैं जल्दी जल्दी चल रहा ह। पाडव गए और पूछ कि दुर्पोधन मरा या नहीं । भीम ने कहा कि हमने 99 साइयो को मार दिया है चेनित यह नहीं देखा कि दुर्भोधन भरा है या नहीं। यून्ती ने बड़ा कि पदा समामी सहदेव पहित कि मरा है था नहीं । सहदेव ने नहां कि नहीं मरा है । फिर पानों भाई कथ्ण के साथ खोजने चले गए । एक बहुतिय ने नहा नि एक घादमी जा रहा या कोई बहुत बड़ा मुक्ट धारी भीर इन लोगों ने समझा वही होया। वे गए भौर जाकर देखते हैं कि सुधा सागर में पानी के नीचे मुनुट चनक रहा है। भीम सलबारवा है, काहे नपमक हिन्दें तुम तमाम भाइया को करल करा करके यहां लक्ष्मी के पास था कर के मुधा सावर में छिप गए हो। वह बहादर या लेकिन पाओ या । निकल पडा । लक्ष्मी ने पाव पकड़ लिया। फिर भीम ने ललकारा। वह फिर निक्सा । फिर लक्ष्मी ने पाव पकड़ा । फिर उस धमन दक्त यथा । बाद मैं भीत ने ललकारा मोर वह निकल पड़ा । धर्मण्य यूधिक्टर स्वा बहुते हैं, मैं पहला हूं कि मारत की एक्सीक्ष म, भारत की धर्म नीति में, भारत के सम ज नास्त्र में हूं भारतीय नागरिक को फिर चाहे वह हिन्दू, मुसलमान, सिख, ईहाई, चमार, बाह्यण, बनिया कोई भी, हो इस तथ्य की सपने हृदय में रख

धर्मराज यधिष्ठिर ने कहा दुर्योधन तुम द्मकेले हो चौर हम पाच है इसलिये यह लडाई वेजोड है। तम हमारे पाच सदस्यों में से किन्हीं दो को चुन लो। तीन तीन की बराबर की लड़ाई हो। लड़ाई बराबर की होनी चाहिये धर्मराज युधिष्ठिर क भुखारिवन्द से निकले हुए यह साधु शब्द है। इस से समानता की बात समझ लोजिये । म दुर्वोधन को देखिये, वयो कि उस की बढ़ि कुटिल थी, वह कहता है कि महाराज भगर में भर्जुन भीर भीम इन दो की चन तब माप क्या कहेंगे। उस ने कहा चुन लो । तुन ने लो सर्जुन और भीम को मीर तेरी मौर से वह खुबजम कर लहाई लहें, भीर वह सड़ेंगे । तुम नया समझते हो कि मुम्हारी जीन होगी मर्जन भीर भीम की ताकत भौर वल पर । मैं सत्य पर हु, हुक पर हु, इन्साह पर हू, न्याय पर हू, इसलिये हमारी जीत होगी ! हमारी जीत हेवल अर्जन और भीम के बल पर नहीं होगी । इसलिये मैं कहता ह कि जनता पार्टी सत्य पर है, इक पर है, इन्साफ़ मौर न्याय पर है। इस नी जीत हुई घौर होगी, इस का कोई बाल बाका नहीं कर सकता 1

तो डा॰ लोहिया को पढ़ो, उन को जरा समझ हे को क्षमता पैदा करो । 1962 में चीन के हमले के बाद से डा० लोहिया ने मनेवरत प्रयत्न किया है कि सभी विरोधी दल एक हो जायें। डा॰ लोहिया ने यह भी कहा है कि जनसम है, सोमलिस्ट पार्टी है, स्वतन पार्टी है और जितनी पार्टिया है, सभी पार्टिया एक हो जायें और एक महाराक्षस जी काग्रेस पार्टी है उस को सत्ता से हटाने के लिये यह पार्दिया एक हो जायें। यह बात उन्हीं ने एक बार नहीं खरेक बार वहीं है। 1967 में जो डा॰ लोहिया ने लख लिखा उस को पढ़ो । डा॰ लोहिया एक दूरदेशी थे, एक कुशल मीग्य, कमंड नेता थे। श्रीर नेता में केवल तीन को ही मानता हु --एक सुभाप, एक गांधी घोर एक डा॰ लोहिया ।

जयप्रकाश जी एक माननीय सदस्य नहीं ।

भी राज नारायण : मभी वह जीवित है। डा॰ लोहिया की जिलाब को पढ़ेंगे तो उन्होंने लिख दिया है कि पाय वर्ष ने बाद काग्रेस ट्टैगी । कार्रेस के टूटने के बाद घोडा समय कुछ धपले का चलेगा । उस ने वाद फिर समतल घरातल यायेगा और फिर जनता का राज्य कायम होगा । डा॰ लोहिया की भविष्यवाणी सोजह माने सही हो गई।

ग्रीर एक बात में कहना चाहता हु, श्री चन्हाण साहब या चन के भाई जी यहा पर हो वह इस बात को समक्ष में कि कृष्ण का जन्म हुमा जेल म । यह भी हमने लिख दिया है सरकार को । कस वो पता नही चला कि हमारी "हन के पेट से पैदा होने वाला कृष्ण हमारा नाश करेगा। जनता पार्टी या जन्म जैल में हो गमा। इन्दिरा जी को पता नहीं चल पाया कि जनना पार्टी उनका नाश कर देगी।

काग्रेस राज्य में यह हमारा 56वी बार वेंस जाना था। 30 साल की ग्राजादी में

करीब 14, 15 "ार जेल गये घीर धरेजी राज्य म 4 बार 4 स ल गये । भव यह न सम-क्रिये कि यह ने बल एकाएक हो गया-हमने लात खाई, ढडे खाये, जुते खाये, हमे मारा गया, पीता गया, घसीटा गया श्रीर जुर्माना किया गया । जितने मित्र यहा बैठे हैं, सर जानत हैं । यह तमाम पासिस्ट ातें जो कांग्रेस म बस गई. उन शक्तियों का क्षमें हम लोग भोग चुके हैं। इसलिये इन तमाम बातो मे जाकर के हम नही पडना चाहते ।

श्री वसंत साठे में जानना चाहता ह कि बभी भाग ने क्या कहा ? क्या यह कहा कि ये तमाम लोग खस्सी किये गर्थे ?

श्री राज नारायण हमने कहा कि घसीटे गये. म रे गये. पीटे गये । इनको किसी ने बता दिया है कि बीच बीच में टोकिये जरूर।

फिर हमा इन्दिराजी को लिखा कि इन्दिरा जी, धाप रामायण को भी पढिये भारतीय संस्कृति देखिये । भारतीय संस्कृति में भी राम चन्द्र जी एक दिन रात को घोते पर जाते हैं, 4, 6 मादमी एक जगह बैठे हैं भौर यह बह रहे हैं कि हमारा राजा वितना मच्छा है ---

दैहिक दैविक भौतिक तापा, राम राज्य काह नहि व्यापा ।

राम के राज्य में कोई किसी से बैर करता ही नहीं, क्योंकि वहा विषमता थी ही नहीं, मगर इतने पर भी एक ने बहा कि-साल भर तक सीता लका म थी, राम ने उनको भएने पास रखकर मध्याकाम नहीं किया । यह राम ने प्रप्रोकान से मना । तुलसी की रामायण में नहीं मिलेगा, सेकिन 10, 5 भीर में जरूर यह मिल जायेगा ।

इसके लिये राम रात भर जावते रहे और भोचते रहे। में उनका तर्कश्रापको बताता ह। उन्होंने यह तक किया कि मैं राजा ह. राजा का कर्तव्य होता है कि प्रजा का रजन करता । जिस पाजा ३: वर्स से प्रजा का रजन न हो. वह राजा नहीं है । फिर उन्होन यह नहीं कि मैं जानता ह कि सीता निर्दोप है, प्राणप्यारी है. फिर भी ग्रगर प्रजा के मन में हमारे प्रति शका है तो मैं सीना को त्याम कर द्या, मगर प्रजा का साथ दगा और प्रजा के मन में धपने प्रति तनिक भी शका नहीं रहते दगा।

श्री राज नारायण ' एक हाई सीट भुतपूर्व प्रधान मती के बारे में लिखता है कि उन्होंने धपने चुनाव में सरवारी सवारिया का इस्त-माल किया, उन्होंने पुलिस सुपरिस्टेंडेंट, हाइडल इंजीनियरों. सरकारी कर्मचारियो ग्रीर ग्रमों मचिवालय के यशपाल कपूर से काम लिया, इसलिए उन के चनाव की रह किया जाता है धौर उनको छ साल के लिए चनाव लडने के अयोग्य घोषित किया जाता है। या ग्राप समझते हैं कि इतना होने के बाद भी इस मृल्क की साठ करोड़ जनता ऐसे व्यक्ति को बोट दे सकती है, या उस पार्टी की बोट दे सकती है, जिसका प्रधान इलाहाबाद हाई कोर्ट के द्वारा ग्रमत्य सावित हो चका है ? इमलिए जनता ने उस पर ठोकर मारी। मारे उत्तर भारत म, सारे हिन्दी-स्पीकिंग एरिया म, उसका सफाया हो गया। इस पर धोज होगी ।

इसीलिए 25 तारीख की इमजेंन्सी लगी। 23 तारीख की यहा मीटिंग थी, लेकिन उस दिन जो जहाज पटना से बा रहा बा उसको पटना से भाने नहीं दिया गया। श्री अग्रप्रकाम नारायण ने हेलीको किया कि बहाज न घाने की बबह से मैं नहीं पहच पाया, ब्या 25 तारीख को मीटिंग हो सकती हैं। हमते बहा कि बाप आ जाड़बे. मीटिंग ही जायेगी । बाठ, दस लाख लोगों की मीटिंग हुई। थी जयप्रकाश नारायण ने प्रस्ताव रख ग्रीर उ । प्रस्ताव को पारित कर के जनता ने सर्वसम्मति से इन्द्रिराजी से त्यागपत भागा । इस प्रकार इन्दिराओं की यही पर खतरा मा बया । दिल्ली, चनारस, पटना में, जहा भी मैं जाना या. पब्लिक इन्दिराजी से इस्तीफा मागती थी। सारे देश में हवा बह गई कि इन्दिराजी इस्तीफा दें ! इस्तीफा न देने का एकमात्र उपाय इन्दिराजी न यह सोचा कि इयर्जेन्सी लगा कर सब देताओं की जेल मे दस दो ।

मुझे मालुम है कि इन्दिराजी के पास विदेशांके कितने बडे बड़े नैतामा के पत्र , याये कि क्या भारत की माजादी का यही गुण और यही स्वभाव है कि शी जयप्रकाश कारायण जैसे देता को, जिस ने माजादी के लिए अपने

श्री जयप्रकाश नारायण के गुर्दे में पहरें कोई शिकायत नहीं थीं । चडीगढ में उनकी जिस तरह से रखा गयाथा, उसी कायह नतीजा था। तिहाड जेल से मैंने चिटी लिखी कि भी जयप्रकाश नारायण का मुह धीर पाव मूज गए हैं, या तो हम लोगों में से किसी को बहा भेजा जाए, ताकि पता लये कि उनकी तबीयत कैसी है, या किसी बडे डाक्टर का सर्टिफिकेट दिखाया जाए । इस सबध मे मैंने बी॰ डी॰ टडन का नाम लिया।

इसके दूसरे दिन भेरा ट्रासफर कर दिया गया। लिख दिया गया कि राज नारायण का तिहाड जैस से रहना खतरे से खाली नही है, हरियाणा सरकार ने उनको अपने यह रखना कुबूल कर लिया है, इसलिये उनको हिसार जेश में भेज दिया गया है।

राम ने किसी के बहुने पर प्रजा का रजन करने के लिए नीता का त्याग किया ! वेकिन इलाहाबाद हाई कोर्ट के फैसले के बाद घपनी गद्दी को बचाने के लिए इन्दिरा जी ने हम को जेल मे भेज दिया। यगर राम चाहते, ती वह पाच सात धादिनयों को करल करवा सकते थे. या उनको जेल से भेज सकते थे। देकिन राम ने वह रास्ता प्रख्यार नही किया। उन्होंने कहा कि मैं सीता ना त्याग करूगा. लेकिन प्रजा का रजन करूया।

रुष्ठ नेता सोचते ये कि धगर मैं गिरफ्तार हो जाऊगा तो देश म तुफान मच जायगा । हमारे साथी जानत हैं इस बात की । सन 42 के घादोलन म लाई एमरी ने 19 म्बाइट प्रोधाम निकाला था । उससे लोगा ने पूछा कि गाधी को स्यो गिरपतार किया तो उसने सहा कि यह पुल लोडना चाहता या जैल का पाटक

वोडना चाहता था, रेल की पटरी उखाडना चाहताथा। हम लोगो ने कहा कि चलो जब गाधी यही करना चाहते थे तो हम लोग कर ही डालेंगे । तो एकदम से तमाम साम्राज्यवाद की सारी टागो को हमने चुर घुर कर दिया । सन 42 में रेलें उखाडी, जेल के फाटक तोडे, पटरिया तोडी । श्री राधाकृष्णन् जी जो हमारे बादरणीय राष्ट्रपति थ, उस समय हम लोगो के गरु थे। हमन हाथ जोड लिया कि गरु जी. थब गीता का लेक्चर मत करिए, कुरक्षेत्र का मैदान मा गया है। 9 श्रगस्त, सन 42. इतकार का दिन था, देख लीजिएगा। तो जो लोग यह सब काम कर चुक हैं 'उन्ही लोगो के लोग बाहर दे। नया कही एक खस्भा गिरा ? कही एक बस्ब फूटा, कही एक पत्यर का दुकडा चला ? क्यो नहीं चला ? क्या इन्दिश जी का डर था या यसवन्त राव चव्हाण का डर था ? नही, यह शिक्षा थी जय प्रकाश जी की, यह शिक्षा थी मोरारजी भाई की, यह शिक्षा थी हम लोगो जी, यह शिक्षा थी श्रीधरी चरण सिंह नी कि प्रगर तनिक भी हिंसा की कार्यवाही होगी तो हम सत्यापह स्थगित कर देंगे। इसलिए हमने सरकार की सारी ज्यादतिया बदश्ति भी मगर तनिक भी हमारी मोर से हिसात्मक कार्यवाही नहीं हुई । सरकार की भीर से उलेजना दी गई। मगर हमने हिसात्मक कार्यवाही नहीं की 1 पिर भी धगर हमारे लिए चाहाण साहत ऐसी कुछ बात कहें तो हमनो बढ़ा दख होता है । हमारी तरफ भोजपरी म एक नहाबत है कि-धान क जन्मल लडिका पउली ाप कहावत बाटी-यानी दूसरे का पैदा किया हथा सडका पाकर वाप कहते में वडा मजा मिल रहा है। यशवन्त राव चव्हाण ने भारत की धाजादी प्राप्त करने में जितनी कमाई की, जितनी लडाई की, जितना त्याम निया उससे कम हम न नहीं किया । किया होगा ज्यादा, लेकिन हम ज्यादा नहीं नहते । हम शिष्ट माथा मे बहुते हैं कि उससे बम नहीं किया । फिर भी माप जब प्रवाश जो धौर इन्द्रिश जो की वना बरवे हैं ? कोई जैस या मॉटॉफकेट

मैं वह रहा या वायेस वातो में लिये कि भाई ग्राप भपना शान्त्र पढ़ो. नीति पढ़ो. गाधी जी को भी पड़ो । पुरुष जब बच्चा पैदा करना चाहता है तभी वर्षा पैदा होता है। पति पन्नी ना मबन्ध नय भीर कैसे हो कि वच्चा पैदा हो । कब हो, बैसे हो कि बच्या पैदा न हो । हम से याप मलग से पुछीगे तो बता देंगे । मासिक धर्म होता है, स्त्रिया रजस्वला होती हैं, 14 दिन में बाद भगर तम परनी ने साथ सम्भोग करोगे बच्चा नही होता । स्रौर 5. 6 दिन के बाद करांगे तो कृते की तरह बच्चे पैदा करोगे । चुकि ससद के सम्मानित सदस्य हैं इसलिये हम प्राप की शठ नहीं बोलते है। हम धर्म शास्त्र पढ़े हैं जिस में लिखा है कि सदन में पहले जाभी नहीं । और भगर जाना ती सत्य की प्रसत्य से बेधा न जाने दी । तो हमने थोडे में बता दिया. भीर सीखना चाहोंगे तो बहत सी किताबें हैं । हमने सिखा दिया इस तरह से चला, धनावश्यक दग से बेमतलब बात न करो । तीकी पर फीकी लगे दिन भवसर की बात । बिना भवसर की बाद भच्छी हो । पर भी फीकी लगती है। बनत न यद में रस, थगार सहाग । थगार रस धन्छा है मगर जब लटाई हो रही हो उस ब त बोई कहे कि बलमवा घर न द्याये मोर उमरिया सारी बीती जाय. भण्छा नहीं लगेगा । फीकी पर नीनी लगे कडिये समय विचार, सब के मन हपित करे बयो विवाह म गारि। विवाह में भौरतें गाली देती हैं कितना भ्रण्छा लगता है। भौर धगर वही गाली इसरे मौते पर दो तो सर पुटन्वल हो जाय । इसलिये वेंग्रवसर बात न कही । सत्य बात कही, भीति वे साब चलो । ग्रीर इस बात को हमारी मान लो िन नायेस पार्टी ने 30 साल तक गायी जी के रास्ते को छोड़ कर इस देश का बहुत ही प्रतित किया है।

RESOLUTION RE APPOINTMENT OF HIGH POWERED COMMITTEE TO GO INTO CERTAIN CON SPIRACY

MR DEPUTY SPEAKER Now we proceed with the Private Members' Bisiness. Before we begin discussion on Private Members Bisiness, we have to fix time for this resolution will not see the light of the day So, we do like this. We should fix sometime for this resolution, may be two hours.

SHRI K. P UNNIKRISHNAN (Bada gara) I am on a point of order kindly see Rule 173(1) to (iv) see this resolution. Unfortunately if is very badly phrased and worded What is being sought is almost an omnibus enquiry mentioning not only Government of India but also various other individuals and various scandals not pin pointing one particular theme As far as 173(i) is concerned it is mandatory and it definitely lays down that the resolution shall be clearly and precisely expressed" As it follows you will see from this resolution as it is worded today it clearly attracts and violates every one of the above rules Uptil now, we had no chance to raise any object on on this question

order before it is discussed. We have very senous reservations and particularly it will be a very bad precedent if the words joint deliberate con spiracy by the ersiwhile Government of India remain on this I would like to make it clear that we have nothing against your proceeding in any manner against any individual or on any particular issue but ultimately this House must protect not only the dignity of the Government of India but also of this House But on this side, I can definitely assure you that we will not come in any way in your way on any

SHRI SOMNATH CHATTERIEF. (Jadavpur) The Speaker's decision is not open to challenge on the Floor of the House Rule 174 makes that clear

is no use in it

SHRI C M STEPHEN The Speaker's decision is only in regard to its admission and being out an the Order Paper Once it comes on the Order Paper the House must examine its admissibility in the light of the Rules of Procedure

SHRI SOMMATH CHATTERIEE Shri Unnikrishnan referred to Rule 173 and neither he nor Shri Stephen has gone beyond that Rule 174 says

"The Speaker shall decide whether a resolution or part thereof is or is not admissible under these rules and may disallow any resolution or a part thereof, when in his opinion it is an abuse of the right of moving a resolution or calculated to obstruct or prejudicially affect the procedure of the House or is in contravention of these rules"

Therefore, when a Resolution is submitted the Hon Speaker decides whether, in his opinion, it conforms to the Rules and it is only after that that it is admitted Now, in the guise of a Point of Order, the Hon Speaker's decision to admit the Resolution cannot be challenged.

If there is no difficulty about it, there should be no restriction in this regard on the Press I want to know the exact position because it has already been intimated by the Government that these two Acts will be repealed Will they he repealed with retrospective effect and will the Press be allowed to report the whole thing!

मध्यक्ष महादय, हरियाणा ने स्पीनर ने एक पत्र लिखा है-वह वहते हैं-- .

"The truth is that, as in the case of several Arab countries if one struck a spade he would get oil, in Haryana if he did so he would find corruption"

भ्रष्यक्ष महोदय यह वेचल हरियाणा के बारे में नहीं है, यहां नई दिल्ली के घन्दर भी बिसी चीत नो उठा कर देख शीजिये, भापनो एक ही चीज मिलगी कि भरणान का चारो तरक बोलवाला था घौर मरवारी मशीनरी का दुरायोग करक, सरकारी श्रक्तसरा को दया बर शिस प्रकार से रूपया बटारने की कीशिश की जा रही भी । प्रधान मन्त्री ने सपने काल मे एक ही कोशिश की-कराडा रुपया बनोरा. बड़े-बड़े लोगा का दवाकर बढ़ोरा भीर उनमा एक ही उद्देश्य था कि वह गद्दी पर धनी रहें, उनने चाद जनना पेटा गरी पर बना रहे । जो सत्रय गाधी थे उनका एक सबता था कि वह पोई बन सकते हैं, बहुन बड़ी कार बना सक्ते हैं। मझे, भव्यका महोदय इसम बोर्ड ऐतराज नहीं है-जैसे किसी के बेटे को बड़ा इण्डस्ट्रियनिस्ट यनने या श्रविकार है, उसी सरह से प्रधान मात्री के बेटे का भी ग्रधिकार है, नेविन यह बोप्यता के घाधार पर होना चाहिये, कैपमिटी के साधार पर होना चाहिया परिश्रम के बाधार पर होना चाहिए। दुर्भाग्य यह है वि 1971 में जब सारति पब्तिर जि॰ वनाई गई तो धाप को धारवर्ष होगा कि मेमोरेण्डग ने घन्दर एक क्याश थी कि

Rule I73 says

Conditions of admissibility of resolu-

- (1) it shall be clearly and precisely expressed.
- (ii) it shall raise substantially one definite assue, And then, later on, (1v) savs

(iv) it shall not refer to the couduct or character of persons except in their official or public capacity. And (v) says

(v) it shall not relate to any matter which is subject to adjudication I specifically want to invite your kind attention to these things because unfortunately this resolution, as we see it is an omnibus resolution I am not imputing motives to my friend Although you Sir in your wisdom gave your consent to it, this resolution violates all the 3 conditions required to be satisfied. It is not that one or the other bas to be satisfied Each one of them needs to be satisfied Take the condition, viz 'it shall raise substantially one definite issue' This resolution does not do so I will tell you how What is the issue raised?

MR. SPEAKER Are you raising an assue, or replying to him? Half the discussion is over

SHRI VASANT SATHE I am pointing there out and opposing the resolution, so that when it comes to vote, I would like to satisfy this House that such a resolution cannot be accepted

SHRI VASANT SATHE I pointing out to the Members this resolution in the form in which it is does not deserve to be passed You will ultimately put it to vote It does not deserve to be passed and I am giving the reasons for it based on a solutary principle. There is a principle behind it. The principle is that we slick to one subject

l'obody in his senses would ever say that justice should not be done If a matter needs to be enquired into an enquiry should be held. I am not on that point I am saying that in the form you are asking for an enquiry instead of leading to justice it will lead to injust ce because it will be an emnibus enquiry into all concelvable matters. If it is an omnibus enquiry into the deeds of the previous Government how long do we go? Are we going only up to Nagarwala? Why not beyond that? Why not go into the bad deeds of the Government for all these 30 years? Why not Government have the Janata consibus enquiry into all the matters of corruption alleged or otherwise since independence? That will include enquiries into allegations against members like Shri Biju Patnaik enquiries into the allegations made by my hon, friend Shri Madhu Lamaye against the son of Shri Desai That will bring in everything Why exclude anybody? If you include everything then justice will be done For instance enquiries have been held and reports have come against Shri Prakash Singh Badal. That will also be covered by that enquiry Therefore those who seek justice must go with clean hands That is the principle of jurisprudence

I do not think anybody will have any grudge against an enquiry Let us have an enquiry an omnibus en quiry I will support that But it should not relate only to the last ten years it should relate to the last 30 years. As one Member stated the other day now a new chapter has started according to him when a second Re public is born one Republic of 30 years has gone They have brought about India is the death of that Republic now born into a new Republic B Janata Republic Very good Now let us enquire into the commissions and omissions a complete post mortem a complete heart-searching and pun sh everyone who is guilty from the time of independence if they are alive. If they are dead well we can have the consolation that God has punished them we cannot help it But in the case of those who are alive let every one be punished if found guilty Let no one be spared Ofherwise you are liable to the charge of being vindictive If you say that you are going to begin only from the day the Indira Gandhi Government took over then that will be open to the charge of vindictiveness agains' a few persons. You are only

exposing yourself by that.

wants justice if he is really sincere and impartial about it I would beg of him to amend this Resolution to say that you will have a total amnibus enquiry into all matters I do not mind even if it is a parliamentary enquiry though it may take a longer time if you want it so

श्रीमण लिमये प्राप एक नया प्रस्ताव ने ग्राए।

SHRI VASANT SATHE pointed out in the rase of Maruti so many persons have been given agencies and one of them was even thrown into jail under MISA Now everybody is free and they have opportunities of fil ing private suits for recovery

Here what are they asking for? If there is a judicial enquiry, an impartial person will preside and there is a pro cedure for conducting it Here he wents Members of Parliament to be included If Members of Parliament are included it cannot be a judicial enquiry strictly Then he wants emment public men also to be included. Thereby we will have a committee which will be neither Judicial nor quesi judicial. What kind of committee will that be' will it in sp re confidence?

Secondly it will be a fishing enquiry because you are bringing here every thing under the sun as it were You are not specific confining yourself to a Darticular subject. I can understand if he had said that there should be an enquiry into the affairs of Maruti Limited and that there should be a report within three months That is understandable but this raises a doubt because you are asking for a fishing enquiry Kindly see the wording It Sava

" Maruti and Nagarwala Scandals and numerous illegalities committed by Shri Bansi Lal

Where will it lead to? Therefore I sub But without imputing any motives to my hon friend, Shri Kanwar Lal Gupta that the resolution is not proper for two reasons namely that it is

not specific and that it does not talk of a judicial enquiry but a fishing en quiry which will politicalise it. The moment you politicalise to it will lose all its significance, it will only lead to a vindictive attitude of victimisation Therefore I submit that this resolution to not proper This resolution is not intended to do justice or bring people to justice but is only a political resolution which betrays the intention or molive of victimisation. This is the impression that will be created

On the one hand you do not want to bring in all those who were before here in the Government, on the other hand it is not confined to a specific subject So the intention does not appear to be to get justice or bring to book the wrong doers, but to have a fishing enquiry in the same spirit or pattern which was betrayed of charac ter assassination That will be the impression created by this resolution.

If you want justice, the resolution must be of a different type We oppose this resolution the spirit behind it and the contents in it and the form in which it is given

MEMBER You are a AN HON very good advocate of corruption

श्री मधु लिसये प्रध्यक्ष महोदय, मैं इसलिये बैठ या नि मुखे लगा कि श्री वसल राज साठे कोई बडिया मुद्दा सदन के सामने रख रहे हैं। य छा निवाद हो, इस दृष्टि सु मैं बैठ गया।

धासक्ष महोरव, मृते लगता है कि इन लोगा ना मोह उन व्यक्तिया क बारे में आभी भी नहीं दूटा है और एक त्यार उन्नेत्व धभी में मुद्द हो गाई कि उन व्यक्ति को भीर उस परिवार को बीते बच्च संज्ञाद वासित लाया जायें। कहा व्यक्ति विदेश नहीं होंगा काहियें, बहा जिन लोगा न इस देश न साथ यहारी की, 60 करोड लागा को उस्कीक दी, पीटा डी उन व्यक्तिया के सर में बाप हम इनना भी नहीं वह सकत है कि पास के स्वार पर उनको सजा मिननी चाहियें?

मैं ब्रापनी मापत नावम दल के सदस्यों से कहता चाहता हू वि मृता घीर विसरो की बाप बान भरत हैं, मैं बहन दूछ मूलन कोर विसरत व तिये हैयार ह लेकिन बुछ धार्ने ऐसी र भग्यण महोदय, में झापस पूछा। कि क्था इनको भूला जा सकता है ? हम लीगी न। विना नमूर, विना वजह भूतपूर्व प्रधान मती न जैस में डाल दिया। इस ना में भूस संवती हुमाङ भी कर सकता हू बयाकि 18 साल की जम्म से हम ने यही घर्षा किया है, अन्याय के खिलाक लड़न पटत हम जैल में जाने ही पहे हैं। मुझे वह तवलीय नही है। सेकिन हमारे प्रधान पत्नी जिल की चन्द्र उन समय 80 साल थी हमारे गृहमती जो खालाख किसानी मे नता है जिन की उभा 74 सात की भीर लोक नायक अध्यक्षका नारायण जिन की उग्र 72 सात थी उनका इन्दिस गाधा ने जेल दिया. वया इस को नभी भूला जा सवता है? मेर सित्र जार्जे प्रतिंडी ज को धाप ने हमवडी समार्दे अजीवा संबोधा उन वे मार्या की धार न टार्चर किया। फिर भी मैं भूतान भीर

विसराने के लिए तैयार ह । लेकिन हमारे बज्यं नेताम्रो की जो तौहीन की गई, क्या उस को भलाया जा सकता है? 17 00 hrs

जब मैं ग्रपने क्षत्र में पहचा तो पहली बडी सभा 24 फरवरी को मगेर जिने में झाझा क्षेत्र में हुई । बाराजोर पचायत के निवासी, रामेश्वर रविदास ने, जो चमार जाति वा हरिजन था. मझे टोका और एक ग्रावेदन-पत्न दिया. जिस में उस ने कहा कि उस के 14 साल वे' लड़के की भासनसोल स्टेशन पर पकड़ा गया और उस को गया रेलवे अस्पताल में ले जा वर उस पर जबरन नवबन्दी ग्रापरेशन विया गया। इसी प्रकार झाझा क्षेत्र के ध्रधलडित ग्राम के 12 साल के लड़ है, ब्रह्मदेव पासवान, थोर वाचा क्षेत्र है 15 साल के लड़ है, लाल मोहन हरिजन, था भी नसप्रन्दी ग्रापरेशन विया गया। लोग कह रहे हैं कि भूजो श्रीर विसराध्रो । मैं बहना चाहता है कि हम भूलने और विसराने ने लिए तैयार है, मगर इस तरह की जो वातें हुई है, उन को भला नहीं जा सकता है।

इस प्रस्ताव की शब्दावली के जारे मे मुझे बुछ नहीं कहना है । इस से बढ़िया अस्ताव भी बन सनता है। मही ऐसा लगा कि अगर इस में भारत सरवार वे पड़यन वा उल्लेख न होता, सो बेहतर होता । इसी लिए मैं ने "मृतपूर्व प्रधान मजी, शीमती इन्दिरा गांधी" भाद जोडे है।

मेरे मित्र, थी क्वर लाल गप्त, ने इस बहम नो इस लिए उठाया है कि वह देश भा च्यान इस बात भी भीर दिलाना चारने है कि विगत सात भाठ वर्षों में हमारे देश में एक व्यक्ति का शासन कायम हो गया, एक व्यक्ति के हाम में सारी सत्ता इक्टा होने लगी. जिस के दूरपरिणाम हम लोगा और भाग लोगां नो ता भगतने ही पहें सेविन गय से सवलीफ मी बात यह है कि इस दश धीर उस की गाठ करोड जनना को भी भगाने पहें । मेरी राय सर है कि इस प्रस्ताव के बारे में गृह मती 165 L.S.--5

तो अपनी बात कहेंगे ही, लेकिन हम में मे जिन लोगो के पास ठोस तथ्य है, वे सभी प्रधान मही जी और गह मनी जी के सामने भावेदन-पता के द्वारा उन ठोस तथ्यों को रखें। प्रधान मती जी भौर गृह मती जी को उस पर विचार करने का मौका मिले और प्राथमिक जान होते के बाद सरकार कमीशन की नियक्ति के बार्रिम फैयला बरे ।

इस विषय में सम्बन्धित कुछ बातें मैं भ्राप ने सामने रखना चाहता हूं। सकट-काल से पहले इस सदन ने तत्नालीन घष्ट्रपक्ष. श्री गरदया र सिंह दिल्ला के काम को मैं ने दो साल तक देखा भोर मेरे मन पर मह श्रसर हथा कि जब बभी मैं जनहिन में मार्धत और श्रीमती इन्दिश गाधी द्वारा सत्ता ने दृश्पयाग ने विषय में काई प्रश्न बठाता था तो उन के हारा उस में महमा लगाया जाता था। और इमलिए मैं ने भविश्वास का प्रस्ताव यहा दिया था। में न बह डिवेट मगवायी है, भनी तर दया नहीं धाई, मरी समझ में नहीं था रहा है। यह प्रस्ताव प्रगर में इस वक्त पढ कर सुनाऊगा मो काप की बना चारेगा कि केवल सकट काल के दौरान ये वातें नहीं हुई हैं । 1969 के बाद धीरे धीरे प्रधिनायन वाद मी भीर देश चला जा रहा था। मैं भाग यह बात नह रहा हू ऐसी बात नहीं है। मह मेरी पुल्लिका है। यह एमज़ॅसी के पहले की लिखी हुई है भीर दीन दयाल शोध सस्यान में जो परिसवाद हुया था, जिस भी मध्यक्षता स्वर्णीय मुख्याराव जी ने नी थी जिसमें चौर बहुत सारे वडे वडे घिधयकडा धीर न्याय के जानकर, न्यायविद सब आए थे. जब के सामने भीने यह बहा था। मैं इमलिए उर्त बरता ह कि इन प्रस्ताव का भागार मह है। इस में संय ने ज्यादा भागति में ने इस बान पर उठाई बीति पहली बार प्रधान मंत्री ने प्रधान मंत्री के सविज्ञानय न्ताम की सत्या का इस इस्तेमात रिया है कि संसदीय साहतंत्र के जा भाषार होत हैं वे सारे साम हो सए।

MR SPEAKER Mr Stephen

भ्रदाचार भीर तानाशाही व ।

SOME HON MEMBERS

MR SPEAKER I do not mind giving chance to all of you but we want to take up the second resolution also You know after all they are feeling that they are the aggreeved party If you accuse them they have to defend themselves If I do not give them a chance to whom else shall I give? All of you are accusing including the CPI(M), they have to defend them-selves Mr Stephen

SHRI C M STEPHEN (Idukkı) I rise to appore the Resolution I oppose not the inquiry part of it not the proposal made that there may be an inquiry about anything We have no opposition to that But I oppose this resolution because in my opinion the resolution is not framed in such a manner as to be in conformity with the dignity of this House

Before I elaborate on that I would like to make one thing very ctear Mr Madhu Limaye has been repeat edly saying that there was a plea from this side for Forget and forgive We have no such plea at aff Nobody from this side has ever plead ed for forgetting and forgiving There need be no forgiving. As to whether it should be forgotten that is a matter subjective to the capacity of the person concerned Forgiving there need not be, Forgiving whom? If

has committed a crime against the people if anybody has committed a crime against the country then it will not be within the right of anybody to forgive anybody at all. We have no plea for forgiving at all That we make very clear

Now my anxiety is that a document passed by this House must be such as to be of the level that the Lok Sabha of India is For an inquiry a resolution of this House is not necessary Any body who has been following the think ing of the Janata Party and anybody who knows the composition of the Janata Party and certain elements which constitute it-I do not mean everybody but some elements which constitute it-needs no astrologer to tell him that there will certainly be a witch hunting But tet not the House be a party to that That is what I am pleading There is a Commission of Enquiry Act in this country There is the CBI The easiest and the cleanest method for the Government is to act through the CBI the Central Vig lance Section and to resort to the Commis sion of Enquiry Act. Let enquiry on specific charges be instituted to bring to book the persons who have besmirch ed anybody if at all such persons are there For that rubber stamping by this House is not necessary Let this flouse not be called upon to give its approval for that sort of purpose What does this Resolution say

This House calls upon the Government to immediately appoint a High powered Committee (Interruptions)

There are certain factors which I am apposing I am apposing the as sertion-Joint deliberate conspiracy Well the conspiracy has got to be joint There cannot be a unilateral conspiracy A conspiracy has neces sarily to be joint. How else can there be a conspiracy? Conspiracy has got to be deliberate. There cannot be an in voluntary conspiracy Therefore these two terms-adjectives-are absolutely unnecessary If it is a conspiracy it has

#### [Shri C M. Stephen]

139

necessarily to be joint It has neces sarily to be deliberate. If these two elements are not there it is not a consoiracy at all.

Who is a party to this conspiracy\* It is the mos dangerous part of it The Government of India is involved in a conspiracy Let us remember-Governments will come Cabinets will come and they will go Cannet 15 there with the support of the Partia ment of India You cannot think of the Government of India without the Par hament of India and the Gove nment of India carries on with the Parhament of India. To say that the Government of Ind a is involved in a compract against the country and against the people is too far fetched a satement to be made. I would humbly warn the House that we cannot approve of sta h sort of thing.

The Government of India Maruti Ltd and its allied concerns have en ere t into conspiracy For what? Nooody says and for what purpose it is not stated The conspiracy against the country the conspiracy against the people has its own connotation. Every act of corruption is not an act against the country Every defraud ng is not an act against the country

Shri Gupta has narrated to the House-relling and buying of chares. defrauding of some money collecting of some advances but not returning Would that amount to conspiracy by the Government of India against the country and the people of this ecuntry?

I am not against an enquery but I am against the way and the far fetched phraseology

"Deliberate conspiracy by the erst while Government of India Maruti Ltd and its alked concerns and Shri Bansi Lal"-it means Shri Bansi Lal is not there as a part of the Govern ment of India. If that is so Shr. Ban-a Lal will not be mentioned separately Shra Bansa Lal is a part of the Govern ment of India Bansi Lal cannot be treated separate If Shri Bansi Lal is treated as separate there is a question of propriety which I am raising

Shri Bansi Lal is to-day a Member of the Rajya Sabha It is a convention that we observe between the Lok Sabha and the Rajya Sabha that if there is any atlegation against a Member of a House the allegation is raised in that House and not in the other House If Shri Bansi Lal is treated as part of the Covernment of India then the questi n is different If Shri Bansi Lal is treat ed as part of the Haryana State then also my submission is-by the conver tion that we have been followingthat the Parliament of India does not step into that area. The Government of India can step in. The Parliament of India does not step in

There has been a ruling in this House that where the matter concerns directly a State then it cannot be made a subject matter of a Resolution here Now I am only analysing this The impli cation is, you are treating Shri Bansi Lal as a simple individual an indivi dual who is a Member of the Rajy3 Sabha, and you want an enquiry against him It is not in his official capacity but in some other capacity His offeral capacity is quite clear If you had merely said Government of India one can understand analysis will clearly show that there is absolutely certain clumsiness of thought about it. You say about numerous illegalities committed by Shri Bansi Lal Sir before we pass a Resolution that there should be an en quiry this House must be satisfied that there is a conspiracy The House must be satisfied that there are certain irregularities. If this House is to be satisfed that there are certain irregu larities the House must know what are The House those irregularities must be in possession of facts to establish that these acts are acts of fregularitles Without having that data is It proper for this House to make an

ascertion that there is a conspiracy? Is it proper for this House to make an assertion that there are irregularities? Can we pass a resolution on hypothetical propositions or on hypothesis? My humble submiss on is that this is not in conformity with the parliamentary conventions which we have to observe I can understand If there is a single line resolution saying that a e-mmission of enquiry may be instituted with respect to this thing or that thing I can understand such a thing But all these ramifications here have brought in dif culties to my parliamentary mind and that is why I am raising my objection to it.

And finally Sir what is the cort of inquiry asked for? You want a com mission consisting of Members of Parlia ment officers judges publicmenwhole lot of them Why shoul I Mem bers of Parliament be drawn into this? There is an Act You can have an inquiry only under such an Act Merely because you pass a resolution You cannot have an inquiry which is having a legal sanction You can have it only under the Commission of In quiry Act Therefore I object to the composition of the commission My objection is with respect to the asser tion that there is a conspiracy My objection is with respect to the asser tion that the Government of India is involved in a conspiracy against the country I have very sound objection on all these grounds I would plead with my friends on the other side that this is too far-fetched an assertion to make that the Government of India erstwhile or present or the forthern ing is or going to be in a cospitacy against the country. And what is the conspiracy? That a company has been handling things in such a manner as to make some money To call it a ecn spiracy against the country is a mis statement of fact.

Sir even conceding that certain things have happened to characterise it as a conspiracy aca ast the country and against the people of 'he country is a statement which would have no

logs of conspiracy against the country You say numerous irregularities committed by Shri Bansı Lat He is a Member of Rajya Sabha The resolu tion should come there not here Our Parliamentary convention is that no ellegation against a member of a par ticular House is permitted to be raised in the other lisuse That we should not contravenc. That is why I am pleading this We have had erough d scussion It is open to the Govern ment of India to order an inquiry if they want it As far as we are con cerned-and as time will prove-our

denude the implication of the phrasec-

I oppose the Resolution on the grounds which I have stipulated not because I oppose an inquiry but be cause this House should not be a party to passing a resolution so clumsily These are the respectful drawn un sut missions which I wanted to make

hands are clean and that will be proved

to be clean I have no doubt

MR SPEAKER I have not called the other parties. Two of them who have already spoken are from Janata Party and two from this side The CPM and other groups also there My only worry is whether this second resolution can be taken up or not We can talk it over There is absolutely no difficulty am only worried that the second re solution will get lost

Therefore may I request the hon Home Minister to reply? Would you not give him ten minutes (Interrup tions)

If two from this side and two from that side want to speak I have no objection I shall go on allowing it and then adjourn the House I am here saying this for the convenience of the House let me ask the Home Minister to speak and let Shri Kan warfal Gupta reply Thereafter we shaff take up the second Resolution So may I ask the Home Minister to speak?

SEVERAL HON MEMBERS Yes,

SHRI KRISHNA CHANDRA HAL-DER (Durgapur) Mr Speaker Sir

MR SPEAKER If I were to call you, then I may have to call everybody who wants to speak I do not know whether I have done justice I have to do justice to all sides

#### SOME HON MEMBERS rose-

MR SPEAKER No please I am on, my legs. I cannot allow you. I have no objection absolutely if I have to call one from the called not be more and one from the other side. II I allow from this side I should call those, who are accused You are accusing them they are also accusing you I think that I have done justice and I have not done any injustice to anyone. May I call the Home Edinately.

SEVERAL HON MEMBERS Oh,

गृह सत्री (चौचरी चरण सिंह) ' सातारीय अध्यक्ष महीदय, मैं एक वहु। छोटा सा बयान अप्रेजी में देने जा रहा हूं। मैं यह समझना हूं कि उस क्यान के गुनने के बाद दोनो पढ़ा के जिसी माननीय सदस्य को नोई किकायन नहीं रहेगी।

I have heard patiently and with due attention the debate on the Resolution tabled by the honble Member demanding a probe into various matters relating to the Marut Lid, the Nagarwala Case and the complaints against Shir Bans Lai former Chief Minister of Haryana and former Detene Munister of Haryana and former Detene Munister of India.

The matters raised are of considerable public importance and do require a thorough probe The present Government is committed to give a clean administration to the people and it stands for the observance of the highest traditions of probity, morably and integrity in public life

Committee to go into Conspiracy (Resl)

Although the resolution refers only to one base issue of corruption and conspuracy against the country, the illustrations refer to three distinct matters Therefore, the Government propose to institute separate enquiries The Government took office recently and has not yet got deductate time to determine the terms of reference and the mode of the enquiries.

I can however assure the House that these matters are engaging the urgent attention of the Government and effective action will be taken soon having due regard to the views 2s expressed in the House

I hope, in view of what I have said, the honble Member will be pleased to withdraw his Resolution.

थी कवर साल गुप्त श्रध्यक्ष महोदयः हमारे कांग्रेसी मिली की इस पर ऐतराज ही सबता है कि इस प्रस्ताव की डाफिटिंग ठीक नहीं है। उन्हें इस बात पर भी ऐतराज हो सकता है कि यह एननवायरी पालियामेंट के मेम्बरो धौर अजो के द्वारा न होकर एक क्मी-शन ग्राफ इनकायरी के द्वारा की आये। इस बारे में मतभेद हो सबना है. लेकिन जो सध्य मैंने सदन ने सामने रखे हैं, उनमें से एक की भी झुठलाया नहीं गया है । गृह मन्त्री ने यह विश्वास दिलाया है कि इन तीन नेसी की अलग अलग एननवायरी की जायेगी छ।र मोड माफ एनववायरी सरकार तय करेगी । मूल इसमें नोई दिवनत की बात नजर नहीं आती है। गृह मन्ती ने जो नुछ वहा है, मैं उसकी पूरी तरह स्थीकार करता है।

श्री साठे में नहां है कि यहां पर धौर क्षेत्र भी हैं—बादल साहब है, दूसरे हैं नहाँदेंत पर शायन इस इतेवसन से मुद्दे शीस सात तर्क रहा। उपने बादल साहब के दिसाल एक नेपिटन दिसा कर एतनायदी भी करा जी। कई दूपरे संशों के पारे हैं भी उसने ऐसा ही किया हैंगे के पारे हैं भी उसने ऐसा ही किया

लेजिस्लेचटर के कहने पर एनक्वायरी धराई गई, भौर 125 एम० पीज० के वहने धौर पालियामेंट तथा विधान सभा में भाग होने पर भी बसीलाल के खिलाफ एननवायरी नही नराई गई। सी० पी० द्याई० ने एक मेम्बर के पहने पर बादल साहब के बारे में एक नमीशन विदाया गया, मगर जनता ने यह साबित कर दिया वि वह वमीशन एवं पोलीटिकल वेन्डेटा के तौर पर विठाया गया था, दर्ना जनता जननो कामयाब न करती । वह लाखो बोटो से जीते है।

भगर हमारी तरफ का भी कोई व्यक्ति गतती करता है, तो उसको सजा मिलनी चाहिए । माननीय सदस्य रेजील्यूणन लायें भीर सरकार के सामने तथ्य रखें । सरकार उनको देखे भीर उनके श्राधार पर कार्यवाही करे, मुझे इस पर खुशी होगी ।

यह विल्कुल स्पष्ट है कि इन नामों से देश के मार्थ पर बदनामी का जो घच्या लगा है, वह धलना चाहिए । काग्रेस पार्टी का हित भी इसी में है कि हमारे सार्वजनिक क्षेत्र में से गन्दे एलिमेट्स का सपाया होना चाहिए ।

यह प्रस्ताव रचत हुए मुझे कोई खणी नहीं हो रही है। मैंने एक सार्वजनिक कायकर्ता के रूप भैं अपना कर्तव्य समझ कर यह प्रस्ताव रखा है ताकि हमारी पब्लिक ल इफ और एड-मिनिस्टेशन क्लीन रहे और हमारे देश मे हैमोत्रेसी की जहें और भी गहरी हा ।

काग्रेस पार्टी ने वह कानून पास कर दिया कि प्रधान मन्त्री पर कोई मुकदमा नहीं चल सक्ता है । यह यह भूल गई कि उसकी सरकार बदल सकती है और वह कानून भी बदला जा सनता है। जनता सरवार इस वानून का बदलेगी, भौर सगर प्रधान मन्त्री का जवाब सेने के बाद उनको दोषी पाया गया, तो उन पर मनदमा चलाया जायगा श्रीर उन को सजा भी दी जायेगी। उनको सजा भी दी जानी चाहिए । इसमें कोई दो रायें नहीं हो सनती । में इन शहतो ने साथ धन्यवाद करता ह नाग्रेस पार्टी के मेम्बरा नाकि उन्होंने टैंवनिकल चीजा पर ऐतराज उठाया, इसके सबस्टैश पर ऐतराज नहीं चठाया । जैसा गृह मन्त्री जी ने नहा है, उनके बयान के बाद में मदन की श्राक्षा चाहता हू कि मुझे यह प्रस्ताव वापस सेने की घनुमति दी जाय।

SHRI MOHD SHAFI QURESHI (Anantnag) The hon Minister has made a statement that he would have three separate enquiries for three items mentioned in the Resolution. There are actually four matters which have been mentioned in the Resolution namely

RESOLUTION RE PROBE INTO ATROCITIES COMMITTED DURING INTERNAL EMERGENCY

SHRI JAOTIRMOY BOSU (Diamond Harbour) I beg to move

This House calls upon the Gocernment to forthwith constitute a high powered Pathamentary body to probe into the alleged misdeeds majpractices and attroetites committed by Central Government and State Governments between 25th June, 1975 and 20th March 1977 when the internal emergency was in force.

This period under Shrimati Indira Gandhi during the internal emergency is the blackest and darkest chapter in Indian history which has no parallel-Everything was done in order to benefit one person Volumes could be written on it and mere few hours debate ls inadequate The catalogue is very long and I would recite it now and shall deal with it at length later Firstly the genesis of emergency was illegal Certain immediate follow up action was taken to silence people who opposed it There was gagging of the Press and even the telephones, teleprinters and electric lines of the news papers were cut. Fourthly, freedom to publish, that is freedom of expression. was drastically cut and taken away News agencies were wound up and even the late Fakhruddin Sahib's speech was censored SAMACHAR was converted mto a political PIB and political censor and intelligence officers took jour nalism as eover jobs. There was indiscriminate use of MISA DIR and sections of IPC, such as 107 and 109 False specific prosecutions were launched against all political opponents and many others who did not curry favour with the people in power Unheard of torture atrocities and repression in jails, in Police lock-ups and outside irrespective of age or background were committed. In the name of beautifica tion 50 000 houses in Turkman Gate and Almal Khan Road were acquired

and at least 25,000 houses where people had been hving for generation were bulldozed. People were beaten to death. In the name of family planning force was used all over North India. Inconvenient officials were transferred humiliated and demoted. Judiciary had been reduced to mockery from inside and outside. Price rise remained unabated and there has been a rise of 15.5 per cent between March 1976 and January 1977 at the level of wholesale price index. Between 1971 and 1976, the price rise had been 300 per cent. Monopolists grew by leaps and bounds, The Emergency was wholeheartedly supported by tycoons headed by Mr. K. K. Birla. There were retrenchment. lay-offs and lock-outs. About 15 lakb workers were retrenched, dismissed and thrown out of jobs and the workers have been starving on the pavement of the streets About 4,000 medium and small factories were closed. About 80,000 juta workers were laid-off. Sanjay, the heir apparent, had made hay while the sun shone. In fact, he

149

assumed all powers and he became the super Prime Minister, He made a mountain of ill-gotten wealth both to Indian and foreign currencies He endangered the national security. In fact, he succeeded in making the Indian Air Force strike a deal with a Swedish firm for the purchase of unsuitable WIGAN aircrafts involving about 400 crores of rupees The ONGC had purchased a crane worth about Rs 9.0 crores from DEMAG of West Germany and through this deal, Mr. Sanjay got a cut at the rate of 21 per cent for himself. Sir, I have got a catalogue of these misdeeds to reveal today. I shall resume of the next session and give you the facts and figures.

MR. SPEAKER: Now, we adjourn to meet again on Monday at 11 am.

17.53 hts.

The Lok Sabha then adjourned till Eleven of the Clock on Monday, April 4 1977/Chaitra 14, 1899 (Saka).

SNQ 2 SHRI JYOTIRMOY BOSU Will the Minister of COMMERCE AND CIVIL SUPPLIES AND COOPERA-TION be pleased to state

- (a) whether the performance of Tea Corporation of India is deteriorating very fast and whether a loss is expected this year

- (e) how many management trainees have been recruited and how those recruitments have been done and
- (d) how many trips have been made abroad by its officials and what is the total cost of the same?

THE MINISTER OF COMMERCE AND CIVIL SUPPLIES AND COOPERATION (SHRI MOHAN DHARIA) (a) No Sir During 1975-76
the company carned a net profit of
the company carned a net profit of
the top the company carned as the profit of

the top the company carned as the profit of
the total turnover is as follows
1974-75 He 12600 label.

1975-76 Rs 341 00 lakhs

1976-77 Rs. 680 00 lakhs (preluminary estimates)

1977-78 Rs 1150 00 lakhs (planned)

(b) During the last 12 months, the following senior level posts were created

(Shri Mohan Dharia)

l post of FA & CAO (Financial Adviser and Chief Accounts Officer) in the grade of Rs 2000 2500

Drat Answer

1 post of Visiting Agent (Tea Gardens) in the grade of Rs 1500-2000

Both these posts have not yet been filled up 7 posts in the grade of Rs 1100-1600

All there posts have been filled up Of these persons occupying 4 posts

Luz. Managers of the 3 Tea Estates and the post of Tea Adviser are persons having over 15 years tea experi-

The 3 other posts created and filled up are administrative posts of Branch Managers These are occupied by persons having administrative experience (e) Management Trainee requirements were advertised in the leading

- newspapers Five trainees were recruited on the recommendations the Selection Committees which intervlewed the candidates and trainee who was Trainee Accountant in Public Tea Warehouse was absorbed in the Management Tramee Scheme
  - (d) During 1976 77 a total of 11 business visits abroad were made by the officials of TCL. The expenditure involved was Rs. 280 (approx ) and business was secured for about Rs 300 lakhs

SHRI JYOTTRMOV BOSU Shri Mohan Dharia, the Commerce Minister must make a note that as regards 33 per cent of the tea export done by India the marketing is entirely in the hands of a few multi-national corporations and for poor Indian consurers, the price has shot up by about 33 to 35 per cent which is going to hit them hard The reason for the same is the massive collection of money by the erstwhile ruling party for election purposes I know that the erstwhile Commerce Minister had taken Rs 3 crores in a seminar from

Duncan Bros RP Gornka 1 know the details After great efforts, Corporation came into existence the mu ti-national corporations never allowed it to function And the previous Government had obliged these economic offenders to subvert this corporation Flease give me the details of previous service background and marketing experience of Managing Driector, Chairman and Marketing Development Officer and at least six management trainees that you have recruited recently

SHRI MOHAN DHARIA I entirely share the anxiety of the hon Member It is true that while the export of tea is to the tune of Rs. 270 crores, the Corpora by the Tea exports of hardly tion are der of Rs 3 crores and under the circumstances, massive efforts shall have to be made However the House will please appreciate and particuarly the hon Member because he was very much for bringing this Corporation into existence and that Corporation was created particularly for the export of package tea and under the circumstances in the matter of export of package tea which is of the order of Rs 25 crores this Corporation within the last three years has done three crores, Even then, I entirely agree that we shall have to make a massive effort in increasing our exports so far the objective is concerned and I can assure the Member that whatever re-structuring is needed. it ahall be done so that this Corporation becomes quite efficient and adequate to fulfil the objective

Regarding the tea prices, as the House may perhaps be ewere, the production of tea in Sri Lanka has gone down by nearly 17 multion kg during the last one year. Then the 'n coffee production, particularly countries like Brazil and Colombia has suffered Under the circumstan ces there is an increase in the demand for tea 1 am not aware whether the prices in the country have gone up because of the buse funds collected by the Congress Party However I must say that during these two months the prices have gone up by about Rs 6 to 7 per kilogram and there are trends of increasing prices Therefore I have convened a meeting today to have a dialogue with the panters and tea packagers It shall be the endeavour of my Ministry to see that the prices do not increase on the contrary all efforts will be made so that the prices for internal con ump tion will be brought down

SHRI JYOTIRMOY BOSU While for 1975 76 the turnover was Rs 341 lakhs and the net profit was De 744 lakhs according to the statement placed on the Table of the House by the Mm ster for 1976 77 the turnover has doubled to Rs 680 lakhs but the net profit was only marginally in creased to Rs 30 lakhs I would I ke to know from the hon Minister the wage and entertainment bills for 1975 76 and 1976 77 and also the sale price of packaged tea abroad as com pared to the prices at the last auc ton in retail prices in those coun tries shroad

SHRI MOHAN DHARIA This is not a question which is that way concerned with the man one So I will require some time to supply the information But I can say one thing that this is a new Corpo ation which is trying to make a den- in the international market. There are four big multi national companies or comb nes linder the circumstances some expenditure will be very wuch necessary till the time we create our own mechanism for marketing in foreign countries and to that extent if some more expend ture is neces sary that should be appreciated

भी हकमचंद क्छवाय महोत्य मैं भ्रापने माध्यम से मबी जी से जानना भागता ह कि क्या यह बात साथ है कि बहुत में चाप बागान बहुत पराने हैं भौर जनमे ठीक उत्पादन नहा हाता है व धाटम चल रहहैं ? वया उतक विकास ने लिए कोई धनराशि भलग से रखी है ?

SHRI M RAM GOPAL REDDY The hon Minister is an impartial and honest man. Is it a fact that recently during the Janata wave money iShe: M. Ram Gonet Reddyl

from these different multi national corporations has flowed into the funds of the Janata Party to the extent of Rs 4 crores and if so 1s he 20mg to make any enquiry into it?

SHRI MOHAN DHARIA whole country is aware that it is the Congress Party that was in power while the leaders of the Jana a Party were behind hars Nebody knew that there would be a Janata wave and that the Janata Party would be occupying these Benches Particularly there were measures like MISA and even if some persons wished to go against the desires of the Congress Party or its leaders they had the fear that they might be put behind hars. In the cirumstan ees any logical and reasonable per son will admit that the money of at all, could only have gone t the Congress coffers and not to the Janata Party I am not saving that it has, but 1 am here to repudiate that any such money has come to the Janata Party (interruptions)

MR. SPEAKER When you throw a stone you must be ready to receive one. You cannot have a one sided privilege.

SHRIMATI BIBHA GHOSH GOS WABII I want to know whether extensive purchases have been made through private middlemen and whether this to against the decision taken by the Commerce Sub-Committee and it so the extent of the private purchases

SHRI MOHAN DHARIA As per my information it is true that some purchases were made and therefore I have convened a meeting this after noon to see that these purchases go to the consumers at lower prices

SHRI SOUGATA NOY May It know at the Government js. Lakang over any more such tea gardees in Darquelung and Doors in West Ben gal and whether the Government will merely set as a hoptila for sick gardens or will also take over healthy gardens or ward by monopoly houses like Duncan Brothers and James Fintay?

SHRI MOHAN DHARIA At present there is no such proposal before me to take over any ten gardens but I can assure the House that If they try to take advantage of the position and exploit the country, whatever measures are necessary for the discontinuance of such exploitation will be taken. We shall not work as it happened in the past

भी जप सेन : 1975-76 में जो विजनेत ट्यूनिशिया ने साथ हुपा है उसने बारे में पाडिट, कमशियत एकाउद्ध ने एक रिपोर्ट लिखी है। उसनी भोर मैं मती महोदय का ध्यान दिलाना चाहता हूं। जस में यह नहा गया है

'To cope with the above order, Tea had to be purchased from private sources, the total quantity being 162 236 kg valued at Rs 13 b3 lacs A quantity of 31769 kgs valued at Rs 268 Iacs was lying in the stock on 30-4-76 Moreover tea was purchased in bags which had the inherent risk of deteriors. tion in the quality of the goods An additional charge of Rs 675 paise per bag was to be paid for packing the same in chest Taking all these into consideration it may be pointed out whether the private purchase in this way was economical and done in the best interest of the company '

नमा भनी जी इस रिपोर्ट ने बारे में अपनी राग टेंगे?

SHRI MOHAN DHARIA I shall require a special notice for it

SHRI VASANT SATHE Sir, may I know from the hon Minister, with reference to part (b) of the question saked by Mr Jyotirnoy Bosu whe there he is aware—to have people with good background to ensure quality of tes—that the hon Member Mr Jyotirmoy Bosu himself is an expert for tester and whether he would like to decide to utiluze his knowledge and services in this field? Can he knowly jet us know, with

reference to the last question which he answered whether some of the funds which he says are alleged to have gone in the form of funds have also gone to the side of the Government?

Oral Answer

SHRI MOHAN DHARIA Regrating the last supplementary question, I have already replied that there was nothing like that the Janata Party had received this fung and replies to other questions have been given Regarding the first question. I entirely share the feelings of the hon Member that Mr. Jyotirmoy Bosu is one of the best testers of its and we would like to have co-operation rost only from him but sibs from others who would like to have the co-operation of the Government.

PROF R K. AMIN May I have the assurance from the Minister conearned whether the alleged corruption charges levelled against the Corporation will be examined and a report thereon be submitted to the House before three months' Secondly I would like to know from him -that India being a country which is traditionally exporting tea-whether it is necessary for us to receive management training and things Lke that when sufficient expertise is already available with us? Usually Sir it is the habit of the Government institutions to import all sorts of things and unnecessarily spend money thereon Will the Hon Minister re view the working of the Tea Corporation with a view to cutting down such waste whatever is the waste which is already taking place in the Tea Corporation?

Thirdly is he also taking steps to enter into an international controllidy agreement in tea so that we can get higher prices for our exports? And if so what steps has he taken or what steps has the Corporation taken in this direction? SHRI MOHAN DHARIA No charges of corruption have been levelled to far against the Corporation Sonaturally there is no question of going into that question

Regarding the expertue, the House may be aware that there are a few wested inferests and big cartels working in the country and outside and they are having their own experts. We want experts who are not that way related to the vested interest, anturally, we shall have to train our own people who will be loyal to the country and the society Therefore, for train our own people becomes all few more necessary and I think, the House will appreciate that this will be a good endeavour

Regarding the higher export prices to be secured in the foreign markets certainly, in the interest of the country it shall be our endeavour to do so,

श्रीयरी बलबोर लिहु मत्री महीस्य ने सभी नहा है दि जो सब तब होता रहा है बह भाने नहीं होने दिशा आयेगा । मेरा मत्त्र यह है कि जो सब तक होता रहा है उस सम्बद्ध को हमते है लिए क्या कोर्ट हाई पालर कमोशन मुकरेर दिया जायेगा ताचि इनवायरी करावर प्रापट एकान सिया जा सने ?

भी मोहन पारिया • मैंन ग्रामी वहीं है कि हमारी कार्पीरेशन ५ खिलाप <sup>से</sup> कोई पार्जें जनहीं हैं।

बोधरी बलवीर लिह - मती महोरम नै मभी कहा कि जो मत तन होता रहा है. माने नहीं होने दिया जायेगा, वह तो ठीक है. तैकिन जो मत तक हुमा है उसरे लिए सन्वावरी कराने ने लिए क्या हाई पांचर कमीशन बैटाया जायेगा?

भी मोहन धारिया । इस कार्परिशन का जन्म 1971 मे हुया, मगर तीन साल तक

SHRI DHIRENDRANATH BASU
May I know whether the hon Minister is considering to take preventive
steps so that the tea gardens may
not be sinking in future?

SHRI MOHAN DHARIA It shall be our endeavour

BUSINESS OF THE HOUSE

THE MINISTER OF PARLIAMENTARY AFFAIRS AND LABOUR (SRIR) RAVINDRA VERMA) SIT here are a number of hon Members who want to participate in the debate on the President's Address. I myself have submitted a long list to you With your permission I would like to propose that the House may sit today till 7 or 730 PM to enable more hon Members to take part in the debate

Secondly the Government would like the entire business of the session to be completed by the 6th evening It by any chance that is not possible the House may sit on the 7th also The Government would like the business to be completed by the 7th evening

MR SPEAKER Apart from extending the time by one hour on the President's Address if the hon Members restrict their speeches to 10 or 5 minutes a larger number of hon Members can be accommoduted Otherwise it is very difficult for the Chrit whoever is in it the Speaker or the Deputy-Speaker to go or ringing tho bell and try to accommodate more hon Members The new Members will also get a chance So, we shall sit today till 7 O Clock

SHRI SHYAMNANDAN MISHRA (Begusara) May I submit for your consideration that if you limit it to 5 minutes per Member it would lead to deterioration in the quality of contribution to the debate? Then I would also like to submit to you that the Housa should not sit beyond 6 OClook The session might be extended by two or three days The hon Frime Minister had once told us that he would like the session to be extended in order to accommodate more hon. Members to participate in the debates

MR SPEAKER That is what Mr Varma has also suggested—that it may be extended by one or two days

SHRI SHYAMNANDAN MISHRA But to sit beyond 6 O Clock would be difficult

MR SPEAKER All of them have agreed After all everybody need not be there only those who are anxious to speak will be there

SHRI SHYAMNANDAN MISHRA

But m any case, you should not be
pleased to agree with the view that
the contribution of each Member
should be impited only to five minutes
you should not be a party to that

MR SPEAKER The imposition of a voluntary restriction is what I have suggested so that other Members may also get a chance

SHRI JYOTIRMOY BOSU (Diamond Harbour) I have a submission to make regarding your ruling on the Privilege Motion against Siri T N Kaul

MR. SPEAKER I will give it when I am ready Do you want me to give it srtaightaway here and now? I thought I should take some time

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMI OFTANCE

NEWS ITEM IN THE TIMES OF INDIA DATED THE 315T MA CH 1977 RE ALLICED REMARKS BY PRIME MINISTEP IN RESPECT OF WOMEN AS PRIME MINISTERS

SHRIMATI PARVATHI KPISHNAN (Combatore) I would first like to point out that I have not rece ved a copy of the statement to be made by the Prime Minister as is the usual practice

MR. SPEAKER There is no ques tion of an advance notice

SHRIMATI PAPVATHI KRISH NAN But to the person who gives the Calling Attantion notice it should be given in advance so that he or she will have an opportunity to go through

MR SPEAKER He bas not given anything in advance. He is replying hara to the Calling Attention you can hear him and then put your que ons

SHRI M LALYANASUNDARAM (Turuchirapalli) I have been a Mem ber of the Hou e for six year and the practice so far was that when a Calling Attention is adm ted before it is taken up for answer here a copy of the statement is made available to all the Members and not only to the Member who gives the Calling Atten tion notice (Interruptions)

MR. SPEAKER When the state ment is long that is what is done but in the case of some Calling Attent on notices like this when they want to answer it extempore it is not obligatory or compulsory that it should be given in advance (Interruptions)

SHRIMATI PARVATRI KRISHN AN I call the attention of the Prime Minister to the following matter of urgent public importance and request that he may make a statement there-

"The news item appearing in the Times of India dated the 31st March 1977 attributing statements alleged to have been made by him regard ing women as Prime Ministers and levelling derogatory and unseemly

remarks about them." THE PRIME MINISTER MORARJI DESAI) May I say that the controversy which has arisen is in respect of something which I said more than two years ago? But I don't wish that that controversy should go on nor do I wish that I should add to it fur ther It is very unfortunate that thus should have happened and I regret very much that I should have been tha cause of it I can only say that

in future I shall be careful to see that

I don't give scope for such a thing

SHRIMATI PARVATHI KRISHN AN I am vary grateful to the Prima Minister for the statement that he has mada It is the image of our country that is involved also, it is International Women's Decada That is why Wa were disturbed. Particularly he has claimed in that statement that ha is a follower of Gandhiji. Gandhiji was the person who taught our country that women have to take their place equally with man in order to ensure salvation for our country

SHRI MORARJI DESAI May I say that I respect women far more than the hon. Member does

MR. SPEAKER Mr Biju Patnaik

SHRI JYOTTRMOY BOSU (Dia mond Harbour) Sir I had given a notice under rule 377 to draw the attention of the House to public burning and trampling of newspapers in a pub I c meeting

MR SPEAKER The hon Member, may please sit down. He has given no tice, I think, on every subject-callattention, under rule 377 and all that -and if I accept everything there will be no other Member doing any work, and time of the whole House will be taken away by Mr Jyotirmoy Bosu. The next moment after he has given notice, he should not get up like this and start speaking. It is not proper The State Assembly is there If somebody has stolen or done something with some newspapers they can raise it in the State Assembly, not here I would request him not to raise it like this

SHRI JYOTIRMOY BOSU Sir, you have been unkind to me I had given notice of an Adjournment Motion You told me that that was not being allowed. Now I have given a notice under rule 377 Newspapers have been trampled upon and burnt publicly-Mr Chavan was there as an aye Witness-hy a Minister of the Wast Bangal Government in Calcutta

PETROLEUM PIPELINES (ACQUI-SITION OF RIGHT OF USER IN LAND) AMENDMENT BILL\*

THE MINISTER OF STEEL AND MINES (SHRI BIJU PATNAIK) Sur. I beg to move for leave to introduce a Bill to amend the Petroleum Pipelines (Acquisition of Right of User in Land) Act, 1962

SHRI ANNASAHEB GOTKHINDE (Sangh) Sir under rule 72 of the Rules of Procedure and Conduct of Business in Lok Sabha, I oppose the motion for leave to introduce the Petroleum Pipelines (Acquisition of Right of User in Land) Amendment Bill 1977, on the following grounds -

The Statement of Objects and Reasons accompanying the said Bill is incomplete defective and misleading It makes no reference to the promulgation by the President of the Petroleum Pipelines (Acquisition of Right User in Land) Amendment Ordinance, 1977

Secondly, the said Statement does not specify whether the Bill to be introduced seeks to replace the said Or dinance

The revision of the Statement of Objects and Reasons has, therafore, hecome absolutely necessary

We have read today what Mr Jayaprakash Narayan has said He has said that those in office were on isst daily and if they did not come up to the mark, they should be made to step down, I have pointed out the serious lapse on the part of a Minis ter and I hope that an impression will not be created in the country that a Janata Minister merely signs on the dotted line\*

SHRI BUJU PATNAIK rhetoric the hon Member has quoted what Shri Jayaprakash Narayan has said We on this side shall obey Shri Jayaprakash Narayan implicitly But I would request the hon Member to do a little more home work before giving a notice of this sort to oppose

If he takes the time to go through the Bill that I have presented to this

SHRI ANNASAHEB GOTKHINDE The Bill has not yet been introduced.

SHRI BIJU PATNAIK looks at clause 11 of the Bil that s before the House he will notice to his surprise that the Petroleum Pipchnes (Acquisition of Right of User in Land: Amendment Ordinance is being repealed

SHRI ANNASAHFB GATKHINDE Sir on a point of order I was referring to the Statement of Objects and Reasons He is referring to something else

MR SPEAKER He has stready made his point Let him now hear the Linister

SHRI BIJU PATNAIK. I have presented before this House a Bill which seeks to repeal the Petroleum Pipelles (Acquisition of Rights of tier in Land) Amendment Ordinance, 1977. It is a part of this Bill which ie before the House The fact is that this simple matter is not included in the Statement of Objects and Reasons The Statement of Objects and Reasons merely explains as to why this new Act has been brought before the House, in rep acement of the old Bill, with further additions required for the new discoveries and accentific development that have taken place in this country, as exhibited in the Kudremukh project. That is why this has been brought up. Therefore, I would request the Speaker to reject the objection

MR SPEAKER The question is

That leave be granted to introduce a Bill 13 amend the Petroleum Pipelines (Acquisition of Right of User in Land) Act, 1962 "

I do not wish to go into the details of these monitorous cases of oppress on and injustice but I will quote a few ease which are worth entire. I will not mention MISA because it is an oto due is we a black law a lowless law under which many were de a ned and jasted thousands my letter, were halved in India industrials with thousands were also and in the second to the control of 
and infinemages too took place de the jalls. The MISA has been itably described not as the Main-ance of Uniternal Security Act but s the Maintenance of Indiras Sanjay Act I ceause it was enacted to keep the Prime il Minister and her second son in their cosy places which they did not describe the prime in the cost of the maintenance of

During hhs regare of terror and tyramy and darkness darkness of night there were fabricated cases put fair nated on framped typ charges, and thousands of people were jailed or which I myself was a vectom We were picked up I and mx firends of which I myself was a vectom We were picked up I and mx firends of the compared to the compar

prescution For 8 months the prosecution went on Fake evidence was led Faise I say because the Magistrate took courage in his hands and had the courage to write in his judgment that this was a fabricated case and myself and my say friends who were the accused were acquitted honourphly But I am afraid that during the climate of tem-grocy the Magistrate might have been demoted and the Pollee Impector who fabricat ed and tumped up a false case might have been promoted

Be that as it may I wish to refer to some other monstrous cases of injustice where people in high post tions were summarily squeezed out of office hounded out of office merely because they did not conform to the Mafia gangs code of conduct One of the monstrous eases was that of Air Chief Marshal P C Lal, the then Chairman of Indian Airlines. As far as I know him he is a man of integrity character and efficiency But 13 ill luck would have it he wanted to take action against some persons in the Indian Airlines who were friendly to the Establishment and were stooges of the Mafia gang in power in Delhi and therefore one fne afternoon he found that some stooges of the establishment had occupied his chair They forced him to sign a letter of resignation which he had to do

Then there was the case of the Jayanti Shipping magnate—Dr Dharma Tela He was prosecuted and falled for three years. After he cane out of jail I remove the started paying court at I Saffardans food There is a mystery about the parton given to his wife who was conceived with him in the Jayant into also there should be an inquiry into the dismissal of Ship P. C Lai the then Charman Indian Arilines.

Another notorious case which I would like to point out is the case which Lok Asyak Shri Jayaprakash Airayan referred to in his Press Conference in Delhi four or five days

after Shri Morarji Desai now the Prine Minister was released from detention That was the case of Dalmia Jam Airways in which the Sessions Court had delivered the judgement. But this was suppressed by the Chief Censor in January The way the Chief Censor functioned is laughable I remember the famous Gits sloka—

33

# क्षद्र हदमवीवायत्यस्वीति द परतव

Shri Krishna exhorted Arjuna not to he a coward but to stand up and fight. That line was blocked by the censor when an article came up for strature.

Worse still was the case of an Indian film actress in London A London Report about the arrest of actress Verghese for shoplifung intercorrected to Nargas' was killed by the Censor The Censor also killed the news relating to the Sadhu of Paunar Acharya Vinobr Bhave in regard to the rad on his ashram and soliure of his meazine Matiri

During that dark period there was an attempt to set up a dynasty in embryo I use the word embryo deliberately because it did not come to fruition The embryo was killed I remember an instance in the First Los Sabha 20 years ago when we had a Poet Tiember on the Opposition Bench s at that tune In the lohby one day some friends of the Poet Memler asked his opinion about a Nebru Dynasty The Poet Member immediately retorted that if Nehrn tried to found a dynasty he would die nasty That is what has now happened to the dynasty in embryo It has ded a political death. It has died very nastily in the recent elect on The people have swept them into the dustbin of history

AN HON MEMBER No repentance

SHRI HARI VISHNU KAMATH They would not repent They would neether learn nor forget They will be made to learn the lesson very shourtly if they have not learnt it already I am very glad to see Sir that the Acting President has referred in his Address to the cult of persona lity and the people have scotched that cult before it co if emerge forcibly or become stronger In the Constituent Assembly 28 yerrs ago in 1949 Dr Ambedkar had sounded a similar warning Dr Ambedkar said

The second thing we must do is to observe the cauton which John Sturrt Mill has given to all who are salerested in the minitenance of democracy namely not to lay their labertles at the feet of even a great man or to trust hm with powers which enable him to subvert their sublittions.

Then he went on to say

This caulion is far more neces say. In the case of Indas than in the case of any other country. For in Ind a Bhakil or what may be called the path of devotion or heroworship plays a part in its politics unequalled in magnitude by the part it plays in the pol tics of any other country in the world

And then this is very top cal and throws a lot of light on what has happened in the country in the general election

Bhakts in religion may be a road to the salvation of the soul. But in politics Bhakti or hero worship is a sure road to degradation and to eventual dictatorship

Dr Bajendra Prasad the President of India also sounded a warung. It is very appropriate today in the present condition when the Congress party has brought the country to this sorry pear. He said

If the people who are elected are capable and men of character and integrity they would be able to make the best even of a defective constitution. If they are lacking in Shri Harl Vishnu Kamathl

these the Constitution cannot belp the country After all a Consultution like a machine to a lifeless thing. It acquires tife because of the nen the control it and operate it and India needs today no hing more than a set of honest men who null have the interest of the country before them It requires men of strong character men of vision men who will not sacrifice the interests of the country at large for the sake of smaller groups and areas and who will rise over the prepulacewhich are born of these differences

That was a warning which was necessary hen and even more neces sary today. The task before the country before our Janata Govern ment and also of the people of India Is a mighty task to further this revolution which has been ushered in by the general election which is a non violent revolution. I call it Act One Scene One Our that is to accomplish a socio-economic revolution by perceful methods founded on firm moral and sprimal values.

During the Congress regime nothing was " In the der fluation of moral values standards and norms of democracy And this devaluation of values was more calamitous than the desaluation of the currency The emergency was itself an illustration of the way the Governmen functioned In their so-called democracy

My hon friend Shri Mishra raised a question the other day and I am. afraid the Covernment has not fully understood the implications of what Shri Mishra raised that day If what be said was correct -and I am sure it was correct-then I have no doubt in my mund that all that was done 12 brs

All that was done in the wake of the emergency was illegal void and unconstitutional, The Proclamation itself was illegal and void. All the ministers and others who functioned in the emergency did all those things have to be brought to book, to stern justice before the law-justice, stern nistice and no misplaced generosity. should be ricted out to the Prime Minister Chief Min sters or anybody else

I have noticed recently that in the curridors of power in Delhi, there are men vaning to pay court to the ministers men who had developed cold fect durit g emergency and who shi need the then Opposition and shun sed att those who were against the I's attishment out of fear, out of panie out of cold feet, in timidity or pusili mmity they are now waiting in the corridors of power to pay court and reap benefit out of the present Government I hope the Government will presente its image 'rue image the people's image and will not succumb to the viles of the people who wan to pay court to them by naiting in the corridors of power

One las' word and I have done I would like to submit in all humility and with all cornestness that there is a great tak his one task retolutionary task before us. Great tasks and little minds go ill toge her we will have to have great minds with a great vision before us Where there is no vison. it has been rightly said the prople DC115D

Sir the other day the Leader of the Opposition or some other spokesman on the other side referred to the discussion on this subject, and they had the tementy to suggest that all these exposures—this expose may lead to the tarnishing of the country's image. I am reminded of what Dr Krounger used to say in the United States when the Wetergate scandal was exposed And he being a heneficiary of President Nixon, said that all these exposures might lead to the tarmshing of America's image in the world. What has happened What really happened after the exposure of the Watergale and the exit of President Mixon was that the image of America

उसके बाद वित्त मन्नीने खडेही कर देश की स्थिति के बारे में कुछ जिक किया । मुझे उनके भाषण भौर उनके दृष्टिकीण को देख कर बहुत ही दुःख हुया । उनके भाषण की सुनने के बाद मुझे ऐसा लगा कि इस देश मे पिछले 30 साल में जैसे कुछ भी नहीं हुआ भीर हम फिर जीरो से सारा काम शह कर रहे हैं। इस कट्टी में काफ़ी कारीबार है। ( व्यवधान ) प्राप मी मपनी बात बाद म वह लीजिए। भापकी बहुत मौता मिलेगा। में ऐसा मादनी नहीं हुजो दिसी ने बीच से बीलू। मेरा प्रण है कि मैं निसी के बीच मे नहीं बोलुगा। में ग्रापते यह भी निवेदन कर देना चाहता हू कि उत्तर भारत रे में ही भ्रमनी पार्टी का एक मुमाइन्दा हु, इस बात का भी साथ लीव ध्यान रखें।

मैं भापसे यह निवेदन कर रहा था कि वित्त मन्नी ने वहां कि इस देश में कृषि उत्पादन कुछ बड़ा है, तो वह मौसम की भनुकूलता की वजह से बढ़ा है। जनता पार्टी के बहुत से लोगों को ख्याल होगा कि जय यह देश घाजाद हुमा तो इसका खाद्यान का उत्पादन 50 मिलियन टन या । वह जल्पादन 118 मिलियन टन पहुच गया है। यह सबते हैं कि इसमें धच्छे मौसम का भी फसर है लेकिन पिछले 30 स ल में 50 मिलियन टन से इसक प्रोडक्शन 110 112 मिलियन ध्न पहुच चुका है उसरे मीने नहीं जाता है तो मैं निवेदन करना च इता हू कि मौसम के झलावा और भी कई पैक्टरों इसमें भात है, ऐसा हम सब सीग समधनर चर्ले। भागेभी चलते के लिए

[MR. DEPUTY SPENKER IN the Chair] हम दोनो का उद्देश्य यही है लेक्टि अपले दम साल रें यह नाम वैस किया जायेगा. इस बारे में सरकार को एक प्रोपान बनाना चाहिए । ग्रगर वह बारह महीने हाँ गालियां देने में निशात देगी, तो नाम करने के लिए उस के पास सिर्फ 9 साल दर्जेंगे। काम करते के लिए अगले छ साल तो उस के निश्चित हैं। ग्रगर इस बीच में बह बिर जाय, तो भीर बान है। उस के विरने का धवरा है। हम उस में फट नहीं हालता चाहुने हैं। वह स्वय प्रवने बेट से गिरेगी। प्रगर यह सरकार इन छ सानों में जनता की भवाई के लिए बाम करती है, हरे उस के बाद प्रवर फिर जनना पार्टी की सरकार बनती है, तो हों कोई एतराइ नही होगा

राष्ट्रीय कृषि भाषीय की रिपोर्ट हिन्दस्तान के 80 परसेंट लोगो के बैनफेयर वा बाक्सेट है। सरकार की उस का ग्रध्ययन कर के उस पर कार्यवाही शक् कर देनी चाहिए और छड़े प्लान के प्रन्तवत उस के मताविक योजन में बनानी चाहिए । शरकार की प्रोहा रमट और दानों के बारे में फ्री खा बरना है। महनाई को देखते हुए दिसान का कास्ट आफ प्रोडक्बन बहुत बहु गया है। सरकार विसान की 102 193 या 105 रूपने देती है। वह कुछ बीर ज्यादा दे सके, तो मच्छा है। यह ठीक है कि वह बहुत ज्यादा सन्मिदी नहीं देसरती है। मान 136 के रैट पर प्राप वेज रहे हैं। प्रगर बैंपने के रेट को थोड़ भीर अंबानर दें तो जो कुछ भार ने बेब्रेंब लोगों की बढ़ाई है उस र बदत क्यादा सम्मिद्दी आप की नहीं देनी पहेंगी भीर ककारार को भी उस की पैदाबार की कुछ ज्यादा भीमत मिल जायगी। आरज -यह एक बहुत बडा सवाल हैं कि काश्तकार को उस के पैदाबार की वाजिब कीमत मिलनी चाहिए और यह सवाल वि किस तरह से प्रोक्योर हिया जाय, क्या उस की की बर्ते मुकरेर की जाय पहले से चला बारहा है। पहने भी यह सवाल या कि कास्तकार को उस की पैदा की हुई चीजो के उचित दाम नही मिलते। अब ध्राप की नई सरकार बनी है। हमें यह देखता है कि हिन्दस्तान के काश्तकारों की श्राप इस बारे में क्या इसाफ दे सकते है। योडे दियो स ही इस का पता चल जायगा जब तक सदन चल रहा है उस के प्रन्दर ही बता रे तो हम को भी पता चल जायगा, बरना सखवारो हें जनता भी पढेगी सीर हम भी मखारों से ही पढ़ लेंगे। स्रमी तक बहुत सी वार्ते इस वारे में सीचने भीर करने को हैं। उन को धाप सोचें घीर नहें। प्रधान मत्री जी बहुत तजुर्वेशार हैं भीर बहुत बजर्प हैं। धाप की पार्टी के लोगो की कम से कम तकती हैं उन के पास आयें ऐसा इतवाम धाप करें। धापस के प्रेशर भीर दूसरे श्रेशसं से उन के काम करने की सनित पर झसर पडेगा। इस देश से गरीबी मिटाने का नाम दम साल के धन्दर उन को करना है। उस के लिए बहुत कुछ करना पडेगा भीर बहुत ज्यादा मीरियम ही कर उन्हें इन सारी बाता के ऊपर सोचना पहेगा। हम भी उस में भाग का साथ देना जाहते हैं। हम इस बात को भी मातने हैं कि देश में टु पार्टी सिस्टम हो बौर उस के लिए पर्दर योजगढ्डेशन काते की अस्पत ही यह भी कर निया जाय। देश के धन्दर दो पाटिया बना कर भगर हम लीव तत के मार्ग पर सरलतापूर्वत चल सके भीर देश की धायें ले जा सकें तो में समझता है यह एक बहुत हो घन्छी बात होगी !

जहां तक एमजेंसी का ताल्यूक है मेरी रागमें इस देश के निए एमजें।

जरूरी यी क्यांकि जिस तरह का वातावरण स्कलो कालेका भीर रेलो इत्यादि हैं बना हमा या उस में एमजेंसी लाग करना बहत ही धावण्यक हो गया था। मेरी राय मे एमजैंसी नहीं होती तो यह दन गर जाता (ब्यवधान) मैं इस तरह ने हल्लो से दवने वाला नहा हू। एमजेंसी में हमारी गलविया हइ है, उन की मैं मानता हु। मैं आप मे यह भी बहना चाहता है कि जिस रास्ते पर आप चल रहे हैं उस वे बारे में माननीय मन्नी जी और प्रधान मती जी जुछ भीर सीच लें। भापने रेसवे के लोगा नो बहाल किया। प्रापन 600 बादमियों को नौकरी पर ने लिया. हमें कोई एतराज नहीं है। लेकिन एक श्रीसीजर, एक तरीका होता है करने का । मच्छा होता श्राप इस की थोडी भीर स्कीनिय कर लेते क्योंकि ऐसा न हो कि वही उच्छ खलता फिर इस देश से बापस मा जाय। यह ख्याल भाप को एख कर चलना है। भाप बीनस भीर इसरे सवाली नो देखें। ठीक है मली जी ने बाद दिलाया उस दिन कि य य मार्गे प्राप न की मी। पर हम सो समयौता करने वे लिए तैयार थे। मतलव यह कि भाज भाष भी मह [स करते हैं कि सारी मार्ग मानने लायक नहीं हैं, मानी नहीं जा सकति हैं।

में भाप मे यह निवेदन करता ह कि भागेंनाइण्ड ले र इस देश में तगड़ा है । उनने प्रतिनिधि साप को पार्टी में भी तगड़े हैं। अगर धार्गेनाइक्ड लेगर क एक हिस्से से ज्यादा भाप ने दे दिया ती देश क करोड़ी गरीव जो धन-आर्गेनाइन्ड हैं उन का स्था करेंगे? भाग ने सामने रिसोसेंड का भी सवाल है। (ब्यवधान) यह निवेदन कर रहाह कि इस देश में ले र को एक्मेसिवली टैम्पर कर वे फिर वही चन्छ धारता वा वातावरण बापस खडा कर दिया गया ती यह ग्रस्तार खुद भएनी

मीत मोल लेगी। यह मैं बहुत गमीरता से निवेदन कर रहा है। इस देश में करोड़ों गरीव लोग पड़े हुए हैं जिन के लिए बोई बोलो वाला नहीं है जिनका कोई भागें नाइनक्त नहीं है और उनने बहत कम नेता इस सदन मे आते हैं। (व्यववान) वह कमजोरी हम में थी। पर हमारी कमजोरिया पर हसने से आप का काम नही चलेगा। प्रापका नाम जरा मजबूत हो कर चलने स चलेगा। भगर वही बातावरण पिर बापस बा गयातो धच्छ नही होगा। धान भी भाष जाय ता पार्वेंगे कि सात दिना के ग्रन्दर बातावरण में कितना फक धा गया है ? रेलो मे विलकुल हो इडिपेंडेंट धादिमया का यह ध्याल है कि एष्टिश्येंसी मेदस परसेंट काफर्क आगागा है। मैं रल मनी से निवदन करूगा कि वे इस बात पर विचार करें बहुत ही ईमानदार धादमिय का यह कहना है कि दस परसेंट कालै कृनाउस की विकिय ने भागमा है। भगर यही हालत रही तो गिरत गिरने कहें' ऐसा न हो कि इस एमजेंदी में जो गैन्स हुए उन की भी भाप छी बैठें भीर देश का नकसान हो। यह मेरी आपको वार्तिय है। इस पर भापनो कितना गौर करना है इसका फैसला नो धापको ही करना है । चकि समय की वसी है और में भापकी माला की मानने वाला हू इसलिए धारों अब बजट आयेगा या दूसरी नई नीजें भ मेंगी तव मीर विवार प्रकट करूगा खुलकर प्रपते विचारी की इस सदन में सामने रखुगा । द्यभी प्रापने मुझे वालन वा धवसर दिया उसने लिए मैं भापका धायबाद देना ₹ t

DR HENRY AUSTIN (Ernakulam) Hr Deputy Speaker Sir may I extend my felicitations and warm greetings to all my colleagues in the Sixth Lok Sabha particularly those of my col leagues who have come for the first time to this august House This election has brought a certain change in the country which is reflected in this House I see that some of my col leagues in the Fifth Lok Sabha who were in the opposition have now occupied the Treasury Benches and as sumed responsibility for running this Government Of course the ministe rial team is being led by one of our veteran leaders with whom I have worked in our Party for a long period I wish him and his team all success in giving proper direction to our country

Sir I should respectfully submit that I connot fully agree with the statement made in the Address by the Vice

"The election marks an important milestone in the evolution of our democratic polity into a healthy two party system'

It is common knowledge that the Congress Party had been able to provide the country in the last three decades a stable Government a Government hased on the belief widely held our compartriots that it symbolished the national aspirations bringing cohesion in the country But today to say that the last elections have helped to create a healthy-I underline the word 'healthy'--two party system is less than fair and objective As I see it it is perhaps only the beginning of the realisation of the hopes of the peo nie that a two-party system will emerge in our country. What I want to say is that the ruling side is not enother party it is a condition of several parties with us solid political intrastructure One of the greatest schievements of the Indian National Congress when one compares that Party with any other party in any part of the world is that it has tenfacles and unite in almost every tiliage of our country. It may have been defeated once or twice in the polls but the fact remains that its organization and infrastructure are solid throughout the country. On the other hand the various parties opposite which call themselves as Janata Party may have their representatives ir the Parliament But they have not yet emerged as a party I wish success to all my colleagues on the other side to their efforts to bring coheston by merg ing the various parties that go to con st tule the Janata Party I shall be very happy if you could achieve that Pend ing that I should say that we are facing a coalition on the other side By this process you are inducting into our body politic a system of coalition government in the Centre for the first time Therefore, the statement that a healthy two party system has everged is far from true And coming as I ao trom a State where we have experimented with all sorts of political

arrangements. I do not know whether that system will be helpful or not in the long run Sir. I am not least worried that I have to sit in the on position Even from the first months after the formation of the Kerala State my Party had to go in opposition but we never panicky In bardly two years time we reversed the process and that Party which came to power in 1957 was routed by the people Hardly thirty of their MLAs in a House of 133 Members came back to the Legislature. This is now a recurring of political process in Kerala As everyone knows, representatives of every major party became Chief Ministers in Kerala We acknowledge it as a part of the democratic process in Kerala. So, I am least surprised by the recent turn of events at the centre I would, therefore like to say that that statement is not ob tective and I wish that statement were not made

When the euphoric mood of my friends on the other side withers away and when the ruling party comes to grap with the realities of the political situation, I have no doubt in my mind that they will have fresh thinking on the system they have now brought into our body politic whether the coalition pattern is suited to our country whether it will ensure to the credit of our great country which has complex and diverse problems considering its multi-lingual, multi racial, multi religi ous composition I think a jot is said about the undoing of what the previous regime has done. It is perhaps quite natural for a victorious party with a thumping majority to try to undo certain decisions of the previous regime But even as you think that you should undo certain so-called alleged wrongs of the previous regime I think It is incumbent on the ruling party to examine whether the previous government has not done any good to the country and whether it is not their responsibility to continue the good works that the previous A-

had done during the last 11 years or

### more 13 hrs

SHRI SATISH AGARWAL (Japur) Whatever is not undone you co sider that it s good

DR HENRY AUSTIN If you think that anything is not good, you remove it But you should justify it to the country and the public opinion as well.

Nobody can deny the fact that the country had acquired a certain rediction of self reliance self discliptine and self condidence during the last 10 years or more or even during the emergency or the excesses during the emergency or the excesses during the emergency But nobody can deny the fact that the country faced a certain affusion on the eve of the imposition of emergency that even some detractors of the previous regime felt rather grave

SHRI SAMAR GUHA (Contail)
Don't say that It was only to save
the skin of one person that you im
posed the emergency nothing effect

DR. MENRY AUSTIN My good bon friend has the liberty to hold a different rew But I say that certain serious conditions obtained in our co.m try which even my friends from the other sade would not wholly deny

to defend emergency at least remember that millions of people surfered and you got the result of it and you still have the check to defend emergency. It is very strange You call the Jan's Party astrange and only you are the strangest animal. Others are the strangest animal. Others are feel emergency.

SHRI SAMAR GUHA When you try

MR. DEPUTY SPEAKER Let hum have his cay You can have yours

DR. HENRY AUSTIN I sympathise with the sufferings of esteemed friend has gone through and I admire his courage and the restraint he has shown. I raise my hat in admiration

SHRI HARI VISHNU KAMATH You have no hat.

DR HENRY AUSTIN There might have been excesses and there might have been cruelities but the fact that certain grave conditions existed in the country at 1 at time should not be lost sight of. That 13 all 1 wanted to say

AN HO'S MEMBER II was in the imagination of your former Prime Minister

DR HENRY AUSTIN What I say is that in the heat of our excitement we should not forget that our country perhaps needed a strong leadership at that time. There may be excesses We may look into it later

Whatever one muchi say, whatever the derractors of the Congress regume might say and the control of the congress of the congress of the control of the contr

May I continue after funch\*

MR. DEPUTY SPEAKER Your time is already over You have to wind up now

DR. HENRY AUSTIN Therefore I would only like to say that even as we try to expose or criticuse some persons and actorous, we may also consider the positue aspects of the Congress government and try to continue whatever good there is according to them.

Our country needs a certain beartsanship in constructive work in the de-elopment wo k and I am sure there are leaders in the ruling party who can rise upto that, and class the hand of cooperation offered by the opposit on for the good of the country

I will take one more minute and finish. There has been on emphasis in the Address on rural reconstruction. I think that it is vital for the development of our country. I would say that

there are ample opportunities for developing our country particularly on the rural side I am glad that there will be added (mphrsis on develop mental work in the rural vector I would like to say that the vast unutilised labour in our country s' ould be tapped and used for a massive Ru ral Reconstruction Programme giving at least a ray of hope to all the rural

MOTION OF THANKS ON THE ADDRESS BY THE VICE PRESI-DENT ACTING AS PRESIDENT-Coatd

SHRI RAM JETHMALANI (Bom lay North-West) Mr Deputy Speak er Sir I have got amendments Nos 124 to 133 tabled in my name I would submit with great humility that I am almost an unknown back-bencher In all humility and very respectfully but firmly I wish to record my protest against the manner in which time is allocated for the speeches on this Motion of Thanks The Mover took one hour The Seconder took everybody who spoke has taken as much time as he wanted And suddenly we have been told of the decision that no speaker will be allowed more than 5 or 10 minutes And today we have been told that it has been curtailed to 7 minutes May I cay Sir that Motion of Thanks and its amendments are matters of great importance in the life of a Parliament They are matters of greatest importance to back-benchers particularly The scope of the Motion of Thanks is supposed to be the entire administration If a Member has to

exercise his parliamentary right hov is it possible for any member to res trict his comments to 5 minutes or minutes? I have tabled 10 amend ments If I were just to take 30 se conds on each it will take about minutes Do you expect any seriou submission to be made during little time that has been allotted?

DEPUTY-SPEAKER You have already taken a few minutes

SHRI RAM JETHMALANI Mr Deputy-Speaker Sir I would rather not speak but I do wish to suggest this that in England thirtyfive hours minimum is devoted to the motion of Thank« England is a much smaller country than ours Besides in England there is greater respect for the rules of relevance than in this House If you are allocating this much time I suggest that you have a talk with the Leaders of the ruling party and the Opposition and then extend this session so that everybody has an opportunity to speak on the Motion of Thanks which is undeviably of great importance

The second point on which I wish to make my preliminary comments the manner in which the proceedings of this House are being conducted Sir this Janata Party is a majority party in this House and I wish to say comething first to my party and then to the members of the Opposition. It is true that thumping of tables and interruptions of the speeches are a part of Parliamen-tury life But it is my regret Yout instead of their being a part they are beginning to become the whole of our Parliamentary life And we who are new to this House must confess that it is impossible even comet mes to follow the proceedings of this House and therefore I would request particularly my party colleagues on this a de to see that the proceedings are conducted with a tremendous amount of dignity because the whole world is watching this Parliament and the whole world

as moved

sible

68

### [Shri Ram Jethmalani]

is watching the performance of the majority party to-day May I gay this that I am convinced of the fact that our parliamentary manners are any day superior to those of many others But we have to demonstrate to the world that they in fact are so and therefore may I request both ides of the House that the speeches m of not be interrupted as far as po sible? I can understand when a Member is delivering a punch-line of his speech if somebody who is emotionally up et indulges in that kind of behaviour But if there has to be a reasoned argument to persuade of the other side the speeches must be listened to with great respect and attention

Then Mr Deputy Speaker, Sir shall proceed to deal with the various amendments It is unusual for member of the ruling party to move an endments to the Motion of Thanks But it is also a recognised convention that the back benchers have always the right to move pmendments and in exercise of that right as a back bencher I am moving there amendments But, let me make it clear at the same time that I am doing so more with a view to make some constructive suggestions to my own Government Let not the Opposition -those distinguished gentlemen sitting opposite-not run away with the misconception that I am condoning the crimes which have been committed by the Opposition party-the ruling party during the last few years that they were in office In fact the purpose of my intervention in this debate is to tell my Government that the speed and haste with which this Government has been formed and the business of this House has to be attended to it is not sufficiently alive to the dangers to our ten day old democracy

MR DEPUTY SPEAKER Mr Jethmalun: I am told now that the time for moving the amendments was announced by the Chair and R was over on 3ist. So the time for moving your amendments is now over You can however speak on your amendments

SHRI RAM JETHMALAN1 The amendments were not moved but they were taken as moved and accepted

MR. DEPUTY SPLAKEP Did you move the amendments?

SHRI RAM JETHMALANI You were not there in the Chair

MR. DEPUTY-SPEAKER The Sec retariat tells me that you were not there then.

SHRI RAM JFTHMALANI It was not necessary to formally move the amendments But they were taken

MR. DEPUTY SPEAKER No Was

SHRI RAM JETIMALANI Mr
Deputy Speaker Sir if I receive

Government that the matters which
I am going to raise will be considered hereafter I shall not persist with
my amendments and I shall withdraw

That the House regrets that the Address has not dealt with immediate steps to restore judicial inde pendence and integrity in porticular by neutralising Judges who have played an unjudicial role in suprorting the Emergency and those who were trying to destroy Indian domocracy"

It is well to recal! Sir that In 971 the Ruling Party started the theory of 'committed judiciary in the country We who knew the dangers of a 'committed judiciary' realised at that time that the ruling Party had decided to become the only Party in the country and to destroy democracy and the rule of law because an independent judge and an honest judge is ultimately of use to the underdog to the weak and to the Opposition and never to the ruling Party and therefore when they talk 'committed judiciary' we ed of a knew that by the inexorable electoral process they had no intention of ever becoming the Opposition in the coun try and that is why they wanted a 'committed Judiciary' We started our fight against this We started a national debate But in 1973 you will recall that a Chief Justice was inducted into office by superseding three senior Judges of the Supreme Court Judges to whom ultimately monuments will have to be erected some day in this country to honour their memory to preserve their memory and I think the people of this country will have to worship those Judges who were superseded You will recall that the Chief Justice was created by a person who was a potential litigant in the Supreme Court At that time the Prime Minister's matter was pending before the High Court and it was on the cards that some day the matter will end up in the Supreme Court We protested that no future litigant in the Supreme Court has a right to tinker with the constitution of that court before which

the matter of that litigant was going to appear and it came to be true, it proved to be prophetic

The Chief Justice presided over the h ring of the appeal filed by the very person who had inducted that Chief Justice into office

Sir Article 121 of the Constitution prevents me from going into the conduct of a judge in the discharge of his duty I can only recall events In April 1976 may we recall that the Supreme Court delivered a judg-To my mind the indement delivered was such that any judge must feel ashamed before he puts his signature upon it Did it o s 1 at the order of detention however nala fide however malicious and however corrupt cannot be challenged before a court of law so long as the Emergency was in force

At this point Mr Deputy Speaker I wish to digress a bit Our High Commissioner in London Mr B A. Nehru in a signed article on the 12th of January this year only six days before the elections were announced published in The London Tones colled the Keshavananda Bharatis judgment of the Supreme Court an 'in famous judgment The Keshavananda Bharati judgment was a judgment which merely said that the Par hament by its majority cannot convert India's democracy into a monarchy cannot desiroy demotracy and substitute a dictatorship. This simple judgment this great judgment historic judgment of the Supreme Court was chara terised by Mrs Gandhi a High Commissioner in Lon lon in a signed article as an infamous andgment I wish to ask When has it become permissible for our diplomatic representatives in foreign countries to abuse our Supreme Court judges and criticize judgamen's intemperately delivered by the Supreme Court? This gentleman ought to be recalled forthwith This gentleman have harassed every patriotic Indian residing in London and he is the author of that document, the arthorship of

## [Shri Ram Jethmalani]

which is now being disowned by the then ruling Party a document which was circulated throughout the country in the form of Draft constitution al proposals Those constitutional proposals when they were seriously debated by the country and condemned all over the country were dropped and today even their authorship denied But the world knows that Mr Nehru was the author of those constitutional proposals They were quite disgraceful The Prime Minister of the country was to be the head of Indian judiciary under those proposals! This Mr Neh u ought to publicly cordemned and the least that the government ought to do is that he must be made to face an enquiry

While judges in this country were being transferred for extraneous reasons the Gujarat High Court held that the President's order of transfer of a Gujarat Judge was a mala fide order-in a signed article again he told the British public that no judge had been transferred in India except two judges and both those judges had been transferred because they were to be promoted as Chicf Justices in other High Courts When I went to London my friends brought this to my notice and told me this is that the British High Commiss oner has stated I had to write an article in the Guardian of London or oting out that 35 Judges had been transferred I gave their names and the High Courts from which they were transferred I told the High Commissioner that he was lying in writing to the British public After that the High Commissioner had no bad the moral courage to go before the B itish pub lie and set the record right. This is charge against this High Commiss oner he ought to be recalled for having hed to the British public

There is not one leader of this country—I am not talking of those leaders in the opposition, I am talk-ing of the great patriots of this country who had been in jall and who

suffered for the cause of the Indian independence movement for the last 19 months—who has not been malagned by this High Commissioner either on television or or radio or in the Press or through public interviews and I think he deserves some punishment for that.

I say that the most historic judgment which the Supreme Court has ever delivered is the Keshavanand judgment which, says that you cannot convert democracy into a dictivering the commissioner has no adverse comment against the judgment which he holds that you can shoot down a detenu or a prisoner, starve him to death or put him on an ice pack and subject him to third degree methods Presumably he considers this judgment good and famous

Let me say that this last judgment was delivered after the elections were announced in this country Elections were announced on 18th January I heard the News in New York, I said It publicly that the test of Mrs Gandhi s so called democracy is about to arrive in the next three or four days Justice Khanna has now to become Chief Justice of this country if Mrs. Gandhi has got the lamp of democracy rekindled in her heart, she is going to interfere in this matter but will allow the judiciary to remain in tact Within four days Mrs Gandhi 5 government failed that test she again interfered with judicial promotions she again tinkered with the Supreme Court and appointed a person as Chief Justice by way of reward for a bad and cruel judgment

I wish to say to this House that the in byendence of the judiciary and the purity of the fourtain of justice can never be restored as long as this Chief Justice continues to occupy that position. This government will not stoop to removing a judge from office. But let me say that the government.

must make it clear to the Chief Justice that he is an unwelcome occupant of the chair and the sooner he goes, the sooner he will please the government and the people of this country If after this statement formally and publiciv made he continues to remain in office let him do so we will have cleared our conscience and done our duty by the judiciary of India and we shall have carried out the pledge which we have made in the manifesto that restoration of judicial independ ence shall be one of its chief items

During the period of emergency the Congress Government has transferred judges for extraneous reasons and those judges must forthwith be recalled to their original homes from which they were shifted to punish them for delivering judgements against the government I can recall Justice Lalit of the Bombay High Court who had the moral courage to release an RSS prisoner charged under the Defence of India Rules on ball Indoing so he did not lay down a new proposition of law he followed the ruling of the Division Bench of that High Court which was binding upon him When he released that RSS per on on bail the Government of the day saw to it that he was confirm ed after two years and today that man is no more a Judge of the High Court He is practising in the Sup emc Court And we cannot set right the judiciary and the judicial tone unless we recall such great and patriotic judges and offer them fresh judicial appointments

SHRI C M STEPHEN (Idukki) Sir, I have a point of order I will only invite your attention to Article 121 of the Constitution Article 121 of the Constitution states as follows

'121 No discussion shall take place in Parliament with respect to the conduct of any Judge of the Supreme Court or o's High Court in the discharge of his duties except upon a motion for presenting an address to the President praying for the removal of the Judge as heremafter provided"

Now a reference is being made to the Judge of the Supreme Court, to the Chief Justice of the Supreme Court, specifically referring to their conduct in the discharge of their duties and even going to the extent of saying that unless those judges are removed, ends of justice will not be met This is ross violation of the Article 121 of the Constitution and I will pray that these observations may not form part of the debate

SHRI RAM JETHMALANI Art.cle 121 talks of the tadge in the discharge of his duty When Mr Justice Beg. appeared on the TV of this country and proclaimed that the Emergency was good and that it had produced beneficial results he was not discharg. mg his duties

SHRIC M STEPHEN He 7/28 making a reference to what was stated in the TV which referred to the conduct of the Supreme Court Judge sitting as a judge there

MR DEPUTY-SPEAKER He has already accepted it

SHRI RAM JETHNIALANI Then four days after the announcement of Elections, he became the Chief Justice (Interruptions)

थी मानुक्त र शास्त्री (उदयपुर) . जिस समय गोलने साहब गुप्रीम मोटै मे जाती तक की धमकिया है वह थे उस समय ती कोने नहीं लेकिन धाज जब सच्छी बात कही जा रही है तो उमनो भाष सुनन के लिए सैयार नहीं है (ध्यम्धान)

SHRI RAM JETHMALANI Taking advantage of the Encreese, the rul-Ing party destroyed the independence of the Bar It is well known and it is a fact which is recormsed the world over,-I am talking of the free world-that the Rae of this country has played the most clorious rele in

APRIL 4, 1977

. Jethmalanı i Indias freedom And therefore Mrs Gandhi Government knowing that the only obstacle which stood in the way of establishing her dynastic rule in this country was an independen and I ries har She set out on a rourse calculated to destroy the independence and fearlessness of the bar 17king a tantage of the Emergency taking advantage of the fact that they had tyranised their colleagues in Parliament taking advantage that there was no Opposition left rushed through Parliament amendments to the Advocates Act The Advocates Act has been passed on the recommand ton of the Law Commission of India which recognised the autonomy of the Br with total independence even from the judiciary of the country. The amend ments which were made during the Emergency inflicted and foisled a nominated Chairman upon the Bar Council of India, The Attorney General became the Ex-Officio Chairman of the Bar Council of India in place of an elected Chairman I have had the honour of being for six years the elected Chairman of the Bar Council of India and while I was abroad they did not elect another Chairman because they did not have the courage to elect another Chairman They knew that the Bar was so ardependent that they would not select another person in my place, then they went to Parliament and prostituted the parliamentary process by passing these amendments and imposing the At orney General upon the Bar of this country at the Central level and at the State level they imposed Advocate-General as the Chairman of the State Bla- Councils You will be amazed that in the Delhi Bar Council where there is no Advecate-General, there was a very extraordinary provision made The extraordinary provision was that a nominee of the Central Government shall become the Chairman The pominee could only be a nominee of the Law Minister It is well known that during the emergency if there

was one member of the bar who had disgraced the rebes of the profession it was Mr Lalit Basin who had been at one time Chairman of the Delhi Bar Council Mr Gokhale saw to it that he became the nominated Chair man of the Delhi Bor Council after at had passed a no-confidence motion aguast him So my second amend ment says that steps must be taken to repeal the amendments to the Advocates Act which had been made during the emergency and we must restore the elected office of the Chair man of th Br Council of India as well as the Chairmar of the State Bar Councils That is the only way the autoromy and independence and fear lempes of the Lar can again be restored to their pristing glory

My third amendment refers to the role of the Attorney General of India in destroying an independent bar He has fortunately resigned and therefore I do not with to make any comments upon what he has done to destroy the independence of the bar But I would like to say that in select ing our future Attorney Generals wa must adopt some criteria. One criter rion is that apart from his ability to stay in that office other things being equal we must appoint people who during the emergency had the moral courage to go to the people and say We must fight the emergency consider emergency to be an unmit gated evil and we ere wedded to the Constitution of India " Only such persons should he appointed to high legal offices and not others who did not have the moral courage to open their mouth whatever might have been their anner feelings which they might have disclosed in private to their close friends

My fourth amendment deals with the aromaly of continuing to keep under detention without trial persons who are alleged to have committed some rume but which has not been proved This is contrary to the basic concept of the rule of taw Though we have released persons detained

under MISA there is another hated law on our statute book Freedom. Sir is in grave danger when an evil law is applied for a beneficent purpose because the human mind gets attuned to the out and does not resist the insidious and slow encroachment on liberty COFEPOSA is a law which has been made octensibly for the purpose of detaining smugglets Detention without trial of any person who is not proved to be guilty is an evil The Surreme Court-before Virs Gandhi interfered with it-has laid down time and again that the rule of law en's where detention without tr at begins. They said it not only in the case of political prisoners but also in the case of other offenders There is a fallacy milolved in the argument that we are dealing with smigglers You are dealing with only those who are alleged to be smugglers it has not been proved that they are smugglers I will give you two glaring misuses of the law. In Puniab an opposition Akalı leader was detained under COFEPOSA merely because he was the political opponent of the Chief Minister of the State Let me tell you something more which will shock you While Han Mastan was m jail the Director of Resenue Intelligence sought an interview with him in sail. This is on Sessions Court record and I have said it in public meetings. Nobody has denied it The Director of Revenue Intelligence sought an interview with him not for interrogat ing him but for recording of his statement in which he was expected to implicate the present Prime Minister of this country in act of smuggling When I cross-examined the Director of Revenue Intelligence in court, he admitted that he had gone to meet Haji Mastan to record his statement in which he was expected to implicate Morarjibhai in smuggling But the only divergence between Haji Mastan and the Director was that while Haji Mastan said that he came on his own the Director of Revenue Intelligence said that Hail Mastan had invited On a point on which there is difference of opinion between Hall

Mastan and the Director of Revenue Intelligence I will accept what the Director of Revenue Intelligence says But Lindly apply your mind and I want the House to apply its mind I want those gentiemen opposite to apply their mind as to how this COFEPOSA has been mis-applied and is capable of being mis applied in fu ure You can haul up any poutical occorent

A further paradox of continuing detention without trial of these persons is that most of the big fries have now been let off and only small ones against whom there was no allegation that the emergency was being misused or that it was necessary to detain them for the purpose of dealing with the emergency rotting in custody for the last so many sears I want to appeal to my Government that this is an evil institution and this evil institution must go As a result of this evil institution all civilised investigation has come to an end in the country Nobody wants to investigate come today A secret intelligence report as enough to lock up anybody It is not necessary to do anything further in the matter No Investigation is done and no witnesses are called In the interest of improving our investigating machinery I want that these detentions without trial should go and people should now be hauled up in regular courts according to civilised methods of criminal law which are known to the civilised juricurdence of this country

The next amendment is of very great importance but I am going to drop at I go to Amendment No 129 which says but regret that the Address has not dealt with the urgent need to define by law the privileges of legi-latures and to prevent legis lative depotiem" I hope you will recall that some time in 1961 or '65 there was a serious dispute between the UP Vidhan Sabha and the Judges of the Allahabad High Court You will recall that a journalist was imprisoned for contempt of the House

#### (Shri Ram Jethmalani)

The journalist engaged an advocate and went to the Allahabad High Court and two judges entertained his peti tion When the UP Vidhan Sabha came to know about this they issued warrants of arrests against those two judges of the Allahabad High Court This is legislative despotism and I appeal to the Janata Government majority party that restraint snould be rut on the majority itself Our whole Constitution is based on the theory that sometimes even the majority can go mad as in 1975 the majority had gone mad We can go mad again. The efore I want the majority to be restrained

The article of the Constitution says that the privileges of the Parlament shall be such as shall be defined by law We should now define those privileges by law and we should not leave them in undifferentiated amorphous and waste form that they shall be ruch as are enjoyed by the British House of Commons on coming into drove of the Indian Constitution

I am sorry that the leader of the opposition is not here He said the other day that he stands by the 42nd Amendment I wonder whether he has read that amendment One of the provisions in the 42nd amendment apart from the fact that it is an outrageous piece of draffsmanship is that the privileges of Parliament shall bereafter be such as the Parliament may evolve In other words on any occasion the privilege of Parliament shall be such as the Parliament says they are The mischievous provision is that the Parliament is now retaining to reself the power to arrest judges of this country, a power which was claimed by the Vidhan Sabha in 1964 At that time, there was an outcry throughout the country that the Parliament must alt down and define its own privileges. If the Januta Party does not do it then nobody is going to do it It will be the first duty of the Jana's Party to fulfil its promise of restoring the balance between the people and the fudges

people and the Parliament and the Parliament and the judges This is an urgent step which has got to be taken

Now I will take up the last amendment which concerns our foreign policy In our democracy, the Leader of the Opposition occupies a very important position In fact, he is supposed to have a lot of weight and it is a matfer for everyone to see that our Leader of the Opposition does carry a lot of weight I do not, therefore, blame nim for having valued the President's Address in terms of its weight, because he told the House in his address that it is a very light document Let mo remind him that the most expensive and the most priceless things in the world are those which are extremely light Weight does not necessarily add to the value of a document. Though the President's Address is light, it in corporates the entire 23 page manifesto of the party because it says that the Government is pledged to carry out the promises made to the manifesto

One promise in the manifesto which unfortunately finds either no or inade quate mention in the President's Ad dress is the very astounding, very courageous and very historic statement where it says that this country and its government shall, not only preserve human rights but shall denounce the violation of human rights not only in this country out whenever and whereter then accur Now, This is really an amplification of the pledge which we have made that hereafter our nonalignment is going to be genuine non alignment at is not going to be spurious non alignment, which has been started In this country after 1953 Nobody can be no aligned It somebody says "I am going to have unalloyed nonalignment', it is unalloyed nonsence and nothig less. We have got to be aligned to some extent. The experience of the last 19th months has shown that it democracy has been restored in this country, it is partly as a result of the pressures generated by democracies abroad, and that debt of gratitude we cannot forget to external

democracies, let us make it clear .. (interruptions) If you wish to educate yourself, please listen because you have started your acquaintance with democracy only ten days ago

DR HENRY AUSTIN Sir. on a point of order In the President's Address and also in the various statements by the Prime Minister, it was stated that we will have genuine nonalignment How does this hon Member state that it should be alloyed non-alignment?

SHRI RAM JETHMALANI Genuine does not mean unalloyed Sir. my charge against the previous government is that during the regime of Shri Chavan our foreign policy has neither been based on international law, nor has it been based on international morality, nor has it been based on national interest, nor has it been based even upon national self-respect All the four pillars of foreign policy hive been ignominiously ignored by the ruling party and I want my Government to avoid these pitfalls

MR DEPUTY-SPEAKER He has taken half an hour. He should conclude now.

SHRI RAM JETIMALANI Sir. I shall bow to your ruling But, let me say this, at least for the future, that when you are allocating time for the discussion on the Motion of Thanks. please be a little more reasonable. I have not come here to listen to Ramayana and Mahabharata

श्री क्रगदम्बी प्रसाद यादव (गीडा) : मान ए पापट माप धाईर । निसी भी सदस्य ना यह यहना साबजकानेवल है कि सहर रामायण या महाभारत गुनने के निए नहीं भाषा है। एसे शब्द नहीं बहुने चाहिए ।

SHRI RAM JETTIPIALARIE IL EL my intellectual free form which I have exercised

MR DEPUTY-SPEAKER Ilis time is up I am calling the next speaker.

82

SHRI RAM JETHMALANI Sir, I am resuming my seat in obedience to your ruling, even though I have many more points to deal with

SHRI P K, KODIYAN (Adoor) Though there was little time for the new Government to formulate their policies. I should say that the President's Address should have given some indication of the direction in which the new Government wants to develop the economy of our economy But Government's Address does not indicate any solutions for some of the pressing problems of our country

The President's Address gives im portance, rather high priority, to the rural economy in the whole scheme of the economic development of our country Nobody can have any objection to that but I want to point out here that some of the very basic issues that affect the agranan economy and the whole lot of our peasants agricultural workers and the toiling masses in the rural areas. I've the structural reform of the agrarlan economy, have been complete ly ignored in the Address. I am referting to the urgency of implementing the land reform laws for which the cultivators, tenants and other tolling people of the rural areas have been agital ng for the last so many years.

In this connection I have to refer to some of the pronouncements of the top leaders of the Junata Party including the present Prime Minister, during the election campaign that if the Janata Party was returned to power it would tare away the Ninth Schedule from the Constitution. The Ninth Schedule gues constitutional protection to land reform laws, simed at bringing about fundamental socio-economic changes. passed by this Parliament or the State Legislatures The implication of its withdrawal is that millions of peasants who have got occupation rights over their lands and also landless people who have been given land as a result of land reform measures will be drag-

[Shri P K Kodiyan]

ged to the law courts and subjected to litigation The result will be that these poor people who do not have sufficient benefi (a) canacity or resources to fight in the is a courts will lose their land There on these pronouncements of the P rty leaders during the election campaign together with the total appear of any reference in the Address to the was usour of structural reform in the agraman economy creates apprebers on in the minds of the millions of neasant, and agricultural workers of our country that the Janata Perty not at all interested in carrying forward this basic reform which requires the co-operation of all the political parties in this count; and all those who are interested in the welfare of the agric... tural workers and other sections of toiling people in the rural areas

Mr Deputy Speaker SIr, the mover of the Motion of Irhanks to the Presi dent for his Address, Shri Karpoori Thakur had made a reference to the inadequate progress that was made during the Congress regime, during the previous regime in irrapementing land reform measures: He gave rome agues also He did not express further what the new Government will do or his party would do in order to complete the process of land reforms.

The question of implementation of the land reforms and other items of the 20-point programme were announced during the emergency by the former Prime Minister I know that the 20point programe is being peoh peobed by the hon Members in the Treasury Benchez. But you cannot pooh poon some of the measures included in the programme for the benefit of the rural poor Instead of the 20 point programme you may give it some other name, but some of the items which were included in the 20 point programme like the minimum wages for agricultural workers, debt relief for poor peasants, agricultural workers adivos.s, Harijans and also the rholition of bonded labour, and such other measures which were meant to protect the weaker sections of our people have to be pushed forward and implemented if you are suncere in your profession of love and sympathy for the weaker sec tons and want to serve them then it is yo ir duty and the duty of every se tion of this Flouse to carry forward the implementation of those measures which are included in the 20-point economic programme which were meart for the upliffiment of the poor sections of the country

I would like to point out that fle Pres dent's Address does not give PE) indication in what manner the new Government would be going to hold the price line This is a point on which the entire working people are very much agitated The price line can be held only if there is a country wide public distribution system through which essential commodities can distributed to the people at cheaper rates But I want to point out here that the public distribution system as it is existing today in our country is quite inadequate. The total number of far price shops that are now existing in our country will serve only 45 mills on people out of 600 million people of our country Only in Kerala there is a State-wise public distribution system In Maharashtra and West Bengal, cer tain areas have been brought under statutory rationing system But, tak ing the country as a whole, the public distribution system at present is quite inadequate Without building up a country wide public distribution system which would effectively serve the common people you cannot hold the price line

Another point which I want to mention in connection with the holding of price line I<sub>3</sub> the question of product<sup>28</sup>, enough consumer goods in the public sector, not to leave it to the private sector because we have see how the private sector was behaving in the matter of producing consumer goods. For example, take the question of production of controlled child for the common people. As far as the mill-owners are concerned whatever allocation was made they failed to produce the allot led quota of controlled cloth. Then, fore I want to stress this point that the Government should come forward and start consumer industries. In the State sector so that Government will be in a position to have enough Consumer goods for proper distribution among the people.

8٢

I also fail to understand what is the policy of the new Government in regard to industrial development know the hon Finance Minister while introducing the Budget said that the Budget did not represent the philoso phy or the policy or the programmes of the new Government I do not know what is their philosophy So far as be is concerned he was a member of the System re Party and his philosophy was that of free enterrrise freedom to amass wealth for those who are engaged in the trie and business sector the freedom for the workers to be exploited freedom for the poor people like isr cultural workers who are very much suffering from unemployment under-employment and low wages star e If that is the philosophy that th a new Government is going to follow then I should say not only our econo mr ; ill suffer but the concentration of economic power in the hands of a few will continue. The result will be that the disparity of income amongst different sect ous of the people will go on in reasing Therefore I would request the new Government to consider the ques ion of development of the econs my as a whole taking into account the respe tive roles of the public sector and the private sector in the gevelopment of the economy

The public sector has to be further strengthened But in their manifesto the, have said that there will be no further expansion of the public sector The public sector from into a powerful economic factor in the development of our economy. Its enarrous potential can be used for self reliance.

and proper development of the econo ma, for curbing the further growth of monopoty and for controlling market mechanism through entering me the production, and distribution of essential commodities in a big way I would urge upon the hon Finance Minister and also the hon Prima Minister is consider this question services!

The previous speaker referred to the forecage policy. He said that new Gov ernment will be following a genutine non alignment policy. I do not know what he means by genuine non-lign ment policy. I sit for remain simply or completely neutral when the imperiability neutral when and otherwise newly independent countries. Is it to remain neutral when in the Indian Ocean area military bases are being set up by the

### AN HON MEMBER Soviets also

SHRI P K KODIYAN The Soviets have denied that They have any military base in the Indian Ocean or they base any intention to set up any such base For what purpose are the Americans butting Diego Garcia base in the Indian Ocean? So much money being spent. For what purpose thes dumping military hardware in the Persian Gulf area? According to a report about half of the military a d that has come from the United States in the last three years has gone to the Persian Gulf area. The in ependence and security of countries around the Indian Ocean are being threatened by the continuous military build up and setting up of military bases by the American imperialists Therefore you want to serve the interests of the counity then our foreign policy have to be a dynamic one which would firmly oppose such threats. Our country will have to follow a policy of ron alignment with its solid support to the people fighting for national liberation and to the perp'e high ng arrunti racism in South Africa Namibia

#### [Shr: P K Kodiyan]

and her citade's of telaulism and rar on in the Afrean Cantonmert Please in the name of gentineness of non alignment policy, don't bring down the image of Irdia India has today a respectable position in the World, and in the comit of nations and its op riors are heard with respect in world Councils We have acquired this pos tion because we have in consistence with the principle behind our national freedom struggle, firmly stood by the side of the people who are fighting for freedom, we have stood consistently for world peace and we have consistently stood against military alliances and deliberate attempts to create tension in the international sphere Therefore I think it will be for the good of country and the people and for Ind,a's good name that the new Government follows a policy of nonalignment with support for those fighting against imperial sm, nec-colcrialism and racism and for those fighting for pes e and national liberation.

SHRI EDUARDO FALEIRO May I remind the House tha on 18th Decemher 1961 that portion of land was liberated from the colonial soke and that be come a part of the great motherland and till this day it has remained as a Union Territory I submit that under the constitutional enaciments and under the constitutional scheme airo which govern us the Union Territory atstus is not a permanent status. It is a transitory temporary status only and some day or the other these people and this portion of land has either to merge in the neighbouring Stacor they must get separate Statehood

In 1964 as there were controversies among the people of this territory as to whether they should continue as a separate territory or they should merge into the neighbouring States of Maha rashtra or Mysore an opinion poll was taken and that opinion noll proved once for all that what the people wanted was not merger with either Maharashtra or Mysore but a separate State of their own This was in 1964 We are now in 1977 and in spite of 13 years having passed the power of the people the will of the people and the most urgent and pressing demand of the people in my part of the country has not been given its due expression.

May I bring to the notice of this House that in the year 1971 a non official resolution brought forward by the Opposition Party the United Goan Party for a separate state-hood was passed unanimously and it was accept ed even by those who upto last year opposed separate Statehood In 1976 the Maharashira yadi Gomantak Party the name of which itself shows that they for merger of this territory into the neighbouring State of Mahara shira brought a resolution in the Assembly for separate statehood and this resolution also was passed unani mously I will not take the time of the House nor will you allow me sufficient time to explain to the House as to what are the advantages political ecoromic and administrative that will accrue to the people who constitute a separate

May I congratulate you Mr Chairman

SHRI EDUARDO FALEIRO MEY I remind the House that on 18th Decemher 1961 that portion of land was liberated from the colonial voke and that become a part of the great motherland and tilt this day it has remained as a Union Territory I submit that under the constautional enactments and under the constitutional scheme area which govern us the Union Territory status is not a permanent status. It is n transitory temporary status only and some day or the other these people and this portion of land has either to merge in the neighbouring Sta e or they must get separate Statehood

In 1964 as there were controversies among the people of this ferritory as to whether they should continue as a separate territory or they should merge into the neighbouring States of Maharashtra or Mysore an opinion poll was taken and that opinion poll proved once for all that what the people wanted was not merger with either Maharashtraor Mysore but a separate State of their own This was in 1964 We are now in 1977 and in spite of 13 years having nassed the power of the people the will of the people and the most urgent and pressing demand of the people in my part of the country has not been ensen its due expression.

May I bring to the notice of this House that in the year 1971 a non official resolution brought forward by the Opposition Party, the United Goan Party for a separate state-hood was passed unanimously and it was accept ed even hy those who upto last year opposed separate Statehood In 1976 the Maharashtra vadi Gomantak Party the name of which itself shows that they are for merger of this territory into the neighbouring State of Mahara shtra brought a resolution in the Assembly for separate datehood and this resolution also was passed unanimously I will not take the time of the House nor will you allow me sufficient time to explain to the House as to what are the advantages political, ecoromic and administrative, that will accrue to the people who constitute a separate

oδ

Statehood and which do not accrue to people who belong to the Union Term tory One of them is representation in the Rajya Sabha A Union Territory does not have any representation in the Rajya Sabha Goa does not have any representation in the Raisa Sabha precisely because we are a Union Terri tory Then we do not have a separate Public Service Commission All our administrative officers are selected by the UPSC which has a choice of the entire country while in the States the State Public Service commissions choose generally from among the people of that particular State You will be surprised to know that out of the 30 or 40 IAS officers which are presently in Gos Daman and Diu there is not a single officer who belongs to that term tory You will be under a wrong im pression if you believe that all of us are savages that we are primitives, that we do not have any IAS officers we have pienty of officers, our officers have even become Governors but still not a angle IAS officer is drawn from our territory

# There are several other benefits.

The hon member from Pond cherry has interrupted and thereby he has reminded me of the local judicial autho rity in the case of a Union Territory There the Judic al Commiss one- ex ercress only certain restricted powers of the High Court, whereas in the case of a State the local final publicial authority is the fulfledged High Court. It is better to have a High Court rather than a Judimal Commissioner This is a disadvantage to us which is because of our being a Un on Territory we got a separate State of our own in that case we would have a High Court of our own The Hilgants of Coa do not have that benefit. It is not justiff ed It is high time that full a a'chood was is granted.

The reasons given for not granting Statehood are two

1 Smallness of the territory It is a small territory People go only for bolidays That seems to be embrassing.

In this connection I would like to submit some statistics based on 1971 cencus. If the North Eastern areas Tripura Manipur, have been given statehood-there is no justification whatsoever to deny statehood to Goa, Daman and Diu.

The population of Gos Daman and Diu according to 1971 census is 8.53 iakhs whereas in Nagaland the population is 5 16 lakhs

Density of population per sq km is as under

Goa 225 people per sq k.m. Manapur Naraland Meghalaya 45 Tripura 149 ,,

If this House could grant statehood to the North Eastern Area it cannot on the basis of justice and equity deny statehood to the people of Gos which has larger population and more density of population

The other argument which 15 adduced against granting statehood to our territory is that it is economically not viable On this point I am happy to say that the rate of growth during the decade-1964-74-as also the increa e in the revenue has been to the extent of 500 per cent in the case of our Territory

We have at present a deficit of Rs 1234 crores. If statehood to granted, we will be entitled to Rs 3 crores The scheme for allocation of Central Taxes has been evolved by the Finance Commiss on for 1974-79 The remaining will have to be made good by grant -m-nid by the Central Government. The Grant in aid will be to the extent of Rs 9 crores. I give figures to show in comparison the grants in aid being given to the North Eastern States.

We require grants-in-aid to the extent of Rs 9 crores, whereas for others the figures are as follows

Nagaland	Rs. 39 crores
Man pur	Rs 27 .
Assam	Rs. 73
Orissa	Rs 103 "
Jemnu &Kishnir	R1 65 30
Tripura	Rt 25
Meghalay	Rs 25 "
Hims hal Pradesh	Rs 45

The Central Government will not be doing any big favour it it gives grantin aid of Rs 9 crores to Go1 because the export duty which is earned by this territory is Rs 55 crores per year on aron ore alone and this does not include export duly on manganess ore on eashewnuts and so many other things. This is a pressing demand of Goa. Daman and Diu This Government claims to be committed to the welfare of the people, as it, name indicates But empty promises would take us nowhere It is our demand that as early as possible full ledged Statehood should be granted to our territory The eratwhile Congress Government was inclined to grant Statehood in respect of small States The House must be aware of this A couple of years back the concept of working statebood was adopted on the basis o' the Morarka Committee report Before becoming Prime Minister Mr Morarji Desas was reported to have made a statement that it would be better if India had 4 or 5 major States and that small States were against the interest of the coun try I request him to clarify this point Government should express its policy on this issue of small States. I want to know specifically as to what the policy of the Government is on the question of granting full-fledged statehood to the Union Territory of Goa, Daman and Diu

With these word<sub>3</sub> I thank you for the time given to me to speak and I thank the hon Members for the patience with which they have heard my speech I hope that the points raised by me will be replied to by the Govarment while replying to the debate.

सवार मत्री (श्री जार्न फर्नोहिस) : ममापति महोदय, देश की जिस जाता ने राष्ट्रपति के धशिभाषण पर उन्हें धन्यवाद देने का भौता हम दिया है, उस जनता का में सब से पहल समिन्दन करना चाहता है। भाज की यह नई स्थिति भीर यह नई सरवार लाों में जो सीय जेलों में गये. जिन्होंने नरकार दे दमन का मुकाबला किया, और जो माज हम लीगों में बीच में नहीं हैं, उन सब को भी मैं बाद बरना चाहता हु। मुजपकर-पर की जनता ने मुझे भाज इस सदन में खड़ा हाने बा मौता दिया, और वह भी दो प्रकार े प्रवार को निष्यल बना कर-एक तो भतपूर्व प्रधान मही, श्रीमती इन्द्रिश गांधी, ने भेरे क्षेत्र कें जा कर कहा कि जाजें फर्नाडिस बाहर का बादमी है, मुजपकरपुर की जनता जसे क्या बोट दे. भीर उस वक्त भीर भाज ने भी जो नायेस मं भ्रष्यक्ष हैं, उन्होंने घेरे धेव म जा नर वहा कि जार्ज फनौडिस ईसाई है उसे मुजपफरपुर की जनता क्यी बोट दे ? मजपपरपुर की जनता ने इस प्रकार के प्रचार के यावजद मझे बोट दिया। मेरे उस क्षेत्र म जाने पर हर प्रकार की राक्त लगी रही. मैं जेल में बाद रहा। इस देश की राजनीति में घौर देश है सार्वजितक जीवन में मेरी सारी उम्र वीन गई. 19 संख भी उम्म में मैं समाजवादी धान्दोलन में माया धीर तब से से कर धाज तब इस देश की जनता है बीच में मेरा काम रहा ! सरकार से मनभेद रहे। सधर्प चलता रहा। लेकिन इस ने नहीं सोचा था कि ऐसे भी दिन इस देश में आएगे कि मुन जैस आदमी को दोनो हाया में बेडिया डॉल कर जजीरों से पुलिस की पट्टी पर बाध वर शहर की सहको पर चलामा जायमा । ये सारी चीजें हुई ।

[यो ज जंफर्नाडिस]

मगर इन सारी चीजो के बावजद मुजपकरपुर की जिस जनता ने मझे इस सदन में भैजा दिया उस को भी मैं राष्ट्रपति के ममिमायण पर धन्यवाद क प्रस्ताव का समर्थन करते समय धन्यवाद देना चाहता हू ।

मैंने काग्रेस जनो के कई भाषण सुने,

कुछ पढे। जनता की समस्याधी पर धव इन्होंने रोता गुरू किया है । दाम बढ रहे हैं, बहुत परेशानी है । बैकारी बढ रही है, बहुत परेशानी है । कब से दाम बढने सरो ? बेकारी व आकड़े पिछले दस बारह थयों से सरकार ने धपनी स्टेटिस्टिक्स की विज्ञानों से देनाही बन्द कर दिया क्यों कि इतनी तेजी से इन लोगो ने बैकारी बढाने की योजनाए देश में बना कर रख दी। क्षेत्रीय विचमता की कुछ बातें यहा पर हम ने सुनी। पिछले तीस सालो में जिला नीतियों को इस काप्रेसी सरकार ने यहा पर चलाया, सिएं क्षेत्रीय विषयताची को बढाने और गाबो को लूट कर दिल्ली भीर बम्बई जैसे शहरी की शानदार बनाने के सिवाय धौर वौन सी नीतिया उन को रही? माज लाख। लोग रो रहे हैं। माज उन लोगो नी याद इन को माने लगी। विहार ने पिछडे हुए इलाके के मरे हुए लोगा की, आसाम, जहीसा जैसे पिछडे प्रदेशी की. पूर्वीतर हिन्द्रस्तान ने पहाडी इलाको म मरने वालां की माज याद माने लगी । तीस सालो में कौन सी नीतियां चलायी ?

इसलिए मैं प्रार्थना वरूगाकाग्रेस पार्टी ने सदस्यों से कि वे बुछ धन्तर्मुखी हो जाय । गलतिया की हा तो उन की समझ से । घपने दल की स्थिति को सुधारे यान सुधारें यह उन वा वाम है । लेकिन पिछली 30 सानों की गलतियों के बाद जरूर कुछ सात-र्मुंधी हो कर जनता ने जो जिम्मेदारी प्राज जनन सर र पर दानी है बौद जिस जिमादरी की निमान इस सरवार का कर्त्तंच्य है, उस जिम्मेदारी को निभाने म शाप हमारी मदद करे। उस मदद की भाप सोगो से हम प्रपेक्षाकरते हैं। क्यो वि भाज श्राप भी महसूस कर रहे हैं कि जो दाम बदाने का सिलसिला आप ने चलाया, धौर बेबारी बढ़ाने का सिलसिला ग्राप ने चलाया भीर तीस साल जी देश को बरबाद निया है उसे हम लोग नए दग स उठाए भीर नय दय से देश का निर्माण करें यह जम्मेदारी इस सरकार पर भाई है । इसलिए आप जरूर टीका करें, जहा मूल हो, लेकिन उस के चलावा कुछ सहयोग दें ताकि इस विगडी हुई परिस्थिति को सुधारने ने लिए हम लोग मुख दीस कदम उठा सकें ।

ये समयाए बड़ो घीर गहरी हैं जिन की हल करने ना काम बाज हम लोगो के जिम्मे भाषा है क्यों कि पिछले बुछ वर्षों से भीर विशयकर 198ले 11 वर्षों में देश के लोगो की झूठी बातो पर जिल्दा रखने का काम काग्रेस सरकार न निया था। बातें किसनी झ ठी पही ...

"The Government of the country, ruling in the name of democracy, had unleashed its armed forces against unarmed peaceful workers to compel them to work. It looked like the naked dictatorship of Roman Emperors, letting loose their armed solidery against their slaves who refused to be mere slaves only to work under the whip-lash. For 20 days in May 1974, India saw peaceful bourgeois democracy, installed in power by the ballot box, forcing the rankaymen to give up their demands and their right to strike to get those demand. This bourgeois democracy which swears by truth, non-violence, peace and the poor and the fundamentals of the Constitution attacked even the families of the Railwaymen, further illustrates the truth that when the worker has sold his labour power to the employer, he sold himself

Now about the interview of the Prime Minister Shrumats Ganohi to Mr George Evans of the Sunday Telegraph London question was

What were the external pressures that influenced you in proclaiming a State of Emergency? The Government claims, for example that Mr George Fernandes leader of railwaymen's union and Socialist Party wrote to Chairman Mao soliriting support and that substantial sums of money were received. through a foreign bank.

The Prime Minister replied thus

First the real reason for the Emergency long before my case came up in the courts was the developing and deepening crisis. "

उस सबकी रिछाइ देश है।

'Mr Fernandes said the money was for trade union activities. The money was originally put in his personal account though later he transferred some of it. The cheque carre through the Reserve Bank of Irdia from Japan and we had information that part of it came from somewhere else to Tolyo and then here Before hat a cheque was received from Holland I think, to a party in Orissa They quickly stud it was for agricultural work but the sort of campaign that was going on was obvious. Those who went on strike were being paid. Where did the money come from? Our trade urions are not rich"

BARUA BEDABRATA SHRT (Kalisbor) Mr Chairman, actually I did not want to speak on the matters that have been raised in this House, but having heard my respectable . Socialist friend, Shr. Fernandez, I would only like to mention that so far as the allegations that he has made against my party are concerned, we have so far stated that mistakes have been committed. We have not tried to defend those mistakes so far In fact, we have explained in this House by and large that in the party as a whole as are in a mood of introspection and we are trying to find out what went wrong in the battle that decided on

At the same time I cannot help say ing that so far as the statistics are concerned, there are two major defects. Firstly, it has failed to take into .ccount the rise in population in the country It has not taken into account the fact that the population has gone up in the mean time. He has also avoided giving production figures. We in the Congress Party are proud of the development that has taken place during the past several years, particularly during recent history when the production of various items was increased, exports went up and so many other thinge happened.

I am in partial agreement with what has been stated in the President's Address in negative terms What I mean by negative terms is the mandate that is stated to have been received by the party in power today, the mandate to remove the restrictions on the rights of the people etc. We art in partial agreement and our party leader has stated in this House that we will cooperate in all essential matters in carrying out whatever mandate the ruling party has received from the people.

I am also in partial agreement with what has been stated about the development of agriculture partial be cause my party has contributed a lot to it It is simply not true to say that investment in agriculture was less of

that it was neglected There was a green revolution in our country, agracultural production has more than doubed since Independence Certain other measures have also been taken which have taken agriculture out of the medieval phase It is however, true that much that could have been done in agriculture could not be done because of various constraints. While I welcome the opportunities of the present Government to do away with those constraints, to face those problems, it will simply not do for them to function only as an opposition criticising us for having to do something which I have no doubt they will find equally difficult to implement when the time comes In fact, the time has already come I do not think they have plenty of time to tell the people that the Congress Party failed as they will have to show soon what improvements they are able to bring about in agriculture

It is true that something should be done for rural water supply and all that but it requires vast investment The real problem is not rural water supply or rural industries What is starting is the complete absence of the fact of struggle in the countryside It is good to say that there are people below the pover'y line, but they are in the countryside Why was there no mention in the President's Address about the randless workers, about the people who are below the poverty level who do not have holdings who are tenants, what Government proposes to do about them, what type of legislation they would like to bring forward what exactly the party, to which Mr George Fernandes and other socialist leades of my acquaintance with some of whom I had close personal relations, wants to do to remove this type of poverty in the rural sector? Rurat industries may be a solution to some extent, but unless investment is diverted from the Industrial sector, it will not be possible to develop rural industrits. It has a logic of its

own Vast investments will have to be made and one will have to decide one s policy about other industries

In the President's Address, there should have been a general statement of policy I agree that the parties which have come to power recently may not be able to state immediately their approach in detailed terms but at the same time no political party ever comes to power without having an economic policy So, why was it not found possible to state in concrete terms Government's approach with regard to the public sector and the private sector? It should have been possible to do it in two or three lines

Harold Laski in his Grammar of Politics while discussing hatty logislation has categorically stated that hasty legislation is not possible because a grest political party goes through a process of study and struggle before it arrives at the seat of power

There must be at least a particular approach to the basic problems before the country I mean the basic economic policies—I am not speaking on other matters—which cover stifculture and everything country in a stiff of the country in the country in a stiff of the country in the country in a stiff of the country in the country in a stiff of the country in the country in a stiff of the country in the country in a stiff of the country in the country in a stiff of the country in the country in a stiff of the country in the country in a stiff of the country in the country in a stiff of the country in the country in a stiff of the country in the country in the country in the stiff of the country in the country in the country in the stiff of the country in the country in the country in the stiff of the country in the country in the country in the stiff of the country in the country in the country in the country in the stiff of the country in the country in the country in the country in the stiff of the country in th

For example take the case of public scotor I saw a statement from Mr Verma about the industrial robins I si just a repetition of what Shyama Prasad Mukherice placed before Parliament some 25 years ago with certain minor amendments Nowe, the public sector in this country today is not confined to the basic and key industries It is producing bread and consumer items. As a Member of Parliament I.

[Shri Bedabrata Barua] concerned about the fate of the pubhe sector Unless some policy is made regarding the growth of the public sector the growth of the public sector will be inhibited and if the growth of the public sector is inhible ted two possibilities arise. The private sector has to be allowed to grow My party was not allowing monopolies to grow my party at least attempted to help the public sector to grow as fast as possible and only to cover the gap in the production but houses were allowed expansion. Even then the share-holding pattern and every thing was changed Public financial institutions were invited to purchase shares in it How is it possible today? If the public sector is not allowed to grow if there is no enthusiastic response to the needs of the public sector the private sector is bound to grow as fast as possible If it is not allowed to grow because of internal contradictions in the Ruling Party then there is going to be

I hope there will be no contradictions I want your Government to function as smoothly as possible As a Member of Parliament I am trying to tell you that if some elements want to ctop monopolies then the public sector (Interrupt; 173)

SHRI MADHU LIMAYE (Banka) Dd Mr Brulai Verma say that he was going to de nationalise the industry?

SHRI BEDABRATA BARUA Mr Madhu Lamaye with all respect 1 would like to tell you that even that most sumple statement was withdrawn because it was considered to be the preliminary view of Mr Verma As a socialist I am saying this I am not saying as a critic of what is being said. The time for criticism has not come I want to give all the cooperation that is due from my party I do not want to stand in the way of

this matter because parties have merged That is why, I would like to avold speaking about contradiction. But how can I ovoid oil that what I quoted from Lask! The political parties have merged I know the ideopogy of the Swatantra Party, I know the ideology of the Jan Sangh and I know the ideology of the BLD But I do not know what is the amal gam what is the economic policy that has emerged out of this amalgam I am entitled to know from the Government what is the omalgam of the economie policy which will protect the public sector, which will assist the private sector and which will protect the national interest in both the "ec tors

Address (M)

I want the Government to specifi eally stote in the interest of the countrys welfare in the interest of the public sector in the interest of the ocialist aim of the Government their clear cut economic policy Unless the public sector is allowed to grow unless the socialist orientation in Government policies is allowed to continue, unless the Government makes up its mind and says positive ly as to how much the public sector will be encouraged and how the private sector and the monopolies will be checked we will be in a very great difficulty I find a very sad tendency on the part of my friends opposite to still continue to speak in terms of the past The things have changed and they are in the Government now As the ruling party they have to place before the country immediately as to what their approach is in regard to various policies of the Govern ment. They cannot go on arguing that they are going to formulate their economic policy Because their party has won elections I will call it a big party if not a great party It should be ready in regard to the basic problems like tenancy reforms, land reforms role of public sector vs private sector etc Their total silence is rather strange I would not ex-

pect the Government to keep silence for long

In regard to the Constitution amendments I would like to say a few words It is true that the ruling party has a mandate today to restore fundamental rights to the people But it is also true that there was the election in 1971 When our party went to the people in 1971 for a mandate whatever the mistakes that might have been committed later on as to whether social and economic changes should wait upon the discretion of the judiciary we won as much as you won this time

SHRI MADHII LIMAYE It was a mandate for five years. It expired on the 18th March 1976 The Cons titution (Forty-Second Amendment) Bill was passed after the expiry of the mendate (Interriptions) You did not do anything before 18th March 1976 After that you had no moral right to do anything

SHRI BEDABRATA BARUA 1971 mandate clarified that the peo ple wanted progressive measures in the field of land reforms tenancy reforms and economic and social changes. All this could not be done with a reactionary judicial system While we do not say that the mandate extends to this day the point is that our party continued to believe in that type of thing Therefore in spite of a mandate that has been given to you to restore fundamental rights to the people they would like to have a progressive Parliament capable of implementing urgent social reforms without being hampered by the judicial political and economic set up I am saying that with a specific object When it comes to the question of amending the Constitution, my party will consider each amendment on its merits as to which is essential to the political and the economic life of the country and what is essential to the

progress of the country and what is not essential.

Regarding defections which have now been upgraded to the term "realignment of political forces I think this is a see-saw struggle between the ruling party and the Opposition in which it suited somebody to take advantage of defection and it suited somebody not to take advantage of defection. We are not afraid of defections I am not saying that I object to defections as such The people whom we select or you select defect whenever power goes from one party to another party They are not even good human beings

SHRI MADHU LIMAYE How do you explain your own defection to the then ruling party?

SHRI BEDABRATA BARUA When did I defect to the then ruling party?

SHRI MADHU LIMAYE You belonged to the Socialist Opposition, you changed over to the then ruling party

SHRI BEDABRATA BARUA never was elected to any Legislature I am not going to give any explanations personally but I may say that when I moined the Congress I was not a Member of the Legislature That is the position and I think people have a right to think over their fun damental approach to the country and change

But today defection has been upgraded to 'realignment I narn my friends on this side and those on the opposite side not to take it very easily Once you call defection as realignment of forces you may not stop anywhere It is not for you to realign the forces it as for the country to realign the force. There is always a possibility that directions may change and there may be a realignment of forces in the country but this sort of 'monkey jumping from one side to the other must not be upgraded as 'realignment of forces' Today I don't think the party system in

[Shri Bedabrata Barua] India reflects the sort of right and left orientation in our politics that is projected from the Government side It is not true that in the Party Bystem there is a right or left orientstion That orientation has to come and there should be a realignment of forces at some time in the history of India, but this is not the time for that realignment. We, on our part have "olld support for our Party and we want to stand by it rock-like Ms Party is committed to policies which are leftist policies, socialist porcies ard in spite of whatever our Leaders are said to have done and whatever aberrations ersy have taken place we will stard by our Party and will continue to lead the revolutionary

SHRI S. D. SOMASUNDARAM (Thanjavur): Mr. Chalrman, Sir, I have great pleasure in speaking on the President's Address. As referred

to in the President's Address, I request the Government to bring comprehensive amendments to restore the balance of power between the. people and Parliament, the Judiciary and the Executive, and the States and the Centre. I am sure, the proposed amendments may keep up the spirit of the effective federal character of the Constitution.

Then, Sir, with regard to family planning, it is essential for the welfare of the country, but the implementation of the programme should not be computerry. It should be voluntary. We have to educate the people convince the people and persuade them to accept it and in its implementation

India is an agricultural country-For the last 30 years we adopted many developmental programmes in the field of agriculture. But now we are importing foodgrains from foreign countries. Why? We should not import foodgrains at the cost of exchequer. I request the Government to fix a steady, fair and remunerative price for the agricultural produce. This will help in raising the standard of living of the farmers. I will also request the government to arrange for timely supply of fertilisers and other agricultural inputs at reasonable price in order to minimise the cost of production of foodgrains,

I am sorry to note that in the Presidential Address, no mention has been made about the Inter-State disputes. In this connection, I request the government to take necessary steps to settle the Kaveri water dispute at an early date. The basic approach for setting the matter is that the supply of water to old avacuts should not be affected. The Central Government may revive the dialogue with the concerned State Governments and settle the Kaveri water dispute in accordance with the spirit of the 1724 Agreement.

In this connection, I would very much like that river waters should be treated as national asset. We should not discuminate whether the \*procure belongs to Karnataka or whether it belongs to Tamil Nadu. When the Bolongs to Tamil Nadu. When the Government take a decision, it should not affect any appear. The other thing I would like to request is that lou may consider to amend the constitution so as to nationalise interstate triers.

Lastly it has been observed over the past few years that Tamil Nadu is lagging behind in the matter of indicatifal development. Take the Salem steel plant. In regard to Salem steel plant a go-slow poley is being adopted by the government. I repuest th! Government to speed up an implement the Salem steel proiect.

SHRI SAKTI KUMAR SARKAR (Joynagar) It is a great privilege for the to speak on the Presidential Address

First of all I would like to congretuate our Acting President for his brief but bold speech. What he told mey not be encouraging to many of us because you know the statement so brief But, at the same time as object But, at the same time is speech cannot be ignored What he told, he told it courageously. He admitted that the structure committed on the people were abundant In the Congress regime the inseries were untelled. These are the admissions of our Acting President So I want to think him for that

I want to highlight about corruption So many cases of corruption have come for discussion Janata Parly has assured the House that the cases will be looked into and enquiry would be made if necessary This is really good But I want to emphasise about the corruption in the political field

The latest efection has proved that democracy has taken its root in the masses. At the same time we should not forget that corruption has also taken its root into the masses. This

is the contribution of the last 30 years regime in India We could not achieve very concrete results so far as raising of character is concerned would like to emphasise that if democracy has taken its root in the masses corruption has also taken its root in the masses. This corruption should be eradicated. Now the question is how to do it? I would like to give a suggestion. We representative, of 600 million people have to submit the Refurn within 39 days. We shall be giving the same in the next few days when we go back to our constituency I want to say that the Return would be infrastructuous because the limit prescribed by the Representation of Peoples Act is not pregnatic most of the cases the limit has been crossed The Return which we are going to give is to some extent m mockery Let us devise some sort of method so that corruption is check-I would like to say that the Ropresentation of Peoples Act should he completely emended so that the people cannot exercise their right by means of money or with the force of money My humble suggestion is that the entire election cost should be borne by the Government

We are very proud to say that we sre a Socielst Government We are proud that we are thinking of socialism. But the election system in our country is not at all congenial to socialism. It is almost capitalistic First of all, I would request all the leaders present here to think over the matter. Our great leader Shri Jaya Prakash Norayan had appointed a Committee I had acquaintance with Prof Tarkunde I met him He had made suggestions. In a booklet. But the suggestion, were contradictory

There is a simple formula by which we can eliminate all the expenditure I am just explaining by giving an example Suppose in a Constituency three persons contest. There should be one poster in which the names, symbols and the parties names may

ed so far

## [Shri Sakti Kumar Sarker]

be given These posters should be got printed by the Government The posters may be given to the Gram Panchayat for displaying in conspicuous places. In this way the expenditure on the posters can be saved.

Likewise the identity cards or voter sips which we give to every voter can be got printed and can be distributed by the Gram Panchayats Rigging can easily be avoided if

the polling agent puts his signature on the ballot paper before giving it to the person concerned for toting So rigging can be avoided very easily and there are very many simple procedures which can easily be adopted Corruption in election will dis appear if we do not allow money to play its part This is very important and we have to see that money does not play any part in election or in any election of public institutions I think the Government and opposition leadera will sit together and think on the necessary changes to be made In the Representation of People Act I think some clauses are going to be changed. The hon President has made a reference to this in his Address But that is not enough The whole of the Representation of People Act should be remodelled Provision has to be made whereby money will not play any role At present the Government bears 70 per cent of the election expenditure Why should we allow polifical parties to incur this sort of fabulous expenditure? If we are really to bring in socialism we should not indulge in such large scale expenditure as the capitalist countries are doing This is my humble sub-

I want to plead for the creation of a new ministry for Backward sreas. There is great disparity between one tallok and another police station area to another police station area. Such great disparities are there in a vast country like ours. Regarding Girijans and Tribals and o hyr backward communities. I feel that they are still in darkness and no concrete improvements have taken place in their living condition. So I want to suggest that there should be a Ministry of Backward Areas and Communities. This should be under the direct charge of the Prime Minister if we sincerely believe that socialism is the remedy These people have been exploited for thousands of years and various provisions of the Constitution are aimed at helping these people but nothing concrete has emerge.

A-a member of the Committee of Scheduled Cattee and "ribes I have found throughout the country We have examined various departments and organisations but upto this day nothing concrete has been done So. I request that this must be thought of by the Prime Minister and his Min istry abould be created for this specific pursons

Regarding the eradication of poverly, in the last election, Mrs. Indira-Gandhi announced the slogan which was popularly called gorbs hand if you really want to bring in societism it is very necessary to root out poverty from rural areas I personally made some interesting studies on this issue in Stundarbans area which is a most inaccessable and backward area of our county.

Here we started helping the margi nal and sub marginal farmers are emotional people and have many complexes and so they should be taken proper care of Operational research project has to be taken to all backward areas In this area, hands of Dr Swaminathan who has been entrusted with these projects should be strengthened I personally feel that he is the person-an able scientist-who is trying to touch the problems of the people by undertaktng such an operational research project and so I request the Minister through you that his hands should be strengthened

I would request the Agriculture Minister and the hon Prime Minister to take all route florts for going shead with the outer for the going when the research and extension work for any development of backward stores and the second stores and its own instances and also its own capabilities. These should be identified first. Unless we do that, nothing can be done to develop the area. So for as the Planning Commission is concerned it requires to be recorrented and remodeller.

Lastly, I want to add a few Intes so far as my own area is concerned Str. I belong to a district called Twenty-four Parganas And you will be astonished to know that this has a population of more than 85 lakhs One portion of my district is completely backward Dut, In Spile of that this not been taken as a backward area.

When I was a Member in the Fifth Lok Sabha, at that time, Shri Mohan Dharin was the Planning Minister He assured me then this would be divided into two parts on the floor of the House But, so far, that has not been done I, therefore, request the present government to ask the State Government concerned to give its suggestions immediately so that this district could be divided into two parts special attention has been given the portion called Sunderbans Unless this is done no technological development of the area is possible Sir, this area is surrounded by water The length of creeks and canals is 731 miles and the whole area is protected by embankments to the extent of 2200 miles Though this area consists of jungles, yet, human beings are living there And nobody has taken any care about them The West Bengal Government has set up a Sunderbans Development Board. It is a political consolation. But, nothing has been done by them in the matter of development of this area I would

request the present Government to take proper care of this area.

With these few words—I do not want to entroach on your valuable time—I convey my thanks to the Atting President for his speech delivered the other day to both Houses of Parliament

SHRI C M. STEPHEN (Idukki) Mr Chairman, Sir the Address of the acting as President Vice President honestly left me disappointed Address does not contain anything In accordance with the worthwhile convention, the President has spoken on behalf of the Government. it is an accepted convention that when the President makes an Address, he does not make any defamatory or de rogatory remarks about the previous Government The President of India. the Rashtrapati, is a continuing insti tution. He represents the unity of the Nation, the continuing entity of the Nation and as and when the Gov ernments come he speaks on behalf Therefore it is of that Government a principle or convention generally followed that the Ministry does not make the President to speak in terms critical of the Government which !" represented only a week backwhile going through this Address I find that this convention has been violated The President has

made to speak in derogatory terms with reference to the Government which he represented before the elections I wish this bad convention was not set up by the Government in power On the other hand the President is expected to give a picture of the state of the Nation as at pre sent and is also expected to give certain indications of the lines of the policy which the Government will be following in the subsequent years Now this Address is absolutely silent about both. We do not get any state ment of what the state of affairs of the Nation today is on the economic front, on the international front and on the general condition prevailing in the country Therefore what should have been a report of the state of the Nation that part as far as this Ad dress is concerned is silent Rather the President lays special emphasis on abrogation of certain acts and nothing more Well, the Janata Party the leadership of Janata Party is not a sudden ereation. They have their own ideas as to how the Government will be functioning and what the so etal and economic policies will be projected Therefore the plea that they came to power only a few days back is not a valid nies of excuse or the ommissions mention what the general policies will be

17 20 hrs

[SHRI DHIRENDRANATH BASU in the Chair1

It means that they are completely blank in their minds as to what they are going to do tomorrow When an Address of that type is presented it becomes difficult in consonance w h conscience to express a Vote of Thanks to him We can express a Vote of Thanks to the President only if the policles are spelt out and if the policies have found acceptance No policies have been spelt out. Thert are four Items which are emphasized, viz that the Maintenance of Internal Secu ity Act will be bo

lished that the presentation of the People's Act will be amended that the Prevention of Publication of Objectionable Matters Act will be repealed and that legislation will be introduced to ensure that political and social organizations are not banned Are these very momentous things are these momentous enough to find a place in the President's Address? Are these the only things which according to the Janata Party call for rectification? If these are the only things which according to the Janata Party call for rectification from out of the doings of the Congress in th course of the last six years then one must concede that the doings of the Congress have not been so bad as they are trying to make out

In a Presidential Address which covers 4 pages this is all that is stat ed Therefore I find it difficult to say that I thank the President for his atate of the nation message. As a message to the nation as a statement of the condition of the nation this Address has completely failed

As I said the Address should not have been critical about what the government did or to be more speci fic government should not have done the indecorous act of making the Pre sident criticize the government on which he himself presided. This is a thing which generally any Presi dent's Address would have avoided. But this convention is violated I am here only to appeal that this dangerous precedent should not have been set up and should not be pursued Here it is stated

The General Election just con eluded has effectively and decisively demonstrated the power of the people the vitality of the democratic process in India and the deen root that it has taken."

Well Sir it is a statement of fact. But this statement of fact has been made after every election After all. Indian democracy did not fall from

147

the blue Indian democracy has a dynamism of evolutionary growth. We started in this journey of democratic experiment from the day we knocked out as a republic Election after election proved that Indian demoeracy has come to stay Election after election the percentage of poll ing has been going up except for one year or so-and gradually mounting up People have been becoming con scious. Verdict was being given and the Congress was being voted out of power it is not for the first time May be from the Centre it is. But in the different States during 1967-and before 1977 the Contress we being voted out of power Tile Communist Party was being voted into power Parties which were being voted into power were being voted out of power This shows that the Indian democracy has an in built dynamism

of its own Having stated that should not the Januta Party concede that the Congress, has been guiding the destinles of this country-when I say Congress I find many of my comrades on the other side they have been Congressmen and the only difference between them and us is this we art people believing in the destiny of this party people believing in the destiny of the nation believing that this party can take the nation to its great destiny and some of us are holding back in the party whereas may be out of frus. tration and may be out of impatience some of our comrades have left the party and gone into some other party But when you say that the democratic process has come to stay in this country you must concede that the Congress in the course of the last 30 years has been making its own contribution, to make democracy flourish in this country and that inspite of the Emergency being there whereunder the Congress could have delayed the elections under the law that was already passed the elections were ordered (interruptions)

It could have been delayed still further but the election was ordered

ĭ

That itself shows the deep faith of this nation, of which Congress is also a part like others are also parts and the contribution made by it for this democratic process.

It is stated that the people have given a clear verdict in favour of individual freedom, democracy and the May 1 make a submisrule of law sion we hout being misunderstood? For one thing what exactly is the verdict I have my own doubts Look here we on this side present a pecufar picture which you better try to understand and analyse. The entire Kerala is on this side so also the entt e Kornstaks Andhra and Tamil Nadu. Then where is the clear verdict. I am not raising the north south controversy for from it The verdict has come and I for one agree the verd ct is for individual freedom, for democracy

But who violated the individual freedom? If you would year w! me I have only to quote the speech delivered by Babu Jagilvan when he moved the resolution before the House for the acceptance of the Proclamation of Emergency I have got the entire speech with me here In that speech he has put forward the charge that individual liberty was violated by the opposition that democracy was under-mined by the opposition and that the fundamenta rights were corroded by the opposition Therefore according to him, in order to safeguard democracy to protect individual liberty resort to the provisions of the Constitution which permit the promulgation of emergency had become necessary So these were the events which led up to that

I for one fought the elections on the question of emergency I wanted werdict of the people on the basis of the emergency All of us to Kerala campaigned on the basis of the emergency We said that democracy is in danger by the movement which was

IShri C M Stephen? taking place in Bihar, where people were being harassed individual liberty was in leopardy by the movement that was taking place in Gujarat We said that by the threatened gherraoing of Parliament and the State Legislative Assembly, democracy was in legnardy So I asked the people whether gherraoing Parliament or the State Assembly is a democratic right or parading a Legislator in the streets and forcing him to resign his seat is a democratic right. Is not the individual liberty entitled to be protected against that sort of thing? If in order to protect that democracy and that individual liberty, resort to the crotisions of the Constitution -clating to the declaration of emergency had to be made would you or would you not accept that? That was the question which I put to the electorate

When Shri Morarji Desai was asked " question after the election, howdid it happen that the south gave a verdict different from that of the north, his reply was may be, rigours of emergency were not as severe or as great in the south as in the north Therefore, what follows is that the emergency as such without those rigours was not opposed by the people (interruptions) I do not know whether family planning or enforced sterilisation was part of the emergency . . (interruptions) I entirely merce with the analysis of Shri Morar-11 Desat. Therefore, emergency for the purpose for which it was enforced was approved by the people So, it was not a disapproval of the order of emergency What the people revolted against were certain schons which were taken under the cover of emergency in certain areas

What I am saying is that I do approve of this statement, but for endifferent reasons Government have published a statement to show that the people have condemned what followed emergency According to me the people in my area accepted the upholding of individual freedom the upho'ding of democracy, and were against the use of concerted force against democracy and the coercing of parliamentarians According to the Government the people have given their verdict upholding and individual freedom, but they emphasize that it is following the emergency, but I am making the same charge against the opposition which operated before the emergency I am not making a new statement, I am just reminding you of the statement that Babull made on the floor of the House

According to me, democracy cannot function if you gherao Parliament, if you offer hunger strike on the floor of the House if you force legislators and parliamentarians to resign their posts, democracy cannot function if you call upon the people not to pay faxes to the Covernment elected by the people democracy cannot function if you use concerted force against the Government which has been elected by the people democracy can only function if there is discipling and acceptance of the verdict of the people

People have given their verdict, they have elected you We sre behaving as a responsible opposition Our contribution hereafter will be to demonstrate to the world how a responsible opposition must function There will not be such incitements as were seen here in the last Parliament. those scenes which some of my friends will remember From here there will not be those scenes. Hereafter there will be no necessity for MISA because the Congress is in the opposition. We do not believe in the sort of operation for the suppression of which MISA is necessary If you do not resort to violence, if you do not resort to subversion to the us- of terrorism, this sort of measure will not be necessary.

Therefore the condemnation of the people was of both sides. As far as I am concerned, as far as my area is

[Shri C M Stephen concerned condemnation was of the sort of agitation that was brought about which necessitated the promulgation of the emergency May be in some other areas it was condemnation of the misuse of the powers which the emergency gave So I subscribe to the statement not in the sense that the Government does but in a different sense Certainly upholding of in dividual liberty and democracy is sacred to the minds of the people Whoever may violate it be it the op position or the Government the neople by their verdict have said that they shall not do it

This was the issue which we honestly put forward in my constituency in our pamphlets and speeches "Do you approve of the emergency as you know it or not? And they have upheld the proposition.

### The Address says

The traumatic experience of the last two years during which many atrocties were committed on the people and they had to undergo untold aufferings "

Two years goes beyond the period of the emergency which was there for only 19 months. So I shall go furthir than that, Certainly atrocities were committed on the people and they had to undergo untold sufferings but at whose hands? You will say at the hands of the Government I will say at the hands of the opposition, going behind the period of the emergency in Bihar in Gujarat, in different areas untold sufferings were inflicted on the people by the con certed action of the opposition By calling for a railway strice many things happened This is our case I am reiterating it You created a situation in which resort to an extraordinary measure contemplated by the Constitution became necessary Promulgation of an emergency if not an undemocratic act. If you say that promulgation of the emergency is an undemocratic act you are condemning the Constitution of India as un democratic

The Constitution provides for the proclamation of emergency in a particular situation If the Constitution permits the proclamation of gency in a particular situation, if you are going to condemn it, you will be entirely condemning the Constitution of India itself as undemocratic Theonly question is whether it was justi fied under the circumstances prevaliing to n The circumstances you have stated are that you will carry out the mandate given by the people. You have also stated that you are to fulfil, in every way the mandate given to you by the people The mandate you have stated, is the rule of law That is the mandate which you have stated What do you mean by the rule of law? Let us say the rule of law is to withdraw a case against a person from the court. A dynamite case was before the court of law. The matter was before the court of law It was under investigation The case was started in Gujarat when the Congress Government was not in power In Gujarat It was investigated dynamite was discovered and the evidence was collected That case was put before the court You believe in the rule of law but you had no difficulty to withdraw such a serious case from the court rather than abide by the verd rt of the judiciary You do not have he moral courage to face the judic ary You ran away from the judiciary Is it the rule o law or is it administrative arbit ariness? The other day you said that you will not indulge in which hart Let every body remem ber that he is sitting in a glass house We are not used to the practice of throwing mud on other people

I have only one thing to say I remember to have read that a woman was caught for adultery and brought before Christ. When some people said that she must be stoned the master said. "He that is without sing among you let him first cast a stone at her I am not saying this in order

15A

to avoid any attack on this side. but ict every body examine himself Lct Mr Gueta, who moved the resolution, the other day look to himself, let everybody look to himself. He who has not sinned will not receive stone We have absolutely no apology about it, but what is the task before the co ntry? This suphoria will end

You will have to face the hard reslities of the situation We wish you all progress India must progress The people of this country have given you the power to rule this country. On you depends the future of this country We are The all part of the countra country must progress There. fore we wish you all progress and we shall do everything to make your working feasible possible and good If you fail India fails Therefore, you must not fail, you must succeed, because you are accepting that sort of policy that is now enthroned If that is the policy. I have got my own doubts

I heard a learned friend who had appeared for the smugglers and other people speaking He was saying that Parliament's despotism must be ended What a wenderful thing to hear on the Floor of the House? Legislative despotism must be ended. And what should be enthroned? The judielal despotism must be enthroned and the Anti-Smuggling Act must be abolished And then comes the heaven when there will be no smuggling, Judiciary and Parliament will be given a place of honour in the society and the rule of law will prevail Under that, whatever does not suit you you will withdraw from the court and whatever suits you you will proceed with it Your smugglers will have their own place in this country I wish you all success May this sort of policy succeed But the hard reslities of the situation are before us Therefore I say that this Address has failed to outline what they mean to do that this Address has stated certain things which are not in conson-

ance with the conventions laid down and which the President should have stated and that this Address has tried to interpret the result of the elections in a manner which will go to the adsantage of both to you and to us. because this enstaining of liberty and democracy was done by the people, according to us as a condemnation seamst your actions before the Emercenes and according to you as a condemnation against our actions after the Emercency Both have been punished and both have been sustained To that extent it is true Otherwist it is absolutely wrong

Now the Janata Party has come in The two-party system is developing If it develops it is all the same We have seen enough of it Such an experiment is not a new thing to us In Kerala we have seen it. My hon friend Mr Madhy Limaye was saying that the Sustantra parts man has become the Janta party man that the Janta party philosophy is accepted by him. I have never thought that a political philosophy which one has cultivated all ones life, as a part of one's life, could be changed OVET night-a Swatantrite becoming a Socialist a Socialist becoming a Suantantrite a Gandhl-Ite becoming a Jana Sanghi, a Jana Sanghi becoming a Gandhi ite Is it a Midae touch which converts everything into gold? I have only heard of Midas touch. But here is another touch What touch it is I do not know

Then I come to extra-constitutional powers that are being developed not want to offend anybody people talk about Mr Sanjay Gandhi I have all respect for J P I do not want to go into all the details. The time will reveal everything. Is it not an extra-constitutional power developing by issuing statements and giving directives? About the dissolution of Kashmir Assembly a report can go to the Rashtrapati But a copy goes to the Jaslok Hospital J P holds a press conference and tells you how things should be done. Is that not a philosophy of extra constitutiona? powers that you are developing? The

APRIL 4, 1977

155

[Shri C M Stephen] leader of the party was being elected not by consensus not by election but ty extra-constitutional power 1 am saying this not by way condemnation. I an only saying that there is a third party watching the whole thing If you condemn extra constitutional coner we are with you. The extra constitutional powers must be con derrined. Please don't develop the phil cophy of extra-constitutional powers.

SHRI MARENDRA P MATHWAMI (Junigedh) The extra-constitutional sower evere sed by 'Ir Saniay Gendhi lay in instructions amounting to issue ing orders to go receive and horour 3'r Sanjay Gandhi. It is different from paying homage or respect to J P who wields only authority Paying hornage or respect voluntarily is one thing and doing so compulsorily is another thing. Why don't you d a insuish between the two

SHRIC M STEPHEN I am pot condemning I am not criticising I am only pointing out to show that what you are doing is developing into comething which goes against vour pre'ensions I am not in a mood of condemnation I am not in a moci of criticism. I am only in a mood of cooperation and trying to point out to you that things are being written on the val which will go against the pratenelons that you are making now

With respect to other things, abroretion of MISA and other Acts we will give our views at that time. The Indian National Congress, with Its diminished strength is here. But remember, when you she at us when you muck at us, I say we are not here as a dvided people. In Kerala in Tamil Nadu, in Karnataka, in Andhra Pradesh we hold the fortress and we have come victorious. We held a posifirn and that position was upheld by the people there. The other part of India took a different position

This we must try to examine That is all I wanted to gay If you are rot afflicted with political blindness and If you are keeping an open mird, I hope you will look at the true picture that is developing. Let us try through exoperation, with the peasants of India on the one aide and other friends on the other side to bull 1 up India from the past to the future-not by abrogating the past and starting from today but from the past to the present and from the present in the morrow 30 that the India which we have been developing over the last 30 years (when I say 'me' I include my friend Shri Mishra and many other people who together developed India) is cortinued to be developed as per its history and its traditions.

With these words, I am sorry to 527 that I canno' support the motion of reason of the omissions and comm s sions in the Address of the Pres'dent-

SIRI ASOKE KRISHVA DUTT (Dum Dum) Mr Chairman I s'se 12 support the Motion that had been so thly moved by my friend Shri Karpoori Thakur The Indian democracy has often even described as the basest demorracy in the world. In the last Election it has been proved that it is not only the biggest democracy but it Is one of the most mature democracies in the world. For several years peorie were harbouring doubts about the Ird an electorate particularly, in the last 29 months of Emergency courtry had come to such a pass that people thought that democracy had disappeared from the country afterther This Election has proved that the Indian electorate is not less mature than the electorate of any o her country in the world For twenty months we had lost our freedom ef speech we had lost our civil rights ... But now a peaceful transformation has come about which is a unique revolution I feel that nowhere else in the history of the world has dictatorship been removed through the ballottox It is a unique achievement

[Shri Asoke Lrishna Duft]

of the Indian electorate that they silen ly but forcefully through the ballot papers and without a single bullet removed the dictatorship which tuey tried to es ablish. (It was not only dictatorship but they also tried to establish dynastic rule in India) A tremerdous enthusiasm was generated in the country as also a tremendous spirit which was similar to the one we had seen among our young men and bodys during the Indian Indeptndence No ement and in 1947. We found a repetition of that during the Elections of 1977 The Address of the Vice-Fresident acting as President has reflected that spirit and that tremendous er husiasm in the country and 1 sincerely thank the Acting President for his Address

One thing pained me very much The Leader of the Opposition and I were once upon a time members of the same Party and he was my esteemed leader 1/2 had great regard for him and we thought that he was one of the too most Leaders of the country What a trans formation has come over him in the last 20 months lie 1, calling us syange animals. He should look at Amcelf in the mirror is he not h having strungely? I remember Ahat in 1962 during the Crimese aggression when he was brought to Delhi from Maharashtra, he was termed as a Glant of Maharashtra' In the last twenty months that giant of Maharashtra has been transformed into the ell; of New Delha

SHRI M RAM GOPAL REDDY It is very uncharatable on your part to make then remarks

SHRI ASOKE KRISHNA DUTT It would have been unchantable if I had said it in another context But a man as powerful as he is remained absolutely quiet for the last 21 months when our freedom was taken away not a word of profest came from him when our press was gagged, not a word of protest came from 'um, when thousands of people all over the country were put in jail and kept there without any trial under the MISA word of protest came from him

SHRI C M STEPHEN Many on your benches now were with as at that time doing the same thing

SHRI ASONE KRISHNA DUTT We do not believe in vengeance

MR CHAIRMAN Pease address the Chair

SHRI ASOKE KRISHNA DUTT

I am not addressing anyhody else I was only trying to reply to a remark that he nad made

Through you Sir I want to remind my friend who was interjecting that the Leader of the Opposition should be grateful to this strange animal because he had lost his voice and this strange animal has given back his voice so that he can speak now

I want to draw the attention of the Government through you Sir to When our Lok another matter Nayak Shri Jayaprakash Narayan, whom we all respect whom the whole country respects and whom my friends Opposite also respect-I think they are afraid of admitting it openly but in their heart of hearts they also respect hum-was in jail during the struggle the treatment was given in such a manner that possibly his kidneys have been damaged for ever I think, it is the duty of the present Government to see that the best medical treatment comes may be from any corner of the world so that we can try our best to restore Loc Nayak Shr: Jayaprakash Narayan to proper

Many of my friends have ment oned about the manner in which truth has been distorted by the former Government My hon friend Shri George Fernandes has today ably made out the case how un-

health

159

(Shri Asoke Krishna Dutt)

truth was continuously poured and how untruth was given before the whole world I want to make a point that not only did the former Govern ment try to present ustruth to the present genero ion but I surpect they wanted to pre cert untruth to postente also la time capsule was prepared very surrephtiously very stealthily a small cover e made a time capsule ar I embedded it into the earth I strongly suspect that it is an attempt to hoodwing posterity and to create an atmosphere so that hundreds and how and of years later these neonle who have row been exposed can again be derfed. Through you Sir I would es the Govern ment to dig not that time consule and see what it contains

Some of my riends Opposite had "aid many things about the Sarkaria Commission and other Commustions. In this context I would like to bring certain facts hefore this House, just to depet how the former Government the former ruling Party behaved with these Commissions have heard much about the Sarkeria Commission, but many of us have forgotten about the Wanchoo Commission In West Bengal some years back, there were charges of tremendous corruption among Mir sters, and the Chief Minister of We . Bengal made a lot of fan-fore and appointed a Commission of Inquiry

SHRI SOUGATA ROY (Barreckpore) On a point of order That was about matters relating to the West Bengal Government It cannot be raised here

SHRI ASOKE KRISHNA DUTT I can appreciate why my friend is objecting to it There are certain points which he would not like if truth was made bare. Therefore he is trying to obstruct. There is no point of order I am not saying anything about the actions of the West Bengal Government in that way The Commission of Enquiry had been appointed under the Commission of Enquiry Act and it can be discussed in the Lok Sabha

Sir I do not want to go into the details of the Wanchoo Comricsion, but after its report, two Ministers had to resign from effice, because the Ch of Minister and that the findings of the Wanchee Commission were against them One was a Cabiret Minister What happened to him? Within morths he was appointed as the Chairman of the Jute Corpora ion drawing salary double than what he was drawing as Minister The other Minister was a Deputy Minister What happened to I am? During the last elections he was the Chief E ection agent of Shrimati Mava Ray wafe of the Chief Minuser West Bengal. This is how they deal with corruption. The persons against whom charges of co-ruption wers proved, ed to other off e- with higher calary

resigned and they were again restor-Now, I would like to bring to the notice of the House another matter and perhaps my hon friend from Darrackpore will get more aunoyed This is a matter of rigging in the last elections. There has been a tremendous amount of rigging in West Ben gal, particularly in Barrackpore and Dum Dum constituencies from which I have been -eturned My margin would have been two lakhs more if there was no rigging. The facts about rigging are startling hon Members in this House often confuse rigging with folse voting The rigging of the type that we had in West Benal was quite different I would demand that the Covernment appoint a Committee of Enquiry to ge into what happened in Barrackpore and Dum Dum. In Dum Dum Centtituency, more than 200 booths were controlled by gangstars and the rigging was directed by the State Government and the Chief Minister of West Bengal I make this allegation this statement with the full authority at my command. How did the rigging start? Forty-eight hours before the election started 40 to 50 of my mrncipal polling agents were afrested through the State machinery, many of them under MISA On the evening at 1030 p.m. before the election day my central election office was raided. The officer-in-charge of the police station and all the officers of the police station very conveniently disappeared from the police dation at that time For half on hour, my central election office was raided and all my principal leaders incharge of the election office were besten mercilessly Ten of my workers were beaten Four motor cars were competely smashed. While the police could not be contacted I had to go several miles to contact the sub-divisional officer When he came about two hours later, the enquiry was going on At that time, the news came that polling had already started at 100 O'clock at night That was the night before the election day I comsub-divisional plained to the officer. who was my aseistant returning officer On my complaint, he started enquiry at about 300 O'clock in the morning. four hours before the polling was to start He raided booth after booth and in seven booths he found that the ballot papers had already been filled up and the stamp of the Communist Party candidate was already there in all the ballot papers. They were so reckless that they were throwing the ballot nanere in the streets. Here are many ballot papers serially and consecutively numbered I can place them on the Table of the House, if you want Sir

SHRIC M STEPHEN already been explained by the Mimster

SHRI ASOKE KRISHNA DUTT. When the polling started in the morning, gangsters in seeps with fire-arms. Pine guns, revolvers and bombe started charging the genuine voters

Then the voter, were driven away and they captured these booths and started stamping the ballot paper and putting them into the ballot box One of the Presiding Officers complained to the police bu, nothing happened Here 12 a letter written by one of the Presiding Officer has written to the off-cer-in-charge of the Kaliata Police Station, 'Please arrange for police force in poling station No 54 as at such and such primary school as we are naving trouble in conducting the vote!

18 hrs

SHRIC M STEPHEN How it did come to your hand?

SHRI ASOKE KRISHNA DUTT It came to our hand because the officer in charge of the police station threw it away He did not take any action. He was directed by the Chief Minister to do this So simply he was obeying his super or's orders You can compare the signature of the Presiding Officer Therefore, I am demanding an inquiry into this matter If you set up an inquiry, not one but hundreds of Presiding Officers will come forward and give evidence that their booths were captured If an inquiry is made I am sure you will find that in Barrackpore Constituency more than 2 lakhs votes were rigged and more than 500 booths were captured. Now that the Janata Party has come to power, they are not afraid of MISA They were being intimidated by the State Government Hundreds of presiding officers will come and give evidence in my constituency alone I am making a categorical statement. am not acking for the report of any petty officer Will the Government call for the report of the Additional

[Shri Asoke Krishna Dutt]
District Magistrate Mr Suoramaniam<sup>a</sup>
He has given a report to the Chief

He has given a report to the Chief Electoral Officer of West Bengal Let that report be called for and it will be found that in hundreds of booths young there was more rigging in the Barrackpore constituency

श्री क्यूंरी ठाकुर मा तोगानी याय बुद्धितो मर गई है मर गइ हमन गई है।

SHRI ASOKE KRISHNA DUTT
All that I am demanding is let there
be a proper inquiry because I am
afraid in the Berrackpore constituenory there may be an election petition
by the former member, Shri Mohd
limail But this is not a matter for
election petition alone The Chief
limail But this is not a matter for
election petition alone The Chief
before the elections and had a Pighlevel conference with the top officers.
This metter cannot be left to the
Election Commission alone It should
be inquired into throughly

Before I conclude I bave several other things

श्री स्थामनन्दन मिश्र (वेगुनराव) श्राप दमदम भीर वैरसपार तक नी भन रहिए हमारी मी वहन सारी विकायतें है।

थी रामजी साल सुमन (निरोजादाद) मभापनि भगदय जिन तरह से निरूप नाम लिखा है उस्र कम मे पुलबाइए। कल से हमारा नाम नही बुलबाबा गया है।

SHRI ASOKE KRISHNA DUTT Before I conclude on this point of rigging I have told you my personal experience What I have seen in Dum Dum and Barrackpore mush bave taken place in many other constituences also in the country So, we call for a thorough inquiry by a commission into this matter of rigging

In the President's Address there is a mention that certain provisions of

the People's Representation Act which were introduced have got to be re pealed I feel that is not enough It may be necessary to introduce new provisions into the Act because this type of rigging was never envisaged in the past. When counting was going on in my constituency I could see that bundles of ballot papers, hundreds of them, in consecutive numbers were found inside the ballot box How could it heppen? How could anybody put bundles of ballot papers into the box unless the lid is remov ed and put inside? The Returning Officer also agreed with me that that was common sense but he said It is nowhere in the rules book So I can not disallow these ballot papers' So, some common-sense has got to be introduced into the People's Representation Act so that in future elections cannot be rigged

Before I conclude I would like to draw the attention of the Government through you that in my constituting as well as in other parts of India several industries, particularly jute and engineering industries bare been closed down. In my confuturing the last twenty mention of engineering the last twenty mention of emergency more than 50 000 people lost their job. A thorough enquiry must be made

A lot has been said about the gams of emergency Bug 1 has been and mutted by them that more than 5 lakhs of people have lost job dunes emergency Of that 50000 alore is my constituency I would request the Government to get that these closed units are started again and the people who lost their job are brought back.

In conclusion I would say that the Address of 'he President truly reflects the spurit of the people of the country and the manner in which we propose to improve the economy of the coun'ry. The crying need of the country to-day is to cradicate powerly

and to create millions of 10bs so that the problem of unemploymen can be solved. That can be done by the Gandhian method of decertableation of development of rural economy—decentralisation of rural and cottage industries. That indication is there

This Address has been criticised by some of my friends Opposite. They said that that was a small document

This Address is brief and precise and in envisages the aspiration, of the people

I sincerely feel that it is a fine piece of document and I thank the Acting President I sincerely support the Motion of Thanks moved by my friend Shri Karpoon Thakur

CHARRAVARTY PROF DILIP (Calcutta South) Mr Chairman. Sir I rise to support the motion of thanks moved by my honble friend, Shri Karpoori Thakur The acting President in his address has mentioned that the people have given a clear verdict in favour of individual freedom, democracy and the rule of law and against executive arbitrariness the emergence of a personality cuit and extra-constitutional centres of power It further says that the traumatic experience of the last two years during which many atrocities were committed on the people and they had to undergo untold sufferings and some have even died has brought home the relevance of this

Mr Chairman Sir, only day before yesterday I visited the Presidency jail in Calcutta In spite of the statement issued by the West Bengal Chief Min ister, from time to time, that all the political prisoners had been released, even today there are 152 political prisoners languishing in the Presidency pail alone There will be a little more in Alipore Central Jail. These are the two Jails in my constituency in Calcutta South There will be many more if we include the figures of all the jails in West Bengal. I do not know the position in the rest of India I believe the total figure will be staggering I would urge on the government to see to it that not a day is lost before the large number of prisoners who are detained without trial and languishing in jails are released

I was listening with rapt attention to the speech of Mr Stephen whose English language was very nice He was shedding crocodile tears about the rule of law. He referred to the withdrawal of the Baroda dynamitt case against Shri George Fernandes and some other cases. The prisoners whom I met in the Presidency Jail told me that cases had been instituted against some of them and they were first produced before a court of law in 1970 But the judges been transferred thrice and the cases are going on even today in They are languishing in the jails When Mr Stephen refers to enforcement of the rule of law, at least we on the treasury benches have a different view about rule of 'aw Stephen conveniently farget powerful speech delivered in this House by my friend shri George Fernandes The whole thing was fraudulent The other day Mr Charan Singh the hon Home Minister pointed out that the emergency was imposed only on the advice of the Prime Minister and the cabinet was informed of it only subsequently friend Shri Ashok Dutt was right when he was lamenting over Mr Chavan the giant of Maharashtra, who had his backbone transformed into jelly and did nothing! Instead of touching on this and other complaints against them they are trying to divert the issue I suggest to the government that it is time that we declared a general amnesty for all political prisoners of all categories Thus is the need of the hour. The people of India have really transformed the whole country by taking the first step towards a silen' revolution To quote Shri Ashok Dute again this is the first time in the world that a dictatorial regime could be removed peacefully through the ballot box It to only meet and proper that the others who are in jail were also released. They are with us in spirit and they are counting their days This is very urgent I bring this to the attention of the House in the hope that it will receive support

SHRI M RAM GOPAL REDDY No no

PROF DILIP CHAKRAVARTY think so I would compare Loknayak Jaiprakash Narain only with the position which was occupied by Mahatma Gandhi before the 30th January 1948 There is nothing wrong to respect a person the never asked for anything who never asked for any reward. Your India who spent only six months in jail claimed to have a dynastic rule and elaimed that she had contributed so many things to the country vithout remembering those who laid down their lives for the country's freedom those who suffered and larguished in jail, iakhs and lakhs of people in the country I know some of their woes and their suffering Without caring for them, the lady dared to claim about her contribution to the ountry

Shrı Stephen has mentioned as you will see from the c int of his speech that peninsular India took up a diffe rent position from that of Northern India What does he mean to say? Does he mean to ear that pennsular India is different rom the rest of India? We do not think so I will remember it and when the election is coming we shall see how peninsular Ind a reacts India is one There is no peninsular India and Northern India as such there is only one India

To my utter surprise and to my utmost pain I was reading the state ments is ued from day to day by the former Prime Minister in accusation sometimes against Loknayak Jai prakash Narayan sometimes against Shri Morarji or some other respected leader of the freedom movement and they were all done in the name of Mahatma Gandhi. Here is a book with me from where I am quoting Writing on the Congress position Gandhui \*inted on 27th January 1948

"Let the Congre s now proclaim to itself and the world that it is only God's servant-nothing more nothing less If it engages in the ungainly skirmish for power it will find one fine morning that it s no more Thank God, the Congress is now no longer in sole possession of the field'

During the 30 years, my friends of the Congress totally forgot about Gandhijis writings They thought they could hoodwink the ignorant and suffering people of India for all time to come Fortuna ely they could not do it I am quoting another excerpt of Gandhiu himself On 29th January 1948 only 24 hours before his death he said

Though split into two India, baving attained political indepen dence through means deviced by the Indian National Congress the Congress in its present shape and form, as a propaganda vehicle and a parliamentary machine, has outlived its use India has still to attain social moral and e-onomi indepen dence in terms of its seven hundred thousand villages as distinguished from its cities and towns. The atruggle for the ascendency of civil over military power is bound to take place in India's progress towards its democratic goal It must be kept out of unhealthy competition with political parties and communal bodies For these and other sucilar reasons the AICC resolves to dis band the existing Congress organisa tion and flower into a Lok Sevak Sangh under the following with the power to alter them as occasion may demard

These were the last suggestions of Gandhui to Congressmen But Con gressmen did not isten to that.

And what did they do? As an in dividual I spent my first ten years of political life within the Congress from 1938 to 1948 Then I came cut with the Socialists. But in 1977 what was my last experience with the Congress? On 6th March while I was

addressing an election meeting, I was hit on the head with the shout of "Yande Mataram". That is the present-day Congress So try to understand and stort re-thinking after going through Gaudhilli- wrinings which I am afraid many of you have not done

Tomorrow

AN HON MEMBER

again if new Members come and fill up the list?

MR CHAIRMAN No more views. Mr Kuman Ananthan

SHRI KUMARI ANANTHAN (Nagercoil) Mr Chairman, Sir T rise to support the motion maved by Shri Karpoori Thakur I come from a constituency which is the southern most tip of India-Nagercoil

It was rep "sented twice by our late lamented revered leader Sri K. Kamaraj who i as pushed to the far end of his life by emergen and the atrocities that came in its wake,

When he heard that emergency was dec ared and leaders of eminence were arrested he was shocked. He fell ill He thought of vaging a last battle against the erstwhile government A resolution was passed as per his advice and guidance requesting the people to be ready to do any sacrifice to get back the civil liberties

On October 2-on the birth day of the Father of the Nation-Kamarai breathed his last. He died a sad man He died with a broken beart

After his death, "Bharat Rama" was awarded to him. When he was alive his garden was destroyed. All the flowering trees which were plan ted nursed and reared by him were aprooted. When he was a dead man, a few flowers were thrown on his lifeless body I can compare the award only to those flowers thrown on his body

Sri Kamarai was insulted even after his death. The Charka which adorred his memorial at Guind r was demolish ed and thrown in the dustbin The ancient sacred Charks which was revived by Mahatma Gandhi was dest oyed by Mata Gandhi

When our revered leader and Prime Minister Shri Morarii Desai came to Madras he saw the memorial and took note of the missing Charks He was pained to hear all about the remo al of the Charka On hat very day he made a public announcement that the Che-ka will be placed again in the merronal. Now I am sure the Charka will find its place again in the memorial as it was promiled by a leader who will keep up his words.

Under the previou, Government, the people were terror stricken. Even friends could not meet and converse The fear phobia was hanging around everywhere Nobody could express his feelings. At no time in the annals of Indian history to many people were sent to jalls. As it was said in the morning by 'ti Kamath, the WISA is not Maintenance of Internal

Security Act but it was Maintenance of Indira Sanjay Act

Our forefathers placed at the alter of Bharat Mata everything they had, everything dear and near to them What fort They near thought of their stomach or mouth. They thought at their soul and heart They got free-dom. Freedom means freedom of expression, freedom to alter the dear the dear the state of the

But alas, everything was suppressed by the previous Government in a rutal manner Good people were known in prison Good officers and impleyees were thrown out of their this

Our original Constitution is one of te bust constitutions in the world uch thought was given to each and ery word The Constituent Assemy sat for two years, eleven months d eight days The consideration of e draft Constitution took 114 days e people of India were given eight inths to discuss the Draft Constitun and to make their suggestions many as 7635 amendments were sposed and 2.473 amendments were ually discussed by the Constituent But the Constitution embly orty-Second Amendment) Bil was hed through in a very hasty nner The people were not given chance to discuss and express their nion Numerous MPs were langung in sail when they should have n in Parliament sopeshing to the science of the members of the 1 ruling party The previous Govnent could allog only ten days for purpose Only 50 hours were ed for amending 59 clauses Not an hour was spent for each 30

us 18 what Motiful Nehru had said

"It is obvious that our sirst care said be to have our Fundamental ghts guaranteed in a manner sich will not permit their withtwal under any circumstances." By trampling upon the Fundamental Rights, the former Prime Minister went against the wishes of her own grand-father

Then, Pandit Jawaharlat Nehru said

"A Fundamental Right should be looked upon not from the point of the word any particular difficulty of the moment but as something that you want to make permanent in the Constitution."

The former Prime Minister went against the wishes of her own father even

Again the late Mr Feroze Gandhi had pleaded and fought for the rights of the press By his untime effort, the Parliamentary Proceedings (Protection of Publications) Act was passed in 1836 Even this Act was repealed by Mrs Indira Gandhi in 1876 Thereby, she went against the wishes of her husband.

No news regarding the feelings of the Opposition could be sent to the outside world. How the Jarta Government has removed all the obstacles in the way of the free press. The press will find its expression. The expression of the people will also find a place in the press. So, New Delhi has really become News Delhi It has good news to the world that democracy will prevail and remain for ever in this country and that nobody can suppress if

The former Prume Minister went against the wishes of her grand-father she went against the wishes of her father; she went against the wishes of her husband and she went against the wishes of the people. So every-body went against her Government and voked her out of power In Thirukkural, there is a couplet which is as follows:

ALLAHPATTU ATTATHU AZIJUDHA KANNEER ANTRE SELVATHAI THEIYKUM PADAI

[Shri Kumari Ananthan] The translation goes like this.

Is not the tears of grief shed by the lives who can't brook more a weapon strong which will file off a monarch's wealthy store? Yes, it is the tears of the people which pierced the armour of the previous Gevernment.

Sir, as there is no emergency, internal or external we are free from bondage The chains that have ned our body and soul have been broken to pieces not by bullets but by ballot Now we breath the air of freedom.

The people of India have asserted their rights. Hata of to the people of India.

Sir high hopes have been aroused We have to fulfil the aspirations of the people

The previous Government squandered money on useless propaganda media to further their own ends Even important works like the hne connecting Kanyakumari has been alowed down I will request the Railway Minister to expedite this line.

In my constituency there is no industry of any worth. If a chemical Industry is started using salt as the raw material which is abundant In our place, many people will find employment Also, Sir, for want of nuis, many cashew factories have been closed, throwing thousands of men and women out of work. In Kanyakumar, District there are many rubber estates We have the finest Later in the world we can start rubber factories also,

Our people are assured of a good. clean Government But we have to undo the wrong done by the previous Government We have to institute Commissions to investigate the Nagarwala episode This Commission may be able to tell us why Nagarwala and the investigating officers were promoted from this world to the other world Were they in the way of anybodys world of pleasure? They disappeared from this world in a very suspecious manner

A thorough investigation should also be made into the Maruti affair. Though no car came out of this socalled Maruth: Factory, truckloads of materials will be found out which will point out the wrong-doers and their activities

The present Government surely owes a duty to expose the untruth of the past Government,

There was consistent propaganda that Jansanghis burst Kamaraj's house on November 7, 1966 and that Kamaraja supporters who vote Janatha are therefore traitors ters to that effect were displayed all over Tamii Nadu. I want to ask some questions Who was the Prime Minister at that time? Was it not Mrs Indira Gandhi? Why did Nonda resign from his Home Ministership? did not the then Government think it fit to publish the report regarding the incident' What is the truth? the truth will come out one day and those people who printed posters will hang their heads in shame.

Sir, some Hon Members from the opposite side volced concern about the Sarkaria Commission Report Though I am not competent, I can say as a member of the ruling party that justice will be done Our measuring yard will not shrink or bend for anybody. Likewise, nobody will be left out of enquiries by Commissions Yes, our Janata Government will see that all wrong-dowers are spotted out and brought to book. We will uphold jus-1ice

I want to make another point, Sir, While the hatchet men of the hellish black laws need to be replaced, good men are not lacking in administration. Such men should be entrusted with

responsibilities Their hands should be strengthened Then only they will discharge their duties without fear or favour The fear complex must go from the minds of the people Those hearts which are engulfed with fear and terror will not blossom forth with good ideas of fragrance Gandhiji wanted to get rid of fear from the hearts of the people. The dreams of Gandhu have come true The coun try is under the stewardship of a true Gandhian, Shri Morarii Desal who will not alter his path or falter in his deeds

We have rediscovered India Let me quote Rabindranath Tagore

'Where the mind is without fear and the head is held high

where knowledge is free,

where words come out from the depth of truth

where tireless strivings stretches its arms towards perfection

into that heaven of freedom my Father, let my country awake"

The prophetic dream has come true

The only way to thank the courageous and bold people of India who lived and acted upto the expectations of poets like Tagore and Baraths is to do our duty and serve them well.

Let me thank our Acting President for his address. Let me thank the Speaker for permitting me to speak and ict me thank one and all for lend. ing to their ears for some minutes for the maiden speech of a young man who hails from Kanyakumari where Vivekananda medidated three days before attaining sublimation. Let us remember the clarion call of that great sage and patriot "Awake a-ise and stop not fill the goal is achieveď

SHRI B K. NAJR (Mavelikara) I shall make a very short speech. I come from Kerala The pattern of voling in Kerala has been quite different from what it has been in North India, the same applies to the other States in South India But no mention has been made in the President's Address about the difference in the pattern of voting What has been said is that the entire people of India have voted in a particular line. The entire people of India have not voted in a particular line In regard to the southern States the voting pattern has been different and this fact has not been mentioned in the Presidents Ad dress

In the President's Address it has been said that the Government is pledged to removal of destitution within a definite time frame of ten years This is a tall claim for any Government to make Crores of people are involved and 70 per cent of the people of India are below the poverty line There is no magic wand which the poverty of the entire nation can be removed in ten years. There should have been concrete and detailed programmes mentioned by the Gov ernment When they say that rural development would be taken up there should have been definite point by point clarification as to what projects will be taken up

My own suggestion is that the entire rural economy can be revived only by giving a proper and reasonable pone in the farmers. The entirely cost of production should be the basis for the assessment of the price of the produce To have the same price structure for the whole of India will not be correct

In order to remove the poverty of the rural masses one step should be to provide for a uniform wage rate for all agricultural workers throughout the country There should be no disparity in wage rates. For examnle in Kerala we are paying Rs 7

[Shri B K Nair]

each to women agricultural workers and Rs 10 each to men agricultural workers, whereas in Andhra Pradesh where agriculture is more remunerative, the wages paid are less, so also in the Thanjavur delta the wages paid are less I do not think that there is any justification, whatsoever to have this sort of disparity in the wages of agricultural workers particularly in view of the fact that in almost all other organizes industries like cotton and sugar more or less uni. form wage rates have been brought into force Why not have this uniform wage rate in the field of agriculture also which is now being established on a State wide basis? The prices are fixed on a uniform basis The wages also must be fixed on a uniform basis

My own suggestion about rural development is to go in for a nationwide programme of house-building for the poor people It has a two fold advantage one is providing shelter to the poor man, and the other is provviding large scale amployment 16 the locally available material is utilised it provides still a larger scope for employment In Kerala we had this programme of providing one lakh houses for the poor, and within a period of two years or so we have been able to provide not less than 65 000 houses, and the remaining houses are also being built. This has provided large scale employment to the poor people thereto the brick makers, to the lime-makers masens, carpenters and other categories of labour etc Therefore as a measure of providing large scale employment in the rural areas house-building for the poor peo\_ ple-low cost housing-may be one of the programmes adopted by the Government The Government should go in for an intensive geological survey of the country Some steps have been taken in this respect, but if we want to have mineral development an intensive geological survey is necessary end it will brighten the entire country-side That will also provide employment and that is the only way by which we can build up a new economy

We talk and complain of migration from the rural areas to the urban centres One way of tackling this problem as to insist that industries should hereafter be opened in rural centres only There should be no encouragement to industries coming up in urban areas The scope of industries should be increased in the countryside and once the industries are taken there, there would be more scope for employment and the entire village life would be brightened People would not come to the urban areas for find-Communication employment would be improved and the general health would be improved in the villages This is one way of improving our rural side. We should insist that industries should hereafter, as far as possible, be set up in the countryside

There is another important matter to which I would like to draw the attention of the House There are lakhs of fishermen in our country residing They ere on our external coastline the neglected and forgotten people If we develop this sector and provide the required facilities a lot of relief can be provided to them The fisher men as a class are taken for granted nobody has even spoken a word about them. They continue to be in poverty they continue to be in misery there is no proper housing for them and no attention is paid for education of their children. As I said, they are just taken for granted If we take into account the value of what they are producing on the one hand and the wav they are living on the other it would be clear that they are not get ting a fair deal Their occupation accures a lot of benefit to the nation but they continue to live in misery Government should take action to provide amenities to them provide faciliting for the education of their children and open up new fishing harbours With a small investment of

money, Government will be able to provide large scale employment to these people which would result in the improvement of economy of this country

197

Now, I would like to say a word on behalf of the members of this side to the hon. Members on the other side We offer our whole-hearted cooperation to the Government in power We may have our differences, but we expect that hereafter the speeches from the other side will be based on reason and not mere emotion or passion and will be giving more light than heat, there will be no scrimony and batred As I said, we are here to cooperate with them constructively They should consider our suggestions with an open mind. We do hope this phase of acrimony and vituperation and heat will certainly cease shortly

Lastly I would like to say that if you think of India, divided into South and North and if you identify the Janata Party only with the people in the North we will not be strengthening the forces of integration of the country and building of a united India Even if for the time being because of anger you want to identify yourself with the Hindi speaking area as against the South, I do hope at least when you come to matters of administration or to laving down policies at a later stage you will give proper attention to the conditions in South, our grievances and demands I do hope the Covernment, under the Marry, Desar will not be so short-sighted and prejudiced as to ignore our grievances and demands We should all join together to preserve the integrity and stability of the country Sir, up to occasions, we now on different have been witnessing instability in certain States, some governments going and some other party forming the government or coalitions coming up That gort of instability in the State level is something which we can afford but not instability at the Cen-

tre This government should continue for the full period whatever shortcomings may be there. It is in the interests of all of us and it is in the interests of the entire nation that there should be no instability injected into the present structure This government should continue to get support from all sections of the Parliament But one thing The government also should try to remove any element of distrust or any element of a feeling of distance that some sections might feel about it and they should try to tring about an atmosphere of confidence and mutual co-operation. That also will make for slability in the administration because in the nascent stage we should not have any feeling or even a threat of instability in the centre and it is in the interests of all of us that we co-operate fully and wholeheartedly for a stable and healthy government

I think Mr Moraru Desal our revered leader and our other friends over there who till the other day were in the Congress and many of them had been in the State administration cannot in a spirit of political vendetta put the entire blame for whatever shortcomings that are there on the Congress Party Some of them were holding positions in the Central government and some also in the State administration. For whatever problems the country is facing you cannot nut the entire blame on the Congress Shortcomings are there. So, let us in a spirit of, not forget and forgive but in a spirit of understanding and healthy co-operation forget all that has happened in the election and try to get on with the job of providing employment for the masses and banishing poverty from the land which is a colosed job I hope the same spirit of co operation and understanding will be forthcoming from the all sides

MR CHAIRWAN Shri Ramanand Tiwara-not here Shri Samarendra Kundu-he is also not here. Shri Hukam Dutt Namin Yadav-also absent Yes Shri C. N Viswanathan.

SHRI C. N VISWANATHAN (Turupattur) Firt I with to congrabilate the present government on Introducing so many drastic and welcome measures like reinstement of the dismissed ratlway employees. Trough it is a big problem, the government has announced its decision so soon after its formation

In the early stage itself there was an adjournment motion regarding Jammu and Kashmir and the Home Min.ster and the Prime Minister announced that there will be elections within three months. At the same time we were expecting the Home Minister and the Prime Minister to announce the date for elections in Tamil Nadu as also in Pondicherry The Janata Party has also said that they are ready to face the people any time. In Tamil Nadu we are at present having President's rule after the dissolution of the Assembly in 1976. The DMR Government was removed by the former Prime Minister due to cor ruption and mustule The Report given by the Sarkaria Commission has been laid on the table of the House. When we asked the Prime Minister and the Home Minister about its further sitting, we were told that it would take its own time and that the law would take its own course Nearly three months have elapsed but the gate has not been announced when the Sarkaria Commission will sit in New Delhi or in Tamil Nadu

Sufficient evidence has been given to show that the DUK Government has reasured their power and there has been correlated in so many Department of the Government. They utilized the Government machinery for their own nutropes. They have built houses. Six cases have been overed No chargesheet has been overed No chargesheet has been overed No chargesheet has been overed not chargesheet has been areen or far No section has been overed to be sufficiently and the complete of the chargesheet has been covered for the chargesheet and the control of the chargesheet has been considered in the chargesheet has been controlled to the chargesheet has been chargesheet has been controlled to the chargesheet has been controlled to the chargesheet has been chargesheet

I can prove that ex-Ministers with the aid of police and others have minssed the power at the time of polling In mv Constituency too it happened like that. I do not know with whose encouragement they are still doing that. I think Government will frame charges against the corrupt Ministers. Action can be taken against them under Criminal Procedure Code

Justice must be done in proper time otherwise it is of no use. Justice delayed is justice defined.

There are so many cases against the DMK Government and ex Ministers. Why is Government hesitating to take action and waiting? We do not know I hope the hon Prime Minister will announce dates for Ponducherry end Tramil Nade election and he will arnounce the date for the sitting of the Sarkaria Commission.

I want to draw the attention of the hon. Prime Minister against the Land Reforms Act In Tamil Nadu they had fixed ceiling of 15 standard acres for a farm We want to know when ther 15 acres will continue or it will be reduced further and the poor former will be allowed to have land There are so many benami transsctions Whether the former Government whom I do not blame did something or not, whether proper wages have been given to the farmer or not, I want to say that Janata Government should take immediate steps to give proper wages to the poor labourers who are getting only Rs 2 per day They are labouring for Rs 2 per day What is the value of Rs 2 these days' It is not more than 50 to 60 parse. In Tamil Vadu the agricultural labour ers are very poor Wages have to be given according to the Act. Although the Act is there nobody as giving proper wages to the agricultural labour-Ers Land Development Banks which had given loans to the farmers are collecting these loans forcibly from the farmers If the farmers are not paying the loans sometimes their motors, their pump sets etc are seized. sometimes their vessels are being taken away from their houses by these Land Development Bank officers I had attended so many cases, I asked them to give some time to the farmers There is no Assembly there. That is why the officers take the law into their own hands and they are collecting vessels also from these poor farmers I request the Prime Minister to ask these Land Development Bank officers to wait for some more time to recover the loan from the farmers

I wish to draw your attention to one other point The DMK Slum Clearance Board Chairman was asked to pay fine for the violation of the Customs Law I don't want to name the ex-MLA the Slum Clearance Board Chairman He and his wife had been arrested and they paid the fine in the Customs Office itself

AN HON MEMBER He has been acquitted.

SHRI C N VISWANATHAN. Mr Kumarı Anandan talked about Kamarai

AN HON MEMBER The time is already five minutes past 7-30

MR. CHAIRMAN If you have no objection I can extend it till 8 1 think you have no objection

SHRI K. MALLANNA (Chitradurga) The Parliamentary Affairs Minister is there. The Prime Minister is there Let them re-fix some time tomorrow as it is very difficult now to sit further

SHRI C N VISWANATHAN is not New Delhi, it is News Delhi, -- it will carry out news to other parts of India There are number of things

needed in my constituency I don't want to go into this in detail. But I want to tell one thing to the Government In my constituency nearly Rs. 17 crores worth of sandalwood has been put under auction If the same sandalwood can be utilised by starting a factory, the constituency people will get benefit and it will helo to solve the unemployment problem. If a factory had been started there. this unemployment problem will go and at least thousand people in my constituency will be benefited Now, what has happened is this Rs 17 crores worth of sandalwood had been taken away to some other constitueney, to some other State, though it is in India. This new factory may be started by the new Government and I expect this news to come from New Delhi. I expect this announcement by the new Government that this factory will be started there

Mr Kumarı Anandan said something about Mr Kamaraj, our beloved lender The late Shri Kamara; never said in his last words that the Congress-O should have the alliance with the DMK corrupt people Kamaray in his lifetime said, "the DMK are corrupt, they have misused their power, they should be punished". This is what Kamarai said all his life Mr Kumarı Anandan cannot deny what I say The people in Tamilnadu know this Everybody spoke of the DMK as the corrupt people I am expecting an announcement from the Prime Minister regarding the sitting of the Inquiry Commission. I hope he will make announcements regarding the elections in Tamil Nadu and Pondicherry We are ready to face the people

On behalf of the Anna DMK I request the Prime Minister to announce a date about conduct of elections in Tamil Nadu when he replies to the debate tomorrow Thank you.

The Lok Sabha then adjourned till Eleven of the Clock on Tuesday, April 5, 1977/Chartra 15, 1889 (Saka)

# LOK SABHA

Tuesday, April L. 1977/Chastra EL, 1899 (Saka)

The Lok Sabha met at Eleven of the Clock

[MR DEPUTY SPEAKER in the Chair]

VELCOME TO THE PARLIAMEN-TARY DELEGATION FROM FINLAND

MR. DEPUTY SPEAKER At the outset, I have to make announcement

On behalf of the Speaker, on my one behalf and on behalf of the Hon ble Members of the House, I have great pleasure in welcoming the Hon'ble Members of the Parliamentary Delegation from Finland who are on a wight to India as our honoured guests. The members of the delegation are

IMPLEMENTATION OF RECOMMEN-DATIONS OF HATHI COMMITTEE

- \*1 SHRI VASANT SATHE Will the Minister of CHEMICALS AND FERTILIZERS be pleased to state
- (a) the present stage of implementation of the recommendations of Hathi Committee on Drugs, and
- (b) particulars of final decisions taken/proposed to be token recommendation wise?

THE MINISTER OF PETROLEUM AND CHEMICALS AND FRETILIZERS (SHRI II N BAHUGUNA) (a) and (b) The Report of the Committee on Drugs and Pharmaceuticals Industry-Hiath Committee) has been under consideration of the Government Final decision on the various recommendations made by this Committee shall be taken as 800 as possible

SHRI VASANT SATHE This Report of the Hathl Committee as the hon Minister will be knowing, has been there for quite some time before the Government and we thought that in view of the importance of the recommendation it will be implemented with all earnestness. But so many things have transpired in between and may I particularly myle the attention of the hon Minister, who is a dynamic person himself, to the recommendation in Chapter V, at page 86 of the Report Para 4 says.

"Between 1952 and 1965 and even upto 1968 well know multi national units and a few Indian units operating in this country received a big impetus to boost their turn over in the shape of Permis on Letters"

MR. DEPUTY SPEAKER You are entitled to supplementary

SHRI VASANT SATHE His reply was only that it is under consideration. I am reading this out to invite his attention so that he can give reply in full. This is a short thing

"The formulations included he usehold remedies, such as formulations containing vitamins and minerals many of which did not require a doctor's prescription coagh mix'uses ring norm outments, 'health' salts' gripe mixtures laxative tablets ete "

The particular recommendation of the Committee is that these 117 well-known medicines for the common man should be manufactured in India by the Public Sactor and atto ty the Indian Sector Vhat is the Government a polary regarding this?

SRRI H v BAHUGUNA Sir I had already submitted that the matter is under consideration. So far as this Government is concerned it is a question of days that we have heen here. Sind Sathe would recall, as a Member of the Fifth Lok Sabha and who con timuse even now, that the shoe is on some one else is leg.

Right now I can assure him that it will not take as long as the cher's de took when they were sitting on this side I can assure him that the whole of the recommendations will receive due consideration. Many of them are unexceptionable.

SHRI VASANT SATHE I thank the hon. Minister for promising to take expeditious action. I would also like to invite his attention to another important recommedation abou having a national drugs authority both for production as well as qualt after control and price control. What is the Gavern ment; thinking relating to this? Perhaps he migh not have "pplie, his mind

SHRI H N BAHUGUNA We are intensively thinking on the whole question

SHRI CHITTA BASU Sir the hor. Minister is reported to have observed very recently that it s Covernments policy to provide medicines for millions In view of this observation hav ing been made recently by the hon. Minister may I know from the Government whether some of the recom mendations of the Hathi Committee are directly related to taking measures in the matter of translating into action the so called efforts? If so I want to know whether he is in a position to assure the House that he will take immediate steps for the supply of redicines at cheapest rates to the masses of our country

SHRI H N BAHUGUVA Sir not a day more than is necessary will be lost in finalising the Government's views on this very important and specific sector of our economy

SHRI SONU SINGH PATIL WILL the hon Minister be pleased to state whether the Hathi Committee had de clared the permission letters and the COB heences as without any legal backing? If so will he be pleased to declare all such activities as illegal? Is It a fact that the C.O.B. licence and permission letters so declared were for the production of the extent of Rs 184 crores out of the national production of Rs 450 erores in 1976-777 If this is so why was this production of non essential items by the foreign firms allowed? What is the intention of the Government? Is it their intention to stop it?

ĸ

SHRI H N BAHUGUNA As I said, this is a new Government and anything

done by the predecessor Government is also under review along with the recommendations of the Hathi Com mittee I think it has done a great service in the matter of this particular sector

SUSHILA NAYAR DR Sir would like to know whether it bas been the policy and it has been discussed for a long long time that certain drugs which are commonly required should be produced in bulk and supplied to the consumers at cheap rate. So far come steps have been taken in regard to what are regarded as life-aving drugs which are required by very few people I would like a know in m the Hon. Minister whether he is in a posi tion to tell us as to what is being done to supply commonly required drugs like asprin vitamin and other drugs for children at us cheap a rate as possible. This can only be done if they are produced in bulk and also if they are produced by the small r anufacturers whose overheads are small as compared to the big manufacturers of กับเซร

SHRI H N BARDGUNA Sir the hon Member being a physician has a good deal of experience and I agree with her that a lot of things should be done But I have only asked for a very small reprieve so that we can come out with a total policy in regard to this alestica

SHRUNATVARLAL B PARMAR I would like to know whother the recom mendations of the Fathi Committee have been twisted diluted and chang ed by the of cials in the la erest of the multi nationals like Pfizer Sandoz and "loy & Baker" If so the details thereof

SHRIH N BAHUGUY' The ques tion of dilution does not anse because the whole thing has not yet been fingi sed. I can assure the hon Member that anything that is done by this government will not be in the interest of anyone except India

SHRI JYOTIRMOY BOSU is the Minister aware of the fact that a multi national organisation of drugs viz. OPPI of Bambay has set up a very powerful lobby in the Capital with their huge office of a resident representative to stall the recommendations of the Hathi Committee by influencing the officials If so what steps have been taken by the government in this regard?

SHRI H N BAHUGUNA The grea test guarantee against all these types of activities is my hon friend Shri Bosu So we need not be afraid of the resident representative

## PURCHASE OF CRANES BY ONGC FROM DEMAG OF GERMANY

\*2 SHRI JYOTIRMOY BOSU Will the Minister of PETROLEUM be pleased to state

(a) whether Oil and Natural Gas Commission or any other Government Oil Organisation has bought crares and other items from DEVIAG of Germany,

(b) it so facts thereof and

(c) who are their representatives/ agents in India'

THE MINISTER OF PETROLEUM AND CHEMICALS AND FERTI-LIZERS (SHRI H N BAHUGUNA) (a) to (c) A statement giving the requisite information is fald on the Table of the Sabha

#### Staternent

(a) to (c) The ONGC invited open tenders in 12"5 for the purchase of 8 truck mounted riph to crones of 40/45 tonne capacity Since one of the firms reduced its offer after the opening of the tenders, the OVGC held negotiashern bad oder string the hid made technically acceptable offers. The re-

vised offers of these firms were as follows -

	Name of the firm, Ind.an agent	Name of machine	Source	FOB price for S eratee (Rs)	CIF price fir 8 crares (Rs )
1	Earth Moving & Ma chinery Co New Delhi	Hc1st 5460	USA	1 34 crotes	1 58 crores
2	N'sscho Iwas Japan.	Lank belt HC-218	Japan	1 42 crores	1 62 croses
3	Escorts Ltd Fandabad	North West 60-T	USA	I 32 crores	1 74 creses
4	Maruti Heavy Vehicles Ltd Girga n.	Demag TC-230-L	German	1 62 ercres	1 76 excres

- 2. After duly considering these offers, the ONGC propos d that orders should be placed with the lowest ten derers namely M s. Earth Moving and Mach new Co. New Delhi for American Ho st Cranes. While th a proposal wae being examined in the Ministry M/s. Maruti Heavy Vehicles Ltd. Gurgeon the Indian ag nts for Derreg eranes revised their offer from Rs 1"6 crores to Rs. 170 crores (CIP)
- 3 The Min eter of Petroleum did no. agree with the ONGC's preposal and expressed the view that Demag cranes should be purchased even though these were not the lowest priced. This view was ultimately accepted by the at nictry of Finance and ONGC were there upon asced in February 19 6 by the Ministry of Petroleum to place an order on Maruta Heavy Vehicles Limited for 8 Demag crane, at a total cost co Rs 1"0 crores.
- 4 Spare parts for the aforera d Demag cranes have been ordered in March 19"7 for Rs 29 2" lakhs through Maru : Heavy Vehicles (Pvt) Ltd.

SHRI JIOTIR'OI BOSU Sir in this context I would like to know when ther the ONGC's requirement was gerune or not because I have great doubt as this involves hire Indira and Son and Lo Ltd The ONGC required 8 truck mounted mobile crares of 40-45 tonnes each. The tender calling was an eye wash as they had urged the erstwhile p sudo so talist Minister Shri Malaviya to give the businese to Maruti Heavy Vehicles Ltd., New Delhi and the Commission for this deal was about 21 per cent which was wholly paid in foreign exchange. The burn ness was given to Maruti Heavy Vehi cles Ltd. New Delhi as they were the agents of the West German firm called Damag

Sir in the context of what I have sa d is it also a fact that the erstwhile pseudo eocialist Minister Shri Male viya in his note dated 29th January 19"6 over ruled the ONGC's recom mendation that the lowest quotation should be accepted. He had stated on the file

- "I do not agree vith ONGC's recommendation to buy the US cranes which seems to have been motivated by the lower rost of these cranes."
- Sir I would also like to know whether it is a fact that the business was guen to Maruti Heavy Vehicles Ltd. New Delhi, even when their quotation was Rs. 1 6 crores and that of the Earth Mo ng and Machinery Com pany that is HOIST was Re 158 Crores.

I would also like to know whether the erstwhile Minister also stated on the file

I am not convinced that the cheapest should prove best for us More so because Demag machines are stronger and sturdier It can be used for longer periods

They might enjoy that reputation record to none Demag is a good in ternational company outside the USA, and we should try and establish special relations with them Therefore I want to know what are the other things that he said He also said "I do not see any useful purpose in pursuing for further reduction in pine I would like to know about it from the hon. Minister

SHRI H N BAHUGUNA It 3 a fact Six that Maruti Heavy Websites Ltd Gurgaon was given this tender in spite of their higher bid and the lower ones were left out. It as also true that the then Petroleum Minuster Mr Malaviya made the notings on the file but my hon friend appears to know more about it than myself 1 do not have the file with me Therefore I will not challenge him on that score But If my memory goes right the claim of the hon Member appears to be somewhat the way it appears on the file

SHRI JYOTIRMOY BOSU Is it also a fact that the honourable er-t while Congress Minisier Shri C. Subramaniam who is sitting here on our right—the Minister of Finance request ed the Minister for Petroleum to re consider his decision and let the ONGC accept the lowest tender for the supply o" American hoist cran s. Thereupon the former Petroleum "Imister recorded that the quotation be considered for ourably The Finance Minister said Do not accept the lowest quotation Cive this to any other capitalist country excep the highest quoration be cause it involves the Prime Minister's son Mr Saniay Gandhi What a

shame and what a bad day for the country!

MR. DEPUTY SPEAKER What is the question now?

SHRI JYOTIRMOY BOSU The question is whether the erstwhile Finance Minister has turned down the recommendations of his own Ministry ie, Secretary of Expenditure and has approved the quotation of the much higher price from another capitalist country

SHRI H N BAHUGUNA It to a have gone through this very unfor tunate case with some concern anxiety But I think o then that made the decision unfortunate but to the nation it is serious. But I think Mr Suhramaniam knows the use of English better than any one of us do. He never said Give it to any one He put it in the words make the ten der more competitive So I do not really know whether his Ministry thereafter took care to see his noting and follow his advice or not The whole thing concerning that appeared to have been done in a manner which creates so many doubts in many good intentioned minds.

SHRI JYOTIRAOY BOSU On a point of order I have given notice to lay it on the Table of the House Under Rule 368 I have given prior notice and provided a copy to you

MR DEPUTY SPEAKER Mr Bosu in the first place the documen has not been seen by anybody So I request you to give it at the Table of the Houre and we shall see whether it can be laid on the Table

SHRI JOYTIRMOY BOSU Sir you cannot proceed without disposing It of

MR DEPUTY SPFAKER I have already dispered it of. You have given it at the Table and we will examine what can be done APRIL 5 1977

MR DEPUTY SPEAKER Under the rules the Speaker has to look into the document and the Speaker has not had the time to look into it.

DEPUTY-SPEAKER have just handed over the document

MR

SHRI JYOTTRMOY BOSU Before the sitting of the House Do not say things which are not correct

DEPUTY SPEAKER Spenker has had no time to look into it. I have already given my rubing it will be looked into and it it is to order to lay it on the Table you will be permitted to lay it on the Table

SHRI JYOTHRMOY BOSU I now gis ng you this cop/ you can do aha' you lke flad on the Table of the floure Placed in I thear, No IT 48A/771

DR. SUBRAMANIAN SWAHLS So. far the hon Minister has answered orly one part 'n view of thit I should like to know about the o her item "fas I know w" ther the ONGC had a so invited tenders for 24 trucks and there also the tender was given to Marniti Company or " zuti Herry Trucks "firmti is an connibus name their tander was high by about 2 and half times of the lowest tender yet it was offered to them. Maruti instead of marufacturing the truck in this country, imported 12 from Germany and 12 from the United States International Harvesters Mr Samay Gandhi also happened to be a commission agent of that company Maj I know whether these are facts and also whether the trucks were acually imported though they could have been produced in this country as we to manufacture have the capacity trucks in this country?

SHRI H N BAHUGUNA hon Member is asking a specific question about trucks. The information available with me is to the effect that what was brought from German) was cranes and not trucks. Of course cranes were mounted on the trucks To that extent they have been purchased So far as other things are concerned I will need further information

धी कृषर लाश गुन्त जपाध्यक्ष महोदय, बया यह सही है वि मारति हैवी व्हिक्स से मो एन जी सी ने 6 रोड रोलर भी खरीदे हैं जब कि उनका देण्डर लोयस्ट भी नहीं था ? यह मारति हैवी हिविस्स एक बाड है नयानि इसक पास सारी मशीनरी कल 12 हजार रपय भी है। मैं जानना चाहता ह कि जो रोड रोजर धरीदे गए वह जितने साख रपए ने ये और वहां से खरीद भरने यह सप्लाई विष्यए? प्रयर्यत टीव है तो वया मजी महत्त्य इस चीज की इववायरी करेंग कि भी एन जी सी ने मार्ट हेवी व्हिक्त्स से नितवा मान खरीदा है धौर वितवी इस्ली-गैरिटीज की हैं और जिन चेयरमैन या भप-सरान गैर कान्ती कायवाही की क्या उनके विदाय भाष वार्यवाही वरेंगे ?

SERI H N BAHUGUNA question is getting wider and wider We were only concerned with crane in this questin to the Hembers want more information which is not just now excitable with me they will have to give menotice It something is brought to-

my notice which is worthy of enquiry, it will be done In the instant case I can say that this order was given over-ruling the ONGC The ONGC had said that it should not be given to Maruti Vehicles Ltd but in the Government of India, the Petroleum Minister over-ruled that view The Secretary to the Government is not at all responsible, I have seen the files with regard to this matter; the officers have bed no hand in the ratter

MR. DEPUTY SPEAKER I have already said that it does not arise out of this question. I have already called the next question

Judges in Madras High Court

\*3 SHRI M KALYANASUNDA-RAM Will the Minuster of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state

- (a) the sanctioned atrength of judges of the High Court of Madras
- (b) whether any judges are working in that High Court on temporary basis, and
- (c) the reasons for not filling up the vacancies there if any?

THE MINISTER OF LAW JUSTICE AND COMPNAY AFFAIRS
(SIRI SHANTI BHUSHAN) (a) The sanctioned strength of the High Court of Madras at present is 16 Permanent Judges and 6 Additional Judges)

- (b) At present of permanent Judges and 2 Additional Judges are to position.
- (c) The matter has been under the consideration of Government Consultation with various authorities has taken time

SHRI M. KALYANASUNDARAM Only 16 Judges have been working as against the sanctioned strength of 22 May I know for how long there vacancies were kept in abeyance? If it is a long period, will the minister examine why it is so? May I know whether the basis on which the sanctioned strength was fixed was wrong? Is it not a fact that because these vacancies existed for a very long time it resulted in arrears piling up in the High Court?

SHRI SHANTI BHUSHAN two vacancies of permanent judges have been existing since 1st August 1975 and there have been other additional vacancies also for a considerable period The reason for the appointment not having been made is that the Chief Justice of the Court and the Chief Justice of India have to be consulted and they have been changing their opinions So far as the present Government is concerned the hon Member would appreciate that it has come to office only recently The whole matter is under the examination of the present Government and we hope to take a decision very quickly in the matter

SHRI M. KALYANASUNDARAM
I cannot hold the present Minuter
responsible for the delay But will
be examine the cause for this inordinate delay? In view of the
amendment to the Civil Procedure
Code and the Criminal Procedure
Code will the Government examine
whether there is still need for the
present sanctioned strength and
whether there is any decline in the
work of the High Courts?

SHRI SHANTI BHUSHAN I reav assure the hon Member that the whole guistance as no sty the so postment to the High Court has rerained pending for so long would be examined. Here I would like to make a submission that so far as the recommendation of the Chief Justice of the High Court and the Chief Justice of India is concerned in view of Article 121 of the Constitation, that there should be no discussion about the conduct of judges

it is not right to discuss the conduct in public of persons holding judicial authority because that is likely to impair their efficiency I assure the hon Member that all his sentiments in the matter would be borne mind The whole matter would be very closely examined before the Government takes a decision

So far as the other part of question is concerned, this would also be examined as to what the strength of the High Courts should be keeping in view the various amendments which have been made in the CPC and CrPC I hope the hon Member will bear with me

SHRI RAMA CHANDRA MAL-LICK Whether it is a fact the large number of cases are still pending in the Msdras High Court and other courts and what action Oovernment is contemplating in this regard?

SHRI SHANTI BHUSHAN true that in various High Courts there are arrears and therefore the matter is receiving very close consideration of the Government Government will devote its thought to this problem at an early date

SHRI ARAVINDA BALA PAJA-NOR Since 1975 vacancies of two permanent judges have been lying unfilled There are four additional judges who are working there What prevented the Government from appointing two permanent judges out of these four additional judges? I do not think two years time is required for consultation between the Chief Justice of India and the Chief Justice of the High Court

SHRI SHANTI BHUSHAN question is about the appointment of two additional judges

SHRI ARAVINDA BALA PAJA-NOR It is about two permanent judges They are waiting from 1975 onwards.

SHRI SHANTI BHUSHAN There were 2 additional judges, and there were 2 permanent vacancies question of appointing those two additional judges to the permanent vacancies was considered by the government the recommendations of the Chief Justice of the High Court and the Chief Justice of India were obtained and in the light of consultations with those Justices, the term of those two additional judges for the time being has been extended by the previous government So far as the present government is concerned as I said the matter is under examination as to what exatly should be done

SHRI K. MAYATHEVAR I submit that the hon Law Minister had commented on the judges of the Madras High Court We should not make any comments on the Chief Justice of the Supreme Court or of the High Courts I admit the point So far as the former Chief Justice of the Madras High Court Mr Veeraswami is concerned, he is facing a grava criminal charge which is pending before the sessions court at Madras I would like to know the position of the case, its nature and government would look into it are not commenting on the conduct of the case But that gentleman has committed criminal offences violating all justice as a matter of fact (Interruptions)

MR DEPUTY SPEAKER sorry that question does not arise out of this Question.

थी मनोहर लाल: उपाध्यक्ष महोदय, में भारके माध्यम से, विधि मली जी से पूछना चाहता है कि जो भारत के विभिन्न राज्यो वे हाई कोटों के कितने ही जजी का स्थाना-न्तरण किया गया उनकी प्रमोशन रोक दी गई क्योंकि उन जजो ने इदिरा जी के मुताबिक ग्रंपने फैसले नहीं दिए थे. क्या उन जजी की बापस भैजने का धारनासन मली "महोदय ₹# ?

MR. DEPUTY SPEAKER Mr Manohar Lal I allowed you on the previous question as also on this question but unfortunately you seem to be asking a question which is not connected with this Question. Ple se be specific when you ask questions you should put them on the basis of the Question that is there.

SHRI SHANTI BHUSHAN AS for as the Madras High Court is concerned one judge was transferred from Kerala to Madras on the 3rd January 1977 As far as the transfer of judges from one High Court to another which had been made during the period of Emergency without the consent of those judges is concerned the policy of the present government is generally against it And this government would like to transfer back those judges from the High Courts to which they have been transferred. of course after obtaming their consent. If some of them want to remain where they have been transferred, it is a different matter But I would like to make one thing clear whether any exception should be made to this general principle is atill under the examination of the present goverument A definite policy in regard to that would be sultably considered and adopted

MR. MR DEPUTY-SPEAKER The Minister can speak in any language

SHRI SHANTI BHUSHAN Mr Deputy-Speaker, may I say that I am equally in love with all the languages of this country? I would like to learn all the languages of this country

SHRI ARAVINDA BALA PAJA-NOR The translation that we are getting for the last five days is imperfect. So, we would live to have the replies in English.

SHRI SHANTI BHUSHAN May I with your permission, so far as this particular question is concerned answer in both Hindi and English?

The Government is fully conse outhat even the vanctioned strength of High Court Judges in various High Courts have not been rannatined for long periods by the previous Government for reasons bert known to them The Government, therefore, has been examining this issue and would like to come forward with solutions to this problem, as quickly as possible It would also be examining as to what strength is necessary in the High Courts to solve the problem of pending arrears, because the Government feels that every case must be deeded as expeditiously as possible.

Re-examination of Acts passed during Emergency by High Power Committee

4

\*4 SHRI SAMAR GUHA SHRI BASHIR AHMAD

Will the Minister of LAW, JUS-TICE AND COMPANY AFFAIRS be pleased to state

(a) whether Government propose to set up a high power Committee to re-examine all the Acts passed by Government during period of Emergency from June 26, 1975 to March 23, 1977, and

(b) if so main features thereof?

THE MINISTER OF LAW, JUS-TICE AND COUPANY AFFAIRS (SIRI SHANTI BHUSHAN) (a) While Government have decided as a matter of polic, to undertake a thorough review of MISA and examine the existing laws to see whether they are adequate to deaf with eco-

23

nomic offences and the security of the country without denying the citizen the right of access to courts no decision has so far been taken to set up a high powered Committee for he purpose.

#### (b) Does not arise

SHRI SAMAR GUHA I am sorry o point out that though he is a very emment lawyer he bas not given proper attention to the Question I had not mentioned MISA only has by passed the main burden of my question. It is known that during the emergency about 101 general Acts which related to economic political and judicial matters as also labour and various other problems were adopted by Parliament These deal with very vital issues and affort the people as a whole So I want to know whether Government will institute a thorough enquiry through an expert legal commuttee including representatives of Government as well as of the Supreme Court and Righ Court Bar Associations to go into the merits and dements of these Acts and recommend whether some of them should be amended or repealed. He should go deep into the matter and say categorically whether all these Acts would be probed into by a high power expert legal committee

SHRI SHANTI BHUSHAN The policy to review the Acts has been indicated by the Government in Paragraph 6 of the Address to Parhament by the Acting President of India. The policy is to review those Acts which had imposed curbs on the fundamental freedoms and civil rights of the people with a view to restoring the rule of law and the right to freedom of expression to the press A large number of Act, had been passed during the period of the em ergency In fact the number of Acts passed by Parliament was 138. They mclude a number of Acts which are of a controversial nature. Government would review all those Acts which are of a controvesial nature in order to determine what is to be done, but so far no decision has been taken regarding the method to be adopted for reviewing those Acts However the suggestion regarding the setting up of a bigh power commuttee for this purpose will be considered by the Gozz-ment.

SHRI SAMAR GUHA My second question relates to constitutional amendments passed during the emergency. We were in juil for most of the time and we do not know exactly how many were adopted. As far as I know, five Acts were passed by Parlament, and they have completely changed the basic character of our Constitution.

I want to know from the Government-this time, they have used diffe rent words-whether a national commission is to be instituted by the Government to eoter into a national dralogue with all sections of the people sociuding the legal experts and men of legal opinions to see that are the provisions of the Acts which should be amended, what are the amendment, that we have already adopted which should be repealed or changed or amended so that the pranciple of democracy and socialism as is our objective in our recent manifesto is defended and the people are assured that in future there is no possibility whatsoever of this kind of emergency taking advantage of the vague clause of emergency in the Constitution and there is no possibility, whatsoever to enforce any auto cratic and tyrannical rule to which the whole country was subjected to?

SHIN SHANTI BHUSHAN The Government proposes to brung a com prehensave measure for constitutional amendments which will also cover 2nd Constitution Amendment Bill and the provisions would have to be adopted in order to finalise the deciment of the Government In regard to what amendments have to be made in the Constitution that is under the

26

consideration of the Government and the Government would be taking a decision thereon very shortly

SHRI BASHIR AHMAD There is a 42nd Constitution Amendment Hill There are two amendments to the Civil Procedure Code and the Criminal Procedure Code By virtue of these amendments, the power of the court has been taken away and the power to approach the court ha, also been taken away I would like to know from the hon Minister when he is going to make a report about these amendments and the Maintenance of Internal Security Act and by what date these amendments will be carried out so that the difficulties of the litigants may be minimised to the maximum extent

SHRI SHANTI BHUSHAN I have already replied that all the controversial Acts which had been passed during the period of emergency would be reviewed by the Government in order to decide as to what policy the Government would adopt in regard to the change made by these Acts The matter referred to by the hon Member would also be suitably considered and the policy of the Government on that would be formulated

SHRI K. LAKKAPPA There are certain Acts which were passed by the previous Government which would be reviewed by the present Government I would like to ask a specific question from the hon Minister During the emergency certain Acts were passed to put down certain economic offences like smuggling hoarding and blackmarketing would like to know what is the attitude of the present Governmen, towards them, as far as these Acts are concerned?

SHRI SHANTI BHUSHAN general policy

SHRI K. LAKKAPPA I am asking a specific question

(Interruptions)

SHRI MADHU LIMAYE You should ask a specific question

# (Interruptions)

MR DEPUTY-SPEAKER Minister is on his legs. The Minister will reply

SHRI SHANTI BHUSHAN The Government's general policy is that every person before any action taken against him must have protection from the court and the general policy to that effect would adopted The Government is determined to deal with such economic offences like smuggling itself with a heavy hand The exact policy of the Government in this regard would be suitably formulated very shortly

PROF P G MAVALANKAR Law Minister has given us an assurance that urgent attention is already being given to the matter and they are going to review all the 138 Acts passed during the emergency by the previous Government He knows that many of us on this side of the House during that unfortunate and sad period had opposed tooth and nail not only the more important obnoxious and controversial legislation but also the apparently non controversial legislation The manner in which they were brought forward and the manner in which they were hurriedly got through by the House was also opposed by us

I would like to us't the hon Minister while he is reviewing the MISA and the 42nd Constitution Act whether he will not go into the question of all the 138 Acts including what he described as non-controversial legislation with a view to seeing whether they were passed in a right way or in a hushed-up way I should also like to know whether the Government have decided upon any order of priorities with regard to taking up the more obnoxious Acts first and get them repealed as soon as possible so that the bad effects of those Acts are not inflicted on the people

28

Secondly I would also like to know whether the hon Minister has a mind to keep the laws which are not renealed in abeyance so that this Government at least does not commit a sin of implementing those wrong, bad and unjust Acts which the previous Covernment got through the subservient Parliament by having a large number of Opposition leaders in pail and keeping other Opposition Members silent and even not allowing the voices of the people speaking here to ro to the masses and the voters of this yest country

SHRI SHANTI BHUSHAN 1 appreciate the centiments expressed by the hon. Member The need of the speed in the matter and the speed in the review cannot be over-emphasized by the Government It would engage itself in this task with the utmost expedition

So far as the other point raised by the hon Member is concerned in regard to laws described as of a noncontroversial nature the present Government also will be in agreement with the provisions contained in those Acts even though a wrong procedure or a hurried procedure, etc might have been applied by the previous Government I would like to submit to the hon Member that if a right thing has been done and if the entire country the present Government as well as the present Opposition are in agreement with the laws which have been enacted then so far as the aspect of hurry is concerned, that may not be regarded as very important now

थो उपसेन • मधी महोदय ने बहा है कि मविधान के 42वें महीधन की समाध्य करते ने लिये वह एक समीयर विशेवक साउँवै । में मह भारता चाहता है कि बचा बहु इस विधे-यर को प्रयार बजद सत्र में लाउँते ।

SHRI SHANTI BHUSHAN I would not be in a position to give a categorical assurance. But it would be an attempt of this Government to bring forward a comprehensive Constitution Amendment Bill in the very next session of this House

## Indicial Reforms

\*5 SHRI C K CHANDRAPPAN Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state (a) whether Government have al-

- ready taken steps to implement various proposals of Judicial Reforms which were implied in the 42nd Amendment of the Constitution enacted by the Fifth Lok Sabha.
- (b) if so the salient features thereof, and
- (e) the main features of the proposals under consideration of Goverhment for full and speedy implementation?

THE MINISTER OF LAW, JUS-TICE AND COMPANY AFFAIRS (SHRI SHANTI BHUSHAN) (a) to (c) It has been stated in the President's Address that during the course of the Bear comprehensive measure will be brought before Parliament to amend the Constitution The 42nd Amendment of the Constitution will be taken into account when working out the proposed weasure. In the meantime no steps have been taken to implement the provisions relating to creation of All India Judicial Sertice and treating Administration of Justice as a concurrent list subject

SHRI C. K CHANDRAPPAN In the 42nd Constitution Amendment Act there are provisions for setting up of the tribunals for the expeditions disposal of the cases relating to land reforms and wares of agriculturns workers and others. I would like to know the attitude of the present Government in this regard as to whether the delay in bringing forward a comprehensive measure will

not affect the interests of these classes of people

SHRI SHANTI BHUSHAN So far as the provisions of the 42nd Constitution Amendment Act relating to the cetting up of the tribunals are concerned and the corresponding exclusion of the jurisdiction of the High Courts is concerned, that will also be a matter which will need examination when the policy of the Govern ment in regard to the comprehensive Constitution Amendment is finalised

SHRICK CHANDRAPPAN Now, since these are important matters and a large number of cases relating to land reforms are pending in courts I would like to know from the Hon ble Minister whether he can indicate when they can come forward approximately, with the Amendmentmay be in the next session Can he give an assurance that he will be coming forward with such an amend ment?

I would also like to know what will be their attitude when they come forward with the Amendment In regard to the Ninth Schedule in the Constitution-whether the Minth Schedule in the Constitution will be abandoned as was proclaimed by the present Prime Minister

SHRI SHANTI BHUSHAN As 1 said earlier, while it would be Government's intention and effort to bring that comprehensive Constitutional Amendment measure as early as possible, perhaps in the very next Session of the House I am not in a posttion today to give a categorical assur-2700

So far as the Ninth Schedule of the Constitution is concerned that also raises important matters for consideration and so long as the Government's policy has not been formulated I would not be in a position to say arything about it.

SHRI SOUGATA ROY The Congress Government was of the opinion that justice delayed is justice denied and because so many cases relating to land reforms for the benefit of the poor landless labourers and farmers were pending in the High Court, they took up the idea of forming Tribunals for Land Reforms for procurement matters and for Labour matters under the 42nd Amendment Bill What is the attitude of the present Ministry in regard to the speedy disposal of these cases and towards the principle that justice delayed is justice denied? The Minister may please make his attitude clear

SHRI SHANTI BHUSHAN Government is fully conscious and believes that justice delayed is justice denied and therefore a procedure has to be there by which there is quick administration of justice and whereby disputes are settled as quick. ly as possible At the same time whether there can be an early dis posal of disputes only by Tribunals and not in any other court which is an independent court needs examination Therefore the Govern ment will examine 11 aspects of the matter before formulating its policy

PROF DILIP CHAKRAVARTY (Calcutta South) On a point of order In Hazaribagh fail the prisoners

MR. DEPUTY SPEAKER No The hon Member cannot take the opportu nity of rising on a point of order and giving some information I ke this. The Min ster will make the statement

THE MINISTER OF HOME AFFAIRS (CHAUDHURI CHARAN SINGH) Sir Consequent on the revocation on the 21st March 1977 of the proclamation of the Emergency made on 25th June 1975 all persons detained in pursuance of the provisions of Section 16A of the Maintenance of Internal Security Act have been released. There were how ever about 6.851 persons still in deten tion on 25th March 1977 They had been detained under Section 3 of the Maintenance of Internal Security Act. prounds of the detention had been for nished to them and their continuance in detention had been approved by the Advisory Boards.

We have already announced our policy in regard to the Maintenance of Internal Security Act Further speci fic proposals will come before the House in due course in the light of our earl er announcement Consistent with our policy we are clearly of the view that no one should be bent under de tention for an indefinite period. We are accordingly advising the State Gov ernments to release all those still un der detention except where interests of security of the country are clearly involved or where persons have been detained on account of their recent indulgence in violent activities

With the lapse of the provisions of Section 16A of MISA the vast majority of political prisoners have already been realeased Presumably the Hon'ble Member has in mind the Navalites as they are called in defention According to the information available with the Government there were 645 such persons in detention in West Bengal Tamil Nadu Kerala and Andhra Pra desh on 25th March 1977 While wdo not at all approve of their ideology and while we would clearly reiterate

that any violent activity on the part of Naxalites or others would be firmly dealt with in accordance with law we are also of the view that indefinite continuance in detention of even such persons cannot be any solution to the problems posed by them. We are therefore advising the State Govern ments specifically to release all such Navalites in detention except in cases where such detentions had been made on account of their recent indulgence in violent activities Several quest ons have been asked about the number of persons who were detained etc So with your permission I would like to place on the Table of the House a detailed statement about the number of persons detained in various States period of Emergency during the Picced in Labrary See No LT 29A/

SHRI SAMAR GUHA Yes Sir Yes ferday I met the hop Speaker This matter involves the fate of political prisoners who are still in a very more rable cond tion in fails in West Bengal and other places. Therefore I requested him to allow the other Mem bers also to participate in This. As the rule does not permit it, he himself sug gested that it could be converted into half an hour discussion. I have given notice of that.

MR. DEPUTY-SPEAKER I have seen that. But a call attention cannot be spso facto converted into a di cuss on Therefore the bon Minister will make the stalement now The hon Member can give notice of half an hour discus s.on esparately which will be consider

SHRI JYOTIRMOY BOSU Mr Depuly Speaker Sir we joined hands with other Congress opposed forces to defeat Congress, and to restore civil liberties and human rights and as the election results have thown the Indian people are with us wholly and that is precisely the reason we are here today

the matter is

now in progress and I expect that it would be completed in toto before long

I am glad to see that

In the President's Address it has also been stated

Having regard to the gross abuse to which the Maintenance of Inter nal Security Act has been put during

100

## (Shri Jyotirmoy Bosu) the last two years, a thorough review of the Act will be undertaken with

a view to repealing it and examining whether the existing laws need further strengthening to deal with economic offences and security of the country

Sir I do not wish to carry coal to Newcastle but I wish to mention here as a person who has shared the platform with the juling party every where in the country that a target date should be annouseed. This is because you have mentioned in the last sentence of para 2 of your statement

We are accordingly advising the State Governments to release all those still under detention except where nterests of security of the country are clearly involved ar where persons have been detained on account of their recent indulgence in violent activities.

Shri Shanti Bhushan is sitting so close to the Home Minister and he knows full well that there is ample provision in the Criminal Procedure Code to prosecute anybody who octs as a criminal Therefore people with a political background should not be brought within the ambit of this.

I would also like to refer to para 3 of the statement made by the bon Home Unister In the last sentence it is stated

"We are therefore advising the State Governments specifically to velease all such Naxables in detention except in cases where such detentions had been made on account of their recent indulgence in violent activi ties

I again repeat that there is ample provision in the Criminal Procedure Code and the persons with a political background should be released at once and you can proceed against those who have done any acts of crime under the normal laws and prosecute them

It was stated that political prisoners. even if they were misguided should be released to allow them to think and mend themselves. I would give an example Shri K C Pant erstwhile Minister and conscience keeper of Shri matt ludira Gandbi in matters of preservation of democracy admitted on the floor of this House that secretly he had met a number of Nazal tes and his plea and pretext to us was in t they wanted to give them a chance to mend themselves and released those Naxahtes who agreed under pressure to join the Congress In West Bengal we call them Congshells

Another erstwhile Minister, Shri Kedar Singh, a messenger ho, of erstwhile Prime Minister, Shrimati Indira Gandhi met secretiv so-called Naxables in Meerut Jall II refused to men the visitors register When I asked him why he refused to eign the register having went inside the jail and met the inmates his repli was how I came to know of it. I said I have got a white erow, which comes ard gives me all the news in the morning

I understand that this Government in principle have decided to act in this matter favourably to preserve haman rights and civil libertie would like to have a confirmation that no political person would be kept under detention without a trial And also people with a political back-13140 If prosmuted on around charges such as the case Mr George Fernandes which is a glaring example of how politics work ed in the case of Mr George Fernandes and false cases were fabricated and the CBI fully to operated Therefore you know what the Police in this country is They fabricate cases and involve political leaders according to the wishes of their masters So we do not wish to be tools in the bands of such people I would request the hon Minister Kindly release all political prisoners Kindly withdraw all cases against political prisoners.

AN HON MEMBER There should be a general amnesty for all political prisoners.

101

SHRI JYOTIRMOY BOSU I will come to that

Shr.mati Indira Gandhi and her stooge Ministers like the Minister of State, Shri Om Mehta never revealed the figures because it was so enormous Even a leading Youth Congres, leader said recently

'In West Bengal we are having emergency since 1971'

1930--1932-Chaudhan Saheb will remember because he is an old freedom fighter and a Congress man. The Congress Party was declared illegal because of the civil disobedience movement but the Britishers did not do any blanket arrest for detention etc. Only those who continued with their activities were prosecuted but never detained Therefore, in a free country what we get to-day cannot even be equated with that we got when we were a subjugated race But in the Indira Rai because somebody was a member of a particular party he was detained. The whole country becaume a vast prison If you read the documents of Amnesty International and if you read foreign newspapers like the New York Times and the Waslington Post your head will hang in shame I tell you that this country's Image has been tarnished beyond re covery and I do not know how long and how many decades it will take to brighten up our face

MR DEPUTY SPEAKER You please ask your clandication

SHRI JYOTIRMOY BOSU Then Sir about the unheard of atrocities and tortures perpetrated by the erst while Indira regime even relations were not spared

You know how the brother of Mr Geroge Pernandes was besten up Here is a news item in the Indian Express

'Relatives of political prisoners found themselves socially ostracised by family friends and even relatives who seemed to fear that the authorities would gave them black if they were caught talking to such people Middle aged women who had lived a sheltered existence in such the four walls of their household had to make weekly rounds to the sordid premises of the jail and criminal courts. Businesses were ruined with no male members to look after the shops.

This is now you made people's life awfully miserable At least for 10 lakhs of people their life was made miserable because if 2 lakhs were detained for each person we can take that there are five dependants. For preceiving one person in power all these sordid acts were committed Just like Mr. George Fernandes case there are thousands of fabricated cases in the case in the cases in the cases in the case in the case in the cases in the case in

MR. DEPUTY-SPEAKER Please

SHRI JYOTIRMOY BOSU I tell you one thing I am afraid you are new to this House In the Business Advisory Committee it was decided that 45 minutes would be set aside for a call attention motion

MR DEPUTY SPEAKER The hon. Member should know that 45 minutes is for the entire call attention motion and not for a single Member You cannot take all the 45 minutes.

SHRI JYOTIRMOY BOSU That pro-

MR DEPUTY-SPEAKER Besides, the BAC of the new House will have yet to decide on it.

I am now asking you to seek your clarification.

SHRI JYOTIRMOY BOSU I am glad the hon. Home Munster Choudh ary Sabeb has sa d that he is some to publish and give to the house the figures of de eque. Our figures are incomplete to West Bergal-in the Chittaranian Locomotive Works 14 railway workers who are trade ur tors sts are still behind the bars You should know what the BIISA says-Section 3 (1) (A) (I) and (II) What are the figures? Let me quote in Andhra Shri G G Rao a trade union leader is behind the har In West Bengal, CPI(M) workers-125 are de tained under MISA and 137 are langui shing without trial About the so ealled Nazalites 500 are behind the bars under MISA and 1600 are in prison without that Forward Bloc RSP and a section of the Congress-200 have been detained under HISA Approvingtely 5000 political prisoners are rotting in falls in West Bengal under our great democratic leader Mr Sidhartha Shankar Pay! In the last two years, 25 political prisoners have died in the talls. You can imagine what it is. Mr Bharati a CPI worker was beaten to death in the Ulfain jail. There are figures about Jamact e-Istam also So all thes, detrils we will get A Dalk Member "fr Chitta Babu was besten to death in the fail and when the post mortem was held it was found flat his interines were badh damaged

They had not even spared intellectuals posts and literary giants, I want figures of MISA cares Satemage DIR or at Statemate Beedlen 107 GFG cares Satemate and Section 100 GFG cares Satemate I want to brown the specific charges exhibit them. We are ad song the State Govern ments to release all those shill under detention except where interests of security of the country are clearly involved or where persons have been detained on account of their recent indulgence in violent activities."

As regards the first category this category fixing the per kines who have been working for foreign counters some of them who have gone underground etc Such of them as were arrested have been put under this category. The break up of these prisoners is not available to me I will get these cases examined and in regard to cases, where I consider that detonion is no longer justified I will see that such persons are releasons are releasons are releasons.

As egacts those who were induling in recent ortivities, this is a statement which is confined to those persons who have been arrested upto 25th March. There are certain caves of persons who committed violetee after ill ing of emergency Those cases will be proceeded with under recular law and necessary proceedings will be stretch in law courts.

Regarding fixing target, I cannot give any assurance because we comonly advise the State Governments. Fixed action lies in their hands. We will do our best in seeing that action is taken as early as possible

THE MINISTER OF EDUCATION SOCIAL WELFARE AND CULTURE

(SHRI PRATAP CHANDRA CHAN-DER) I am grateful to the Speaker for having given me this opportunity to make a statement in this august House

The Covernment would like to give the highest priority to the universalisa tion of literacy in the country I am informed that 87 per cent of the children in the age group 6-11 and 39 per cent of the children in the age group 11-14 have facilities for premary and middle school education m our country as at present The present Fifth Plan envisages enrol ment of 96 per cent of the age group 6- 11 and 45 per cent of the age group 11-14 In regard to adult hteracy according to the 1971 census 34 per cent of the population above the age of four are literate In terms of numbers. I understand, more than 200 million adults above the age of 15 are still illiterate. The dimensions of this problem are truly gigantic. How ever the present Government are extremely anxious that urgent stens should be taken to achieve substantial progress in the matter of universalisa tion of efementary education and promotion of adult literacy. We have not set had time to study in detail the various aspects of the problem and also consult the States who are primarily concerned with the However we would take the earliest opportunity to study this question in detail and prepare a time-bound plan of action for universalisation of elementary education and promotion of adult literacy. We shall also make earnest efforts to reduce the existing gap between the world of work and world of education keeping in view the principles of basic education as enunciated by our Father of the Nation. Many Honble Members of this House and other friends are approach ing me and also writing to me about complaints of political victimisation in the Departmen's of Education and Culture I asked for details of premature retirements and reversions in the Departments of Education and Culture I find that as far as the Department of Education and its attached and subordinate offices are concerned there has been no case of premature rearement during the last 2 years. There has been one case of reversion, but it would appear that this reversion was based on entries in the confidential records However this case as also under review

In the case of Department of Culture, while there was no premature retire ment or reversion in the Department a, the Secretariat level, three cases of premature retirement in the attached offices have been reported. I have d rected that these cases may be reviewed and submitted to me. I have also issued directions that a thorough check should be made in the attached and subordinate offices, under the Departments of Education and Culture to verify whether there has been any case of victimisation on political grounds. I have also assued similar instructions to obtain the same information in regard to the autonom ous organisations attached to the Departments of Laucation and Culture. I have to secure the information trgen iv and complete the review w; han a few dows. I should like to 3 5 are the Hon'tle Vembers that all cases which involve political victimisation will be revewed,

We shall write to the State Governments and universities requesting them to review the action taken against the staff in the educational organisations on political grounds, in the changed circumstraces. I am hoping that the State Governments and Universities will respond to our request.

I have form that instructions had gone from the Ministry suggesting temporary postponement of elections to the various student unions in the Tunversities I have directed that ret ed instructions may issue removing these restrictions I am also taking up a review of instructions issued during the last 20 months in the wake of emergency imposing similar restrictions (Inderruptions)

THE MINISTER OF HOME
AFFAIRS (CHAUDHURI CHARAN

leave to introduce a Bill further to
amend the Government of Union
Territories Act, 1963

MR DEPUTY SPEAKER The question is
"That leave be granted to intro-

dues a Bill further to amend the Government of Union Territories Act, 1963"

The montion was adopted.

CHAUDHURI CHARAN SINGI Sir I introduce the Bill.

MR DEPUTY-SPEAKER Now, I will listen to your points of order I cannot listen to any point of order when there is no busines, before the House

SHRI M KALYANASUNDARAM (Tiruchirapalli) Mr Depu y Speaker Sir these Bills have been sent only this morning They are very important Bills which seek to undo some of the mischiefs done by the previous government As they have been circulated only today how are we to study them? The rule says that there should be at least seven days notice What is the urgency? The exception should not become the rule Of course the Speaker has got powers to waive the notice and allow the intro duction Tomorrow is the last date I know what Mr Patnack is telling you He is bringing to your notice that the Memorandum has circulated I have gone through the Memorandum but the Memorandum does not explain the argency of this Can't they wait till the next Session? I object to the introduction of the Rill and I object to the Speaker waiting the notice period

SHRI ARAVINDA BALA PAJANOR (Pondicherry) I would like to submit, Mr Deputy Spears' Sr that I would like to have a method by which you can suggest to the government so that we can hear all the Members at the same time because now we are not able to hear the proceedings properly

MR DEPUTY-SPEAKEP That is why the Members should have some restraint. If one by one speaks every Member can have a chance to speak

SHRI ARVINDA BALA PAJANOR
Sir the lunch hour is approaching and
the brain power has no value and I
don't think many of the Members will
be here now Mr Deputy Speaker the

present Government is very much against the Emergency provision. And we know pretty well that last time when the 42nd Amendment and some other amendments were presented be fore this House they used to supply the material about 8 O clock or 9 O clock and I had raised it in this very same House that this is a very bad practice I agree with Mr Kalvanasundarim for giving more time to introduce a Bill like this Actually I have got ms paper today at 830 AAL and this is not the way to treat us and if that is going to be the method and you are coing to hurry with these Bills I think you are going to bury justice

SHRI SOUGATA POV Perrotepore) The charge against the previous government was that it med to rush through legislation during energency We are making the same charge against the present Government that it is trying to do the thinss in a similar way.

MR. DEPUTY SPEAKER Mr. Kalyanasundaram r may say that shat the Secretary was giving rio was a copy of the Memorandum. The Memoran dum has been circulted, and they have evplained the urgency that is forcing them to adopt this course and the Speaker has wawed notice and he has permitted this Bill to be introduced. So there the matter ends.

DISPUTED ELECTIONS (PPIME WINISTER AND SPEAKER) BILL.

THE MINISTER OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI SHANTI BHUSHAY) I beg to more for leave to miroduce a Bill to provide for authorities to deal with disputed elections to Parlisment in the case of Prime Minister and Speaker of the House of the People, and for matters crimeted therewith

MR DEPUTY SPEAKER Motion moved

That leave be granted to introduce a Bill to provide for Authorities to deal with disputed elections to Parlia ment in the case of Frine Minister and Speaker of the House of the People and for matters connected therewith.

I have received notice from three Members and I will allow those three Members to speak.

SHRI SHYAMANANDAN MISRA (Begusarai) Mr Deputy Speaker Sit, I am rising to express certain doubts and misgisings about this measure. And if the hon. Law Minister succeeds in removing those doubts and misgivines I will not finally oppose this motion. But at the moment the posttion is that it seems to me quite obvious that this measure is contrary to the spirit of Art cle 14 of the Constitution which provides for equality before law At the same time I am not able to understand why the present Government should be as keen as the previous government was that a Member when he or she becomes the Prime Minister he or she should be considered as a different amimal to be treated in a different kind of zoo That is the position which is frankly speaking rot very clear to me That the present government should subscribe to that principle as did the earlier government, is on the face of it strange I have no doubt, Mr Deputy-Speaker tha my government is as much com mit ad to the salutary principle of equality before law as any one of the members of the party is. At the same tore I realise that they have certain difficulties to contend with at the p esent mement which they may not have in the future But I venture to think that there could be some other alternatives before the government It is also quite clear-it does not require any resteration to the hon. Law Minister that our election manifesto states

<sup>\*</sup>Published in Gazette of India Extraordinary Part II, section 2 dated \$4.77

What is the concept of equality be fore law? Is it being sought to be observed in this case? These are the crucial questions before us

Equality before law means that among equals the law should be equal and should be equally administered that is likes should be treated alike Are we not as Members alike" I do hope that the hon Law Minister thinks that we are all alike and that he would certain by do something to undo the grave wrong that has been done to the Constitution I would have been bappy If the hon Law Minister bad made it clear in the statement of eljects and reasons itself that the ultimate objective of the government was to clear the position in this regard namely it could not subscribe to the idea of placing the Prime Minister above law I do not think that there could be any objection to the ultimate objective of the hon ble Law Minister being made clear in the statement of objects and reasons itself nothing came in the way of its being mentioned in the statement of objects and reasons so I do hope that even at this point of time the non Law Minister would come forward if not today, tomorrow with a Bill to repeal Article 323 of the Constitution I would now be coming to certain other points But before I do so I would he to emphasise that the special provilege in favour of an individual continues to disfigure the Constitution, and it does do away with the salutary principle of equality before law We should like the non'ble Law Minfster to make it clear to the House and to the world that he and this government do not sub-crible to the principle that the Prime Minister can do no wrong that the Prime Micister should l-e trested a different category altogether However, I do realise as I said earlier, that the government is placed in a difficult predicament because of the

amendment of the Constitution and there is not sufficient time to undo the wrong that has been done to the Constitution The Constitution now requires that a special authority shall be provided to try election cases relating to the Prime Minister and the Speaker and that authority was sought to be provided by an ordinance It is also clear to me that this Bill is a substantial improvement upon the ordinance that had been promulgated by the earlier government because the earlier gov ernment bad tried to justitute a kind of tribunal which was unheard of in iudicial history. There was to be a congery of persons to try out election cases relating to the Prime Minister and the Speaker This Bill cocke to eliminate non rudicial elements from the tribunal and this provides for the matter to be referred to a sudicial tribunal. To that extent it is an improvement upon the orderance that was promulgated by the former government : February But my submission to the government and the honble Law Minister as that they should tale early steps to undo the wrong that has been cone to the Constitution and to the sacred principle of equality before law

7114

Now a question may be asked If you do not provide for an authority would there be a vacuum in law? If the ordinance was allowed to lapse, would there have been a vacuum or chaos in law? If trat is so that position has to be taken into account But to my mind, there could not ha e been any vacuum although I am assailed by a doubt becaus article 329 says that no such election shall be called into question except before such authority not being any such authority as as referred to ir clause (b) of article 329 Clause (b) refers to the ordinary triburals which try other election cases. That really creates a difficult situation but since the honble Minister happens to be a great expert in law I would ask if there is a varuom in law, what operates? Would the government be called to account for that? Can there

be a vacuum in aur? If the e is indeed a vacuum in law is it i t that somehow the court will have to brong itself to accopting the existing forum for that purpose? The hot ble Minister should have examined the position namely if the ordinance had been allowed to lapse there would have been a vacuum so for as the authority to try such cases was concerned To my nind if there was a vacuum it would not have been allowed to remain by the court and the existing authority would have been allowed to operate

Secondly my doubt is with regard to the forum of appeal If the Chief Just ce of the Supreme Court appoints a judge of the supreme Court to try the cases relating to the hon Prime Minister and the hon Speaker would not the Supreme Court as a forum of appeal be elut out? It may not be so That is also my position but let the minister make the point clear Apart from that in accordance with the provisions of the amended Constitution I think that any forum of appeal ; rule tout in this case I am now taking a different position altogether I am not merely taking the position that since the tribunal would be appointed by the Chief Justice of India from amongst the judge of the Sumeme Court the Suprema Court cannot be a forum of appeal I am also faking into account the provisions of article 329 of the Constitution as it stands Is not any forum of appeal completely ruled out according to article 329' Should the position be allowed to remain as it is? Could not a forum of appeal have been provided for? Perhaps the Constitution comes again in the way Has the horble minister examined whether there would be a forum of appeal in the matter of these election cases? These are some of my doubts and I hope the minister will clear them.

SHRI HARI VISHNU KAMATH (Hoshangabad) I rise on a pcint of order I ful to understand why the Janata government should cor timue to hold the babies, or rather,

Sneaker) Bill

the ugly ducklings of the predecesser government (Interruption) I invite attention to Article '23 of the Cons clause (2). Government litution could easily have found a way out of the course that they have adopted this morning-an unhearthy and underitable course for the Janata government to adopt. The Memorandum under 4 Directions 19A and 19B supplied along with the explanatory statement laid on the Table a ong with the Bill states that the ordinance was promulgated by the President on the 3rd February 1977 Now the present Bill seeks to replace the said Ordinance with certain modifications Now, is that

the only way open to the Government?

Could Government not have taken recourse to article 123 clause (2)

which would rave easily helped them

without holding this baby before

Parliament this new Parliament, this

Janata Parliament? Clause (2) says promulgated Ordinance under this article shall have the same force and effect as an Act of Parliament but every such Ordin ance-

(a) shall be laid before both Houses of Parliament and shall cease to operate at the expiration of six weeks from the reassembly of Parliament or if before the expiration of that period resolve tions disapproving it are pasced by both Houses upon the passing of the second of those resolutions and"

The latter part of above does not apply Further part (b) says

"(b) may be withdrawn at any time by the President'

This is very very helpful had taken it very seriously and if part (a) is not acceptable they could have

ivised the President to withdraw
we ordinance to restore the status quoite prior to emergency. I would like
we have Minister to throw light on this
atter.

SHRI SHANTI BHUSHAN Me eputy-Speaker, Sir, I am very happy at this matter may been raised by e hon Members, Shri Shyammandan ilisro, Shr Sharad Yndav and Shri adhu Limaye and a point of order r Shri Kamath also

I would like to say with all the overnment is totally opposed to the hole of article 332A. The Government are to study committed to restore the solution of the study to the solution of the s

But the hon House would appreciate

ie difficulties and the constratints nder which the present Government as to function today for a certain eriod, on account of the things done y the previous government earlier s the House is aware, article 329A as enacted under very very unfor inate circumstances in August 1975 am, however, very happy that a art of that article 329A, namely, lause (4), was found to be so opposed the basic structure of the Constituon that it was struck down by the hole Supreme Court But, so far as ne other clauses were concerned. amely clauses (I) (2) and (3) the upreme Court did not get any coporunity in that case to pronounce upon with the result that those clauses are till in existance in the Constitution of

Now this Ordinance was promulgated y the previous Government is in accordance with the requirements of article 239A. I would just read out as to what the requirement of article 329A is That article says

- "(1) Subject to the provisions of Chapter II of Part V except subclause (e) of clause (1) of article 102 no election—
  - (a) to either House of Parliament of a person who holds the office of Prime Minister at the time of such election or is appointed as Prime Minister after such election.
- (b) to the House of the People of a person who holds the office of Speaker of that House at the time of such election or who is chosen as the Speaker for that House after such election,

shall be called in question except before such authority "

-now what follows is very unportant-

"not being any such authority as referred to in clause (b) of article (329) or body and in such range may be provided for b), or under any law made by Parlament and any such law may provide for all other matters relating to doubts and chapters in relation to such election including the grounds or which such election may be questioned."

So that so long as the constitutional amendment was on the statute-book. the position was that neither Parliament nor the President in evercise of his ord nance promulgating authority could again provide for the same authority, because it was expressly said "such authority (not being any such authority as is referred to in clause (b) of article 29)', which means that the High Court to which the election petition has to be presented against other Members of Parliament has been ruled out. So while the Government was very keen that the position of absolute equality must

be immediately restored between the Prime Minister and the Speaker on the one hand the other hon. Members on the other hand this constraint moosed by article 329A came in its wav

Government wants to introduce a Bill for the total and con ple e sepeat of article 379A and I would appeal to the Leader of the Opposition as well as friends on the other side to help us in establishing this equality between the Prime Minister and the Speaker on the one side and the other Members of the House on the o'rer This Bill I hope would be introduced very early

The Ordinance which had been issued by the previous Government provided that in the case of the Prime Minister and the Speaker the authority to decide the dispute about the eject on would be a kind of a parlia mentary committee consisting of three representatives of the Lok Sabha three representatives of the Raiva Sabha and three nominees of the Government The public sentiment was that such an authority would not command the confidence of the public The option befo e us was to su sti te some authority other than the High Court because that was prohibited by the article itself and we thought that if we could not substitute a High Court as the authority as in the case of 0 her Members of Parliament, we must not substitute an inferior autho rity but might substitute a superior authority That was the realon beh nd this provision and we thought that as we could not have any authorit; other than a Judge we would have a permanent sitting Judge of the Supreme Court to be nominated by the Chief Justice

Shri Shyamnandan Mishra raised a po nt that the Ordinance could have been withdrawn under article 123(2) (b) There is no doubt that it could have been withdrawn but if it had been withdrawn and no other Bill bad been introduced, there would have been a vacuum Shri Mishra appears to be under the impression that if there was a vacuum, the courts would perhaps have formulated some kind of a remedy the High Court perhaps might have entertained a petition against the Prime Minister or the Speaker I am very sorry to say that that would not be the legal position in the face of the clear provision in article 329 So if the Ord nance had been withdrawn or atlowed to tapse the poution would have been exactly the reverse of what the hon A ember contemptates namely we would have been open to the charge that by allowing the Ordinance to lapse while we are not restoring and cannot con stitutionally restore the authority of the High Court to question the election of the Prime Minister and the Speaker we are eliminating even such authority as was provided by the Ordinance and it would have been said that the election of the Prime Minister and the Speaker could not be questioned before any forum 50 some forum had to be p ovided A vacuum should not be allowed to come in-Therefore we have within the con straints of the Constitutional provi sion, provided for a Supreme Co rt Judge There cannot be any possio s objection to that

But at the same time we would like the judge of the High Court to be substituted as quickly as possible and therefore that Bill would be introduced Another point which has been raised is about the appellate forum Now care has been taken that here a Suoreme Court judge who would be nominated by the Chef Justice would not be deciding the It would be the election petition authority constituted by a notifica tion of the President But the autho nty will be that sitting judge of the Supreme Court who is nominated by the Chief Just ce with the result that he would be functioning as the authority and since that authority would be a judicial authority it would be d sposing of judicial disputes cial controversies Therefore the deDisputed Elections CHAITRA 15 1899 (SAKA) Disputed Elections (Prime Minister and Speaker) Bill Speaker) Ord (St.)

cision of such an authority would be questionable by an appeal to the Supreme Court under Article 136 of the Constitution

Just as in the High Courts sometimes a matter is decided by a single judge of the High Court and even though a High Court judge has disposed of a matter an appeal lies in the High Court itself before two judges or a large number of judges the legal position would be that in regard to this single judge of the High Court who would be deciding a dispute as an authority constituted an appeal would like against the decision of that single judge of the Supreme Court before the Supreme Court as such under Article 136 of the Constetution

I hope that with this clarification any doubls in the matter anywhere in the country which might other wise him been there and the point which had now been so pointedly raised would be completely set at rest and we shall get the co-operation of the entire House in our firm resolve as quickly as possible to put the constitutional position on a sound footing which is in the fitness of things in a democratic country.

MR DEPUTY-SPEAKER Ife has answered all the points. Has he leave of the House to introduce the Bill?

SHRI SHYAMINANDAN MISHRA
One point remains to be clarified
According to the provision of Article
229 of the Constitution the appeal is
perhaps not eliminated. I want to
know the clear position it appears
to me—on a cursory view of Article
229 as the Bill was circulated amongst
us this morning and we did not have
enough time to go into xi—m accordance with the provision of Article, 229
that the appeal is not barred

SHRI SHANTI BHUSHAN In fact earlier also before the High Court

was designated as the authority to deal with the election petition the House would recall that there used to be a tribunal to decide election petitions At that stage this very puestion had been raised in High Courts and the matter had ultimately gone to the Supreme Court and arguments had been advanced that because Article 329 contemplated no authority other than the authority laid down under Article 329 it would alone decide the election disputes Therefore that had ruled out either the writ petition in the High Court against the decision of the election tribunal or an appeal to the Sup reme Court under Article 136 the Supreme Court had decided on that question that Article 329 did not rule out the constitutional power of the Supreme Court to entertain a writ petition against the decision of the election petition or the power of tho Supreme Court under Article 136 to entertain the appeal against the decision of the tribunal. There is no reason to think that the Supreme

MR DEPUTY-SPEAKER The

Court will not take this in view

That leave be granted to introduce a Bill to provide for authorities to deal with disputed elections to Parliament in the case of Prime Minister and Speaker of the House of the People and for matters connected therewith.

MOTION OF THANKS ON THE ADDRESS BY THE VICE PRESI-DENT ACTING AS PRESIDENT

MR. DEPUTY SPEAKER We shall begin further discussion on the motion of thanks on the Address by the Vice-President using as President

THE MINISTER OF PARLIAMEN-TARY AFFAIRS AND LABOUR (SHRI RAVINDRA VARMA) Before we begin discussion on the motion of thanks on the Address by the Vice-President acting as President I would like to make a statement regarding the sitting of the House Yesterday you would recall it was decided that the debate on the motion would contimue for an hour this morning and the Prime Minister would be requested to reply to the debate at 2 PM As things have gone on in the House now we see that one hour after the Question Hour is over and the time for lunch recess has come I would therefore request you to agree to fore, go the lunch recess and continue with the debate on the Presidents Ad dress This will give an opportunity to more hon Members to speak and participate in the debate. The Prime Minister will then reply to the debate at 3 PM

SHRI K RAGHU RAMAIAH (Guntup') Sir it has been the existoms and the procedure in this House all these years that when changes lake this are made the Opposition is also consult de While I have no objection to the Fresent proposal I would like my honfriend the Minister of Parliamentary Affairs to follow the time-honoured distincts of consulting the Opporation about any extension of time or extention of the sitting of the House or any such accommodation. We are willing to cooperate. But we should not be ignored

SHRI RAVINDRA VARMA 1 wish to say that I am extremely sorry that I did not have the occasion to consult the Opposition I will see that such a lapse does not occur in future

MR DEPUTY-SPEAKER I think the House agrees to the suggestion put forward by the Minister of Parliamentary Affairs

HOY MEMBERS Yes

MR DEPUTY-SPEAKER I would also suggest that if need be we may sit beyond 6 Oelock today to complete some of the Government business

SHRI CHITTA BASU (Barasat) Mr Deputy-Speaker, Sir, as you are aware the Sixth Lok Sabha has been constituted against the background of a series of political events of extraordinary and far reaching significance Therefore in all fairness the Pressdent's Address is to be viewed in the light of the political changes that have taken place in the country

The result signifies in short the unshakable faith of the Indian masses in the parliamentary institutions and the democratic processes despite strong arm policies of the erstwhile Government to reverse them It 15 nothing short of mass revolt against the tyrangy of a thin caucus who

went in the name of the Government and who permitted the operation of extra constitutional powers at various levels. It was a silent revolt but conspicuous in its eloquence

This is the inevitability of the process of history We know that certain policy statements have been made by the Government and those policy statements are really in accordance with the mass movement in the country Particularly I refer to the statements made by the Minister of Railways and the Minister of Communications wherein the wishes and aspirations of the working class the labour leaders and the employees have been properly reflected in the matter of reinstating those employees who were dismissed or suspended because of the participation in legal trade union activity

ISHRI DHIRENDRA IATH BASK in the Chair]

13 20 hrs.

We know that the new Go ern ment is riding on the wave of vic ory New hopes and expectations have also been raised among the masses. This mass enthusiasm has to be further consolidated and strengthened It is necessary that the Government of the day should take appropriate measures and specific and concrete decisions in the matter of ensuring popular involvement in policy making and also in administration I am sorry to note that no mention of this aspect has been made in the President's address I think this is a lacu-לה שלה חשונה של כה צותו שלה התוב בחד

I further appeal to the Government that such measures should immediately be taken whereby the people will feel that there will really be a change for the working classes of this country The House knows that the agricultural workers of our country constitute an overwhelming majority of the working population It has been the policy of the erstwhile Government to allow the State Governments to fix up the minimum wages for agri

# (Shri Chitta Basul

cultural labourers As you know in many States the minimum wages for agricultural labourers have been fixed but in most of the States these minimum wages are not being given to the agricultural labourers Government s committed effect to the Gandhian principles According to Mahatma Gandhi it is in the villages that India lives and the agricultural workers of our country, as I ment oned carlier constitute an overwhelming bulk of the working population I think the Government should take immediate measures to see that there is general implementa tion of the minimum wages for agricultural workers. Labour is a Concurrent subject I don't know why the Government cannot have laws of a nature which will also include en forcement of the minimum wages in different States in respect of agricultural workers and Scheduled Castes and Scheduled Tribes and Adivasts who have been subject to inhuran strocities in the past. In the President's address there is no specific mention of measures to safeguard their interests in their economic soeral and political life

The organised working class is happy to know that the Government is willing to amend the Bonus Act But it has not been specifically mentioned as to whether this amendment will be given effect to with retrospective effect Government should amend the Bonus Act ummediately and restore the right to a minimum bonus of 833 per cent with retrospective effect with effect form 1975

Today during the call attention on political prisoners, some statement has been made but the statement is not specific and clear. As far as my knowledge goes the State Govern ment of West Bengal recently made a statement wherein it has been said that more than 6,264 political rriso ners are still behind the prison bars in the State of West Bengal. There

are various charges against them, there are undertrial prisoners There bas not been any specific declaration of amnesty for the release of all political prisoners That is very neces sary in order to avoid the legal complications I do not have much time to discuss that But it is well known and it should be known to this Government also that while these political prisoners were in jail many of them have been victims of opvession and to ture in jail many of have also been killed while jail and we have heard of built-up storses of killing on the plea of socalled encounter with the police There have been many instances of this nature It is for the Government of Ind's to institute a thorough inquiry into the matter relating to the question of political prisonera and declare immediately an amnesty for the immediate release of all political prisoners

Certain points have been raised by the Leader of the Oppositor as to the justifiability of the Forty Second Constitution Amendment 1 would like to remind him that, although they have the plea that the Forty Secon! Am endment has been made for the strengthening of the democratic fabric of our country it is our feeling it is our considered opinion that it was per petrated only to perpetuate the oneparty rule and to perpetuate the Emergency Therefore in the fift.e-s of things, if they are really for the strengthening of the democratic casracter of our Constitution they should not oppose any move from the pre sent Government for crapping that Forty-Second Constitution Amendment Act

I would further request you to consider that there is a new situation now in the country The State Legis latures in different parts of our country, after the poll results, have got no moral or legal claim to wield the authority of the State There should be immediate elections in the States Unless that is done the Governments in the States will not have the confi133

dence of the people to run the Gov ernments

These are the few points which were lacking in the President's Ad dress Even in this late hour the Prime Minister or the other Ministers who take part in the rebate can give these specific assurances to the House and to the country so that the neople can feel that there has been a real change in our country and they can also have the feeling of meaningful participation in the governance of the country

SHRI P K DEO (Kalabanda) Mr Chairman Sir it was the biggest ambit on in my life to see a non Congress Government at the Centre and evolution of a two-party system so that the monopoly of power could be wrest ed from the ruling Party If the history of evolution of democracy in this country is to be written this will find a place that as early as 1948 after placing all that we had at the feet of Mother India I and Shri R N Singh Dec raised the banner of opposition in the name of Genatuutra Parishad I am alive today to see this unique spectacle but he is not here he is dead and gone

In 1952 an aftempt was made for th first time in the first Lok Sabha for the polarisation of the opposition parties in this House and the National Democratic Party was formed with Shri Shvama Prashad Mukherfee as the leader and Shri R N Smeh Dec as the Secretary General

For this magnificant election re sults, I salute the people of this great country who during this emergency in their typica" characts ist c manner endured all hardship and sufferings indignation and humiliation and waited for the appropriate time to undo the wrong and have manifested their vitality and maturity in putting a non Congress Government in the Centre. This unprecedented; bloodless coup will go down in the history of the world as a magnificent achieve-

ment of the people It had the un que leadership of Loknayak Shri Jaiprakash Narayan, to whom all my salutations go Democracy has taken a firm root in this country and will be a permanent feature in our life

The ee tions are over and the Cov ernment have settled down to business I would like to remind you that in spite of minority of votes it is the Congress Party which managed to be in power for thirty years If you analyse the voting figures it used to vary from 37 per cent to 42 per cent in favour of the Congress Party But it is because of the multiplicity of the opposition parties that they could be in power for all these thirty years

In all humility in the name of God, in the name of this ancient land Bharat Versha and 11 the name of demo cracy I plead with our revered Prime Minister respected Babuji Sardar Parkash Singh Badel and the various other components of the Januta Party to eschew all their differences and fo bury them and try to forge a viable altern t ve to the Con., ess Party and to form one Party under one discipline This is because our experi ence regarding SVD Governments has been very bitter in the past. In Onssa we had the opportunity to share power with the Congrus Party the Jan Congress Party and the Utkal Congress three times but the Government d d not run its full term Taking all these facts into consideration I again request the various components the various constituents of the Janata Party to force into one party Only in that case they can fulfil the aspirations and expectations of the people. The President, in his Address has rightly pointed out about the evolution of a healthy two party system and I rape it will raterialise in the near future

In this old land a new era of freedom has dawned which was eclipsed during the emergency There is ro more the climate of sufforation, sus picion and suspense which in thosa days vittated the premises of Parity[Shri P K. Deo]

ment House and the cutral Hall. The Central Hall which used to be humming with various scitivities and imming with various scitivities and imming a series of the took of a great lone. The whole country was converted no a prior We know that various atrocities and excesses had been committed by the then Governmen' during that period I take this opportunity to give a few examples which will provide a peep-lole to look into the ghastly panonana of the holo aust tha was perpetrated during that period the provided of the provided provided when the provided provided with the provided provided with the provided provided when the provided provided with the provided provided during that period.

One Shri Parsuram Satpath a budding journalist and a youth leader was murdered in broad daylight in Bholangir and he was crushed to death by the jeep of the Youth Con gress and uptil now the truth has not been brought to light.

Sin Saret Chandra Singh Dec an MIA in my constituency died in mysterious circumstances in the Inspection Bungalow of Rayarda while he was no tour with the Estimates Committed in spite of our request to the Chief Minister, nothing was done

Si ri Satya Prasad Mund an inno cent and respected lawyer of Bhavamipatna was put behind the bars because some RSS ramphlets were for pd at his place Some students singing patriotic songs were put behind the bars as MISA prisoners The crime I'vy committed was that they were singing patriotic songs Shri Natwar Pa han MLA was detained under MISA had a heart attack in the jall and in spite of my request to the Chief Minister to release him at least on parole nothing was done. So in the shape of an amendment. I have made a request that an inquiry should be made into the excesses committed by the various Chief Ministers during the emergency and appropriate action should be taken against them

The President has reiterated the p'edge of the Government to remove destitution within a time limit of 10 years. To form a socialist and egal-

tanan soc ety we need not take a leaf from Engel or Marx or Lenin. We need not import the connotation of socialism from Moscow or Peking India is basically a socialist country Bharat is not a Bhoga Bhoomi, it is a Thigga Bhoomi. The Isavasyopanishag of the Yajur Veda says

ईति व स्थिति सब स्त्रिक्ति व द्याप्यत् वेन स्थवनेन मुजीय भागुष्ठ नस्य स्थिद्धनम्।

It is our good fortune that the Prime Munister is the embod ment of all those, values for which India is great to day and I hope our objective would be achieved in the Gandhian way I wish the Prime Minister all success and I succerily hope that what has been mentioned in the President's Address will be achieved in the time "chedule"

The President has not dilated in his speech regarding the various sociocomonuc programmes and the stepto be taken to remove dispatites bet 
ween man and man and region and 
region.

In spile of 25 years of planning there has been on impact on the west em districts of Orissa even though that area has been endowed with vast natural resources. No employment opportunities have been created in spite of 25 years of planning and all the money has flowed to the coastal districts. Even peons even clerks, motor car drivers and cleaners are being recruited in that area from outside.

Our demand for a second steel plant for which there was a Satyagra ha before the Prime Minister's house in which Shr Bup Patnak also participated should be implemented as 50m as posts be it is our good fortune that the mantle of the Steel Min sitry has fallen on his bold shoulders and I hope he will fulfil the genuine dernand of Orissa

Then, Sir the Indravati project which will irriga e 5 lakes acres of

chronically drought affected western districts of Orissa and also generate 600 megawatts of hydel power and which will go a long way to help putting up an aluminium plant due to the availability of high-grade bauxite ore there should be taken up I stress all this because the Fifth Five Year Plan is going to be recast and with all humility I submit that this should be given effec In the to shape of an encondment to the President's Address to the Motion of Thanks to the Acting President I suggested that it should be made mondatory for all Ministers and Mem. hers of Parliament to declare their assets publically every year and to make them available for public scru tiny I think Government will give thought to it

Shri Morarji Desai was the Chairman of the Administrative Reforms Commission Shri V Shankar was the Secretary and Shri H V Kamath was also the Member of the Commission In the first Report they sugg sted that an Institution like Ombudsman Lol Pal or Lok Ayukta should be in stalled soon to look into the people's grievances and complaints As Shri Morarit Desai has become the Prime Minister he should take the first step to have the Lok Pal and the Lok Ayukt Act passed soon as recommended by him

The previous Government never gave thought to this. This Bill was introduced It continued for five years and ultimately typed Taking Into consideration all these facts I beg to submit that the Prime Minis ter should give a serious thought to this matter

Lastly I would like to subrilt that we are going to submit our Election Returns We all know that Election Returns which we have to submit will be a false statement because all of us have spent much more than what has been prescribed in law So I would request the Law Minister to give a serious thought to this question that

all political parties should be registered under the Society Registration Act of 1860 and their yearly account should be audited and published with in the prescribed period of one year from the date of election

With these words I conclude

SHRI NARENDRA P NATHWANI (Junagadh) The speeches on this Motion of Thanks centre round mainly on two points -bread and hiberty Both are essential In fact they are complementary to each other I shall deal with the quest on of liberty

It is most gratifying that in his Address the Acting Fre ident referred to the urgent need of restoring rule of law and freedom of exp ession. He also assured the nation till a number of measures were contemplated to strengthen democratic function ng He also referred to the reed for restoring proper balance a not a t the three or gans of the State Lxc utive Judicialy and the Legislatura This stress on democratic functioning is a corollary to the issue on which the elections were fought during the last morth What was the issue? It was a clear specific single issue namely the people had to choose between democra y and dictatorship distatorship of the worst type There can be dictator ships of an enlightened nature But here it was of a fascist type. What are the essential characteristics of a fascist type of dictatorship? In a gas cist type of distatorship the c is for one leader one party and one banner and the erstwhile ruling party had adopted the slogan India i Indira and Indira is India which represented one of these characteristics of Fasciam We have now known how internal emergency was declared on 20th June 1975 The promulgation was made And only after that the Cabinet meet ing was held and this step was approved So it was a decinon taker by o c individual namely the then Frine Minister of India It was this issue of Emergency which was raised speci fically in a pointed tranner without any ambiguity before the electorate

and they gave their verdice by an overwhelming majority in 'avtur of the Janata Party and with Congress for Democracy The Leader of the Opposition himself said the other day while participating in this D-bate that people had resected emergency and

the attendant amendments of MISA

and Pre censorship

SHRI A K. ROY (Dhanbad) I have got a point of order Tan House does not have quorum. Both the Treasury benches and the opposition benches are empty Nopody is there in the House The debate should be disconturned They should not neglect the speech of new Members It should not be the ease that only when import. ant members speak averybody will be there and when new members speak nobody will be there. It will be only discrimination On this point I raise my point of order I propose that this debate must discontinue

THE MINISTER OF PETROLEUM AND CHEMICALS AND FERTILI-ZERS (SHRI H. N BAHUGUNA). I respect the feelings of the hon. Merrber that all members abould be present here But during the Iunch hour it has been the practice, of this House not to raise the question of quorum

So far as Treasury Benches were concerned Mr Shanti Bhushan was here and he left only when I had come and resumed my seat here. We ere taking note of whatever is being said here I am sure my learned friend will see that when the debate is replied to on behalf of the Government all important points will be enswered. However, I do hope that all the Members will be here. For inner, hour, you do not need the quorum

MR CHAIRMAN Anyway, if the quorum is challenged, the bells may be rung

SHRIR N BAHUGUNA I said that there was no need for the quorum during lunch hours

MR. CHAIRMAN All right Let the han. Member continue

SHRI NARENDRA P NATHWANI Sir I heard the Leader of the Opposiion to eas that the people had rejected only the emergency But, Sir, there ere members of the erstwhile ruling parts and some of them, both inside and outside the House, who still try to pass over, may even dismiss this verdict of the people by saying first that the defeat was due to some excesses committed by overtealous offcials and then tried to find some erapecoats and in this connection references made to the high personages namely Sarvashri Bansı Lal, Sanjay Gandhi and V C Shukla How far it is true, has to be examined by the persons concerned It is not that a few isolated, casual, solliary instances were responsible for their rout in this election. Suppression of the freedoms and the democracy was resorted to systematically and in an organized manner Not only the Leaders of the Opposition parties were taken in detention but some Members of the erstwhile ruling party in Parliament who were independent were also detained and thus the freedom of expression on the part of the ruling party members was also suppressed We also know how the

We know that the press was gagged to a great extent. Let elone the memebrs of the opposition who were detained under MISA but even the genuine hardships were not allowed to be published I can give you unstances after instances Here I would only quote one to show to what extent the press was gagged Sir, it was 2 case of a village in a part of Saurashtra, where people experienced scarcity of water In THUL CHHAB published from Rajkot a news item was published that there was cearcity of water and people were experiencing hardship and that the authorities should look unto it

press was nagged

But the censor officer came down upon PHUL CHHAB and told them to take note that this was emergency and such news item should not published When his attention was drawn to the news item being correct. he replied that even if there was hardship such a fact should not be published even if the train, were not running according to time p mle would have to say that there was no delay and hardship because during that emergency there was to be no suggestion of any hardship suffered by people

Sir there were also restrictions placed on holding of meetings brings me to my personal case September 1975 there wa Maha rashtra State Latyers Conference in Bombay Lawyers from outside Bom bay were brought and given accommodation by the Government A handful of lawyers from Bombay attended it and they approved of the emergency I had gone abroat and just returned I am a retired sudge of the High Court and I decided to call a meeting-a closed door meeting-of the lawyers from Greater Bombay to consider in a constructive manner the civil liberties and the rule of law under the Consti tution

Sir It is interesting to note what happened? There was a notification issued at that time by Government prohibiting the assembly of five or more persons without the permiss on of the Police Commissioner This was going to be a closed door meeting of lawyers only interested in the rule of law That meeting was to be addres. sed by three persons-Sh-i M C Chagla former Chief Justice of Born bay High Court Shri J C Shah former Chief Justice of Sipreme Court and myself former judge of the Bombay High Court I for sake of caution applied for Police Commissioners permission The Poll e Commissioner is a wise person. He saw no objection to this meeting being held but pe knew the cabinet might not like it Therefore be referred the matter to

the Cabinet-though he was not bound to do it The Cabinet turned down my application I took the matter to Bombay High Court The matter was argued for 30 days before a Division Bench Shri Jethmalanı and Shri P. Philvala argued the matter on behalf of myself and other petitioners Ultimately the judgement ras given in our favour permitting us to held the meeting The Government of Maharashtra preferred an appeal for stay which was granted by the Supreme Court Technically the matter is still there Pe sonally I believe that in view of withdrawal of Emergency and the subsequent e ents that have hannered that appeal would not be heard and it would be withdrawn But what is to be noticed is that it is not a few isolated acts of excesses alleged to have been cormitted but it was a systematic programme an ! an prennised compretensive scheme to suppress libertles to terrorise the neople and then to gag the press The situation that prevailed at thus time can be described in an Urdu couplet

हम भाट भी भरते हैं ता हो जान हैं बन्नाम च बत्ल भी करत है ता अचा ही हाती।

What I mean is this when democracy was smothered we the lawers could not discuss it in a meeting which was to be addressed among others by Mr Chagla the ex Foreign Mirister of India and other judges. We were dubbed as spreading sedition spreading treason and so or

So Sir these alleged acts of excesses could not be passed over merely as straw examples If the public has expressed its condemnation that con demnation is directed against Emergency and the reign of terro that prevailed durin those 19 months This does not mean that we do not believe in discipline We know that law without liberty s tyranny Liberty without law and order without disci pline is chaos This is well known When we ask for restoration of cital

(Shri Narendra P Nathwani) liberties or rule of law it does not mean that we want to encourage indiscipline. That must be made very clear.

Sir, yesterday an hon Hembur from the opposit side said that progressive measures by way of I ad reforms and by way of social and eco toms, changes were thwarted by reactionary judicial system I do not I now whether that hon Member and ve about a full be ich of 13 Supreme Court judges having been constituted in December 1975 to re consider the principle last dawn in Keshyananda Bhara is to e which said that Parliam ni . , ald not amend the Constitution so as to abregate the fundamental basic structure of the Constitution At the time SOVERAL judges of the Bench asked the Attornet General one ruevant question "Can you give us a single instance where a progressive measure-either economic or social-has been thwarted by the Supreme Court or by any of the High Court ?" No answer was given to that question So, Sir, what is the use of indulging Icosely in a statement like this that the judicial system has come in the ray of economic and social progress

Lastly, Sir, yesterday another hon Member from the opposite side tried to compare the respect with which members of the present ruling party listened to the advice giver by Shri Jayaprakash ji Sir. we know the power that was exercised by Shri Sanjay Gandhi He exercised extraconstitutional power. He had no position as such. His only qualification was that he happened to be the son of the then Prime Minister and the highest authorities namely, ever Chief Ministers are reported to have touched his feet and praised him sky high How could you compare tich a case with that of members of the ruling party-whoever may be the ruling party-listening to the advice or seeking advice from men ill e Arharya Kripalani or Jayanrakani ji Such analogy is puertle, Sir, with these words I support the Motion of Thanks to the President's Address moved by Shri Karpoor, Thakur

SHRI VASANT SATHE (Akola): Sir, I have been hearing with rapt attention the speeches made by the honmembers from the government side on the Motion of Thanks to the Vice-President acting as President for his Address. Let me say at the outset that although his speech is brief, the basic sentiment expressed by the Vice-President acting as President about consolidating democracy in this country and hoping that a two-party system will emerge is laudable. On economic policy to evolve a policy of decentralisation of agro-rural industry of doing justice to the rural class to the agricultural class, giving them hetter 140 price and all that all this is a laudable statement in his Address The only thing that hurt me in the speech was a little sense of euphoria That could be seen when in the very first page there was an attempt to condemn generally the previous Government and say that the verdict of the people of this country has gone against (a) proclamation of emergency by itself and (b) 42nd Constitutional Amendment I beg to submit for your consideration and that of the House whether this analysis is really borne out hy the facts. And immediately it is said that in the entire northern belt an avalanache a flood an earth-guake of resentment discontent dissatisfaction and anger of our people went against the Congress because of the excesses committed during the emergency No one can deny that. And the Congress as our leader has said has to learn a lesson. If we do not we will never be able to face the people again. So I agree that there has to he an introspection of looking within the heart by the Congress organisation But when we try to analyse and say that this has been a vote against the proclamation of emergency under those circumstances to which I will come presently then we must remember that proclamation of emergency was for whole country and not only for north and if the people were against emer gency then people will have reacted in a similar manner throughout the country Remember the other wave 1971 wave to which wave some of my friends like my dear friend Shri Bahuguna was a contributory and beneficiary and so our great leader Babu ii then in that wave on the call of garibl hatao on that promise on that as urance on that hope the entire country bad reacted from Konya kumari to Kashmir from Bombas to Bergal, from Goa to Gauhati whole country reacted in the same manner except Tamil "adu where the iss to was local and not a national ore That one can say that the reaction of the whole country was the mendate of the whole country It does not appear

to be that the resentment throughout the nation was against emergency Some people say that it is against the 42nd Amendment If that was so the people would have rejected the Congress on the 42nd Amendment throughout the country But that has not happened I am not going into percen-What will he the conclusion? Why has North in such an unanimous manner rejected the Congress? The answer is simple i.e. the excesses com rosted in the North angered the neo-Die so much that it created a dispust in the minds of the people there That is why if ran through the whole North Therefore while analyzing the situa tion unless we have a correct diagnosis of the disease throughout the coun try we will not be able to provide a proper remedy So I will plead with my friends on the government side toconsider that the resentment is not against the 42nd Amendment by itself as our leader has said If there are any defects in the 42nd Amendmenteg to-gay there was a proposition debated-and if you want to come forward with any concrete suggestion which does not militate against the fundamental proposition viz of supremacy of Parliament we are willing to concider and cooperate. Let us sav this very frankly Our attitude to cooperate with the government is there because we feel and we sincerly hope that here is an opportunity where a democracy of a two-party system can get consolidated And that is why we are in earnest to cooperate But for this copperation the climate must be this cooperation requires two hands Cooperation must be on both sides It is never one-sided. There must be ea gerness on the part of the government also to have cooperation. Otherwise when we say 'we will cooperate" if you say Who cares for you?" low can we cooperate?

In the very breath of offering co. operation no one from our side has said Forget and forgive" I do not know whom you are quoting I have not known anyone saying

forg and forgue Yet I find apeake a ter speaker on the other s de a ing No We are not going to forget we are not going to forgive What do you tak of forg thing? Can we to get the atroctus con we forget thoe thoded a jails can we forget toe whom you have shot he e in Tureman Gate\* We say Therefore dont also dont forg forge the past. I would like now to quote something about the attitude of no less a person-I am thanakful that the ron Prime Minister has come first at the right time. I do not want to say something behind his back. When we say don't forget don't forget the attitude of our we the Prime Minister toward, fringe killings and shoot ateight You Sir will find this in his autohiography volume one page 255at that time he was the home minister of B mbay Sate I quote

During this period, a communist labour union had created a disturbance in Amainer city and the police bad resorted to firing while suppressing the disturbance 8 or 9 persons died during the police fir-

Then in the next paragraph it is s'ated thue

"The Maharashtra Provincial Congress Committee and its president demanded a public enquiry into the firing at Amalner The communists and some others had already made such derand

Another quotation

If the police whose work on such occasion, was difficult, were not enven projection then those who created disturbances would get ennouraged and succeed in their mischieyous ams. If the police became cemoralised it would be almost impossible to control such disturbances I therefore refusen to take any further a tion in the marter

The agita ion for an enquiry, however continued and the Pradesh Congress Committee obtained support of Shri Jawaharlal Nehru and Sardar Saheb Both of them wrote to Balasaheb in this connecton Sardar Sahib had written to say that as many people were asaing for a judicial enquiry we should if ak o' getting such an enquiry made and as the police were not at fau't at all there was no reason to worry about the results of the enq rs Balacabeb fel ra he- weir ed and asked me what his reply to the lead rs should be I said that there would be only two possible olutions in this matter. He could either write to Delhi that such an enquiry was not proper as it would caus a great deal of damage, or pl ternatively I could resign and let him make an enquiry'

Then, at the end of this he says

"On receiving this letter, Jawaharloly and Sardar Saheb informed us that they had no intention of interfering with our right to take decisions in such matters and that they only wanted to fell us what had come to their nottice They, therefore said that they would leave the decision to us

There were many other unplacsant occasions when firing had to be resorted to while quelling anti got. ernment disturbances during terure as Home Minister in Bombay State up to 1956 But after this in eid at the Central Government dd not make any suggestion for an in dependent judicial enquiry"

Then came the famous occasion of Sanyukta Maharashtra Agitation Bombas and our worthy Prime Minis ter was then the Chief Minister In that firms seconding to him, 84 per ons were shot and killed but people say that 100 per ors were killed I will rot go into that But what were the facts I wall quote Shri C D. 153

Deshmukh, not known to be biassed or partial, progressive or reactionary I am quoting from page 819 of the debates of 25th July 1956, where Shra C D Deshmukh says.

"There is evidence to show that they were instructed by the Chief Minister to shoot at sight and to shoot to kill, that the deliberate use of tear gas before intended firing brought out women and children from their rooms choking for breath, only to be shot down by the indiscriminate firing of the police, using tommy guns, firing several rounds to the second, that there were 2,500 rounds fired, resulting in 60 persons dead and 450 injured, that the police injuries through stones and acid bulbs were insignificant and not contemporaneous with the firing episodes "

I would further like to quote on this very occasion a speech, when an enquiry was asked for, and Shra Moraryi persistently refused even to hold a judicial enquiry into those killing, when the matter was raised in this House, when Shri V N Gadgil had spoken on this subject. I am quoting from page 468 of the debates of 21st February, 1956

## I quote

"When I read this morning that the Chief Missister stated that there was a plan to overthrow the Government and to take the city by force, though he has not named by whom, I felt it was a serious statement If that is true, then in the interest of the public and in the interest of the future of this country, it is necessary, that an enquiry by, or presided over by, the highest judicial authority in this country should be instituted"

Then he further goes on to say

"Now, was there a real plan? If there was a plan, when did the

great Chief Minister of Bombay discover it? If he discovered it after the incidents took place, then surely it is no testimony to the efficiency of his police"

Further on, he says

"In his second statement, he has said that there has been no indiscriminate firing I have here a newspaper, the copies of which have been, so far as I know, taken possession of by the police in Bombay, and in which the names of 69 persons occur and a description is given as to how they received these wounds Out of these 69, the Lok Sabha will be surprised to know that 23 are non-Maharashirians There Sikhs Gujarties Marwaris and there are people from other communities The nature of the wounds and the place of the body on which the wounds have been received have also been mentioned. The wounds have been received from the eye to the toe They have received wounds while on the street while they were in the room and while they were on the terrace. They range from a boy

Therefore when you say "don't forget', we also say to you "don't forget '

of 14 to an old Indy of 64"

If a Chief Minister feels that there is danger of a city being taken over and therefore he can order shooting sight indiscriminate shooting by the police, killing people who can never go back to their families as the 14year old boy, then if there is danger felt to the whole country, to the (Interruptions) The Prime Minister is going to reoly at 3 O Clock Have some patience

The assessment of the previous Prime Minister might have been completely wrong You can make that allegation I am not questioning your right All I am saying is that when allegations of mala fides were made

THE PRIME MINISTER (SHRI MO. RARJI DESAL, I have not

SHRI LASANT SATHE I know you vul n t, you ad it at a public meeting a so

Can you in the same breath, say when a call is given at a rally of five la hs at Ram L la Maidan to people to go and su-ound the house of the Prime Minister

SHRI MORARJI DESAI That is wrong.

SHRI VASANT SATRE and asking the police and the army to diso'er what they consider to be un lawful orders (Interruptions)

Yesterday when Mr George Fernandes was speaking we kept quite. Now you should have at least the courage and courtesy to hear me You may not agree with me If the police and the army should not obey orders which they at least considered as unlawful, who will decide? (Interruptions) I asked the great leader Moraru Bhai who was also the Home Minister who was to decide about it. Can the police decide about the order given by the superiors as illegal? If when he gave his order to the police to shoot at sight in Bombay were the police to say that they would disobey it could he have agreed? We must have some standard. Here was a situation in the country in the backround of what had happened in Gujarat where the elected legislators were forced out in the name of some samita. This was followed by burning rails and disturbing meetings by throwing stones. I myvelf have been a victim of atone throwing in Guiarat I would have been killed but for the fact that that store just missed the mark, (Interruptions) I therefore submit for your kind consideration that this was the background of the action on 25th. The background of the situation under which action was taken on 25th which was rejected by the people has no bearing for emergency as such It was for the excesses committed in a part lar part That is a fact and we gree Now I come to our great le cer ch i George Fernandes (In er rupt or a)

I will quote this and then finish. (Interruptions)

SHRIS KUNDU (Balasore) a point of order

SHRI VASANT SATHE You quote the rule under which you rise to a point of order

SHRI S. KUNDU I draw your kend aftention to (Interruptions)

(Interrupt ons),

SHRI VASANT SATHE He must formulate a point of order

MR. CHAIRMAN You have already finished your speech (Interruptions) Therefore he cannot raise the point of order now

SHRI S. KUNDU The Janata Party will give maximum opportunity to the members of the opposition to speak here. The Janta Party is proud that the right to speak is restored to them. (Interruptions)

I want to say one thing What I have been observing from yesterday is that when you are in the Chair, sometimes I find that some people speak for 45 minutes to an hour Today the Deputy Speaker specifically gave the ruling that no Vember should speak for more than 5 or 6 minutes so that most of the Members could be covered. I find the hon Member Bur Stute is speaking for quite some time Sometimes he is quite irre evant You are giving him so much time

SHRI VAYALAR RAVI (Chrayin kil) Let them study the rules first and then raise points of order It is our time, it is not their time (Inter-ruptions)

SHRI VASANT SATHE I am coneluding

I was quoting Mr George Fernandes He said.

'Realise the strength which you possess Sevo, days strike of the Indian Railways will cause every thermal station in the country to cloedown. A ten days strike of the Indian Railways—every steel mill 'India would close down and the industries in the country will come to a halt for the next 12 months. It once the steel mill furnace is switched off: it takes 9 months to re-fire A 15-day strike in the Indian Railways—the country will starter."

Then, in an interview with "Det Spiegot! published in its issue of 12th April 1976 Mr George Fernandes admutted that he had built up an underground organisation and that his supporters were engased in sabotage and other subversive activities He said

"I am totally in favour of violence against things In November list, in the Union State of Karnataka alone, we had caused derailment of 52 trains We have created some unrest." He continued to say.

"All forms of struggle including satyagrahas, strikes, sabotage, guerilla action is legitimate."

This was the belief. They wanted to paralyse the transport, create situation similar to one which was created in Chile and bring about the collause of the Government You know what happened in Delhi after this and whose hand was behind With a situation similar to that of Bangladesh, what democracy would have survived in this country? Therefore I would say. don't forget and don't forgive, let us not concentrate on the basic reconstruction of this country, don't do all this all that you have to do now is to keep on harping on one thing-Atrocities Atrocities

I congratulate you, Madam. At le, st one lady here could take the Char, In the light of the attitude of Mr Morarii Desni who reiterated to the ladies today that he does not consider any woman worthy of holding any high office I don't know how you are there!

MR CHAIRMAN Please come to your point

SHRI VASANT SATHE I am com-

I will be very happy when the Janata Party comes into existence Today
there is no Janata Party Today the
Janata Party is an embryo it is still
in conception A conception of 19
months in juil is a good conception.
And now, you have also named the
baby which is yet to be born. We
don't know whether this baby,
Janata Party, will be a girl or boy,
but we are very happy

MR. CHAIRMAN You have taken more than half an hour (Interruptions) SHRI VASANT SATHE There is nobody e.se from my side, I am the only one The Prime Minister is to reply at 3 O clock so there are still fifteen minutes

159

MR. CHAIRMAN But there are others yet to "peak

SHRI VASANT SATHE I have only one point more

The Janata Party is yet to he born. I wish it will be a good and healthy baby Because of the type of people who have come together I am not sure whether the Janata Party is really go ing to be born at all Therefore, I offer all my good wishes to the Prime Minister to have this haby and to have this Party I hope you will concentrate hereafte on he constructive side and not keep on repeating 'nineteen months of atrocities and forget all your own atrocities of the past Everyone has skeletons in the cupboard including my friend Mr Patnack. Therefore don't harp on thesthings it does not pay Concentrate now on construction and cooperation (Interruptions)

I thank you very much for giving me this opportunity to speak.

SHRIMATI RENUKA DEVI BAR-KATAKI (Gauhati) Mr Chairman, I rise to support the Motion of Thanks that has been so ably moved by my hon, friend, Shri Karpuri Thakur, and also equally ably supported by my hon, friend, Shri Hegde I am sure that all sections of the House will join with me and support me when I say that the Acting President's Address was delivered after the most momen tous election that we had since the independence of our country The election which we have just had was an election which we should remember The Opposition as well as the ruling Party feel that the election is free and fair only if both sides get equal opportunity for mobilising public opinimo, for placing before the people their on, for placing before the people their policies and programmes for public century. But in this election, the Congress Party had done whatever they could The abrust and sudden announcement of the election put the Oppositorum in troub e the sudden detention of hundreds and thousands of recept as political prisoners put us in troub e But actually what we have seen is that, in this election, the people have given their missive verduct against the Congress Part Con

160

The other day when Mr Chavan, Leader of the Opposition, was speaking in the House-I heard him with great respect and expectation-he was telling us that the Congress had learnt its lessons But his very speech hore testimony to the fact that the Congress has learnt nothing from stunning repudiation with which they have been removed from power. He said that this repudiation and failure of the Congress Party was because of Emergency that the people did not like the Emergency Mr Sathe was also telling us that it was because of the excesses of Emergency that Congress had been removed from power in nothern India. The Leader of the Opposition, Mr Chavan, was telling us that it was because of Emergency and that was why the Congress ended the Emergency It has amused me would like to ask my hon, friend whether the Congress ended the Emergency of its own accord or they had no option but to end the Emergency in the face of the massive verdict of the electorate when they were thrown out from power That is why, they ended the Emergency They waited till the moment Shrumati Indira Gandhi was defeated in the election then only, they ended the Emergency It amused me very much when 'ir Chavan wanted credit for ending the Emergency He is now Leader of the Opposition I know him very well. We have work ed together for 15 or 16 years, Mr Morary Desal, Mr Chavan and some of us of this side were all in the Unit-

ed Congress Mr Chavan said afterwards that Emergency was not a part of the Congress tradition. I did not know that the hon, Leader of the Opposition could use this type of suphemistic phraseology He was never usang such a phraseology earlier, his language used to be very simple straightforward and truthful But now he has started using eurhemistic phrascology-Emergency is not a part of the Congress tradition Why? Is it because he wanted to cover up the enormous guilt of his party? Is that the reason why he has used this cuphe mistic phraseology? We all know what Mrs Indira Gandhi and her Government were doing during the Emergen v Mr Sathe was telling us 'oday that Emergency was not repudiated all over India because many Members from the South have got elected from Cong ess tickets there was no uniformity all over India Mr Chavan wanted to tell us that they were not responsible for Emergency it came as a dark cloud on the sky and went off on its own as if the Congress Party had no responsibility as if Mr Chavan. Mr Sathe Mr Brahmananda Reddy and Mr Hitendra Desai had no res posibility for the declaration of the

SHRI VASANT SATHE Who said? SHRIMATI RENUKA DEVI BAR-KATAKI You have said if

SHRI VASANT SATHE I never said that We accept the responsibilito for Emergency But the verdict of the people is not against Emergency per se (Interruptions)

SHRIMATI RENUKA DEVI BAR-KATAKI Shri Chavan tried to give an impression as if he and his party had no responsibility in declaring the Emergency as if he and his party had no responsibility in permitting an individual to cling to power as if he and his party had no responsibility in removing the right of the highest organs of the judiciary to examine whether the declaration of the Emer-

gency was warrant d in public interest, for the preservation and of the security or integrity of our country. as if he and his party were not responsible in sauffing ou our funda mental rights in arresting detaining hundreds of thousands of citizens from all professions walks of life, as if he and his party were not responsible for lawless laws that would have put even the worst of dictatorship to shame as if he and has party werd not responsible spuffing out the freedom of the press and trying to convert all mass media into instruments for the suppression of truth and the propagation of falsehood, for the propagation of the personality cult and the cult of the dynasty as if he and his narty were not responsible for subjecting hund reds of innocent non violent dissenters including women and children to brutal and inhuman torture as if he and his party were not responsible in snuffing out the rights of the trade unions as if he and his party were not responsible for eroding the role of the judiciary to afford protection to the rights of the citizens legislating to nut a person above the law and foreroding the Rule of Law In short Shri Chavan wanted to give an impression as if he and his party were not responsible for concentrating all power in the hands to an individu al and extra-constitutional coterie of courtiers and heir-apparents. They wanted to give an impression that Congressmen had nothing to do with all these things but in fact they are respondble for all these things Hundreds and thousands of people were put hehind the bars and it disturbed the normal lives of many people Shri Reddy was the Home Mimster then Can he tell us what for those people were arrested and put behind the bars? Tell us why I was arrested. What was the crime that I had committed

to power with a massive mandate of the people The people have asked us to form a Government and they want a clean administration It through a silent revolution that they have sent us to power We hope that the Government formed by our Party will be loyal to the objectives for which we have been returned to this House

THE PRIME MINISTER (SHRI MORARJI DESAI) Madam Chairman while replying to the debate on the Prisident's Address I would like to take care to see that I am not provoked into using a language which was used by my hon friend Shri Sathe or even by the hon the Leader of the Opposition I do not want to set a wrong example from this side of the House But, if mem bera of the Opposition make provoca tive speeches and if replies are given to those speeches by members on this side I do not think that there can be any legitimate cause for complaint It would only be proper if neither this side nor that side uses any derogatory language against anybody or nobody makes inchantable remarks which are not onsistent with anybody a self respect That is what I would beg of all the members of this House to do I hope I will not fail in setting an example in this matter

I was therefore pained to hear the Leader of the Opposition comparing Janata Party to a strange animal. I wish he had not used those words I do not want to retabate. We are all strange animals in one sense Ulti mately we belong to the animal species But man is different from an animal in the sense that man has more discretion and intelligence which animals do not have But if we forget that, then we relapse into animal terminology I hope that will not be done in the future. That is all I beg of him to do

I was also surprised because even in spite of his experience of many years as a member of the government that he should have used such langu age The new experience he is now having of sitting on the Opposition Benches for the first time in his life is rich experience which I had sometime ago and by which I benefited and I am sure he will also benefit but it will take some time for him and his colleagues because they are not very easily corrigible They do not follow the system of self-introspection. That is where the difficulty comes in I hope they will do so now Then the improvement will be quick But who am I to improve them? It is not for me to do that It is for them to think about it

But I was surprised when he said that nothing was said in the President's Address about the economic programme I do not know whether he cared to hear it or to read it afterwards We have very clearly stated what the policy of government will be in regard to economic programmes Does he realise that we hardly got even 2 days to prepare the Address after assumption of office and in that did he expect that we formulate detailed programmes? I do not know if he has the capacity At least I do not have it But we have mentioned what requires to be done and what we are going to do We will be judged only by what we do in future and we will certainly welcome all criticism in this matter if we fail m our undertaking and we will not try to retaliate as they are trying to do And yet it is said that we are retaliat ing Where are we retaliating? At least I have not done so I was surprised when my hon, friend Shri Sathe or rather I should not be surprised because 1 know him very

I have never heard enything else from him in this House during the years he was here and I was on the other side What he referred to had happened 21 years ago He is not boffered about what happened 21 menths ago but he does not mind mentous and repeating an autremains and repeating an autremainst happened 21 years ago I have replied to him in this very House from the Opposition Benches and let him refresh his memery from the records of this debate I will not therefore reply him here! have said what I have to say not on one occasion, but on several occasions and still he goes on repeating these matters after 21 years in the Knowledge that

x65

he is not distorting facts He quotes from my autobiography I am very happy that he did to me the honour of reading it at any rate But I am sorry that he has only looked at some controversial points which have little relevance here and he did not have the courtesy to read the whole thing together Apart from that it would be wrong for me to say that he mis-appropriated the time of the House He went on speaking even s though the Chair asked him to eut short his speech. But then he obsected to other people intersecting whereas some Member on this side spoke he hegan to interject Is that the way how he will set a good example? May I request him to have mere patience now as he is in the Opposition I could not restrain him before nor do I wish to restrain him now It is difficult for anybody to restrain him Even it was not possible 7 for Mrs Gandhi to restrain him when he spoke from this side. I know that He spoke anything that he liked Let bim do as 'U will burt bim. 'A does not hurt me But in this House if I do like-wise will not somebody be justi ied in paying me back in the same ce'n How would I complain about that? But he goes on complaining about us

SHRI VASANT SATHE I quoted

SHRI MORARJI DESAI I do not know whether my hon friend has any regard for facts Does he ever bether about facts I do not know? SHRI VASANT SATHE You said, "Do not forget? Let memories be sharp"

SHRI MORARII DESAI Now he is getting excited like that He complains about people having been shot in Bombay I had said he does not bother about facts That is all right Why restrain him if he does not wish

to restrain himself

Does he realise that in Bomboy all the Members of my party the majority of whom were Maharashtrians, never raised a protest before me about what had happened in all those years Was that not a sufficient support for what had happened. He was nowhere at that time Twenty years ago I do not know what he was and what he was doing Let him learn a lesson from that as also from the leader of the Opposition. Let him asl him whether he had told me that I had done wrong Then he will be justified in saying what he is saying Therefore what I did at that time was not done without pain But I was forced to do that That is the police were forced to do it. It was not that I went and gave orders Of course it is true that if I had said that no police man would have fired Then no one should have fired That 15 true

I do not deny that responsibility But whole of the Bombay city would have been finished Nothing else would have remained in Bombay city if it had not been done Who did it It was done by the Maharashiran officers It was not done by anybody else

See what happened in Delhi. Who burnt it who buildozed it? It was the Administra ion of the past Government which did it. I do not want to say that the former Prime Minister did it. I do not know who did it. But it was done in her regime Therefore, that regime has to be blamed The buildings were build-doz? do without any

I am gad he recome a d it that there was a meeing attended by five lakhs of people. Of course the police report at that time was that it was attended by only 50 000 I am and that that knowledge has dawned on him to'ay that they were 5 lakhs But what does that show " That shows the feelings of the people and the feel ings of those who a tended otherwise they would not have attended it. We were not in Government. We were non-officials. How would people have come there? We had no money to bring them in trucks. They came on their own and they heard us patiently. And It Is objected to on the ground that we' declared Satyagraha there Does he understand what Satyagraha - means "el don't know i hether he has -ever practised Satragraha I don't know whether he is capable of practis-

things also.

[MR DEPUTY SPEAKER in the Chair]

Therefore it is not for my learned friend to advise me I only hope he

takes a lesson from this. That is all that I hope I do not know who her my hope is too much. At any rate one could hope for the best and be prepared for the worst!

Le s net, in our anxiety to defend the In elensitie say things wh h unnecessarily cause repercusstors. When he said that people were fired upor like that does he real & that Pandi Jawaharial Schru phoned to me that very evening when the riot started in Bombay and asked me to call the mill ary to call the tanks but asked me to finish it as quickly as I can I told hm. I am very sorry I won't call the military If I had called the military the casualties norld have been five times of what they were and the po co would have Ios their mora'e I did not want to use maximum force. I wanted to have minimum force I told him that if I was not able to control it in two days I would resign and get on of Government but I will not call the mill ary This is what I had teld him. Therefore please be careful about what YOU SAY

After all I would not find fault with any Government I? they meet violence with force I would no find fault with any Government for that matter I would not find fourth with the part Government for that matter I would not find furth with the part Government the to use force suppress violence I have not such that I will say it even now But with the I will say it even now But with the I will say it even now But with the I will say it even now But with the I would be a with the I would be a with the I would be a with the I was the world with the I was the I was the sandong in read-loss when I was there and even now when I am her there are the same that the part of the pa

But if some State Governments which are not under our cotrol do something I will not be responsible for it. But we will certainly take action to see that that does not happen That I can certainly assure you

Then the hon the teader of the Opposition said-that we had not men tioned any programme I would refer him on'v to page 3 from the second paragraph onwards The programme has been given But does he expect that we can spell it out immediately ? Did they spell it out their Twentypoint programme? They only said twentypoints and like mantras they went on repeating all the while and nothing was spelt out I have no objected to any of them (interruptions) They said twentyfive and then it became twelve in their manifesto That Is the tragedy of it. What is the use of saying all these ? I have gone into it very deeply I do not neglect whatever comes from you I want to herefit from it if I can That is all I would like to add

Therefore Mr. Depaity Speaker Sir I would only beg my frends to have more patience as this motter and not to the property of the patient of the Opposition will be broad casting to the nation to day He did not ask for it, We have requested him to do it I stat not true?

This is what we are going to do Indeed I han mentioned and I can measure my how friend Shri Sathe also that if he has any compliant about any administrative a-tions resulting in any oppression. I would request him to tell me I can assure him that all grevances capable of referes would be looked into That is the attitude of this Government in the matter of law and

order in the matter of economic order. in the matter of social order and in the matter of administration We have mentioned all these things But we cannot put details into that eddress. That is what ought to be appreciated They wish that the janta party will break up-this is what the Leader of the Opposition said that the tanta party will break up to no time and that it cannot last If wishes were horses, then everybody will ride on them It is not possible. As a matter of fact it is the wrong desire that leads to be down fall of the people That has happened That is the tragedy of it.

Let us take a lesson from it and not have wrong desires. After all how will it benefit the Opposition? If he thinks that the two party system should function and if it is good for democracy should we not wish that this should last? If you defeat this party legitimately when the occasion comes I will not resist. Even if they so desire the Jan a party will not break up I do not know what vill happen in the future But I only hope and trust that this wish will not be fulfilled This will not henefit him at all. He said that they have been defeated It is true that the people neclared themselves against the emergency and therefore they had been defeated. If we had not won then how are we here ? I do not know if the people did not prefer us to them how would we have got the votes ? I cannot understand this which is such a simple matter I never thought that he was not using his commonserse in this matter I am afraid if his desire is to see that the Janta party goes out ne will be in possession of office this is an indecreet statement. That is all I

Sir as long as the Jan'a Party is in Government we will see to it that we will establish democratic traditions by our behaviour not by asking other people to do it if our performance falls short of the expectations. I shall be thoughful to the leader of the opposi

tion to point it out to me or for that matter any member of the opposition can point that out to me so that we can improve upon it No man is wise enough not to learn from others And that was the fault committed by the previous govern nent. That was the fault committed and I may be pardon ed if I say by the then Prime Minister if that had not happened then all that happened would not have happen ed. But whatever happened to for the best in my view If sufferings come they come to chaster us And it is then that we can improve Even three years ago I told my fr end that what is happening is for the cood of the country. This country would not have learnt a lesson unit it suffered We got freedom very easily terause of Mahaima Gandhi, I have always felt that we did not pay a flicien price and therefore, this country and not realise the value of freedom We had to pay a price. We have hald that price dur. ing the last twenty months and I hope we will not have to pay a further price now At any 1ste we will see to it that we will not extract any price from the Opposition. Let me assure the Opposition. That is not our intention to do so If any price is to be noted we will nay it but we will not make others pay it That will be our attitude in his matter What do we want? I am quite sure our aims are common. I do not doubt that they also want to see that this country becomes great, happy strong and to help the human society to be happy That is our a m I am dutte sure the airs are common. But aims may be anything Unl- s the means are pure nothing can be free from blemish. That is what the Father of the Nation taught us. It is possible that we will make m stakes After all. We are not angols nor can we say that we have no faults. All have faults. But let us not try to ake advantage of faults of each other but try to help each other in removing them. If we do that, I am quite sure the future of the coun try is very good. I have no doubt that it has been my faith for years that

thre country cannot so down it bound to so up and become happy and in the terms of Mahatma Gandhi, it would establish "Ram Ray". If that happens in this coun'ry then we will be able to be of some service to the world in creating those conditions by our example. We do not have to advise other people or to give semions to other people It is enough if we serve ourselves by promoting peace and goodwill in the world Well, that will be our foreign policy Of course there is difference in the foreign policy of non al coment. Non alicoment "1st be there It is not a policy which is in doubt but sometimes a erration, erter in that policy We will try to see that aberrations will not come. That is all that we can say I don't say that for merly aberrations had come deliberately or hy mischief That is not my contention at all, But I would say that m human efforts sometimes weaknesses do come We have got to guard request them and that is wast we are trying to learn by experience.

Non-alignment can be practised only if there is freedom from fear and passed fortunately this country through such fears in the last twenty months that I can never compare this condition to any other conditions in the history of this country have got to live it down We have got now to see that such fear does not recur again in this country We mu. have freedom from fear in this cour

tey Otherwise we will not grow at a all. If anything has plagued us in the country, it is this fear which has plagued us and it is that which comes in the way of development on al sides. Unless we are able to restore this freedom from fear in this country. all our efforts at development are not going to succeed and in that commen endeavour of removing that feer I would appeal to my friends in the Opposition to help us in seeing that fear is removed from the minds of the people at large But that can happen only when we ourselves shed fear We are not a raid if we have to ge cut of this Government That was the

173

fear from which the past government suffered It was therefore that emergency came otherwise emergency would not have come And my friend the Learder of the Opposition bas said that this was a vote against emergency Can there be a greater criticism of it than that? And who bad supported the Emergency very strongly? He himself But I sunpose he was not free to do otherwise It is that freedom which we want to re store to everybody not only bere but to all of you. This is what we would like to do There will be no democracy unless there is freedom from fear and it is this which we have got to restore and everything that we have will be directed towards that end

Therefore I want my hon friend Shri Sathe to be free from fear But I also want him to be free from bravado Bravado does not give fearlessness It brings for him more fear Therefore may I suggest to him to see this If he does not wish to see it, I shall have no quarrel with him I have not considered him as anything but a friend I know that when I was in the Opposition benches he was talking to me very freely But when it came to speaking bere he spoke in a different language Now this is what we ought to avoid I know he will want to say one thing and then say another thing Even now in his speech here I saw that He respects me and also condemns me Both things are done

SHRI VASANT SATHE Is it not freedom from fear?

SHRI MORARJI DESAI This is freemot freedom from fear This is freedom from truth. Therefore let us be more careful about it. We ought to be more careful about it that there should be fearl-stress in practiving truth If that is not realised, I am afraif we will never acquire freedom from fear.

I do not want Sir, to take up time of this honourable House because I do not see there was much criticism of what is done because there is not much done set Things are being done Therefore how can there be much criticism? The criticism is only in the air and I have nothing to reply about it I have only to appeal to my hon friends to see that we work together in cooperation That does not mean that they should not criticise us We welcome every criticism that you make But let us make in such a manner that we don't hurt each other That is all my request Sir Thank you

STATUTORY RESOLUTION RE CONTINUANCE IN FORCE OF THE PROCLAMATION IN RESPECT OF TAMIL NADU

THE MINISTER OF HOME AFF-AIRS (CHAUDHURI CHARAN SINGH)

SIR I beg to move

"That this House approves the continuance in force of the Praclamation dated the 31st January, 1976 in respect of Tamil Nadu issued under Article 356 of the Constitution by the President, for a further period of one year with effect from the 10th March 1977

As Hon'ble Members may be aware the Proclamation under Article 356 of the Constitution in respect of Tamil Nadu was issued by the President on 31st January, 1976 This was done in pursuance of a report received from the Governor of Tamil Nadu in which grave allegations of corruption and mal administration were made against the Government headed by Shri Karunanidhi. The President's Rule was again extended for a period of six months in September, 1976 by another Resolution of the Parl ament. Before the expiry of the last extension the previous Government moved a Resolution in the Rajya Sabha on 1-3-1977 for the continuance of President's Rule in that State for a further period of one year with effect from 10th March 1977 which also was accorded approval. The legal position is that as the resolution for extension of Proclamation has been passed by Rajya Sabha for the continuance of President's Rule, a resolution by Lok Sabha to the same effect is necessary within 30 days of its 1st sitting after re constitution.

According to the amended provisions of article 356(5) of the Constitution of India the period of extension of Presidents Rule now stands raised to one year This is however only an enabling provision because the Proclamation in this regard can be revoked at any earlier time I do not wish to go into the merits of imposing President's Rule in Tamil Nadu nor into the justification for extending it indefinitely Our Government is committed to restoring normality and early popular rule in the States under President is Rule

Hon ble Members would bear with me that it is not possible to revoke the Proclamation without holding Elections in the State since that would man an administrative vaccum It will be the endeavour of Government to have elections in Tamil Nadu in the course of next few months 1 would, therefore request the House to pass the Resolution for continuance

of President's Rule for a period of one year, so that administration could continue to function till a popular Government is in position

With these words Sir, I commend the Resolution for approval of this House

MR CHAIRMAN Resolution mov-

That this House approves the continuance in force of the Ptoclamation dated the 31st January 1978 in respect of Tamil Nadu issued under article 358 of the Consituation by the President for a further period of one year with effect from the 10th March 1977\*

[KUMARI ABHA MAITI in the Chair]

SHRI P KANNAN (Salem) Madam Chairman President's rule-fh Tamil Nadu is being extended but the people of Taminadu want an early poll I should request the concerned Ministers to hold early elections because we should like the same results now as we have got here We also want that there should be no withdrawal of any case Chargesheets and trials are pending in courts in Tamii Nadu against some of the Ministers and M.Ps All corrupt persons should be brought to trial I request the Central government not to withdraw any case. This is what was done in respect of Mr George Fernandes and Shri Subramaniam Swamy This Government should assure us that there will be no interference in judicial matters, in fact they assured the people that they would not do so but the first act done by the Janta Government was to withdraw those cases I do not think that they are doing justice to the judiciary We want ro interference with the judiciary and we fold the Congress Party government and Mrs Indira Gandhi also that they should not do so But the very first act of this government was to withdraw

those cases. It is for the judiciary to give verdict that Shri George Fernandes and Shri Subramaniam Swamy were innocent or not they are proved innocent, then it is well and good But it is for the audiciary to come to the conclusion whether they are innocent or not us not for the executive to decide this these two gentlement happened to be elected on Janta Party ticket should the cases against them be withdrawn? There are thousands of cases against innocent and poor persons in other parts of the country But those cases have not been considered by the present Government Let not the withdrawal of cases against Mr George Fernandes and Shr: Subramaniam Swamy as happened at the Centra be repeated in Tamil Nadu where there are cases against the erstwhile Chief Minister and other Ministers, because you have won three seats in Tamil Nadu in alliance with the DMK. I do not think that you will get even one seat in Tamil Nadu State Assembly Elections if the cases against the persons belonging to DMK were to be withdrawn. The desire of the Tamil Nadu people is not to withdraw the cases against them. The Sarkaria Commission has given findings on 7 charges Action must be taken against the persons and they should he punished Action should also be taken on other cases that are pending trial After the President's rule in Tamil Nadu. all the labourers have been paid Wages the bounded labourers have been released and rescued during the Congress regime under the leadership of Shrimati Indira Gandhi The hill tribes have got the benefits by way of implementing the programme in Tamil Nadu All the cases that were not detected during the previous Government have been detected and discovered during the Presidents rule The Statewide sensational case called the Poolavari double murder case-where a father and his son were murdered-in which Mr Karunanidhi was involved was pursued Mr Karunanidhi

179

screened the offenders but the case was treated as undeterted We gave a petition to the Prime Minister when she Shrimati Indira Gandhi, visited Tamil hadu. At the instance special police were deputed to detect the case Now the case has been detected and the persons responsible chargesherted in whith District DMk Secretary is an accused The people of Tamil hadu desire that the proceedings and pending trials should continue and they should not be withdrawn as has been done in the cases of Shrl George Terranies and Shri Subramaniam Swamy Pro ceedings of the pending cases against all the DML M "isters and others should not be stopped. We will be supporting the Centre for all progressive measures that they may take otherwise we will not be supporting your Government

SHRI O V ALAGESAN (Arkonam) Madam Chairman, I welcome this Resolution because it is to fill the gap in the present difficult situation. The question is as the elections cannot be held here and now President's rule has to be extended. As per the Resolution brought forward by the Home Minister President's rule is to be extended for one year But I am glad that the Minister has elarified that it does not mean that the Presidents rule will go on for one more year and the elections would be held as soon as possible. In this connection I would like to say that I have heard the Prime Minister a broadcast to the nation yesterday It was a welcome one and it was marked by wisdom and humility It looks to me that he is a changed man now He has to live down several of his past reputations. I think he will be slowly doing it which can be inferred from the way he took back his com ments that he made on women in general and from what he said on the radio yesterday I hope he has ehanged. We are interested in seeing that the trends of change taking place respect of Tamil hadu (St I's) in him are strengthened Recognising the inherent lacauna is the geographical distribution of seats won by the Janata Party in the last election he has hastened to assure the people of the south that he wil be considerate towards them and see that their interests are safe in his hards. He claimed that his is a national government and no segment of the population will feel orchaned Tals. is a welcome assurance taking a tralistic view of the results of the election unlike some Janata members who fell foul with us when we port ed out that very fact But meres assurance is not enough Government should it ak of some institutions? arrangements and spell them out so that the above assurance is translated into suitable action, He has \$19 assured the State Governments that he will be even handed in dealing with them and also he will not in dulge in securing defections or topple ing Sate Administrations The is also a welcome statement of policy

But what do we find? Already at party level and governmental level efforts have started to secure the defection of the All India ADVIA from its electoral alliance with the Congrees, CPI and Muslim League and get it attached to an ailiance with the Janata Party The leader of All India ADMP in Parliament is being woord The General Secretary of the All India ADMK, Shri M. G Rama is being pursued and ehandran passionately woold because the re al sation has dawned on the Janata Party that when they clubbed theriselves with the DMK in the last elections it was an embrace of death-Now they want to retrieve the situation by aligning themselves with the All India ADMK, Is this not an effort at defection? On the other hand, the DMK leader is rather afraid and he is giving a hot chase to the Janata Party so that he may retain their friendship so that he may get a few more seats in the Assembly election tomorrow But I think the

Janata Party has learnt its lesson and will not have any more truck with the DMK Even on the eve of the last election we do not know whether this alliance was etruck on the mittetive of the local leadershin or whether the local leadership was over-ruled by the All India leadership and they were advised to have this alliance. But let us wait and see whether the Prime Minister keeps his promise and refrains from weaning the All India ADMK away from its present stand or tries to force that party into an alliance with the Janata

The Prime Minister has also said that an autonomous machinery to probe charges of corruption or misuse of office at all levels is proposed to be established The statement is not quite clear The other day the Home Minister said he will have three separate enquiries conducted into Maruti Nagarwale episode charges against the former Defence Minister Shri Bansi Lal I want to know whether the Prime Minister's statement supersedes that of the Home Minister or whether autonomous body is an addition to the bodies mentioned by the Home Minister This may be made clear

Again I am thankful to the Prime Minister for giving a categorical assurance on the floor of the House that the Sarkaria Commission of Enouiry will be continued I wasted to have such a categorical assurance because the term of the Commission came to an end on 1st February this year So unless the term of the Commission is extended it will not be possible for it to se inte the other allegations made against the erstwhile DWK Chief Minister and the erstubile DMK Ministers If I heard the Prime Minister aright he said that he had asked Mr Sarkaria to com plete the enquiry within a period of four months I would like to submit that the time that is allowed to Mr Sarkaria is not enough. Of the total allegations Mr Sarkaria chose 28 and It took one year for the Commission to complete enquiry into seven allegations Now there are 21 more allegations and they are very important and very complicated I would like to read; these 21 allegations They are

1 Mekala prous 2 Apukem Pictures 3 Gonalapuram House 4 Anjukam Pathi pakam-Murasoli 5 Son s house Tiruvarur 6 Dharma 7 Valdvalingam 8 Veeranam That is a project to hring drinking water to the city of Madrae from Veeranam lake Crores of rupees have been swallowed in that 9 JKK Angappa Chettiar 10 Sama vanallur Power Station 11 Sugar scandal 12 V S T Mudahar 13 Amirtham 13 Kodal Palanı Road 14 Pri vate Trusts, 15 Arbil Dhar malingam 16 Aditanur Vellandy Bank. 17 Trade Union 18 Intimidation of Press 19 Misuse of State machinery for party 20 Police excesses 21 Sakthi Pipes

These are the 21 allegations that are yet to be enquired into by Mr Sar karze So to say that Mr Sarkaria should complete his enquiry into all these allegations which are very com plicated and which are having rami fications within that short period feations withi that short period year to enquire into only 7 allegations I would submit is not realistic I do not want the Government to ask Mr Sarkaria to hasten with the enquiry I want that Mr Sarkana should be given more time so that he completes the enquiry Now It Is for the Gov errment to take action

I entirely agree with the Prime Min ister that discipine should not be im posed from outside but it should be self-discipline That is what Gandhiji had said I would be excused if I say

that it was the Janta Party which was responsible for creating conditions of and scapling in the country which trought about the then much needed emergency Now emergency has been lifted Several things have happened in the State of Tardl No in aller the If ing of emergency and I would like the Covernnent to take note of them techise they are straws in the wind There was a bus strike to which the ben Prime "linister made a reference while replying to the discussion on the Motion of Thanks to the President for his Address I do concede that the werkers employed in the transport corperation may have had pent up gricvances. But what h opened is this one driver was transferred from one depot in the city of "fadras to are ber and immediately there was a strike Thousands of students who had to write their examinations were irron senienced. Many more thousands of others going to offices and other places were inconvenienced. People were talking in the streets that this was the first taste of the Janata govern ment I do not decry anybody I am only po nuing out that these are straws In the wind. The bus strike provided a certain amount of distillusionment to the people in the city of Madras who returned two non-Congress candidates out of the 3 constituencies

Then there was another incident. Immediately after the lifting of the Emergency some 30 or 40 students stormed the room of the Vice-Chan cellor in the Madras University They did not even seek permission for an inters ew They just went there and demanded an interview, got into his room and wanted that all examina tions should stand postpored. Naturally the Vice-Chancelor was not able to give an immediate answer I beg to think, Madam Chairman that if compus indiscipline again spreads it ill not be to the good of the country end to that of the younger generation of this country Again I am fold that respect of Tamil Moda (St. Pr.) the famila meal which was being supplied for one rupes has been given up by the hording in the city of Modras and elsewhere. This has caused great burdship to the ordinary people and to the proorts section. I am nor abe to know the reason why this healthy the meaning the Emergency—this is not a case of arresting persons or putting them in [80]—has been given up. The Jlore Minister may perhaps taken the trouble of first ng out and sreking that that at least it, pretoved

I have already spoken about the electricity department which his in a very very bad way I' require a thorough overhauling. I am sorry to any that the Advisers recipiene did ref have time to look into this I is suppress that on the day the new Minister of Energy who halls froot Tarall Andu—I with him well and with Pin success—was taking his eath of office, news came in that there will be a further out in the electricity supply. There was already a 30 per cent cut.

They now propose to make it a 53 per cent cut I am to d that the cut is now 40 per cent, Madam Chairman, you know that this is summer and that for having good crops, it is recessary for the pump sels to be working wed so that the glanding crops do not wither away (Interruptions) I am not saving anything against your got ernmer' or against Mr Ramachandren He has started well. He said that he will look into the ongoing proje ts, assess them and see what can be d So I am bringing this to his notice even though he may not be here row I is sen unfortunate that on the day oe his tuking the oath (Inferrupt ons) a further cut was announced in the supply of electricity. The reason why I am pleeding thus is that the Nervelproject has produced 75 per cert more power this year than last year Mosof it is being supplied to Tamil Nach. When that is the case there is ro much convincing reason why this cal should be continued in the first instance

and econdly why it should be in creased further So I would like the bon Minister to look into the matter Because we read in the newspapers that he is visiting Madras on the 9th of this Month and he is going to have discussions with the officials of the Electricity Department That is why I are urging that he may have a good look into the power projects of Tamil

Nadu and try to improve matters

I would like to say a few things about the imperative needs and requirements of my constituency i have been pleading for a long time for a bridge near Pallipet on a road which is an inter-State road connecting Tamil Nadu with Andhra Pradesh The people have been put to much difficulty there for want of this bridge on the river Though the Central Govern ment was willing the DMK Govern ment was not recommending the work to be taken up Now that there is President a Rule which is being sought to be extended for a short while I hope the Advisers regume will see its way to recommend this work and see to it that it is taken up immediately

There is also a proposal to establish a sugar factory in Tiruttani Taluq in my constituency That has to be cleared by the Central Government because of which the project is being delayed, I hope the hon Minister will ask the concerned Ministry to see that this proposal to establish a sugar factory is cleared

There is a very famous temple in my constituency at Sholingar The hon Prime Minister felt offended when the Leader of the Opposition called the Janata Party a strange animal and a reply came from the other side that it is something like a

CHAUDHURI CHARAN SINGH do not know what the hon. Member is speaking about. The House is now cons dering a very limited question just now whether there should be an ex tension of the President's Rule or not. That is all All questions about elecin respect of Tamil Nadu (St Res)

tions, albance Janata Party etc arenot relevant here

SHRI O V ALAGESAN Perhaps the hon Minister is not well acquaint ed with the practice in this House It is customary it is usual during such discussions to make reference to these things We can say that such and such things should be done and until the elections are held it is for the Government here to deal with those thin, s because Parliament is in charge of the administration of Tamil Nadu In fact the previous Home Minister was presiding over a Committee of MPs on Tamil Nadu which was look ing into these matters. In fact the other day in my speech I requested the Government to see that this Committee of MPs on Tamil Nadu should be set up as early as possible So I am very relevant when I am urging these things. This refers to the administration of Tamil Nadu and they have to do all these things. The Home Minister has to take note of them and see that these things are done

I am coming to a temple The other side answered back saying that we are aware of Narasimhavatra where the Lord Himself took the shape of both a men and an animal So why should they be very much ashamed of being called an animal? In this tem ple the presiding delty is Lord Shri Lakshmi Narasimha It is a very beautiful temple. Many pilgrims and tourists go there I want that a road should be made and a winch should be provided so that all people may reach the temple and have a good darshan

The hon Education Minister made a statement today. It was a prelimi pary statement Naturally he could not go in any depth into the various matters that have to be looked into by him. I have no grievance about that but I would like to draw attention to a brochure published by the expert

#### [Shri O V Atagesan]

body the National Council of Educational Research and Training where there is discrimination made in the terching of English petween non Hindi and Hindi States It has been men tioned in that brochure that the teach ing of English in non Hindi States can s ari from the ninth standard and that too for two periods in a week On the other hand they have said that the teaching of English could start in the Hindi speaking States from the sixth standard and will be taught for five periods. I drew the attention of the erstwhite Education Minister a'so to this very great discrepancy and the discriminatory trestment that has been meted out to the Hindl and non Hindl S ates He said that he would correct the discrepancy that he would declare a res policy So I would beg of the new Education Minister to study this movier I would not hustle him, and see that this discrepancy is removed and hat in the matter of teaching English to the boys whether they are in the Hindi States or non-Hindi States, the same policy is followed, and that there is no discrimination

With these few words I support the Recolution moved by the hon, Home Mirister

SHRIMATI PARVATHI KRISHNAN (Combatore) I thank you very ruch for giving me this opportunity of say ing a few words

At the risk of being told that I am out of order by the hon. Home Minis for I would like to take this opportunity of drawing his attention to a few very important and urgent problers that exist in rny State today.

First and foremost is the fact that in Tamil Nadu more than in any other Stale in this country we are beset by the problem of drought of very serious proportions This is a continuation of the drought conditions which have been there for a very long time Dur

ing the period of the DMK regime, from 1922 orwards, we had the miser-shle experience of finding all drought relief money being channelled into pockets other than those intended with resulting loss to the State as a whole Therefore on this occasion when we are discussing the Resolution for extending President's rule, it is but correct and meet that I should draw the attention of the new Coverment to this very important problem so that it is .mmediately taken up by the hon. Minits er through his agencles and put on a war footing

As a result of this there will be a lasting effect. It is not that we culy want our agricultural labour to get employment by digging earth work roads here and there but the lone distant perspective on Irrigation schemes. That work can be under taken as drought relief work so that on the one hand we will have income through employment for agricultural labour and on the other hand, we will have already this ground work of new strigation, schemes

Apart from that I would like to draw the attention of the Minister to the fact that there was a problem of sinking bore wells in the draught arees. These give enough water and the water is available as drinking vater for the villagers. But when the exis'ing bore wells go out of order then there is no arrangement for maintenance so that they continue to function properly The water is there the bore well is there and the stat stics are there, but because the bore well is out of order the water is not there 25 drinking water for the villagers There fore it's extremely necessary that immediate steps should be taken to solve this problem. For the simple reason that these pump sets were given on contract to a particular firm outside Tamil Nadu against the advice of the officials by the erstwhile Karunanichi Government and the whole matter was not handled properly The mechanics who are responsible for see189 Re continuance in CHAITRA 15, 1899 (SAKA) force of Proclamation in respect of Tamil Nadu (St Res)

ing them function properly do not bother about it. Then there is a com mission which is also looking into it. \* Meanwhile please take up the work of maintenance of existing bore wells and drought relief measures for the people of my State if they are to receive any relief whatsoever

Then there is a problem for the hardloom weavers which we also in the form of an amendment to the President's Address The Prime Minister when replying to the debate on the President's Address just estaped by saying that we are new ve 11 do not know all the problems we have el to study problems. So I can in all humility bring it to the notice of the Home Minister this problem so that is at least they can take up these prob'eme study them and see that very quick results are found

Then there is a question of sales tax H on hosiery products in Tamil Nadu ... As a result of this the manufacturers and the workers in the hosiery indus try have to suffer a lot. This is a discriminatory sales tax which has gone against the hosiery industry in Tamil Nadu and the traditional market has now been lost on account of this 4 Unfortunately the earlier Karunanidhi Ministry had introduced this tax. We had brought this matter to the notice Presidents Rule The matter was on the anvil We was would be reviewed. Therefore I would like the Home Minister taking 4.8 over this portfolio to look into this ×1 matter of my State and see that a decis on is taken very soon in order to give relief to this key industry There are thousands of workers dependent on it and this is a small scale Industry The Prime Minister vester day assured that small scale industries are going to be helped. This can he a magnificient step by the Central Government that they would help the hesiery industry in Tamil Nadu by seeing that this discriminatory tax is removed there and pretection is given

to them so that that industry can prosper once more as in the past

There are a series of lock-outs in the glass and enamel factory in Salem in Metres Instruments in Madras And certain mills are closed in my own constituency of Combatore either for financial reasons or for other reasons. is the Lotu s Mill made a request for financial assistance from the that banks was necessary to get it going. I hope the Minister will see that this is im mediately looked into so that in this period our workers are guaranteed employment and the normal and democratic system of our country con tinues to function smoothly as a result of the elections which were conducted.

Another point that I would like to make is about our indigenous system of medicine te Ayurteda In the south and in many other parts of the country many people go in for Ayurvedic medicines. The Health Minister is not here. I would like to bring to his notice one thing. In the south particularly in Tamil Vadu Kerala and Anthra Pardash there are many Avurveda pharmacles Particularly in Tarril Nadu quite a few Ayurveda pharmacies, hospitals and nursing homes have come up because they have been able to serve the people and many people from the North also go there to get treatment for certain arlments which allopathy cannot cure So much so that the WHO has decided to have a research scheme slong with Ayurveda pharmacies in Coimba tere. It is a great credit to our country because the UNESCO and the UNO themselves are recognising that India has got a good heritage in the medical field also as we have in education and other cultural fields The erstwhile Karunanidhi Government had a kind of allergy-I do not know why-parti cularly to Avurveda medicines and pharmacies which are concentrated more in Kerala So they introduced a 40 per cent sales tax on Ayurvedic drugs. We had brought this to the

## [Shrimati Parvathi Krichnan]

a tention of the Government pointed out that it was most unfair that our indigenous sys em of medicine was being discriminated against. I am no speaking as a person coming from Kerola or from the South, I am speaking in terms of encouraging the indigenous system of our redicine The 40 per cent sales tax on Ayurveda med cines which the poor puople are using is something which is just beyoud one's imagination Of course the people of my city Colmba ore go to Palghat and pay Rs 4/ more to go by bus and get the medicines But wha about others in Tamil Nadu\* Why this discrimination against our indigenous system of medicine?

Surely the Minister of Health can go into this matter and see that the profection is given to our Ayurceda medicures and this discrimination is recorded. This will benefit the poor people who take to Ayurceda treat ment. This will be a great move for ward in removing discrimination bet ween an Sitel and another and bet ween allopathuc medicines and und genously prepared medicures.

Lastly when we are discussing the extension of the President's Rule in Tamil Nadu, I would like to say that elections in Tamil Nadu should be held at the earliest The Forne Minister has said that the elections will be held in a few months. We have been seeing various reports in the newspapers that the elections may be held in three months or four menths or six months or two menths We have been demanding elections to the Tamil Nadu Assembly at the earliest possible time to give an opportunity to the people of Tamil Nadu to have a duly elected popular Government to deal with these problems and many other problems which we cannot discuss here for want of time today I do not think the hon Minister is in a mood to reply to all the problems. That is why I have brought only a few problems to his notice and I would appeal to him to look into them immediately I would appeal to him to give an assurance here and now as to how soon the elections will be held. The elections should be held not in a few months but at the earliest giving time to the people of the State to have the elec toral rolls rectifed. During the recent elections in our State, we were horrified to find that many voters of long years of standing suddenly found themselves outside the electoral rolls. We had this experience and we overcame it We do not want to accuse anyone of rigging the elections But that attempt was there We are glad that we overcame it and that is because of the strength of democratispirit democratic ideas and democratic norms that exist in our State

in conclusion, I would again urge upon the Home Minister to give an assurance that democracy will be taken one step forward by having the State Assembly elections as early as possible and ensuring a duly democratically elected popular Government in the State

SHRI KUMARI ANANTHAN (Ns gercoll) First of all. I wanted to point out one thung. The bon. Mem'er Shri Alaseean misquoted our Prime Minister when he referred to the Sar karla Commission. Our Prime Minister when the heart of the Sarkaria wanted for months. There is no question of grung four months. Our Prime Minister asked Shri Sarkaria about the investigation and the Justice asked of four months time to complete it which was agreed to

Then another Hon Member spoke about electricity cuts In what way is our Prime Minister responsible for that? In what way can the Jansia Government take the responsibility? It was your regime which was the time and you were responsible for it. The present Minister has that we will see that the present.

projects and systems are fully utilised. That means you have not utilised them properly and fully so it is a reflection on your own regime.

Then there is a nother thing The lady Member who spoke just now said that some names were found miesing from the electoral rolls but that she did not want to find Louis with any body. The responsibility can be placed only on the previous Government and that is why she did not want to find fault with anybody. Not only have hery left out some names but there were ritempts at rigging also. I have ample proof of it I have a bundle of pripers duly signed by the Presiding Officer. With the permission of the Chair I can place it on the Table.

Then another Hon Member men tioned the first strike after we took over Without lifting the rific and without using any force we could bring the strike to a happy ending You should give encomiums to the Janata Government for this.

Another thing is that the Janata Government will not swing in its responsibility of upholding justice As I said yesterday our measuring yard will not swing or bend in favour of anybody. At the same time it will not leave out anybody from the purview of enquiries by the Commissions

With these words, I conclude

SHRIMATI PARVATHI KRISHNAN Just a point of personal clarification the enumerations were done when the DMK was in power in 1975 So he should stand corrected

SHRI KUMARI ANANTHAN It was revised when your Government took over

SHRIMATI PARVATHI KRISHNAN Not my Government I never had my Government

SHRI A ASOKARAJ (Perambal ur) Madam Chairman and Hon Mem th respect of Tamil Nadu (St. Red. bers it is a happy occasion for me to deliver this maiden speech as a mem ber of the All India Anna D M K. from Tamil Nadu.

In the month of January 1976 the corrupt DMK Government was dis missed and President's rule was imposed The Tamil Nadu people expected Assembly elections along with the Parliament'ny elections but unfortunately it was not so

The Home Minister has announced the Assembly elections to the Kashmir Assembly within three months I wonder and don't understand why the Hon Mintster has not said anything about the Tamil Nadu Assembly elections though it was dissolved fifteen months ago Some officials are acting in a highhanded manner and the peo ple are unable to express their feelings Hence I request the Prime Minister through the Chair to announce tmmediate elections to the Tamil Nadu Assembly If the Government do not announce it immediately the people of Tamil Nadu will have doubts regarding the credibilty of the statement that democracy is said to be flourish ing now Government says that they bave faith in the people's verdict then why don't the Government allow the people of Tamil Nadu to give their verdict? The present administration may be a good one but a popular Government will be a better and the people of Tamil Nadu will give their verdict for a better one

There is no popular Government in my State now Therefore I have to talk about my constituency here My constituency namely Perambalur is a very backward area it is a drought hit area People belonging to the Scheduled Cates and Scheduled Those and backward classes are living in huts Human beings cannot live in such huts we should really be asham ed of this These huts are often destroyed by fire so the Government should come forward with comprehensive plans to change these huts The drinking water problem is an

As we have already promised our All India Anna DMK would support the Government in all their constructive and progressive measures

\*SHRI A MURUGESAN (Chidam baram) Madam Charman on behaif of Ali India Anna Dravida Munnetra Kazhagam I rise lo say a few words on the Resolution seeking to extend the Presidents rule in Tamil Nadu

At the very outset I would refer to the regrettable omission in the Presi dent's Address to both the Houses of Parliament It is unfortunate that the Acting President in his Address has not resterated the solemn assurance of iate Pandit Jawaharlal Nehru which was scrupulously observed in letter and spirit by late Lal Bahadur Shastri and Shrimati Indira Gandhi, that Hinds would not be imposed on non Hind! speaking people of our country I hope that at least the Home Munister in his reply to this Debate would assure us that Hindi would not be imposed on non-Hundi speaking people of India.

The Acting President In his Address has assured that his Government which swears by the name of Mahatma Gandhi and which professes to follow the footsteps of the Father of the Nation would give a pivotal place to rural India in its scheme of economic development I am an agriculturist by birth and I am spending my life among the agriculturists. There is a proverb in Tamil which says that when the agriculturist starts his calculations he will find that only the measure is with him and nothing else. His grie sances are manifold. The Government should arrange for the supply of im proved varieties of seed fertilisers tractors etc at the appropriate time and at reasonable prices. He do-s not get reminerative price for his pro duce For the last one year he is undergoing untold indignities and his

labour is not honoured properly The President's rule in Tamil Nadu has stopped even the bonus of Rs 10 per bag being paid to him Yesterday the hon Minister of Agriculture of the Government of India has in his dis cussions with the State Agriculture Minisers pointed out that the agriculturists of the country would be paid remunerative prices for their wheat paddy etc. and as an incentive for in creased production they would be siven bonus also I welcome this wholeheartedly I need not say that the agriculturists are the backbore of Indian economy and as reflectedly

pointed out by Mahaima Gandhi un

less their welfare is assured the

nation a welfare will be in feopardy

After the enactment of the law he adains rural indebtedness the agri culturests are finding hard to get credit facilities for their operations Before the local money lenders were shunted out alternative credit giving institu tions should have been established in the rural areas. I do not mean to say that the agriculturists live on loans only But on account of the fact that they are not getting remunerative prices for their produce they are per ennially in debt. Here lies the importance of having alternative credit in statutions for them This must be done by the new Government at the earliest

In most of the rural areas of our country druking water is so acute that the villagers walk many miles to get druking water. In particular the village women have lo face this ordeal throughout the year. In my district this is a chronle problem Unudurpet Kallakutichi and other adjoining areas face druking water shortage for so many years now. The new Govern ment at the Centre must provide this primary need of the people living in the rural areas.

If this water dispute is not resolved forthwith the entire Tamil Nadu is likely to become an arld zone The Janata Party Govern ment at the Centre must find an tm mediata solution to this problem

Our leader Shri S D Somasunda ram has in his speech referred to the necessity of having representativa Government in Tamil Nadu as early as possible My leader Purathut Thalai var MGR and the Shri J P has also emphasised the urgency of having State Assembly Elections I request that immediate elections to the State Assembly must be conducted in Tamil Nadu

Immediately after freedom Mahnima Gandhi stressed the role of Panchayats no a democative system and pointed out that they should be vested with neces sary powers. In my capasety as the Vice Chairman of the Keerapalayam Panchayat Union Chidambsram Con sitteney I have felt the need for this I stress with all the force at my com mand that the Panchayats should be vested with adequate powers so that

the villages can get the benefit which they deserve

At the end I suggest that the follow ing programme of activities must be undertaken in my constituency Chidom Construction of revetmen baram between Orattur and Sakkangudi on Vellar Dairy and Poultry farms with f narcial assistance to run them khadi and village industries increased sup ply of drugs and appointment of staff in Chidambaram Hospital the agricultural ment of wages to labour and their general upliftment, protected water supply street lighting provision of house sites and also financial ass stance to Itarijans back ward classes for constructing houses. improvement of roads raising into a post graduate collega tha Government Nandmar boys and girls High Schools Chidambaram

With these words I conclude after thanking you Madam Chairman for giving me an opportunity to speak in this House

\*SHRI K RAMAMURTHY (District purs) Madam Chairman the people of Tam i Nadu will regretfully welcome this Resolut on which seeks to extend the President's rule in Tamil Nadu by another year I say this because the Prime Minister and the Home M mater of the Janata Party Government, in mediately after their assumpt on of high offices assured that elections to held as early the Assembly would be this Resolution possible Now seeking to extend the President's rule ln Tamil Nadu might create an un pression in the minds of the people of Tamil Nadu that the Janata Party Elections to Government would hold the Assembly only after Janata Party becomes popular among the people of Tamil Nadu

This is my maiden speech and I have chosen to speak in my mother tongor Tamul For the past several years I have been watching the proceedings in have been watching the proceedings in this House I get the feeling that be established rules and traditions in the

conduct of the business of this House have gone to the winds In 1957, in this House. Shri E V. K. Sampath spoke in Tamll and secured this right of speaking in our mother tongue in this House The late Pandit Jawaharlal Nehru gave a solemn assurance to the non Hindi Speaking people that English will continue so long as the non Hindi speaking people This assurance has been implemented till the Congress Government at the Centre has scrupulously adhered to the assurance of Jawaharlal Nehru. Now we are afraid of the future The Janata Party which bas come to power at the Centre is a conglomeration of parties with different ideologies It consists of Hindi fanatics also-Jana Sanghis and Socialists These leaders in their tours of Tamir Nadu have sown the seed of batred in the minds of the people of Tamil Nadu I would like to have a categorical assurance from this Government that they would honour the sacred and solemn assurance of Jawaharlal Nehru that Hindi will not be imposed on non-Hindi speaking people, and English will continue so long as they wish

If what I have heard is true, then it is a matter to be condermed by all of us here. I understand that in the Health Ministry non-Hind; knowing oblicials are being thrown out. It this is true, then the separatist tendency which has died down in South will get a fresh lease of life. This Government can allay the fears of the ricple of Tanil Nadiu by retreating unequivocally the soferin accurance of Jawahartal Nehru in regard to non-imposition of Hindi on the people of South

PROF. DILIP CHAKRAVARTY (Calcutta South): There will be no imposition

SHRI K MAYATHEVAR (Dindlgul) The hon Member is raising a us respect of Tamil Nadu (St. Res.) very important point on behalf of the people of Tamil Nadu but the hom. Home Minister who is going to reply to the debtic is not listening to his speech. I request him through you Madam Charman, to kindly note down the points the Member is raising and reply to them.

SHRI K. RAMAURTHI; The Acting President's Address has been discussed in this House. Neither in the President's Address nor in the speeches of the ruling Party members there has been no indication about the ruling Party's economic programme. "We will change the laws; the freedom of the Press would be restored. all the detenues under MISA bave been released, the dreadful MISA has been repealed -these seem to be the theme-song of the ruling Party Members What does this Government propose to do for the 24 crores of people not even getting an income of a rupee a day? Unfortunately in the DMK rule, Tamil Nadu has come to the last position in the economic man of States in India Maximum number of people below the poverty line are in Tamil Nadu What is the economie programme of Janata Party Government for these people, I would like to know The Central Government have given guidelines in regard to the standard acres as stipulated in different land reforms laws enacted by the States It is strange that inspite of this, in Tamil Nadu the minimum prescribed by the State is higher than that stipulated in the guidelines of the Central Government. Under the President rule, at least the State land reform law must be brought on par with the Central guidelines.

After the liquidation of rural indehtedness, as per the 20-Point Programme it was thought that the moneylenders in Tamil Nadu would have been decimated. After the Parliamentary election it is strange that the moneylenders have come

# [Shri K. Ramamurthal

back to the surface. It is mora astonishing that immediately after the Janata Government resume office in the Centre, they have started pressu rising the poor people to give inter est dues and the loans. I wonder whether they are the sponsors of Janata Party in Tamil Nadu and are also sympathetic towards the ruling Party at the Centre now It is a matter to be condemned that with the coming to power of Janata Party the released bonded labour has again become slaves Naturally, the extension to President a rule in Tamil will not give satisfaction to the people of Tamil

As pointed out by the hon, Member Shrimati Parvati Krishnan drink. ing water is so acute a problem in Tamil Nadu that even if you are prepared to pay mone, you will not get drinking water In my constituency Dharmapur, boring wells have been dug tanks have been desilted and underground water is being explosted. Still the people are ruffering for want of drinking water and they have to go four or five miles for it Dharmapuri has been declared as a backward area and yet nothing has so far been done to provide drinking water to the people Shrimati Partati Arishnan pointed out to many hun dreds of lock outs and lay-offs in the industrial sector of Tamul Nadu The Plantation workers are not getting their dues according to the Plantation Workers Act as well as the minimum wages as per the Minimum Wages Act. The wages of labour are being denied For the past four months the Glass industry workers in Salem have been denied their wages and unemployed due to the illegal closure This should be looked into by the Central Government as Tamil Aadu is directly administered by it.

Before I conclude I would stress that elections to the Assembly must in respect of Tamil Nadu (St Per)
be held forthwith in Tamil Nadu it
hank all the hon. Members for hav
ing heard my maiden speech in Tamil
patiently and conclude with the hope
that a Notification regarding Election
to the Assembly in Tamil Nadu would
soon be issued by the Central Gov
ernment.

SHII MOHANARANGAM (Chen gapatuu) stadam Chairman, I am very inankful to you for having given me the opportunity to express my year and my feelings on the extension of Presidents rule in Tamil Nadu.

Turnd Nadu 15 now ruled by the officials acting in the name of the President. We have been asking them to conduct the elections for the State Assembly for the past one year and elections to the municipalities for the past 5 years Municipal elections were conducted in 1969 The period expired in 1972 We asked for Municipal Liections in 1973 The period was extended to 1974 and then ogain to 1975 and 1976 For the past few years we have been asking for Municipal Excusors to be held. We have been asking for elections to be held to the Panchayats Panchayat elections were held during the year 1970 The period expired during the year 1975 The then Chief Minister Mr Karunanidhi told us that elections will be conduct ed within 6 months. After 6 months he again said that this will be truducted in another 6 months. After wards that Government was dismised. For the past one year we have been asking our President to onduct elections for both municipalities and panchayats but no step has been taken so far I hope that necessary steps will be taken by the concerned authoraties now

With regard to the Film Industry, under the regime of Mr Karunandhi the entertainment fax was increased to 65 per cent. This was done just to reduce the political popularity of Mr MGR who is our leader Mr Karunanidh increased the tax to 65 per cent in Tamil Nadu whereas the tax is 40 per cent in Andhra Pradesh and 35 per cent in Karnataka You can not see anywhere in the whole of India any State where it has been increased to 65 percent as it has been increased in Tanul Nadu That was done only to reduce the popularity of Mr MGR who is our leader

With regard to language issue I request the Prime Minister to give a categorical assurance on the floor of the House that Hindi will not be im posed on the people of the non-Hinds speaking areas Pandit Jawin itlal Nehru had given this assurance But what we find is that from Fifth Standard onwards Hinds is being imposed on the students of Tamil Nada I request the Prime Minister through the Chair, to give this categorical . ssu rance that Hinds will not be imposed on the non-Hinds people Immediate instructions should also be given to non-Hindi speaking States not to compel the students to learn Hinds With regard to language, I wish to point out that our State is not like any other State We have got our own rich literary traditions. We have a hoary past and a rich tanguage in which our poets have given sermons and scriptures We want that caust status should be given to our language on par with Hindi Improvement of a language should not be at the cost of another language So we want all importance to he given to our laneu

MR CHAIRMAN You may carry on

in respect of Tamil Nadu (St Res) SHRI MOHANARANGAM Madam

Chairman, after the election was over, in our State, the A.I.D.M.K. volunteers were besten up by the DMK volunteers with the help of the police force I do not know why the Jinta party has joined hands with this discredited and corrupt Chief Minister, Shrt Karunanidh in the election That is the reason why the Janta party has not even got half a dozen members out of the forty from the Tamul Nadu (Interruptions) Shrimati Gandhi never joined the DMK. You were talking about the 1971 election Our leader, MGR, was in DaK, at that time and Shri Jaguwan Ram was in the Congress. Now, the entire political force is in the hands of MGR in Tamil Nadu Certain things Madam Chairman, were intimated to the concerned authority to rectify during the regime of Shri Karunanidhi. There were some officers who had no political affiliations were acting and doing certain things according to rules As a result, some of the high officials were even suspended and dismissed or they were asked to retire voluntarily I shall give here come instances Some officers of the lamil Nadu Government were asked to retire voluntarily I asked the concerned authorities to take steps to reinstate those officials who were compelled to retire voluntarily in Lamil Nadu Government All the time I had been asking the Government to take necessary steps in conducting the elections not only for Assembly but also for Mumcipalities and Pancharats Boards We only want that the entire administration of my State shilld be run by a properly elected Government and not by the officers under the Presidenta Rule.

DR HENRY AUSTIN (Ernaku-Madam Chairman I support the resolution moved by the hon Home Minister seeking another term for the President's Rule

While supporting this Resolution, I would like to point out with anguish 207

the fact that the great State of Tamil Nadu is hereft of a popular govern ment for reasons well known to every honourable member of the House The sad circumstances under which they are the sad of the concept of the Government still brings an our ears. The decision of the then Government has been subsequently justified beyond any shadow of doubt by the recent Lok Sabha elections

This clearly showed that the en deavour to detach a part of our coun the national stream by trying to create a cess pool of reaction and limited loyalty will not be tolerated by the people of our country Despite the fact that they have got great cultural achievement and despite the fact that they are guided by certain cultural rejuzina tion and regeneration in recent cars still, they are proud of the national heritage of our country. The recent election is a positive proof of a new resurgence of nationalism and desire to make our country great and to make their culture part of the composite culture of our great country Sr I do not want to make a long speech here But I would I ke to say that the experiment the devise taken by the previous Government in con stituting a Committee of Members of Parliament to advise the Administra tion run by the Pres dent was a very good move I hope that the Home Minis ter will look into the possibility of reconstitut ng the Committee for what ever period the President's Rule resy subsist as an interim measure (Inter runtions)

CHAUDHURI CHARAN SINGA Do you want the holding of the elections as early as possible?

DR. HENRY AUSTIN I am rot referring to the elections now Of course I welcome the stafement of the Prime Minister regarding early elections There was a consultative Committee of Members of Parliament to advise the Tamil Nadu Administration under President's Rule which was presided over by the Home Minister

That Committee was of great help in making the necessary suggestions and perhaps here the reviving of such a Committee would be helpful.

Sir one of the reasons for my parti cipation in this debate is highlight the existing severe drought conditions in Tamil Nadu Sir in the areas that I visited a few months back the scarcity of essential commodities and pati cularly that of drinking water is very acute It is a very bad situation in deed Of course the previous Ad ministration had been helpful in bor ing 6 000 bore wells but I am very sorry to say that the maintenance work has been neglectful and many of these wells are in disuse now This is a serious situation which might be attended to

Sir, in Karur Chengalpattu and other areas the handloom weavers are facing a very serious problem 11 as much as that they cannot find a mar ket for their produce. They have been in this handloom industry for ages and the goods produced in those areas have a acquired a certain sten dard But today because of neglect thousands of people-if not lakhs-ore suffering and the Administration might take adequate interest or devise measures to relieve the workers in volved in this large industry from this situation of unemployment and p 1851 ble extinction of this industry

Sir another senous stuntion it is obtains in Tarmi Nadu as the fact that many mills in Combisters and Madural-centres of textile minustry—sir running sick. I think about eight or nine mills have already been declared sick mills and Government—as I midd—has only decaded to take over one sick mill. It is a very add sitis at the contract of the contra

Now the thing which interests not only the people of lamin Radu but also the people of entire South is the completion of Jammu-Kangakumar railway line The railway line has already been extended upto Jammu and only certain missing links are there in the South I do noue the hon Home Minister, who takes up matters seriously, will look into this Though I know it is not directly under his control.

Again, Sir, there has been erest interest-both in Kerala and Tamil Nadu-for starting a railway bre connecting the ancient city of Madura; with the developing port of Lochin. Sir, I represent Cochin It is in constituency I think certain survey has aiready been undertaken and I do not know what its present stage This railway line would also create facilities for the development of tourism because bundreds of fores gners are coming to Maduras to see the Madurat temples and also Cochin On the way is Idikki where We have the giant hydro-electric project Nearby we have also a great game sanctuary at Thekkady these places could be connected if this railway line from Cochin parbour to Madural is started This will throw open the hinterland of Tamul Nada to Coclun Harbour

Now, another liting I have noticed in my recent tour to Tamil Nadu is the tremendous scope for development of fisheries. On the Kerala roast, as is well known there has been a great blue revolution since 1932. I had also a part to play in initiating this great blue revolution which his great blue revolutions of the revolutions the coastal Kerala 31 has now sprad to some other coastal States also. Tamil Nadu offers the mendous potential for the development of fisheries

One of the nine fish breeding centres of the world, as marine biologists have pointed out lies hardly about 800 kilometres of the coast of Tut'

corne on the coromondal coast Accord ing to marine hiologists, if you expinit the potentials of Wadge Bank as it is named after a German biologist in the later part of the 19th century, we will have fed the entire South and South East Asia by high protein food, sea food of various kinds. Today, the sea food industry is catching up and in Kerala alone we have exported in the course of the last year about 350 crores of rupees worth shrimps and other flozen sea food in foreign exchange. Kerala coast is nothing when compared to the great Wadge Bank and in the Sixth Five Year Plan we are planning to have what we call deep-sea fishing and famil Nadu offers much more than Kerala and other coastal States for the development of fisheries. through deep sea fishing

Sir I have said enough I would like to say that a fresh wind is blowing in Tamil Nadu I told this to my friends in the North when I met them some time back in the AICC or in the Parliament itself They used to ask what was happening in Tamil Nadu—why so much of provincialism, chauvinism and limited loyalities were lostered they.

# MR CHAIRMAN The time is up

DR HENRY AUSTIN One more minute, Madam So that phase scems to be over and every one should be proud of it Of course, people of Tamil Nadu and the South in general are proud of their culture and their heritage but he always considered those cultural achievements as an integral part of an integrated wholethe composite culture of India Towards this end we have been striving and we are glad to say that this desideratum has excited a lot of people la our country Let us stand for the unity of the country and in the process let us also throw more emphasis on the development of the south and satisfy the aspirations of the people of Tamil Nadu in particular and the entire south in general

APRIL 5, 1977 of Proclamation in 21

SHRI S NANJESHA GOWDA
(Hasan) Madam Speaker, hon Memher

AN HON MEMBER No. Madam Charman.

SHRI S NANJESHA GOWDA I am a new Member I am new to parliamentary affairs also So, kindly bear the mistake of mine

Now, I am speaking in support of the Resolution already moved. Many of my friedness, Sir, hate spoken many things. I also want to say something about what happened in Karniaka About Tamil Nadu, I share the feelngs of all Tamil Nadu friends. There is no doubt about it.

Regarding Karnataka also I want to any comething because I bad no opportunity, in apite of requests, to apeak on any occasion previously

MR. CHAIRMAN You should speak on Tamii Nadu 1706 hrs

SHRI S NANJESHA GOWDA I must epeak only on Tamil Nadu? But f observed that many friends spoke beyond the subjects every time As a new Member, kindly give me the opportunity to say something As my friends already gaid, in Karnataka there are no elections for Taluka Boards and Punchayats and all those things for the last B years On this occasion, I request, through the Chairman, this honourable Government to conduct elections to those august bodies fairly and honourably Regarding the last elections, I want to say a few words My friend Lakkappa comes from Karnataka, from a constituency which is adjacent to my constituency He says that people came in a procession to vote for Congress He also says that the Congress has done a lot in the past

respect of Tamil Nadu (St Pes) thirty years He has forgotten that before 1971 he was saying quite the opposite let him say what his feelings were then and what he was doing before 1971 He used to fight like a tiger and criticise the Congress (Interruptions) I am sorry to say that he has become a circus tiger during the last 18 months during emergency just as the circus tiger is being controlled by comebody else, he was controlled by somebody else On Karnataka elections and other things so many persons spoke about north and south, about regional feelings, communal feelings, etc not think that it is a healthy fes-(Interruptions) In so many constituencies people did not come in procession, they were not in with the Congress I know people were paid in some constitu encies for coming in pricessions So many ministers have epent so heavily for elections, they took advantage of the poverty of the people Minister apent lakhs and lakhs my constituency That money is corrupt money, black money got records to show that he amassed corrupt money Here is the report of the Public Accounts Committee of the Karnataka legislature The Committee consists of 10 Congress MLAs and 5 opposition MLAs and the Accountant General In 1974-75 they submitted this report to the Government of Karnataka, this is a unanimous report, ten Congress menibers and 5 opposition members sat with officers of the government and examined the records and they put on record what has been proved they give the details of all the scandals and then they give their final conclusion and I shall read from that for only one minute. It is true that money was looted Now he is a Minister in the present Government He was the President of the Karnataka State Co-operative Marketing Federation The charges are framed against him by the Congress Party people themselves. In this connection, I will read out the relivant portion of the Public Accounts Lommutee Report of the Karnataka Government (Interruptions). As per the report of the PAC, it is stated that Shri Srikantiah was the President of the Rariataka Co-operative Marketing Federation I will read out the relevant portion at pages 261-62

SHRI R KOLANTHAIVELU (Tiruchengode) Madam Chairman President's rule in Tamil Nadu has been extended But now the people are unable to send their representatives to the State Legislature The people are unabla to express the difficulties faced by them through the medium of Legislature The people are as a whole in practical difficulties be cause they are not able to get their grievances redressed through their elected representatives On behalf of the All India Anna DMK I plead on the floor of the House that the elections to the State Legislature should be conducted at an early date Now, there was a system adopted by the erstwhile Chief Minister of Tamil Nadu-the mass contact system This does neither good to the people nor to the Government I would say that this system should either be followed in its true sense or it should be dropped By taking advantage of the President s rule the D.MK power-mongers are threatening the public endangering their life and secu rity During the regime of the DML Government the party peoole tried

m respect of lamil Nadu (St 1es) 4 to engage the Government machinery for their own personal ends police are indirectly supporting the DMK rowdy elements and some of the Anna D.M.K volunteers have been threatened and beaten up On top of 1t, the police registered cases agamet the Anna DM.K volunteers and not the DMK volunteers Tins fact was brought to the notice of the I G of Police by the Anna DMA leaders But so far no action has been taken by the Police I would request the Government to look into this matter seriously and take neces sary steps immediately so that justice is done to the aggreeved persons of Anna DMK There are some pending cases against the DMK leaders and those cases should be expedited I would request the Government to take suitable steps to implement the pending public work schemes that have been left undone by the previ ous Government In many parts of constituency in Tomil Nadu, there are no village link roads. I request the government to look into the matter Only when the villages are linked by proper roads education will improve in my constituency most of the villages are not at all connected by roads So the children find it very difficult to go to school So, I request the government to take steps construct link roads as soon as possible in an economic way

In Tamil Nadu the farmers have to depost huge sums to buy a tractor by way of loan This amount should be reduced. We know that this government is mainly for the uplift of the poor sections of the people and we hope that the water problem in the villages will be solved. Certain by we lend our cooperation and support in eradicating poverty. In the country if the will of the people is duly respected and really weighed.

On the floor of this House, I request the government to expedite the execution of the work on the Salem

Steel Plant. The inter-State water dispute also must be settled as soon as possible The Kalpakkam atomic power station has been pending for a long time This must be looked into The Tuticorin thermal plant also should be given due consideration and the government must take suitable action

With these words, I conclude my maiden speech,

\*SHRI A V P ASAITHAMBI (Madras North) Mr Chairman, I am grateful for this opportunity being given to me to participate in the discussion on the Resolution secking to extend the President's rule in Temil Nadu So far as my party, the Dravida Munnetra Kazhagam, is concerned, there can be no two oplmons about the need for holding elections to the Assembly in Tamil Nadu at the earliest, In 1975 State Conference of DMK, we demanded that along with Parliamentary elections the elections to the Assembly also must be held The former Cen tral Government held the Assembly Elections in Kerala But they were hesitant to order Assembly elections in Tamil Nadu because they were inhibited by the fear that the Congress Party might not be able to win the elections in the State The DMK. would welcome unreservedly any time the Assembly elections in Tamil Nadu

It is necessary for me to analyse here the background and the basis on which the Presidents rule was imposed in Tamil Nadu This House must know that the duly elected D.M.K Government was in power in the State In 1971 General Elections the Congress Party was having alli ance with DMK, and through its influence and support the Congress Party could get its members elected to the Lok Sabha and also to the Assembly

On June 12, 1975 the Allahabad High Court set aside the election of the Prime Minister Shrimati Indira Gandhi to Lok Sabha Immediately, our D.M K. President, Dr Kalaignar Karunanidhi declared that Shrimati Gandhi must step down in order to set up firm democratic traditions in the country This annoyed Shrimsti Gandhi and she started nurturing her desire to dismiss the DMK. Government in Tamil Nadu. On June 25 1975, the Emergency was proclaimed all over India, and all the national leaders were put behind bars 27th two days after the declaration of the Emergency, the DMK Exccutive Committee passed a unanimous resolution demanding the revocation of Emergency and the release of all national leaders The DMK was the first political party to past such a resolution Naturally, Shrimati Gandhi's desire to dismiss the DALK Government became a determination On the basis of a Petition submitted by Shri M G Ramachandran, who parted company with DMK in 1972 on January 31, 1978 the DMK. Goternment-a majority party Government in the State-was dismused unceremoniously Even the Governor of the State was kept in darkness about this unholy act An illegal and anti-democratic act was perpetrated with least compunction

Many of us were arrested forthwith From January 31 1976 the Police was hounding and hunting the DMK members From February I their efforts intensified and 20 000 D.M.K. workers including many leading lights of the party were taken into custody Under MISA 2000 persons were arrested Many prominent leaders of DMK were put in Madras Central Jail. They were put in the Cell in 9th Block where leprosy

patients had been kent On Fcbruary 2 at about 7 PM we were taken away from our rooms along with other criminals and we were all cruelly beaten Shri Chitti a former MP from DMK succumbed to the injuries sustained in this beating Another worker Shri Balakrishnan died in Madurai jail as a consequence of such atroci ous action on the part of the police The Iail Superintendent rould not have by himself done this He was instigated by a Central Minister for the purpose of instilling fear in the workers of DMK Shri Om Mehta the Central Minister, is reported to have encouraged the Jail Superintendent in this atrocity I demand that a parliamentary inquiry should be ordered immediately in the dismeable conduct of this Central Minister

After the Imposition of President's rule Shrimati Indira Gandhi visited Madras and she was pracious enough to announce publicly that water from Krishna river would be brought to Madras as if it could be done in a fortnight One year has gone by after that and till now not even preli minary talks have been initiated with the Andhra State Government for this purpose Is it not a deliberate deception practised on the guilible people of Madras?

The hon Member from Kerala referred to the need of nourishing national integration It has been misconstrued that the DMK preaches separation I have to state with all the force at my command that the DMK is not a party preaching sepa ration It seems to be the other way round Shri C Subramaniam in his speech on the floor of this House spoke glibly about the pattern of sot ing in the Parliamentary elections-North voting for Janata Party and the entire South voting for the Con gress. Inspite of the Allahabad High Court's stigma on her if only Shrimati Gandhi had won in the elections with the majority she has from South. In all probability she might have declared

a separate South India and become its Prime Minister DMK has been preaching for more than three deca des the need for national integration. There is no South or North and India is one country DMK has unflinch ing faith in this

It is being bandled about that there should be a stable Central Govern ment and then only the inter State disputes could be solved emically. North India is afflicted by floods with monotous regularity Similarly there is recurring drought in South In order not only to solve this twin problem but also to foster national integration river Ganga must be linked with river Causery Some people have expressed fears about the enormous sum needed for this purpose But once in this very House Dr Ram Manobar Lohia has referred to the need for the creation of a taud army We have got more than enough man power in this country The labour emptoyed for digging canals in different States can be given food and clothing They can be assured of 4 acres or 5 acres of land on the banks of canals dug by them Naturally they will work with all their enthustarm Besides solving the problem of unemployment, prigation and

agriculture will a so get a fillio by this arrangement. The Janata Party Government should pay attention to this scheme in all seriousness

In Tamil Nadu two MISA detentes died in prison. Many hundred, mu t have died in North Indian I suggest that all the bereaved families must be given a life pension of Rs 1000 a mah to the Control Greenment Then call we will e d in mir call by the dead

It is expected that the President's rule must be impartial and honest But in Tamil "adu during President s rule corrup ion and maipractices have multiplied beyond imagination The Congres, people have secured positions of profit during Presidents ru e. The former Congress Mirister Shri Ramaya has become the Vice Chairman of Planning Body of the State The former Minister, Shri Rajajram Naidu has become the President of the Housing Board. Even after the ignominious defent of the Congress Party in the recent elections they are clinging to their eats. Either they muer themselves resign or they must be pushed out by the Central Government.

Many have referred to perfidious role of the Governor of Tamil Nadu, Shri Sakhadia, who is reported to have resigned. The Congress Mem bers reem to have become his staunch defenders in this House. It rumoured that he is likely to become the President of the All Indian I alsonal Congress. At the time ef elections he went from village to village and compelled the leaders of villages and their followers to vote for the Cororess Dr Handa a promi nent supporter of the Congre s. has attacked his activities during the election. An inquiry must be ordered by the Central Government in regard to his role in the recent elec-

tion. D'IL wholeheartedly wel comes elections to the Assembly in the State and the Central Government murt conduct this at the carliest

With these words, I conclude my maiden speech,

SHRI M **KALYANASUVDARAM** (Tiruchirapalli) Mr Chairman t'us Resolution for the extension of President's Rule in Tamil Nadu I appreciate is inevitable. But, at the same time I will foin the previous speakers in urging that the elections to the State Legislature must be held as early as possible and the elections should be as fair and as free as possible The people must be allowed to have a government of their own choice without any interference from the Centre. This will be the test before the people of Tamil Vadu for the new Janata Government in Delhi The verdict passed by the people of Tamil Nadu recently during the Lok Saliha elections is clear. They have rejected the DMK, and they have also rejected the Januta. That I is why the previous speaker my eview emed friend Shri Asai Thambi was to sober in this House. He was was mg eloquent about national unity about linking Ganga with Cauverl, I base no hesitation in supporting hirt in that demand. They have at least now become wise after thier defeat. If the DVK had not been defeated. whether Chaudhuri Charan Sinch is time here or Shri Morarji is sitting home or Shrimati Indira Gandhi 15 elit ur here noth re can prevent them from fomenting, seperatist and chaurmist slowers. I am proud that my party and the all India Anna DVK stood in the forefront in fight ing spainst their separatist policy

KAI ANASUNDARAM SHRI M He was narrating in this House the suffering, undergone by the DUK people after the dismissal of their Government Some of them may be true or may not be true I am not prepared to challenge them I would sympathise with them if they have suffered because I would not support any action like that But may I ask Shri Asalthambi whether he has for gotten all the things that were done during the regime when his party was in nower How many political murders took place then? Do not try to hide those facts from this House The days of mislead ng this House are over There was a time when 22 members belonging to that Party were sitting here the most eloquent and very effective speakers. All their top leaders like Karunanidhl An bazhagan. Neduchezhiyan were free to campaign as they liked

## SHRI A V P ASAITHAMBI What about Shri Manoharan'

SHRI M KALYANASUNDARAM All the details which the hon Mem ber Mr Asalthambi mentioned here in this House were placed before the people. But the people rejected them and gave a clear verdict in favour of the progressive alliance and the pol cy pursued by the alliance This is what the Government here should take note of Do not play with the mood of the Tanul Nadu people. For the first time after nearly 15 years the people of Tamil Nadu have joined the mainstream. The Janata wave is there in a different way Please listen to my point seriously I have no note tical motive I am only trying to place some facts before this House for the consideration of the new Ministers After the formation of this Govern ment the DMK is more jubilant than even the Janata Party itself. They are celebrating the victory in the hope that they can hide them \* selves or seek shelter for their crimes

Secondly all the blackmarkteers and hoarders have become very active in the past one week What has happened to cement? The fixed price

in respect of Tamil Nadu (St. Res.) of cement is Rs. 19 20 but you cann ' get a bag of cement anywhere in Tamil Nadu for less than Rs. 30 or Rs. 31 now. This is the position to day. I challenge anyone to contradict me. Thousands of building workers are unemployed. I have visited important centres for two days. All private constructions have come to a standstill. Cement is not at all avail when it is not at all avail when it is not at all avail when it is not at all avail.

Yarn, especially of coarse variety used for making carpets bedsheets and toxels has shot up by 50 to 60 per cent in the course of one week It is not available in the open market Thousands of handloom weavers are starving for want of yarn Such thinge are happening. The prices of edible oils pulses and other essential commodities have shot up The whole sale traders think that their Rai has come and that they will be free to do whatever they like In your anxiety to undo everything that was done during the Congress regime please do not undo the good things that they had done One good thing that they did was to remove DMK from power and to appoint a Commission of En quiry Some other good things have also taken place by way of implementing the 20 point programme especially giving relief to the rural poor and cultivating tenants

Today drought conditions are very serious in my State Even the Cau very delta is drought affected. Three lakhs of acres have remained fallow for three years consecutively The Janata Party leaders are believers in national unity If you want to pre serve the unity of this country bring the people of Tamil Nadu into the stream of national reconstruction so that we may build a new India Whatever may be our political attr tude towards this Government we will not be wanting in our efforts for rebuilding and restructuring the national economy of our country Please take this point seriously

IShri M Kalvanasundaraml

If the Cauvery water dispute was not settled earlier, if the Krishna water does not come to Madras, I will not blame the former Central Government alone, because the DMK Government was the main culprit, Because the DMK was in power, it could not come. Mrs. Gandhi did not announce the decision about the Krishna water suddenly on 15th February. It was there in the Gulhati Commission's report ten years ago. When Mr. Sanjiva Reddy was the Chief Minister of Andhra Pradesh. it was settled that Krishna water would be available to Madras for drinking purposes. That was settled ten years ago.

It is nothing new. The DMK Government failed when they were in power. What is their real demand, How does he explain their attitude regarding the State autonomy and Joint Government at the Centre? They are still pursuing this demand. In Coimbatore, in December 1975. did he not say that if there were elections, Mr. Karunanidhi will be the Chief Minister and if there were no elections, then Mr. Karunanidhi will become the Prime Minister. Is he going to become the Prime Minister of India.? Is it not a vailed threat to separate the State?

The drought conditions are very serious there. I would request the Government to send a team there to study the whole thing. Some lasting benefit must be given. The water table is going below, because there is no water in the river. In the non-delta area, it has gone very low-We are in a very unfortunate position. The whole of Tamil Nedu Is bleeding due to this nusery. There ls no drinking water available in many villages in all the districts of Tamil Nadu. There the sand is so hot and so dry. That is the position of the Tamil Nadu area. Kindly show some mercy to Tamil Nadu. Please do not view their problem from a political angle. Please send a team there immediately so that they may study the whole thing and give them relief immediately. If the Centre gives adequate relief and earns the good will of the people of Tamil Nadu I will have no political jealousy on

Recently, there was a railway accident. The Government is being misled here. When 'I was speaking on the Railway Budget, there was an assurance that the Minister will be very vigilant and he will be able to control even the Railway Board. What is the position? . Does anybody know how that accident took place? Does anybody know the real cause of that accident? West Coast Express Train was running at a high speed. When it was passing through Sevoor station, suddenly, the bogies got derailed and so on. What happened to the passengers and the railway workers who were sitting by the side of the cahin. Thirty people must have been killed. The rallway authorities said that only six people were killed. Today, they have increased the number to nine. Even today, they are not able to tell the truth about the accident. What kind of enquiry is taking place. The enquiry is there to suppress the facts and hide the causes of the accident. There was a warning when the train was in Salem, that is 150 miles away. The driver again reminded that some peculiar noise was being heard. One of the parts of the coach slipped down and was caught between the wheel when coaches derailed, one after another and capsized.

I would request the Government to hold 'a proper enquiry into the causes of the accident. The enquiry by the railway inspection officers is not proper; it will not give you the truth about the accident. If you wast to get at the truth in the interest of the nation to avoid such accidents in. future, you must hold a proper

in respect of Tamil Nadu (St Res)

enquiry Our railways have got a proud record in the matter of accidents

Late Shri Lai Bahadur Shastri had given us an example He was not responsible for that accident natural causes were there But till he resigned

AN HON MEMBER What about Mr Alagesan?

SHRI M KALYANASUNDARAM Let us emulate the example of Mr Lal Bahadur Shastri, not of ir Alagesan

SHRY O V ALAGESAN On a point of information

SHRI M KALYANASUNDARAM I am not yielding Two Members cannot speak at the same time. He cannot interrupt me I will not allow him to interrupt me

SHRI O V ALAGESAN Who is he to allow or not allow me to in terrupt It is for the Chair Sir, on a point of personal explanation

MR CHAIRMAN Since you have referred to him, let him explain

SHRI O V ALAGESAN I placed my resignation in the hands of the then Prime Minister Mr Nehru He advised me not to be hasty. He said "Mr Lai Bahadur Shastri has aiready resigned You do not resign" So, on the advice of that great leader I did not press my resignation. Let the House know it

SHRI M KALYANASUNDARAM I want a thorough inquiry to be made into 'hat accident You send a senior' officer from the Rallway Board and the State railway officer You also depute some genior officer from the Home Ministry It is welcome Let there be a proper inquiry to find out the real causes of the accident so that 175 LS-8

proper lessons may be drawn for the future of the safety of the rail travel This is a very serious matter I want a thorough probe into the matter

With these words I resume my seat

THE MINISTER OF HOME AF-FAIRS (CHAUDHURI CHARAN SINGH) Mr Chairman Sir I am glad to find that the resolution has not been opposed by any hon Member And yet long speeches have been delivered I raised a point of order but I was overruled Perhap. it seems that the hon Members were right in saving what they did The question, however, is whether I can reply to al lithe points raised from fishery development to railway deve lopment and the railway accident The hon Members have covered a very wide field I do not find myself competent to answer all those points raised at such a short notice

I would only refer to three or four specific points that have been made on which the Government can take some action Firstly about the question of drinking water I will see what relief can possibly be extended at the instance of the Government of India as soon as possible. I do not know the extent of the problem But as I have said I will do my best so far as the Government of India is concerned

Secondly some cases of excesses committed during the President's Rule were also mentioned

AN HON MEMBER And also during the DMK's regime

CHAUDHURY CHARAN SINGH Here I am concerned only with the President's rule If specific instances are brought to the notice of the Government, I assure my hon friends there that strict action will be taken An inquiry will be held and if the persons who are accused of crimes and excesses committed by them are found guilty, strong action will be taken against them.

[Chaudhurs Charan Singh]

Another point that was made was about the constitution of the Advisory Committee. I said that perhaps no vich Committee was necessary 2011 ind I was wrong It is, a statutory Committee I understand that the Home Ministry has already taken necessary steps in the matter and con a Comm tee will be appointed

how there is a question about Hinds. Some of my friends have imported theat into this question but that heat was imported unnecessarily. This Government has abolitiely no mitention of imposing. Hinds on any State or Union Territory.

Now so far as elections are con cerned the Resolution itself says that the elections will be held with n a few menths. Supposing I had said in the Resolution that they will be I eld within three months or within four months or 's early as possible I think matters would not have im proved thereby I have already committed myself to the statement that the elections will be held with n a few months and the term few months can include a period of two menths to four menths also. I am ready to amend the words of the Resolution to read as soon as possi hle' if that will satisfy the Hon Members.

So far as the fairness of the elections is concerned, this question need not have been raised at all. We our selves have been victims of unfairelections I therefore assume the Members there that so far as we are concerned, we will do our best to see that the elections are fire and fair

how I may say that in as much as the people of Tsmil Nadu will soon be in charge of their own destiny perhaps ro emotion need to spent over this issue any more. With these words, I hope the Resolution will be secrepted, by the House SHRIMATI PARVATHI KRISH

garding closures and so on. Will the
Consultative Committee be formed
soon and these matters be referred to
them, as these are of extreme
urrency?

CHAUDHURI CHARAN SINGH The Consultative Committee is being formed very soon

MR. CHAIRMAN The question is That this House approves the continuance in force of the proclimation dated the 31st January 1976 in respect of Tamil Nada, issued under article 356 of U. Constitution by the President for a further period of one year with effect from the 10th March, 1977

STATUTORY RESOLUTION RE CONTINUANCE IN FORCE OF THE PROCLAMATION IN RESPECT OF NAGALAND

THE MINISTER OF HOME AFFAIRS (CHAUDHURI CHARAN SINGH) The beg to move the following Resolution in the House

"That this House approve the continuance in force of the proclamation dated the 22nd March, 1975 in respect of Nagaland, issued under article 356 of the Constitution by the President for a further period of one year with effect from the 26th March, 1977"

The State of Nagaland came under the Personent's Rule with effect from 2500 March, 1975 the date on which of the Personentian under Article by the Committee of the Personentian of the Personentian was approved by the Lek Sabba on 25th March, 1975 and by the Ralfy Subba on 25th March, 1975 Sance there there extension of .ix months each

were approved The last time the Resolution for further continuance in force of the proclamation in Nagaland for six months, with effect from 26th September, 1976, was passed by the Lok Sabha on 20th August, 1976 The proclamation was thus in force upto and inclusive of 25th March, 1977 The continuance of the proclamation for a period of one year from 26th March, 1977 was also approved by the Rawa Sabha on 1st March, 1977

If the House is pleased to approve and adopt the resolution I have moved. President's Rule in Nagaland can continue for one more year This would not preciude elections being held long before the nemod of one year could expire Government would like to have such elections as soon as the climatic conditions in Nagaland could permit the holding of elections Monsoon breaks out in Nagsland much earlier and, therefore elections would not be possible for reasons of climate in June But we are most envious that elections should be held in Nagaland as soon as possible

I commend the Resolution to this House for approval.

MR. CHAIRMAN There is only one member to speak on this Shrimati Rano M Shaiza She is not here I shall put the Resolution to the vote of the House The question is

"That this House approves the continuance in force of the Proclamation dated the 22nd March, 1975, in respect of Nagaland saued under article 256 of the Constitution by the President, for a further period of one year wit effect from the 26th March, 1977"

The motion was adopted,

CALTEX (ACQUISITION OF SHARES OF CALTEX OIL REFIN-ING INDIA) LIMITED AND OF THE UNDERTAKINGS IN INDIA OF CALTEX (INDIA) LIMITED BILL THE MINISTER OF PETROLEUM AND CHEMICALS & FERTILISERS (SHRI H N BAHUGUNA) Sur, I beg to move\*

That the Bill to provide, in the public interest, for the acquisition of the shares of Caltex Oil Refining (India) Limited and for the acquisition and transfer of the right, title and interest of Caltex (India) Limited in relation to its undertakings in India and thereby to secure that the ownership and control of the petroleum products produced by the Caltex Oil Refining (India) Limited, and marketed and distributed by the said undertakings in India are so distributed as best to subserve the common good. be taken into consideration!

This is a Bill which helps this nation to have control over one of the mos strategic areas of its economy connected with both development and defence The Caltex and the other concerns which are being taken over have been doing their business in this country for quite some time hevertheless, it has been the consistent policy followed by the nation to own and conduct the affairs connected with this sector of our industry through the system of public ownership, that is almost a national consensus a national policy It is, therefore, proposed to take over all these interests. and provision therefor has been made

One thing is true that this takeover is through the agreement arrived at between the predecessor Govern ment and Caltex (India) Limited, and this Government would not like to go back upon that agreement. Therefore, we have brought forward this Bill providing for the same type of compensation as was agreed upon between the predecessor Government and the Calter whose interests we propose to take over I hope that the House will welcome this measure and [Shri H N Bahuguna]

give us the benefit of their advice. Hereafter we have only a tiny company the Assam Oil Company which is outside public ownership. India in this manner, has acquired #99 per cent of its oil industry as publicowned enterprise I hope the good wishes and the cooperation of the Members of this House and our working class the workers and officers connected with this industry, will help us to tide over the difficult situation which we find ourselves in relation to oil and oil products

With these words I commend the Resolution to the House for its approval

#### MR CHAIRMAN Motion moved

"That the Bill to provide in the public interest for the acquisition of the shares of Caltex Oil Refining (India) Limited and for the acq i sition and transfer of the right title and interest of Caltex (India) Lamited in relation to its undertakings in India and thereby to secure that the ownership and con trol of the petroleum products produced by the Caltex Oil Refining (India) Limited, and marketed and distributed by the said undertak ings, in India are so distribited as best to subserve the common good. be taken into consideration\*

HENRY AUSTIN (Ernakulam) Mr Chairman, Sir, I beartily welcome this Bill moved by hon Shri Bahuguna, Minister of Chemicals and Fertilizers My mind goes back to the early sixties when as General Secretary of the Petroleum Workers' Union, we submitted a memorandum to the then Minister for Petroleum representing that all the then existing foreign oil companies such as Burman Shell Esso, SVOC., Caltex etc. be nationalised At that time, some sections of the press craticised the workers for bringing forward such a move They thought that the skies would fall down if these foreign companies were nationalised. GM GIPMRND-PMR-175LS-236-22 4 7-968,

thought that these companies were strong pillars of our economy and without the support of these foreign companies our economy could not be sustained Much water flowed under the bridge since then and every time when moves were made and bills were introduced to nationalise Burmah Shell, Esso and other companies, we had supported them As the hon Minister has said, with this almost 99 per cent of the oil companies have been brought under Government only one per cent is left

Sir I would like to point out that the problems ansing out of the taking over by the Government of these privately-owned foreign companies have not been solved particularly relating to workers In my constituency there was a tin factory owned by Esso when it was nationalised. There were about 150 workers in that factory Consequent on the taking over of that company, this tin factory which was an integral part of the establishment was left in the lurch The workers have been making repeated representations to the former Minister for Petroleum, Shri K. D Malavaya that they may be allowed to continue they are prepared to form a cooperative society to manage that factory in Ernakulam There is a move for selling that factory to some private capitalist. When the workers are coming forward to run this factory after forming a coopera tive society it is incumbent on the part of the Government to provide requisite facilities to enable the workers to run that factory Kindly look into this aspect as also in general to the other aspects concerning employees when you take over the Cal tex Company and see that the workers are given proper compensation, where required, and proper arrangemnts are made for them for employment and other service conditions

# 18 00 hrs.

The Lok Sabha then adjourned till Eleven of the Clock on Wednesday April 6, 1977/Chaitra 16, 1899 (Saka).

#### LOK SABHA

Wednesday, April 6 1977/Chastra 16, 1899 (Saka)

The Lok Sabha met at Eleven of the Clock

[MR SPEAKER in the Chair]

ORAL ANSWERS TO QUESTIONS

MR SPEAKER Before we take up the Question-Hour, I would like to have the co-operation of the hon. Members

There and twasty questions on the Question List If you want a large number of questions to be answered them you must confine yourself to one or two supplementaires only But if you are going to ask quite a number of supplementaires, then only two or three questions will be covered in a day

SHRI DINEN BHATTACHARYYA. It all depends upon the ments of the question

MR SPEAKER If you want I do not mind but only one or two questions we can cover in a day If all of you get up it will be difficult and also very embarassing to the Chair Therefore I would say, let us have only two supplementaries in regard to a question

Shri Dinesh Joarder

#### Government's Policy towards "Samachar"

+

2

\*21 SHRI DINESH JOARDER\*

SHRI S G MURUGAIYAN
Will the Minister of INFORMATION

AND BROADCASTING be pleased to state

(a) whether any change regarding

(a) whether any change regarding Government policy towards "Samachar" News Agency is contemplated, and

(b) if so, the main features thereof?

THE MINISTER OF INFORMATION AND BROADCASTING (SHRI L R. ADVANI) (a) With a view to safeguarding fre-lom of Press and ensuring that there is no monopoly in the news agency operations Gov eriment is griving a tresh look to the entire question of pollpy regarding 'Samachar' Kews agency

(b) Does not arise

SHRI DINESH JOARDER I am glad that the Government is going to have a fresh look at the policy and the functioning of the Samachar News Agency

I would like to know from the hen Minister that in view of the last 19 or 20 months of emergency and the manner in which these News Agencies like PTI, UNI and other agencies have been merged towether and forrible sand coverview inseasures taken to unity these different news agencies into one Samarchar News Agency and also the repression and atroctiles unlesshed on the journalists, particularly, reporters of the news agencies, I want to know from the Minister as I want to know from the Minister as

to have many of them have been the victims of these repressive measures of the former Congress Government and how many of them have been ar rested under the MISA and the different punitive measures taken against them? I also want to know

MR. SPEAKER Too wide a question-what is the number of people arrested and all that does not arise out of it

SHRI DINESH JOARDER What action do the government propose to take to safeguard the journalists from any possible future atrocities?

SHRIL K ADVANI Mr Speaker Sir as you have pointed out, the question pertains to the re-organization of the Samachar Of course the course of what has been happen ing about the amalgamation of the news agercies if there are any cases of victimisation, the Ministry has always been prepared to review and take the necessary remedial steps in that regard Government have no intention of conducting any roving in quiry into the matter But if specific instances are brought to the notice of the government they will certainly be looked into

SHRI DINESH JOARDER I would like to know from the hon Minis er when this policy with be reconsidered whether they wilt also consider how these small and medium news papers and other journals can have the supply of news items from news agencies at a cheaper cost and what other machinery can be set up for the supply of news items to different newspapers all over the country parficularly regional language newspapers.

SHRI L. K. ADVANI It ts the Government's policy to protect the interests of the small and medium newspapers and in the scheme of re organisation which we may undertake this will certainly be taken into account.

DR MURLI MANOHAR JOSHI IS the Government thinking of setting up Press Advisory Body so that democratic norms be established between the Government and the Press?

SHRI L K. ADVANI The question relates to the wide freedom of press in the country The Ministry is pre sently seized of the entire issue

So far as the main issue of Sama char is concerned. I hope to make a comprehensive policy statement before this session ends

Benist of Advertisement to certain Newspapers etc.

DINEN RHATTA-\*22 SHR1 CHARVA Will the Minister of IN-FORMATION AND BROADCAST-ING he pleased to state

- (a) names of the daily, weekly and other periodicals to whom advertisements were suspended by the former Government, and
- (b) whether the suspension orders have been cancelled?

THE MINISTER OF INFORMA-TION AND BROADCASTING (SHRI L K ADVANI) (a) A list of newpapers whose advertisements remained discontinued as on 20-3-1977 is laid on the Table of the House (Placed in Library See No LT-1001-

(b) Each case is being examined on merits for revocation of the sus pension orders especially those issued on political grounds Orders in 61 cases out of 100 have already been reviewed and rescinded

SHRI DINEN BHATTACHARYA May I know what is actually the basis of review or what are the points that are considered while reviewing these cases?

SHRI L. K. ADVANI As I bave already stated in my reply, where it seems almost obvious that the discontinuance of advertisements to a newspaper or a lournal has been rolltically motivated or was because of the independent views of that paper, the review has already been done and orders have been rescanded. It has not been difficult to see that the status quo an'e as existed in June 1975 is restored. But I may point out that in certain cases where the stonpage of advertisements is because of the currilous cortent of any paper, there the Government would have a different view Therefore, out of 100 cases that were brought to me till now, in \$1 cases orders have been recipied

SHRI DINEN BHATTACHARYA May I know whether the list that has been given here is complete? So far my knowledge goes the monthly papers to which the advertisements come from the Government agencies were stopped 'EK SHATHE' is one such Bengali Journal published by a women organisation in West Bengal There is another paper called JAISHRI May I request the Minister to look into the cases of the papers in whose cases ban was imposed by the previous Government? Will he see that these cases are looked into immedietely and necessary steps undertaken to sanction advertisements to these papers

SHRI L K ADVANI I would be grateful if any hon Member points out specific cases I will certainly look into them

SHRI M RAM GOPAL REDDY Man is a political animal. The Minister is a politican. May I know whether he is going to rise above politics and to do justice to every paper in the country?

SHRIL K. ADVANI We are committed to the policy of not discriminating against anyone on political grounds

DR. SUBRAMANIAM SWAMY May I know whether some newspapers were driven to the stage of storvation let alone not being granted advertisements? I can quote the example of Motherland for Instance May I know whether the Government is going to make amends for the action of the prevous Government which drove such newspapers to extiretien? Also may I know whether the Government will institute an inquiry into the whole action of the previous Government vis-a-vis the Motherland?

not been included in this number Actually, this number will run into several thousands in the whole of the country I would like to know whether the government proposes to enquire into the details of the cases which are pending against them and what is the immediate step going to be taken about these cases?

CHAUDHURI CHARAN SINGH My reply is hased on the information supplied by the State Governments If the hon. Memher wants I will make further enquiries from the State Governments.

SHRI PRADYUMNA BAL Mr

Speaker Sir I bave personal in

formation as I have enquired into these cases as a member of a committee two years back that physical atrocities by the police and executive authorities were committed on the hody of these presoners. We found marks on their hodies. Hot iron plates were put on the hreasts of a woman prisoner who was housed in Korsput jail. Her hushand was also tortured who is also in Koraput rail I would like to know whether enquiries will be made into such cases and the guilty punished Some of the so called Naxalites have been killed in cold All this ment investigation.

MR. SPEAKER The Home Minister has already said that he will make further enquiries

SHRIVATI PARVATHI KRISH-NAN I would like to know from the hon, Minister in the context of the conditions in which these prisoners are being kept whether instructions have heen issued that they should be readed as political prisoners and given proper treatment. Seconally, those cases which are pending whether they will be released on parole and given bail so that the conditions under which they are suffering are ameliorated? CHAUDHURI CHARAN SINGH I have already said that instructions are heing issued for their release As such, no further question about their treatment arises

SHRI KRISHAN KANT May I know from the hon. Home Minister whether he will enquire into the whole situation as the reply he has got from the State governments was because of the word 'detained' and not 'arrested under various charges' There are thousands of people in prison on whom cases are being conducted for the last about ten years and the eases have not progressed much. In this connection may I also submit that because of the policy of the new government and the situation in the country whether his attention has also been drawn to the Resolution pased by CPI(M L) ca the 1st April, which shows that they are trying to abjure the application of violence and they are saying that CPI(MLL) is eager to participate in the democratic processes and eager to participate in the coming elections In view of the new atmosphere they have created, will they see that the leadership of all the parties is released so that they can join with all of us to fight the wrong forces and join the mainstream of Naxables?

MR SPEAKER The latter portion is not necessary as part of the question.

CHAUDHURI CHARAN SINGH Am I expected to give a reply to the how. Members'—There can possibly be only four estagories those who are the control of the contro

in regard to these gentlemen.

May SHRI JAGANNATH RAO if I know from the hon Minister if a reference has been made to the Government about it number of Naxalites in Orissa praof sons including those against whom s some cases are pending because Naxalite activities in Orissa are on the border and I know in the Koras put district some Naxalites are in " prison I want to know whether any reference has been made to Orissa Government and what is the reply of the Orissa Government, because the hon Minister has said that the i information received from the State Government says that none from orissa seems to be in jail

CHAUDHURI CHARAN SINGH I am having queries made from all the State Governments

DR BALDEV PRAKASH would like to know from the hon Home Minister that he has just said that in case of violence State Governments have been asked to ex-But we pedite the investigation know that the cases of violence have falsely fabricated In those cases the Union Government will take universal steps to institute an independent Central enquiry to go into cases whether they are false cases or even those false cares were against us when we were put into So what steps the Central Government will take to investigate whether those cases are false cases or true cases of violence had happened

CHAUDHURI CHARAN SINGH It is only the courts which will be able to decide whether the cases are false or true. In such cases which are under trial. Government cannot possibly appoint any other authority to decide whether they are clusily guilty or not. It is for the courts to decide. I can only say that the proceeding authorities will take notice of the attitude of the Government but we cannot say to them that the cases be withdrawn which, perhaps, the courts will not allow and there may be fresh juvestigation for them

SHRI L. K. ADVANI There have been some representations made individually I propose to meet the association people and other artists

also shortly after the session is over I have been trying to acquaint myself with their problems. categorised the three main problems that were there for a long time. By and large I can say that today the staff artists, broadly speaking, are on par with other government employees, the main difference being with regard to pension. They are not eligible to pension as government employees are, but that is in a way compensated by the gratuity provided to them. On that point also there are some grievances and they would be looked into

Enquiry into the behavior of Press Censor Officials

\*26 SHRI KRISHNA CHANDRA HALDER Will the Minister of INFORMATION AND BROADCAST-ING be pleased to state whether the Government propose to institute an enquiry into the methods and behaviour of the press censor officials while censoring the newspaper manuscripts, in various States?

THE MINISTER OF INFORMA-TIOV AND EROADCASTING (SHRI L.K. ADVANI) There is no proposal for a general, formal enquiry if however any specific complaints are made they will be enquired into

SHRI KRISHNA CHANDRA HAL-May I know whether the government is aware of the fact that the Ministry and the Chief Censor Officer issued directives from time to time and whether those directives will be placed on the Table of the House? I also want to know the names of the papers and journals which were forced to stop their publication as per those directives I also want to know whether the former Information & Broadcasting Minister himself intervened through his officers to ensure that the news of the attack against his rival candsdate Shri Kaushik and his suppor ters was suppressed by the local press at the time of the election and if so whether the government would enquire into the conduct of the former Information & Broadcasting Minister during the period of the emergency?

-

SHRI L. K. ADVANI I have ro objection to laying on the Table the guideline, that were issued by the emsors to the press I will try to get a full and comprehensive glimpies into the working of the censorship machinery About the case just cited I am aware that some news which related to the attack on the rival candidate in the election was rought to be suppressed and some action was taken to remedy it

SHRI KRISHNA CHANDRA HAL-DER He said he would lay the guidelines I asked about the directives

SHRI L. K. ADVANI The purpose of the question would be served if we have a view of the guidelines I would have to go into the directives in detail. There have heen as large number of directives and directions, many of them orally and a fewof them in writing. This Governments position is, that ceansorship nolonger exists. All the guidelineshave been withdrawn and the entiresect-up also has been in a way wound up.

SHRI KRISHNA CHANDRA HAL-DER My second supplementary is

MR SPEAKER You have already put it Mr Kundu.

SHRI S KUNDU During the period of emergency, we passed throught an era of aggressive publicity launched by the then Minister of Information & Broadcasting

AN HON MEMBER Prime Minister SHRI S KUNDU During that black era the free arm of the press was systematically and deliberately twisted and the censor was used as an evil instrument The I&B Ministry used the entire instrument of information & Broadcasting the censor the TV the press to propogate hes and untruth which even Goebbels will fight shy of doing Now, the hon, Minister said about the guidelines. Some cansors in order to please the Ministers and the Prime Minister did something which was not covered in the guidelines. There are so many cases Take the case of The Indian Express, The Statesman, The Janata etc Many language dashes-I do not want to go into that. I would like to know whether the hon. Minister would make an announcement that such cases where even the cen-ors had crossed the bounds of the guidelines would be enquired into and surtable action would be taken condly the hon Minister would kindly assure this House that the entire action of the Information & Broadcastmg Ministry would also be enquired into and a report would be placed on the Table of the House

SHRI L. K. ADVANI I would not deny that in many of the directions that have been brought to my notice. I find that they did not come within the privilew or the guide-lines But in all the cases that have been brought timy notice I feed it has been done under the direction of the Minister at that time

25

PROF P G MAVALANKAR The question relates specifically to the methods and behaviour of the press censor officials. My friend the Minister has just now said that Gov ernment, policy is not to have an overall general review of the entire practice of censor officials. In view of the fact however that the methods and behaviour of many of the press officials involved not only giving orders orally but doing things without even oral orders in order to please the higher ups and prove to be holier than holy what kind of action Government propose to initiate suo motu on the complaints received from press proprietors and editors from reporters and columnists of newspapers weekly magazines etc? I as a writer and columnist was also one of the victims of this kind of obnoxious and ugly press censorship when we were not allowed to print our weekly paper by the orders which did not come to us directly but thro ugh the orders which did go to the printer All these things are required to be enquired into so that not only in my life time and in the life time of the Minister but in the entire life time of the Nation such things do not happen

SHRI L K ADVANI I agree in toto with the hon Member when he said that it should be our responsibility to enquire into obnoxious, and ugly things of this kind which are in a way a blot on the otherwise very remarkable history of press freedom in India so that such things do not occur again Statutory safeguards and even at the administrative level, remedial safeguards are being processed I would be willing to be guided by your advice also

MR SPEAKER It will comeafter the Question Hour

PROF DILIP CHAKRAVARTY I would like to know whether the-Minister of Information and Broadcasting is aware that the Calcutta station of All India Radio was prevented from having Tagore's songs sung from the All India Radio His song Ekla Chalore" which was very popular with Gandhiji himself was prevented from being broadcast by it and the famous poem 'prithvi" was being prevented from being recited on Air Calcutta This was done during Emergency Is the Minister of Information and Broadcasting aware of it? What steps is he going to take? Is the Minister aware that in tune with the India is Indira theory the former Prime Minister's teachings. were being monitored through the All India Radio even a few hours before asking the voters to vote for Congress? What steps are gting to be taken in this connection?

SHRI L. K. ADANI Instances of the type of blacking out of Tagores song "Ekla Chalore as the hon Member has just pointed out have come to my notice. They are very unfortunate We would see to it that nothing of this kind recurs not merely during our tenure but for ever in India.

Advertisements of DAVP and Railways etc to smaller and medium Newspapers

\*28 SHRI SOMMATH CHATTERJI Will the Minister of INFORMATION AND BROADCASTING be pleased to state

(a) whether Government propose to increase the amount of advertisements of DAVP, Railways and other public undertakings to smaller and medium newspapers, and

(b) if so the quantum of increase in terms of money to be paid for the advertisements to those papers?

THE MINISTER OF INFORMATION AND BROADCASTING (SHRIL L & ADVANII) (a) and (b) Advertisements are released to newspapers to meet varying publicity requirements and not as a measure of financial assistance. But remaining within these limitations, small and medium newspapers particularly those published in Indoen languages will be used for Government advertisements on an uncreasing scale. The question is therefore being locked into in detail.

SHIN SOMNATH CHATTERIER
The hom Minister said that advertisements are not to be given for financial assistance. But in a country
where the bigger newspapers are
controlled by the monopoly bouses,
is it not the Government's policy to
encourage the small and medium
newspapers and young journals?
How do you expect them to Increase
their circulation without assistance
from the Government through the
medium of advertisements which
183 LS-2

was distorted during the last emergency? Is the Government thinking about laying down some policy or norm to help the distribution of advertisements in a fair manner?

SHRI L. K. ADVANI As I bave said it connot be simply for financial assistance. Otherwise, advertisement becomes an instrument of political patronage and political leverage, which the Government does not want to do. But within these constraints, Government would like to evolve a policy which might include a measure of weighbage In the ease of smaller and medium newspapers particularly those which are in the regional languages.

SHRI SOMNATH CHATTERJEF In so far as the assue of advertisements to regional papers or weeklies is concerned so far as Calcutta weekly Jansakts is concerned, although the DAVP has withdrawn she suspension order the Railway Board. and other authorities are not issuing the advertisements to it? Will the Minister kindly look into that? Secondly what is the quantum of advertisement given to a journal called Surva, which has got an arti-ficial growth? What was the financial assistance given to this journal, which is nothing but a by-product of emergency?

SHRI L K ADVANI There are two cases one in which it bas been pointed out to me that railwaynd-vertisements are not being given to a paper I will look into it So far as Surya is concerned I need notice

SHRI K. MALLANNA What is the policy of the new Government regarding advertisements of the DAVP to the monopoly press?

SHRI L. K ADVANI We have a positive policy in this matter, not a

negative policy, and that positive policy is to see that in the matter of giving advertisements, the small and medium papers, particularly in the Indian languages are in a way favoured

CALTEX (ACQUISITION OF SHARES OF CALTEX OIL REFINENC (IN-DIA) LIMITED AND OF THE UN-DERTAKINGS IN INDIA OF CAL-TEX (INDIA) LIMITED! BILL-

contd MR. SPEAKER We will now take

up Item Yo 15 for consideration SHRI O V ALAGESAN (Arkonam) Sir I welcome this Bill brought by the Minister for Petroleum Shri Bahugunan It concerns an area in our economy which is both erucial and strategic. This is the culmination of a process that began quite some time ago Over the years there has been a demand in this House and also among the public that the three foreign refineries should be nationalised. The two bigger ones of the three refineries have already been

nationalised and now the proposal is to take over the management and ownership of the Caltex Refinery

12 16 hrs.

[KUMARI ABHA MAITI in the Chair].

Now these refineries were established in the early 1950s and there was an agreement that these refinerses shoud not be nationalised before the expiry of 25 years. Now, it is because of that that an agreement had to be entered into for the takeover of the three foreign refineries What the previous Government has done is being continued and, in this connection, I would like to say that when these foreign people were invited to establish refineries in India, the country bad absolutely no oil technology and so we invited them to come here and set up their refineries. But now we have developed our technology, we have increased production and we have increased our refining capacity-which is more than even the consumption requirements of

the people today This is not a small achievement. It is not a small achievement, in a period of 25 years, to be in a position to say good-bye to the foreign refinery owners and to have acquired the position where our technologists are in a position to go to other countries and establish refineries and offer technological assistance. It has be admitted that this is not a mean achievement. When Is say that this is the achievement of the Congress Party, I do not deny the part that the Prime Minister has played in our Party. It is unfortunate that the Finance Minister should have disowred everything that had been done before and denied the economic advantages that have accrued to him at the time of his taking over. He might have done it out of pique or pettiness, but from the national point of view, it was short sighted. I would like to cite an opinion from a reputed magazine. The Economist of Londor; it is neither for the Congress Party

nor against the Janata Party This is what it has to say on the inheritance of the Janata Government in the economic field—this issue is dated March 25, 1977

For all its inbuilt political con flicts the Janata Party has for fewer economic constraints to worry ab out than previous governments. The foodgrain buffer stock stands at 18 m tonnes and foreign exchange resolves at more than three billion dollars Thus the two bregest hardles to development have been a ercome. Shortages of raw mate rials transport and power have also largely disappeared Exports are rising by 30 per cent and industrial growth by 10 per cent this year It is a good inheritance. If properly managed it could be the basis for a successful assault on poverty and unemployment

This is what a neutral magazine has said about the inheritance of the present Government, as to what the previous Government has achieved

The atory of Bombay High is a miracle story and I wish that the present Minister who is known for his dynamism, pushes forward the progress that has already been achieved and tries to produce more and more of crude both on and of shore because we are in a very tight posttion with regard to supply of crude The import bill of grude which was less than Rs. 200 crores some years ago owing to the rise in prices of crude in these years has gone up to about Rs. 1 200 crores. So we have to hasten exploration of oil the search for oil both on and off shore and see that this deficiency is made up as quickly as possible I hope under the present Minister we will achieve self sufficiency in crude production, so that we need not depend on others It is a large out go of foreign exchange—to the tune of Rs 1,200 crores-which this country cennot afford

Because of the five-fold increase in crude prices the prices of petroleum products here in this country have gone up Several Committee have gone into this question I would appeal to the hon Minister to see whether the prices of these petroleum products like kerosene petrol diesel and also cooking gas can be brought down by any means I know difficulty. This is because the prices of crude are going up and threatening to go un further Under these circumstances, it will be a tall order to ask the Minister to reduce the prices to any considerable ex tent but still I would request him to pay his attention to this aspect, and see if it would be possible for him to reduce the prices especially of kerosene which is used by the poor people of this country

We have a programme for expansion of refining capacity. We have undertaken to establish a second refinery in Assam at Bongaigaon we are going to almost double the capacity of the Koyalı refinery and we propose to establish a new refinery at Mathura As far as the expansion at Kosalı is concerned and the second refinery in Assam is concerned I have nothing to say but I would I ke the Minister to consider my sugges tion that it will be more profitable to have refinence on our coasts than inland In fact the crude that is proposed to be taken to Mathura would be landed at some place in Saurachtra and would be taken through the I would like the Minister to examine my suggestion whether it will be more economical and useful from various points of view to have coastal refineries instead of inland refinertes In that connection would like to plead that since you are taking over Caltex Refinery in Visakhapatnam on the east coast expansion of that may be considered You have to plan more and more refineries in the country to meet the growing demand Now the demand has been artificially contained hecause of the high prices of crude and

(Shri O V Alagesan)

setroleum products I think fast ear the rise in demand is about less han 2 per cent It you allow consumpt on if proper price levels are maintained, prices are reduced consumption would go up by not less than 5 per cent every year You have to plan for more refineries and there I would appeal to you to plan refineries on the coasts Shri Biju Patnaik who is sitting by the side of Shri Bahuguna is a very dynamie person and he brought into existence the Port of Paradeep But for his perseverence and dogged action that Port would not have been brought I would suggest a into existence new refinery in that place and another refinery in Tolicorin which is fast developing into an important industrial centre You will certainly expand the existing coastal refineries in Madras and Cothin and If you think of the refineries on the West Coast barring the two refineries in Bombay which have already been taken over you may think of Gos as a very suitable location It is necessary that the refining capacity should be increased and that way we should have the necessary crude for feeding these indigenous refineries. That will help us to reduce the import bill not only that it will reduce our dependence on other countries which may vary their policy in times of crisis It is absolutely necessary that we go in for more energetic and more intensive exploration of oil. Several regions like off shore Cauvery Orissa Off shore region and Off-shore Kutch region have been leased out to foreign companies For the present the hon Minister is engaged more in politicking If he diverts part of his attention to these things he will achieve miracles

So I would once again appeal to the Minister to look into these matters. I know he has just taken over but during the next session of Par hament I hope he will come with a policy and action that he proposes to pursue

I welcome this Bill and give my support to it

SHRI DINEN BHATTACHARYA (Serampore) I could not welcome this Bill fully It is a backlog imposed by the previous government on Why don't the present government you call it a negotiated purchase? It is neither nationalisation nor takeover You will be astonished know how long the negotiations continued I have heard Mr Malaviya spoke here on so many occasions and everytime coming and eaying We are taking active measures to take over all the oil companies including the Caltex, both refining and marketing After all it is good that as soon as this new government took up the responsibility it has come forward with the Bill and Mr Bahuguna able no doubt he is has brought it in this session But I will request him to at least look into this Bill and its full implication

Why have you decided to pay compensation to a company which has looted our country so long and so much? You are paying Rs. 13 erores as compensation

AN HON MEMBER More than that

SHRI DINEN BHATTACHARYA then you are also taking up the responsibility of paying their taxes Why? My question to the Minister is Why? Why cannot you take it over and tell these people 'You have taken enough money What was your total investment and how much money you have repairsated to your own country by way of exploitation which was allowed by the previous government during its last 30 years rule" I do not know on what basis the compensation was assessed Mr Malavlya took so many years to calculate and find out as to what are the assets of these companies How do you arrive at

this figure? Why do you take up the responsibility of paying the taxes due by these companies to the government including income-tax and wealth tax? Why? That is my question to the Minister to at least satisfy not thus House alone but the whole country also

The whole country looks to you that you will at least initiate a new policy in this matter. We want to be self-rehant so far as the petroleum products are concerned. My friend Mr Alageran war telling as to why the prices of petroleum products have gone up Don't you know the actual price of crude and the refining costs? And what are the taxes you are levying? I know because I have some connection with some automobile industries I know the condition of the automobile factories. Why are our cars not being sold in the market? It is because of the increase in the petrol prices And then our poor villagers are suffering for the abnormal increase in kerosene prices Madam Chairman, you come from West Bengal Do you know the actual production cost of one litre of petrol? If you calculate it will be Rs 120 But what is the price in the market? It is Rs 140 in cities

THE MINISTER OF STEEL AND MINES (SHRI BIJU PATNAJK) That is the posted price

SHRI DINEN BHATTACHARYA What is the amount of taxes you are levying? If you reduce the faxes automatically, the price will cone down I would request the Covernment to at least look into this matter

The Members on the Opposite side are laughing. They wanted to reap the harvest Now, Mr Barus comes and laughs at it and says please reduce the cost. When we were previously asking liftin in this regard everytime the then Gosternment came up with a statement that they could rot do that. I have been in the Lok

Sabha since 1962 Mr Chavan is also sitting by his side He was the Fin ance Minister at one time. He also took the steps to impose abnorma rate of excise duty.

My second question is regarding the employees I know thousands of employees in Caltex were retrenched when the computerisation was introduced by this foreign company Cacutta stself from their Head Office hundreds of employees-clerks and others-were retrenched and they have not been provided with any alternative job Many of these emplovees are still without a 10b They are not getting any alternative job anywhere Their cases may kindly be considered sympathetically it will be better if you can provide them with sob in these taken over companies

I have already mentioned about the higher rate of profits earned by Caltex In the post they had already repatriated crores of rupees Still they will be a hang over on you on this new Government After all the total amount may be taken into consideration What are their total assets? I do not get any hint either from your Financial Memorandum nor from the Statement of Objects and Reasons I know that this is the fault of the previous Congress Government who baye been boasting about ushering an a big socialist I say the calculations for knowing the assets of the company could not be made for the last so many years The whole matter is most surprising

Shri Alagesan has mentioned that for crude we have to depend on the foreign suppliers I wonder why? Why did their Government (Cenvors) lake up measures prompily so far so off-more drilling and other exploration works are concerned? So far as West Bengal is concerned you abandoned the idea of off-short exploration. Some experiments were made over three spending lakin of rupees.

(Shri Dinen Bhattacharval I do not know the result. We have not been informed about that so far

Calter (Acq. of

I would appeal to you to kindly look to this matter at the earliest so that we may be releived of the exploitation by this foreign big oil monopolist even for on-shore and off-shore exploitation.

I know that if you make a serious attempt you will succeed. You will get all cooperation not only from us. but from the people of the whole country Lastly I request you to look into the tax structure of the petroleum products and the kerosene products to that the people could get these things at cheaper rates

PROF R K AMIN (Surendra nagar) I have moved an amendment to omit the words free of incomestay? Was this Bill prepared by the previous Government, before this Government came into power? Has this been kent without any change by the present Minister? How is it that this clause has been allowed? Is it by some contrivance? I say this because civil gervants in their negotiation include such things though it may not be the policy of the Government When you say 8 per cent income-tax free, the effective rate becomes 13 per cent. Is there any loan raised by Government of India in regard to which interest as paid at 13 per cent If not, then this is inconsistent with the Government policy So, this should be examined and enquired into as to who did this?

SHRI CHITTA BASU (Barasat)\* This Bill provides for cent-per-cent acquisition of Caltex India Ltd. So far as the proposition of taking over of the assets is concerned it is a welcome move But it is surprising to know that this take over measure is not in keeping with the professed ideas of the Minister concerned. Caltex is one of the three big foreign oil companies functioning in this country for a long time. This foreign oil company in this country did not really allow us to develop our own national economy petroleum Petroleum in dustry occupies a very strategic position in the national economy of our country It is related to the deve lonmental projects of our country It is also vitally related to the defence of the country Self reliance in the petroleum industry can hardly be over emphasised That being the case the previous Government during the long period of there years have not really need proper attention for the attainment of self-reliance in this respect. The foreign companies were allowed to repairiate huge sums of money from this country by way of loot and plunder of our national economy was in the fitnes of things that the present Government should reverse that process

As far as the attitude of the previous Government goes, they were to woo the foreign private companies' investment in this country They widely opened the floodgates for the multinationals in this country Their policy was not to restrict the foreign invest ment in the country The policy of the previous Government was also not to attain self reliance in this country (interruptions) Sir, it is amazing to note that the present Government is also following in the footsteps of the predecessor Government, I know that it is a fust accompli for the hon-Minister Negoliations were not conducted by Shri Bahugung. And the agreement was also not finalised by him The agreement was entered into by the previous Government and he is just following it up

Madam Chairman, while making this comment I also want to know from the hon, Minister whether he is examining the economics of the Caltex to know what was the actual invest ment of the Caltex in India and what was the total amount repatriated by them during these years. So far as the economics of the foreign company as well as its performance is concerned, it would be evident from

the fact that their repotriction has been already of a big order. I have got with me the figures in my posses sion to show that in the year 1963. these three foreign oil companies had repatriated a sum of Rs 100 crores annually That being the case the general pattern of the foreign oil company. Caltex cannot be an excen-

So far as Burman Shell is concerned. I have got my figures to show that they have made an investment of Bs 67 crores They have repairlated about Rs 30 crores This is the general nattern of exploitation or look of the foreign oil companies that are operating in India Therefore I strongly disapprove of the idea of paying such a huge amount of money of about Rs 14 crores by way of purchasing their essets It would only mean the negation of the national policy It is not justified

Therefore, even at this stage, I ask the Government of India to reconsider this proposal. In this connection. I would only refer to Dr Tanzar, a well-known petroleum expert as to what he says namely that India should not maken all foreign oil re fineries and pay no compensation. He further says that considering the enormous profits they have made these companies deserve no compensa tion May I draw the attention of Shri Bahuguna to the example set by the Chilean Government with regard to the International Copper Company? It is in the fitness of things that the Janta Party should also follow the example set by the Chilean Government in the matter of nationalisation of the International Copper Company in Chile It was the expectation of the people the desire and expectation of the country as also this House And during the past few years we had always collaborated and sur rendered ourselves to the interests of the foreign investment in our country Is at not the time for you to rise up and say that India belongs to the people of India and we want to build

Undertakings) Bill a national self-reliant economy and India will not remain an arena of expleitation by the oil cartely

Madam Chairman in Clause 11 the Government proposes to reserve the right of altering the condition of work and service of the present employees. It might be necessary to bring about further changes but that should not be to worsen the condition but for betterment of the life of workers already employed there May I seek an assurance from the bon Minister that if alterations are necessary they will not be to the disadvantage of the workers who are already working under Caltex India Ltd.? May I also have another assurance to the effect that the government will improve upon the condition of the workers there?

SHRIMATI PARVATHI KRISHNAN (Combatore) Madam Chairman I welcome the Biti to take over this foreign concern particularly in the petroleum Industry which is extremely important for our national economy At the same time I have my reserva tions and I would like to say that the amount of compensation that is being hald is very high as here is a foreign company which has derived tremendous profits by exploiting our country Earlier also I have maintained that the compensation amounts that are heing doled out to the foreign com nantes in this country should certainly not reach phenomenal proportions

I am quite aware that the Minister himself does agree with me on this point All I would like to request him is that when Parliament thought fit to amend the Constitution and give further rights to Parliament in the matter of compensation to foreign companies please take that out of the cold storage and see that you make futi use of it In this connection may I also point out that in the process you may not throw the baby out with the bath water Keep what is good. There were good legislations in the past 30 years and there have been

I would appeal to you to kindly look to this matter at the earnest so that we may be released of the exploitation by this foreign his oil monopolist even for on-shore and oif-shore exploitation.

## (Shri Vinodohai B Sheth)

The House is ignorant about that I would request the Minister to tell the House how this figure of 13 crores has been arrived at

There is another clause which relates to take over by the Government the premises of the employees of the Caltex company This clause is legally unenforceable, morally unjustifiable and socially callous. We cannot take over the premises of the employees who come from the middle class families The Government has no right to interfere with the contractual agreement between the company and the employees The employees have not purchased these flats from the company They have purchased it from landlords The company have not even given loans to the employees They have taken loan from outside and paid interest on that. Some have purchased these premises in the name of their wives. In case of divorce, there will be difficulty for the Government in allotting the premises Therefore I would request the hon. Minister that this section 72 should be omit-'ted or deleted from the statute think all the cases should be looked into. There should not be any discrimination among the employees of three companies ESSO, Burmah Shell and Caltex, and they should be given justice

SHRI VAYALAR RAVI (Churayinkill Madam, Chairman I welcome this Bill. This is the baby of the old Government which Mr Babuguna is -carrying I do not want to discuss the policy but I am sorry the ruling party members still have anti-Congress feelings in their minds I wish to tell my friends on the treasury benches that the Congress Government never ignored the petroleum industry Everyone knows that the previous Government had a definite policy on petroleum When the US experts carce in 50s and gave their opinion that oil sould not be found here, the then Government of India refused to accept their advice and they went back I agree that Soviet experts did find oil in Assam.

In 1961 the production of indigenous crude was 0.45 million tonnes, it has gone up to 68 million tonnes in 1971-72 and to 75 million tonnes in 1974-75 Mr Chittl Babu will underetand this

AN HON MEMBER What about imports?

SHRI VAYALAR RAVI We Imported 7 million tonnes in 1974-75 the share of these two foreign com panies-Caltex and Burmah Shellhad been reduced considerably Against their import of 29 and 11 million tonnes it has considerably gone down in 1974-75 to 12 and 048 million tonnes So the Government was able to reduce the import of crude oil by these foreign companies in 1974-75 It is true that we have to depend upon foreign crude because our indigenous production is not enough, and we have to spend Rs. 1200 crores in foreign exchange

If you look at the statistics will find that in 1971-72 it was only Rs 192 crores in foreign exchange It was in 1971-72 that the previous government came to parliament 1974-75 It is Rs 1200 crores. If the OPEC countries in Geneva have done something why do you blame previous government for it! As a result of this attack on the economy, not only India but all the developing countries had to suffer I am not defending the OPEC countries decision I am sorry for the decision of the OPEC to help capitalist countries. That decision did not help the developlog countries in Asia and Latin America. The money earned by the OPEC was put in American banks. Unfortunately it was their decision.

Therefore don't abuse the previous government saying that it had no policy It had a policy We have found oil in Bombay High I hope Mr Bahuguna will continue the process I am sure he has no all-communist mania

Now about the employment and distribution policies. Some refineries are producing crude and petroleum products and selling them to the IOC The IOC employees are getting all the benefits like bonus while the producing units are not getting any benefit at all For example I will cite the case of the Cochin refinery to the Minister That refinery does not have a distribution agency. The agency is the IOC. The issue of paying bonus arose The Cochla reflacty emplovees could not get a single palsa as bonus in 1974-75, because they were told that losses were being incurred Meanwhile the distribution agency employees, viz those of the IOC got a bonus of 20 per cent because of the pricing policy The hon Minister should look into the pricing and distribution policies

We have petrol bunks under the name of Hindusthan and Bharat But the distribution is made only from the production of the Cochin refinery The names are different. The companies have gone Why can't we have a single distribution agency? Let all the petrol bunks be put up by the IOC Let the refineries exist as producing units and let there be another dietalhution, agency it, will, help, us. better The Cochin refinery makes the supply to all the petrol bunks in Kerala and Tamil Nadu The refinery workers will then be benefited In this connection I would urge upon the Minister not to fall into the trap of some of the notes put up When an idea was mooted to increase the canacity of the Cochin refinery proposal was made for the super tanker to come to the Co.hin port. When this idea was mooted by the Petroleum Ministry, it was said that they

can have a pipeline from Bombay to Cochin. This was a funny idea sobotaged the whole programme the government I hope the Minister will be careful about this funny idea

I am pointing out this because the people of Kerala are sore that the super-tanker berth has been denied to the Cochin Refinery The capacity of the Cochin Refinery has already increased and it can refine more crude I think the total capacity of the State sector references is 20 1 million tonnes. It can be increased if the Cochin Refinedy can be expanded and that can be done if you help to establish a super-tanker berth at Cochin If you allow a super tanker berth to come up in Cochin the entire south will will be supplied by the Cochin Refinerv

The employees should be completely protected Government have taken a wise decision to cut down the salaries of the high-paid officials from Rs 10 000 to Rs 5 000 It is a very good decision You must fix a ceiling on the salaries of high-paid employees of the refineries be it the Managing Director or anybody There should be a uniform policy regarding the salary for the managerial and other cadres and the disparity should be reduced between the ordinary worker and the highest paid employee

I agree with the view expressed here regarding compensation Even "hough I whom to the previous Trovernment I am not able to appreciate the agreement under which the Government decided to pay a high compensation and write-off tax arrears I do not know whether this Government can do anything about it Perhaps, they have to bonour the commitments of the previous Government Otherwise Government will lose their credibility I am very sorry that the previous government agreed to such a high compensation and I want to express my regret for it

Shr: Ram Gopal Reddy made a suggestion that we can pay the tompensatron in one lump sum rather than in five instalments. Since our foreign exchange reverse position is very good we can pay it in a lump sum and thus save the interest payment.

While wishing the hon Minister every success in this M mixty which is a very complicated one on account of the foreign exchange Involved I wish to say that the hon. Minister has to look to the interests of all the regions of the country. For instance, Shri Alagestan reference to the Mindrist Refinery and I have referred to the Cochin Refinery.

SHRI O V ALAGESAN 1 have also referred to the Cochin Refinery

SHRI VAYALAR RAVI The hon Minister comes from UP and the Mathura Reinnery is still in disfluctives. I hope that along with the Mathura Reinnery the Madras and Cochin Reinners will also floursh I hope he will give equal importance to all the three reflocines.

I congratulate the hon Min ster and support the Bill

SHRI H N BAHUGUNA Madam Chauman I am beholden to the bon Members who have given their very valuable suggestions while discussing this Bill on the floor of this House My hon friend Shri Alagesan with his vast experence of the actual working of this Ministry has given many suggestions

I can assure him that the location of refineries has got to be infer connected with the availability of crude and the prospecting of crude which is going on both in the Bay of Bengal as well as in the Kutch area. We are not at the journey's end so as to indicate where we propose to put up our new refineries. Obviously they will have to be put up a particular points where crude can be made available. It has been suggested that

it should be put up only at the coast.
But the whole complexion of the
country is such that regional imbalance and many other considerations
have to be taken into account

The consumption point has also to be kept in view Whether we carry crude or petro eum products is a question ultimately of economics and we have to see what is more economic in the over at interests. I can actore you that no other consideration will weigh with this Government, with me, except the wellbeing of the people of this country providing them with the chepseth possible fuel or energy and the location will therefore be deeded on that bairs.

Another point has been raised by almost every speak about compensation to n it is not really compensation. The word compensation has not really compensation of the word compensation has not meaning and therefore 150 and has a more in merely afford the more than the more in the more than 150 and 150 an

I am not one who would say that there has been no perfoleum polity if I may say to. If there is anything to the control of the control of the other says and the control of the other says and the control of the where India has gone shead at a spred and in a manrer which I would say remains a matter of pride for this or any developing nation.

It is another point that mutaker might have been comm thed here and there. Shrimail Parvathi Krishnam was quite right. One should never throw out the baby with the bathwater The bathwater is there I am only trying to isolate the baby from the bathwater. There have been mutakers here and there which have 201 to be

taken care of, avoided, but fundamentally in the sector of petroleum and petroleum products it has been to a large extent a no icy of self-rellance and public or State ownership of the means of production

It was asked how we arrived at this Rs. 13 crores I do not want unneressarriy to present the case as a defence counsel would do-I am not saving everything that I should be expected to say-but the written down value of the assets of Caltex and all those undertakings which are taken over in their books of accounts would be reasonably such as to make us accept this amount as a fair price for the toke-over

My eminent and hon friend who is a leading advocate has raised the question about income-tax and the reason for exempting them from payment of income-tax. He has asked what would happen to penalties to be imposed on Caltex, if any for the past years or the current year So far as the liability of Caltex on many accounts whether it be income-tax or other taxes or duties which are in dispute, is concerned, we have to see that we do not give away the entire amount all at once So we are keeping some amount behind so that over three or four years when their liability ties vis-2-vis the Government with regard to income-tax and other natters are cleared up we have an amount from which we can make the deductions necessary

That is why we are doing it instalments and it would not be possible if we are really to give entire sum to them. I quite agree with the calculations of my bon friend with regard to Vinod Seth His calculations are not wrong and large, they are just a little here and there but they are near the point so much approximating to the actual amount. But the point is that so far as capital gains tax is concerned it is to be done in rupee basis We have

helped them with money and they gave back that money to the Government. It is true that they take away Rs 13 erores, it is not Rs 13-429 Then there would be about Rs 871 crores Obviously it is not intended to reduce the take over price, or the take over cost or money in consideration of take over net is 13 that is you see somewhere or other if the hon Members should like to say I do not want to make it part of the records of the House because we have got still an oil company and I do not want to get involved with them on the pattern this particular pattern I will have to keep in my mind the various views expressed here But, right now if we are to put and present the case in support of all that this Bill contains perhaps it may not be in the national interest. Therefore I want to tell the Members here and assure them that we do not want to give any amount more than necessary and I wish we could withho'd this But the thing has gone to a length where the country's commitment has cone rather far or a irrevocable unless we are to come down upon a policy of expropration or a policy declaring that we shall not pay anybody anything

Shrimati Parvathi Krishnan is quitright in pointing out about 31D regarding the Constitution Amendment Bill which this House had the privelege to pass in the 5th Lok Sabha with regard to compensation. As far as 31D is concerned it is quite right But the point is that unfortunately the predecessor Government never used it for a day never used it for a moment I assure here that we do propose to take it out of the cold storage and make use of it as much as possible and as far as possible fortunately, we cannot deal with either thing one way or the other

My hon friend was talking about the question of Soviet investment do not know much about that far as Soviets are concerned, the basic help has been in the public sector. We have already taken the public sector with us. There is no question of taking over Russian interests except where they are in private companies or I do not know how far they are. The point is that vocalist be came in this country and helped in the basic field in the public sector Others came in various other fields. I am not going into controvers, But we take ever on the same ground or whosever runs that particular industry irrespective of colour.

A point has been raised about the employees and there are two parts of it As far as this particular clause about changing the terms and conditions of the employment to which some of my hon, friends felt disturbed is concerned I can assure them that there is no intention on the part of the Government to change any of the terms and conditions of the em ployment of workmen Instead I give full assurance for the workmen that we do not want to change them but not for those people who are in that category who are not workmen who are supervisory staff and other covenented officers and those who have perks and salary which are not in tune with our total wage policy Rs 8000 including perks or excluding perks is not a salary which I can give to anyone Either that man has got to come down to our terms within our wage structure or I cannot create a special field for this type of people There is no question of hurting or harming any other set of employees.

So far as the employees who were retrenched by the Caltex carlier are concerned if any of them as of any use to us in our new refinerers or in our new organisation, certainly he will be considered end it will be them. Our consider them But in these refine ries or in these particular place where there is no possibility of having computers of work there is no possibility of bright files those very of bright ghem back in those very

places. I am sorry I have to say, with regret no on that score

There has been a lot of talk about pricing policy. We are not talking now on this But with a goodwill on all sides and a good wish on all sides for reducing the prices something can be done But how do we go about? I welcome the suggestion made by Mrs. Parvathi Krishnan of asking the trade unions how to go about it I am requesting her right now through you, Madam, that she may kindly make a working paper for a reduction of oil prices or petrol prices or for matter any price and I am willing to sit with them to work on that econo-The trade unions do know more than what many of us do. I have knowledge of them because I myself have been one of them

My point is that someone has to make a start and do something about it I am quite willing to go into the whole question along with them if they can tell ma how to go about that matter. There are certain things which are invertable in the context of rising oil prices all the world over That has to be kept in mind and I am sure we cannot give unnecestry hope to the people that something is going to happen when we know that the journey has not come to an end in the mat er of self sufficiency in petrolesum or its derivative in

Some hing was said about the rate of interest, why 8 per cent Again I say it is part of the bargain. That is not something which unilaterally the Government has done There has been a bargam struck between Government and the Caltex. Every thing is a byproduct of that bargain-Some people will say Why not the Janata Party Government overthrow that bargain and have a new one" These are not the things which are done by a great nation of ours continuity of Government and the contmusty of the commitment or that matter the credibility of the Government is a matter of great importance and we should do nothing which may in the international world create a scare against the Indian economic system or against the various sort of things that are connected with our economy.

Now though I very much dislike it there are many multi national, in this country They are already here They are in the field of drugs they are in many other fields and in very stratesic fields. Yet I cannot do much about it in 7 or 10 days. After all if somebody has crept in here for the last 50 years or 40 years or 30 years or 20 years one will have to think what to do about it at least for many months We cannot with one ahot say 'Look, you take Re 1/- and go The Constitution says back home that Under the Constitution I will be entitled to take away any industry for Re 1/- No court can challenge that in view of the Constitution Amendment But that will create a situation in which perhaps our society as constituted today is not willing to go nor we are ready for that absolu tely new type of thing which involves many considerations

I cannot create socialism in the Pe troleum Ministry Obviously that is not a hyproduct of petroleum If at · were so I would have done it Socialism is not a derivative of petro cum But I can assure the hon Members one thing Everybody knows my views I am a socialist I do believe in socialism I do believe in public ownership of the ireans of produc tion. We should have more and more of it But I do also believe that we have a democratic way of life have to proceed in a particular manner We have to do many things But democracy is equally important. Therefore we have got to see that we don't do things in heste

One thing more that as was said was about owding I would appeal to, the whole nation to save conding We don't want it to be wasted Apart from other uses the farm and field needs it is a basic jinorgame fertilizer.

In fact cowdung is more precious to me than many other things but today we are wasting a lot of it Wehave to develop a cowdung technology which involves the gas system of cooking for the rural areas It is not the housewives in the towns and cities who really matter in this connection I don't say that they con t matter, they do matter in the eco nomy of the country but the vast number of mothers and sisters of the rural areas are dealing with cooking more than anyone else is doing and it is they who have to be told how to save it Therefore the technology of using cowdung gas for producing food and yet saving cowdung for the farms as inorganic manure has to be persued more and more for which we need the assistance of the Hon Members us well as a deliberate policy on the part of the government to pursue that line and to assist and help those putting up this type of plants

Now Mr Alaresan was quite right when he said that when the refinery was put up there was an agreement made in 1950 that for twentyfive years there shall be no takeover This, in fact is therefore a continuation of the terms of the agreement made at the time of the factory or refinery or particular organisation being brought into this country But I can assure you that it is not a bad bargain spite of the fact that one can say that there could be still less payment to say that they have taken away hundreds of crores of rupees is also not physically correct But I don't want to enlarge on this as I have to deal with one more company in this particular field and many more in the field of drugs and fertilizer But I would say that what has been done has been done in good faith and I smell no rat in it In fact the whole thing was processed under an Ord nance and that Ordinance was public property

Now regarding the employees some Hon Members raised a point about some premises. Some flats in [Shri H N Bahuguna]

187

Bombay-about 29 or 30 of themand some perhaps in Delhi were rented by Caltex and Caltex then them over to the officers as perquisites When we announced our poncy in 1974 (we means the Government of India-and it is a continuing thing whoever may be there) they passed over these flats to the senior empioyees who purchased them out of their hard-earned money, and a number of them-twelve to my knowledge-are occupying these flats even today as owners, and Calter was to surrender the lease I may say that The whole thing was processed even before I became the Minister of petroleum As the Prime Minister said the other day we have been here only a few days and the whole trouble is that it has to pass through so many stages by reason of the requirements of Isw So, even before I became the Minister the Bifl had been processed at all levels and I signed it later on as my baby I accept it, I don't say that there is anything wrong shout the whole thing But as for 7(2) there is really an element of mischief in it. When the discussion comes up on that particular thing at that point I will make my observations, but I can assure wo a at this juncture about one thingthat it is not our intention to throw out these who have purchased there houses from the fiats. We are very sorry that Caltex should have done such a thing and put these people in a quandary

Suppose those officers do not want in our a Where do I put my meet officers? In which premies? I have no house I have to provide a house Therefore I am between the Devil and the Deep Sea Nevertheless whe shall try to find some method by which has can reduce the musched fut this. The mischle is we were taken the never the rights at the employees without providing for any payment without providing for any payment.

thereon. It is true, Constitutionally and legally there is the difficulty; I admit that Suppose we say that we pay them some money in consideration of this particular thing contained in Cl 7(2) or so But I can assure you that by and large, the policy would be not to disturb them, even if we are put to some inconvenience If the law is needed to be changed to that extent I have to go back to my colleagues, I cannot do it unilaterally The thing came up only a day before, some people came to me only a day before in the night at about 900 pm .I did not really have the time I have to consult my colleagues It has to go to the Cabinet Therefore, right now, I would plead patience with the friends who have any difficulty in this and I can assure them that so long as I am at the helm of affairs I make this commitment that I do not propose to disturb these people who have purchased these flats and whose ownership has already been established before the introduction of this Bill II something is done today or yesterday. I am not going to bother. The mischief in the law is there But that will be attracted only if I were to interfere with the rights of that particular person, and I say that we do not propose to interfere with those rights. we do not want to trouble anybody it is not our business to do that am sorry Caltex had played oucks and drakes with us. It was not a correct thing for a company of the standing of Caltex to put us against our own Indian brethren and make this Government face them-Caltex taking all the praise saying 'we gave you this' We know that this happened. The company was going They knew that they did not have to surrender any right. They had no business to surrender any right On that very point I have to talk to Caltex since they have done it They have also to tell me how they propose to do and what they propose to do in the matter I only hope that they are no more doing that Whatever bas happened has happened It is only 12 quarters But if you go on extending this favour surreptitiously it is not a correct thing to do it is not a correct behaviour

In the end I would say that I am again grateful to my friends who have suggested many thing beyond the scope of this Bill, with regard to larger policy frame of petroleum crude its production and so on I would only say that I need the goodwill of the wbole House and the people! Government will have to have the luck to find more oil in respect of oil, it is luck and pluck both Millions and billion, of rupees have been spent round many coun tries but they have not been able to strike a single well Therefore I am only praying hoping and expecting that we will strike more oil I am more than sure that India's destiny is linked up with energy and energy we shall have

DR HENRY AUSTIN (Erankulam) The hon Minister has said that he would try to find more ol. Will he give an assurance-or at least say that he will look into it-that the remaining places where prospecting was proposed to be taken up will be taken up I have particularly in view my constituency, off the coast of my constituence Ernakulam in Kerala where some surveys have already been undertaken, Throughous Kersla, people are waiting for some such encouragement t hage, under the Minister's dynamic leadership, the areas in Kerala will be taken up

SHRI H N BAHUGUNA We are at the moment on Caltex I cannot make a random speech I can assure him that, wherever oil is available off-shore or on-shore it will be our endeavour to bring that oil up

SHRI VAYALAR RAVI Regarding Caltex take-over about employees will the Minister arnounce that there will be labour participation in the management?

SHRI H N BAHUGUNA policy in this respect has not been changed by this Government, but I would say that to the question of participation of labour in management we have to give a careful thought and at the appropriate time we would come to that But as I said, the basic policy of the Government in this regard has not been changed by us

SHRI M S SANJEEVI RAO (Kakinada) As you know the foreign companies who had taken lease on the East Coast are not going ahead at all What action is being taken?

SHRI H N BAHUGUNA They had tried one well, but found it barren and they are not doing their job But right now it does not arise in relation to this Bill

SHRI ANNAS THEB GOTAHINDE (Sangle) The hon Minister has said that he would protect the e transactions which the Calter had entered into in respect of some premises. We would like to know whether that protection would be afforded to the transactions entered into before the introduction of this Bill or before the appointed day

SHRI H N BAHUGUNA I have aiready said that those that have come within the purview of this Bill are supposed to be between 1974 to With Tink is the period reversed by Section 7(2) Whatever is covered by that I am talking or that only

MR CHAIRMAN The question is

"That the Bill to provide in the public interest for the acquisition of the shares of Callex Oil Refining (Ind a) Limited and for the acquisition and transfer of the right. title and Interest of Caltex (India) Limited in relation to its undertakings in India and thereby to secure that the ownership and control of the petroleum products pro-

SHRI RAM JETHMALANI Madam

Chairman, now that the principle of the Bill has been accepted in full, I only want to make one observation. While I fully accept the dynamic socialism of the hon Minister as well s, the central core of the Marxis' teaching which I hear on the other side I must make it clear that one of the copious causes of injury to our national interest in the matter of development of our industry and economy has been our thoughtless enticism of foreign capital investment and the role of companies I think our economy needs them and I hope we shall con tinue to attract foreign capital terms not of exploitation partnership Our India 1 companies are flourishing in foreign land, and if all the time we keep on saying that these foreigners come here and make investments and exploit country there is no reason others should not say so about Indian companies which are making fairly good profits in other countries take it, therefore that the policy of this Government is not going to be to shy away foreign capital out of this country

Coming now to Section 7(2) I wish to make clear my own view as a lawyer that Section 7(2) is a holly unconst tutional and void It is indefensible even under the provisions of the Constitution as they exist after the 42nd Amendment You cannot validate Section 7(2) but since the hon. Minister is in some difficulty we do not wish to embarrase him and we would allow Section 7(2) to go on record with the assurance that he shall protect all those who have validly acquired titles to the proper ties in which they were living until the date of their retirement from Callex.

Let me however say this perhaps the hon Minister is not very fair to Caltex because Caltex might not have really played ducks and drakes with us as he said but it is the old policy of this company and I know it. It is a policy which existed prior to 1974 that whonever their senior employees retired they tried to provide accommodation for them by releasing accommodation in their favour and surrendering their own in rights in the apartments which they held Therefore it is not something which they have done after 1974 or tried to do something underhand They have also been guided by humanitarian motives in favour of their own employees and they have fried to see that nobody is unrooted after his retirement. Therefore I do not know whether this crificism is really justified and I am ture the hon. Minister will look into this and rectify it if this criticism couses ony underserved damage or hurts to anybody

If the hon Minister has accepted that he is not going to disturb those who are in occupation I believe he will have no difficulty whatever in accepting the amendment that I have moved namely the addition of a provise to clause 7(2) on the assumption that clause 7(2) will continue to be a part of the law. All that we have said here is that nothing in this section shall affect the right of those employees who have received residential premises from Coltex on surrender of their own tenarcy rights This proviso you should have ro difficulty in accepting as all. This is without any embarrassment to anybody I do not want anybody to be left to the tender mercles of an essurance given when the legal titles will be wholly displaced Corelder Madam what will hoppen? How will these people defend themselves against trespossers in a court of law? Suppose a trespasser come, and says Your title is extinguished under Sec 7(2) You are not the owner at all.

what is the remedy for them? Therefore, to protect them, you must accept at least this limited proviso which I have moved and Mr Sheth has already allowed you to retain Section 7(2)

That is all I want to submit You should make it secure for these peonto to live in their premises

SHRT VINODBHALB SHETH (Jamnagar) I heard some of the explanations given by the hon Minister and when the assurance is given if the provise of Mr Ram Jethmalini is accepted I do not mind withdraw ing my amendments

Secondly if you say the compensa. tion is equal to the writen down value it is a bit contradictory When the price negotiated is Rs 13 crores, then there is a capital gain of Rs 429 crores If the vritten down value is accepted as the amount for compensation then the que tion of capital gains does not arise at all (Interruptions) Yes it is a question of book entra

We are going to pay compensation as per clause 10(3) So far as the credibility of this nation is concerned. the provision 'free of income-tax' may be kept

SHRI H N BAHUGUNA grateful to Shri Virodbhai for agreeing to this 8 per cent

Regarding the question raised by him with regard to expi'al gains which amounts to Rs 429 erore. I am again saying that it is part of the bargain and it is not a question of something In any case it is a book entry We pay them and they pay it back to us. They do not tale it home Nobody is allowed to take It home. We are not reducing it from Rs 13 crores because that is a commitment and a bargain.

So far as the point raised by hor. Member, Shri Ram Jethmalani

कमार्गति महोसमा, मैंने जो समीधन हि—उस के गीछ एव इंटिक्तेण है। इस समय हम जिस जियोक पर दिकार वर रहे हैं, उस में समय हम जिस जियोक पर हम यह सात वर चल रहे हैं कि यह पहले की सरनार हार जाता हहा है। जिलेन जहार नक राष्ट्रीयकरण व समय हमा है हैं कि नह सहने प्राचीन करण में पनवाने हैं, हमारी यह पारणा रही हैं कि सातवा है राष्ट्रीयकरण में सम्बन्ध हैं, हमारी यह पारणा रही कि वासतव हैं राष्ट्रीयकरण सेंग सरनार हैं हमारी यह पारणा करण भेर सरनार हमा है सहने सहने स्व

बहुत बड़ा फर्न है। यह वहा जा सकता है कि यह विधेयन राष्ट्रीयनरण वाला है, लेकिन मेरी दिष्ट में यह राष्ट्रीयकरण नहीं है, बहित सरकारीकरण है। एक निजी विदेशी बन्धनी जो हमारे देश में वारोवार कर रही थी, उस व काम को सरकार ने अपने हाथ में ले लिया , लेक्नि इस का जी प्रवन्ध है, वह उसी पद्धति से चलगा जिस पद्धति स यह धाज सक अलता धाया है। वक हायरेंबटर ग्रीर चपरासी में जो धन्तर गांज त चलता भाषा है, वह शागे भी चलेगा। जो वडे धपसर हैं, उन के रहन-सदत का जो दग है, उन की शाना-शीवत, बनला, बोठी मोटरबार-ये सब इसी तरह ही सवासित रहेंगे जैसे कम्पनी के मातहत थे। सरकार के अपन हाय में लेने से उन की कार्य-पद्धति से काई सन्तर नहीं सारेगा। फर्क सिर्फ इतना पडेगा कि पहले जन को का सर्देश्स कम्पनी वे जरिये बैनन मिलता था. अ.व. उस का मगतान भारत सरकार के जरिये होगा। राष्ट्रीयकरण में तब मानता जब एक चपरासी भीर इस कम्पनी में बाब करनेवाले सब से बड अफसर दीनों के बैतन और मते में जो भगकर असमानता है, उस को दूर करने का कोई कार्यक्रम इस में होता । इस में उस ग्रसमानता को दर करन का कोई प्रयास नही किया गर्या है। छोटे छोटे वर्मचारियों का जो शोपण धक्सरो द्वारा होता है, उन पर जो उन का नियन्नण होता है, उन का पत्रा हमेशा उन ने ऊपर नसा रहता है धौर वे उन को दवाने ने समें रहते हैं,उन बडे अफ़त्ररा का पजा उन के अपर बस हो धीर छोटे कर्मवारिया को व द्यान सके, इस के सम्बन्ध में इस बिल मे कुछ नहीं है। इस में नेवल इतना ही होगा कि पहले जहां धमेरिकन कापनी द्वारा उन को बेतन मिलता था यत वह बेतन भारत भरतार दिया के गी। इस का मतलब यह हमा कि रेलाडी को पटरी वडी है इंजन वडी है

लेकिन जो पहले डिब्बा लगा हुन्ना था, उस डिय्बे को बदल दिया गया है। इजन बहा चल रहा है और सम्पूर्ण या खार वही चल रहा है। मैं विसानो का प्रतिनिधि ह खेकिन इस में किसाना के प्रतिनिधित्व की, उपम क्वामी मे प्रतिनिधित्व की कोई बात नहीं कही गई है। जनता पार्नी न धाने चुनाव घोषणा पत्न रें कहा या कि उस ने द्वारा मजदूर। का हिन होगा और विसाना का हिन होगा। जनना पार्टी को सरनार का यह प्रथम राष्ट्रीय-करम का विशेषक ससद । पत्र हुआ है, तो मैं सरकार से पूछना चाहता वि इस में मजदूर। की सालीदारी का सवाल क्यो नहीं

रखा गया है ।

समापति जी, मैं एक युनिवादी सवाल उठाना चाहता हु भीर वह यह है कि सरकार द्वारा यह कम्पनी ली जा रही है। वैभाप को बताना चाहता ह नि जब खेती ने निये हों डोजन की ब्रावश्यकता पडती थी पाम्पम सेट चलाने के लिये, तो मैं जानता इ, वयोकि रे एक किसान ह और मुक्तमोगी ह, कि हमे किननी विकादिया का सामना कर्ता पहता या भीर वह हम की नहीं मिलता था। जर सरकार ने इस तेल कप्पनी . को अपने हाथ में ले लिया है तो किसानी का एक प्रतिनिधि इस ने संचालन मडल में, बोर्ड ग्राफ डाइरेक्टर्स में होना चाहिये। इन में किसानों का प्रतिनिधि हो, मजदूर। का प्रतिनिधि हो और उपमोक्तामा का प्रति-निधि हो घौर फिर उनने दारा सारे तज्ञ का सवालन हो और सारा सरकारी तल ही न हो। मैं चाहता हू नि एक ऐंबी स्वतन्त्र सस्या हो जो इस कम्पनी पर नियद्वण रखें। में समझता हू कि जो राष्ट्रीयकरण की दृष्टि है, उम ने मनुसार ऐसा हाना जरूरी है। इसलिये मुझे यह मशोधन देना पड़ा है और यह संशोधन जो मेरी दृष्टि है, जो जनता पार्टी की दृष्टि है घीर जो चुनाव घोषणा पत्र में कहा गया है, उस के अनुनार

है भीर उस सब को ध्यान में रख कर ही सरकार को यह विधेयक लोक समा में लाना चाहिये था। ऐसा नही हमा है मार इस से जनता हो जो आश्वासन दिया गया है, उस के प्रतिकृत यह विधेयक जाता है । म किमान ह कार बन विसान व दर्द को देखा है और उन दर्द स में पीड़ित रह चुना ह । हम लीय विसाना का वीट लेकर यहा पर गये हैं और में। उन मे वायदा विया है वि भारत । लोक सभा में इस बार हम ग्रापकी बाना की उठायेंगे। यह पहला मौका है जबकि इस लोक सभा में लगभग 250, 300 विश्व विसानी के प्रतिनिधि चन कर प्राये रे और इस बार उल्लोगपतिमा और किसाना के बीच टक्कर होने वाली है। इस बार निसान हारने वाला भद्दी है और हम अपने अधिकार क लिये लड़ेगें। इसलिये में घपने शशोधन की देश कर रहाह। राष्ट्रीयकरण की जो नीति है, उस में परिवर्तन हो भौर जनता के हित में यह चीज होनी चाहिये। केवल सरकारीकरण करने से पुछ नही होन बाला है। जो पुरानी सरकार नी दृष्टि है उस को भाष न मपनाए भौर इनीलिये मैंन भपना सक्तोधन सदन में पेश किया है।

श्री हैमवती नन्दन बहुगुणा विहार के माननीय सदस्य श्री हुनमदत्र नारायण यादन ने जो एक वृतियादी प्रश्न, मौलिक प्रश्न चठाया है, वह बडा व्यापक है। पहली बात तो मैं यह बहुना चाहना ह कि हम ने कही भी 'शास्त्रीयकरण माद का प्रयोग नह विया है। टेक मोवर भीर राष्ट्रीयकरण में बहत फर्क है। कम्पनी की अपन हाथ में लेना और राष्ट्रीयक्रण करना, इन दोनी में योडा सा को है। मैंने पहने भी वहा है कि भारत सरकार भीर कालटैकन के बीच में एक समझौता हुआ है। इसलिये इस दृष्टि को माननीय मदस्य भूले नहा ।

सभापति महोदया, मैंने जो संशोधन दिया है-उस के पीछे एक दिल्हीय है। इस समय हम जिस विधेयक पर विवार कर रहे हैं, उस के सम्बन्ध में हम यह मान कर नत रहे हैं कि यह पहने की सरकार द्वारा बनाया हुमा है । लेक्नि बहा तक राष्ट्रीय-करण का सवाल है-हम लोग जो राष्ट्रीय-करण के पश्चवाते हैं, हमारी यह धारणा रही है कि वास्तव हैं राष्ट्रीयकरण हो। राष्ट्रीय करण भीर सरकारीकरण इन दोनों में बहुन बड़ा पर्च है। वह बहा जा सकता है कि यह विधेयक राष्ट्रीयकरण वाला है, सेकिन मेरी दिन्द रिवह राष्ट्रीयकरण नहीं हैं, बर्लिक सरनारोक्यम है। एक निजी विदेशी कम्पनी जी हमारे देश में कारीबार कर रही थी, उस के काम को सरकार ने श्रपन हाय में ले लिया . लेविन इस वा जो प्रबन्ध है, वह उसी पढ़ित से चलेगा िस पद्धति म यह बाज तक चलता बाया है। एक डायरेंक्टर धीर चपरासी ने जो सन्तर मान त चलना भाषा है, वह भागे भी चलेगा। जा वडे ग्रफमर हैं, उन के रहन-सहन का जो इस है, उन की शाना शीकन, बगला, बाटी, मोटरकार-ये सत्र उसी सब्ह से सवालित रहेंगे जैसे रूम्पती के मातहत यें। सरकार थे अपने हाथ में लेने से उन की कार्य-पद्धति में कोई मन्तर नहीं मारंगा। कर्क सिकें इतना पड़ेगा कि पहले उन की कासटैक्स कम्पनी के जरिये बैतन मिलता था, श्रम उस का मुगतान भारत सरकार के अरिये होगा। राष्ट्रीयररण में तब मानता जब एक चपरासी भीर इस नम्पनी में काम करनेवाले सब से बड धपसर दोनों ने बैतन और मले में जी मयकर शसमानता है, उस को दूर करने का कोई कार्यं कम इस में होता । इस में इस ग्रसमानता को दर करने का कोई प्रवास नहीं किया गया है। छोटे छोटे कर्मवारियों का जो शोपण भक्तरो दारा होता है, उन पर जो उन ना नियत्रण होता है, उन का पता हमेशा उन ने उपर नसा रहता है भीर वे उन को दवाने । सपै रहते हैं,उन वडे धफसरो का पत्रा उन ने ऊपर कम हो घौर छोटे कर्मचारियों को व दबान सके, इस के सम्बन्ध में इस बिले में कुछ नहीं है। इस में नेवल इतना ही होगा कि पहले जहा धमेरिकन क्यानी द्वारा उन की बेतन मिलता था. धव वह बेतन भारत र रकार दिया के गी। इस का मतलब यह हुआ कि रेन गड़ी की पररी बड़ी है, इजन वहीं है लेकिन जो पहले डिब्बा लगा हुया था, उस डिच्ने की बदल दिया गया है । इजन वहां चल रहा है और सम्पूर्ण को बार वही चल रहा है। मैं किसाना का प्रतिनिधि ह लेकिन इस में किसानों के प्रतिनिधित्व की, उपम बताओं के प्रतिनिधित्व को बोई वात नहीं कही गई है। जनता पार्टी ने घपने चुनाय धोषणा पत्न रें कहा था कि उस ने द्वारा मजदूरा का हित होगा भीर जिमाना का हित होगा। जनना पार्टी को सरकार का यह प्रथम राष्ट्रीय-करज का विशेषर ससद । पग हथा है, तो में सरकार से पूछना चाड़ा कि इस में मजदूरा की साझीदारी का सवाल क्यो नही रखा गया है।

सभापति जो, मैं एक बुनिवादी सवाल छठाना चाहता हू घीर वह यह है कि सरकार द्वारा वह कम्पनी सी जा रही है। दे माप को बताना चाहता ह कि जब खेती के लिये को डोजन की मावस्थवता पडती भी पाम्पण सेट चलाने के लिये, तो मैं जानता ह, क्योंकि रे एक किसान ह चौर मुक्तमोधी ह, कि हमे किननी विजितास्या वा सामना करना पड़ता था घीर यह इस की नही मिलना था। जा सरकार में इस तेल कम्पनी , को अपने हाय में ले लिया है तो किसानी का एक प्रतिनिधि इस ने सवालन मडल में, बोर्ड आफ डाइरेक्टर्स में होना चाहिये। ' इन में किमानों का प्रतिनिधि हो, मजदूरा का प्रतिनिधि ही और उपभोक्ताओं का प्रति-निधि हो और फिर उनके द्वारा सारे तत का सचालन हो और सारा सर्वारी त्तव ही न हो। मैं चाहना ह कि एक ऐंगी स्वतन्त्र सस्या हो जो इस कम्पनी पर नियंत्रण रखे। में समझना हू वि जो राष्ट्रीयकरण की ्र दृष्टि है, उम के अनुनार ऐसा हाना करुरी है। इसलिये मुखे यह सजीवन देना बढा है भीर पह समोधन जो मेरी दृष्टि है, जो जनना पार्टी की दुष्टि है भीर जो चुनाव घोषणा पत में वहा गया है, उस के घननार है और उस सब को ध्यान में रख कर ही सरकार को यह विधेयन लोक समा में लाना चाहिये था। ऐसा नहीं हुआ है और इस से जनता की जी श्राप्तासन दिया गया है. उस के प्रतिकृत यह विधेयक जाता है। में किसान हु भार नि किसान ने दर्द को देखा है और उन दर्द स मैं मीरित रह चुका ह । हम लोग किसाना का बोट लेकर यहापर श्राये हैं श्रीर मी उन में वायदा किया है जि भारत ी लोग समा में इस वार हम धाप की वाना की उठावेगे। यह पहला मौका है जबकि इस लाक सभा में लगभग 250, 300 विगुद्ध विसानी के प्रतिनिधि चून कर आये हैं और इस बार उद्योगपतिया और विसाना के बीच टक्बर होने वाली है। इस बार विसान हारने बाला नही है धौर हम अपने अधिकार के लिये सडेगे । इसलिये मैं भपने संशोधन की वेद्य कर रहा है। राष्ट्रीयकरण की जो नीति है, उस में परिवर्तन हो भौर जनता के हित में यह चीज होनी चाहिये। केवल सरकारीकरण करने से इछ नहीं होने वाला है। जो पूरानी सरकार की दृष्टि है, उस को बाप म अपनाए और इनीलिये मैंने अपना सबोधन सदन में पेश स्थि।

श्री हेमवती नन्दन बहुगुणा विहार के मानदीय सदस्य श्री हत्रमदेव नारायण यादव ने जो एव वृतियादी प्रश्न, मौलिक प्रश्न उठाया है, वह बड़ा व्यापक है। पहली बात तो मैं यह बहुना चाहुना ह कि हम ने कही भी 'राष्ट्रीयन रण' श द ना प्रयोग नह किया है। देव ओवर' भीर राष्ट्रीयकरण' में बहत फर्न है। कम्पनी को घपने हाय में लेना मीर राष्ट्रीयकरण करना, इन दोना में योजा साफर्न है। मैंने पहने भी कहा है कि भारत सरकार और कालटेंबन के बीच में एक समझौता हुमा है। इसलिये इम दृष्टि को माननीय संदस्य भूले नहीं।

# [थोहेमवती नन्दन बहुगुणा]

दुसरी बात जो मैं उन से निवेदन करना चाहता हू वह यह है कि केवल काल-दैवस कम्पनी ही तल भीर डीजल बनाने ना काम नहीं करती है। इण्डियन ग्रायस कापरिशन और आयल एण्ड नेजुरल गैस भीशन तथा ग्रन्थ सस्याए भी रिपाइनिंग इत्यादि का काम करती है । इसलिए उन काजो यह कहना है कि कोई आपक डाइरेक्टर्स में कीन कीन रहें, कैसे रहें, वह तो जद इंडियन सायल के बारे में प्रस्ताव ग्राए उस समय यह दात विचार करने की है। इस समय तो बालटैक्स के टेक धोवर का मामला सदत के सामने है। अब सम्पूर्ण तल व्यवसाय, तेल इद्योग को चलाने के लिए नीति पर विचार हो. उसमें कालटेक्स कम्पनी भी शामिल होगी. क्योंकि सम्पूर्णतल उद्योग का यह भी एक हिस्सा है, उस समय इन सब मुहो पर जो कि माननीय सदस्य ने मनी उटा है, विचार हो सकता है। यगर धभी हम कालटैक्स के मामले में इन मुद्दी की लें तो इसका मतलब यह भी हो सनता है कि हमने सप्पूर्ण तल पद्योग का छोड़ दिया और नेवल जाल-

माननीय सदस्य ने नहा कि किसाना के प्रतिनिधि यहा पर ज्यादा हैं । खुधनसीवी से में भी उसी वर्गका हू। हम 290-300 सदस्य मजदरो भौर विसानो का जो प्रति-निधित्व करते हैं उनका शासन सो ग्राएमा ही, इसा किसी को क्या संदेह हो सकता है। लेरिन इस समय तो हम कालटैक्स का इतजाम प्रपने हाथ में ले रहे हैं। उसका इतजाम जैमे हो, यह उस समय विचार करने नी बात है जब हम सम्पूर्ण तल नीति पर विचार करे। नपडें ने उद्योग का कैसे प्रवाध हो यह उस समय विचार करने की बात है पर विभव उद्योग की नीति पर विचार हो । मैं माननीय सदस्य को विश्वास

टैक्स को लिया ।

दिलाना चाहता ह नि उस समय व जो भी यात उठाना चाहें वे उठा सकते हैं भीर हुम उस पर पूरी तरह विचार करेगे।

जहां तक डीजल मिलने रे कठिनाई का सवाल है, फटिलाइजर मिलने में कठिनाई का सवाल है, ये सारी वार्ते जब पैदोलियम और फटिलाइजर से सम्बन्धित बजट पेश होगा उसरें धाएगी तथा इसरे ! सम्बन्ध मे नीति निर्धारित होगी। समय माननीय सदस्य वे सारी वातें रख सकते हैं कि इस मजालय को इन सब वातों के सम्बन्ध में क्या करना पाहिए भौर उसी समय उन्हें ये सारी बार्ते नरनी चाहिए । मैं माननीय सदस्य के विचारों भीर भावनायों का भादर बरता ह लेकिन उनका इस जिल से कोई सम्बन्ध नहीं ŘΙ

PETROLEUM PIPELINES (ACQUISI TION OF RIGHT OF USER IN LAND)

THE MINISTER OF STEEL AND MINES (SHRI BLJU PATNAIK) Madam I beg to move \*

That the Bill to amend the Pet roleum Papelines (Acquisition of Right of User in Land) Act 1962 be taken into consideration."

It is well known to the House that the hudremuch Project is a very important project and it has to be completed in a record time on a priority basis.

#### 14 25 hrs.

#### [Sun S D Pattl in the Chair]

This is an additional pipeline for transporting petroleum Powers are already verted with the Government but these are additional powers to be taken by the Government Therefore this Bill has come as an amendment of the earther one So I would request the House to take this into consideration

#### MR CHAIRMAN Motion moved

"That the Bill to amend the Pet roleum Pipelines (Acquisition of Right of User in Land) Act, 1962 be taken into consideration."

SHIN KRISHIMA CMANUPAL HALDER (Durgapur) The Bill seeks to extend the coverage of the principal Act by providing the system of pipelire for transporting of other inherals apart from the existing provision for petroleum products. Before exterding the provisions of the Act it would have been better if the Government would have paid some attention to the working of petroleum pipelines in the country. The petroleum pipelines scandials

were among the most prominent that were brought to light during the Congress regime in the past. The Takkru Commission was announted to incure into the scandalous state of affairs which highlighted losses of several takhe of rupces to the Government The findings of the Takkrit Commission are perhans now gathering dust in the official shelves. The Parliament has no idea rather Parliament was never informed about the steps taken by the Government to rectify the matters after the findings of the Takkry Commission were submitted to the Congrees Government There was senious apprehension that the entire matter was hushed up and the officers involved were allowed to get away with the booty It is necessary that all these facts should be brought before the public by the Janata Government so that colossal misuse of power by the top officers can be stopped in future If the Government had brought this Bill after rectifying the mistakes of the past Bill, it would have seen by the people in a different perspective. The technique of transport of bulk minerals by pipeline is a highly sophisticated technique Some more thought should have been given by the Govern ment as to whether this system should be introduced in India in today's circumstances If the minerals are trans bury it shortest femalities to the barron give employment to several thousand of workers The proposed technique of transportation of mineral through pipelines will prevent generation of new tous 'it such high technological devices are introduced the task of achieving full employment in ten years will be greatly jeopardised I would therefore request the Government to reconsider the introduction of such h ghly technical devices and further consider whether these jobs can be done with use of marual labour so that growing unemployment in the country is at least arrested to some extent The Audremukh Iron Ore Project

<sup>\*</sup>Moved with the recommendation of the Vice-President acting as President

#### [Shri Krishna Chandra Halder]

where this technique is initially being introduced will only belt the foreign company who will sell the machinery to Irdia Instead if the Go erument makes an effort of using labour intensine methods it will mercase the purchasing power of the people and boost be comestic market. Therefore the Covernment should give some more consideration to this aspect. The prin cipal act itself does not provide adequate compensation to the open nexsants whose land is acquired for the purpose At times suitable alternative si'es are also not provided to them This only adds to the gravity of the problem. It is necessary that the gov ernment should make some a orls to change its attitude in this regard so that the poor meonle in the villages whose land is acquired are not faced with destitution. While providing for the removal of the construction on the land acquired by government this Act assumes added importance fore I would request government to make a break with the hapha zard manner in which the Congress government was tackling the Issue in the past, so that government could take a more pro people attitude on such an issue

SHRI BLJU PATNAIK I do pot understand what the hon Member is trying to convey As he himself says the pipeline is being laid to carry the slurry of concentrates from the from ore belt to the harbour for soward transmission by thups to Iran, Does he suggest that this should be carried by head loads by labour all the way from the quarry to the port" That is how you can use more manpower (Interruptions) There is only one way Either we carry by the pipeline by making it s'urry or by millions of labour with head loads across the recentains. There is no other way

SHRI KRISHNA CHANDRA HAL-DER If the alternative suggestion is accepted by the government it can be done SHRI BIJU PATNAIK Obviously to Therefore, saying that this is going to take away the employment poten ail is incorrect, because quarry ing will itself provide the potential. The mautenance of the pipeline will provide it and the bill amply provides for protep compensation to be pild, to be fixed by no less a person than the district judge of the pipeline removed buildings or fils up we'lls etc. I hope you will have no objection to this.

SHRI KRISH'A CHANDRA HALDER I want to know whether it will apply to other iron ore mines also in future as well

SHEI BLU PATNAIK Yes. This is are enabling bill to carry through pipelines materials other than petroleum and petroleum products. That all which it seeks to do at the moment. It will be brought about for the same purpose for which this House has given powers to the government in the case of transportation of oil and oil products through pipelines. There is no difference through pipelines.

MR. CHAIRMAN There are no speakers. The question is

That the Bill to amend the Petroleum Pipelines (Acquisition of Right of User in Land) Act, 1962 be taken into consideration.

The motion was adopted.

MR. CHAIRMAN We shall now take up clause-by-clause concideration The question is

"That Clauses 2 and 3 stand part of the Bill."

The motion was adopted.

Clauses 2 and 3 were added to the Bill

Clause 4...

(Amendment of section 2)

MR CHAIRMAN Now Clause 4.
There is one amendment from Mr.
Colkhunde

SHRI BIJU PATNAIK On this smendment I believe I have already explained the matter to Shri Gotkhinde I do not think he will insist on moying it

SHRI ANNASAHEB GOTKHINDE I would not move it I would seek to know whethe there will be multiplicity o' proceedings and con

tradictory recommendations

SHRI BIJU PATNAIA As I have already explained to the hon Member we have put in the words in the same area because there may be different authorities operating in the same area. There are 2 different companies tiz Calter and Indian Oil They are 2 different corporations operating in the same area That has to be provided for Along with this an iron ore line has to come under a different authority And it will create further complica-Therefore the bill seek; to provide for different authorities in the same area or in different areas

MR CHAIRMAN The question

for the costs substitute—
the reasonable rosts (3)

Though the Minister tried to commone me still my doubts are there If the intertion is to safeguard the interests of the owner or occupier that will not be safeguarded unless and until my amendment is accepted I will make my point clear. The provision reads

the Court of the Dasthet Judge within the local limits of whose jurisdiction such land is situate may on an application made to it by the competent authority and after bolding such inquiry as it may deem fit

-what is the court called upon to do? The provision says

cause the building structure reservoir dam or tree to be removed or the well or tank to be filled up

That is the main function entrusted to the Court. So far as the fixation of the cost is concerned, there is no optimize the control of the cost is concerned, there is no optimize the consection of the competent authority. Therefore I would request the Government to secept this particular amendment In that case whether the cost determined by the competent authority is reasonable or not would be determined by the competent authority is reasonable or not would be determined by the district court

215 Petroleum Pipelines (Acq of Right of Uzer) Amdt Bill

SHRI BIJU PATNAIK The amendment moved by the han Member really does not cover that point at all In that case he should have stated re-sonable cost as may be granded by the District Judge" When the District Judge holds some enquiry for the removal of buildings, he also holds enquity on the buildings put up and to at So it covers both the things What the I on Member has in mind is the pr tection of the tenant the owner of the land or the building or whatever is sought to be demolished I have no doubt that the Government have taken good care to protect the interests of the affected people. This Government does not like the previous Government take over any property at any price. That is not the intention of this Government In view of that I would request the bon.

Member to withdraw his amendment SHRI ANNASAHEB GOTKHINDE I want to withdraw my amendment. I seek leave of the House to withdraw

THE MINISTER OF INFORMATION AND BROADCASTING (SHRI L K. ADVANI) I beg to move

That the Bill to repeal the Prevertion of Publication of Objectionable Matter Act 1976, be taken into consideration?

At this stage I do not went to say very much on this subject breause the purpose of this Bill is obvious. We hold that during the last 19/20 months there has been a very serious encroachment into the freedom of the press and this particular measure, namely the Prevention of Publication of Objectionable Matter Act, which was adopted during the period of the the emergency constitutes a very serious erosion of the freedom of the press

[MR DEPUTY-SPEAKER in the Chair]

It is therefore that the Government has decided to include this among the first Bills to be introduced in this House I commend it to the House with all the emphasis at my command

I would like to say that our belief in the freedom of the press is not a matter of policy It is an article of faith with us because we hold that without the freedom of the press, democracy is meaningless and if the Prevention of Publication of Objection able Matter Act remained on the statute-book, freedom of the press would be an illusory thing it would have no meaning whatsoever

This is the brief statement that I wish to make at this stage

MR DEPUTY-SEPAKER Motion moved

SHRI JAGANNATH SHARMA (Garhwall) Mr D puty Speaker Sir. after the historic elections the party in power has stood for the service of the people and is trying to preserve the ideals of democracy Freedom of Press in the corner stone of democracy and a sound foundation of all demo cratic organisations Whether it is in India whether it is in America or England in all the democracies of the world, there are certain elements which are common for all democracles For example in a democracy, there is a rule of majority and respect for the minority and the fundamental rights adumbrated in Article 19 of the Constitution and so on

Now even with all these freedoms freedom of the Press is the most im portant, even with the freedom that has been enunciated in Article 19 of the Constitution freedom of the Press is the most important. While deciding Ramesh Thaper's case the Chief Justire Mr Patanjalı Shastrı has said Three may be some abuse of freedom of Press A freedom of such amplitude might involve risk of abuse. Bu the framers of the Constitution may well have reflected with Madison who was the moving spirit in the preparation of the First Amendment of the Federal Constitution that if is

[Shri Jagannath Sharma] better to leave a few of its noxious branches to their luxuriant growth than by pruning them away to injure the vigour of these yielding the proper finits" Then Lord Mansfield has said Printing without any previous licence With all this background, what the Congress Government did? It abrogated the Feroze Gandhi Act, it suppressed the recommendation of the Piess Commission and it brought forvard an Act which can be termed as the darkest Act in the history of the House In fact there was no occasion for me to speak on this Bill. But since this Act has a dark history.

sirve this Act under repeal is treated

as a black Act I thought of speaking

a few vords on this Bill. Everybody knows that there was the Press Emergency Powers Act passed in 1930 and then there was the Publication of Ob ectionable Platter Act, passed in 1951 and both these Acts were repealed in 1957 What was provided in these Acts? There Was a provision that the recurity can be for eiled but the for est are of eccu rity shall be decided only by a court of law In spite of this background in spite of this history in spite of this knowledge that they had in this roun try the Congress Government brought forward a Bill, under repeal, at the moment which said that a District Magistrate can do whatever he likes, that a person of the rank of the Deputy Secretary can raise any objection can suo motu claim and arrest anybody and then the Government of India had all the powers with out any reference to the court If I am not mustaken if I have some correct knowledge about it, I even heard that a petitioner who went to the rourt was held up under MISA and the judge was reverted These are some of the things that have to be recapitulated before we want to repeal this Bill It is of course, most welcome

In this connection I would also like to invite the attention of the House to the Preventice Detention Act I was sorry to hear from the Leader of the Opposition that he owned the excesses

committed but that he stood by the Forty second Constitution Amendment. My submission is that it was to perpetuate those excesses that the Forty-Second Constitution Amendment came into existence After the First and Second World War the British Parliament nurborised the Government to use presentise detention the British Government used pretentive detention only in var time But our Constitution envisages preventive detention even in peace time If it envisages preventive detention even a peace time what was the necessity of bringing forward the MISA What was the necessity of bringin, forward such Bills knowing full well that they could take resort to such measures as even preventive detention. I am not in favour of even precentive detention. This is what even our former Chief Justice of the Supreme Court Mr Pataniali Shastri,

This sinister-looking feature so strangely out of place in a democratic Constitution and so incompatible with the provisions of the Preamble is doubtless designed to present the abuse of freedom by anti-social and subversive elements which might imperit the national welfare of this infant Republic"

It was he who thoroughly condemned even preventive detention as a sinister-looking feature, as a monster, absolutely undesirable in a democratic set-up But he said that since we were an infant Republic let us have it for some time

Even with this background, even with these judicial pronouncements, we had this black Act which is under repeal now and an Act like MISA. Not only this In the Act under repeal, there was a provision that nothing can be publicised against the President, the Vice-President, the Prime Minister and the Council of Ministers in spite of their mis-doings. They were protected against acurrilous actions indecent actions defamatory actions and even against blackmail. What has happened to these Members of Parliament? What has happen-

ed to the citizens of this country?

Whenever there is an autocratic ductator and whenever he wants to change popular rule to authoritarian rule, the first thing he does is to give a joit to the Press because it is the strongest and perhaps the most powerful means of ventilating and expressing opinions about the performance of the Government.

Since my time is short I don't want to enlarge on it but with this background I would support the Hon. Minister that the Bill should be re pealed. At the same time, though this is not the time for me to advise the Press and though I am not in a position to do so I would certainly make this request to them. I belong to a constituency which is known in the country and abroad as one of the holiest places where the devout Hindus go on pilgrunage, namely Badrinath and Kedarnath I belong to that constituency which is wholly known and yet is absolutely unknown. I. helong to that constituency where people have gone for salvation-kings and common people alike, I belong to that constituency which is widely known Flowers (there are about 2,000 varietion of flowers) which is the Botanists' r naradise and tourists' delight but that is not known to this country. So now I would request the Press of course through the Minister and the Government that they should now take a decision to find out the hidden wealth of the Himalayas They should find

out whether it is Kubera's Alka or Indras Amaravati. This is the time when the Press should take the initiative They should not resort to yellow journalism, they should not go after capitalists alone They should themselves feel the need of the country without waiting for any suggestions

If the learned Speaker would give me some time I would like to speak in detail at the time of the Budget about what there is in the Humalayas and the constituency to which I belong But at the same time, I would bke to request the Press that they should make a determined effort to find out the hidden wealth of the Humalayas and other parts of the country

With these words I support the

SHRI K MAYATHEVAR (Dindigut) Sir I welcome this Bill whole-heartedly on behalf of the All India Anna DMK My Party and I consider the right of publication as nothing but the right of expression, which is one of the Fundamental Rights guaranteed under Art 19(1) (A) in Chapter X of the Indian Constitution. So this is one of the most important Fundamental Rights of the people of India and the Pressmen and I therefore welcome and support this

Regarding the freedom of the Press and censorship you have done a very good thing This is one of the good things you bave done, but there are se many kinds of permanens being run by many kinds of people in India There are certain papers which were started only with the intention of getting newspaper quotas or quotas of tons of white paper They have started newspapers, which are called yellow papers only for this purpose Those papers which have been started with the ulterior motive of getting newsprint quota should not be encouraged by the Government by giving advertisement or quota So many papers have committed default in

[Shr<sub>1</sub> K Mayathenar] running the papers Those papers sould not be encouraged by the Gov-

## ernment 15.00 hrs

There are certain other kinds of papers which are started only for blackmailing certain Ministers, certain political parties certain leaders of the State certain leaders of the country These papers are started only to blackmail certain Ministers and thereby gain something wrongfully Such papers which are indulging in blackmailing and all other yellow papers should not be allowed to continue Such papers are there in Tamil Nadu and various other parts of the country These papers have a or minal motive a preplanned motive. they are blackmailing certain Ministers of the past. No wonder, those papers are likely to blackmall this new Government and the new Ministers also Therefore all these yellow papers should be very seriously looked into by the new Government and such yellow papers should not be given any advertisement by the Government of India or the State Governments

We cannot give an absolute right for publication in the newspapers of the news in India and throughout the world. There should be reasonable restrictions on news publication. Giving an absolute right without any reasonable restrictions will only create chaos and confusion in the minds of all political parties including the Janata Party which is presently rul ing the country Therefore I warn the Government to be very careful about these kinds of newspapers and the activities by those proprietors of the papers

I request the Government to nationalise certain monopolistic newspapers which are having crores of rupees of black money This black money is dumped into the newspapers and is converted into white money

These monopolistic newsapers are run not for the sake of giving news to the public, to the masses of India but only with the objective of making profits and robbing the public of their money Such monopolistic papers are always supporting capitalistic views, they are not supporting the progressive policies but are supporting only the capitalistic or aristocratic views. Such papers should not be encouraged by the Government.

There are no safeguards for the chief editors editors sub-editors and other staff and workers, working in the newspapers These people are working day and night They should not be arrested suddenly under section 500 of the IPC for defamatory publica tion. Even for non-cognizable offences the chief editors editors and other staff are arrested by the police and prosacuted There should not be any such arrest all of a sudden, without a proper notice being issued to the chief editor or the Managing Director or those who are responsible for such publication Without gluing such notice there should not be unexpected and sudden arrests of editors or sub editors or other staff or any worker " It is my duty to bring these things to the notice of the new Gov ernment with the hope that they will consider and implement my suggestions

I would suggest that the employees of all the new spapers like labourers. sub editors editors reporters and others should be protected with all rights and privileges equivalent to the rights and privileges of the employees of the State and Central Gov ernments There are a number of newspapers owned by private management They throw out their employees at their whims and fancies and they are in the streets They do not have money even to go to the labour court Being a practising lawyer in Madras I know this So many editors were dismissed but they could not afford to fight against the monopolistic papers I would, therefore, request that

you must guarantee their jobs and equate them with the employees of the State Governments and Central Guaranteent

Finally I would request the hon Minister of Information and Broad casting the Prime Minister and the Central Government run by the Janata Party, that there should not be Janata Party, that there should not be Janata Party, that there should not be Jany discrimination in matters of giving advertisement to the various newspapers. I request specifically that there should not be any discrimination between newspapers supporting the ruling party and the newspapers supporting the Oneosition narries.

We welcome this Bill. We have been supporting and we will continue to support good and progressive policies of the Government We support this Bill whole-heartedly as I said we are sure the State Governments and the Central Government would give advertisements to all the newspapers without any discrimination Article 14 of the Constitution save that there would be equality and equal protec tion of law not only to all citizens but also to all newspapers That protection should be extended to newspapers run by the Opposition parties in any part of India including Tamil Nadu

With these words I support this Bill.

SHRI SOMNATH CHATTERJEE (Jadavpur) Mr Deputy Speaker, Str. it was expected that the Leader of the Opposition would have been here to undo the wrong that had been committed during the period of emergency The Leader of the Opposition was given the facility yesterday to broadcast over the All India Radio The whole atmosphere of the country has changed and we must congratulate the Government for having come out so soon to remove this monstrosity on the statute book which has defiled not only the precincts of the House but the Constitution of India by incorporating this black Act into the Ninth Schedule of the Constitu tion I am glad that the Government has come forward to redeem the pledge given to the people. The previous Government kept itself propped up by calculated misuse of constitutional provisions, took recourse to repressive laws which reached the pinnacle of infamy, when they brought the package of legislation for aboli tion of the Press Council, the Parliamentary Publication Bill, they nullified the Feroze Gandhi Act and they brought in this Act which we are repealing now They wanted to avoid all scrutiny of their actions-scrutiny by Parliament, scrutiny by Press and cerutiny by the courts. They declar ed a war on the people of the country They declared a war on their political opponents. All this flowed from an attitude of infallibility They thought that they could never go wrong They thought that they were the masters of the people and not the people the masters. That was the stirtude displayed by the Bill which we are repealing today.

We are glad that the Congress Party has today realised the mistake which they have committed Today they are giving their unflinching support to the repealing Bill. It is really strange that they had mortgaged their conscience then If they had felt that the law should not have been there they ought to have mustered the courage to speak against it, and not just to toe the line of one-and a half persons ruling the country at that time The people have thrown out those people responsible for this outrage on the freedom of the press and on the freedom of speech. The people have thrown them out as gar bage into the dust bin of history This will be a lesson to everybody It shows to all that the people's voice cannot be silenced for ever

Sir Mr V C. Shukla whom we now hear or find in the papers to be one of those belonging to the Sanjav Caucus a new expression, when be piloted the Bill last time, which we are repealing to-day said that the Bill was meant to fortify those people who believe in discipline previous Government was Saving that they were the sole repository of self discipline. What did they do during the 20 months of this discredited emergency? They had discarded all norms of propriety, they committed gross acts of indiscipline by outraging the Constitution by annihilating all freedom by muzzling all expression of public opinion. Sir, I feel that no disciplined Government could have carried on with these se ries of acts of impropriety, both con stitutional and public, which they had done At that time they were talkme and giving lectures to us on discipline or sense of discipline

Also, Sir what Mr Shukla then said was this. I believe the lesson has been learni—I do not know whether it has been learnt or not He

"Those people who believe in healthy journalism, those people who believe in constructive criticism, those people who believe

that the press is an integral part of democracy that the hellthy democracy depends upon the health of the press and the health of the press depends upon the health of democracy they will definitely support this measure.

This was the statement of Mr Shukla But they had equated the coun try with an individual and democracy, according to them, tiepended on the whims and caprices of an in dividual who was placed in the same pedestal as the country was And that is why their entire viewpoint was percerted they lost all gense of outlook and discipling which they were drumbeating. Whatever was being said or they were made to say was a theory which I call a pernicuous theory adopted in those day Those who would not stop to the depth of sycophancy were according to them not patriota or were artinationals and that those who do not belong to that group would not be allowed even to speak out their minds in this country Sir, we have see; the result. The result is that th, reople have totally rejected them

Having muzzled the voice of the people having taken away the righ of personal liberty having banned all the meet ags and processions and having gagged the press, freedom of the speech and having Lept Members of Parliament in detention for an indefinite period, having let loose the reign of terror in this country they wanted to continue with their hege mony over the people with their perverted notions of discip me which was sought to be adumbrated in the law which was enacted on those days and which was used against the Opposit on

Sir the framers of the Bill had all so said that for the purpose of con trolling the press it was necessary for them to have that Bill What was

the object with which they came forward with the Bill with the concept of objectionable matter I am sure you are all aware of what was meant by objectionable matter. They have said that criticism of any statement derogatory to the Prime Minister or the Speaker or the President would b. treated as an objectionable matter I believe that the real objective was to protect the Prime Minister and the Speaker and the President were trought in to give company to the Prime Minister It is obvious real objective was to put a particu lar person above all law Nobody cast even criticise and even bones criticism would not be permitted. Today what we see is this The Congress people were kept out of mainstream of the people's reactions people's views and that is why they could not realise what the people were really thinking

The object was something else What justification was there? They and that the press was trying to abuse their so-called freedom there are laws in the country-Penal Code is there and there are other laws that are there the DIR was then functioning With all these repressive laws and with all the powers to control the so-called indiscretion of the press and the journalists, they were not satisfied still they brought forward this Bill They could have taken action against them under the other laws But they would not stop there They wanted a law which would completely put the press under the control of the Executive-the Executive of that arrogant which we have seen during the emer gency We have also seen that when ever anything was raised in this House any criticism was made how eter justified it may be it was dubbed as character assassination When the question of Maruti was raised, it was characterised as character assasstration. When we raised the ques tion of Rs 60 lakhs spirited away from the State Bank of India, it was dubbed as character essassination-

When we raised the question of Pondicherry licence scandal it was dubbed as character assassination. That is how they wanted to keep them away from all criticism and the best thing they did for themselves was to muzzle the press so that the press should not even raise a voice of protest or write a line in justified criticism of the action that was being taken Not only this country was equated with an individual the entire process of administration was to serve the interests and now it is apparent, the personal interests of one indivi-, dual and her family and that is why the country today has given a real lesson and I hope they have learnt it Today I believe my friends on the Congress side come and support it because they had also become the vic tims of it I am sure they now realise how decimated they have become. how they had denigrated themselves and thereby denigrated the people of this country denigrated all the process of democracy in this country by keeping quiet and toeing the line and trumpeting the so-called achievements of an individual and the fami lу

Today I am happy that Mr Advan! is undoing a deliberate attempt that was made by the previous govern ment to create a privileged class of people in this country like the Prime Minister and those other persons Sir it had been included in the Ninth 'Schedule The object was that they knew that this law could not be sustained in any court of law onre the emergency was over That is why it was put in the Ninth Schedule so that no attack would be permitted and nobody could doubt that that as a law which could not be sustained under the Constitution of India

A personality cult was developed it was practised and the whole administration was utilised for that purpose The Parliament I am sorry to say was reduced to a state of rubber stamp organisation although I was part of it I could not help it It was converted into a rubber stamp Parliament consisting of a majority of yes men and as I sald in the other House, with their tongue tied and their cornscience mortgaged, and these people were sitting on that side at that time They had allowed themselves to become complet yes men and bench men of an individual in this coun try. Today having realised the mood of the people they are coming and supporting this repealing Bill

I want to say only one thing I hope they have learnt the lesson of their life but that lesson is the les son of the democratic spirit of the country the democratic urges and aspirations of this country that the people of this country will never submit themselves permanently to an autocratic regime and an authoritarian regime So far as our Party is conterned there have been various distortions about our activities in the past but still we believe that the freedom of press is such a cherished principle that we should always sup port it even if there are pitfalls here and there and that the best thing to ensure will be a conscious public opi nior which will be a vocal public opinion But you cannot compromise on the question of freedom of speech and freedom of expression If we loce freedom of speech and freedom of expression then we will lose the best part of our life when we subjugate burselves to a feeling of imprisonment of our minds and of our views which we cannot tolerate and that is why we opposed the previous Act and we strongly support this Bill and I congratulate Mr Advant for coming with the Bill so soon during the first Session of this House

SHRI P RAJAGOPAL NAIDU (Chittoor) Sir the Minister is moring for the repeal of the Prevention of Publication of Objectionable Matter Act I want to clear some of my doubts I want to know whether the Government wants the freedom of

Sir the framers of the Bill had also said that for the purpose of controlling the press it was necessary for them to have that Bill What was the object with which they came forward with the Bill with the concept of objectionable matter I am sure you are all aware of what was meant by objectionable matter They have said that criticism of any statement derogatory to the Prime Minister or the Speaker or the President would be treated as an objectionable matter I believe that the real objective was to protect the Prime Minister and the Speaker and the President were brought in to give company to the Prime Minister It is obvious real objective was to put a particu la" person above all law Nobody can even criticise and even honest criticism would not be permitted. Today what we see is this The Congress people were kept out of mainstream of the people's reactions people's views and that is why they could not realise what the people were really thinking

else The object was something What justification was there? said that the press was trying to abuse their so-called freedom there are laws in the country-Pensi Code is there and there are other laws that are there the DIR was then functioning With all these repressive laws and with all the powers to control the so-called indiscretion of the press and the journalists they vere not satisfied still they brought forward this Bill They could have taken action against them under the other laws But they would not stop there They wanted a law which would completely put the press under the control of the Executive-the Executive of that arrogant nature which we have seen during the emergency We have also seen that when ever anything was raised in this House any criticism was made however justified it may be it was dubbed as character assassination the question of Maruti was raised, it was characterised as character assas smation When we raised the question of Rs 60 lakhs spirited away from the State Bank of India it was dubbed as character assassination.

When we raised the question of Pondicherry Noence scandal, it was dubbed as character assassination. That is how they wanted to keep them away from all criticism and the best thing they did for themselves was to muzzle the press so that the press should not even raise a voice of protest or write a fine in justified criticism of the action that was being taken Not only this country was equated with an individual the entire process of administration was to serve the interests, and now it is apparent, the personal interests of one indivi-, dual and her family and that is why the country today has given a real lesson and I hope they have learnt it Today, I believe my friends on the Congress side come and support it because they had also become the victims of it I am sure they now realise how decimated they have become, how they had denigrated themselves and thereby denigrated the people of this country, denigrated all the process of democracy in this country by keeping quiet and toeing the line and trumpeting the so-called achievements of an individual and the family

Today I am bappy that Mr Advans is undoing a deliberate attempt that was made by the previous governament to create a privileged class of people in this country like the Prime Minister and those other persons Sir it had been included in the Ninth Schedule The object was that they knew that this law could not be sustained in any court of law once the emergency was over That is why it was put in the Ninth Schedule so that no attack would be permitted and nobody could doubt that that is a law which could not be sustained under the Constitution of India

A personality cult was developed it was practised and the whole administration was utilised for that purpose The Parliament I am sorry to say, was reduced to a state of rubber stamp organisation, although I was part of it, I could not help it. It was converted into a rubber stamp Parliament consisting of a majority of year men and as I said in the other House, with their tongue tied and their conscience mortgaged, and these people were sitting on that slid at that time. They had allowed themselves to become complete yes men and hench men of an individual in this country. Today having realised the mood of the people intery are coming and supporting this repealing Bill.

I want to say only one thing I hope they bave learnt the lesson of their life but that lesson is the lesson of the democratic spirit of the country the democratic urges and aspirations of this country that the people of this country will never submit themselves permanently to an autocratic regime and an authoritarian regime So far as our Party in concerned there have been various distortions about our activities in the past but still we believe that the freedom of press is such a cherished principle that we should always support it even if there are pitfalls here and there and that the best thing to ensure will be a conscious public opinion which will be a vocal public opinion But you cannot compromise on the question of freedom of speech and freedom of expression If we lose freedom of speech and freedom of expression, then we will lose the best part of our life when we subjugate ourselves to a feeling of iraprisonment of our minds and of our views which we cannot tolerate and that is why we opposed the previous Act and we strongly support this Bill and I congratulate Mr Advant for coming with the Bill so soon during the first Session of this House

SHRI P RAJAGOPAL NAIDU (Chittoor) Sir the Minister is moving for the repeal of the Prevention of Publication of Objectionable Matter Act I want to clear some of my doubts I want to know whether the Government wants the freedom of

the monopolist proprietor of the press who wants to control the production. distribution exports and imports and the life of the people and to utilise the press to promote his own interest or whether the government wants the freedom of the editor who knows the problems of the people and who wants freedom to propagate his views want to know whether the government wants unrestricted freedom of the press or whether they are going to lay down some restriction. Unres tricted freedom is nothing but I cence as Mr Hegde himself knows. I want to now whether the government is going to create an independent agency to give advertisements to newspapers or whether it will keep this power in its own hand so as to keep all the newspapers under its thumb and have the liberty to dictate to the newspapers If the government clarifies the position in regard to these points it will be better for the people and for the country

SHRI S. KUNDU (Balasore) Sir I rise to support the Bill which has been introduced to repeal one of the

most Draconian laws we have ever seen Gandhiji gave us freedom and also freedom of speech. I am asto nished that those who have been sin ging the songs of Gandhiji preaching what he taught to the na tion have themselves been the authors of this black law. We were in isil when this law was enacted by this Parliament We were simply horri fied when we came to know about it. If anybody has a cursory glance st. the provisions of this Act he will wonder what has happened to the country Anybody could be got and his press and other property could be forfeited in the name of security Not only the editor but the owner the keeper and everybody could be hauled up Earlier the law had given some advantage that at least the ag grieved party could go before a judicial magistrate But in this law which we are going to repeal, tha entire jurisdiction was taken over by an officer who will be appointed by the Government Under this isw anybody can file a prosecution before that officer and that officer will come and pounce upon the press If the ruling party wants to harass its op ponent even this thing could be done through a constable I thank the bor Minister that he has brought this Bill to repeal this Act

I remember long ago in the British days when Lord Lytton was the Viceroy in 1889 he had passed an Act called Vernacular Press Act. At that time Tagore was a young boy and he was writing poems eulogising the national cause of independence That was not tolerated by the Viceroy and he passed the Act. That was a very obnoxious Act whereunder the proof of the matter which was intended to published would have to be exa mined by the Government. At that tune there was so much of pro est against this Act that after some years Lord Rippon was forced to withdraw that Act. From this we came to 1947 when we had our freedom. But after thirty years of our independence I

never imagined that there would be such a harrible Government which would pass an Act which would be much worse than Lord Lytton's And these very Members who were sitting on the Treasury benches at that time kent their mouth shut I think they have done the greatest harm to this country. We live and work together may be there is a difference of opirion because of our party ideologies but we have taken oath to maintain the democratic norms in this country We have burnt the vessel of democracy, we have burnt the torch of democracy We want that this torch shouls be taken to dark areas around where there is no democracy where there is authoritarian Government. We should throw light on them so that democracy would also start functioning in those countries not by force but by our own action But unfortunately, in Gandhui's country when many people were behind the bar these people were responsible to see that the entire tight which the torch threw around was extinguished This is a great curse on the name of Gandhi and those who swear by the name of Gandhe

Today in the Question Hour, I have said that it is necessary that the world must know as to what had happened during this emergency and how the press was muzzled how its throat was throttled and why the press could not function independently In all these things, a full enquiry is necessary We will not live in comfort by saying that we have repealed thus Act but we have to dig out all the earth that Jaid the hasis for this dracoman legislation Therefore I would say that the Minister should come forward and make an inquiry into the conduct of those persons who were responsible for muzzling the press and making the Information Broadcasting Department an instrument of ugly propaganda Therefore I would again re-iterate the demand that the Minister will do a great service to the cause of democracy if he

agrees to institute an inquiry into the whole gamut and find out who are the people who were responsible for these things what was the object in doing it, whether they slowly and gradually wanted that this country should be completely turned for ever into a dictatorial country

Now the point is what should be the nature of the press. We want a free press no doubt. But we want the press to be vibrant and really free The press must project the hopes and aspirations of the teeming millions of We do not want that oue country the press should speak about the rich of this country We also do not want that the press should be controlled and monopolised by a few big industrial houses We heard of course while we were in the sails that there was a big talk against the monopoly This is what the All Indira Radio said We used to hear that this monopolist Press did not give any publicity to Indira Gandhi government's good deeds or to the 20-point 25-point programmes Indura's government came down with a heavy hand on the Press Within a period of 2 or 3 months we heard that the monopoly Press was given a good chit and that they behaved in a nice way During these months the monopolisis increased their assets, and particularly during the last budget they received many concessions During that period we heard that the monopoly Press was behaving better and that they had become good boys They got chits from the former himster Mr Shukla and Mrs Indira Gandhi

Mr Depuly Speaker, Sir, do you know of such a horrible, naked and opportunist policy ever being pursued by any government? If we say that only Goebbels the propaganda minister of Hiller could have competed with this sort of propaganda we will be wrong Some friends are sorry that we are saying this. But tell us where and how we are wrong I thank our new Minster Mr. Advant who?

(Shri S Kundu]

239

also said that he will go into the entire gamut of monopoly holding of the Press He said this in answer to a Question As far as I know one of the largest circulated dailies in Japan Asahl Shimbhun is run hy a cooperative of working journalists They are people who work in that firm We have to consider whether it would be possible in India to try to have the co operative sector tak ing the working journalists and the people who work in the press If it could be done we will make another big advance in maintaining the free dom of the press from the power and influence of the monopolists who are now ruling supreme I hope the Min ister will give the assurance that he will take quick steps in this direction

Finally a word about the small newspapers The small newspapers and periodicals are in a very miserable stage. If we want to maintain the freedom of the press we must see that the freedom is really exercised If we do not give some advantages to the small newspapers and periodicals which are spread over the small cities and villages of this country this freedom would not be really meaningful. I am not going into the details as to how and where it should be done be cause there are various aspects which should be taken into consideration

Lastly I want to thank you for giving me this opportunity

SHRI VAYLALAR RAVI (Chiravin kil) Mr Deputy Speaker Sir at the outset I must admit that I was a member of the Lok Sabha and I was a party to the passing of this Bill I have no hesitation to admit that this Bill was not necessary

SHRI K. S HEGDE (Bargalore South) So you were wrong in supperting it?

SHRI VAYALAR RAVI I am glad the hort Minister Shri Advant has come forward with this Bill to repeal the old Act

There has been so much talk about the freedom of the press. This House has debated this question any number of times Whose freedom do we mean by the freedom of the press? Is it the freedom of the owner of the newspaper to express his view?

1548 hrs

[Shri S. D Patil, in the Chair]

SHRI K S HEGDE Was it the freedom of Mr Werghese or the free dom of Mr Birla?

SHRI VAYALAR RAVI Neither the freedom of Mr Verghese nor the freedom of Mr Birls The aspirations of the people have to be expressed through the newspapers It has to be in the vanguard of demoстасу

PROF DILIP CHAKRAVARTY (Calcutta South) How do you defend the arrest of journalists?

SHRI VAYALAR RAVI I am not defending it At the same time I am proud to be a Congressman There is no doubt about it .

SHRI K. S HEGDE He is unbur dening himself

PROF DILIP CHAKRAVARTY Perhaps not the same |Congress as was led by Mrs Gandhi

SHRI VAYALAR RAVI I know his sojourn there will not be long. I have no doubt that he will come to this side one day. His honeymoon is only temporary it is only a sojourn. I am very sorry for him (Interruptons) That party had to compromise on so many things They could not send even a single member here from my State for the first time Even the seat of the veteran freedom fighter Shri A. K. Gopalan had been captured by the Congress

AN HON MEMBER What about UP?

SHRI VAYALAR RAVI We are aware of it. That is why we are sitting on this side But why do you say we have lost? Why are you so afraid of us even today?

I know that fear is there in your mind that you will be overthrown. I have no doubt about it You criticised our mistakes Please try to do right things. Please do not try to come to this side

As far as Birla papers are concerned they abused the Congress Government and asked the Press to abuse the Congress Government during elections There should be freedom of the Press and not for owners of the Press We should give more freedom to the people who are working there In this connection it would request the hon Minister to consider the participation of the employees workers and the nournalists in the newspapers They must have a biggo" say in the ownership and management of the newspapers. You give a little more freedom to the Press Otherwise they would always be under the control of the management We have not done it, we have not done so many other things I am not standing here to say this thing or that thing If my conscience says I will definitely admit what my party has done or what my party has not done

SHRIK S HEDGE What did your convenence say at that time? (Inter ruptions)

SHRI VAYALAR RAVI Your conscience made you to resign from the judgeship and fight elections even though there were allegations used his position to conspire against the Prime Minister Fortunately be has been elected as Member of Parliament, (Interrupt ons) Please do not interrupt me I know what you were I know your past history

VOH VA MEMBER Do not get angry

SHRI VAYALAR RAVI I am not becoming angry Do not think that everything is all right. I can speak for bours together regarding SV.D Covernment in 1967 including Mr. Charag Singh and others who were in IIP and M.P I can speak about it but I do not want because I know that they are in power we are not in power We could not fulfil the promises made to the people or we have made mistakes. Why are you afraid of this today?

This Act bad infringed the freedom of the Press and curbed the freedom of the journalists to write whatever they felt to write I agree with it But at the same time I hope the Minister will request the journalists of the newspapers that they should play a responsible role in democracy I will be happy if they criticise the Govern ment and the Opposition but that criticism of the Government and the Opposition should be constructive That purpose has to be achieved Even though this Bill is a repealing one I bope the hon, Minuster and the present Government will be able to achieve that objective as to make the journalists and the newspaper industry more responsible and to make construc tive criticism on the activities of the Government and their marhinery

Regarding the policy announcement made by the hon Minister today morn ing during the Question Hour that his Ministry will encourage the medium and small newspapers and that the ad vertisements and other things will be given in such a manner to help the re gional or the vernacular newspapers, I believe the previous Government also followed the same policy I would say that the Government should have a thorough look into the matter and also see at the same time that the pewspapers do not begin to make money There is a tendency in big cities and in certain areas to

[Shri Vayalar Ravi]
evening news daily with a circulation
of 500 or 1000 copies get newprint

of 500 or 1000 copes get newprint
quota and sell it thereby making a but
of mone) The is a very had practice
it is still continuing in different parts
of the country The Government
should not encourage such a tricency
in the journalistic world

Lastly I would appeal to the Government to have a look into another matter There was an attempt made by the previous Government to diffuse ownership of newspapers. There was a proposal by the previous Government but I admit, that it was shelved for two or three years I hope, the hon Minister Mr. Advani will have a treah look tuto the matter of diffusion of ownership of newspapers II he can bring forward such a measure, it will be a credit to him I hope, he will do it

PROF P G MAVALANKAR (Gandhinagar) Sir, I am very happy that this short and significant Bill has come in this very first, the inaugurat session of the new Sixth Lok Sabha-I am also very happy that this Bill is being piloted by my esteemed friend. Shra L. K Advani, who, with his clear headed and level-headed approach not only has been piloting this Billand will be piloting the one which is to follow-but also has been piloting 2 new, bold and prompt policy of restor ing everything in terms of processes of democracy I would like to start by congratulating him and the Janatz Government for taking these initiatives in the very early days and weeks of

their Government. I would also like to congratulate the Minister for this briefest Bill Of course brevity is the soul of wit But I wish that apart from being brief this Bill had also spelt out to some significant broad extent the manner in which Govern ment would go about safeguarding as has been sad in the Statement of Objects and Reasons the freedom of the press

One of the major election promises has thus been honoured and this is being honoured within days of the election heat and fervour which are still not over Normally election promises are never meant to be fulfilled not only In India but in many parts of the demn cratic world this has been the position Therefore I would say with pleasure and pride that for the first time in India the election promises one after another are being fulfilled and honour ed both in letter and in spirit I feel very happy and proud as a citizen and as a Member of this hon. House to acknowledge this attitude of the new Government.

The Statement of Objects Reasons very briefly and rightly save Freedom of the press is necessary for the successful functioning of

democrafic institutions I vould go further and say that not only is if necessary but freedom of the press in a "democracy is vital, crucial decisive and indispensable. It was Thomas Jefferson one of the great American democrats of the world for all time to come who once when he was asked as to what he would choose between a government wilhout a free press and a free pless without a Government said that he would have no hes tation whatsoever in choosing the latter le a free press without a government because according to him as long as there is an assurance of a free p cas to the people of his country that is America, where free press was continuously and freely available to the people then the possibility of a free government is also there But if there is a government without a free press.

then you will have neither a good government nor a free press. Therefore free press is vital to the function ing of a democracy. That is why, it is said that a free press is the fourth estate indeed free press is a part of a free democratic government No democratic government no free gov ernment is complete without a free. critical press and press meaning both newspapers and periodi cals and viewspapers.

Free comments and critical edito rials in various newspapers dailies weeklies by weeklies montblies and sournale and periodicals are very essential. As the great editor of the then Manchester Guardian Mr Scot said once "Facts are sacred but only mions are free Let the people get all the facts in a free manner but let the opin ons be respected as sacred proper ties of those who write and comment upon those facts and therefore these comments must be available I am glad that Advanus and the Janata Party are easing that they want to learn from the criticism of the free press because it is only a free press which makes it possible for the Govern ment to learn P-of. Harald Laski and Government always learnt more from the criticism of its opponents than from the eulogy of its sup porters. Therefore it is very essen tral

Now Sir I am not surprised that my good friend Shri Vayalar Ravi is today supporting this Bill and many others from the Congress side who are now in the opposition. Hi " they not supported his Bill how vould they find their opposition to the Janata Party expressed in the newspapers? They cannot say today that they have any conscience because it they had it they surely put their conscence in the refrigerator box during the Emergen cy! If really they have the cor cione they should have had the guts to speak out then, if not on the loor of this House at least in the ruling Con gress Parllamentary Party as it existed then But I am not surprised at what Shri Vayalar Ravi says now because

### Prof P G Mavalankarl

251

even the Cabinet Ministers were not informed about the dectaration of in ternal emergency at that time and so how can they inform Shri Vojalar Ravi about the intentions of the Gov ernment with regard to free press?

I also want to say that the very t tie of the old Bill Prevent on of Publ cation of Objectionable Matter Bill was objectionable. After all what is really objectionable? How do we define that this is objectionable and this is ot objectionable. For example if the Prime Minister is criticised in terms of the policy of the Prime Minister or if the Government is criticised in terms of the policy of the Covernment is it objectionable? The very purpose of the free press the free Parliament and the free people is to see that the Goternment is kept on its toes the estab I shment to kept continuously on the watch and they are taught told corrected and challenged whenever they go wrong So, it is good that this Bill is now called Prevention of Publi cation of Objectionable Matter (Repeal) Bill'

Sir I want to conclude by saying three more things. One is that the for mer Minister of Information and Broadcusting Shr. V C Shukla a very good looking man, and very affectionate in many ways, did many evil things in a most arbitrary and cavalter fachion and he was doing it as a kind of a command performance at the behest of his Prime Minister and also of his other young boss and adviser who was neither in the Cabinet nor in the Parliament! I want to go on record that the former Minister of Informa tion and Broadcasting Shri V C. Shukla dealt with free press and press men of this great country in a most shabby manner, and it should be examined if there was any possibility of bringing him to book if not through Parliament or through a Commission, at least through vigilant and vibrant public opinion so that such a man will have no place whalever not only in Parliament but in the public life of this country After all they were dealing with the people and they were having a sacred duty of informing the people of what was happening and they had to ensure atl the time that what ever had been told in the House did not always go to the outside world If what we say in this House is not re ported to the country at large and the world at large why are we here? We are not here sitting standing and talking in our private homes indeed, we ere totking as elected representatives of a great nation whose right is to know what we say and it is our duty to tell them what we say here It is only through the media of the press that all this goes to the people and, therefore the press gallery in any demoeracy in any free Parliament is an indispensable and absolutely vital part of the institutions of parliamentary machiners and democracy I want to say further that Shri V C Shukla was responsible for not only shabbily treating the press and the press men not only humiliating them trying to humble them with all the bad and blanket powers that he and his Gov ernment enjoyed at that time but he else tried to mislead this House by saying that Samirar was be get about by a kind of voluntary un on

I would like Mr Advant to clarify this point whether Samachar was a toluntary union or a formal tolon whether the "Press Trust of and the 'United News of India" and "Samachar Bharati and 'Hindus'an Samachar' were really willing and enthusiastic for a merger If they were really willing why not the UNI and PTI and other agencies let know about it? But it was the Minis ter under the cloak of emergency and under a terrible unp ecedented and most disastrous and bad censorship the world has ever seen-even Hit'er's Germany and Mussolinia Italy did not see the kind of censorship which Mr Vidya Charan Shukla tried

Impose—brought it abou. I want to go on record that Samachar was not a voluntary union and Mr Vidya Charan Shukla told this House this hon. House the Fitth Lok Sabha that it was a voluntary union. I want to know from you Sr if orne kind of a privilege motion caunet be brought against the former Minister for mis leading the House and telling false-hood that this was a volun ary union.

Freedom of the Press in this coun try has had a glorious record not only after Independence but even before Independence If only I had more time I would have dealt with it in detail. But I will only give two names Lokamanya Bal Gangadhar Tilak started Kesari in Marathi and Mahratta in English and Mahatma Gandhi started The Young India Navjevan, Harrjan, Harijan Sevak and Harisan Bandhu in Gularate All these and several other papers had a glorious tradition of a free press in pre-Independence India and tradition had been continued in post Independence era by pressmen from various corners of this country both the English and he language Press in this country, and I want to take this occasion to pay my tribute to the pressmen the repor ers the editors. the commentators and the columnists of this country of both the English and the language press who even after Independence and much more so during the Emergency carried the battle further and did not bow down They would rather break but not bend. I do not want to be partial. If I had more time I would have given all the names But I would like to refer to a few names here Papers I ke the Ind an Express Opin on of Shri A D Gorwala Seminar H mat Sadhana in Marathi and Cadhare in Gujarati and if I may say with all humility the Gujarati Werlly Nuril shak of which I have the honour of being one of the editors did their very best in seeing that even during the emergency the freedom of the Press was not allowed to be suppressed. If my esteemed friends on the Government

benches today had some news in the jails it was because some of us tried to see that they were properly fed and at right time

May I conclude by saying that the Statement of Object, and Reasons says. With a view to safeguarding the freedom of Press this Bill seeks to repeal ' May I request in con clusion my estermed friend Shri Advant and the government that they will do everything possible to ensure the freedom of the press not only through govenmental institutions-I do not want to anticipate what the Alinister is going to say-for I nelleve freedom of press is not a thing the government alone can do much shout Government can of course do it by not interfering with If But from the governments own noninterference in the matter of freedom of the Press what we want is the development of a critical free and vigorous public opinio in this countey in this Parliament in the legisla tures right from the Panchaysts and onwards to the Parliament where the people's representatives can talk freely and fearlessly and even if they are supporters of the government will not mind fell no the truth when the need of the hour is to tell the fruth. If that is done then I am quite sure that il a hill which is a repeal of the earlier ugly law will be a first and a major step and it will be in the moht direction of enviring freedom of the Press for a free people, a democratic people and a desent people because it is only when a free people get facts and opinions and comments freely and continuously that all is safe for democracy and # democratic republic

Advan; This is as it should have been because the Bill whi h we now seeking to repeal should be seen in the proper perspective the perspective being that the Bill was enacted in the context of the emergency proc ler ation

I have stated why the emergency proclamation was necessitated when I spoke on the President's Address I don't want to go over the entire gamut once again. Whether the proclamation was correct or not in all aspecta of implementation is a different matter. But I am very emphatie that the Presidential proclamation was in the national interest. That was necessitated because of the antidemocratic, lawbreaking anti-national violent activities of the opposition then. After the promulgation of the emergency, certain actions were to ba taken curtailing among other things what I may eall untrammelled freedom of publication That was one of the actions which had to be taken and it was in that context that this Bill had been enacted. Let us not forget the fact that when we speak of the freedom of the Press, we speak not merely for freedom of working journalists, but we speak also for the freedom from the money. bags controlling the Press They have been managing the press and their philosophy is that he who pays the piper will call the tune freedom of the press need not necessarily mean freedom of the intellectual to express his views The freedom of the press under the conditions obtaining today in this country is more the freedom of the powerful elements to carry out certain propaganda they want to make against the national interest, and in their interest It is a move against the conspiracy by what we call the reactio. nary elements in this country and the Press which had been controlled by those reactionary elements would certainly have been put into use for the purpose of subverting and correding what is sought to be achieved by the proclamation of emergency I was in this context that this Act was enacted I don't forget the fact that this was put in the Ninth Schedule At that time members of both sides of the House protested against that sort of thing The inclusion of the Bill in the Ninth Schedule did not, protest I am one of go without those who raised his voice of protest against ft

It is now my argument that this Bill was not intended to operate beyond the period of emagency This Bill was a measure which was sought to subserve the interest of the emergency which was proclaimed The situation envisaged to be met by this Bill would not have been met except by the enactment of this Bill which you are now seeking to repeal Therefore when the emer gency ends it stands to logic as far as I and many of my hon friends, can see it, that as a corollary, this act which was promulgated by the then Government must go That is what I wish to submit When Mr Advant, has brought forward the Bill the conditions are different. The Bill is as it should be and as it should have been. That is all what I want to sav

Having said that, I should emphasise that a clari of thought is absolutely necessary as to what the freedom of expression and press 15 and should be Let us look at it as is enshrined in our Constitution, that is about the freedom of speech and freedom of expression Mr Hegde I hope, will agree with me that the freedom of expression and freedom of speech is not unconditional. shall quote the relevant clause

Clause (2) of Art 19 of the Conatitution says.

"Nothing in sub-clause (a) of clause (1) shall affect the operation of any existing law, or prevent the State from making any law. in so far as such law imposes year asonable restrictions on the exercise of the right conferred by the said sub-clause in the interests of the security of the State friendly relations with foreign States public order, decenry or morality or in relation to contempt of court defamilion or incident to an offence

Therefore the framers of our Constitution founding fathers of our granted the freedom Constitution and contemplated that that freedom should not go against the interests of the society, the interests of morality, of discipline etc. How can these be achieved. That has been a matter of anxious pursuit by the intellectuals by lovers of freedom and by socialists So the question has been how that golden mean can be struck and how the freedom of the press can be sustained on the one side and how provisions could be made on the other side to ensure that the freedom does of degenerate to what I may call a licence to the detriment of the interests of the country the sovereignty and integrity of the country or the morality decency and all the rest of it Measures were being taken from time to time and we have made certain provisions We attempted the method of voluntary goodwill and understanding and leaving that to the goodwill of the press and people Is it not, however a fact that looking back from the days of the promulgation of the Constitution to the present day there has been a degeneration in the matter of enjoying or exercising that freedom? Was that freedom exercised in a manner as most of us would like to have that exercised? Take the case of labour and the right of organisation granted

of to the labour Sir I am a trade unionist But can we say that that freedom granted was really used in the interest of the whole nation or in the interest of the labour? I would say that that freedom was not used in a manner as it should be I do not want to enumerate further Everywhere the degeneration that freedom was to the base level to a licence is what occured Aristotla prophesied as to one type of Government will fall and another type will follow He said that when freedom granted in a democracy degenerates into a licence then democracy becomes dehinged autocracy will take over This is what was sought to be done. We had been aliding back to that reply will come immediately that autocracy has already taken over under Congress Polemics apart, the fact remains that where freedom degenerates to a licence democracy will lose its vitality, its self austaining vitality Its integrated dynamism and the democratic fabric will get dehinged and others will take that over This was a danger that we were running into Anyway these are not cente relevant. The point I em emphasising was this The freedom of express on freedom of speech guaranteed by the fathers of our Constitution was and was to be subject to certain restrictions How a mean has to be struck is what I have been trying to find out In 1969 when we promulgated an Act-The Criminal and Election Laws Act 1969-certain Amendment sections were promulgated that we set up the Press Council machinery which should try to create a sort of code of conduct amongst the journalists. Such action is necessary for the purpose of preventing or com bating any activity prejudicial to the maintenance of communal harmony and affecting or likely to affect public order, may by order in writing addressed to the printer, publisher or editor, prohibit the printing or publication of any document etc.

Mr Chairman, I would like to say that it is not as if arbitrary powers were given under that Act. One of the chapters in this Act is regarding prohibition of prejudicial publications Then there is provision which I quote

this should also go

"Any activity prejudicial to the interests of sovereignity and integrity of India, security of the State, friendly relations with foreign States, public order, decency or morality."

With respect to the above it anything happens, then for two months period a direction could be given that that matter be not published or it it is published at could be kept bock. Then we have a chapter regarding recurity from presses in certain

Sir there are two redeeming features. A notification Gernal ling security is not the last word about it. That notification losts' come before the House. It will be before the House. It will be before the House it will be before the House for 60 days and the House will fave jurnsidiction to cancel or amerd the notification. The executive action is not the last word about it. This notification correct before the House under Section 16 of that Act has got power to modify amend or cancel the whole thing Over and above that if a person is aggrieved above that if a person is aggrieved by the order of security there is a

rebef given to him He can appeal to the High Court. It is not as if judenary is kept away from the whole thing. The High Court is given full freedom either to amend, cancel or modify as to whatever they choose to do. Then there is another provision if literature is found to be prejudicial then there is power to detain preckages containing certain publication; when imported in this case also there is provision for appeal to the High Court.

Mr Chairman, Sir, what I have said is that in our effort to strike balance hetween freedom on the ore s Je and misuse of freedom on the other side a certain province has been made more or less in line with the provision made in the Indian Penal Code Certain provisions have been made and those provisions give certain authority to the government but the same has been made subject to the decision by the both Houses and also by the appellate authority of the High Court. 1 is not as if some arbitrary power has been given to some officer to operate as he chooses All that bar been done is done in the interests of the sovereignity of L.dia, freedly relations with foreign States public order decency and moral ty Then Sr. these provisions were enacted agat st the background of Emergency As the Emergency goes this also goes

Mr Chairman, I would like to emphas se that the problem is still not over Trie Act may not be necessary in the judgement of the present government I may also say so long as Congress is here on this side that sort of thing may not be necessary but weat is the gue artre against what may be called 'vellow press' Freedom of the Press and freedom of the intellectuals Yes. Freedom of the journalists Freedom of the persons who can think and write Yes Bu; what about freedom of mighty money ta control human thought and expression and to reduce intellectuals to

the status of quill-drivers Is it a freedom to be safeguarded-a freedom of the man who can command money, who can run chain newspapers in the country and polute the thinking of the people? Is it a freedom to be enfermarded and what is the safety and the guarantee that that freedom will not be misused to the detriment of the people\* This is the thing to which the Government has to address itself squarely By the repealing of this Act, the problem is not over. That is what I emphasise By the repealing of this Act the problem is still at large It is the Government themselves wno are the best judges as to whether the public interest can be best served by enlarging everybody's freedom It is for them to decide I have nothing more to say about it But as my friend Mr Rameshwara Rao pointed out here, the question of yellow journalism is before us Have we not seen how many innocent people have been the victims of this yellow journalism? What is the guarantee? You carry on yellow journalism against persons Character assassination is being carried out not necessarily of persons at top, but of anybody What is the guarantee against it? What is the safety against it? Should there not be safety? Murder of a person is certinly less cruel than the sort of character assassination which we find being practised in certain areas Is it not social menace? Is it, proper for us to cry out that the freedom of the press is throttled if provisions are made to manacle yellow fournalism? Is that the freedom of the press? Freedom of the press, as I understand is a freedom in consonance with the common weal If you put it to me, the people in this election have given a mantate to the Janta Party I for one, although I belong to the Opposition Party, will not agree that the Prime Minister of this country, Mr. Morarit Desai, so long se he enjoys the confidence of this House can be desigrated. I am rot

prepared to agree that he can be denugrated. A certain image of the Prime Minister has got to be projected and has got to be maintained. Carrying on vilification against him certainly cannot be justified although it might serve my political purpose. When the people have given a verdict, when the people have returned somebody when the people have given verdict for a particular policy, it is the duty of the mass media, of the press of the journalists and the writers of this country to see to a certain extent possible-I do not say to the fullest extent possiblethat they write in honesty to their service, for the projection of the mage that the people wanted them to project. If that has not happened, what is the solution? Can you say in the name of the freedom of the press you can undermine the country. undermine the people's verdict. undermine the image of the Prime Minister and President of India? Can you permit it?

I for one would say 'No, must not be permitted' That is my humble opinion. Therefore, what I am saying is, the proposition before us is not so simple as many of my friends like you think. It is like sugar quoted sort of shibboloth com ing in handy But let us not deceive ourselves by believing that this is such a simple matter Mr Somnath Chatterjee, a lawyer, is here, Mr Hedge, the ex-Suprema Court Judge is bere Many such cases came before him. They must have been taxing their brain to find out the golden mean between the freedom of press on the one hand and the misuse of the freedom on the other, the degeneration of the freedom to the level of a licence which will completely denigrate and demolish our democratic fabric. The experiment that we are attempting in our country giving a fundamental right and putting certain restrictions is a very adventurous experiment.

To make it a success a sort of forbearance is necessary balance is necessary a balanced outlook is neces sary Therefore in a pur-unt to and a golden mean if somebody errs a title this side and if omebody exis a little that side let it not be characterised as criminal and as being draconian and black and a tyrannical sort of thing. If that erring takes place let us made an effort to find a golden mean That is why I said that when I make my observation I stand not in a mood of epology for what we did but I do stand here defend ing what I did defending my support to the Bill as it then was because I was satisfied the Bill when it put certain conditions was not printrary it was not unchannelled undirected and it was not without control because it was made subject to the control of this House This slouse could annul the notification which was made it was subject to judicial re view because it was appeals le to the High Court at every stage In the conditions obtaining then the Bill was necessary and was supported Now that emergency is over the problem is before the government as a corollary it must follow the Bill must be repealed But repealing of the Bill will leave behind the problem of misuse of freedom in the interest of some people in favour of vested interests against the interest of the country I hope Mr Advans with his original ideas will find a golden mean and balance.

My friend was speaking about Sa machar. We know he who's hafory of it we know how PTI came in we know how UNI came it how we know how UNI came it how we were given a deek in Reuter's office in London. Our national profe was not content with a deek in Reuter's office in London of PTI them had to the content with a deek in Reuter's office in London and PTI them had UNI came in It was then certainly big money that was operating in the news media and the problem of safeguarding against that was there.

It was slipulated as a situation that more than one newspoper runst be involved in order to launch out a news service. There are Press magnates here who have 100 papers under them and all those pipers could come together in her the news media thereby satisfying the "slipulation and yet mixing it a otermin show. Thus the news media was under room-poly control and therefore i had to be merged and it was merged.

If there is need to put it under con trol it can be done But what do we find? You used mass media for your purpose I do not say that Samachar alone was used Samachar was com pletely used radio was used television was used the Janata Party set the record in so using it Your in augural function at Ram Li a grounds the A to Z of it was put on the live wire There was a live broadcast of that What is the point in criticising It may happen again it will happen it can happen. It is understandable that in the euphoria of victory things like that were done I can understand that I hope that things will be cor rected Let us find a method to correct wrong things and have a national consensus and Jevelop that.

With respect to Samachar I should plead let it not be disintegrated. Some people say that the move is not before the government Still I say thus. Pooling of the employees has taken place different points of view Those employces are are there happy that they are in a family There is a dissident opinion about that for that diss dent upon on there is another opinion So this has come to stay and it must carry on It is in the interest of the employees that they are not disintegrated ever benefit is available must be pooled and shared. Some sort of a control could be exercised There fore with respect to disintegration of Samacher I have got my own reservations This thought occurred to me when I heard this. It is not

the final view After thinking it over some other thoughts may develop 25

My concluding word is this I support this Bill because this Bill is the corollary to the conclusion of the emergency, it should have come and it has come But I want to make it clear that I have not a word of anology for having been a party to the Bill which is being repealed by this Bill because of the reasons which I have already given. The justifiability of an action depends upon the context In that context it was necessary Emergency was justified at that time If you have doubts about it I quote Babu Jagiyan Rams support to that proposition With these words I support the Bill

SHRI SOUGATA ROY (Barrackpore) Mr Speaker, Sr. let me make it clear at the outset, that I am not here to oppose the BIII Les me also make it clear that I am not bere to defend the indefensible. I was not a frember of the 5th Lok Sibha like you. That is why my conscience is quite clear on this point As Mr Stephen correctly said, this Bill is a corollary to the Emergency This bill has been called a draconian bill But as I said, the bill being a corollary of the Emergency, it the Emergency was dracoman, this bill was also draconian

The elections were fought on the issue of Emergency The Congress Party lost the elections I accept the verdict us a member of the Congress party whatever we may think about Emergency Whether we support the Emergency or not the people of India as a whole have not supported it Therefore, I have no hesitation in saying that the bringing in of this bill was a logical corollary of the victory of the Janata Party and of the repeal of the Emergency

But at this point, I want to make a few amportant points. It has been very often said from the ruling benches that everybody in the Congress Party was silent on this point Every Party has its discipline and others There are many Congres men who were not happy when advertisements to the 'Pa'riot' were stopped. There were many Congressmen who were un happy when 'Mainstream' was censored, but being in the Corgress party, it was not always possible to come out in the open. (Interruption) I will say something about 'Indian Express and 'Statesman' later on But there is a difference between political rewspapers and non-political newspapers, and that point has 'e be made very clear What is the difference between responsible journaliem and yellow journalism? It has to be made clear As Mr Stephen said earlier to-day, Shri Morarji Bhai is the Prime Minister of India to-day and anything written to denigrate him personally would be a denigration of the image of Ind.a If anybody in the cabinet of Shri Morarji Bhal dies and if it is sald that Shri Moraril Pihat had a band in it, naturally the irrage of India does not go up in the

is what was being done Mr Speaker. before the Emergency A certain Cabinet Minister of the government died and the Press came out openly saying that the Prime Minister had n hand in it This is libellous and no country can function with such an irresponsible Press Mr Advani has come to the government recently When the dust settles down and when the ethereal issues settle down to real issues he will find that in run ning a country and a government at is necessary to evolve a code of ethics of the Press and of journalism it is necessary to find out a way to curb yellow journalism it is necessary to find a way to stop character assassination and it is necessary to find a way to prevent unfair attacks on persons I do not say that such a bill will be necessary again because as I said Emergency may not be necessary in this country And if no Emergency necessary a black bill or a draconian bill will not be necessary either Still it is time that Mr Advant sits with the Press with the working journalists and with the owners of newspapers to find a way to stop this because I know that after six months his government will be subjected to the same barrage of propaganda from the Press as we were subjected to when we were on the government ราติก

May I remind you that in your euphoria you are talking highly of the free press you are talking highly of the independent press you are talking highly of the Indian Express?

MR SPEAKER I di I no talk about anything

SHRI SOUGATA ROY They were enying that

MR SPEAKER Then put it that way When you say "you . it will apply to me

SHRI SOUGATA ROY Sir. I am addressing through you the ruling benches if I am not mistaken When the ruling benches talk highly of the independence of the press it comes to my mind that the very same language press the very same national dailies they printed on the first page big photographs of a certain youth leader drinking green coconut, very same press printed the picture of certain youth leaders tying boot lace and today they have come in support of the Janata Party T know of a vernacular daily of my part of the country Ananda Bazar Patrika It was printing the photographs in big size on the first page every day and saying that a certain youth leader had done this or done that Today that paper is giving hospitality to the Janata Party So I can only tell you that this euphoria will be short lived. These people can turn against you again as it turned against us Do not

You talk about the freedom of the press May I tell you that really there is no freedom no democracy under copitalism? Let me you this free press as you call it, the Indian Express at is owned by a jute magnate Shri Ramnath Goenka who has so many jute mills in my State of West Bengal one of which the previous Government had to take over There cannot be any freedom for the working journalist working under Shri Ramnath Goenka there cannot be any freedom for a journalist working in the big language dailies because they have to go by the dictates of their owners.

have any faith in them

Mr Advani, it is all right you have brought forward this Bill and this Bill is welcome But let me also tell you that in 1973 our Government thought of bringing about a Bill for the diffusion of ownership of newspapers but it fell due to certain reasons. I was not in Parliament at that time and so I do not know the reasons When you get down tog

brazs tacks if you want freedom of the press in the country then you have to stop the ownership of the press by the big jute mill owners

Shri Uggrason has just now spoken on this subject. He has been a Socia'st Il his life and so le vould very much like to see the ownership of there newspapers in this country diffused But I am very sorry Mr Uggrasen you will find yourself in colli ion with the members of the Janata Party, who belonged to the Swatantra Party previously who belonged to the Congress (O) previously because they will say "No ro we will not take it ar ay from Shri Ramnath Goenka, who is a big friend of the Janats Porty who is helping us in so many ways. So in spite of your socialism, you would not be able to do it Therefore, I would request those of you who believe in the freedom of the press to work for the diffusion of ownership of the newspapers, because there cannot be any real freedom of the press of the working journalist under a capitalist system, under a capitalist ownership where Shri Ramnath Goenka, Shri Sahu Jain and people like him are owning hig national dailies, where erores of rupecs are necessary bring shout another chain of newspapers This is another point I wanted to mention.

Thirdly, I have another point The other day I was reading an interview by the Prime Minister, Shri Morarjt Desai, to Current He was talking with the Editor of Current and be said you journalists drink too much, if I have prohibition, then you journalists, your freedom will be res\_ tricted in the sense you would not be able to drink. I want to say that there is a point in what Shri Morarit said Last year there was a big scandal implicating certain journalists with the CIA in the border areas I would say that this addiction to

alcohol often makes some journatists-I would not may all journalists, but some journalists, because most of the working journalists in this country are honest free and fearless, I have no doubt about it-but some journalists come into contact with the foreign arencles. Because of the consumption of alcohol in the Em : h asy parties some of these journs lists come into contact with foreign countries and their ogencies and that is why they often do things which ' are detrimental to the interests of this country. We must ensure that our journalists do not get implicated in this sort of affairs

So I again say that today what is necessary in this new a'mosphere when the Janata Party has come to power is this let us get rid of this cuphoria

Let us atop repeating what the faults of the previous Government were It has been going on in these few days in Parliament. I have been bearing about what the previous Government had done Please tell us what you are going to do and what is your policy about the newspapers. Just now, Mr L K. Advani, made a statement which has disappointed me He said that DAVP advertisements were mainly for the purpose of pubticity So, those newspapers which have bigger circulation will get bigger advertisements. Is he not favouring the monopoly Press, newspapers who are run by big capt talists How can a small and medium newspaper thrive unless there is a fair share of the advertisements given to the small and medium newspapers By all means you can give advertisements to Motherland, your own party paper and so on, but you should also give some advertisements to our party papers so that small and medium newspapers can thrive in this country, With thee words, I lend my support to the Bill and wetcome the introduction of the

SHRI A K. ROY (Dhanbad) Speaker Sir I am rather amazed to find Congressmen speaking or lecturing on Marxism. I was told that the State has a class character were sermonised that in capitalism there cannot be any democracy. We were also told that all the big newspapers are in the pocket of the monopoly houses We were so surprised and happy I think, this is the biggest achievement of the Emergency that Congressmen have turned Marxists

I would like to tell you that it is true and we also know that freedom of the press does not mean freedom of the people to express their views We also know that the press and all the big new-papers are in the hands of some forturate few who are irtelligent enough to give publicity to their own men even today. This was the case before Emergency and this is the case after Emergency This was the case during Emergency but in an acceptuated way May I ask my young friends who are talking that there cannot be true democracy in capitalism as to what do we prefer dictatorship of the monopolists or the so called democracy of the monopolists where you get some chance by using their contradictions to vent your views? We prefer bourgeois dereceived to bourgeois dictatorship

On this basis I would like to express my views. What for was the censorsh.p imposed? Was it to check the monopoly Fourer No It was to throttle and choke the people I have come from Dhanbad, one of the biggest industrial complex rs the country I had to contest the elections from jull. I was released from juli

two days after the result of the election was declared. I remained in jail Even before that my family could not know that I was in jail. Not only that As soon as the Emergency was declared, they choked the Harryans and the Adivasis. They said that to curb the monopolists, they had im posed press censorship In Dhanbad we have found what they did They choked the workmen they dismissed them The day the Emergency was a declared two Harmans were murder ed. When we approached the President at least to publish it because while you people were trumpeting that you were upholding the interests of Hart jans and Adivasis, the very day of the declaration of Emergency was desecrated with the murder of a Harsjan, they said that since press censorship was there they could not help Colliery after colliery was attacked by goondas and when we asked them to publish it and focus attention on it as production was being hampered while you warted more and more production for the maintenance of the country they said they could not publish it because there was press censorship and that if we should press them further they would themselves become victums That is why you imposed press cencorship' When I was in jail all the prisoners used to be tortured regu larly One of our oldest friends whom, we used to respect, a Moulana Saheb, was arrested though he was a sym bol of harmony, in the name of being a member of the Jamia Islamia. He was 20 years old but he was assaulted with lathis Ultimately he fell ill and the Government secretly arranged for his burial on their own initiative when they found that he was to de soort. He was secretly thrown out of the jail and after a week he died in bospital. But not a word about this came in the press. That is why press censorship was imposed! In this way I can give you a series of examples We had to spend perhaps one of our longest periods in jail. That is w'y I say, in this bourgeois system, in the capitalist system, we know that the

State power is in the hands of the 'owning' class Of course the Judiclary is also not sacrosanct because they are also people with a particular class interest and a class outlook, they are not engles as they have not fallen from the heavens. But despite all these things, even in this system. while the Congressmen were talking of a classless character of the society, they themselves used this class systen in a most offensive way I may tell you that the Indian people would prefer to fend for themselves rather than suffer dictatorship in the name of socialism and what not. That is why I would like to welcome this Bill When the press is free to publicise without fear, we will have an opportunity to push forward

NARENDRA P SHRI NATH-WANI (Junagadh) Mr Speaker. Sir, I rise to support the Bill I am rather surprised about the manner in which some Members from the opposite side tried to explain away the existence of this measure or its inclusion in the Constitution itself Some of them argued and told this House that this Act was a corollary to the Emergency No It has been made a permanent and a part of the Constitution, not merely it is a permanent Statute but it has been included in 9th Schedule Of course there was other set of rules-Defence of India Rules-under which during the Emergency, restrictions on the press were imposed It was visualised that even if Emergency was revoked still control over the press had to be exercised With that end in view, this measure was enacted We all know how the power thus taken by the erstwhile Congress Government came to be exercised want to refer to two cases in which I had occasion as a counsel

Everybody here and also abroad knows about the Navilwan Trust It has published 600 volumes of books out of which 500 deal with, or per-

tain to Gandhill's speeches, writings etc One day, suddenly, without any notice, without any warning whatso-Naviwan Press came to be sealed under an order from the Government At that time when asked for reason for such action, no explanation or reason was given But thereafter the concerned authorities were pleased to say that the Navilwan Trust had published a book and. therefore, it was being forfeited Let us try to see what was the nature of this book It was nothing else than the verbatim report of the judgment given by the Gurarat High Court in Bhumiputra case Bhumiputra had published a report of the speech dehvered by Shri M C Chagla at a seminar held at Ahmedabad Action was taken against Bhumiputra by the authorities They sealed the press Bhuminutra filed a writ petition in the Gujarat High Court and Gujarat High Court gave its decision holding that the complained articie did not fall within the prohibition under law Rusid consorship rules had been prescribed, still, the publication of this article by Bhumiputra did not violate those rules That was the judgment given, and the Navijwan press did nothing else than to publish the whole judgment in its entirety, in deference to public demand to read that judgment For publication, without any warning as I said earlier the Navijwan press came to be forfested. I along with my learned friend Shri Sohrabii, as counsel advised Naviiwan Trust to file a writ petition in the Gujarat High Court challenging this action of the Government And I need only say that even before the case was taken up for hearing, the Government advocate on the other side asked the High Court to adjourn it for some hours because Government had second thoughts about it after the lunch interval he came and told the court that Government was pleased to withdraw the order is how things were considered prejudicial or objectionable or coming

in the way of internal security what standards were applied.

Sir, I want to tell you comething more about this case

I know that the officer who passed this order had some compunctionsqualms of conscience He thought that he would become notorious throughout the world for ages if he passed su h an order When he was asked to pass the order he wrote a note that what he was asked to do was against law and there was no justification, and yet he was told by the censors autho rity that he should do according to the instructions given to him. It is not wording or the phraseology standing by itself which was considered but the manner in which provisions were implemented

There is another interesting case which I would like to tell to the House I can go on giving facts of cases which form part of record the proceedings of aeveral High Courts It is not something which I can trying to draw on my imagination. I want to tell you about the case of Indian Express Friends opposite ask whether am a friend of Shri R N Goenka I would like to tell them, whether friend or for they must recognise one thing that he has stood by the freedom of the press at considerable risk to his person and at considerable risk to his person and at connderable He has discharged his public duty at considerable risk Let me tell you about the case which forms part of the record of Bombay High Court Anyone of you who has got any regard for truth for public interest should try to read an affidavit in that case I would tell how the pre censorship rules and press restrictions were operated to the prejudice of the newspapers who tried to do their duty within the four corners of these rigid rules The case that I am going to tell you about is illustrative This is a part of that affidavit

In order to take over the control and management of Bombay office of Indian Express Government managed to get some of its nominees appointed on the Board of Directors The Chairman was Shri K. K Birla. He said that editor should go the next man should also go and sorreone who was fourth or fifth according to semority should be made the editor This was objected to What happened then? The Government the censorship authorities used to ask the newspapers for submission of galleys or proof of material that was going to be printed and published Other two leading newspapers besides Indian Express are the Times of India and Free Press The Indian Express management as well as that of two other Newspapers used to aubmit their copy for being scrutinised to the authorities What happened then is most interesting The two other newspapers would get back their copies after checking before 1200 O clock with the result that they would be able to bring out their papers at about 5 00 O clock in the morning and these were available to the public in the morning But so far as Indian Express was concerned copy approved by the censorship authorities was not returned till 800 O clock next morning and the result was that the paper which was expected to be available at 500 or 600 O clock in the morning could only come up in the afternoon to the public Express could not compete with the other newspapers, naturally with the result that Shri Ramnath Goenka filed a writ petition in the Bombay High Court If I had the time I would tell the

House how during the last 19 months, not merely the freedom of the Press but the independence of the Judiciary -I am referring to the Judiciary-was undermined and how its independence and integrity were also undermined. The matter came before a Judge s iting on the Original Side May I say that I am an ex-Judge of the Bombay High Court and so I know in what frame of mind the Judges were placed

during the emergency-the learned Judge hearing this petition on the Original Side could do nothing but pass an order referring it to a Division Bench consisting of the Chief Justice and Mr Justice Tulispurkar, he refused to pass any interim order So, the Indion Express suffered for a number of days It could not publish its morning paper When the matter came before the Division Bench, Mr Ramnath Podar was advised to take courage, further courage

AN HON MEMBER It is Mr Ramnath Goenka not Mr Ramnath Podar

SHRI NARENDRA P NATHWANI I am sorry Both are my personal friends Let it be known I am not afraid of it He has tried to search my records

MR SPEAKER I am glad the Birlas are not your friends They are very happy that they are friends Mr K K Birla is your great friend If he admits that Mr Goenka is his friend there is nothing insulting I am happy about it But you do not have the courage at least to say that Mr Birla is your friend.

SHRI NARENDRA P NATHWANI It is a matter of personal knowledge I also know this You should also know that the husband of the former Prime Minister of India was also a friend of Shri Ramnath Goenka,

To resume my narration at that stage Shri Goenka filed an affidavit on oath What I am stating is derived from that affidavit in which he has stated that after the emergency, he was asked to submit to certain nominees of the government become Directors and to take charge of the paper and if he did not comply with, the result would be that not only he but his son and daughter-in-law would be arrested under MISA and he has also mentioned the name of the Minister who held out this threaf

So, the matter became very critical for the government They had to meet that allegation in affidavit by filing an affidavit in reply and if that thing had happened, certainly, the court would have gone into that disputed question of fact, whether such a threat was held out or not Government was obviously afraid of doing it They knew that the truth would come out So they considered discretion to be the better part of valour and did not file a counter affidavit They merely stated to the court to this effect we do not want to dispute this writ petition and we promise that we would return the naternal or proofs of the paper within time. And thereafter not only did they return it within time but they did not care to scrutinise the same

That is-I am saving-how this power of trying to control and raform the Press has been exercised. And the most sinister part of the whole thing is that all there steps were taken to curb the Press and prevent the people from knowing the truth-Why? In the name of strengthening the Press and strengthening democracy This is the most sinister part How puerile, juvenile and childish attempts were made not to allow the people know the correct facts even where no politics was involved and where no question of raising a voice of dissent was involved To what extent have they gone? May I give another illustra-

I appeared as Counsel in one case A daily newspaper of Rajkot used to publish very useful items of news For instance once they published a news item that in a village near Surendranagar there was scarcity of water and that the authorities should look into it because the people were experiencing difficulty or hardship The Editor was asked not to publish such reports The Editor submitted his explanation He said in his explanation that it was truth. He said. If it was false and if there was no.

## [Shri Narendra P Nathwani]

substance in it he would be most willing to withdraw that statement But they said no He was told You must not publish truth, even slightest difficulty people experience should not be published during emergency Any inconvenience should not be published That is how the press was sought to be checked

MR SPEAKER All these things are known to everybody Please conclude Sins of emergency are known to both sides of the House Kindly conclude

SHRI NARENDRA P NATHWANI Sir, I am grateful to you for giving me this opportunity I am saying this because some Members of the opposition said

MR. SPEAKER They are not opposing the Bill.

SHRI NARENDRA P NATHWANI that this was a temporary measure. I wanted to ask them Having regard to your conduct in the past how after emergency was revoked, you would have exercised your powers under the existing Act? How would you have utilised it? Otherwise where was the necessity of including this Act m the Ninth Schedule to the Constitution?

Before I sit down I would like to tell the House about one factwhich is known to every one both inside this House and outside this House Unlimited power was taken to curb the Press Apart from that, they resorted to all sorts of dublous methods by way of withdrawing patronage-by way of withdrawing advertisements to them. Not only State Governments and the Union Government, but even Zilla Parishads and Municipal Corporations (which were under their control) were asked not to give advertisements to those papers which were trying to serve the public by giving correct news This is the submission which I wanted to make and I thank you Sir, for the opportunity given to me to take part in this debate

MR SPEAKER The Bill has been accepted by all corners and I think we must be able to finish it today Torrorrow also we have got some other business I appeal to members on this side and that side to be very brief so that we may be able to finish it today

MR. SPEAKER There are still three more speakers. I don't think in the coming five minutes we will be able to finish the speeches of these three speakers and also the Mmister A similar Bill is also there The next Bill is exactly similar, viz, the Bill to protect the publication of reports of proceedings of Parliament If we can give them chance tomorrow, we can finish this Bill today and take up the other Bill tomorrow On that Bill the three friends also can speak. I have no objection. It is the Government that will have to regulate the business I have particularly no objection If the Government is prepared to do that, I have absolutely no objection

AN HON MEMBER 1 am a publisher of a paper I may be allowed to speak

MR SPEAKER It is between the ruling Party and yourself That is not my concern It is the ruling Party and yourself who will have to deal with the matter I have nothing to say in the matter if you want to talk

THE MINISTER OF INFORMATION AND BROADCASTING (SHRI L. K. ADVANI) Mr Speaker, Sir, I am extremely grateful to all the Members who have participated in this debate because so far as this Bill concerned. the support has been unanimous without exception and I am particularly overwhelmed by the kind words that have been spoken about the Januta Government, and about me personally, and I feel proud that in this very important sphere, the Janata Government is redeeming its pledges with such expedition

I am particularly happy that the Congress Party also has lent support to this Bill. I can't say it fully because from amongst the Congress speakers there was only one who expressed very strong reservations and who felt that the original Bill was correct and it was a corollary to the emergency and now that the emergency has ended, that Bill should also end That was the only lone voice that I heard from the Congress benches

My frlend from West Bengal will have some reservations of a different náture But he also felt that it was something indefensible I am not gome to defend it So, I am satisfied with what we have done by bringing forth this Bill is reflecting the collective wisdom of the nation, not someth. ing that we believe in only, but something that the country has believed in right from Independence and except for these 20 months of eclipse-there was an eclipse-and during which ecltnss also what I have heard today makes me feel that even the Congress Party did not believe it The Congress Party only because it was under a pall

of fear pall of awe it could speak Just now a couple of friends said that the Janata Government can even claim the credit of having given time to the Congress Party-Mookers karoti vachalam They can claim ere dit but that credit really goes to the people who have revolted against all that the emergency stood for So, I would appeal to my friends on the Congress Benches that if we think that this is an occasion for starting a new then we must be prepared to shed all links with whatever happen ed in the emergency You cannot maintain that what happened in the emergency was right. This was a corollary to the emergency emergency was over Therefore it can go This is not one Bill in itself I can rattle out a whole chain of laws in the same series a whole chain of constitutional amendments in the same series every one of which I hold was intended to prepetuate the emergency This Bill also falls in the same estegory This Bill is something which has nothing to do with the emergency and I do not say it myself Mr V C Shukla when he moved this Bill said "I must make it clear that this Bill has nothing to do with the emergency provisions that are in operation today has nothing to do with censorship It is only meant to fortify those people who believe in self discipline"

18 00 hrs. Mr Stephen is not here I wish he went through this speech. Some people feel unhappy that we cited the instance of Nazi Germany because Nazı Germany s was a borrid image But people who have gone through the horrors of the last twenty months know what horror can be H Germa ny today is what it is it is because it completely snapped its links with Nazi Germany and feel that what hap pened then was wrong Even those who may have been participants in the deeds of Nazi Germany in those days feel that they were wrong and they had the courage to honestly ad mit it If this is the approach of the

Congress Party, there is no difficulty about it But the approach that was reflected in Mr Stephen's speech distressed me and made me unhappy I do not feel angry that there was a general desire to justify all that was done In the present context of things, it is not desirable and it is not good so far as the country is concerned, it is not good for the Congress Party ntself.

I do not think that I have much to say on the provisions of the Bill Everybody had supported it Some felt that if we passed this Bill is would be licence for the Press media and it was also stated that the Janata Government was under some euphoria and it did not realise what was going to happen six months hereafter I belong to the journalistic fraternity myself and I am conscious of what is going to happen By and large I hold that the Indian Press had been a sober and Throughout the restrained Press world that it is the impression that the Indian Press has produced. In fact there are friends in the west who regard that the Indian Press leans towards the side of timidity. There is no such thing as forthright investigative reporting the kind of thing that happened in American Watergate significant It is somewhat that in my capacity as Information and Broadcasting Minister I have come to know that the film All the Pressdent s Men dealing with the watergate scandal was not allowed to be \*hown during the Emergency

SHRI KANWAR LAL GUPTA Can

vou arrange to show it now? MR. SPEAKER If anybody shows,

he has no objection now SHRIL K ADVANI I feel that the Press should be guided by a code of conduct and that code should not be prepared by the government and imposed upon them Let the Press con duct itself I rely on it and I have full faith in it I do feel that there is need for self discipline and that the institutional arrangement that we had earlier should be there I assure this House that in the next session we will see that the Press Council is revived and that the Press Council Bill comes before the House Something was and about diffusion of press ownership I have been hearing about it for years I do not know why the then ruling party did not do it There are difficulties

I will not go into this matter in depth as to what can be done to make the Press really free in all respects free primarily from Governmental control and also from the control of money

MR SPEAKER I think I can put it to vote now

SHRI L. K. ADVANI So I thank you again for the support you extend ed to me

MR. SPEAKER The question is

PROF P G MAVALANKAR want to know whether it is a fact that nearly a million people are in volved in this kind of displacement In view of the large numbers involved may I know whether the Government would see to it that those people who have been evicted from their old places would be brought back in their respective colonies if at all feasible? And with regard to those who will be left out and those who are in the unauthorised colonies will the Government see to it that basic amenities are given to them? Will the Govern ment also see to 't that cheap transport facility is available to them so that they can come from long distan ces to their places of work?

QUESTION OF PRIVILEGE-contd CERTAIN REMARKS BY SHRI T N LAUL ON TELEVISION NETWORK IN U.S.A IN July 1975

MR. SPEAKER On 1st Apr I 1977, Shri Jyotirmoy Bosu sought to raise a question of privilege against Shri T N Kaul the then Ambassador of India in USA, for certain remarks made by him on television network in USA in July, 1975 Shri Bosu stated that Shr: Kaul had anter alia said that political leaders had not been jailed but detained in houses"

Shri Atal Behari Vajpayee, the Minister of External Affairs made a statement in the House on 1st April, 1977 in regard thereto He inter alia, said that clarification 1 ad been called for from Shri Kaul and Shri Kaul's contention was that ne had no intention of distorting the facts and that his remarks were based on the information then available with him. Shri Kaul also submitted that if his remarks based on incomplete information had hurt anyone, it was unfortunate but he had no intention of making a wrong statement. Shri Vajpayee had stated that the remarks of Shri Kaul were not based on facts.

I have carefully considered the matter In order to constitute a breach of privilege the impugned statement should relate to the proceedings of the House or to Members in the discharge of their duties as Members of Parliament It may be seen that the impugned statement of Shrı Kaul related to political leaders and not to Members of Parliament as such although Members of Parliament are also political **Teaders** 

were made in July 1975 when the Fifth Lok Sabha was in existence The matter cannot be raised as a privilege issue in the Sixth Lok Sabha

Secondly Shri Kaul's remarks

In the circumstances no question of privilege is involved in the matter \_\_\_\_

STATEMENT RE PROPOSAL OF GOVERNMENT TO ORDER INQUIRY INTO EXCESSES COMMITTED DURING THE PERIOD OF EMER GENCY

THE MINISTER OF HOME AF FAIRS (CHAUDHURI LHARAN SINGH) Str we have recently parced through one of the darkest periods of our history The events following the proclamation of emergency have been a traumatic experience for all those who cherish the high ideals of our founding fathers and leaders of our struggle for independence This is not so because some of us have undergone personal suffering but because we saw before our own eyes the defilement of all the values for which we have lived and struggled. It is indeed a tribute to the political maturity of the people that there has been a peaceful

and orderly change and that we have now an opportunity to undo the wrongs of the past. We will, however be falling in our duty if we do not take positive steps to ensure that the exents of the recent past are not repeated in future and to expose the abuse of power by a handful of people who had unleashed untold repression and lerror on the Nation

Besides changes in the Con-titution and other laws, this objective can be achieved only by bringing to book all those who are guilty of exmalpractices and misdeeds during the emergency, from the highest political authority down the lowest functionary of the Government Ve are not acting in a spirit of revenge or in anger (Inter ruptions) but only reveening our pledge to the people and fulfilling thuer mandate (Shri h Lakkappa All the guilty men are now in the Government) Even otherwise it is only fale that those who are guilty, do not escape punishment. We want this to be a lessur to all so that in future none may care misuse authority foe personal ends.

We are aware that a large number of offerals acted out of fear and under trying circumstances. We have therefore no intention of being sindietive Nor would we allow any kind of witch hunt But those few who going on o' their way indulged in excesses to please others cannot be allowed to escape the consequences.

The list of misdeeds of the emer gency is indeed very large. There have been a large number of cases of gross abuse of the powers of arrest and detention There have been ins tances of maltreatment and atrocities on detenus and political prisoners There has been compulsion and use of force in the implementation of the Family Planning programme leading to a number of violent incidents. In the name of the beautification cities, there have been filegal demolitions leaving thousands homeless and taking them miles away from their

vocation (Shr: K. Lakappa You have no sympathy for but dwellers) Eversince we assumed office we have been giving anxious consideration to this matter Keeping in view the importance of the subject and the anxiety of the Members of the House I thought it appropriate to make a statement defining Government's thinking on the subject

We propose to appoint a Commis sion of Inquiry under the Commissions of Inquiry Act 1952 to look into all complaints of excesses, malpractices abuse of authority during the emer gency and all matters related thereto The Commission of Inquiry (Shri Vaya ar Rail

of Your choice) will be headed by an eminent judge. The exact terms of reference and the mode of mauny will also be determined after taking into consideration the advice of the Chairman of the proposed Commis sion of Inquiry

We have already received some specific allegation which prima face seem to deserve an inquiry However it is likely that due to the fear psy chosis created during the emergency mos people suffered in silence and did not have the courage to represent their grievances. It is intended hence that the Commission should be in a position to invite specific complaints within a specified time limit and decide which of such allegations should be inquired into. We would expect the Commission to give findings within a period of six morning Also we hope that the Commess on will be able to give interim reports which may enable to initiate follow up action even before the receipt of the final report.

It is my ardent hope that our policy will be welcomed by all sections of the House In particular, 1 will reques' Ronourable Members to extend all possible assistance to the proposed Commission to enable it to discharge its onerous responsibilities

SHRI DINEN BHATTACHARYVA (Serampore) One submission Sir. 18 it a fact

MR SPEAKER No please 1 will have to ask you to resume your seat I am on my legs You cannot stand also Please resume your sect (Interruptions) Nothing will be taken down

STATEMENT RE FORMATION AND FUNCTION OF SAMACHAR AND ITS FUTURE

THE MINISTER OF INFORMA
TION AND EROADCASTING (SHRI
L. K. ADVAND. Sir, I consider it
necessary to make a statement on
the formation and functions of Sama-

char' and its future, as Hon Members are aware that this news accney has been the subject matter of widespread criticism.

My predecessor had in his statement in the Lok Sabha on January 21, 1978 justified the formation of a single news agency and said that Government had noted it with satisfaction that the managements of PTI, UNI Hindustan Samachar and Samachar Bharti had passed resolu tions supporting the idea of a single and strong national news agency. He had also said that the managements of these agencies had proposed to merge themselves into a single agency and that Government would be prepared to assist in this process in different ways

A Society names Samachar was registered on January 24 1976 with 12 members of the Managing Committee including Shri G Kasturi, Editor, 'Hindu' as its Chairman The four erstwhile news agencies decided to accept the bye-line of Samachar with effect from February, 1 1976 and adopted resolutions transferring 'heir assets and liabilities as also their functions and personnel to Samachar with effect from April 2, 1976 Samachar thereupon bought the shares of the PTI UNI Hindustan Samachar: while the shares of Samachar Bharatt which were held by the State Governments of Mysore, Gujarat, Bihar, Rajasthan and Uttar Pradesh were gifted to Samachar in response to the requests of Chairman of Samachar

To bring about complete integration of the four agencies Samachar appointed three Committees one each on (a) personnel. (b) rate structure and (c) administrative code and bye laws These committees were respectively headed by Shri R. Billimoria who is now Chairman of SAIL Dr Ram S, Tarneja, Associate General Manager of M/s Bennet Coleman and Times of India, and Shri P C Gupta Managing Editor, 'Jagran', Kanpur Some of the recommendations of the committee

dealing with the integration of personnel have already been accepted by Samachar and the pay scales of its employees rationalised and made uniform with effect from July 1.

I have mentioned earlier that my predecessor had stated in this House that Government would be prepared to assist the managements of the four erstwhile news agencies in the process of merger in different ways Besides making ad hoc grants inand of Rs 50 takhs in two instalments to enable Samachar to tide over its unsatisfactory financial situation Government had persuaded the State Governments to gift their shares of Samachar Bharati to Samachar Government had also guided the Managing Committee of Samachar in taking policy decisions. To this extent, the autonomy of the Society was severly limited and, therefore, the criticisms about the functioning of Samachar are valid

I want to assure the House that the present Government is committed to ensuring freedom of the Pre's which naturally includes freedom and autonomy of a news agency I have therefore decided to constitute a committee of experts to examine and report on the future of Samachar within one month. The constitution of such a committee has been considered necessary, as pre emptite dissolution of Samachar and its reversion to the erstwhile four news agencies are likely to create some problems, particularly in regard to the personnel who have been brought on a uniformity higher scales of pay and emoluments. Hon ble Members will agree with me that the interests of the employees have to be protected while ensuring complete freedom of news agencies from Government influence or control.

As Hon'ble Blembers are awate, Samachar in its capacity as the single news-agency has become a member of the News Agencies Pool of the non-aligned countries

## [Shri L K Advani]

and entered into bilateral arrangements with a number of news agencies of the non aligned countries for mutual exchange of news Also, India was elected as the Chairman of the Coordination Committee of the News Agencies Pool of the nonaligned countries at the Conference of the Information Ministers o' nonaligned countries held in Delhi July 1976 This post was held by Shri Mohammad Yunus in his capacity as a member of the Managing Committee of the Samachar He has since resigned from the Managing Committee The Committee of ex perts will examine how India will continue to function as the Chairman o' the Coordination Committee and in what manner arrangements will be made with foreign news agencies for exchange of information

Today Samachar enjoys total monopoly of collection and dissemnation of news within the country and abroad. The Committee of Experts will review this position and make suitable recommendations in the light of Governmenta policy as briefly outlined above

STATEMENT RE ALLOTVENT OF ACCOMMODATION TO MEMBERS OF PARLIAMENT

PANDIT D N TIWARY (Gopalganj) Mr Speaker, Sir, in the election for the Sixth Lok Sabha more than 400 new Members have been e'ected The Lok Sabha Secreta riat had made arrangements for temporarily accommodating the new Members of Lok Sabha in Vithalotai Patel House Western Court Hostel Lodhi and Ranjit Hotels besides in various State Guest Houses located in Delhi as most of the Members Pool accommodation continued in the occupation of ex-Members. Besides, the Directorate of Estates had also placed a few residential units temporarily at the disposal of the Secretariat and the House Committee on request for temporary allotment to Members. As soon as some flats became vacant, the House Committee decided to allot these houses on the basis of the following priorities—

- 1 Members residing in Hotels 2 Members residing in far off
- places
- 3 Those sharing accommodation with other allottees in Vithalbhai Patel House

Accordingly, available accommo dation was offered to Members on 2nd April 1977 with the request to convey their acceptance by 4th instant (AN) so that in case of their non acceptance these could be offered to other Membera Out of 84 Members who were temporarily offered accommodation placed at the disposal of this Secretariat, only 60 have collected occupation alips till date. Aliotments were also made to other Members of the aforesaid category in temporary accommodation made available by Government 112 Pataudi House Suites, D II Flats in Kidwai Nagar and Type IV accommodation in Pandara Road and other creas, but the same were not acceptable to Members on account of their being not furnished/not in good condition besides being situated far away from Parliament House About 95 Members have been accommodated in Vithalbhai Patel House and Western Court Hostel,

As in the past the House Committee met and placed bungalows, twinflat and times bed roomed flats both deand's and Tobe vesseld's at the popusal of various Partics/Groups In Prilament of one basis of their stungth for recommending the names of Members of their respective parties to whom they would like to allot begger type of accommodation. The Accommodation Sub-Commit-

tess has been constituted and it would consider the allotment of two bed-troomed flast eck, to the remaining liembers on racation bess But the Committee is facing difficulties as some of the new Members have gone into the residential timits before they

were surrendered by the Ex Members The House Committee has not taken cognizance of such occupation while allocating quotas of Bungalows. Twirflats and Three bed roomed flats to various Parties/Groups in Lok Sabha 216 Ex-Members are over-staving and out of them 30 to 40 have requested for further extension ranging from one month to six months

The House Committee appreciate the difficulties experienced by hon Members for suitable accommodation particularly near Parliament House and are doing their best to find out an early solution

This can only be done when the old Members vacate The House Committee is requesting the Members to vacate at the earliest am confident that after vacation by the old Members the situation will ease

I may also add, Sir that many ex-Chief Ministers, ex-Ministers ex-Speakers, ex-Ambassadors and Supreme Court judges have come to this House and they need bigger accommodation I would request the Government to make available more bungalows so that their needs could be met

MR SPEAKER Members that the statement made by Pandit D N Tiwary be circulated It will be circulated later.

CONSTITUTION (FORTY-THIRD AMENDMENT) BILL.

THE MINISTER OF LAW, JUS-TICE AND COMPANY AFFAIRS (SHRI SHANTI BHUSHAN) I beg to move for leave to introduce a Bill further to amend the Constitution of India

MR SPEAKER Motion moved

'That leave be granted to introduce a Bill further to amend the Constitution of India"

SHRI YESHVANTRAO CHAVAN (Satara) Mr Speaker, Sir, I am taking this opportunity to explain the count of view of my party on the question of this Constitution Amendment Bill At one stage it was said that it was only going to be introduced and now it is said that it is going to be considered I don't lick the position exactly But I am told that possibly they may not continue the consideration But some of the clausee of the Bill have got relevance to political situations in many States in the country and therefore, I want to make it clear on behalf of my Party, and myself to the Opposition (Interruptions) and to Government particularly, that they should know that we are opposed to clauses 3 and 4 of the Bill We are going to eppose, making my point clear, particularly the point for reducing the period from six years to five years are opposed to that So, I wanted to give information to the House earher

DUME HON MEVIBERS 1019-

MR SPEAKER Of course, every Party need not oppose this You need not oppose it on the Party basis

SHRI ARAVINDA BALA PAJA-KOR (Pondicherry): We are entitled to express our views

MTR SPEAKER Only one can oppose it. It may be Anna DMK p- somebody The rules are clear on that

SHRI ARAVINDA BALA PAJA-NOR One correction, Sir, It is All-India Anna DMK, it is not Anna DMK.

<sup>\*</sup>Published in Gazette of India Extraordinary, Part II, section dated 7th April, 1977.

SHRI M KALYANASUNDARAM (Tiruchirapalli) Please permit re to speak for a few seconds Today is the last day of the Session according to what was already announced. This is an important Constitution Am endment Bil. My Party is pledg ed to support the amendment contained in this Bill because even at the time when the Constitution (Forty-second Amendment) Bill was discussed we opposed it

MR SPEAKER I know that, But i' you get up like this it is not pro per The rules are very clear that on y one of them can appose the Bill.

SHRI VI KALYANASUNDARAM I am no opposing I am supporting the Bill

MR SPEAKER All right, but please at down how nothing is go ing to be recorded.

SHRI M KALYANASUNDARAM\*\*

MR. SPEAKER Anybody may support the Bill or oppose it, I am not interested in that. Mr Kalyanasundaram you are getting up again, I am only sorry All I can say is I am extremely sorry On every usue if this happens with other Members a so kindly let me know what ean a poor Speaker do I allowed the Leader of the Opposition to speak.

SHRI VI KALYANASUNDARAM But there are many parties who want to express the views

MR SPEAKER There is no ques tion of par ies Then it becomes a discussion. It can be discussed. The Bul is for discussion only not at the introduction stage. At this stage one can only oppose. The rules are very clear on that if you kindly read them So kindly sit doun Kindly don't get up to If you do that, others will speak also do it and I will be helpless,

SHRI SHANTI BHUSHAN The Leader of the Opposition has stated that he wants to intimate that clauses 3 and 4 of the Bill are to be opposed by him All that I should like to say on that matter is that last time in 1971 or 1972 when elections to the Lok Sabha and various State Assemblies took place, people had voted those who succeeded in the elections for five years mandate that had been given to them by the people was for a period of five years Sometime back when the term of the Lok Sabha and various state assemblies was sought to be extended from 5 to 6 years and the Constitution was also amended that effect, there was a lot of reaction in the country (Interruptions) Recently concluded elections to Parliament have demonstrated what the feelings of the people are in regard to that matter (Interruption) At this stage I have no desire to say anything more in the matter when the Bill comes up for consider action, I shall give my views

MR SPEAKER The question is

That leave be granted to in troduce a Bil further to amend the Constitut on of India

The motion was adopted

Sir I SHRI SHANTI BHUSHAN beg to introduce the Bill.

MATTERS UNDER RULE 377

(I) INCOME-TAX RAID ON THE OFFICE OF AVARD

Shri Jyotirmoy MR SPEAKER Bosu may raise the matter of which he has given notice

SHRI ARAVINDA BALA PAJA-NOR (Pondicherry) Sir, I have a point of order to make We are given to understand that the cussion will be taken up later But we have been told-T do know whether it is correct or notthat the discussion will be taken up on the 9th instant and the Bill will be passed And for that purpose you have extended the House we have not gone back to our constituencies since the House has been in session Tomorrow is Good Friday We have to go to our Constituencies

MR SPEAKER I myself do not know about the extension of the House II there is going to be an extension the Government will come and sav that they are going to do it Therefore there is no point of order (Interruptions)

New Mr Jyotirmoy Bosu, you may continue

SHRI JYOTIRMOY BOSU mond Harbour) The Association of Voluntary Agencies for Rural Development (AVARD) of which Shri Jayaprakash Narayan 13 the President has been engaged in the field of rural development for the last 20 AVARD is an all-India Federation of non-official agencies functioning in rural areas and has n membership of about 150 organisations spread all over the country AVARD has been helping its members in all aspects of rural development and also in the preparation of micro level plans a dozen of them making pointed documents, and also has been implementing a few development projects. One such area where this Association has undertaken comprehensive area development work is Musshrl Block Muzaffarpur District, Bihar and other areas of Bihar West Bengal, Orissa Manipur, either directly or through its member agencies. Musahri Block is well-known to the

people of India for its being the scene of intensive and extensive Naxalite activities Shri Jayaprakash Narayan had to spend more than one and a half years in that area to bring peace

The financial assistance for taking up the development work in Misahri and other areas was received from a foreign donor known as the Central Agency, West German, through Peoples Action for Development (India)—a society set up in the Ministry of Agriculture and Irrigation (Department of Agriculture). The idea was that the Government is kept fully informed about the sour ces of funds and their dissosition.

To malign AVARD, especially its President Shri Javabrakash Narayan an extraordinary income-tax raid was conducted by the Intelligence and In vestigation Wing of the Income-Tax Department on 5 2-76 The raid was carried out simultaneously at its head office at New De hi, the two project offices at Muzaffarpur and Jamus in Bihar at the residence, of its Vice-President, Shri Radhakrishna Generai Secretary, Shri A C Sen Ac counts Officer Shri R, L Goe' and also Shri S K. Bahri who happened to be one of the partners of AVARDs Audit Firm The raid purty visited both the offices of AVARDs auditors, Messrs Aiyar & Co and Chandrok & Galiani After the raid all the books of account including relevant documents and some office records of the Head Office as well as the project offices were seized by the Income Tax Department raid was also given wide publicity by the Samadiar in the Press without giving and opportunity to the office holders even to explain the manner and functioning of AVARD All the seized documents are still with the Income Tax Department

It is interesting to note how the whole welfare development work of

AVARD was politicised by the than government In reply to an Unstarred Question (No 13) in the Lok Sabha the Minister of State in the Ministry of Agriculture and Irriga tion Shri Shah Nawaz Khan informed the Lok Sabha on March 8 1976 that the Ministry of Agriculture itself had received the necessary funds mostly in the form of fertiliser and wheat for the three projects being executed by AVARD But then only two days later, Shri Brahmananda Reddy, under orders of Shrimati Indira Gandhi the then Minister of Home Affairs speaking in the Lok Sabha on 10 March 1976 and in the Rajyn Sabha on 1fth March 1976 while quoting the above figures of receipts by the Ministry of Agriculture said that the Association had received there amounts some foreign sources-the source, and the manner these assistances received are under investigation of the Government of India a bistant and shameful untruth. From this it is clear that all administrative actions on AVARD were of political nature

Thereafter sizable AVARD funds amounting to about Rs 45 lakhs lying with the Ministry of Agriculture and Irrigation were frozen under instruc tions from the Home Ministry tuctions were also issued by the Min istry of Agriculture and Irrigation to all the State Governments that no help or co-operation be extended to AVARD in any manner or form Even AVARD member agencies and other organisations directly or indirectly connected with it were also subject ed to simular restrictions. This is how Shrimati Indira Gandhi made an effort to do a character assasination of Shri Jayaprakash Narayan and using this forum is disgraceful Will the Home Minister please assure this House that the restrictions imposed will be withdrawn forthwith?

SHRI A. C GEORGE (Mukandapuram) Sir today is Maundy Thursday and tomorrow is Good Friday I hope this House will have some respect for nunorities and allow us to celebrate our festivals. I support what Mr Pajanor has submitted regarding the extension of the session.

SHRI ARAVINDA BALA PAJA-NOR Sir, I agree with Shri Subramantam that this side of the House also must be given due consideration It is not that easy for us to go back and come again For the part so many days we have been in Delhi and we want to go back When the opposition leader rose to appose the introduction of the Bill, you said that one member from the opposition can oppose the introduction. The leader of the opposition must have been under the impression that the Bill will not come up for consideration this session. We were all under the impression that the House is adjourning sire die today. But we have been noticing that at 5 o'clock it is and that the liouse will sit up to 730 that the session is being extended and so on

MR SPEAKER The Minister of Parliamentary Affisir will make a statement Before that there are one or two gasternens by other ministers also I am also made to believe that we are not sitting on the 8th. Why don't you give me aome time now? When I called the minister concerned he was perhap in the Rayay Sabha and he was perhap to the sabha and the Rayay Sabha and he was perhap to the Rayay Sabha and he was polytomer and the Rayay Sabha and he was perhap to the Rayay Sabha and he was perhap

SHRI A C GEORGE We could not hear anything of what Mr Jyourmoy Bosu said

MR SPEAKER I will have it circulated His statement and the minister's reply—both the statements— will be erculated to you

SHRI VASANT SATHE (Akola) I rise on a point of order Rule 377 says

A member who wishes to bring to the notice of the House any

matter which is not a point of order shall give notice to the Secretary General in writing, stating briefly the points which he wishes to raise in the House, together with the reasons for wishing to raise it, and he shall be permitted to raise it only after the Speaker has given his convent, or such time and date as the Speaker may fix."

This is not a notice like short notice question or any other thing. This is only for your consent How is it that previous notice of this statement which was read out just now became available to the Minister for him to have a written reply got ready to be read out here? This appears to be a mutual arrangement'

MR SPEAKER The rule says that notice will be given to the Speaker

Notice was given to the Speaker and a copy of the rotice was sent to the Home Minister sesterday Apart from the rules, it was given to the Secretary-General It was sent to the Home Minister and it is in the Order Paper Now what you read just now been strictly followed Therefore, he is ready with the reply also

SHRI C M STEPHEN (Idukki) I am rising on a point of order. The Minister can make a statement under Rule 372 on a matter of nublic importance with the consent of the Speaker but ro question shall be asked at the time the statement is made But he cannot make a statement in answer to a question raised under 377 In 377 a special procedure has been stipulated that the Member makes a statement, it goes on record and the Secretary-General then passes it on to the Minister

SHRI M KALYANASUNDARAM (Turuchirapaili) I do not object to 377 notice and the Minister promptly obliging with the reply But similar rotice was given by me on the Railway accident that took place in Tamil Nadu involving lives of people When I raised that point why (Interruptions)

MR. SPEAKER The Minister made a statement on the railway accident. If you want a discussion, you can certainly have a discussion (Intersuptions)

SHRI SHYAMNANDAN MISHRA (Begusaras) I want to make a brief submission for your consideration So far as this point of order is concerned. whenever any hon Member makes a submission under Rule 377 he wants to draw the notice of the House to a matter of public interest, and the House includes the Government Now it had been the practice of the previous Government to ignore the observations made under Rule 377-Generally it had been their practice many occasions-you will find record-the Chair also wanted tbe Government to take notice of obsert ations

Now, if any government is resnonsive to the observations made it goes to the credit of that government and there is nothing in the way of the government making a etatement thereon (Interrup ors)

SHRI C M STEPHEN It is a matter of procedure

SHEL SHYAMNANDAN MISHRA I have not disturbed you at all. O herwise whatever observations we make under rule 377 would fall on deaf ears We don't want any government to be deaf to the observations made by any hon Member

MR SPEAKER Now may I ask Mr Kaushik to make the statement?

THE MINISTER OF HOME AF-FAIRS (CHAUDHURI CHARAN

I want to make the state-

MR SPEAKER I have permitted all of you. All of you can have it

SHRI C M STEPHEN Kindly don't take it that way I have raised a point of order. I have cited a rule

I want a ruling from the Chair There are certain procedures under which 184 LS-3

information can be elicited from the government. They can have a discussion, they can have a half-an-hour discussion. They can have a callattention, they can put a Motion, they can have a short notice question. These are the different methods whereunder information can be called for Rule 377 states what should be done under 377 That is the end of it. Under 377, a reply to the point raised by the Member is not called for at all. Therefore on the spot, it is not called for at all. If, after hearing the observations the Minister feels that a statement under rule 372 is called for, he car give notice and come with a statement. Not in reply to what has been said under 377 I want a ruling on that

MR. SPEAKER I think rule 377 is very clear in that tense. No reply from the Mirister is anticipated in this rule. The Minister may make a statement, if necessary, later on. That is a different matter

Mr Kaushik may make a statement on the plane crash,

SHRI M KALYANASUNDARAM

MR. SPEAKER You have been on
a point of order so many times Anyway, proceed

SHRI M. KALYANASUNDARAM You don't listen to me You will be compelling me to say something more drastic. Don't make me protest like that.

MR. SPEAKER Yes; proceed.

SHRI M KALYANASUNDARAM I request the Chair to be reasonable. Rule 377 is a valuable privalege given to the Members to bring to the notice of the government immediately any matter of poble importance, other than the point of orders. I had given a reasonably and represented to you. I met to the Minister of Parliamentary Affairs

(Interruption) I don't object to the Minister giving a prompt reply I welcome that I welcome it if the Ministers are ready to give a reply even for 377. It is a good improvement. But that treatment should be given to all the Members who give notice under 377.

DR. HENRY AUSTIN (Ernakulam): I fully endorse it.

MATTERS UNDER RULE 317-Contd

(II) COMPLAINTS ABOUT MALIFACTICES DURING RECENT ELECTIONS TO LOK SABRA

SHRI SHYAMNANDAN MISHRA (Begusarat) I have given a notice under Rule 377 and I have been informed that I would be given an opportunity to speak today.

THE MINISTER OF PÄRLIAMENTÄNY AFFAIRS AND LABOUR
(SHIRI RAVINDRA VARMA) Some
questions have been raised about
Government's intention to seek the
permission of the House to continue
string for another day I wish to
state on 'objait of Vae Government
that the Government has no intention
to do so and we hope that the Governments business that has been in
cluded in the agenda for the session
will be completed to day itself

SHRI SHYAMNANDAN MISHRA-Mr Speaker, Sir, under Rule 377, I draw the attention of the House to a matter of great public importance, nay of great importance to the domocratte process itself of which this House is the product Though the elections to the Lok Sabha have been, by and iarge, fair and augur well for our democracy, it is learnt that the Election Commission has received complaints about scrious malpractices committed in cratten area.

Some of these malpractices which were in gestation for some time now seem to be coming of age, thanks to the perfection of technique achieved by its perpetrators. And unless the Government makes thorough enquiries into them and takes effective steps to prevent them in the future, what appears now relatively a small affair may, very soon, assume grave proportions imperilling the democratic process, itself.

Rigging is now being done in a well-organised, pre-plained manner, and what is really disturbing,—with the active sid and assistance, or at least connyance, of the State machinery—Is the manner in which they are doing it

I will begin with the Begusard constituency which I have the honour to represent There men in high suthority had hatched plots with gangsters and anti-social elements armed with lethal weapons to cepture booths on a large scale with the result that the administration and the police officers merely looked on So much so that in the Sonspur booth of Begusaral which was protected by four rifled men, the ballot boves were smatched away by an armed gang strangely enough, no enduries but, strangely enough, no enduries were made as to how such a lost could be properties.

Notorous antisocial gang, armed with rifles and sten gune moved from booth to booth like an invading army with a number or vehicles led by a pilot jeep in order to intimidate voters and presiding officers and to capture booths. The Government had completely addicated fits functions in favour of this gang in this entire beit, At one booth a presiding officer told

[Shri Shyamnandan Mishra]

63

me after seeing the rifles of the gargsters that he would have been happier if the bullets pierced his heart instead of destroying democracy The Election Commission was also informed of the ballot boxes having been taken out at an unauthorised place et the district headquarters and tampered with The evidences supporting this were preserved for some time for inspection by the Election Commission but nobody turned up to look into the complaint. At one booth Katarı in this very constituency the polling was completed by the gangsters of a local MLA by 730 AM. when the polling starts and ultimately a repoll had to be ordered Altogether nearly 150 booths were captures in this Parliamentary Constituency In the adjacent Ballia constituercy the cituation was so bad that six persons lost their lives a, a result of shooting and homb explosion

Two candidates of the Jehanabad and Sitamarh: constituencies were arrested on the polling day because they were found terrorising the polling parties and voters with the help of unlice-yed arms bombs etc

In Banka 15 to 20 booths were looted by the candidate opposed to the Janata Party Trucks and vehicles were sexed by the authorities 10 which were found unicensed arms and bombs One bomb manufactured by the supporters of a party candidate exploded and two of the supporters died, one instantly and the other in the hospital.

The other glanng asstances are Dum Dum and Barrackpore in West Bengal, Amethi in Ultar Pradesh and many areas in Kerala The situation in the Ferozpure Constituency of Punjab has figured in the press But I will not refer to it as the matter is sub judice. There may be other pockets too.

All in all the malpractices included seizure of booths by antisocial gangs armed with lethal weapons the arrest of workers of opponents one or two days before poll, running away with the ballot boxes, the discrepancy between the votes polled as per records and the votes counted, the duplication of ballot papers on a large scale, taking out of ballot boxes at unauthorised places and tumpering with them, and the making of major decisions and concessions to various interests by Governments which should function merely as a "carctaker, Government" during the electrons.

It is necessary that the Government investigate these cases fully and take effective steps to prevent their recurrence in future

PARLIAMENTARY PROCEEDINGS (PROTECTION OF PUBLICATION) BILL

MR SPEAKER We will now proceed with Item No 18

THE MINISTER OF INFORMA-TION AND BROADCASTING (SHRI L K ADVANI) I beg to move

'That the Bill to protect the publication of reports of proceedings of parliament be taken into consideration"

At this stage at the very outset, I have just a few remarks to make During the period of Emergency there were three Statutes which curbed the freedom of the Press The first one was the prevention of Publication of Objectional Matter the second one was the reneal law repealing the publication of parliamentary proceedings immunity law, and the third one was the Press Council Act which was repealed The first of these laws was repealed in this House yeseterday and today we are dealing with the second one I would think there is no controversy whatsoever in this regard. In fact, the immunity in respect of coverage of parliamentary proceedings was by virtue of the law enacted in 1956 which is one of the very few laws that have been sponsored by nonofficial Members There are very few laws of this nature and the credit of sponsoring this law goes to Shri Feroze Gandhi who was a distinguished Member of this House It was adopted by the Parliament in 1956 Up to 1976 for a period about twenty years I personally have known of not a single instance where this immunity was in any way abused by the members of the Press Corps But a blanket allegation was made against them against the entire Press community in the Statement of Objects and Reasons of the Bill that was moved by my predecessor Shri

Vidyacharan Shukla It was said at that time in the statement of Oblects

and Reasons

65

But actual experience proved that the privilege given by the Act was misused frequently and systematically Many newspapers ported with impugnity and often on the front page and with banner headlines such motivated and wrong charges levelled in the parliament against different persons as would have invoked the laws of the land, Because of the protection afforded by this law to the pres, the persons affected were deprived of the remedy the country's laws promised to vindicate their personal honour. The misusa of this privilege assumed extraordi nary proportions during the last three years

This was the rationale that was offered to parliament when this repoal Ball was recoted which repeal Ball we now wart to set a.ide and rester the original position As I said pesterday. I totally disagree and my Government disagrees with the entire approach that it somebody from the oppos te side makes an allegation against us SHRI K LANKAPPA (Turnkur)
The previous Government also sug
gested that we should relax it because
it was brought at the time of the
Emergency

SHRI L K. ADVANI I think I have made my point very clear So far as the Emergency is concerned, the Defence of India Rules took complete consideration of what the press should do and their was no need for a Bill of this kind There was no need for a Bill of the kind we repealed yesterday These two Bills were intended to make the Emergency provisions a permanent part of our set up They were intended to institutionalise the directional policies of the Executive during the Emergency and therefore I feel it immersive

SHRI K LAKKAPPA That was no the intention. The security of the country and the integrity of the country were the most important considerations at that time

SHRI L K ADVANI I may point out that even the earlier Bill as adopted by Parliament (se Feroze Gandhi Bill) did not confer any blanket and absolute immunity the press There are limitations even on that privilege We Members of Parliament in this House enjoy the privilege of making statements without fear of becoming hable criminal and civil proceedings but at the same time, if any statement made in the House is irresponsible or defamatory the Chair has the right to expunge such phrases or to ask the Member concerned to withdraw his remarks There are several provimens in the Rules of the House itself to act as an effective curb or chrox on any irresponsible and defamatory Literances

Similarly as I have said the lexities it provided while best owing must remain an an effect of the publication and accurate separate that the publication must be a sub-tantially true and accurate report, that the publication must be

# [Shri L. K. Advani]

for the public good, etc. It should not be with a view to blackmailing any one or with a view to seeking personal vendetta or anything of that kind Thirdly the publication must not be actuated by malice These are specific phrases that the Feroze Gandhi Act provided for and which we, while moving this Bill, have put forth before you in their original form There has been no change there has been no departure of any kind from the original Bill,

Therefore I commend it to the House with all the emphasis at my command, and I hope that, as the Bill which was adopted yesterday, this Bill also will be adopted unanimously

# MR SPEAKER Motion moved

"That the Bill to protect the publication of reports of proceedings of Parliament be taken into con-«ideration"

Wa have four more Bills I do not know whether we will be able to finish tham. Yesterday I prevented one or two Members from apeaking so that we could push through that Is Mr Purnanarayan Smha present in the House? I would like to give him a chance Yesterday he was very unhappy I could not call him I would like to call him first

SHRI PURNANARAYAN SINHA (Tezpur) Mr Speaker, Sir, I come from a place on the India-China border Tezpur which was threatened by Chinese aggression as far hack as 1962. The then Prime Minister, Pandit Jowaharlal Nehru, said on the floor of this august House that his heart went out to the people of Assam at their hour of peril when on 20th November, 1962, Government had to evacuate the administration from The Local Government Tezpur obeyed but we refused and we tried to keep up the morale of the people I come from that area

(MR DEPUTY-SPEAKER in the Chair)

I have the honour to say that I founded a newspaper 15 years ago, and I have been editing it-for the last 15 years This is an independent paper, it is not affiliated to any political party

AN HON MEMBER You belong to a political party

SHRI PURNANARAYAN SINHA Of course I do belong to the Janata Party, but I have never made my paper a party organ It has been an independent paper I have made a venture for self-employment of my two graduate sons, I asked them not to go in for a government job but to do a business of their own I had started a small press and a small paper and have been running it for the last 15 years

About 14 months back, I was datained by the Government for publishing a story about the pompous marriage of a Congressman, It was supposed to be an objectionable matter for the party in power and, therefore I was put behind the bars. My sons were in charge of the press and were managing the paper in my absence Never before have Government given any advertisement or newsprint quota to this paper After 14 months of detention, I was released about the end of January when I contested the election and I have been fortunate enough to come to this House to put forward the difficulties of the people of Assam who have been neglected all these 25 or 30 years. There has been no development in that area. We have heard another hon. Member speaking about the difficulty in getting drinking water supply For everything for a bridge for a university, for a refinery, for a road, for extension of the broad gauge rallway line from Bongaigaon to Gauhati, for everything people of Assam have to organize Without agitation, the agitations. people of Assam have got nothing For the refinery at Gauhati the people of Assam agitated We were 69 Parliamen Proceedings

sent to jail for six months for making the demand before the Deputy Commissioner's office. Only thereafter we got a small refinery at Gauthatt. The bugger one was given to Branuni in Bihar, Subsequently, one was however, installed at Bongargan

Assam is connected to the rest of India by a forty mile corndor over the North Bengal area For a broad gauge line, the people of Assam have been agitating for the last ten years. This is the position there I come from such a backward area.

Now, I would tell you what happened about the press For anything that we wanted to publish during the emergency, a Sub-Inspector of Police would be sitting in the press to censor that material. He may be barely a matriculate or who may not have any idea of the principles and science of censorship and national eccurity, but all the same, he was there I publish a story about the fact of a Congress MLA baying relebrated a pompous marriage My idea was to focus tho attention of the people on the aced of austerity. The result, however, was that I was detained because that was considered something objectionable There has thus been a lot of repression of the press during the emergency There are a few papers in our area and there are also a few lakha of readers We have not been able to bring about any development in this regard. On the top of that t) ere vere so many restrictions

I happened to see a small took published by DAVP about the freedom of press in India. It has been stated in that book that the freedom of press is senured under Article 19 of the Constitution o' India and that the Government have never interfered with the functioning of the press Unfortunately, I have not brought that book with me today, I read it yesterday As we know, during Emergency, there were a lot of re-trictions on the press, but after the

elections were announced, the press has empoyed a little freedom. Thus, during emergency, whatever is contained in Article 19 of the Constitution, was being violated.

Now, it is very good that the Janata Party Government has initiated action to repeal all those black laws With these words, I support thus Bill which is intended to restore the principles and objectives of the Feroze Gardhl Act

SHRI J RAMESHWAR RAO (Mah boohnagar) Mr Deputy-Speaker, Sir. I would like to make it clear at the outset that I am not opposing this Hill. But while protection is given for publication of parliamentary proceedings this protection imposes an obligation and responsibility on the press of correct reporting There should be no suppressio veri and suggestio faist. While the Government should not censor press report. ing of Parliament proceedings, the press or press owners should censor or distort what is said by any member in the House In reporting statements made by Members on the floor of the House there should be no attempt to tear them out of ecetext or deliberately to give a wrong thist or interpretation otherwise it would be misusing this privilege

To give only yesterday's example, I was quoted as having aidd that we would support all that the Primo Minister said in his broadcas' This sives a totally wrong impression. What I said awa quite different is aid I serred with what the Primo Fifnister said g fidling that there was reithing new he had gaild.

SHRIL K ADVANI Whose re-

SHILL RAMESHWAR RAO- All

We had all been saying the same shings even when he was a member of the Congress Party and Deputy

#### Parliamentary Proceedings (Shr. J Rameshwar Rao)

Prime Minister Only implementation had been tardy Now that he bas changed his Congress Party label to Janata Party label I hoped there would be implementation Further I did say that freedom of the press was essential for surival of demoeracy But I also said yellow fournalism is a danger to democracy The two do not go together But the first part was reported and the second part omitted.

I have at here these ten days hearing the constant abuse of the Congrees Party and my colleagues, from Government Benches I know the hon. Members of the former Opposition who have been used to constantly abusing the Congress may find it difficult to adjust their selves to their new role of sitting on government Benches, but it is they who have to help maintain the algarity of the House Surely Mr Deputy Speaker, we should not allow this House to degenerate into a House of Abuse. They are abusing us to their heart's cortent outside this House, and Press is giving erough pulicity to this abuse, but let us as least maintain the dignity and decorum of this House.

The other day there was a lecture by the hon. Prime "dinister on nonviolence, Satyagraha and the Gandhian Tradition. He is not the only beir to the Gondhian Tradition We are also being to the Gandolon transfor My first priezest in political am vorry to be a little bit autobiographical-was roused in 1975, 1707 and 1935 through Noteli Subhas Chanles Bose and the controversy of his second elect on as Corgress Pre, dert and also by reading Janaharlahis autobiography My Baptism of fire came during the 1912 movement under the impiration o' Javaprakach Barayan, I coreider him as one of the great men of this

country Later I learnt practical political action at the feet of Mahatma Gandhi, and respect for human values like tolerance, freedom Hberalism working under Jawaharlal Nehru Gandhi became real to me, m emotional and practical terms, in 1967 when I started organizing agricultural labour unions in my constituency when all the opposition parties, apart from my own Party, opposed my work. The only person who supported me was Shri Ram Manchar Lohia Shri Ram Manchar Lobia published notes about my work in his journal Mankind

The purpose of my saying all this is to emphasize that no one individual or group in this country can arrogate to himself or themselves the attitude of being the sole representative of the urges and aspirations of the people of India or the sole heir of any aspect of our complex national tradition. We are all heirs to a common tradition We all represent the people of India

The bon Members of the Janata Party speak of their mandate They are not yet a party As of to-day they are still a coalition of parties The Janata Party, I learn, is to be born on the 1st of May. I hope it will umbibe some of the traditions of the First of May We too who have been elected also have a mandate from the people If the mardate of those who occupy the Government benches corres from a region we also have a mardate from more than one region, in this large and diverse country As to who has real mandate of the people, only history will tell But in a democracy one accepts the numbers as that is the only vorking arrangement posts-

The other day, the members opposite objected to my collengue, Shri Sabramaniam, speaking of differences in the voting pattern in different part of the country But when the Prime Plinister gave on unasked for assarance to the south, I suppose we Proceedings
are expected to be dutifully grateful

73

There must be some consistency somewhere

So, Mr Deputy Speaker, let not the

So, Mr Deputy Speaker, ict not the avalanche of abuse continue I am surprised that an independent member like my friend Mr Purushottam Mavalankar—he is not here at the moment—has, also been infected with the contagion of abusing us Let him think of his great father and the traditions set by him. Let him 'hink of his great father's, illustrious predecessor in office Shri Virhalbbas Patel and the traditions land down by him I have great affection for Purushottam and it hurts me to find fault with him.

We on this side of the House have promised constructive co-operation responsible functioning have not done so because we are weak or because we are defeated We have done so because we went to set an example in functioning like a responsible and constructive opposition But let me warn the members on the Government benches please do not take us for granted We can give constructive co-operation only when there is give and take from the Government benches also both policies and programmes I would like to request them not to try drive us to the vall because we too can hit back. Let me also remind the members opposite-there many amongst them who have skelein their cupboards...while Jayaprakash Narayan walks this country like a co'ossus persors from Bihar had to come to terms with him for their very survival. Am I to believe that there actions were prompted by idealisms

Speaking about the Bill under discarden there is just on Ferma I.

with to point out I pointed this cut
to Shri Feroz Gardhi when he first
introduced his Bill—I can say what
I like in this House about aryone
even a persor who is not a member of
this House—things for which I may
remails be used for like or defanse. tion, if I had said it outside this House -what I say in the House can be printed and published with impunity by the press under this Act and the person against whom things been said has no remedy except challenge me to come and say same thing outside the House In country like India where what reported in the press is generally considered true, especially if it defamatory, great damage have been done How does Government propose to protect the innocent individual against his kind of blackmail? As I said earlier. I am not opposing this Bill. I wish to conclude by requesting the Government to give some thought on how best we can prevent the misuse of this privilege

SHRI VAYALAR RAVI (Chirayunkil). Mr Deputy Speaker, Sir, I support this Bill. The Parliament is supreme It is the supreme body of this country It can not only define but also decide the fate of the nation The people of this country must know what happens in Parliament so that they can judge the performance of their representative whom they have elected to Parliament

The much lauded Bill introduced by the late veteran Feroze Gandhi had been moulded and the proceedings of this House had not been projected properly to the outside world. Now, who were helped in this process? It helped the monopoly houses, explosters and the multi-nationals

Mr Deputy Speaker, Sir, this House has been constantly and all the time vigilant to see that such policies are followed as will encourage the public sector and restrict the growth of the monopolies. Sir, under the cover of the present law, which was introduc-ed during the Emergency, the misdeeds or the offences committed by the monopoly houses could not be projected to the outside world although these issues were raised on the Floor of this House. As such, these monopoly houses could escape from the public criticism. I would like to admit that even questions sent to the

Parliament Secretariat in respect of monopoly houses had not been admitted all the time I myself faced this difficulty

77

Sir, this House had the privilege to expose the misdeeds of the monopoly houses for example Mundhra deal The name of Shrl H M Patel the present Finance Minister had figured in the Chagla Commission report concerning Mundhra deal. This House had deliberated extensively on the Mundhra deal This subject had been brought before this House by late Shri Feroze Gandhi and many Ministers as well as officers-of which Mr Patel is one-were exposed So Sir I would like to submit that whatever we say in Parliament should be known to the people at large and they be given an opportu nity to decide and make their own judgement,

In this connection I would also like to submit that during the Emergency many officers might have done certain things. There should not be any witch hunting against such officers. These officers might have done there things under a certain political direction You should not hang these officers for that. They will obey you also as they have to obey the political authority If you go on perse cuting the officers on every minor point then, I think, it will be harmful to you also as you will be demoralising the Administration, Now, take the example of 1947 At that time we knew the ICS officers were the collaborators with the British Haj They had persecuted the freedom fighters beyond their capacity Mr Patel was also one of such ICS officers I am not blaming Shri H. M. Patel but let him examine his own old position under British Ray Later on he was associated with Mundhra deal.

But let him make an examination as to what happened and I hope being a Minister of the Cabinet rank he will not agree for a witch hunding of the officers who have done something during the emergency. It is a

political decision. Thus I will make an appeal to the hon. Minister

In this connection I may also point out that on the earlier occasion hon. Members on this side drew the attention of the Government regarding the railway accident Mr Madhu Dandavate is a friend of mine I am not blaming him After the accident we found a name in the newspaper one Mr Balakrishnan, The brother of another Member of this House Mr Kadanapalli Ramachandran 14 Mr Balakrishnan who was expected to come by that train. They were a little panicky because it was shown in the list as Balakrishnan Kannanore Then I rank up Mr Dandavate s office The Minister was not available I talked to his Private Secretary who was there I said, "It is a very semous matter that the brother of the hon Member Mr Balakrishnan appeared in the paper Do you have any information" The next day I found, to my regret there was no information no addresses of the people who were involved in the accident who were killed or injured. The Railway Minister must have the facts before him when such a serious accident occurred in the southern part of the country and the relatives of the people-some of them are from our constituency-may ask us about it. Of course I know Mr Madhu Dandavate may be new to the Cabinet. It may be his initial error he may correct it later on But to my surprise the hon Munister

SHRI S KUNDU (Balasore) When did the accident occur?

SHRI VAYALAR RAVI Last week.

DR. HENRY AUSTIN (Ernakulam) Even the hon Members do not know about the accident. 30 people met with a very serious accident. It is a West Coast Railway accident

SHRI VAYALAR HAVI I am telling the importance of what I am speaking about in the House I am only pointing out this kind of thing he-

[Shri Vayalar Ravi] cause I have to bring this to the

cause I have to bring this to the notice of the House Let the Minisrers correct themselves

Sir when the earlier accidents occured Shri Mohd Shaft Quresh; the then Railway Miniter, knew what was happening and he used to rush to the House and inform I am zorry in friend. Air Nadhu Dandaxate could not find time to shift the people who were serious in the hospital, Of course they have got a massive mandate

SHRI MADHU LIMAYE (Danka)
This is not very relevant to the subie t

SHR VAVALAR RAVI I am glad that senses came to Mr Lamage Lastly, I should say there is a proverb in Malayalam Putton ach: there perulum That means, the rou bride cleaning the house and also the surroundings. This government coming with all new proposals and all through with enthusiasm announcing every day this is all like the new bride, But the thing is they have got a massive mandate there was rigging of the election. The whole purpose of my speaking in the House is because they think they get a good propaganda. Dut on rigging of e ertion we never spoke of it. We accepted the defeat. We have been defeated in this part of the country But we never said as a propaganda that there was rigging (Interrupt ons)

I have got a paper with me I am prepared to produce that paper In my election I have seen a postal ballot sent by a rulutary efficer containing on appeal from Marxist Communist Party s condidate It has been sealed and sent and I sent a complaint to Election Commissioner I have got that Communist appeal with me It is printed in red. In my constituency I had to ask two polling efficers to get out Two ballot papers were rivenone was the Assembly one and the other was that of Parliament, in my constituency 7 000 blank ballot papers appeared and in Palghat where we captured a seat of veteran leader, Mr Gonalan

SHRI JYOTIRMOY BOSU On a point of order It should have some relevance to the subject he is discussing

SHRI VAYALAR RAVI I am saying that this is relevant because the whole intention of the government was that this forum should not be used for political propagards.

AN HOW MEMBER What are you doing?

SHRI VANALAR RAVI You have dore that you are doing the same thing that is what I am saying. In this House fisel' there was a lot of criticum I am not saying that it should be used for political programs are the wylote history of Parliament It was welcomed by the people and it has been useful to the people. They speak about Jiyaprakash Narain I have nothing personal against him. He guid that the BSS ahould be banned immediately siter the muster of Mahatma Gandhi.

SHRI GAURI SHANKAR RAI (Ghezipur) On a point of order

"Ir Deputy-Speaker is this relevant to the Bill. There must be the remolest sense of proportion.

MR DEPUTY-SPEAKER I will take care of that Most Members are not subering to that principle it cuts both ways.

SHRI S KUVDU On a point of multi-mul

MR DEPUTY-SPEAKER Order, order It is not a point of order.

ЖI

SHRI VAYALAR RAVI When the hon Member there was speaking he was abusing the former Prime Minister Indira Gandhi and the former government (Interruptions) I agree, I am only sorry that J P has changed his stand on the banning of the RSS: he is absolving those people now who are now in the Janata Party One of the constituents of the Janeta Party, the Jan Sangh has not expressed any regret for what happened in 1943 namely, the murder of Mahatma Gandhi J P wanted to ban the RSS in 1948 he has changed and he is now defending the RSS ruptions)

I am saying that this Bill is good for the country and people must know what is happening in the House I welcome the Hon-Ministers attitude to this matter and I congratulate him on that

SHRI SO'INATH CHATTERJEE (Jadaspur) Sir, we heard with interest the speech of Shri Vayalar Ravi who has got back his freeden to speak though of course, he was talking with his tongue in his cheek. The only thing he has not explained is why she supported so strongly the Bill which was brought to commit an outrage on parliamentary democracy in this country We are glad that another atrocity which was com-mitted against the democratic set up in this country is being nullified today. like the Bill we passed yesterday.

The previous Government, Leir & afraid of exposure of their misdreds and being sensitive to even constructive criticism made in this House tried to create a hiatus between the Parliament and the people They wanted to ring down a curtain between the people's representatives and the people so that what was done here would not reach the people All the cherished principles were repudiated with a vengeance to consolidate the position of an individual and a family All norms of a democratic way life were polluted in this country to bolster up a make-believe situation to justify their perversion, namely, the so-called emergency They repudiated Jawaharlal Nebru when they took away the freedom of the press and brought forward the most Draconian preventive detention law in this country No wonder they repudiated Feroze Gandhi by nullifying his greatest contribution towards the development of parliamentary democracy in this country and sustenance of the freedom of speech When the Bill was considered in this House in 1956 the then Law Minister. Mr Pataskar, said

Proceedings

"I think this is very good Bill with a very good objective I commend the effort of my friend Shri Feroze Gandhi, who has so ably out forward the Bill of such an Important nature I commend this to the acceptance of this House and I really appreciate the efforts he has put into a very right and important Bill"

That support which was given to Feroze Gandhi's Bill was withdrawn not surprisingly because the Congress of 1976 was much different from the Corgress of 1956 They had strayed from the path of democratic process and devalued all norms of democratic life in this country. One thing we used to hear so many times during the last House was that the Parliament was supreme Parliamentary supremacy was sought to be made clear by the way they were exercising the powers which the people had given to them They justified all the Draconian laws on the basis of the 'massive mandate' which they always reminded us during the last House, they had received But how they misused the powers which they had received from the people! This Parliament was made a rubber-stamp Parliament, I repeat. They came back to the House in 1971 with the slogan of 'garibi hatao' The first thing they removed in 1971 was the personal liberty of this country by passing that

black law called MISA, The Parliament became their hand-maid All sorts of Draconian laws like the Election Law Amendment Act. 42nd Constitution Amendment, Additional Emoluments Act. Press Laws etc put in the Ninth Schedule, knowing that they were unconstitutional and would be struck down if challenged before the courts was all done in the name of maintaining parliamentary supremacy this country! Parliamentary supremacy according to them was the supremacy of an individual whose election must be upheld at all costs! When everything was sought to be done in the name of the people they really hoodwinked the people because the people were their real target The people lost their freedom and liberty The people's representatives lost their freedom to speak was the way they gave lip sympathy to the concept of parliamentary supremacy Today we have seen the Leader of the Opposition who has and openly that they will oppose the Constitution (Amendment) Bill which has been introduced in the House today They want to perpetuate their illegal rule in different States by extending the mandate which the people had given them in 1971 From five years they have raised it to six years Now, they are afraid of facing the people Today, they want to take shelter under that illegal, unconstitutional bill which was buildozed through this House taking the advantage of people like Mr Vayalar Ravi, our good friend, who is now talking so much eloquently about the freedom of the press and the Ferore Gandhi Act The only thing they have not explained is that why they have shown cowardice during that If they had any sense of loyalty to the Constitution and any sense of loyalty to the people who had elected them they would have opposed that. They had lost their sense and they had lost their conselence to a person who had acted as a political marauder in this country during the last 20 months

Feroze Gandhi while piloting the Bill had said that the people have a right to know what their chosen representatives vay and do The people of the country have the m.n. mum right to know what their repre sentatives are doing whether they are justifying the confidence reposed in them whether they are putting forth before the Government the real iscues before the country and whether their hopes and aspirations are reflected through their represantatives or not That dialogue was stepped and that source of informat on was dried up by the previous Government which have no courage to face the people now They repu diated Jawaharlal Vehru to them Peroze Gendhi was much lesser a man. The public conduct of every pub ic man in a metter of public concern Therefore we are accountsble to the people and how do we make the people know except through rev "papers and mars medie"

One thing ought to be remembered that the Feroze Gandhi Act did not gi e immunity or unwarranted liberty to the press There has been comp ete misapprehens on when they ray that by this Act the press people are getting complete immunity they are getting a free licence to print what ever they like this is absolutely misleading. The statute only extended to publishers of parliamentary proceed ings a qualified privilege and not an absolute privilege The report must be substantially true and publication must be for the public good and made without malice To claim immurity a report must satisfy all these three tests which have been laid in the law But see the anomaly that was creat-Under Article 105(2) of the Constitution what we say in House is our privilege but what we say if that is published, is not a pri vilege Therefore, what was the necessary corollary of 105(2) of the Corsts tution namely immunity given to Members of the House, was not being

extended in a practical sense to make it effective privilege and effective immunity

During the last debate Shri Shukla, guilty of dishonourable conduct tried to justify that draconian law, repealing Act by saying This Bill is meant to uphold the honour of this House and the honour of the Mem bere of this House and also the benour of the citizens of the country removing unwarranted munity and privilege given to editors, printers publishers of newspapers who can malign you in any manner they like ' Persons guilty of honourable conduct who had pervert ed all notions of honour in this courtry were talking of the honour of the citizens and honour of the Members of this House The immunity was not recessary for the Press of the Members as such What they wanted was an immunity from the exposure of the misdeeds of the last Government and its Ministers They wanted that those thing should not go to the people and reach the people The immunity was sought for cor rupt, ineffcient and sycophant Min Isters and the Queen Empress That was the ammunity which they wanted They deliberately misled and gave a wrong and misleading picture to the people of this country and bulldozed that black law through this House with the active support of friends like Mr Vayalar Ravi. This is a House of the people. We are here because of the people. We cannot operate in isolation out away from the people We are thought to be the people's mouth piece, whether Mr Lakkappa likes it or not By gagging the proper publication of the parlia mentary proceeding the previous government really gagged the people of this country The dialogue was That is why we feel that the present repealing bill which has been brought to revive the Feroze Gandhi Act is a very welcome bill. And we always knew we believe and we have found that generally the Press in this

country has behaved with responsible lity Mr Ravi has not been able to point out nor the Members on the other side have been able to point out any act or any publication which was protected as a result of the Feroze Gandhi Act The lavs of this country are sufficient to deal with any erring journals or any erring reporter. Cer. tainly such draconian laws are not necessary to deal with the publication of that kind I support the bill only wish that the support from the other side was a sincere one For the time being they have realized that it is necessary to support this repealing But the performance today of the Leader of the Opposition shows that they have not clanged much They are out to declare a war on the people

SHRI C M. STEPHEN (Idukki) Mr Deputy Speaker 1 I am joining in this debate it is purely to put in focus certain important aspects con cerning parliamentary proceedings It appears there is a feeling or there i an impression that conventionally it has been a part of the privilege of the House of Commons or of this Parliament that the publication of whatever has taken place in Parlia ment has immunity I would like to emphasize for whatever purpose it be that that is not the case. If you go through the history of the develop ment of privilege and the publication of parliamentary proceedings will find that in the initial stages coming up to the beginning of the 20th century the early part of the century the stant of the House of Commons has always been that the publication of the speeches and proceedings of the House is a breach or privilege not the non publication The Ifouse of Commons has been re pestedly passing resolution forbidding the publication and warning that the publication of the proceedings would be a breach of privilege It was only in 1909 by an Act of Parliament the position was changed (Interruptions) What I am saying is a historical fact which Shri Advani is corroborating It is only later finding that this pro-Illition of the publication of parilamentary proceedings will not be in the interest of the public good may be that the Parliament came out with an Act percuiting its publication spart from the further law which proteeted su h publication. What I am saving is from the p rimentary point of view the Mothe- of Parlia ment has been taking this alow for

(Sin. C. M. Stepben!) several years may be for reasons obtaining at that time, that the publication of proceedings is not a privilege Anyway, that was the old position which has no relevance today, when the publication is freely allowed, it is even televised. So we have now comit to that particular stage. What I am saying is the old story. I am only saying that let us not get away with the idea that it is an elementary principle. It is one thing that is good and it is another thing whether it is a matter of privilege. I am only

Now, coming to this Bill, it weeks to protect certain things which pre-viously, had it not been for this Bill, would be actionable. Let us see what exactly is that area where this protection is required. It comes under the law of libel, slander and all that, it comes under the law of elements of the law of th

saving that it is not a part of the par-

hamentary privilege that the proceed-

ings be published. It may be that

from the point of view of the common

good it must be published may or

may not be, opinions can differ

Let us look to the penal law, the Penal Code What are the items of defamation? Section 499 is there There are many sections and some exceptions have also been mentioned For instance, it is not a defamation to impute anything which is true concerning any person, if it be for the pubhe good. Now the Bill before us says that even if it is not true, whatever it be, it can have protection only if it is for public good, not otherwise Even if you page this Bill, not any publication gets protection you get protection only if it is for public good. So, the first exception is that it must be true and it must be for pubhe good, in which case it is no defa-The second exception is that it is no defamation to express in

good faith any opinion whatever about a public servant, in his conduct as a public servant You can attack any public servant It need not nece szarily he true it will still not be defamatory For the publication of that no special protection is neceseary Thirdly it is not defamation to express in good faith any opinion whatever in the conduct of any person touching any public question Therefore so far as a public servant is concerned, you can criticise him and no special protection is necessary not defamatory, even if your criticism So far as a happens to be untrue non-public servant is concerned, you can criticise him on his behaviour with respect to public questions. There also it is not defamation It may be defamatory in the literal sense, but not in the legal sense, and no special protection is necessary.

Again, according to section 499, you can criticise a public judgment, it is not defamatory

So, what exactly is the class of cases which needs special protection. This is the point that I want to emphasize to which I want to draw the attention of the House

The clars of cases which needs special protection is not attack against a public servant is not attack on a politican on a question of public importance but on a person who does not come under any of these classes, an unfortunate fellow against whom you may be making some statement. If that statement is true then also it is protected. If it is untrue, then alone special protection becomes necessary

Therefore the point is, is it to be a part of the privilege of this House I that you attack a private cutizen who has nothing to do with public conduct, who is not a public servant at all and attack him with allegations which are unitus which are proved to be intere, and you carry on that attack?

SHRIS KUNDU Who proved it?

Proceedings

SHRI C M STEPHEN Which is substantially untrue If it is true, you are safe, it is not defamatory. If it is untrue, then alone it becomes defamatory

# SHRI S KUNDU It cannot be

SHRI C M STEPHEN If the attack is against a non politician, a non-public man, if the attack 13 against, a non Government pervant, non-public servant, if the attack is against a private individual and the allegation is not true, then the publication becomes actionable, coming within the definition of section 499 That alone needs protection

The simple question I am putting before the House is, is that sort of allegation to be encouraged? I would beseech Mr Advani to point out a case other than that which I have mentioned for the publication of which special protection is necessary. This is the only case as far as my information goes

Therefore, because there is a Parliament here, because we have immunity here, you can make an attack, nobody stands in the way, and that can go into the publication of this Parliament but if it goes into the newspapers, what is the protection of that individual? That individual has absolutely no protection, there is no action which Is that the state of he can take affairs to be permitted? Is that to be encouraged? Is that contributory to the common west? That is the simple question that I am putting forward I am inviting your attention to rule 353 of our Rules of Procedure,

"No allegation of a defamatory or incriminatory nature shall be made by a member against any person unless the member has given previous intimation to the Speaker and also to the Minister concerned so that the Minister may be able to make an investigation into the matter for the purpose of a reply"

In my experience, and I hope I will be sustained by the other Members of this House this provision is as good as dead If you want to make an attack against a non-entity who does not come under the categories I have mentioned, the rule says that you should give notice to the Speaker and the Minister concerned about the allegation that you are going to make about that non-entity What is the investigation that Minister is going to make, how is he interested in replying to it, how is the individual to be protected? The only protection is the Petitions Com-The Committee investigates, the thing is filed, nobody cares to publish it because it is after a year or so, and no further proceedings are available to us. When we pass this Bill, I want to urge the feelings of a large number of people who may come in for malignment. We are 542 Members here How many of us are indulging in that sort of thing? I can point out one or two, not more than that, who are specializing in this sort of blackmail and you want give him protection You are not concerned about the common man the public man, the public concern maligned on the Floor of this House and that malignment campaign getting round with the result that that man is 'murdered' in the public wish to emphasise is that you pass this Bill in all good faith, but I do not understand what public interest festora el

You should take care about other cases also You should think of certain provisions to protect the other persons also, and if necessary, the Rules of Procedure may be smended If a petition comes before the Com mittee on Petitions, that matter may be published and that may get much publication than the previous one Let us protect the common man and the simple man of this country who is now being brought under malignment campaign for no fault of his own For another nurpose

(Cannanore) I rise to support this Bill Immediately after Emergency was declared the Government had brought forward two obnoxious Bills. One was the repeal of the Feroze Gandhi Act and the other was the Prevention of publication of Objectionable Matter Act At that time also we made it clear that our Party was opposed to this measure and we made it clear because of the very fact that in a democracy the functioning of Parliament should not be kept a secret from the people. The people should come to know what is happening in Parliament and the Press should be ble to report without fear what are the demands voiced by the representatives of the people in Parliament We feel that this Act prevented the

Now, it was stated by my Hon friend Shin Stephen that even in the British Parliament in the ancient days, reporting of Parliamentary proceedings was considered to be a martice of breach of privilege in those days periaps democracy as we understand at today was not existing. Today, the representatives of the people who are elected to Parliament come here and musbelswe, then I am sure that the greatest guarantee is that the people will not elect them goain bill begold the people will not elect them goain bill

send them back to Parhament So. if the representatives of the people are unworthy of becoming representatives of the people, that fact should also be reported to the people-that there are certain Members behaving in a manner which is not worthy of the posit on they are enjoying

While supporting this Bill I would like to make one thing clear, that in a democratic system it is absolutely essential that the people should know what is happening in the Parliament and the Press should be able to convey this information to the people That was prevented when the former Government repealed the Feroze Gandhi Act Today, I must say that if the Congress is forced to sit in the Opposition, one of the greatest contributory factors is these two Bills because, in the name of protecting the digmty of Parliament and in the name of protecting the dignity of Members of Parliament, what was done was to keep the country in darkness as to what was happening in the Parliament. This was not a thing which was expected when Emergency was declared. While misusing the powers bestoved under the Emergency, with a kind of arrogans, they tried to arrogate themselves to a position of being protected from everything. The people rejected this and that rejection should come as a lesson to those who are in power and those who are in the Opposition, In this country our people are mature enough to understand how the Parliament should function in a democratic set-up and what should be the responsibility of the Members of Parliament This Bill in my opinion offers a proper balance so that the representatives of the people who come to this House will speak freely whatever opinions they would like to voice in this Parliament on behalf of the people while the Press will be free from fear in reporting it. That is the greatest contribution of this Bill The press will be free from fear to report back to the people that this is what

their representatives are doing in Parliament

Mr Stephen was saying that there are other laws by which the freedom of the press could be protected They are not enough In a democracy, if the press has to report and then all the time they have to keep themselves under fear whether there will be a delamation case I do not think that the press will be able to discharge its duties This was exactly the argument the Member was advancing when the Bill was introduced during Emergency, this was exactly defence put forward by the then Minister, Shri V C Shukla, that the press could report and then face the proceedings in the court if they violated the law of the land That should not be the case of the press in a demo-That is why, we support this Bill This is the greatest guarantee that what we are doing in this House will be reported to the people fearlessly by the press.

Another point I would like to make in this connection is this Now the press will be free-after we have enacted this legislation. I do not know whether it is a fact, but I hear from some pressmen that the Lok Sabha Secretariat is often imposing several restrictions on the press when they are reporting matters about the proceedings of the House I request the hon Minister to look into that, hecause, that would be some kind of a harassment of the press not true, he may make it clear .

MR. DEPUTY SPEAKER As far as the Lok Sabha Secretariat is concerned it is for the Speaker to look into

SHRICK, CHANDRAPPAN You may kindly look into it. Sir It is not that I am making a complaint, but if such a thing is happening, it will not help fair reporting of the proceedings

of the House.

Publication) Bill been righted by the present Minister

MR DEPUTY-SPEAKER I do not think there are any restrictions,

SHRI C K. CHANDRAPPAN With these words. I would like to support this Bill I once again extend my congratulations to the hon Minister, Shri L K Advani, for having brought forward this Bill

PROF PG MAVALANKAR (Gandhmagar) Mr Deputy-Speaker, Sir. I wish to congratulate the hon Minister doubly, I had done it yesterday and I wish to do so today also with great pleasure, and in doing so, may I take the opportunity to pay my tribute to late Shri Feroze Gandhi for the manner in which he Tought for this right of the press which is really the right of Parliament, because we sitting in this House have a right to reach our voters, and we reach the voters only through the press It was late Shri Feroze Gandhi who, with his very characteristic outlook of independence and his characteristic sense of understanding of democracy at the grass-root level and at the national level, was responsible for bringing the original Bill in 1956, and I must pay my tribute to him once again. I had the privilege of knowing him closely, and I am sure, his spirit and soul will rejoice on our having brought this measure back on the Statute Book.

The great tragedy was that the previous Government brought their Bill and got it rushed through in such a mad hurry that, although some of us on this side of the House, ie the Opposition, opposed it they were not mindful of any opposition, they were completely drowned, I would say, in the arrogance of power, they were more than drunken in that mentality of absolute power. Their Bill meant a kind of barrier between Parliament and the people, because the press was being gagged, it was an unbearable, unpardonable and unjustifiable wrong I am glad that that wrong has now

of Information and Broadcasting

(Protection of

The word 'Parliament' has come from parley which means 'to talk'. I remember, the late Deputy Prime Minister of Britain, Herbert Morrison, -under the Labour Government of Prime Minister Clement Attlee-once described the British Parhament as a talking shop, not in the sence that we talk shop here We do not just talk shop, we talk here business, meaning people's interests and welfare, so that the business goes back to the people. and people bring their own business back to us which we bring to the notice of the Government We talk here so that it is reported there in the homes and huts of the countless people of our country, and that work is done through the press media. We are the spokesmen, we are the vachaspatis, of our voters, of our masters, and if what the ischaspatis or the spokesmen talk here is not reported back to the masters in their huts and homes, then what is the point in having this sovereign Parliament?

I would conclude by saying that the Members of Parliament and their constituencies, and the Members of Parliament and our country, can be combined only by a process of communication and contact and this communication and contact between the rulers and the ruled is possible only if full and continuous courtesy and consideration are extended to the citizens of our Republic, who are both our voters and masters

Lastly, I cannot resist the temptition of paying tribute to many of those journals, both underground and on the surface, which carried the message of several of us in Parliament, even though it was a truncated Parliament, even though it was a subscryient Parliament, to the people. Some of us, may I say in all humility, had the privilege even in that kind of Parlinment to say things fearlessly, without any fear or favour, openly and fully, and our message was sent out

I ments ned some papers vesterday and I would like to mention today a few more like The Statesman from Delhi and Colcuita Mainers am Rechler Freedom First edited by our old and collegeue Shra Minoo Masani Janata Weeklu from Bombay edited by another of our old and esteemed colleagues Shri N G Gorav and Gujarati papers like Bhumipuira, Airikshak and Prabudhha Jeerga, and in Marathi the Manus weekly, Kartatua, an occasional miscellany and many others which earried on the work of reporting Parliamentary speeches in spite of the repeal of the Feroze Gandhi Act. I want to pay my tribute to all these underground and surface agencies and journals wlo did such a good job

Sir, we would be very happy as long as this country and this House has the guarantee that the debate continues in Parliament and outside When I say this, I am reminded of a BBC programme under the title "Debate Continues'! Perhaps, Shri Advant could do something on the c lines Years ago I remember listening regularly to that programme Princess Indira of Kapurthala giving an account of what happened In the House of Commons and the House of Lords back to British people and the world at large through the overseas service of BBC. A debate should continue in the Parliament as also through the press media out ide Parliament

We are grateful to Shri Advani and the present Janata Covernment who have sought a repeal of the bad Act and have brought in this Bill to revive the Feroze Gandhi Act I wish to

SHRI SOUGATA ROY (Barracknorm) Mr Deputy-Speaker, Sir. as Yesterday today also I rise not in opposition of the Bill. As we have said a number of times from this side, our job is not to defend the indefensible Our leader, Shri Chavan has admitted that the verdict of the people against the Congress was due to some eaces es committed during Emergency We shall not therefore, speak about that. The hon members from the ruling party in these few days of Parlianent session have spoken ad nauseum about their brayado and courage during Emergency There is no need to go back to all those things. let us think together constructively of a new India, in which we will have better future for all the citizens I am very glad that today in this House we have heard such eulogising remarks about Sher Ferore Gandhi and today Shrt Advant by this enactment is going to put again into operation the Feroze Gandhi Act That Act was, in fact, a great Act in order to defend the fourth Estate of democracy, namely the pre s That will also complete the privileges of Parliament given under Article 105 (2) of the Constitution. I do not know whether it is out of real respect for Shri Feroze Gandhi or in an effort to denigrate his spouse Shrimati Indira Gandhi our former Prime Minister that all this culogy has been placed here But the relation of the ruling benches to Feroze Gandhi does not end with again putting into operation the Feroze Gandhi Act If I remember right, if was in this House that Shri Feroze Gandhl made an impassioned appeal for an inquiry into

the Mundhra affair and on his sppeal,

the Chagla Commission was appoint-

which that Chagla Commission named

I have just heard Mr Chatter.ce also our emment colleague from Bengal, doyen of Bengal lawyers and son of one of the topmost lawyers in the country, speak about Shri Feroze Gandhi I think his Marxist colleagues will not agree with every thing he has said Possibly they will say that he has not properly declassed hunself and that is why he went out so much to praise the Congress in 1956 If Mr Somnath Chatteriee will take the care of going into what the Marxis's used to say in 1956 about Pandit Jawaharlal Nehru I think he would have said differently from what he has said to day But I will not go into what the Marxists said in 1966 about Jawaharlal Nehru But what I want to remind Mr Chatterjee is that he has so eloquently spoken about the responsibility of the Press in this country. If my memory serves me right in 1969 when the United Front Government was in power in West Bengal and Mr Jyoti Bosu of Mc Chatteriee's Party was the Homo Minister crowds of CPM Youth organisation went and ransacked the Ananda Bazar Patrika s office and then they offered no apologies for what was done at that time It s good that Mr Chatterjee's attitude towards the Press and the Patrikus has changed in the meantime

You attacked Ananda Bazar Patrika's office Don't forget You ate talking about democracy Mr Somnath Chatteriee is talking about democracy He is speaking so cloquently about releasing the Naxshie prisoners. If my memory serves me right Mr Jyoti Bosu, the then CPM Home Minister of West Bengal sent the Eastern Frontier Rifles to Gobaballabhour and Debra to quali the Naxalites revolt there And to-day suddenly they have become democra tic and are speaking in euology of the democratic processes If this great country has succeeded in making the Marxista democratic once again we how our heads to this great country

It is not so much due to Somnath Babus great flexibility and malleability but due to the pressurising effect of the great democratic people of this country that this has been done

I again submit as I said Yes erday this Bill like the Yesterday's Bill was a corollary of the emergency and when the emergency has been lifted, this Bill should be repealed along with that and besides there is no necessity of this Bill to day because all the members in fear of whom this law had to be enacted are all sitting on the ruling benches If my memory serves me right I was not a member of Parliament at that time You were in the Raiva Sabha at that time How many times did it happen that you found Mr Rai Narain lying on the floor of the Rayya Sabha and being carried by the Marshals of the House outside? How many times dil it happen that here in the Lok Sabha the proceedings were interrupted by Mr Jyotirmov Bosu, such an eloquent supporter of the ruling benche, and Mr Madhu Limaye who is sich an eloquent supporter of the ruling benches\* For three months the sea sion of Parliament could not go on on a single scandal of Rs 70 000 You know yourself one day a session of Parliament costs the State Exchequer more than Rs I lakh and for three months at was held up because they wanted to find out about some scandals If the Congress Opposition which is bigger than what the Opposition was at that time takes the same attitude what will happen? I am Limave or Shri Jvotirmov Bosii If I use my lung power at the same lever the Government cannot go on All legislative business will come to a stop Even on the floor of the House if 1 make vaturerative things against the Minister if I find out skele on from the cover of every Minister, what will happen?

While I support the Bill I want to remind the Members that it should be the effort of all of us whether in

the ruling party or in the Oppression to enhance the honour and the dignity of this august House which is the true representative of the people of this great country. It is in this charnel that our efforts hould be directed

For the last two days I have be n hearing too much about the BBC and the praise of the American Press I beg of every member with folded rands let us not model the White Hall or the White House democracy Ours as a poor country, but country with a great past and with a great heritage Let us not imitate the White Hall democracy which Prof. Mayalankar or Mr Subramamam Swamy or anybody of the ruling benches want to emulate Let us build up Indian model of democracy with our great tradition of tolerance. with great tradition of list-ning to other people and have respect for the feelings of other persons Whatever has happened in the past terruptions)

Mr Kundu, I was not there Let us bring a good future

SHRI S KUNDU The wounds are will raw (interruptions)

MR. DEPUTY-SPEAKER Please take your seat now This is not the way to interrupt. I have been hearling so many interruptions But this is not the way to interrupt (Interruptions)

SHRI SOUGATA ROY In all humslaty I may say that it is good that the ban on the press has been lifted and that the press can public apything that will be spiced by the partiament. But say I said yeareday, there is no real freedom possible under capitalum. If I speak forday against some owner, some busines; magnate wan happens to give advertisement stating facts to big newspapers, it will not be printed in the paper I pooke the other day on the filor of this House about the need to nationalize all jute nulls none of the papers printed it. The reason is simple It is because the big monopoly house papers get advertisement from big jute mill owners. Not only that, the jute mill owners themselves are the owners of the press and publications.

While I support the Bill, I will again implore Shri Advant to think over this matter. There will be no real freedem of the press unless you diffuse the ownership of the press, unless the working journalists have a share in the ownership of the press, unless the working journalists have a share in the ownership of the press, unless the press and the press is freed out of the clutches of the new jute mill owners landlords and monopolists in this country.

SHRI S KUNDU When shall I get the chance to speak?

MR. DEPUTY-SPEARER Mr.

Vocumust give your name to the whip I have called all the persons whose rames were given About others, if time permitted, I could have called

SHRI S KUNDU We have to take all the whips, including your whip

The point I am urging is that at about 3 O clock, you said it will conclude at 15 40 and you will give each speaker not more than five minutes.

But the speaker who just concluded his speech, spoke for more than 11 minutes or 12 minutes. We are waiting and some speaker whose name is not in the list has been called.

MR DEPUTY-SPEAKER You must know there are very few speakers from the Congress benches and the time consumed by the entire Congress benches is less

SHRI S. KUNDU You have your discretion I am not disputing your discretion But the discretion should always be judicious

MR DEPUTY-SPEAKER I have been very judicious, Mr Kundu Just because you could not get a chance, I cannot help I have been very judicious. I have tried to accommodate as many groups as possible ard I have tried to accommodate as many sperkers from the Junta Party as possible 50 you should have no complaint on that account.

THE MINISTER OF INFORMATION AND BROADCASTING (SHRI L K ADVANI) I deem it a singular good Iortune that both the legislative measures that I have had to pilot in this session have received unanimous aup port from the House From a male rity of the members the support has been enthusiastic and unreserved But by some members-yesterday there one person today perhaps two-there have been some reservations expressed and even though they have supported the Bill they voiced certain misgivings about what would happen if the Bill is passed First of all I would like to refer to two speeches, one that of Mr Stephen and the other that of Mr Songata Roy While Mr Stephen said that this kind of immunity will work against people who are not public servants not members of this House who are outside this House and it is essentially for them that this immunity was sought to be given my friend Mr Songata Roy raised a contrary point and said that if he or any member speaks against the jute press etc or against capitalists that is not reported. He was more concerned with seeing what he says in the House about nonmembers being reported saying, it should not be left to them to report or not to report.

ISHRI S D PATIL in the Chairl

I find myself unable to accept these arguments, so far as this Bill is concerned. It is a simple Bill as the Statement of Objects and Reasons incleates. Going through the entire debate that took place on the last Bill and this one I am not able to find an

iota of justification to show how the original immunity was in any way abused The allegations which used to be made on the floor of the House against the Ministers were all publishit may be Mr Madhu Limaye or Mr Jyourmoy Bosu or Mr Rai Naram They were published They wanted to see that this should not be published Mr Songata Roy says that this was because during the emergency this was necessary The same argument which was made yesterday was repeated today also I would again repeat that neither of these Bills had anything to do with emergency

As I said while moving the previous Bill I regard it as the previous Government's attempt to institutionalise the press curbs which could normally be imposed only during the emergency It was an attempt to perpetuate this control If this had continued on the statute book the Indian Press would have been fettered the Indian Press would have been a shackled press they would never be able to express the voice of the people The other Bill that repealed the Feroze Gandhi Bill had nothing to do with emetgency During the emergency the proceedings of Parliament were censored and blacked-out This something unheard of in the history of democracy My friend was eloquent and objected to references being made to BBC and American experience I am ready to benefit by the experience of everyone I am proud of the fact that India has tried build up a tradition of its own has get a heritage of its even in the field of functioning of Parliamentary Democracy But I am certainly not at all proud of it I feel ashamed when I find that during this period of thirty years there is a period of dark and dismal phase that started on 26th of June 1975 and that ended only with the installation of this new Government I cannot think that, that is also going to be a part of my Indian democratic beritage

I would like to forget it altogether. But if my friends on the opposite

We have to make a vay from this dark by t we have to fire that and you can help to make the fort went. There had been severa friends on that nide who are cortet as of it and some are taller here tant to express freely flux I would appeal to them to be frank and ferthme'nt So for as Mr Stephen a arguments w. re concerned as like vesterday they were painfully laboured it. lumself said that there had been perhape two or three instances. He cam'd a couple of names and lesser shatabee. may be found out where because of the immunity given to the press nonmembers have been senously affected and on the hatte of that, you a and to out the whole press in estuation where for every single line or word that he writes, he has to wall to see if it is going in land him in trouble or rot? Democracy is based upon public omnion and the highest forum for the centilation of public opinion is this Lok Sabha The supresertatives the people are here and the opinion expressed here can be regarded in a was no representative public appropri And this has to suids us. And if we were to talk amongst ourselves and only a few in the press rallery or in the visitors gallery are to listen to us and not the entire world outside then the democracy cannot function in a healthy manner If some of us say something wrong whether on this side or that side I would say that it is the right of the people to know what wrong do we say If it only listening to what wrong that we say that they will be able to judge how

our representatives here are function-Sir vesterday my estermed friend Shri Mavalankar reminded rie of a phrase of Jefferson He said that when Jefferson was once asked whether, if ie had a choice between a

ing

sovernment without a free press and a free grees without a government, at a would be choose he said that he neuts choose the latter-a free press as hour Covernment I regard it it remurkable. This kind of statement was made by a person who had been the subsect of what is known as vilincation and character assassination of the word kind from the American Press It was his experience when he the in Government Wher he became the product or even before that, he had to fac, a barrage of criticisms and even vilideations from the press Fron then be maintained it because he held that by and large political parties on he of two kinds broadly speaking one which jrusts the people and the other that distructs the trunte

Time Janata Covernment that has come into being if I were to identify to important characteristic of it is Itis I would say that the basic abaracteristic or this Government will be that it a arts from the position of trust It trusts the people, it trusts every angle irstitution of democracy? It trusts the press it trusts the audiciary at true s the Pathament You have a brief glance at the number of laws and the constitutional arrendments that were enacted during the tweets months by the previous Gotecoment. You will find that betra ed distrum of the press this is one of the Bills that is sought to restore now this trust of Perliament

Some of the provisions of the Forty-Second (Amendment) Act betrayed distrust even of Parliament and of the judiciary Almost a series of laws can be cited where the judiciary powers They are sought to be thut out should not be justiciable All told. they added to our distrust of the people as a whole and I would say that, if today, the Congress has been rejected or if the Congress has rome to the present pass, one of the research was that the Government in office distrusted even its own party, even the

Congress, Party, was distrusted by the government in office. So this distributed has been the main reason for the debacle of the party in opposition today which was in government till yesterday. So we start from the position of trust. This Bill that I have commended to you believe that the press can be fully trusted to perform its role.

Sir here I would also like to say that it is an earnest of our faith that we for the first time in the 30 years started with saying that the Prime Minister should address the nation and on the next day the leader of the Opposition should address the nation This is a measure of our earnest

Sir as Mr Mayalankar was pointing out it is not sufficient to pass laws Something more is needed and what more needed is this kind of trust Because of this trust we will be able to gradually shed the powers that you have accummulated Look at these bills? What do they amount to? They amount to entrusting the government with lot of power. When we pass these laws we are shedding the power that has been concentrated in this gov crnment We think by doing this we are strengthening democracy we are strengthening the people we ste strengthening the Parliament and thereby strengthening the govern ment With these words I thank you ream for having given unammous support to this Bill

STATUTORY RESOLUTION RE INCREASING THE EXPÓRT DUTY ON COFFEE GROUNDNUT KER NEL, GROJNDNUT IN SHELL AND CARDAMOM

THE MINISTER OF TINANCE AND REVENUE AND BANKING (SHRI H M PATEL) I beg to move the following Resolution—

That in pursuance of sub section (2) of section 8 read with sub section (3) of section 7 of the Customs Tarist Act, 1975 (51 of 1975) this House approves the following Notifications of the Government of India in the Department of Reviews and Bank ing namely 5

- (a) No G S R 870(E) dated the 6th November 1978 in creasing the export duty on coffee from Rs 300 per quin tal to Rs 1300 per quintal
- (b) No G S R 877(E) dated the 13th November 1976 in reasing the export duty on groundnut kernel from Rs 800 per tonne to Rs 1500 per tonne and on groundnut in shell from Rs 600 per tonne to Rs 1125 per tonne and
- (c) No G S R 13(E) dated the 12th January 1977 levying an export duty on cardamora at the rate of Rs 50 per kilo gram under the new Head ing No 22 in the Second Schedule to the said Act,

from the date of each of the notifications aforesaid."

Following the steep increase in the international coffee prices in the last ter half of 19°5 the export duty on coffee had been increased from Rs 50 per quintal to Rs 300 per quintal to Rs 300 per quintal price of Uganda Robusta Coffee in the London market in February 1976 was around £ 850 per tonne From April 1976 world coffee prices again began to increase rapidly The shortage of stocks appeared also to

be compounded by the operation of speculative forces which resulted in the price increase. The price situation in regard to coffee was kept under watch It could not however he said with reasonable certainty whether the increased prices would be sustained After climbing to a level of nearly \$ 1600 at the end of June 1975 there was a sharp break in the price in July when it again F. I 100 Thereafter the price once again increased Taking note of the increase in world prices the export duty on coffee was raised on 6 Novem ber 1976 from Rs 300 per quintal to Rs 1300 per quintal under noti fication GSR No 870 (E)

Prior to 13 November 1976 there was an export duty of Rs 800 per ton ne on groundnut kernel and Rs 600 per tonne on groundnut in shell In November 1976 when an export duty of 50 000 tonnes was allowed by the Commerce Ministry the rate of export duty was reviewed Prices of groundnut kernels in the domestic market then anged between 3000 and Rs 3 500 per tonne depend ing upon the quality and the size On the other hand the I kely realisa tion from exports of HPS groundnut (kernels) was estimated to be over \$600 per tonne Having regard to the level of internal and international prices of groundnut it was decided to increase the export duty on ground nut kernel from Rs 800 to Rs 1500 per tonne and on groundout in shell from Rs 600 to Rs 1 125

Cardamom prices which were fairly steady in the international market till about August 1976 began to increase rapidly during the last quarter of the year Alleppey green variety of car domem was quoted in London market between £2 70 and 15 3 per pound during the period March to August December 1978 Bv the climbed to £675 price Jp per pound The question of a levy of export duty on cardamom was therefore, examined with reference to prevailing domestic and international prices and it was decided on 12 Jan uary 1977 to lavy a duty of Rs 50

(Shri H 'I Patel) per kg on cardamom under notifica tion No GSR No 13(E) A lov. priced variety of cardamom known by the botanical name of Amomum Subulatum was however exempted from this levy

Immediately after the notification levving export duty was issued, representations were received from the exporters of cardamom about their inability to bear this export duty They represented that much of last cardamom crop had been sold out to traders who in turn, had entered into export contracts. They also represented that neither would there normal margin allow them to absorb this amount of export duly nor would they be able to pass on the duty to the foreign buyers as there ' were no alternative sources of supply This resulted in the export trade virtually coming to a standstill and action had to be taken to ensure that the country's exports were not ad versely affected Further, it necessary to safeguard the interests of the grower, whose crop had been affected by the poor monsoons seeing that the balance of the crop still with him fetched a reasonable price The export duty was accordingly reduced after careful consideration to Ra 10 per kg with effect from 24 February 1977 by notification GSR No 84(E)

MR CHAIRMAN Resolution maxed

"That in pursuance of sub section (2) of section 8, read with subsection (3) of section 7 of the Custorns Tariff Act 1975 (51 of 1975) this House approves the following Noti fications of the Government of India in the Department of Revenue and Banking namely -

- (a) No G S R 870 (E) dated the 6th November, 1976 in creasing the export duty on coffee from Rs 300 per quintal to Rs. 1,300 per quintal
- (b) No G S R 877(E), dated the 13th November, 1976 increasing the export duty on groundnut kernel from Pa

(c) No G S R 13(E), dated the 12 January, 1977, levying an export duly on cardamom at the rate of Rs. 50 per kilogram under the new Heading No 22 in the Second Schedule to the said Act

from the date of each of the notifications aforesaid"

SHRI D B CHANDRE GOWDA (Chikamagalur) f should like to draw the attention of the hon. Finance Minister to certain points arising out of the raise in export duty. The first announcement came on 10 February 1976 and the second announcement came on 6 November 1976 The point for consideration here is that both the export duties which have been raised were raised keeping in tion the new budget proposal Sir. that spart I would like to submit that this is a storm in the coffee cup which has a erippling effect on the industry as a whole. The grower is the sufferer, not the exporter or the importing countries. We should look into the reasons why the international prices have gone up There was a price rise in the international market. The reason for price hike in the international market is that there was a frost in B-azil in July 1975, which destroyed about 70 per cent of the coffce crop The civil war in Angola and the earthquake in Guatamata, floods in Columbia and Mexico and drought in South Africa are some of the major contributory factors for the decline in coffee production Hence the international price of coffee went up the took the best advantage of these pretailing situations outside the country and we could sell our coffee at higher prices But the redeeming feature was when the coffee export duty was raised in February 1376 to Rs. 300 per quantal, at that tune about 4765 tonnes of coffee was already in the had been maintained for such a long

time and it was one fourth of the

price that was prevailing in the inter-

national market

Now, the question arises as to who should bear the increased export duty so far as the coffee in the pipeline is concerned When the export duty was increased, this point was not considered and the exporters were caught unwares of this situation The matter came up before the Coffee Board for discussion and ultimately if was decided that about Rs 125 crores had to be borre by the exporters themselves. Again when there was a sec ond enhancement of the duty matter again came up for discussion it was decided that this second onhanced duty was to be paid out of the Coffee Board's Pool Funds This fund was to be made available only to the growers. But the difference of increase in the export duty for the coffee which was in the pipeline was also paid out of this Pool Funds Otherwise this fund would have gone to the coffee planters. This means that the planters had to pay the enhanced export duty through their nose and not the exporters. This decision was taken outside the purview of the Coffee Act The Pool Funds were made available to the planters to make good the rise in export duty I would like to know why there was a emppling effect on the coffee industry Neither the exporters nor the importing countries would bear this heavy burden of enhanced export duty, from Rs. 500 to Rs 3000 per quintal in other words it has gone up from Rs. 3600

to Hs 13000 per tonne and therefore the exporter quotes less price in the auction. He keeps in mind the inercased export duty, when quoting the price in the auction.

Whatever be the reasons the grower is hit Don't think of the few rich growers numbering 300 to 400 Remomber that there are about 80000 smalt growers in India Coffee is a hot foreign exchange earning conimodity The reasons for enhancement of export duty are just a passing phase If you can abolish the export duty on tea and reduce the export duty on cardamom from Rs 50 to Rs. 10 per kg coffee has a better case for reduction of export duty I would beg of the Finance Minister to kindly reconsider this For the last so many years the internal consumption is at a standstill between 37000 to 39000 tonnes Coffee grown in India is not sufficient for our internal consumption Still to help the country earn foreign exchange we are exporting coffee and the performance has seen cente good The coffee board is functioning just like a cooperative society It should be said to its credit that the coffee board bas been working well for the last so many years. This duty coming like a bolt from the blue has hit the entire industry and I have no hesitation in saying that it will hamper the growth of coffee production in India I want to ask the Finance Minister, if the export market price comes down are you goin, to create any reserve fund to help the small grovers at the time of crisis or will you peace them to themselves? In fact in February when the first rise In export duty came there was representation from all sides, particularly from the grovers that this duty should be levied on an ad 1 a'orem basis. This was also supported by the Chairman of the Coffee Board and by the Board itself. Keeping in mind all these considerations, I request the Finance Minister to reconsider the increase of duty in one jump from Rs 3000 to Rs 13000 per tonne.

etc (Res)

[Shri Chandre Gowda] which will have a crippling effect on the industry He should kindly consider reducing the rate and also give some as starte to make good the losses which the coffee board has suffered so far as the coffee in the pipel ne is concerned which has been agreed to be exported and which the coffee board has to make good from the pool payments. This loss should be made good by the Government of India In the 1 terest of boosting up the export I request the Minister to see that some bargain is struck. If the duty is to be raised, it should be raised periodically so that the production of coffee is not hampered and the image we have built up in the export markets is not termished

SMRI A C GEORGE (Mukandapuram) Sir this Resolution which the hon Finance Minuster is placing before the House will have far reaching effects on the farmers! I am sure Mr Patel may have the temptation in his reply take the plean that these notifies on a ver visuad much before he came into the Government. So I humbly seek of him to review the situation of it at healthwagif cultural set up is ensured in the vouthern States of India.

As my good friend Mr Chandre Gowda has pointed out Tamit Nadu Karnataka and Kerala are the three States which contribute almost hundred per cent of the coffee and cardamom Of late there has been some attempt by Sikkim for cardamom. The whole logic behind this decison at one time I am sure and I have no hesitation to reassure you was in the context of certain transcient and passing phases: In 1971-73 coffee crop was around 100 thousand tonnes and we had great difficulty In finding the export markets at that We had to make great efforts then and we were able to export 23 thousand tonnes of coffee and our realisation was less than Rs 18 crores. But in a period of four or five years with the enormous efforts made both by the Coffee Board as well as by able to push up the market for Indian coffee in 1975-76 If I remember aright the realisation cas nearly 65 crores and our export was to the tune of 60 thousand tonnes. We are just non able to establish the foothold for Indian coffee Brazil is the most important producer of coffee had a frost ond their crop was almost Actually if you go into destro/ed the statistics you will find that Indian crop to only 10 per cent of what is produced in Brazil Just because the Brazilian crop is affected even some extent which is a huge quantity, perhaps it may look as if Indian coffee is getting higher return just getting out of frost which is a natural phenomenor If you base our financial policy on certain passing phases it will have disastroug affect on the farming community From 3000 to 13 000 per torne is a very drasti increase and it will have a erippling effect.

There is a rotion prevailing among many of our friends that coffee is a planters item. It is not so It is a farmers' item. There are 280 big planters in this country and 66 per cent of the coffee is produced by more than £6000 small holders and so let us not he under any illusion that this duty will be passed on to the exporters It will come straight on the head of the coffee farmers. I would request the hon. Finance Minister to review the whole position so that a market which we have huilt up with great effort is not lost In 1970-71 we had a great glut but today our coffee is pushed up and has estab lished a foothold in the international market

Coming to cardamom, there is also to the production of the production and the production of the produc

the 3 Southern States. It was only in 1972 that there was a general clamour from the farmers to have a support price for cardamom. It is only recently that because of the 'karte' discase about which Cardamom Board is trying its level best to find a solution the erop has come down What used to be a grop of 3600 tonnes per year exporting to the tune of 2500 or 2600 tonnes has come down to 2000 tonnes. In regard to these two items if you try to take advantage of the temporary phenomenon it will not be in the intere to of the country We are really killing the goose which is laying the golden egg I would request the Finance Minister to take a whole view of the situation and not to take the plea that it was not he who ordered this

It may look very innocuous ie when you say that it is Rs 50 per kg I was really confused when I read these 3 notifications In one case it is pr quintal in the other it was per tonne and when you came to cardamom you put it in kilograms. Rs. 50 per kg came to Rs 50 000 per tonne In these 3 notifications, there is confusion about the various gradations. Rs. 50 000 per tonne is absolutely unbearable If the Finance Minister goes into the mechanism of cardamom selling he will find that there is a traditional and peculiar system prevailing in it. Even when the crop passes from the hands of the farmer he does not realize it. Only when the exporter gets the money after the L.C does the buyer pay him Ultimately the farmer gets the money Till then he is m a market limbo where nobody wants and nobody works I request that the whole position may be reviewed. As the Finance Minister pointed out there were so many representations about both coffee and cardamom. If I remember correct at one time there was a feeling in the Finance Ministry that this was a bit too much and that

amelioratory measures have to be taken. The Finance Minister mentioned something about Rs. 10 per kg and also about the quantity which was in the pipeline. In the whole international market situation these two items or coffee and cardamora size basically small producers' items. I would request the Finance Minister to review the whole situation and see that the farmers are benefitted and that the international market is not spouled.

\*SHRI DHARMASINH BHAY PATEL (Porbandar) Mr Chairmar Sir thhon Finance Min ster Shri Patel, has selected three items (1) Cottes (2) Groundaut and (3) Cardamon So far as Coffee and Cardamon are concerned, Hon ble Members have already spoken earlier and as such I am not going to take any more time of the House I have to say about the export of groundaut only

Sir our country is country of Bharat is primarily an agriculture-based country and 50 per cent share of the national income is derived from agriculture and the rest 50 per cent share from other commodities it is the policy of our new Government that the agracultural produces should be increased and more and more commodities should be exported. So far as Coffee and Cardamorn are concerned, two members have already spoken earlier and as such, I shall not discuss about them.

MR. CHAIRMAN The difficulty is that there is no arrangement for translating speeches in Gujaruti here We will get the translation after wards. The difficulty is that at present there is no arrangement.

SHRI VAYALAR RAVI I believe that any Member can speak in his mother tongue. But he should inform the Secretariat one hour earlier. They can armnes if

<sup>\*</sup>The original speech was delivered in Gujarati.

SHRI DHARAMSINGH BHAT PATEL and so I shall speak about groundnut only Sir, about 45 lakh tonnes of groundnut is produced in our country Out of this 45 tonnes, one-third share, that is 15 lakh tonnes of groundnut, is produced by only one of the regions of Gujarat 1º is. therefore essential that the produce of groundnut is increased and then the surplus stock should be exported Now the duty of Rs 800 - has been raised to Rs 1500 - and thus the increase in duty is raised by Rs 700 tonne Thus it is doubled traghtaway So far as groundnut without husk is concerned the duty of Rs 600'- has been raised to Rs 1125]- Thus the duty is doubled This is not proper Sir, after thirty years of independence the quantity of one lakh tonnes of gram is exported and 50000 tonnes of groundnut with husk is being exported row-adays after a lepse of 30 years period

by the former Government.

Sir it is the assumption of the Government that whatever prices a commodity fetches they go to the benefit of the producer or cultivator This assumption of the Government is incorrect this policy of Government is wrong. For any commodity p oduced in the country and experted at higher pri es the producer or cultivator would get the higher price-this policy of Government is quite wrong and incorrect. I shall request the hon. Finance Minister that the dates fixed s.e 6-1-76 for cowee 13 1 76 for groundnut and 12 1 76 for cardsmom and the duty that has been decided to be imposed need sanction The sanction may be given in future only after reducing the duty on the three items that is coffee, groundnut and cardamora which has been increased. The cultivators have no big industry in this They are producing these commodities by applying costly fertil.sers costly irrigation and through bard labour Some quantity is exported by the cooperative societies some quantity by the merchants and etc (Res) some by the cultivators and producers themselves directly I, therefore, urge the hon. Finance Minister not to raise the duty which has been proposed to be traised

SHRI C M. STEPHEN (Iduka). My hon friend, Mr George, has dealt with this question very effectively. I want to put in a few words because 70 per cent of the Indian production of cardamom is in my constituency of Idukki I know the difficulties and the financial constraints under which the cardamom grower is today working.

Mr George has narrated the history of the ups and downs in the pinces of cardamom. In 1972 there had to be a floop pice which indicates that the prices were very low. Subsequently there have been ups and downs Now they have imposed a duty which, as the pointed out cummulatively comes to Rs 50000 per tonne. Even after the reduction it comes to Rs 10180 or so per tonne. That is the present position.

You will realise next year that the production has absolutely erashed. Because of climatic conditions and pests the production has completely crashed In order to improve production, the farmer is putting in a lot of inputs the price of which is rather high Time was when cardamom was just a forest growth. That is not the position non. Today the plant has got to be meticulously taken care of This is a time when the farmer has to take care of every plant meticulously and money has got to be numped to sustain the production of these plants If you impose custom duty merely because there is a spurt in the prices it is rather too unkind. It is due to short-ightedness.

One can understand if you are imposing a voir of all valorem duty Whether that should be imposed on foreign exchange earning commod 'f is a different matter allogether But merely because there is some spurt in prices you want to collect most? and are fumpling over the farmer who

\*The original speech was delivered

in Gujaratı.

is completely helpless. This is absolutely a cruel approach The Government of India can afford to forego Rs 10 000 per tonne Now, there is a spurt in prices because of the fall in production. The fall in the production has increased because of increase in the cost of inputs and all that. What is the additional care a farmer is taking of about it? What is the net amount that is being collected? That should be the criterion

If somebody goes into it, he will find that the farmer today is in the red, he is not on the profit side because of the fall in production. because of the increase in the cost of production The Government of India took a view about bringing down the custom duty from Rs 50 to Rs 10 They gave an explanation, a valid explanation that it became necessary because of the accumulation of stock, because of the non-lifting of the stock and so on Therefore, that became necessary I suppose, the position today is that the duty is Rs 10 and not Rs 50 Suppose this Statutory Resolution is here purely because whatever duty has to be imposed, it has to come before Parliament and therefore it has come But I suppose this takes effect as on that date. What is now in force is I suppose, Rs 10 per quintal If on the other hand Rs 50 per quantal is to be the duty, it will be outrageous completely devastating dangerous and what not Even that Rs 10 per quintal is quite unhearable

Anyway, I must congratulate the officers who have framed this Notification In the light of what Mr George has said, in respect of one commodity, you speak quintal in respect of other commodity you speak about kilogram in respect of another commodity. You speak about some other measurement and so on These different units of measurement give a misleading sense of the burden of the tax. I would plead with my friend Hr Patel to have a second look at the whole thing and accept the principle of not rushing into collecting a little money when there is an occasional spurt in the prices Let us not jump over it, let us not jump over the farmer, let him bring more and more price so that foreign exchange may be increase ed more and more

If you do not encourage these small farmers, then how can they prosper There are about 25 000 small farmers in number. There are no big planters except one or two They have got only 3 4 hundred acres That is what has come to be known as big planters All the other fellows are having 2-3 acres It is on these people that the burden will come Let us have ago. nerous look at it

SHRI C K CHANDRAPPAN (Cannanore) Mr Chairman Sir. I share the views expressed by my hon. friends here by bringing forward certain points to the hon Minister for his kind consideration

My feeling is that the Government as trying to take advantage of the coffee crisis all over the world. This crisis will not last long. The crisis as has been pointed out by my hon friend Chandre Gowda is due to certain temporary factors. There was a severe frost in Brazil. The coffee production fell 70 per cent and un terms of quantity. It was a fall to the time of 7 million bags of coffee Then, there was a civil war in Angola It is over now I think ther will produce more coffee in future Further, there was flood and drought in certain Latin American countries All these are certain temporary phenomena which these countries would overcome very soon. All this created a condition of crisis in the world market of coffee Today the coffee nrice has therefore gone very high and the Government's only argument which the hon Minister has put forward ! that the exporters are earning more than what they used to earn and that naturally, a share of it should come to the Government

[Shr<sub>1</sub> C K. Chandrappan]

Nobody will object to that Normally, if there is a windfall of profits to the exporters of coffee, it is very legitimate and we would support the plea that a major share of it should come to the Government. But if you take the official view of it, it is not so Even the Coffee Board says that It is true that most of the growers are small growers They say that the growers may get a return higher than the cost of production but not appreciably higher 1 am quoting from the Coffee Board records from the speech of its Chairman What does it say? It says that they are getting slightly more than the cost of production it is not appreciably more So, the profit is made elsewhere Utilising the crisis in the coffee market the profit is made by exporters and that too for the time being I think, on that basis, the Government should not base its policy

In one of the coffee producing countries in Columba, the Chairman of the Coffee Producers' Federation says that he was sure that the shortage of coffee is temporary Therefore, the Government should not bege their policy on these temporary factors I would, therefore, appeal to the hon Minister to reconsider the question of imposing additional excise duty

Another thing that I would like to bring to the attention of the hon Minister is that in our country 100 the production is falling I do not know whether this has come to the notice of the Government. In Wynad itself, in my constituency in north Malabar, there are 10 000 acres of coffee plantation which is affected by mealy bug which is described in the Economic Times as a deadly parasite This has brought down the production of coffee in Wynad In Kerala, Wynad is a centre where a large number of small growers are contributing largely to the coffers of this country by producing coffee About 2000 to 3000 tonnes of coffee is the annual production loss there today and, in

terms of money, the loss of foreign exchange earnings, it will come to about Rs 4 crores per year That 19 how the internal production has come down The hon Minister should also know the magnitude of the fall in production There used to be the production of 50 to 60 tonnes of coffee in a plantation of one hundred acres Today, the production has come down to 10 to 15 tonnes That is the magnitude of the problem resulting from this parasite infection. So, taking this opportunity. I would like to make an appeal to the Government to take certain steps Firstly, for giving loans and other assistance to the planters, who are largely small planters to replant their plantations Secondly, for sending a team of the ICAR to study and propose measures by which they can overcome this crisis Lastly, for setting up a coffee research centre at Wynad so that a long-term solution can be found for this problem. I am suggesting this because you are now going to tax heavily and get a lot of money A share of this should go to the producer, the small farmer

So my first appeal would be don't base your policy on a temporary phenomenon and increase the export duty The Munister may landly consider this Secondly from the amount of duty which you will be getting, a share should go to the arnall grower so that the country will benefit ultimately because the production of coffee will go up I hope the hon Minster will consider this favourably With this appeal I conclude.

SHRI VAYALAR RAVI (Chirayin-kil) This Resolution which is before the House as a decision taken by the previous Government I am grafeful to the Hon Minister that when we met him last time to represent entire the duty imposed on them, he ussured ut that he would look into it!

My view is that what is harful to the interests of the growers is

harmful to the interests of the country also as it would ultimately affect the foreign exchange position. I would like to make a suggestion that before taking decisions for imposing duties on such items, you may please consider the views of the Statutory Boards constituted by the Government itself There is the Coffee Board and the Cardamom Board etc. Your own Government nominees are Chairmen of these Boards and the majority of the Members are also Government officials So they can represent the views of the Government on these Boards which will make their recommendations They can at least express their views on the views of the Ministry I wish that hereafter you would take into account the views of the respective Boards-Coffee, Cardamom, Coir or whatever it may be

Now, I am not going into the statistics as it has been quoted here already But I would say that the present attuation is due to natural calamities The condition of the Arabian market, the civil war in Angola etc were responsible for this rise in the international market This is not a permanent phenomenon at all. Even Brazil, which is the largest coffee country in the world, has contributed very little to the world pool and ultimately the prices went up

We earned good foreign exchange to the tune of Rs 65 crores year before last and now we are expecting to get Rs 100 crores this year But this will really affect whom? It is not the exporters who will be affected The Coffee Board has its own system of pooling and suctioning. Even in exports the Government Board has done good work in the last two years It has entered into a contract with socialist countries and bas captured a market

Now, there is the Pool Fund which if I am not wrong, is to the tune of Rs 12.5 million. We have to pay this duty from the Pool Fund, which will affect about 86000 farmers. So, tha deficit is sought to be made up with the little money that the poor farmers are getting I request the hon Minister to take into account these facts and also the difficulties faced by the small growers and to see that this is withdrawn as early as possible Hereafter the opinion of the Board should be taken into account

Lastly so far as cardamom is concerned, at present it has been reduced to Rs 10 It is a problem concerning the States of Kerala Karnataka and also Tamij Nadu I hope, the hon Minister will stick to Rs 10 and will not increase it further It is because of the efficient work done by the Cardamom Board that this position has come I should give a word of praise to the Cardamom Board for the good work done by them

Once again I would appeal to the hon Minister to take into account the fact that, when we increase the price in the international market our product may not be competitive in the international market and ultimately we may lose foreign exchange because the entire product may come back to the internal market. Especially in the United States, the biggest coffeeconsuming country, there is a propaganda that coffee is a luxury item.

I hope and believe that the hon, Binister, being a practical man, will take all these facts into account and help the poor farmers of this country

[MR. SPEAKER in the Chair]

SHRI M. RAM GOPAL REDDY (Nı2amabad) Mr Speaker India is not the only country which 18 exporting coffee It is a competi tive market where we have to stand in competition with other countries

If our coffee becomes confire nobody is going to purel we that I aturally to make it correctly e we have to se uce the soffee price that is going to be plid to the fa mers and when to to ers would get less they e it I nant to give 2.2 a a two examples of sugar and er? ten. The production of sugar to 1 kn tweet and when the free ? turs were within in and the taxes immediately it went Arre taland s, we to 22 lakh toners. It went up agen to 48 1 %b tomme, when the in centives were given. In the cose or cot ex the production went up in one year and then in the rext year there was a terrible abortage I do Minister no want the the hon should ereate conditions which would lead to a ortage of orffee. When the product on at course town down it is importhe it raise it irrocdulely rest was as we I a e done in the case of cot on and sugar I would, therelore request him to see that this d IV is immediately withd awn so that ne may have competitive position in the international market and easy be she to export coffee. Once the mar ket is lost in the international field it is we in gh impossible to regain that market, We should keep that in mind always. I would request fim to with draw these suggestions immediately There is to shortage of money previous Government I as given you Rs. 3 000 crotes of foreign exchange You should not bother for this small money I would request him recrede to my auggestions in order to maintain our exports of coffee to the extent of Rs 50 crores per year as at present

SHRI IL M PATFL- Mr Speaker Sir I am afraid, the jast speaker has not understood the point. This duty Is being levied only because the prices In the market abroad went up We unnied to take advantage of that When the prices go up in the inter national market, the benefit certainly goes to somebody and the Govern ment intention is that when such a windfall beneft occurs they should have a share in it. That is the theory in this

SHRI K. P UNNIKRISHNAN (Badagara) You have already done that once

SHRI H M PATEL There is no danger of the exports being affected adversely

So far as Shri Mirdha's point is concerned, I fully agree with that whatever recommendations the National Agricultural Commission has made we should study them and take them into account in future hope that it is not the intention of any hon. Member to suggest that when such a windfall profits occur, Government should not have a share in them You may say that the sharing should be fair Therefore, once that principle is accepted. I am quite agreeable to examining every proposition whether in imposing a particular rate of duty, we are reasonable or not

So far as the subject under discussion is concerned, these duties were imposed in November, 1976—20me of them—and one in January, 1977, and there was justification for that

I would also answer Shri Chandrappan's point that we should not do this when the fluctuation of price is for a short period. So far as coffee is concerned, the disaster that occurred in Brazil is something that is going to endure for more than one year, may be two or three years Why should we not take advantage of that? It is not going to affect the producer adversely

SHRI D B CHANDRE GOWDA
It does, as I made out

SHRI H M PATEL. The total production that has been recorded with us indicates that the production of coffee has not gone down, it is gong up But I am not entering into argument. I wish merely to point out that the theory underlying the imposition of duties of this nature grafin.

is variable. The moment it is found that the duty is excessive and it may affect the exports, it may immediately be reduced or removed.

In the case of cardamon, for instance, when the unposition of duty was Rs 50 whatever the argument that influenced the decision then, there were no exports under Rs 50 and the exports began only when the duty was reduced to Rs 10 which shows that the subsequent decision of reducing the duty was right of the subsequent decision of reducing the duty was right.

Now, so far us the question of farmers and others being adversely affected is concerned, I can assure you that nothing can be farther from the truth because this is a decision of the previous government and I imagine they also proceeded on the same basis and had no intention that small farmers should be adversely affected, nor is it going to be mine and I think we with certainly take into consideration whatever suggestions that have been made by various sneakers in regulating this duty in future, but duty wilt be levied when circumstances warranted it and I hope the House will not grudge it because after all many things have to be met and the money has to come into the Exchequer So far as groundnut is con cerned I am afraid again the pricerise has been quite considerable. In coffee for instance when the duty was raised from Rs 50 to Rs 300, the London price was Rs 878 It is now Rs 4015 and when it was raised to Rs 300, it was Rs 2600 So you will see that it is not the coffee grower who is going to suffer Nobody is going to suffer but the government is wanting a certain share in the windfall profits that come

SHRI D B CHANDRE GOWD4-One point What happens to the coffee deals which are already in the pipe line? There may be many deals struck by Indian exporters What happens to that?

SHRI H M PATEL Some people may get the benefit and some people

(Shri H. M. Patell

may not get it but they may get it at a later stage

Increasing Export

When it is reduced semebody is going to get I do not think those are considerations which should influence the general decision

SHRI D B CHANDRE GOWDA Crores of rupces will be tost want your indulgence for a minute

SHRI IL M PATFL I am not yield ing Crores of rupees go to whom? It is not a lors to this country (Interruption) I am yet to com plete my reply If the hon member is anxious I shall certainly give full consideration to the point that has made when imposing or reducing duties in future, but, there is no use starting an argument here you wish, I shall try to satisfy you later but this is not the peint Here we consider only what the principle underlying imposition of this duty should be

I think, Mr Speaker, I have ans wered most of the points and I may assure the hon Members that I shall take into account whatever they have said

SHRIC M STEPHEN I have sought a clarification, whether the passing of this resolution will have the effect of superseding a subsequent notification reducing the cardamom duty from Rs 50 to Rs 19

SHRI H II PATEL. The duhes become effective from the date when they are notified because the require ment under the Rules and the Act is that when the House is not in session and a notification is issued, then I must immediately place before House the notification that is issued, within 15 days of the commencement of the session It is In that context that it is done But the notification becomes effective from the date when it is notified The subsequent reduction in duty also becomes effective from that date and it will come in due course before Parliament

S'IRI D B CHANDRE GOWDA My only point is that if the export duties are raised not in the Budget time but after the Budget or before the Budget, what happens? So far as the exporting countries are con cerned the bargains are struck at the rates that prevailed at the time of But in between the time the Budget of the agreement and the time coffee is received in the importing countries in that time gup there will be pipeline some coffee in the exporter says it should not be met by him because he will not be able to sisualise what would be the attitude of the Government. This time the excise duty on coffee which was in the pipeline was met out of the fund which ought to have gone to the grower himself Is the grower responsible for this'

I would request that at least this particular point may be considered

SHRU H M PATEL I will conaider it although the answer is very clear and we will discuss it with you if necessary

GEORGE (Mukanda SHRI A C puram) I am aubmitting that the hon Minister may have a look in so far as coffee and cardamom are concerned It is the exporter who is suffering The farmer realise the money because of peculiar auction of cardamom as well as coffee

SHRI H M PATEL Shri George should really be much more fully acquainted with this subject than perhaps I am Merely because ht sitting on the opposite side of House he must say something I can assure him that in the imposition of the duty of this nature we do take, into consideration who benefits we want to deprive that person because it is a wind fall. The State exchequer has a share in it. It is the most important point. The word if share We are not taking the whole of it.

MR. SPEAKER: The question is:

"That the Bill further to amend the Government of Union Terri tories Act 1963 be taken into consideration."

DR HENRY AUSTIN (Ernakulam) The Home Minister has brought for ward a Bill which per se di crim. nates between State and Union Territory As 15 well known Union Territories are clamouring and trying to come on par with he rest of the States in the country It has been the practice of the Government of India consistently to bring Union Territories also to the level of the rest of the States. It is a matter of surprise that the Home Minister is bringing in a B'll where it is said. for Goa It is 4 months for Mizoram 6 months, etc. It does not fit in with the general ethos of the country and the legislation on the subject. I am not taking a part sao view. The rationale behind the proposal of in creasing the term of State Legisla tures and Lok Sabha to 6 years has been discussed at length and there was a nat onal dialogue. If you see the debate of those days you will see how the national dallies took a lively interest (m this issue which evinced considerable interest Legal pandits constitutional experts W herea given out their views Rasya Sabha has six years as their normal tenure why should Lok Sabha which according to our Cons titution wield more power should have a lesser author ty period? That was the lacuoa, And our framers of the Constitution at that time had a different concept But after 25 years of the working of our Constitution the public opinion felt differently or if you deny that publie opinion was not total in proof of the move at least concede that a sizeable sect on o' the public opinion favoured this change and in the Lok Sabha itself I do not think that many members even in the opposi tion, objected to this on principle

17 hrs So this matter was discussed thread bare and I do not want to view the problem as purely partisan, I would request all the hon, Members to con sider this aspect objectively on merits Why should hon Members on this side of the House have to go through the elections earlier? How hard it is to face the electorate run rung to ten lakhs of pople every five years? It is even degrading to have the Lok Sabhas tenure a little less. (Interruptions) This was the aspect which was felt at that time If you so please you may bring a hill. In that context if you read the proceedings at that time the situation of practice obtaining in different coun tries in different Parliament, will find that in certain countries they have a seven year term and certain others had even more teoure So it was not that only India was having this tenure Many countries have different tenures for the legis latures as their lifespan These were the considerations which prevailed at that true in making this suggestion. Later on it was brought forth in the form of a Bill before the House But it was unfortunate that the Fifth Lox Sabha had to be dissolved and the same Bill could not be introduced in relation to the union territories. And,

today, instead of bringing in regular bills, to normalise the situation, it is surprising that the hon Minister with considerable experience in all this, is bringing in this Bill for the Union Territories, Probably, it is due to climatic reason. I am afraid there may be a political overtone in the sense that you are thinking of elections rather than to normalise the situation Probably, the prospects of elections seem to be main guiding factor in determining this thing This is repugnant to the Constitution and the people who had evinced some interest in this matter I do not think that the people coming from Delhi will approve of this I had changed views with members coming from Delhi. They were asking for enhancement of the status of the Unson Territory of Delhi and make it a regular State You are trying to perpetuate this thing giving an inferior status to the Union Territory I do not think the people of Delhi will take kindly to that suggestion Therefore I do oppose this move and I do believe that it is incumbent on the present Government to bring in a bill later on And

MR. SPEAKER Government an amendment But that has been circulated I would request the hon Home Mims'er to read it out so that the Members may know that the amendment has been given notice of It has not been circulated

it may be revised-that is a different

matter, to a six year term for the

Provided further that the provisions of this section shall in relation to the Legislative Assemblies of the Union Territories of Gos Daman and Dlu and Mizoram in existence on the 7th day o' February 1977. apply as if for the words 'five years', in the two places where they occur, the words 'five years and seven months had been substituted," (3)

MR. SPEAKER. In view of this I do not think the hon Member Shri Amrut Kasar need move his amend ment He can speak on that

SHRI AMRUT KASAR (Panaji) Mr Speaker, Sir, first of all I thank you for giving me this opportunity of expressing my views before this House Since this is my maiden speech, let me, in the first instance make it clear that I support this Bill The policy of the Janata Government is to have a tenure of the Assemblies and the Lok Sabha for five years instead of six years. As I have promused to my voters I shall be supporting the Janata Government amending the Constitution and Forty-second Amendment I support this policy of the Government to have the tenure of five years both for Lok Sabha as well as for Assemblies

As regards my arrendment pre viously it was or five year and four months but since the hon Home Minister has already cleared that in both the cases it will be five years and seven months I do not think that I need to stress that point

Therefore I am withdrawing it. The Home Minister has promised that in both the cases it will be five years and seven months. Now, I wanted it to be actually seven months because whenever legislation is passed we must take into consideration ingeographical situation of that place Monsoons are fast approaching Many of the hon Members here know that Gon is situated at the feet of western ghats. The rainfall there is more than 120 inches on an average This heavy rainfall cuts the communication with the villages Although the communication fatilities are good in Panuro-capital of Gon-yet In surrounding talukas like Parnem and

[Shri Anant Kasar]

Satara the communications are .ut. The voters are more in number in these talukas and therefore it will affect them. Therefore I happily accept this move of the Horre Minister that it will be seven months so that immediately after the moreous we are ready to take up elections and as in the manifesto of the Ja ata Party the aims and purposes of the Bill will be fulfilled

Mr Speaker Sir at the same time I extend my cooperation to the Janata Party in its policy for decentralisation of power and I would like to say due to the acceptance of the principle of decentralication of power in the status of Union Terri tory will be lifted up and it will be granted Statehood 1 extend my full ecoperation to the party and all the kindness which our Home Minister has shown to us

SHRI EDUARDO FALEIRO (Mormugao) Mr Speaker Sir it would be in the interest of the Congress party to have ele tions forthwith in Gon because just now in Gon we have a non-Congress government. It will be in the intereset of my party to have elections forthwith in Goa but inspite of that we are opposing this Bill on the general principle and not limiting ourselves to petty con elderations. Though it will be in the interest of our party to support this Bill yet we have to oppose it as we want to be faithful to the main principles

AN HON MEMBER What is the Principle"

SHRI EDUARDO FALEIRO The principle involved is that Union Terri tories must be put on the same footing as the States.

Sir I would like to say this much. I fail to appreciate why this exten sion of even months, Why seven months and why not eight months? Why seven months and why not four months' If they want to repeal the Ordinance why not they repeal the Ordmance forthwith? Why not say that the Assembly stands dissolved immediately? What is the point in giving seven months' There is no legal bar to dissolve the Assembly immediately and hold the elections after the monsoon or before the monsoon In fact if they are serious about holding the elections if they want that popular government should come they can have elections in the month of May itself because 40 days are remaining now A rotice of 40 days is enough,

The point I want to make is that the Lok Sabha elections have proved that the present government in the Union Territory does not have the support of the people Out of the 30 Assembly constituencies 18 constituencies soled in favour of the Congress Party and only 12 voted la favour of the Maharashtravadi Gomantak Party This being the posttion there is something more which this government and the hon. Home Minister can do I would like to my this because it is very important in the interest of our country in the interest of the Union Territory and in the interest of decent politics in this country

There are serious allegations of corruption and gross misconduct or misuse of power against the Chief Minister These charges are before the Home Ministry These charges deserve to be enquired into. A commission of enquiry should be pointed against the Chief Minister and then necessary action must be taken

It has been proved by judicial authority how corrupt is the Government of Tamil Nadu The people in the Union Territory of Goa have compiled the charges against the present Chier Minister in Goa they have made a tabular statement showing the charges proved against Mrs. Kakodkar and showing are the charges prima facre estab-

IShri Arishna Chandra Holderl

we feel that this period is sufficient enough to implement democratic economic principles. If it is not done their will be a natural tilt towards outhoritarianism as we had witnessed in the recent past. I hardly need to mention Sir that the 42nd Amendrient of the constitution was passed in this House by the Congress Govern ment by clamping down emergency in the country and puting leaders and workers of the opposition parties be hind the bar and ignoring public opinion But as soon as they went to the people for their opinion they rejected the legis ation complete y Through this election they gave a clear verdict that they are opposed to dictatorship and bureaucracy They have also as serted their faith in individual liberty right of assembly right of trade union activities right of freedom of speech and above all that the democratic norms be maintained in the country They did not want to face the people

DR. HEVRY AUSTIN On a point of order How can the hon Hember minuan his position? Our govern ment decided to hold the elections long before the expiry of the one year extended term. How can he say that we were afraid of facing the people? We could have waited for another year

"IR SPEAKER You are only making a second speech. There is no point of order

SHPI KR'SHNA CHANDRA HAL-DER I think they even did not like to hod the elections but because of external pressure and other factors which I don't want to go in detail here they were forced to hold the elections

The Congress party wanted to stick to power and convert this great coun try into a big jail. If they had agreed to ho d the elections it was after they go intelligence report from their police the RAW and as is said, they even had gone to the astrologers to know about their fate in elections but all their calculations went wrong and the masses who live in villages and who are taken as illiterates, have proed to the world beyond all doubt that they are second to none in their poli tical maturity and their faith to uphold democracy in the country is absolute and unshakable. It was because of the people's faith in democracy that the Janata Government is in nower today

They are trying to restore democracy in their country and as such support the Bill

This is utterly false, I was the solitary opponent in the House who opposed every one of the 59 clauses of the Forty fourth Amendment Bill including the six year term. In fact I gave an amendment that the term should be four years instead of six years The term of American Congress is also for four years Members of the Rajya Sabha also retire every two years. So, it is wrong that I wanted six years and not four years

धी विजय कमार मन्हीत्रा (दक्षिण दिल्ली) दिस्ता एडमिनिस्टेशन एस्ट के दर्भ को पाच सान से टा कर ह माल करने को कोजिय हुई मा । हमारे यह मनी जी ने उमके बजाय इसकी महिं को पान साम से बड़ा कर देवन पाच साल चार महीने करन का प्रस्ताव रखा है। मर्प ग्रारवर्ष है कि इसका भी विरोध हमारे विराधो दल के लोग कर रहे हैं। दुनिया के इतिहास है तिसी मी वैसोवेटिक नहीं किसी भी वैसेक्टिए इदारे में बादने मही देखा होगा कि किसी की भी उन्न एक साल इस तरह से बढ़ाई गई हो । मुझे हैराकी होतो है कि धरोजीयन के लोग साज भी ध्वनी भारी डिपीट होने के बाद इस तरह के एक इमारन एवट के माथ जुड़े हुए हैं और कीशिन नर रहे हैं कि इसकी टर्म की बदा कर छ-मान कर दिया जाए, पांच में छ साल कर दिया जाए । श्राप देखें कि धार्य रेंट वे स्रोप न्या देने हैं और यह बहुत ही हास्यान्यद है, हैरानी पदा करने वाली है। और तो कोई पागे रेंट उनको नही मिनी, उन्होंने यह कह दिया नि ज्वान के माथ यह मामना जुड़ा हथा है. प्लान पोरियड इलैंक्शन ने साथ जुड़ा हुआ है। भव आप देखें कि इलैक्जन तो होता है 1978 में भीर प्लान 1979 में खम होगा। भगला प्लान 1979 में शुरू होगा मीर 1984 तक जाएना । उसका कीई ताल्लुक इलीवसन के साथ नहीं है बागुंने ट के तौर पर ही उन्होंने यह बात वह दी है। मैं समझता है कि गृह मती को बहुत वही उदारता है कि उन्होंने चार महीने टमें की बहाने की पेशकरा की है। चाहियें तो यह या कि एक दिन का भी एक्सरेंशन जनको न दिया जाना । ग्राप देखें कि पीपतन रिक्रिकेटेशन एक्ट है यह यहा गया है कि टमें श्च म हाने से पहले चनाव हो जाने चाहियें । लेकिन गृह मत्रों जी नेपान साल की टर्म साम होते के बाद चार महीने इसकी टर्म को बढ़ान का प्रस्ताव किया है। इस दौरान इसै । घन हो जायेंगे । बनी पीप च रित्रिजेंटशन एकट के मतादिक दर्भ खाम होते से पहले इनैतान हो जाने चाहिय थे । बाग्रेम पार्टी ने द्यारितेस के जरिये तसकी उम्र की बड़ा तिया था। यत यह जो लेबाना था इसकी दूर करत के निए जो चार महीने इसकी टर्म की बहाने का प्रस्थाव एखा गया है वह इसलिए रखा गया है कि गांधा में सात महोने निया गया है भीर वह इसलिए किया गया है क्योंकि उस बोच में बहा पर इले शन नहीं हो सकते थे। इस बाम्ने यहां वर भी चार महीने करना पडा है। मैं समाता ह कि की री हीर पर इसकी डिसान्व करके चुनाव करवाया जाना जररी मा। यह इमलिए भी जहरी वा कि एम रजेंमी के दौरान दिल्ली ये भीर देश में बहत ज्यादा जुल्म, ग्रन्थाय और ग्रायाचार लोगों पर हुए ह । बहुन बुरी तरह मी डिबरेटरशिप दिल्सी में बादम की गई थी । जस सह के लिए जिस्कें।र यहां साउमिल ने ऐंग्जीनगृदिव साउसलर थे। प्रधान मंत्री थीमनी इहिस गांधी भौर संज्य गाधी के जो हियवार बने वे यहाँ दिल्ली के चार ऐन्डीकाडिव काउसिलर ये। हजारों नीगी को यहा गिरफ्तार किया गया, जैल में बन्द किया गया, वहा पर तरह तरह से तग किया गया, दबाई, इनान की सुविधा उनको नहीं दी गई, वीस लोगों की हथा वर दी गई। जि<sup>स</sup> तरह ने सारी प्रेस का गला घोटा गया यह संब को मालून है। जिस को शाया उसको प्रश करजेल । दाल दियाच्या। यह सब दुष जिन के कारण हुया और जो लोग उसके लिए जिम्मेदार हे उसके बावजूद की जनता पर्टी जनको एक्सटेशन देने जा रही है। लेक्नि धम्सोन की चात यह है कि इसके बावजूर मो हमारे दोस्त इसका विरोध कर रहे हैं यह बहुत आश्चर्य की बात है ।

[थी विज : ूमार मन्होता] ँ

दिल्ली के ऐंग्जीक्यूटिव काउसिला ने जिन्होंने तुर्कमान गेट पर गोली चलवाई, जिस रें बीस लोगो को जानें गई, जिन्होंने दिल्ली हैं साउँ छ लाख लोगों को खजाड कर बीस मील दूर फेंक दिया, ग्रनग्राथोराइण्ड कालोनीज पर बलडोजर चलवा दिए. जनके इन का नामों के बादजद भी जहा उनको और काउमिल को एक दिन की भी एक्सटेशन देने की जरूरत नहीं थी, जो इतने त्रिमिनल ऐक स के लिए जिम्मेदार थ, उनको एक्सटेंशन देने की बान इसलिए हो रही है क्योंकि गोधा की ग्रमेंस्वली की दिया गया है और ऐसा न लग वि जनके साथ ज्यादनी हो रही है।

ऐग्जीपर्टिय चाउनिल में इतहा दर्जे की बुग्जान है, बहुन ज्यादा बहा कुरव्हान के मामने है। स्यद्ग मतीन स्कॅडल, टासपॉर्ट स्तैंडल, मारति स्तैंडल प्रादि स्तैंडल्ज मे य सब लोग इनवार्य्य है। गराप्र स्कैडल बादि स्कैडल लगातार होने जा रहे है। वाग्रेस पार्टी ने ग्रानी हार के बाद भी कोई सबक नहीं निया है। यही मास्पिरेसी हो रही है। वह यह है कि जनना पार्टी की बदनाम तिया जाए। उसने लिए साजिने भी जा रही है। सैनडी पाइले प्राइम मिनिस्टर हाउम से ले जा कर जलाई गई है भौर जलाई जा रही है। दिन्ती एडमिनिस्ट्रेयन को पाइलें भी जलाई जा रही हैं। इसकी रीता जाए, इन धाइलो की काल से करने ना इनवाम विया जाए।

पिछलै चार पाच दिनों में जनता पार्टी को बदनाम करने के लिए कई प्रकार के हर्वकड़े इस्तेमाल में लाए गए हैं। काग्रेस ने सिमेंट के मिल घोन बेंने इलैंक्यन से पहले साजित की, उन से राया लिया और उसका नतीला यह है कि माज सारे देश से मोद दिल्ली में सिमेंट की स्केमरिमदी ही गई है, सिमेट मिल नहीं रहा है, दिल्ही में उसवा मिलना एक तरह से बिल्जूल बन्द हो गया है।

हमी तरह से डालडा कम्पनी के जी मालिक लीग थे उन में कांग्रेस पार्टी ने चुनाव में करोड़ों रू लिया औं आज उस की आह-फिश्चिमल स्क्रेयरसिटो पैदा वी जा रही है। इसी हारह से बनोकि अभी तक कारपोरेशन में उन्हीं के लोग है इमलिये नेट्रोस्पेक्टिव इफेक्ट से, 1976 के हिमान से, 10 गुना ब्यादा सेल्स दैवम यहा पर लाग कर दिया गया है और उस के बिल भेज दिये गये हैं। में माननीय गह मली जी से कहना कि इस तेवजीवयदिव वार्डात्सल को धगर मही लोडा गया तो करण्ट लोगों के हौसले वर्डेंगे।

वेश निवेदन है जि दिल्ली को स्टेट ग्रसेम्बली का दर्जा देना बहत जल्ही है। दिल्ली एक बायैविल यूनिट है। अपने पैसे से नान-लान ऐतमपेडिया में 40 करोड की बचन होती है और स्थम देश्स से जो वैसा मिलता है उस में से 400 करोड़ एव दिल्लो पे बरती है। इस निए दिल्ली को स्टेड श्रक्षेत्रवानी बनाया जाये सीर ऐग्जीवयुटिय बाउम्सिल को तरन तोडा जाया।

इन शन्दों ने साथ मैं इस का समर्थन बरता है।

चौधरी वहा प्रशाश (बाह्य दिल्ली) : सभाषति जी, मैं इस बिन की मुखालियन करने के निये खड़ा हैना है। मुखालिपन का कारण यह है ति यह जो मैट्रोपोलिटन भीर छैबजीवमृदिव काउन्सिल है, जैसा मैंने भाग के 10 साल पहले भी नहा या जब यह जिल वन रहा या कि दिल्ली के लोगों को बहवाने के लिये यह एवं जिलीना दिया जा रहा है श्रीर मेंट्रोपोलिटन काउसिन श्रीर ऐम्बी-क्यदिव काउन्सिल दिल्ली की कोई तराल्ली नहीं बद सबेगी। भीरयह वैकार सावित होगी धीर वह यात यात्र सही सावित ही गई है। में संबंधित करता है कि इस बिल की विदेश क्या जायें भौर इस को लेंग्स होने दिया जाय । जन्दी ही गरकार घगने सेंगन के मन्दर दिन्ती स्टेट धर्मेम्बनी नायम नरने ने लिए

एन नया बिस साथे धीर साथ ही साथ ऐस्बीन्यूटिन नाजिस्ताल नो भग कर दें। इस वास्ते इस बिस नो इस वन्त प्रसाने की कोई जरूरत नहीं हैं।

द्याप को मालुम है कि दिल्ली में 1917 से यह माग चली मा रही है कि दिस्ली के धन्दर मसेम्बली हो। पाच साल के लिये 1951 से 1956 तन के लिये यहा असेम्बली वायम हुई और बाद म फिर उस को तोड दिया गया । जब नहा गया दिल्ली वा शासन दीन से नहीं चल रहा है और यहा बहता वनप्रयूशन बौर कँबास है ऐडिमिनिस्ट्रेशन में प्रन्दर, यहा नोई युनोफाइड ग्रामारिटी नहीं है यहा जो नारपारेशन बनाई बई थी वह यहा के सवाली की हल करने मे माना-मयाब हुई है, तो उस बन्त यह नहा गया कि दित्ली के लिये काई नया दूसरा ऐडमिनिस्टेशन लाया जाये चूरि बारवार यह बात कही जाती थी कि दिल्लो ग्रसम्बली नहीं में लेकिन ग्राप जो दिल्ली घरोम्बली में चाहते हैं वह धाप को मिल जायगा, इस पर बहस हुई और मैं यहा इस सदन में दिल्ली की सरफ से रिप्रेजेन्टेटिव या और होम मिनिस्ट्री से बातचीत कर रहा या ती मैंने कहा कि हमे नोई विद नहीं है कि यहा प्राप दिल्ली असेम्बनी उस ना नाम रखें । मनर मोवरेन्टी या कोई हिस्सा ग्राप दिल्ली के दूसरे दाचे में दान सनते है सी मड़ी भाग बदलने में कोई एतराज नहीं होगा । लेकिन वह नहीं डाला जा भवा । भ्राखिर विल पास होने लगा उस बक्त मैं प्रधान मन्नी श्री शास्त्री से मिला ग्रीर नहा कि यह बिल पास न विया जाये सभी और जब साप रूम से बापस लौटें तो झाए के साथ बहम मुवाहिसा कर के उस में मूछ जान डाली जाये। उन्होंने इस बात को स्वीकार दिया, हालांकि श्री विधाचरण भूवन जी उस समय डिप्टी होस मिनिस्टर ये घौर जो हैनमैन समये जाते से भीर दाद में सावित भी हुए, उन्होंने चाहा था वि इस को जल्दी से जल्दी पास कराया जाय । ग्राप को जैसा मालूम है उस बबत शास्त्री जी वापम नहीं या मने और इदिरा गाधी भागे। श्रीर सब से पहले उन्होंने दिल्ली ऐडिमिनिस्ट्रेशन ऐक्ट को पास कराने में बुलडोरर रा इस्तमाल किया और जबरदस्ती इंग दिल का उस बक्त पास किया हमारी राय के खिलाफ । नतीजा यह हम्रा कि हम पर यह विल लाद दिया गया। और उस वस्त में एन तरह से शुरुधान होती है इस बात की कि दिल्ती में जो यहां की बांग्रेस थी ग्रीर भीर उस वक्त जो यहां की काग्रेस सरकार थी उन में एक इस्तलाफ हो गया। सदन की मालूम हाना चाहिए कि मैं ने उस बक्त भी वहा था कि यह एक खिलीना है, यह दिल्ली का बेजान किया का रहा है, इस की ध्राप न दें। मैं आज भी यह बात बहुता हू कि इस तर्जुचे को हम न दोहराये। यहा तक कि कार्यस यवनंबर जो यहा पहले थी वह भी यह बात मान चुनी है कि यह बेनार सावित हो चुना हैं। प्रव यहा पर इसरा नोई तरीना सीना

तों में बाप के अरिये गृह सजी जो में क्ट्रा भाटता है कि इपा कर के बाप इस धिन मो नापम ले लें बोर इस दिस्सी ऐंट-धिन मोजन ऐक्ट को रिपोश कर हैं। बोरे दिस्सी प्रेसेन्यों को नाम जिल नामें वारि दिस्सी के लोगों के राहन मिलों नहीं तो इस ऐसोमिनट्रेजन से दिस्सी की मुस्कित केमी धोर बहा के लोगा को कोई राहत धिनने पालों नहीं हैं।

जायका नि तथा नरता चाहिये।

SHRI K LAKKAPPA (Tumkur)
Mr Charman, I think that the Home
Minister has already stated that there
should not be any repetition. But you've
Parly views it in this way that, surreptitiously, the Government have
reputitiously, the Government have
brought forward these two Bills. It
may have been done, according to
them, for various reasons, but I can
only say that this is being done on
only say that this is being done on
oplitucal grounds, because the Forty-

Second Constitution Amendment Act was passed by the previous Government, they want to undo that This is the attitude of this Government There is no logic in their argument about duration This was passed when the Forty-Second Constitution Amendment Act was passed, there is lot of substance in that when the life of Raiva Sabha is six Years, why should it be five years in the case of Lok Sabha? Now, many of my friends on the other side are advocating that the voting age must be 18 years. Do you consider the Constitution to be static? The needs of the society are changing and according to these changes, certain changes should take place in the Constitution or in the People's Representation Act The entire society is a changing society Therefore, changes are inevitable Therefore, your argument countering the points made on this side has no logic or aubstance. Do not take such hasty steps as if all the legislations that bave been passed by the previous Government have no reasons behind them People have voted for all these things In the southern States people have voted for us and they have supported the Constitution Amendment We have every reason to say that they have supported us Should we not say that? Can I betray my people? I wish the economic policy of the Government had been pronounced by this time I do not know why they are not doing that It may be due to inner contradictions. It is no use bringing all political and controversial legislations only to hit the other side or take revenge on the previous Government This type of witchhunting against the previous Government is very bad. You are creating a very bad precedent by this After six months or one year, you may go out of office What will happen to your actions if the other party comes to power? Do not take it for granted that the verdict that has been given is for all time to come My friends on this side and also our Leader bave already said this Whatever is done reasonably is allright if there are

16a

valid reasons, then it is allright. But do not take a vindictive attitude by bringing all types of legislation in a day and pushing them through This snould not be the attitude of the Government We are all agreeable for any change As a matter of fact, our Party has supported the two Bills which were brought by Shri L K Advant But at the same time please do not bring any legislation with a motive of political vindictiveness and to see that the other side is humiliated or sub-jugated The motive of these two Bills is that you are in a hurry to topple the State Governments That is clear from what the ruling party and the Prime Minister have been stating The States are settled and are running Let there be elections in the States on the due dates Where is the hurry? After the elections in the States, you can bring forward anything you like As I said you should not bring any hasty amendments or legislation for political vindictiveness. These things have been brought only with that motive There are many important matters which could have been discussed usefully in this House shortage of many essential commodities rising prices after the elections, victimisation of Harmans and other minority communities, and the violent activities etc. A lot of things have happened in this short period under this new Government I would once again request that there should not be any political motive and vindictiveness in bringing forward this and other legislation

DISPUTED ELECTIONS (PRIME MINISTER AND SPEAKER, BILL

MR CHAIRMAN Now, we take up the next item Shri Shanti Bhushan

THE MINISTER OF LAW, JUS-TICE AND COMPANY AFFAIRS (SHRI SHANTI BHUSHAN) Chairman, Sir, I beg to move "That the Bill to provide for Authorities to deal with disputed elections to Parliament in the case o' Prime Minister and Speaker of the Houre of the Peo ple and for matters connected therwith be taken into consideration '

I do not want to make a long speech. The other day, while introducing this Bill, I had stated that It was the Government's intention to do away with Art. 329A of the Constitution which had made a distinction between the Prime Minister and the Speaker on the one hand and the other Members of Parliament on the other hand in regard to the manner in which their elections could be disputed and election petitions could be tried

We have already introduced a Bill for the appropriate amendment of the Constitution for the purpose of deleting that Art 329A from the Consti-But, as I had stated earlier, so long as that Article in the Constitution, remains on the statute book the Government was under some constraint because it had been provided that an authority other than that specified an Art 323 alone could go into the election disputes relating to a person holding office of Prime Minister or holding office of Speaker II was for that purpose that this Bill was introduced

Now Sir earlier an Ordinance had been issued by the previous Govern ment by which they had provided that the authority to go into the election disputes relating to elections to the Parliament of the Prime Univiter and the Spreaker, et all be a Committee constituting of nine members—three representatives of the Eak Sabba three representatives of the Rajya Sabha and three nominees of the Prevident

Now it was considered that such an authority would not command the confidence of the people and in that connection Sir I would like to invite the attention of this House to a pa size in Mays Parliamentary Practice because, in Eng and all of earlier dispute about elections of Members of Parliament used to be considered by the Parliament itself by the House of Commons it elf and subsequent by by committees of the House This is what is stated in the Mays Parlia mentary Practice in page 3 with regard to that I quote

"Before the year 17"0 controser ted elections were tired and determined by the whole Hou e of Commons as mere party quest ons upon which the strength of contending factions might be tested In order to present so notorpous a perversion of justice the House consented to submit the exercise of its privileges to a tribunal constituted by law which though composed of tig own Wembers should be appointed so as to secure impartiality and the admit strating of tistice according to

the laws of the land and under the sanction of oaths. The principle of the Grenville Act and of others which were passed at different tures "since 1" 0 was the selection by lot of committees for the traal o election petitions. Partiality and in competence were however general by complained of in the constitution of committees appointed in this manuer.

and, in 1839 an Act was passed establishing a new sys em upon different principles increasing the responsibility of individual Merber and leaving but little to the operation of chance. This principl was maintained with partial alterations of the means by which it was carried out until 1888 when the jurisdiction of the House in the trial of controversial election was transferred by statute to the courts of lew?

So Sir in England also earlier the House used to go into disputes in e gard to elections Later on, the Com miltees went into such disputes. Even that procedure was found to be un satisfactory Thereafter the matter was handed over to the courts That was the position which was accepted in our Constitution originally I vae only later on that Article 3794 was introduced. As I said earlier we have already introduced a Constitutional Amendment Bill for rectifying that position So far as this Committee was concerned this was not considered a satisfactory authority which would command the confidence of the people The question was as to which autho rity should be substituted in its place We gave anxious consideration to that question and we thought since i was not possible to introduce High Courtas it was ruled out by Article 3294 which and it must be some authority other than that specified under Arti cle 329(b)—the only other authority which could command the confidence of the people would be a still supe rior authority namely a judge of the

Supreme Court to be nominated by the Chief Justice of India That was the reason why this authority has been stipulated in this Bill.

Sir I would like to say-with your permission-that I am sorry that the other day when I introduced the Bill a question had arisen as to whether against the decision of the single judge of the Supreme Court a further appeal would lie and under an error I had stated then that perhaps an appeal would be under Article 136 I referred to the analogy of Article 133 and the Supreme Court decisions on the subject. I am very sorry to say that I had overlooked at that time that under Article 329 t there is an express provision saying that the decision of the authority so constituted shall be final. I apologise to the House for having made a statement which was not correct Since the point was raised at the spur of the moment I had overlooked that provi eion in Article 329A.

SOME HOW MEMBERS We appreciate what you say

SHRI SHANTI BHUSHAN So I apologi e to the House for that With these few words I commend the Bill to this House

MR CHAIRMAN Motion moved

"That the Bill to provide for Authorities to deal with disputed elections to Parliament in the case of Prime Minister and Speaker of the House of the People and for matters connected therewith, be taken Into consideration?

SHRI O V ALAGESAN (Arakonam) Mr Chalrman, Sir I am surprised that the learned Law Minister should be her this House with this Bill at this late hour as we are already working overtime

AN HON MEMBER The original Bill was also passed in a hurry

SHRI O V ALAGESAN Now, Sir. I am on a firmer ground because hon Members from the opposite side contested even at the introduction stage the principle of this Bill, the manner of introducing it and the very neces silv for introducing it

Now Sir in answer to the various objections that were raised by the expersenced hon Members of this House Sarvashri S N Mishra Madhy Limaye Shra Yadav and also by my friend Shri Kamath-i am very happy to see Mr Kamath again in this Housein answer to the various doubts and objections that were raised by the hon Members the Minister said that there would be a lacuna and so he is bring. ing forward this Bill From what we have seen of the hon Law Minister in the short period we have credited him with elegr thinking and very preciee speech He comes to this House with a very big legal reputation and I hope he will soon find a berth in this House or in the other House and we will have the benefit of his knowledge and experience and both the House and the nation I hope will benefit by his being in this House

Now I am really surprised that there is some confusion whether there is really a gap that should be filled Now we are going through the whole process of this long Bill being enacted by this House I think it would be simply road rollered because the Minister of Parliamentary Affairs was very anxious to finish the business at quickly as possible I do not know whether it is necessary to go through the whole process of looking into this Bill and considering this Bill and passing this Bill or not when you have already Introduced your Constitution (Forty third Amendment) Bill where you have said in clause 6 that you are going to omit Article 329A.

SHRI SOMNATH CHATTFRIEE (Jadavpur) Would you support that?

SHRI O V ALAGESAN When it comes, we will see whether we support or oppose Don't be impatient.

Now there is a provision in sub clause (2) of clause 6 where you say election petitions are to be disposed of by the authority that you are now going to create namely one of the Supreme Court judges appointed by the Chief Justice for this purpose Then as soon as this Constitution (Amendment) Bill takes effect it will abate and you will be reverting to the regular authority to the original po sition and the authorities that were there then will come into existence and will be approached by the Election petitioner Apart from the fact whether there is any election petition against the present Prime Minister and present Speaker I do not think that there is any necessity to provide in this fashion against all that you have said during the election time and that is why hon. Members on your side took object on to it can easily provide and easily after sub clause (2) of clause 6 and say that if any election petition is to be filed that can be filed the time can be allowed and that can be filed under the old authority under the authority to which we will revert if this Cons titution (Amendment) Bill becomes law When that is the case I do not know why this Bill should be brought and the House should be put to the necess ty of going through the process

## of passing this law Sir I have done

184 I.S.-7

SHRI HARI VISHNU LAMATH (Hoshangabad) Mr Chairman at the outset may I request that instead of hustling the husaness of the House-these three items are fairly important—the House if it agrees unanimously may ait on Salurday

AN HON MEMBER Next Session only

SHRI HARI VISHNU KAMATH The House must agree for the next Session in that case

Mr Chairman 1 am glad to note that the Minister of Law has admit ted that the Bill before the House is wholly repugnant to the luminous principle of equality before the law and I am sorry to say that the accep tance of this Bill goes totally against the grain because it appears that we have not yet emerged from the umbra of the emergency into the light of freedom and equality and we are still living in the penumbra of that emer gency The Law Minister the other day also advanced certain pleas for acceptance by the House In spite of all that he has said I have still got doubts whether this Bil should have come before the House as it is and as it has been moved by the Law Minis ter In the first place there are two grounds on which I would like to criticise this Bill

What does clause (b) of Article 329 say? How does it read? What does article 329(b) may No election to either House of Parliament or either House of the legislature of a State shall be called in question ex cept by an election petition presented to such authority and in such manner as may be provided for by or under any law made by the appropriate legislature I would invite your at tention to Directions 19(e) and 19(b) of the Directions of the Speaker The present Bill seeks to replace the Ordi nance with certain modifications So It is quite natent that the Bill modifies So if you could the Ordinance modify it to a certain extent why can not you mod fy it to a fuller extent and establish the principle of equality before the law on as high a pedestal as we can because the House will agree that the Speaker of the House and the Prime Minister who were holding the offices at the time of elections are on a different footing from the e who were elected Prime Minister and Speaker after the elect ons were over Ti erein I es the rub, because this Bill seeks to provide for both contingencies

188

[Shri Hari Vishnu Kamath] I now invite your attention to clause

5 of the Bill the proviso thereto Provided that a petition calling in question the election of a person who does not hold the office of Prime Minister or as the case may be Speaker of the House of the People at the time of such election and who is appointed or chosen to that office after such election but before the expiry of the time for present ing such election petition may be presented within forty five from the date on which such person was appointed as the Prime Min ister or chosen as the Speaker of the House of the People"

Could this not have been deleted be cause the Ordinance is sought to be modified? Could this not have been included in the modification? It is wholly repugnant I do not know why the hon Lew Minister wants to insist upon this provision. Imagine a person who fights the election as an ordinary candidete A, B C are all equels on the battle field of the ballot The hon Law Minister has tremen dous experience because he conduct d the election petition of Shri Ray Na rain egainst the then Prime Minister after the 1971 election A person who holds the office of the Prime Minister at the time of election is in a differ ent category Because the Prime Mi nister can exploit the advantages accrumg to him on account of wealth money or position end other things But consider a person who fights the election as en ordinary candidate like most of us who fought the election now,-we have fought elections in the past also -and if after the election a person is elected as Prime Minister or Speaker how does it entitle him to be placed in a different category from other persons who fought the elections on the same battle field? I hope the hon Minister will throw some light on this matter because it is a very important matter not that it is pro beble but it is not beyond the realms of possibility that within a certain period of time, the party which has come to power may elect somebody as speaker or Prime Minister and within a few days the candidate who opposed him might file an election pe tition against him but within the next few days either due to an act of God or may be for other reasons the per son chosen as Speaker or Prime Minis ter no longer may be holding that office Again that means therefore the petition will have to be filed against the new incumbent before e This proviso proper authority think should be wholly deleted It is a repugnant undestrable unhealthy Generally anti equality **Droviso** speaking the entire Bill is against the principle of democratic equality can accept it only on the solemn as surance of the Law Minister that no stone will be left unturned to see to ensure that the principle of equality hes been established under the Consti tution with regard to elections and also further reinforced by the Peoples Representation Act of 1951 that prin ciple is again upheld and a new lew a new Bill is brought before the House at the eerliest possible date seeking to delete all these inequality provisions with regard to the Speaker with regard to the Prime Minister from the Statute that provides for challenging elections to persons who have been elected to such offices of who were holding such offices before the elections

Now I would refer to another mat ter and that is here it is stated in the Statement of the Minister that the Ordinance was passed in February 1977 and the Ordinance promulgated provided for a Council of 9 Members 3 Members of this House 3 Members of the other House and 3 other Mem bers Now I made the point the other day when it was introduced that either it could have been allowed to lapse or the Council of Ministers could ad vise the President to withdraw the Ordinance Neither of these two cour ses was adoptd The Law Minister then said on that occasion that there might be a vacuum if that course had

been adopted because of Article 329A I would request him because he is a legal luminary, to throw some light on this particular point. Suppose the Ordinance had lapsed or suppose the Ordinance had been withdrawn by the President Article 329A provides for the constitution of authority of Members-of Council of Members Suppose the House refused to appoint 3 Members from this House, then there would have been no vacuum old law would have taken effect under the RP Act of 1951 and because the House refused to cooperate in this matter and refused to appoint 3 members of this House in the Council the Council would have been defunctus officio more or less ab initio There would have been no body under Arti And therefore, this point cle 329A might be considered by the Law Mi nister and he might throw some light as to whether this could not have been attempted or this could not have been tried before bringing this inequality Bill before the House I have tabled some amendments and I will take them up at the appropriate stage

SHRI SOMNATH CHATTERJEE (Jadavpur) Sir, I do not envy Law Minister who has to pilot obnoxious Bill like this, but I quite appreciate that he has no option because there cannot be a gap until article 329(a) an aberration was incorporated in the Constitution 15 set right I hope the opposition will have at least that much of sense to support the deletion of article 329(a) when the matter comes before the House I am sure it was incorported in the Constitution with the expectation that Shrimati Gandhi will be returned to this House and made Prime Minister again she could have understood the minds of the people and malised the effects of the actions of the previous government during the last 20 months they would not have taken the trouble of amending the Constitution. Surely they had no concern about Shri

Morarii Desais election Who really intended beneficiary of article 329(a) was is obvious As I said the Speaker was brought in to keep compary only The real person who was intended to be saved from judicial decision was the then Prime Minister who thought she was the permanent Prime Minister of this country But the people have given their verdict The previous government was afraid of judicial scrutiny So they to concerne of a method for deciding the election disputes in respect of two individuals in this country, however high position they might be made to occupy and they were intended to be put above the law A special class was created for two persons in this country to whom the legal processes will not apply My friends here do not feel ashamed that they had supported that law Today they are giving advice to the Law Minister why this Bill should or should not have been brought It has to be brought because otherwise there will be a gap which has to be filled up I am sure the Law Minister is not happy to hold the deformed child of a diseased progenitor. This is an atrocity committed on the Constitution I am thankful that he has done at least one thing So long as it will remain on the statute book-I hope it will not be used at any point of time-at least the obnoxious features of the ordinance have been deleted. The originat provision was there will be a body of 9 persons to be handpicked She thought it will be a captive Parhament as it was in the past Through the so-called process of election with 3 members of the Lok Sabha 3 members of the Rajya Sabha and a captive bureaucracy and handpicked exjudges etc a unique body of 9 persons would be formed who would decide her election petition on the basis of partisan policies This atrocity was committed on the Constitution for the sake of one individual in this country but before a judicist tribunal had an opportunity to deal with her election the people have dealt with her election properly and rejected her outrleht

As I said I must thank the Law Minister that that gort of authority has not been continued in this Bill. Under this new Bill which he has brought a Supreme Court judge is to be nominated by the Chief Justice and he will be the authority to try the election petition. We do not know whether an election petition will be filed or not When Mr Kamath objected to this proviso to clause 5 he might not have noticed that article 329(a) itself has made a provision that even if subsequently a person is appointed as Speaker or Prime Minister, the previous election petition, even if filed against him or her, would abate Therefore, this proviso has to be inserted here and it cannot be helped. I know Mr Kamath would feel outraged at this atrocity but it has been done The Constitution has been defiled and raped by a power-hungry executive at that time. They wanted to perpetuate their hegemony in this country by all sorts of Draconian lawa and outrageous provisions put into the Constitution. In the name of bringing about the paramountey of Parliament, they defiled the Consutution and they defiled this House They insulted the people's intelligence. This is what had happened. Therefore a judicial body, a hand-picked body as was contemplated in the Constitution, was selected for the obvious and tilterior motive of keeping her in office. She knew that she could remain in office only through these people and not otherwise But the peoples' judicial authority had found it out and given it, judgment I do hope that there will be no occasion to use this law in future in this country We wish at least to get rid of 329(A) af we do not get rid of other provisions of the Constitution. I only wish that some good sense will down on this Opposition and they will behave according to the wishes of the people which have been very clearly manifested during the last elections.

THE MINISTER OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI SHANTI BHUSHAN) First of all J

#### [Shr: Shanti Bhushan]

would like to thank the hon Member Mr Alagesan for the kird words that he has said about me I would also thank the hon, Members Mr Kamath, Mr Somnath Chatterjee, Mr Harnkesh Bahadur, and particularly the hon Member Mr Sheo Naram for the very kind words that he has said about me The point which has been raised by the hon Member Mr Alagesan is as to why, at this late hour, this Bill is being brought and If the Bill was not brought, how Heavens have fallen All that I would like to say is that I do not know I cannot forecast and I am not a furtune-teller as to whether anybody is going to question the election of Mr Morarii Desai or Mr Sanjiva Reddy But the whole question is if the law of the land was in such a shape that even if a person wanted to challenge the election of Mr Moraru Desai or of Mr Sanjiva Reddy-if he had no forum to go to, what will be the face of this demo cratic country before the whole world? As it is, it is highly unfortunate that an election petition against these two persons cannot be filed before the same authority before whom election petitions can be filed against the other Members of Parliament. But we had to recognize the constraints of Ariscle 329 A Hon Member Mr Kamata has raised the point as to whether, if there had been a gap would not the position under the Representation of People's Act have been reverted to, and an election petition laid in the High Court, as is usual in the case of o'her Members of Parliament. With the utmost humility at my command I would like to invite the hon Member s attention to the very clear words in Article 329-A The words are out capable of being construed in two ways at all It is well known that in laws sometimes two interpretations are possible In fact. two sometimes differ on the interpretation but there are certain situations which two interpretations are not possible, and this is a situation that kind because the words are

'(b) no election to of . . shall be called in question, except before such authority [not being any such authority as is referred to in clause (b) of article (329) or body and in such manner .

So, the provision is very clear that the election of a person who has become the Prime Minister or Speaker shall not be questioned before any authority which is specified in the law of Parliament and such authority shall be different from the one which 13 specified in article 329(b)

SURI HARI VISHNU KAMATH Does clause (b) refer aperifically to High Court Judges? I do not think

SHRI SHANTI BHUSHAN Article 329(b) refers to an authority, auch authority as may be provided for by or under any law made by Parhament Therefore, the authority which is specified in article 329(b) is the authority which is apecified in appropriate law of Parliament, namely, the Representation of the People Act The authority which is referred in article 329(b) is, therefore the High Court. So it was not possible under article 329(A) to specify the High Court as the authority which would deal with the election pe'itions regarding the election of the Speaker and the Prime Minister

As I said earlier, with the utmost humility and great deference to the experience of the hon Member, Shri Kamath, here he seems to be on shppery ground because it would not be possible for any counsel in a High Court to advance an argument of that kind

SHRI HARI VISHNU KAMATH Not even an eminent counsel like you

SHRI SHANTI BHUSHAN Therefore, these were the constraints

It is true that there is a distinction and that is why we took care to substitute the High Court not by a district Judge not by a lower authority, but by a higher judicial authority namely, a Supreme Court Judge would say to at there cannot be really any objection to this Bill

So far as article 329 is concerned as I stated earlier, we have already introduced the Bill today for the de letion of the entire article Of course we cannot take this august House or the other House for granted Obvious ly that Constitutional (Amendment) Bill will have to be discussed both in this House and in the other House and as and when it becomes law, automatically this Bill which is being enacted will fall through will become infructuous Till then because the result of the elections have already been declared any person is entitled today to file an election petition before some authority

### SHRI K. LAKKAPPA (Tumkur) The other amendment will apply

SHRI SHANTI BHUSHAN As soor as the Constitution (Amendment) Bill is adopted Until then this would be the position Today that has not been adopted It has merely been introduced Till then the gap cannot be there because every person is entitled to file an election petition today There must be some forum The forum provided for by the Ordinance was that Committee We thought that was not a desirable thing It was in that connection that I referred to the history in England also It was for that reason that a Supreme Court Judge has been substituted by this Bill.

With these words I commend the Bill to the House

SHRI HAPI VISHNU KAMATH On a point of clarification Blas I ask if, in elen of the constraints of article 229A a Bench of two High Court Juiges could not bake been

visualised as then there would have been no violation of the Constitutional provision?

SHRI SHANTI BHUSHAN So for as two judges are concerned, Representation of the People's Act provides for the High Court election petition has to be presented to the High Court Even a bench of the High Court is a part of the High Court and one cannot say when the petition is presented to the High Court authority it is not being presented to the High Court Of course, there could be other difficulties. When I come to the amendments which have been moved then I shall explain

Whenever there is an original trial in which the evidence has to be recorded witnesses have to be examined it becomes complicated if beach of more than one judge has to try that original case at the appeal stage Arguments have to be heard When the evidence has to be recorded watnesses have to be examined it becomes highly difficult and highly inconvenient if more than one judge sits there That is why, It is customany that at the stage of the original appeal it is normally the one judge who tries It.

# MR CHAIRMAN The question is

That the Bill to provide for Authorities to dear with disputed elections to Parliament in the case of Prime Minister and Speaker of the House of the People and for matters connected therewith, be taken into consideration '

### The motion was adopted

MR. CHARMAN Now, we shall take up clauses There are amendments by Mr Kamath against Clause 2 Are you moving them?

SHRI HARI VISHNU KAMATH In view of the clarification given by the Minister and the constraints

[Shri H V Kamath] which he has now explained before the House I would not like to move amendments nos I 2 and 3

MR CHAIRMAN There are no amendments to Clause 3 The question is

Clause 4 was added to the Bill.

I beg to move

that the Ordinance is being replaced with certain modifications, I thought it would be more in consonance with the Janata principle of democracy and equality the Janata Govern ments shining and luminous ideal of democracy and equality to reduce the

security deposit of Rs 2,000 which 15 provided in Section 117 of the Representation of the People Act 1951

200

It is hightune that this new Government in office did so The modification could have been inserted in this Biti with no violence to the necesgity for such a provision in view of Art 329A.

Art 329A does not rule out any such provision with regard to security costs of the petition and there is no reason why the Government should not reduce it As a matter of fact it was Rs 1000 before the emergeney I do not know when it was amended I have not been in the House for ten years now I am not sure When I filed election petitions, two or three of them-one 10 years ago one 20 years ago and another 15 years ago-it was only Rs. 1000 I am not sure when it was raised to Rs 2000 It is hightume that the Government gave thought to this mat ter and reduced the security deposit from Rs. 2,000 to 1000 because that wont do violence to the intentions of the Government or to the Bill as it is before the House I think this should be accepted by Government

SHRI SHANTI BHUSHAN The hon. Member Mr Kamath, was very keen that there should be uniformity in the case of the Prime Minister and the Speaker on the one hand and the other Members of Parliament It was in deference to his keenness for that uniformity that we had adopted Rs 2000 as security because that 15 the amount of security provided in the Representation of the People Act.

SHRI HARI VISHNU KAMATH That Act too should be amended then The relevant provision in the Representation of the People Act may be amended

mat SHRI SHANTI BHUSHAN does not arise at this stage

MR CHAIRMAN Is Mr Kamath pressing for it or withdrawing it?

SHRI HARI VISHNU KAMATH I reluctantly withdraw it

MR CHAIRMAN Does he have the leave of the House to withdraw it?

HON MEMBERS Yes

Amendment No 4 was, by leave withdraion

for "criminate" substitute 'sncriminate' (6)

Substantially, they are the same because they refer to a linguistic or a verbal change I looked up the dictionary this afternoon in the Library I am reminded of what happened in the Third Lok Sabha when you Sir, and Mr Ravindra Varma were also Members of the House It was the word "crmun" which peared in the Bill as "vermins" opposed that at that time But the House decided by vote, not by the dictionary, unfortunately Now, today I looked up the Oxford Dictionary and I found a little enlightening note on this matter Both the words "criminate" and incriminate are there

On the word "criminate, the angle stays that it was an old English word of 1645—the word 'criminate' was current at that time—but it became 'incriminate' in 1730 That is to say, the word 'incriminate' is a more modern English word than the word 'criminate' This is according to the Shorter Oxford Dictionary, not Concrese

[SHRI TRIDIB CHAUDHARI in the Chair]

My hon friend the Minister of Law, is a very good lover of the English language I have heard him addressing the Supreme Court He 13 a master of the English language 1 am sure, he will appreciate the force of this argument, that we should adopt a more modern English word as far as possible I am not an authorsty on this matter. I am not a stickler of word, either I take my stand on the Oxford Dictionary that the word 'incriminate" is a more modern word having been current from 1730 onwards, whereas the word "criminate" is an older English word which existed in 1648. I admit that both are permissible. But 7 for one would prefer the word 'incriminate' rather than the word 'criminate' I do not know what the Law Minister will say

SHRI SHANTI BHUSHAN. hon Afember has been rather modest in saying that he does not regard himself as an authority on English language Because I found that the amendment was in his name, I also had taken the care to consult dictionary myself I found that both the words "criminate" and 'incriminate are there. My hon friend is quite right in saying that one might be an old word and the other might be a modern word But he would kindly bear in mind that in law, one prefers the older word, the well-tried word which is properly understood by the judges and the lawyers. If you

203 Disputed elections (PM & APRIL 7, 1977 Food Corporations Speaker) Bill (Amdt) Bill

unnecessarily substitute an old word by a new word, the argument may arise that the change must have been made deliberately and, therefore, the meaning must be different in order to obviate any such thing and unnecessarily create disputes, intigation, etc we have chosen to follow the well used word.

SHRI HARI VISHNU KAMATH Old is not gold always (Interruptions)

Since this is a linguistic amendment I timb, we may consult the dictionary here I would like to say that, as it is a question of the English language or words it is not too Jate even now to get a dictionary and see which is the more current expression—incriminate or triminate. Theriminate has a euphonous sound, whereas 'eriminate' sounds similar to tremate! I don't like it 'Incriminate would be a far better word in this context.

SHRI SHANTI BHUSHAN I would request the hon, Member not to press it because it will unnecessarily give rise to litigation I have some experience of such litigations If you change a word in any area there would be some kind of a litigation

I may add that for the sake of uniformity also we have used the same word that has been used in the Representation of the People Act SHRI HARI VISHNU KAMATHI II

that is <0. I would like to withdraw them though with great rejuctance I seek leave of the House to withdraw them

FOOD CORPORATIONS (AMEND-MENT) BILL

THE MINISTER OF AGRICUL-TURE AND IRRIGATION (SHRI PRAKASH SINGH BADAL). I beg to move

"That the Bill further to amend the Food Corporations Act, 1964 as passed by the Raiya Sabha be taken into consideration"

Sir, the main issue in this Bill is a very himted one. It is proposed to seriend Section 12A of the Flood chemological part of the proposed to seried Section 12A of the Flood the moluments, returnent appropriate the Flood population of the flood corporation employees and does not relate to any major policy issue and I hope that all addes of the House would support the provisions of the Bill

unat an agges or the follows apport the provisions of the full As the Hon Members are aware. He Food Corporation of India came into existence in January 1965, and fire functions thether discharged by the Food Department, Government of India, relating to purchase, storage movement, distribution and sale of foodgrains and other foodstuffs, were transferred to this Corporation. Consequently, about 17000 employees belonging to the Food Department were transferred to the Food Department and for pafeguarding their interest a mew Section 12A was inserted in the

Food Corporations Act, 1964 by the Food Corporations (Amendment) Act. 1968

Section 12A of the Food Corporations Act, 1964, envisages the exercise of two options by the employees firstly, whether they would like to be transferred to the Food Corporation of India or not, and secondly, whether they would like to be governed by the retirement and other terminal benefits in accordance with the rules and orders of the Central Government or of the Food Corporation of India In the operation of the provisions of Section 12A certain practical difficulties have arisen winch have necessitated a further amendment of Section 12A of the Food Corporations Act, 1964

The staff of the Department of Food was transferred to the Corporation along with the work in a phased manner and such transfer was completed by 1st March, 1969 However, it took some time to collect the necessary particulars and issue actual notifications with the result that the employees were unable to exercise their options for terminal benefits within a period of six months of their transfer as statutorily required under Sec tion 12A of the Act Difficultles further arose because some employees died or retired before the Issue of transfer notifications or exercising enoitgo

The Food Corporations (Amend ment) Bill, 1977, now before House, seeks to remedy the difficulties mentioned above The Bill provides that all serving officers will be given a fresh opportunity to exercise an option whether they will like to be governed by the Central Government terminal benefits or by the Food Corporation benefits It has also been provided that those who are yet to be formally transferred will also have the same right to exercise the option within six months of the notification of transfer Those who have died or retired obviously cannot make use of the amending provisions. It has accordingly been provided that where such persons were able to exercise

valid option these will be respected and followed in other cases where valid options could not be exercised, the Central Government benefits which are by and large more advantageous will be given There is adequate justification for doing so. such Food transferees were earlier Central Government employees and in the absence of an opportunity to give an option to the contrary, it is only fitting that they should be given terminal benefits in accordance with the Central Government rules and regulations

The Bill seeks to cover the administrative difficulties mentioned earlier, and will go a long way towards meeting the legitimate claims of the erstubile employees of the Food Department who have been transferred to the Food Corporation of India I would therefore request for wholehearted support from the hon Members, from all sections of the House

With these observations, I commend the Bill to the House for acceptance

MR CHAIRMAN Motion moved

"That the Bill further to amend the Food Corporation Act, 1964 as passed by Rajya Sabha be taken into consideration"

Mr Shinde

SHRI ANNASAHEB P SHINDE (Ahmednagar) Mr Chairman, Sir at the outset I would like to congratulate Shri Prakash Singh Badal on his taking over this very important portfolio in our economy Punjab's filstory of agriculture has been a glorious history not only in Asia but in the whole world The Punjab farmers have played a great role in this country Shri Prakash Singh Badal happens to be a progressive farmer and I wish him all well

It has been the policy of my Party not to oppose blindly the various Bills or other proposals of the Government but to give constructive cooperation on merits As far as this Bill is concerned, we are extending our wholehearted support to the provision of this But for two reasons. First of all, the Food Corporation of India is a very important instrument evolved by this Parliament for the management of the food economy of this country, and employees of the Food Corporation have been playing a very vital rose in this. There have been some technical difficulties, and in order to overcome these technical difficulties, this Bill has been brought forward by the Government At one stage I was associated with negotiations as far as some of these aspects are concerned There were some apprehensions the mind of the Government employees of the Food Department at that time On behalf of the Government, I extended and gave an assurance to the employees that they would not stand to lose on transfer of their services from the Food Department to the Food Corporation of India, I am quite confident that the present Government and Shri Prakash Singh Badal hanself will take interest in the well being of the employees and if in future some problems arise, he will adopt a very sympsthetic attitude towards them

There is not much time and I cannot go into delails, but I will only refer to some of the problems. Whele I was in the Government, I found that there were some problems which we could not packle for instance in West Bengal the problem of deputations who have working in the Food Corporation. They are actually the composition of the West Bengal Government The problem could not be solved I hope, the hon Minister will find time to attend to that.

As far a, the Food Corporation is concerned, it is a very bog or animum tion and there can be not finited as a also some inconnectant on an elements but by and large there, are yet good officers and employees in the Corporation That is why, thus organisation, has been playing an important role in the management of food economy I would lake to submit that I know from my infimate personal knowledge that at various

level<sub>3</sub> a very good competence has been built up in this organization and particularly some at the persons occupying key position<sub>3</sub> are really competent and able and they would deserve all support from this House and the hon Minister,

The Food Corporation of India has an important part to play in our country The real test of management of food economy is whem there is a drought and there is a shortage of foodgrains, how shall we manage the food economy of this country, meet the requirements of vulnerable section of our people and also maintain price stability Unfortunately, in the world food in highly mixed up with politics I em making this submission for the consideration of the hor Minister because as I said the real test of management of food economy is in the period of shortage and drought but I learn from the new-papers that ad hoc policies are likely to be adopted in this matter I would cautiously submit to the hon, Minister that in the case of management of good economy, adhocism would be very dangerous for this country We are poor country, a very large segment of population is poor and they deserve all our sympathics and they should get the foodgrains at reasonable prices at all time Simply because the food situation now is very comfortable, our bufferstocks are large, we should not

have ad hoc policies in this matter.

Further, a single has come in the food economy of this country when it would be possible to manage without imports of foodgrains even in an adverse year. The situation has to be used to our best national advantage when have been spending a very further than the property of the pr

Ms I said in the world food is highly mixed up with pointes. There are tendencies in the world to interfere with the internal affairs other countries by taking advantage of its food difficulties and its weaknesses on the food front I am geading from a magazine Business Week' dated the 15th December, 1975

'Earl L Butz, the peripatetic Secretary of Agriculture just back from a tour of eight countries toils a story to show how America is waking up to the use of its food power as a diplomatic tool

Earl L Butz was at one time Secretary of Agriculture in USA

The same magazine savs

Nearly everyone agrees that in a world of hunger and over population the USA can apply Its iremendous agricultural canacity as a lever on foreign countries to adopt policies beneficial to this nation

There is a great danger involved We are a hig nation and we have to see that we are not exposed to the manipulations of the great powers as far as our food economy is concerned Therefore I am suggesting this the kind consideration of the House The Food Corporation to day is capable of managing a very hig buffer stock but a number of aspects of a big buffer stock need to be looked into We have never held such a huge buffer stock. So all the impli cations the monetary, financial and from the point of general economy have to be gone into and even the preservation of the grain which to be a part of the bufferstock, With regard to storage capacity we have certain limitations because there are certain inherent difficulties Despite all that we should continue to hold a very large buffer stock so that we are not exposed to external dan-

The Food Corporation of India has been playing an important role in giving marketing support to the farmers of this country Had there been no Food Corporation in the field-I know there are certain weaknesses and certain failures-but basically had there been no Food Corporation In the market in a period when there was a bumper harvest prices would have been depressed and farmers would have suffered This instrument of Food Corporation of India needs all our support and strength so that it becomes a very powerful instrument in support of our farmers

With these few observations I would like to give my whole-hearted support to the provisions of this Bill I would also like to assure on behalf of my party that as far as the omployees of the FCI are concerned of course all sections of the House will agree on that-their interests should be fully protected

SHRI SAMAR GUHA (Contai) want to take advantage of this Bill to raise a few points about the attitudes of some of the officers of the Food Corporation about whom Shri Shinde made very commendable remarks. I have no doubt he is right but there are some officers who have proved to be very vindictive revengeful and I should say, petty-minded

One of the men who is in high authorsty in the Food Corporation-I have never seen such a man behaves as if he is a Chief commander of an army 1 remember the occasion August 17 1973 when Mr Fakhruddin Alt Ahmed was the Agriculture Minister when I was having a talk with him that officer was also there and he behaved in such an offensive manner which I never expected of a subordinate officer and that too while talking to his Minister Mr Fakhruddin Alı Ahmed you know, was a man of high culture and patience He kept quiet Had I been in his place I would have sacked that officer who dared to behave in such an ugly man ner before his Minister This gentle man and his accomplice the Zonal Manager of the Eastern Zone of the Food Corporation Calcutta have taken a vindictive attitude towards 500 employees of the FCI Employees Association's membership. The legitimate trade union movement and activities they wanted to curb and in furtherance of that they have taken advantage of the emergency situation

212

Food Corporation

This Union never resorted to any strike They were always ready to cooperate with the government cause this union refused to become their tool this gentleman sitting in Delhi and the o'her sitting in Calcutta wanted to stifle it So, they ereated another rival union and wanted play one against the other and during the period of emergency they took many vindictive and revengeful measures About 500 of the employees have been transferred as a sort of penal measure Secretary General of the Employees Association was sus pended for months together, arrested under DIR salary impounded for 14 months and he has been transferred to far away Silchar which is the far thest corner in Assum from Headquarters of the Trade Union. Calcutta and recently a major punishment imposed upon him on TU activities He was responsible to go round the country and organize the trade union activity Not only that you will be shocked to know arother fact Just 2 or 3 days before the election results were announced, the Headquarter's office in Calcutta of the union has been forcibly occupied by the Zonal Manager FCI, Calcutta and the union leaders and workers have been ejected from their office of the Trade union functioning sirce 1965 I can hardly imagine that a man who is incharge of the FCI Eastern Zone should have dared to do so I met the hon Minister in the morning As I requested hum, necessary action may kindly be taken to look into the case of atrocious behaviour of the FCI Zonal Manager, Calcutta which rewith the connivance of police

52 Assistant Maragers have beer reverted against all principles justice and fair play as per FCI statute and have been given lower clerical posts after serving 5 to 8 years as Assit. Managers I will urge the hon Minister to go into their cases and restore them in their former official status. It is learnt that private members of the FCI Board have also advised to the FCI to restore

their status as they felt that the actions of the Management was illegal and against the provisions of the FCI statute Protection of pay carnot arrest demoralising effect of the employees and as such all Asstt. Managers who have worked for more than one year should be confirmed and regularised in all fairness as demanded through their rote submitted to the Board's meeting held on 4th and 5th April 1977

I would request that as has been done in the case of Railways, liberal attitude may be taken in the cases of trade union workers of the FCI in Calcutta, Delhi and elsewhere Liberal attitude has been taken by the P & T Department I hope that the Food and Agriculture Minister will also act like that in the same Janata Government to avoid discriminating and its aftermath with a view to fu'all ends of justice to these countrymen

[SHRI M SATTANARATAN RAO IN the Chair]

SHRI K. LAKKAPPA (Tumkur) I think Shri Shinde has rightly put it that the hon Minister, Shri Badal is handling very important portfolio because the entire economy of this country is based on agriculture

The previous Government has done excellent work in agriculture and has shown good progress Shri Shinde, an able Minister, has handled portfolio in a very efficient manner He got all round appreciation I hope the same tempo will be maintained

Shri Subramaniam Swamy taking a challenge of the economy of this country during the time of emergency I do not know his logic He has stated in his anxlety to defend his party We improved the economy of the country during emergency and before That should be taken note of Country's progress, and nation's progress is of paramount importance We have not to discuss it from any narrow angle in this House It is the most important piece of legislation . hat has been brought This has afready been passed in the Raiza Sabha and by the previous Government, I think Shri Shinde was responsible bringing this Bill I think he stated very correctly that the employees working in the Food Corpora tion are efficient and their working conditions have to be ameliorated and certain new measures have to be adopted The administration has to be revamped The entire Food Corporation system should be pruned and put in a proper way so that there is na shortage of food in the country The recruitment system the promotion of the staff all these things have to be gone in'o The previous Government made certain improvements I wish that this Government should also go ahead with it further The branches of the FCI are working 'n various State, and their functioning has to be reexamined Food control and storage activities are being affected due to shortage of wagons. This should be looked into As Mr Shinde has rightly stated the food policy of this country sometimes tends to be operated by the other countries It is my request that the present Government should not succumb to such circumstances and it should see that the food situation of the country is linproved Agricultural progress should not be retarded in any manner Wherever further improvements are to be made these efforts must be undertaken This present piece of legislation is a source of strength to the employees working in the Corporation The Corporation should not only be expanded but its administration and organisation should be improved.

With these words I support the legislative measure which has been brought forward by the hon Minister Thank you

SHRI K SURYANARAYANA
(Eluru) I am very glad about the
interest which has been evinced by
the han Members in regard to his
Food Corporation (Amendment) Bill

Sir while supporting the Bill I want to make two or three observations

# [Shri K Suryanarayana]

What we find is that in respect of these matters the Central Government and the State Governments are giving safeguards only to the em ployees of the Corporation and the consumers

Six the Food Corporation is not taking any interest so far as farmers are concerned or even agricultural labourers. They are not even op-ming shops in the villages for the purpose of serving the agricultural labourers. Agricultural labourers are really the growers. When they go to the village, there is no stock at all.

I would request the Food Corpora-

tion to open the shops even in the remote villages particularly for the benefit of agricultural labourers The pity is that the State Government is entirely depending upon the Central Government for everything I am not disputing the services rendered by the Food Corporation to the consumers as also the amenities provided for by them to the employees etc Simultaneously you should also take care of the interests of the growers as also the agricultural labourers. Politically they are taking it leasurely Hereafter at least, the hon. Minister coming from the village would do everything that he can He must be knowing the feelings of the consumers in the villages After two to three months they sell away the grains And the consumer is made to pay more and more

In Andhra Pradesh the puddy is completely discoloured I have requested the Government of disallow them to send that padds to be made use of by other States But more made use of by other States But more will use that discoloured point our State I would request the Gowernment to consider this point and allow the Food Corporation to open shops or allow the private traders in those places to purchase the gruins thereby the State can be benefited

I hear that the Food Corporation has not taken any interest in the discoloured paddy which is lying in my State The Food Corporation is giv-

ing benefits only to the consumers and not to the agricultural labourersagriculturists I request the Govern ment at least to see that best price is paid to the producers, also the same facilities may be given to the agricul tural labourers also If the Food Corporation depots are opened in the villages that would benefit the agr cultural labourers as well We have no grievance against the officers as such I have raised the point last time Six months back the Food Corpora tion said that everything was all right so far as storage capacity was con cerned In my opinion the tarpaulin cover will not do Damage still happens May be the overall damage may come to 10 to 15 per cent They can try the CAP system of cover ing That will minimise the damage to grains At present it is very heavy Even millers and merchants have told me as also the godown keepers that it is no use covering it by tarpaulin but that can be done by CAP system With these remarks I request once again that the hon Minister may take care of the agricultural labourers and al o small farmers by opening up depots by the Food Corporation

SHRI SHYAMAPRASANNA BHATTACHARYYA (Uluberia) Sir I wholeheartedly support the Amend ang Bill brought forward by the hon Minister

Sir it is reported in the Economic and Political Weekly that some food officers are trying to export foografia worth as 50 cores to which I take exception I draw the attention of the Minister who has taken over this department recently to this thing What I want to say is that in the case of procurement issue we must see that the cultivators get the remunerative price and they do not become rate the harvesting period

Secondly if the stock is surplus and not required for the year that surplus stock may be utilised for rural development work where in the rural areas semistarved population is there and in the development work they can get the chance to work in exchange of food as wages That arrangement can be made and the objective of the government of rural development and minimising the poverty of the people will be achieved.

SHRI CHITTA BASU (Barasat) Mr Chairman, as has been stated by the Minister, the object of the Bill is limited The object of this Bill is to provide for another extension of six months' time for the exercise of option which was given earlier

Mr Chairman, Sir, of course this option has been given to a particular section of officers but at this stage I want to mention certain other aspects of the employees employed under the Food Corporation of India very salient point has been referred to by Shri Shinde, namely, the problem of deputationists of West Bengal. I am quite thankful to him for having made reference to this aspect We had an occasion to exchange views on this matter when he was the Minister and I was to the other House bir, I am sorry to say that that aspect has not yet engaged the attention of your department

Apart from that as the Food Corporation of India is a very big organi sation spread over alt over the country there is a large number of workers who are not permanent. They are not even considered to be quasi permanent They are casuat or of seasonal nature Sir, Food Corporation of India is an expanding organisation because it has been put incharge of purchasing storage and distribution of the food of our country. matter of fact it plays a very important role in the management of our food economy in view of the possibilities of its expansion I do not find any reason as to why these thousands of employees who are treated as escual workers should not be taken as permanent workers and become entitled to the privileges and other benefit, being enjoyed by the other permanent workers of this Corporation

I would, therefore, suggest that that point should receive the attention of the hon Minister

Mr Chairman, Sir, the role of the Food Corporation of India is of a decisive nature because it is entrusted with the job of purchasing foodgrains Today the total production of foodgrains has increased. It has reached to the stage of 110 million tonnes and a marketable surplus would be, according to me, not less than 20 to That being the 30 million tonnes case, if it is the duty and if it is the role of the Food Corporation of India to procure more and more, then the staff is to be increased Therefore. there is no argument in not recognising the services of the casual and other workers who have not yet been taken as permanent workers

### 20 hrs

Sir, there is also criticism that there are certain forces in our country who want that there should not be procurement and that there should be exclusively free trade in food econo-This has created fear and cons ternation not only among the employees, but also the people of this May I request the hon country to really, at this stage, Minister spell out the principle or approach to this particular point because we feel that in order to eurb the price rise of the food, the price behaviour of all the commodities can be given effect to if the public distribution system is to be progressively expanded That being the case, it is necessary that these doubts particularly raised by the All-India Food Tradera Federation etc that there should be free trade in food economy should be dispelled I think the hon Minister should take this opportunity to dispet the doubts and further strengthen the instrument of the Food Corporation of India which can really take us a very long way in the matter of management of food trade and curbing the price rise

THE MINISTER OF AGRICUL-TURE AND IMMIGATION (SHRI

220

whatever he has said I will try my

level best to do the job efficiently

As regards the working of the Food Corporation of India some suggestions have been made to me My bon frends have asked me about the officers undictiveness towards the employees of the Food Corporation of India 1 have received some representations from the employees association of the Food Corporation of India 1 am looking into them and 1 can assure the Members that if any injust ee has been done to employees it will be certainly looked int it will be certainly looked int it will be certainly looked int  the members of the members

One of our hon Members asked about the West Bengal State Govern ment dep tataonist. The West Bengal State Government deptations its who are on deeptation with the Corporation cannot be absorbed on account of the time bound agreement between the Food Corporation and the State Government. The State Government also passed laws "or their absorption in their Estrees"

My friend Mr Samar Guha has drawn my attention about the Cal cutta office and about about the Cal cutta office and about about the Cal cutta office and about about a second mentioned by him he should refer to know that the Board of Directors of the FCI appreciated the hard-tup faced by them on reversion to their posts after seven years and so ut the Board a first seven years and so ut the Board a meeting held on 5 4 1971 it was decided to protect the pay and other encoluments of such ad Peo promotees emoluments of such ad Peo premotees emoluments of at least one year of Managers for at least one year of Managers for at least one year of

My attention has also been drawn to difficulties in storage There is also the fear that during rains the commodities might be spoiled Government is also worried about this. The storage capacity of the FCI and the other government agencies is about 20 7 million tonnes and the House will be clad to know that before long the capacity will be increased to 24 73 million tonnes. We are trying our best to have more capacity New schemes have been started for hiring accommodation constructed by private parties under a guarantee will scheme and banks

more, even on their reversion

will miligate their economic hardship

It was suggested that foodgrain fm ports should be stopped Government is also of the view that imports should stop I think after this year food imports will not be done I think there are no other items concerning the Bill

proulding loons at concessional rate of

11 per cent Interest. With this scheme

we hope to have another 25 million

tonnes of more accommodation We

are also thinking of other ways to re-

move this hardship

STATUTOIN RESOLUTION BE IN-CREASE IN MAXIMUM GUARAN-TEE LIMIT IN RESPECT OF CENTRAL CO-OPERATIVE BANKS AND TAMIL NABU STATE CO-OPERATIVE BANK

THE MINISTER OF AGRICUL-TURE AND IRRIGATION (SHIP) PRAKASH SINGH BADAL) SIT I beg to move

"Whereas the Government of Tamil Nadu have guaranteed the repayment in respect of the Central Co-operative, Banks and the Tamil Nadu State Co-operative Bank, the Maximum limit of Short Term Credit, Medium Term Concersion loams to the extent of Rn 3,707070 lakhs in the Government of Tamil Nadu, Cooperation Department GO Mr No 321 cooperation dated 30-8-1971.

And whereas it is considered necessary to increase the maximum guarantee limit in respect of the Central Co-operative Banks and the Tamil Nadu State Cooperative Bank to the extent of Rs 6,11500 lakhs,

And whereas the Tamil Nadu Legislative Assembly has been dissolved, the Lok Sabha hereby resolve that the Government of Tamil Nadu may lacrease the limit or guaranice in respect of the Central Co-operative Banks and the Tamil Nadu State Co-operative Bank to the extent of Rs 6,11500 lakks as required under section 73-D of the Tamil Nadu Co-operative Societies Act, 1961 (Tamil Nadu Act 53 of 1901)"

MR CHAIRMAN The Resolution is before the House

SHRI O V ALAGESAN (Arkonam) While supporting this resolution I should like to say a few words as to how the co-operative movement suffered and to what depths is sank in Tamil Nadu under the BMK rule. In cooperative movement, the composite state of Madras from which I come and Punjab from which the hon Mover of the resolution balls, both the states were leading and it was roing on healthy lines. Unfortunately, when in Tanul Nadu the DMK party took over the administration the cooperative movement in Tomil Nadu was one of the worst sufferers. It was distorted prostituted to benefit private pockets and private parties and partitions of the BAIK party Just as various branches of administration were portoned, by the corrupt DMK rule, the Co-operative Movement was also possoned and the poor farmers were helpless After the Advisers' regime in Tamil Nadu was Installed under the President's rule, the nonofficial bodies, the non-official Boards of Directors were abolished and these Co-operative Banks, Central Banks and other Apex Banks were put under special Officers. At my suggestion in one of the meetings of the Committee of the M.Ps on Tsmil Nadu, the Advisers' regime appointed a Cell to go into the working of the various Central Banks, that is, the District Apex Banks and the enquiry fed to startling revelations as to how funds were misappropriated how reckless was the issue of loans to partymen, and the misuse of official cars They went on Kashi Yatra and Rameshwaram Yatra Now, I would like to mentlon how corruption presalled in the Co-operative Department The employees of the various banks were compelled to go on leave and temporary men were recruited and money was taken from them I ean quote an Instance where as person became a Minister after he was the President of the Central Bank and he used to steal petrol from the car belonging to the bank, every day sys-

(Shr: O \ Alagesan) terratically. It was going on even after the gentleman became the Mirister of the Tamil Nadu Government. One night when his son was stealing petrol from the car belonging to the Central Bank, it to happened that the petrol tank got fire and the poor young fellow died as a result of the fire This was the corry state of affairs in Tamil Nadu And I rope the Hon'ble Minister will get hold of those reports and try to reform the co-operative sector as much as possible. There was another Minister who created socution over night. All his employees were

registered as members of the Co-one-

rative Societies. Over night horse amounts were sanctioned as loan, only to be appropriated the next day. I

think it is the subject matter of the

Enquiry before the Sarkaria Commis

son I do not know whether is has

completed the enquiry or not But this is the state into which the Cooperative Movement sank under the DMK rule and the DMK Government. It is a great pity that the co-operative movement which was once so beneficial and developing on healthy lines should have come to this sorry pass under the DMK rule SHRI M. KALYANASUNDARAM (Tiruchirapalli) Sir I support this resolution and at the same time I want to make some suggestions for the consideration of the minister The amount mentioned in the statement may appear to be substantial-he eeks to authorise the Tamil Yada Government to guarantee up to a maximum of Rs 61 crores for giving loans to the ryots-but the reality is a \*ubstantial part of this amount will be used for conversion of the arrears. Consequently for the past four years, there has been serious drought in major parts of Tamil Nadu Now the situation is much worse because even the delta area has become droughtaffected So this will not meet the needs of the situation. Even if the monsoon is favourable, the ryot will

require at least two years to get re-

paying capacity That is why I suggest that all the short term loans will have to be converted into medium and long-term loans Thousands of petitions are pending before the banks for re-conversion Pressure is mounting on the special officers and collectors. So instructions may be given to accept liberally proposals for consersion of short-term loans to medium and long-term loans Even that will not be adequate. Fresh credit must be available to the ryots to meet the situation Distress sales of land cattle etc are taking place. It is a pitiable sight in the rural areas specially in regard to small farmers Even the rich farmers are no better So I request the minister to study the problem more closely and give Mr Alagesan missed to mention one

important point 1e bogus leans or benaml loams Benami loans to the extent of several lakhs of rupees were usued during the DMK regime for which the innocent farmers are now harassed. The ryot does not know whether he took the loan or not but his "gnature is there and the officers come to attach his land It is not a stray case. In one district alone benami loans are estimated to be Rs 30 lakhs Such things have happened during the DMR regime That is why the Central Bank elected representatives were removed and the banks were put under the charge of special officers. Several allegations against former Presidents and other officebearers are under enquiry So, I suggest that the amount should be increased and real relief should be guen to the ryots. At the same time instructions must be given to deal with complaints properly and relieve the ryots from the burdens of benam loans. Proper enquiry must be conducted into benami loans and the persons responsible for granting such loans and forging the signatures of the ryots must be punished The innocent ryots must not be harassed.

SHRI PRAKASH SINGH BADAL Sir this is a very routine regulation As you are aware, as per Section 73-D of the Tamil Nadu Co-operative Societies Act 1961, the State Government may fix the maximum limit of guarantee of repayment of loan or advance taken by State Co-operative Bank and concerned Central Co-operative Banks and the State Government may increase the maximum limit in consultation with both Houses of the Legislature It is proposed by the State Government to enhance the maximum limit from Rs 3870 lakhs to Rs 6115 lakhs to meet the increased requirements of credit from Reserve Bank of India Since the Tamii Nadu Legislative Assembly has been dissolved approval of Parliament for enbancement of the maximum limit of guarantee is necessary Present limit of Rs 3870 lakhs had been fixed in the year 1971 So this is entirely in the interest of farmers

My friend has drawn my ettention towards the fact that the maximum short term loan should be changed into medium term. He will be pleased to know that out of this amount Rs 4375 lakhs is only for this purpose. This is being dene keeping in view the drought conditions prevailing in that area.

My attention was drawn towards the cooperative conditions in Tamil Nadu In that connection I can only say that we will look into the matter

MR CHAIRMAN The question as

Whereas the Government of Tamil Nodu have guaranteed the repayment in respect of the Central Cooperative Banks and the Tamil Nodu State Cooperative Banks and the Tamil Nodu State Gooperative Bank, the Maximum limit of Short Term Credit, Medum Term Credit and Medium Term Conversion leans to the extent of 8 a 387000 lakhs in the Government of Tamil Nodu, Cooperation Department GO Mis Nodu, Cooperation GO Mis Nodu, Cooperation GO Mis Nodu, Cooperation GO Mis No

And whereas it is considered necessary to increase the maximum guarantee limit in respect of the Central Cooperative Banks and the Tamil Nadu State Cooperative Banks to the extent of Rs 8,1t5 00 lakhs.

And whereas the Tamit Nadu I egislative Assembly has been dissolved the Lok Sabha hereby resolve that the Government of Tamit Nadu may increase the jimit of guarantee in respect of the Central Cooperative Bank and the Tamil Nadu State Cooperative Bank to the extent of Rs of 1500 lakhs as required under section 73 D of the Tamil Nadu Cooperative Sorteties Act 1961 (Tamil Nadu Act 33 of 1861)

The motion was adopted

DR SUBRAMANIAM SWAMY (Bombay North East) On account of the late hour I agree to postponement of Item No 25 in my name on the understanding that this will be taken up in the early part of the next session

SHRI SAMAR GUHA On account of the late hour I also acree to postponement of Ifem No 28 in my name with the consent of the House on the 
understanding that this item should 
set relocity in the business agenda in 
the next session

MR CHAIRMAN Is it the pleasure of the House to postpone these Items or continue with them?
